TWO AUTOMOBILES TO BE GIVEN AWAY

THE DAILY REFLECTOR INAUGURATES GREAT SUBSCRIPTION CAMPAIGN AND OFFERS PRIZES WORTH WORKING FOR

Oldsmobile and Star Touring Cars, Bed Room and Living Room Furniture, Diamond Rings, Wrist Watches and Cash Commissions for Pleasant and Interesting Work for Five Weeks

AN EARLY START BIG ADVANTAGE

Enter Campaign at Once and Get Your Friends to Promise Their Support Before Others "Beat You to It"

The Daily Reflector does things. In addition to giving our readers the Associated Press Service, the best news service obtainable, we are inaugurating a stupendous subscription campaign in which we will give to the live men, women, boys and girls of this section two automobiles, two suits of furniture, diamonds, jewelry and cash prizes for a few short weeks work.

The Reflector is beginning a mammoth subscription campaign and is offering many valuable prizes to be given away to the men and women of this section. The prizes, \$3,500 worth, are to be presented to the ones who secure the most votes in the drive, and any man or woman boy or girl of this section may enter and share in the distribution of the valuable prizes.

Watch tomorrow's paper for double page advertisement giving list of prizes, rules and full information.

The plan by which these prizes are to be distributed is unique in that subscriptions to The Daily Reflector will be the means of securing votes in the big drive. The management of the paper decided upon this plan in preference to the time worn method of hiring solicitors. In fact, the money which would have been paid out to solicitors in commissions is being used to purchase the valuable prizes to be presented, thus giving the home folks the advantage of sharing in the subscriptions collected.

No Money Making Scheme. Anyone can take a look at the valuable prizes to be presented and see that The Daily Reflector is not inaugurating this drive as a means of obtaining revenue, but is putting on the drive in order to increase the already large list of readers. It is the ambition of the management to have every citizen of Greenville and this entire section on the mailing list so that the paper will be in better position to boost Greenville and its many advantages.

The Daily Reflector believes it has been liberal with the amount expended for prizes and it is certain that a representative field of candidates will compete for the valuable prizes to be awarded.

How to Enter. To enter this drive and win one of the prizes is extremely easy. Any one of the surrounding country enter. It matters not whether you are a subscriber to the paper or not. If you have energy and ambition then you are right in line for any of the valuable prizes you desire. In order to enter the campaign, all you have to do is to fill out the coupon on the announcement in tomorrow's issue and bring or send it to the campaign manager at the Reflector office. He will gladly give you the full details in regards to the drive and show you just how to go about winning the Oldsmobile or Star automobile or any of the other prizes you wish. The nomination is good for 5,000 votes and each candidate is entitled to four coupons. Clip one coupon and have three friends to clip one for you and you will start with 20,000 votes. The only other way in which votes can be secured is by obtaining new and renewal subscriptions to this, your local paper.

Prizes for All. One beauty of this drive is that there will be no losers whatever as each candidate entering and making an active race will be awarded for his or her efforts. Those who fail to

POLICE SEEK FOR NURSE STRANGELY MISSING

Miss Jeanette Breazale

Miss Jeanette Breazale, of Highland Park, N. J., has mysteriously disappeared from the Middlesex General Hospital, New Brunswick, New Jersey, where she was a student nurse. There is absolutely no trace of her, and no reason can be ascribed for her disappearance. Seven hundred boy scouts and girls have searched the woods in vain for her.

FATHER-IN-LAW WAS JUSTIFIABLE IN THE KILLING OF WARRAX

Dead Man Was Last Year Employed by Pitt County as Guard of Convict Camps

It became known here today that Ed Warrax, the ex-soldier, who was killed on Tuesday by his father-in-law near Fayetteville, was once a resident of this county, but only for a short period, having been employed as a guard at the convict camp.

Joshua Whiddfield, who fired the four shots that caused the death of Warrax has been exonerated by the coroner's jury, it being proven that he shot in defense of his wife when the dead man was in the act of striking with a chair. The testimony as given by Whiddfield and his wife was corroborated by their daughter who was the wife of Warrax.

The former guard is said to have possessed a disposition of rowdiness, and for this reason his services with the road force was only of a short duration. Just prior to leaving the county, Warrax conducted a public transfer during the Pitt county fair in November.

NEW YORKER CLAIMS TO HAVE BEEN ROBBED WHILE ON TRAIN

Washington, Mar. 1.—(By Associated Press.)—Louis Fichandler, of New York, reported to the police that he had been robbed of \$62,000 while sleeping on a train from New York between midnight and seven o'clock this morning. He said that the money was taken from under his pillow.

FIRE CAPTAIN HURT WHEN BRICK WALL FALLS ON HIM

New Orleans, March 1.—(Associated Press.)—Fire captain, Fred Smith was probably fatally injured and several other firemen slightly hurt when a brick wall collapsed during a fire which practically destroyed the Hicks building at an estimated loss of between a quarter million and three hundred thousand dollars.

BOWIE RAILROAD BILL PASSES THIRD READING SENATE

\$10,000,000 Will be Provided for Trunk Lines for Lost Provinces of North Carolina

Raleigh, Feb. 28.—Voting down an amendment proposing a referendum to the people at the next general election, the senate tonight passed the Bowie Railroad bill on its third reading and the measure will be ratified and become law.

It provides for \$10,000,000 for the construction of a trunk line railroad across the extreme northwestern counties and in addition for the participation of the state to the extent of 40 per cent of the cost of the building of five branch railroads in the northern part of the state.

Shora of all amendments which the members of the senate sought to attach to the general revenue bill, the measure passed its second reading in the upper house tonight by the vote of 47 to 1. The single negative vote was by Senator Parker, of Wayne, who stated that his vote was a "protest of the defeat of the Varner amendment" which would have destroyed the exemption from taxation, sought in foreign corporations held in this state.

The Brown amendment to increase the tax on incomes above \$10,000, lost by a vote of 21 to 27, after brief debate in which Senator Long stated that the appropriation "which are in prospect were based on the estimate of revenue and the act as it was written" and "regardless of a present deficit or surplus in the treasury it will produce sufficient to pay them," he added.

Senator Varner introduced tonight an amendment to require all owners of stock or other securities of foreign corporations to file them together with their market value with the state commissioner of revenue and to subscribe the information on oath as to whether the securities were taxed in the state of their issuance. This was lost by a vote of 29 to 19.

EVANGELIST IN SPLENDID SERMON ON THE WICKED

Gives the Devil's Three Strongest Doctrines in a Most Interesting Manner

The service was splendid last night and a number asked for prayers. The Bible text "There is no Peace Saith My God to the Wicked." Nathan, the prophet, come to David with the parable of the little ewe lamb to show him how wicked he had been. Later we find David saying if he went to Hell the Lord was there, or if he took wings and flew away, the Lord was there. You can't get away from God's holy spirit. He will follow you and rebuke you for your sins. You can reject him and be lost, but God will follow you with his spirit and you can't get away from Him.

God says "Be sure your sins will find you out." The devil tells you to go and have a good time. The poor sinner believes it and for a few minutes he will plunge deeper in sin, for the time being and when he comes out of the devil's play houses the same old burning conscience is like a doctor giving dope for a cancer or some fatal disease. When the dope dies out the disease is still there, so it is with sin. You can go into all kinds of places and call yourselves having a good time, but sin is still there and the only way to get rid of it, is to let Jesus save you.

His blood will cleanse from all sin. The after service was good and a number asked for prayers. Prayer meeting will be held Friday morning at Savages' stables.

On Friday afternoon from 1 o'clock until 2 o'clock a prayer meeting will be held at William's Meat Market on 5th street.

REV. W. S. HARDEN HAS ACCEPTED CALL OF LOCAL CHURCH ARE OUT OF RUNNING

Will Arrive in This City April 1st to Become Pastor of the Presbyterian Church

The Rev. W. S. Harden, of Columbia, S. C., has wired his acceptance of the pastorate of the Greenville Presbyterian church and will arrive in this city about April first.

Mr. Harden filled the local pulpit in two services, about a month ago and those who heard him were so pleased with his sermons that a call was immediately extended him.

His ministry in Columbia, covering a period of six years, has been one of progress and development. The people of that city reluctantly giving him up. He is a pastor as well as a preacher and his efforts are for the betterment of every community in which he casts his lot. The Presbyterian church is indeed fortunate in securing the services of such an able preacher.

Mrs. Harden is also active in church work and will be a great help and inspiration to the women of the church and city.

ARMED OUTBREAK IS NOW FEARED IN RUHR SECTION

Prince Friedrich Wilhelm Von Lippe, German Agitator Arrested by French

Essen, Feb. 28.—Prince Friedrich Wilhelm Von Lippe, German Nationalist agitator, was arrested here today by the French authorities. It is charged he has been stirring up agitation against the Franco-Belgian troops in the Ruhr.

The Prince was an active factor in the German campaign for the retention of Upper Silesia. Papers found in his room, the French declare, show he was a member of the secret order of the Swastika and the notorious Consul reactionary organization.

The Prince came to the Ruhr several days ago on special mission, urging the Nationalists to a program of violence, the French declare. The Nationalists have been unusually active in the last few days, holding protest meetings, spreading propaganda among the strikers and urging the calling of other strikes. The occupational authorities assert the Nationalists have been doing their utmost in this way and many others to hinder the carrying out of the Franco-Belgian plan for reorganizing the Ruhr.

The Communists, who oppose the presence of any troops in the Ruhr and who before the invasion objected even to the presence of German troops, are holding meeting to combat the efforts of the Nationalists to cause trouble. Communist meetings have been held lately in Oortmund and other towns. The Communists claim the security police have been assisting the Nationalists, particularly in tracing and giving information against Germans who have accepted the occupational regime. All of the security police in Bochum have been dismissed.

It is reported from German sources that Karl Radek, chief of publicity for the Russian Soviet government, has been prohibited by the Inter-Allied high commission at Coblenz from entering the occupied area. The Ruhr Echo, the Communist organ, has been suspended by order of the French.

The Belgians have seized 160,000,000 marks at Duisburg, which amount though they claim, was intended for use as a strike fund. The French made a like seizure of 260,000,000 marks at Kupferdreh.

"Pluck is the biggest essential in business, my son." "Yes, but the trouble is to find somebody to pluck."—Film Fun.

BOTH RALEIGH AND WASHINGTON QUINTS HAS NARROWED DOWN TO JUST FOUR CONTENDERS

Seven Team Elimination Series

Chapel Hill, March 1.—Raleigh High School's "Whirlwind" basketball team was definitely eliminated from the Eastern North Carolina High School Basketball Championship race when Durham High School took their measure here last night 28 to 19. Durham will play the winner of the Smithfield-Sanford game for semi-final honors in the Eastern race.

After accumulating a comfortable lead in the second half Durham settled down to a steady defensive game which served to baffle the "Whirlwind." Green and R. Hackney were the stars for the Durham quint, clogging difficult shots and scoring 23 of their teams 28 points.

Spence and Waring starred for Raleigh.

New Bern Wins. Vaneboro, Feb. 28.—New Bern high school eliminated Washington high school from the Eastern North Carolina high school basketball race tonight by the score of 37 to 27. The game was late in starting on account of insufficient lighting arrangements in the big barn where the contest was staged. New Bern's crack player, Dill, was on the sick list with a bad foot which may prevent him from taking part in any more of the basketball games this season.

DR. CARROLL WILL SPEAK IN THE HIGH SCHOOL TONIGHT

Sister of A. C., and Thomas Dixon to Lecture in This City on "Legislature of 1923"

Dr. E. Della Dixon Carroll, of Raleigh, arrived in Greenville today and tonight at 8 o'clock in the High School auditorium will deliver an address on "The Legislature of 1923." Dr. Carroll comes to our city under the auspices of the Literary department of the Woman's Club and every citizen of Greenville is invited to hear her. Dr. Carroll is a sister of A. C. Dixon and Thomas Dixon and is an outstanding figure among the great speakers of our state. She possesses the same fine qualities as her brothers, and is often spoken of as the sister of the great author. She knows the laws of our great commonwealth, as only a few women know them, and will speak on the work of the present legislature in a way which will be both interesting and instructive to her hearers.

Seldom does Greenville have an opportunity to hear a more gifted speaker and the Woman's Club is especially anxious for every man, woman and child of the community to hear her lecture this evening.

TAR HEELS NOSED OUT OF BASKETBALL TOURNAMENT

Atlanta, Ga., 28.—North Carolina was eliminated at six o'clock this afternoon by the University of Mississippi five, 34 to 32. The Tar Heels led in scoring until the last minute of play. Two field goals in rapid succession tied the score and then gave the lead to the Mississippians. At the end of the first half Carolina led 15 to 11. The game was fast and furious throughout and neither team could gain a safe margin.

Carmichael for Carolina led the scoring with 14 points. Monk McDonald also played a brilliant game. Fans say that the Tar Heels were never in top form during the tournament. The defeat of the last year's champions has thrown the dope pot in a thousand directions and local fans are now predicting dark horses such as Mississippi to compete in the finals.

COMES FROM ORPHANAGE TO HIGH OFFICIAL

Aaron Sapiro

Aaron Sapiro, 33 years old, began life in a San Francisco orphanage. He worked his way through school and college and became a lawyer. He served as a private in the World War. In the last few years, under his leadership, five great tobacco associations have been marketing two-thirds of the American tobacco crop, and he directs ten State co-operative associations in marketing cotton. He has organized a number of big milk and dairy products pools, and, at the instance of the Canadian Government officials, some of his efforts are now being carried into Canada. He is General Counsel of the National Council of the Farmers' Co-operative Marketing Association and of the Tobacco Growers' Exchange.

SHIP BILL DIES AS MOTION TO LAY IT ASIDE CARRIES

Bill Which Was Introduced a Year Ago Passes House and Dies

Washington Feb. 28.—The administration ship bill died today, just a year to the day after it was born. On February 28, 1922, President Harding appearing at a joint session of congress urged enactment of legislation designed to build up an American merchant marine through government aid and identical bills embodying the views of the administration were introduced in the senate and house.

Today the bill, then introduced after having passed the house in the meantime met its death in the senate through adoption of a motion to lay it aside.

The end of the legislation which the President advocated with all the powers, at his command, leaves the administration where it was a year ago dealing with the three billion dollar investment in war-built ships. The task of liquidating this investment has already been made the subject of study and the plans under consideration are to be announced soon after congress adjourns Sunday.

MONTHLY REVIEW SHOWS CONDITIONS IMPROVED

Richmond, Mar. 1.—(By Associated Press.)—Continued gradual improvement in business conditions in the Fifth Federal Reserve Bank district was noted in the monthly review. The labor fully employed shows wage tendencies slightly upward, and good weather permitted out door work to progress unusually well for the season. Cotton prices have continued upward and tobacco prices are considerable above those of nineteen twenty two. Textile mills continue full operations. Some new mills are being built, especially in North Carolina and other mills are adding new units. Retail trade is better than a year ago and wholesale trade is picking up rapidly. Building operations continue to break records for the season.

CAT AND CANARY TO BE PRESENTED HERE ON MARCH 6

Famous Mystery Play to be Presented Here at White's Theatre

Careful observation on the part of Kilbourn Gordon, producer of that famous mystery play "The Cat and the Canary," during the first eight months of the long New York run, proved that not one in a thousand among the quarter million visitors to the National Theatre had even the slightest suspicion as to the identity of the real villain of that thrilling drama until the end of the last act. That this is no reflection upon the mentality of the audiences is proven by the fact that even so keen-minded a detective as William Pinkerton admitted, after the first of several visits that the solution came as a complete surprise to him. For this credit must be given to John Willard, the author, who has given to the Stage the most ingenious as well as the most exciting play ever written. Someone has happily likened a visit to "The Cat and the Canary" to a ride on some ingenious "Shoot the Chutes," where the patron enjoys the most delightful terrors knowing that the ride will end in laughter. The simile is doubly happy because part of the enjoyment of the entertainment is furnished by others in the audience who are startled into involuntary shrieks of warning when danger threatens the charming little "Canary" or the "Cat" seems about to enter upon the scene.

Although "The Cat and the Canary" makes one shiver with excitement the three acts are filled with more hearty laughs than are enjoyed in many successful comedies and the final curtain descends upon the daintiest of love scenes that dispels every last vestige of terror inspired by the gripping story of the play. "The Cat and the Canary" comes to White's Theatre on next Tuesday night, March 6th.

COTTON INDUSTRY REPRESENTED IN MEETING AT NEW ORLEANS

New Orleans, Mar. 1.—(By Associated Press.)—The Cotton industry from producers to spinners was represented when delegates from spinning interests, co-operative marketing associations, growers and merchants from the cotton belt and delegates from the cotton exchanges gathered at a conference called by New Orleans cotton exchange to discuss subjects relating to the sale, shipment and various other problems affecting the staple.

WOMAN COMMITS SUICIDE AFTER LOSING POKER GAME

(By International News.) Palm Beach, March 1.—Revelry in a hotel culminating in a game of strip poker ended fatally for a woman known as Esther Hanson, of New York. She committed suicide, friends said, by shooting herself when she went into a room adjoining the room where the game was in progress to remove her last garment when she lost. She was found dead in pajamas.

TWO CABINET CHANGES

Dr. Hubert Work of Colorado, Postmaster General for the last year is to take Mr. Hall's place as Secretary of the Interior on March 4. Senator Harry Stewart New, whose term ends on that day, will succeed Dr. Work as Postmaster General. Mr. New might have had the post when Mr. Hays retired. He might have been Secretary of War. Mr. Harding offered him the place in 1921. He has been a reporter, editor, publisher. He is a good business man, nor should he be regarded strictly as a "lame duck." Mr. Harding wasn't going to do anything for that unfortunate class, but his availability got the better of his resolution, as is shown by the appointment of Mr. Poindexter as Ambassador to Peru. Mr. New is a valued friend. Mr. Harding trusts his judgment.

Representative Edop of Indiana, Chairman of the Republican Congressional Committee, has marched to the White House more than once in solemn protest against the appointment of Mr. New, which he regards as bad for the party in Indiana. Mr. Beveridge beat Mr. New in the Republican Senatorial primaries. But last November the Indiana voters were not as true as they should have been to the eminent orator, statesman, biographer and moralist. Was that Mr. New's fault? He didn't "take off his coat" for Mr. Beveridge. Mr. Beveridge didn't "take off his coat" for Mr. New when the latter was a candidate. Neither owes the other any favors.

The other Indiana Republican Congressmen look kindly on Mr. New, we believe. At any rate, Mr. Harding wasn't flustered by Mr. Wood's theory

SOLDIER TELLS OF A NARROW ESCAPE

that Mr. New in the Cabinet would "split the Republican Party in Indiana wide open." Clearly, Mr. Harding is not worrying about 1924. He will stick to his friends, whatever happens. Neither Mr. New nor Dr. Work is a civil service reformer. At least, they both talk exactly in the ancient way about giving the offices to Republicans. Yet as administrative officers they will have to obey the law. Their talk should be regarded charitably as a survival of the old political dialect or an easy poultice for the abraded feelings of "the boys."—New York Times.

MORTGAGEE'S SALE OF LAND

By virtue of power vested in me by that certain mortgage, which was duly executed to me on Dec. 2nd, 1919, by John Strong and wife Ella Strong, and duly recorded in the Register of Deeds' Office of Pitt county, in Book "C-13" page 182, I shall offer for sale for cash, to the highest bidder, at auction, at the court house door in the town of Greenville, at noon

MONDAY, MARCH 19th, 1923.
The following described property to wit: Situated in Swift Creek township, Pitt county, North Carolina and adjoining the lands of John Strong and others—Containing 40 acres more or less and being the same land as deeded to John Strong by J. F. Barwick and wife on Dec. 2nd, 1919, reference being made to said deed for a more accurate description. Said property is sold to satisfy the indebtedness secured in said mortgage.

This Feb. 14th, 1923.

Declares Tanlac Overcame When His Health Had Been Almost Wrecked

Go where you will in the United States, Canada, Mexico, or Cuba; talk with anybody who has tried it—the number is legion—and you will find an enthusiastic friend of Tanlac. Tanlac produces results and that is where Tanlac scores. In the State of North Carolina alone many thousands of people have expressed their indebtedness to the Master Medicine. Among them is G. D. Welch, of South Gastonia, who says:

"Tanlac has fixed me up to where I feel like an entirely different person. For four years past I have been troubled with an awful case of indigestion and was almost a nervous wreck. I have been treated in every way imaginable and have been examined more times than I can remember, but nothing ever seemed to do me any good until I ran across Tanlac.

"My stomach trouble is all gone now and I eat anything I want. I also sleep fine and with the exception of an injury to my side, received in the World War, I am a well man. Tanlac has been my salvation and I will always have a good word for it."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.

NOTICE TO CREDITORS.

Having qualified as administrator of the estate of J. A. Beiley, deceased, late of Pitt county, North Carolina, this is to notify all persons having claims against the estate of the said deceased to exhibit them to the undersigned at the first day of March, 1924, or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment to the undersigned.

This the 23th day of February, 1923.

ATTENTION

Tobacco Farmers!

At a recent meeting of the Greenville Tobacco Board of Trade, it was decided to exert their fullest efforts in the campaign that is being waged against the tobacco bug or beetle by the tobacco interests generally throughout Eastern Carolina.

This beetle has become such an alarming pest to the tobacco industry that it is comparable to the boll weevil menace to cotton, in the damage they do, and it is of mutual interest to the farmers, warehousemen and buyers to take immediate steps to combat the evil.

All factories and warehouses in Eastern Carolina are now conducting a thorough clean-up campaign of their buildings and the farmers are also hereby requested to take similar action in cleaning up their barns, pack-houses, etc. These insects breed from accumulations of trash tobacco, dust, etc., in the corners, crevices and cracks of any place where tobacco has been handled, but once they become active they will leave the common tobacco to feast on the very best grades available, as they seem to be good judges of quality.

As tobacco infested with bugs or borers, which is the worm stage of the insect, is greatly depreciated in value, it is therefore to the farmer's interest to protect himself by helping to eliminate these pests, since they are present in greater numbers this year than has ever been known before.

The executive committee of the Ayden Branch of the Red Cross will hold their monthly meeting tomorrow afternoon at 2:30 in the board of directors room of the First National Bank of Ayden.

NO DANGER OF RACE SUICIDE AMONG RATS

Consider a problem in arithmetic. Apparently there is no danger of race suicide among the rat family. Physicoanalists admit also that they are clever, it will take the concerted action of every man, woman and child to get rid of them all.

A female rat breeds and has young ones from three to five times a year. In each litter there are as high as fourteen rats or more, and seldom less than ten. Each female of this litter will be a full grown rat and breed again within two or three months. Now suppose that we are very conservative and assume that there are never more than ten rats in a litter, and that they breed only three times a year instead of four or five. How many rats would there be in a year, starting with only one pair and assuming that just half were females? Answer, 432. At the end of two years there would be 93,312 rats if all were unmolested. All rats easily live three years and the two great grand parents who started out would have 20,155,392 descendants at the end of three years. No, there is hardly any danger of race suicide among the rats. It also is a very moderate estimate to say that each one of these descendants costs you or me two dollars a year.

A REMARKABLE TRIBUTE TO ANNA CASE.

When Anna Case, the popular concert soprano to be heard at The Eastern Carolina Exposition and Auto Show, at Wilson afternoon and night, March 19, 1923, gave her second recital in Jacksonville Fla., last Feb. the ablest and most fastidious critic of the Palmetto State, Mr. George Hoyt Smith, wrote of her recital in the Florida Times Union the following:

"She sings, sometimes in English, sometimes in French or Norwegian or Swedish, the gamut of emotions is touched, from the plaint of the disappointed of a lover to the descriptive ballad. The famous aria from 'Louise,' given in dramatic style, a MacDowell Slumber Song, from one to another, this beautiful woman, arrayed in a gold-colored satin gown, with cobwebby peacock draperies, thrilled and pleaded, warbled and intoned, a wonderful magnetic, dainty

bit of inspired humanity, swaying the assembled adepts to every mood. "Of her artistry there can be no question, her voice needs only to be heard to win the highest encomiums, even from those who grudgingly bestow credit where credit is due.

"For years one of the greatest admirers of Marcella Sembrich and always in love with Lillian Nordica, I can place Anna Case in that same list—her personality, her voice and her art give her place with the greatest and best of them."

Miss Case will be accompanied at the piano by Charles Gilbert Spross, the well-known composer- pianist, many of whose songs have been introduced to the public by her.

MRS. MOLLIE KEEL DIES AT HOME IN BETHEL

(Reported.)

Mrs. Mollie Keel, wife of W. G. Keel of Bethel, N. C., departed this life Feb. 7th at the age of 55. Leaving her husband and two devoted sons, Lester and Howard Keel and a host of loving relatives and friends to mourn her loss. Her health had been bad for several years and for past four months was confined to her bed. Nine weeks of this time was spent in Rocky Mount Sanatorium. When

her condition there became hopeless she desired to come home to die. All the attention that a devoted husband and children could give, was but God in his infinite wisdom, saw best to take her to a Heavenly home. She was a faithful member of the Primitive Baptist church.

Besides her husband and sons she left one brother, Robert Staton, of Bethel and three sisters, Mrs. Ashley Whichard, of Greenville, Mrs. Allie House of Scotland Neck and Miss Maggie Staton of Fayetteville. Funeral services were held at the home by Elder S. B. Denny, of Wilson, and Rev. L. L. Smith, of Bethel. She was laid to rest in the family burying ground by her ten nephews, John A. J. Staton, of Staton, Van E. Staton, Joe Staton, Kenneth Staton, Zeno Council, Charlie Council, Joe Keel, Paul Keel and Robert House.

The large number of floral tributes showed the high esteem in which she was held.

Learn the truth about Fertilizer

Commercial fertilizer is not magic. It is no substitute for work, or for farming brains. It will not make a successful farmer out of a shiftless, ignorant failure. Fertilizer varies in quality like corn or tobacco or cotton, and some brands are worth more than others. Good fertilizers, like Royster's reliable old mixtures, are a godsend to good farmers who learn how to best use them to make money.

Each crop has its individual food requirements; different soils require different treatment. Every Royster fertilizer is a scientifically balanced food ration, compounded from the best materials obtainable in the proportions best calculated to supply the needs of the crop for which it is intended.

Nearly 40 years experience enters into the making of the Royster mixtures, and hundreds of thousands of the country's best farmers pin their faith to this famous old brand.

It's shortsighted economy to risk all the time, labor and seed put into a crop in order to save \$1 a ton on fertilizer. The most experienced farmers have decided that a fertilizer must have something beside price to recommend it, and they recognize that in the Royster trademark they have a guarantee of highest quality and surest results.

Remember, it is necessary to use sufficient fertilizer per acre to get worthwhile results. If you starve your crops you'll get the same results as if you starve your stock.

Unless a farmer is going to use Royster's fertilizers properly, we'd rather he'd misuse and abuse some other brand. We are proud of the Royster reputation for quality, and will preserve it in every way. To help our friends obtain the utmost in results we urge farmers to seek from us information about the proper use of fertilizer. Write freely for advice to Farm Service Department, F. S. Royster Guano Company.

Society

Mr. and Mrs. R. S. May and children and Miss Julia Harris spent yesterday afternoon in Wilson.

Miss Maude Anderson spent yesterday in Raleigh with her sister, Mrs. C. V. York, who is taking treatment in the Mary Elizabeth Hospital, of that city.

Mrs. Winslow Entertains the Round Table

At her home on 5th street, on Tuesday afternoon the Round Table was charmingly entertained by Mrs. J. E. Winslow.

During the business session there were interesting reports from the several committees, chief among them being from the nominating committee, as this was the time of election of officers and the slate which was accepted as a whole is as follows:

- Mrs. Claude Grant, President.
- Mrs. Milton White, first-vice president.
- Mrs. W. B. Tilghman, 2nd vice president.
- Miss Louise Goggin, recording secretary.
- Miss Nellie Denny Corresponding secretary.

There were several letters read concerning the various activities of the federated clubs of the state, which serve to keep us interested.

The club voted most happily to contribute to the Sallie Southall Cotten Loan Fund, through which we help a deserving girl through school and honor the name of our beloved and appreciated Mrs. R. R. Cotten.

After the business Mrs. E. W. Griffin gave us a splendid paper on "The Reconstruction" under the topic, History of North Carolina, closing with some up-to-date achievement of the State which were sufficient to make us almost boastful.

The club enjoyed having Mrs. H. L. Carr as guest, who with Mrs. Jesse Moye, assisted the hostess in serving a tempting salad course.

Bridge Club

Yesterday, at her home on Fourth street, Miss Francis Whedbee entertained her bridge club. The home was beautifully decorated with cut flowers and potted plants.

Mrs. Knott Proctor, making the top score, was presented a potted plant. After several interesting progressions the hostess served sandwiches and tea, after which an ice course was served.

The guests enjoying the hospitality of the club were Misses Ella Moseley Wilkinson, of Durham, Hannah Dixon, Ada James and Mrs. Wiley Smith.

NOTICE TO YOU!

MILLENNIUM DAWN SEEN IN 50 YEARS

Chicago, March 1.—Streets in the air, with traffic regulated by air cops the same as the corner traffic man re-arranges the automobile today; development of the radio to replace the telephone and telegraph; abandonment of railroad lines so far as passenger service is concerned and realization of the city perfect are predicted as the development of the next fifty years in America by Alexander

Streets in the air for airplane traffic, H. Revell, Chicago furniture dealer, will be indicated as clearly in the future as our surface streets now are, Revell predicts. The character of buildings will have been changed to permit landing of planes on roofs, he believes.

"It will mean nothing at all for us to pick up our transmitter in 1973, tell our stenographer we will land in the office in our plane in a minute, and request her to be ready for dictation," Mr. Revell said.

"The automobile will be seen on the streets as rarely as the horse is seen now. Airplane roadsters, touring cars and racers will not be unheard of, and speedways with airplanes are not an impossibility.

Chicago will be a great seaport with two routes of access to the sea. One will be through the St. Lawrence waterway and will connect Chicago with the Atlantic Ocean; the other will be through the Illinois River and the drainage canal, down the Mississippi River to New Orleans."

Problems of various cities which are struggling to overcome the smoke nuisance will have been solved in fifty years by the substitution of electricity and radium for coal. Advancement in medicine will make it possible, Revell believes, to reduce crime to a minimum, not by reformation or punishment, but rather by the removal of incentive for wrongdoing.

This will be done by eliminating the congested tenement districts of the larger cities, and placing the child in an environment that will bring out latent talents. By the same method disease, insanity and vice will have been overcome, he believes.

Governmental business will progress also, and will have become 100 per cent efficient, Revell declared, and mail service will be practically automatic and unbelievably rapid.

AUTO DRIVER ADDED "INSULT TO INJURY"

(By International News.) Kansas City, Mo., Feb.—The infallible memory of his victim cost Claude R. Repine, who had already been assessed a fine of \$50 for careless driving, an additional \$50 in a local court. Judge Fleming was presiding.

The trial was proceeding with the usual formalities when James Brunk, plaintiff, interrupted.

"I wouldn't have minded it so much Judge," Brunk nimbled, "if he hadn't hit me when I came to and asked him his name."

"You mean he (indicating Repine) struck you?" asked Judge Fleming.

"I got up from the pavement, after I was knocked out by the collision," said Brunk, "and asked: 'What is your name?' 'I'll show you what my name is,' he said and he hit me on the head."

Judge Fleming glared at Repine. "Did you hit this man?" he asked. "Yes," Repine responded. "You are fined \$100," the judge concluded.

RABBI SAYS COPE THEORY NOT NEW

Columbus, O., Feb. 28.—"Emile Cope's message is nothing new. His credo that man was made to health and not for disease, for happiness and not for misery, is simply the scriptural teaching that man was created in the image of God," said Rabbi Jacob Tarshish at Temple Israel, discussing "The Truth Behind Cope."

"The nineteenth century was skeptical and scoffing of things religious. Voltaire, Diderot and Hume were read and believed. It was feared that minds of the future would be corrupted beyond power of spiritual thinking and mental advancement," continued the Rabbi.

"Today, strange to say, the pendulum has swung to the other extreme. The Christian Science faith and the New Thought movement have made great strides, as we realize that the

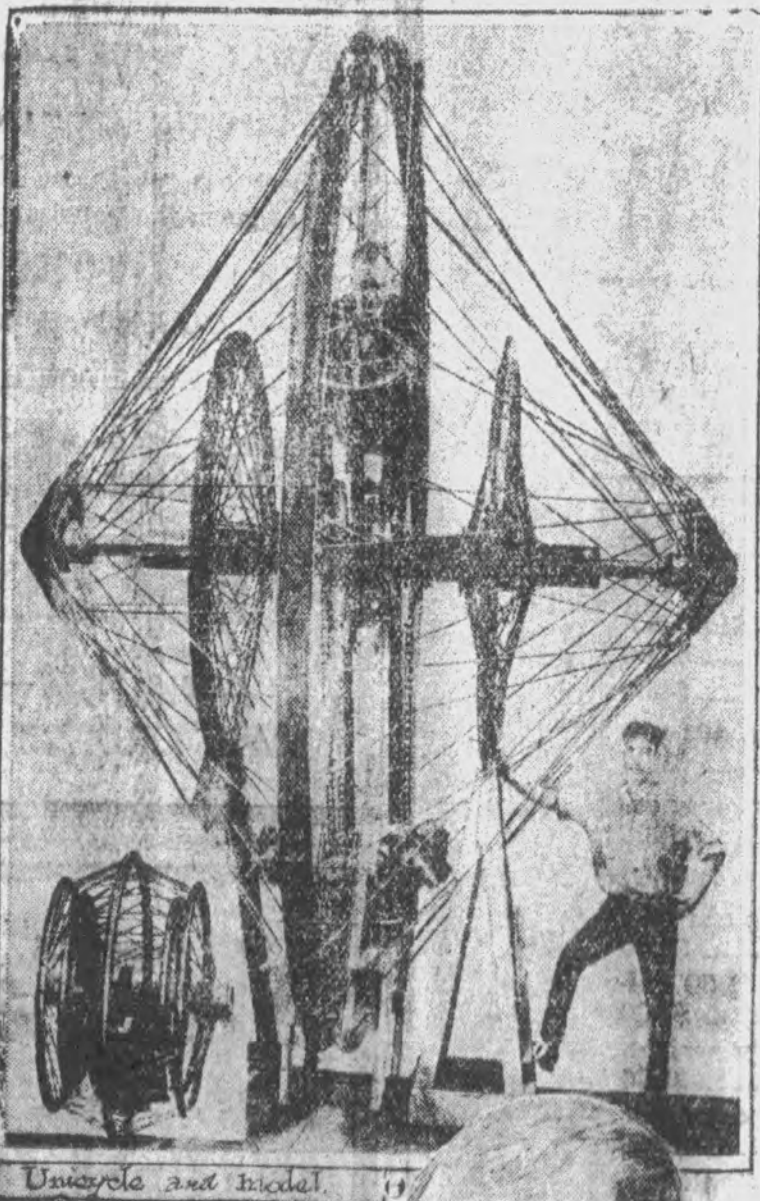

HOW A FAMOUS MYSTERY PLAY AFFECTED A FAMOUS ARTIST

(Sketched by Jefferson Machamer in the N. Y. Tribune)

"Who the Sam T. Hill are you, anyway?" says Robert Toms, the leading man, to the mysterious bearded cat in "The Cat and the Canary."
"Mc-ow! Ask John Willard, in the circle beneath me. He wrote the play."

IOWA INVENTOR PERFECTS UNICYCLE

Professor E. J. Christie, of Marion, Iowa, is the inventor of a unicycle which, in his expectations are realized, may revolutionize methods of transportation. The unicycle is built upon gyroscopic principles and is expected to attain a speed of 250 miles an hour. The wheel is 14 feet high, and the gyroscopes on each side weigh 500 pounds. The power, furnished by a 250 horsepower gasoline engine, is transmitted by chain drive. Professor Christie was formerly President of Garfield University, Wichita, Kansas, and has devoted his time in recent years to perfecting his invention.

Prof. E. J. Christie

only by the personality of God Himself. "I think Cope's message of optimism and positive thought. It justifies the ways of God to man. It helps to ease the evils of fear and despair and depression out of the heart. And he means not only better and better bodily, but spiritually, mentally and morally, also.

"I do not preach against material medicine, and never shall, but I insist that the mind needs as much doctoring as the body."

TWO AUTOMOBILES TO BE GIVEN AWAY

(Continue from page 1) win the Oldsmobile, Star or one of the other advertised prizes will be presented with a check based on the number of subscriptions taken. This is indeed a campaign of no losers, so there is little excuse for those who would like to make extra pay in their spare time.

Some prospective candidates when they read this article are going to say to themselves that if they only had the time they feel they could win. It is hardly a matter of time, as a candidate will see most every one they know before the campaign is over, and then just heaps of subscriptions can be secured over telephone and through the mail. So it really isn't a matter of time. Everybody has some spare time. When one stops to consider that it is all to gain and nothing to lose, there can be no possible excuse why one shouldn't enter. Even though you fail to win the Oldsmobile touring car purchased from the Greenville Sugg Motor Co., Greenville, the Star touring car, second prize, purchased from Perkins Motor Co. of Greenville, the handsome suits of furniture, third and fourth prizes, purchased from Quinn-Miller Co. of Greenville, or one of the other handsome prizes to be announced in the big ad tomorrow, still you couldn't lose as you will receive a cash commission to pay you for the work you have done. Could anything be fairer?

NOTICE OF SALE.

By virtue of the power of sale, contained in that certain deed in trust, executed on the 3rd day of March, 1921, by R. E. Curran to J. B. James, which was duly recorded in the office of the Register of Deeds of Pitt County, in book O-13, page 459, the undersigned will offer for sale for cash, before the court house door in Greenville, at 12 o'clock noon on

FRIDAY, MARCH 30th, 1923, the following described real estate: Lying, situated and being in the town of Greenville and being lots Nos. 20, 22, 23, 26, 27 and 28 of the Old Kaiting Mill property, as will appear by reference to Map Book 1, page 135, bounded on the North by Mill St., on the East by Long Street, on the South by Short Street, on the West by Wade Street.

This the 26th day of Feb., 1923.
J. B. JAMES,
Trustee.

27 It wk 4wks

Try Our Want Ads Now
Try Our Want Ads Now

There is no red tape and the only way to win is to get the subscriptions. A committee of local business men will count the votes at the conclusion of the drive and award the prizes. They only thing necessary to win is votes and votes can be secured by boosting the Daily Reflector. There are no complicated rules governing

the drive. Simply send in your name and address and the campaign manager will see that you are supplied with receipt books, mailing lists, etc., at once.

Should Enter at Once.

Those who are contemplating entering this big drive should lose no time. The ones who enter first have all the advantage of those who wait until the last moment to enter. In the first place, many will give their now or renewal subscriptions to the first candidate who asks them. Make up your mind that you will be that first one. If you wait until some more industrious workers have gotten started, then your chances of winning the Oldsmobile or Star are just that much less. Get started now, and be the very first one in the field. Clip the coupon and either bring it to the campaign manager in the Reflector building or take the phone and call the campaign manager at number 66 and he will gladly explain the full details of the drive to you.

Another reason why a candidate should get his or her name in at once is that more votes are allowed on subscriptions during the opening period than at any other time. From the opening day up to and including March 14th, an extra bonus of 50,000 votes will be given on each of the first five clubs of ten dollars in subscriptions turned in. This extra bonus makes every subscription count nearly four times as many votes as will be allowed during the closing period of the drive. It is therefore readily seen just how important the opening period is, and why it is so necessary that a candidate get started at once. In fact, those who enter right now are the ones who stand the best chance in the final race.

Not Limited to Towns.

The campaign is open to any one

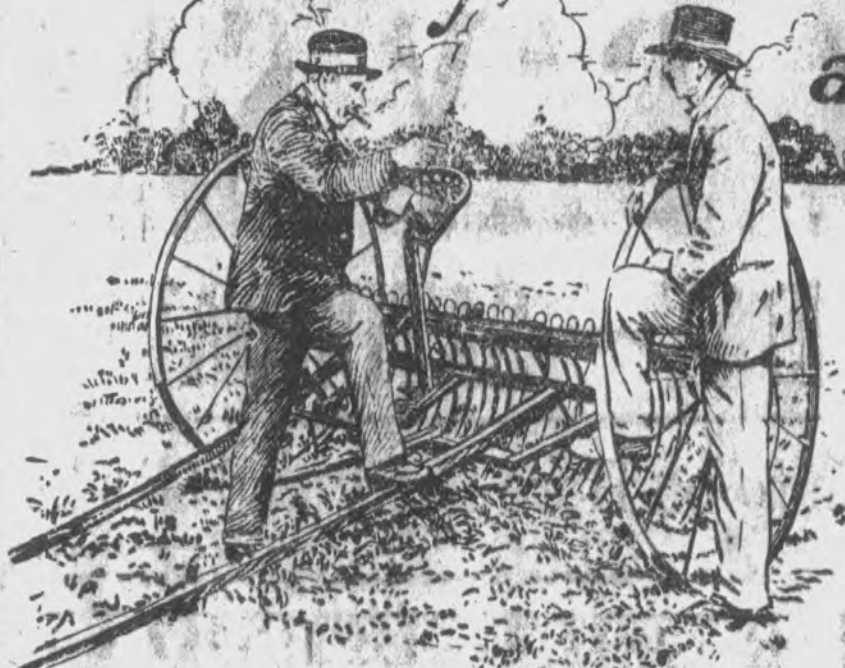

of this section and one does not have to live in Greenville in order to compete. In fact the residents of the smaller towns adjacent to Greenville have just as good a chance to win as the folks here in town. The rural routes are expected to produce some mighty good entrants and it does not matter where you live, if you have confidence in your ability, there is nothing to keep you from sharing in the distribution of this valuable prizes.

Prospective candidates on the rural routes and in the smaller towns are invited to either call the manager at the campaign office, up stairs in The Reflector building or to mail their coupons for nomination to campaign manager, The Daily Reflector, Greenville, N. C., and no time will be lost in furnishing full information so that one can get started at the same time as the candidates in town.

Lose no time, whether you live in Greenville or in one of the more remote sections, get that nomination in now. Determination and confidence cannot be beaten. Pick out the prize you want and then get busy among your friends and have them give you their new or renewal subscription to The Reflector. You have no idea how easy it will be to poll a large vote during the opening period.

For the benefit of those who cannot call and meet the campaign manager in the day time the campaign office will be kept open every evening until eight o'clock. Even though you decided not to run, you owe it to yourself to come and examine this wonderful opportunity. At least drop by and get acquainted. The manager will be more than glad to meet you whether you enter the drive or not.

I'll kill your boll-weevils at less cost and trouble

Not a few of them, nor half of them, but every single one of them, until you won't be able to find a five weevil in your cotton fields.

No Machinery— No Night Work

Just a bucket, and a mop made of a rag and a stick, and one of your tenant's boys or girls to go through the rows, touching the top of each cotton plant one time, in passing by, with HILL'S MIXTURE.

You can raise a full crop of cotton if you'll use---

HILL'S MIXTURE

There are three elements to HILL'S MIXTURE—arsenate as a poison, molasses as a binder, and a third (secret) element which ATTRACTS the weevil. When a small quantity of the mixture is put on the top of a cotton plant, the weevil will hunt it out, eat it and die.

This secret ingredient makes it unnecessary to waste calcium arsenate by covering the entire plant, as in the dusting method, and the molasses holds every atom of the arsenate on the plant. It takes a heavy rain of half-an-inch or more to wash it off.

"Touch The Top—And Off They Drop"

Tests have been conducted by county agents and responsible farmers, where one daub of HILL'S MIXTURE was applied to the top of the cotton stalk and in from ten to fourteen hours, every boll weevil on the plant (sometimes 50 in number) were dead.

I've got no guns or sprays to sell you, which might get out of order. The simplicity of applying my mixture is one feature that has made it as popular as its efficiency. Then, too, it can be put on in the daytime, by inexperienced labor.

My Agent Can Show You The Proof!

I will be glad to send you, or my agent whose name is shown below, will be glad to show you a booklet containing scores of testimonial letters from scores of Burke County farmers, (both white and black) and from the President of the American Cotton Association, endorsing my mixture. The price of HILL'S MIXTURE is 77c per gallon, in 50-gallon barrels, delivered in North Carolina, (slight freight charge for other states), plus

cost of barrel, which will be refunded upon return. My agent will give you full particulars. Every farmer who used Hill's Mixture in 1922 is going to use it this year. If you want to raise cotton as though there were no boll-weevil, place your order today.

MANILA POLITICIAN TURNS SOCIOLOGIST

Manila, Feb.—Frank W. Carpenter, who has been right hand man to every Governor-General of the Philippines from Taft to Wood, and who succeeded General John J. Pershing at Zamboanga as first civil governor of Mindanao and Sulu is indulging the sociological experiments on his large estate ten miles from Manila. One project is dividing 15,000 acres of the estate into small fruit and poultry farms and selling them on easy terms to Filipinos, Chinese and Japanese. He not only wishes to provide homes for thousands of poor families, but to produce the fruits, vegetables and poultry products that are now imported into the islands, chiefly from China.

The other experiment is employing murderers, assassins, highway robbers and bandits whom Governor-General Leonard Wood has pardoned from Bilibid prison after they have served long sentences. Such men have good prison records; their pardon has in every case been recommended by the pardon board.

Carpenter, a student of humanity, pre-eminently successful in dealing with men of every type, calls such crimes "crimes of primitive justice," but if a man were guilty of stealing from his employer, malversation of funds, sneak thievery, criminal breach of trust, public or private it would indicate to him a fundamental weakness in the fibre of the soul, and he would not employ such a man.

"Two things I will not excuse—lying and stealing. Never lie to me, even about the most trivial matter; never steal or pilfer, even the most valueless thing. What you did that brought you to prison is with me as if it had never been done. You have been punished; you bear good prison records; forget the past and live like new men. Our relations will be similar to those of father and son."

Thirty such men are now working on Carpenter's ranch. They are for the most part men of the peon class very probably driven into crime by unbearable conditions imposed upon them by their "amos," or masaters, and the opportunity Carpenter gives them is by far the best they ever had in their lives.

BRITISH MEET U. S. YACHT CHALLENGE

London, Feb. — Many prominent English yachting clubs associated with the British-American Cup Club have accepted the challenge from the Seawanhaka Yacht Club of America for a series of races to be held in the Solent—the famous stretch of water from Southampton to Cowes and the Mecca of English yachtsmen—this year.

Each contest will consist of six races, and the dates suggested are August 1, 3, 4, 6, 8 and 9.

The yachts taking part, it has been agreed, will be of six metre rating, international measurement, and manned by crews of four, in charge of amateurs.

There have already been two contests for the cup, one in the Solent in 1921, when the British yachts won, and another last year in the United States, which was won by the American yachts.

NOTICE OF SALE OF LAND.

Under and by virtue of the power of sale contained in a certain deed of trust from E. B. Troy and wife Lottie Troy to A. D. Ward, trustee, for the Pepsi-Cola Company and W. F. Ward, dated the 20th day of October A. D. 1920 recorded in Pitt County in Book R-12, page 479, I will sell at the court house door in Greenville, Pitt County, North Carolina, on the 28th day of March 1923, at 12 o'clock M. to the highest bidder for cash, all the following described tract of land:

Situated in Pitt county, North Carolina, in Chicod Township, joining the lands of J. L. Stocks and others bounded as follows, viz:

Beginning at a stake in the mouth of the ditch a line between Stocks and said tract and runs south 6 degrees 40 minutes west 458 feet, thence south 86 degrees 20 minutes East 4042 feet, thence south 14 degrees 25 minutes west 883 feet, thence north 88 degrees west about 4458 feet to the public road, thence up the public road in a northerly direction to a big canal known as the J. L. Stocks canal, thence south 78 degrees 10 minutes east 645 feet to the beginning, containing 101 93-100 acres, being same conveyed by Adam Mills and wife Maggie Mills to E. B. Troy.

This 28th day of February, 1923
A. D. WARD,
Trustee.

A contest is being conducted in Chicago under the auspices of the National League for Prevention of Spinal Curvature to locate the most perfect feminine ribs. The strange pair of the wholly interesting matter is that perfect ribs are gaged from the back. The photograph shows, left to right: Dr. O. C. Foreman, examiner; Gladys Howitt, contestant, having her ribs examined; Mrs. M. G. Veeder, nurse, and Constance Martin, contestant.

ADVERTISE IN THE REFLECTOR

LAND SALE.

By virtue of the power of sale contained in a certain mortgage deed given for purchase money, executed by C. J. Speight to G. M. Smith, on the 29th day of November 1918, which mortgage was duly recorded in the office of the Register of Deeds of Pitt County in Book L-12, page 245, the undersigned will sell at public auction for cash, before the court house in Greenville, on

Wednesday, March 28th, at Noon, the following described lot or parcel of land, situated in the county of Pitt and in Fountain township:

Beginning in the center of the public road, and runs S. 44 W. 153 feet to a Black Gum; thence south westerly with a ditch to the canal; thence with said canal a southerly direction to Pittman's line thence with Pittman's line S. 83° 30' E. 804 feet to road thence with the road north westerly to a stake, Horton's corner; thence with Horton's line N. 89° 30' E. 7...7 feet, thence N. 12° 30' E. 346 feet, thence N. 74° 30' E. to corner of lot No. 1, thence North to

road; thence with road southwesterly to the beginning, containing 29.16 acres. It being lot No. 2 of G. M. Smith farm, and the mortgage price given for part of the purchase price

Said land is sold to satisfy said mortgage, which was given to secure the purchase money.

This February 26th, 1923.
G. M. SMITH,
Mortgagee.

COMMISSIONERS' SALE OF LAND

North Carolina, Pitt County, In the Superior Court Before the Clerk.

Johnnie Tucker, Administratrix of J. Arthur Tucker, deceased.

vs.
S. T. White, L. F. Worthington, Nannie E. Tucker et als.

By virtue of power vested in us by that decree of the Superior court of Pitt county, entered in the above entitled proceeding on the 19th day of February, 1923, (the bid of R. L. McLawhorn at a former sale having been raised) we shall offer for sale at

public auction to the highest bidder upon terms of one-third cash, and the balance in two equal annual installments, secured by mortgage or deed of trust upon the lands hereinafter described, at the court house door in the Town of Greenville, on

Wednesday, the 7th day of March, 1923, at 12 o'clock noon the following described tracts of real estate, lying, being and situated in Winterville Township in the county of Pitt and State of North Carolina, to-wit:

FIRST PARCEL: Being that tract devised to the late J. Arthur Tucker by his father, the late Arden Tucker in his last will and testament, of record in the clerk's office for Pitt county, in will Book 3 at page 333, to which reference is made for a more perfect description, and containing

135 acres, more or less:

SECOND PARCEL: Being a one-half undivided interest in fee in and to that tract of land, known as the Jethro Kittrell land, and containing 100 acres, more or less.

This February 19th, 1923
S. J. EVERETT,
ALBION DUNN,
Commissioners.
