SUBSCRIPTIONS GIVEN WORKERS NOW COUNTS MORE IN VOTES THAN AT ANY OTHER PERIOD IN SUBSCRIPTION DRIVE

Declining Schedule of Votes Intended to Safeguard Those Campaigning Who Are Doing Hardest Work and Prevent Buying of Prizes by "Gamblers"

CANDIDATES' STANDING NOT TO BE PRINTED

Fairer to All Workers to Let No One Know Who is Leading and Who is Trailing Until Close of the Campaign

Interest in The Daily Reflector's great subscription campaign is growing like a snowball and the many candidates working for the valuable prizes are working like beavers, each trying to see the prospective subscriber first. Votes will win and the only way to secure the votes is through getting new subscribers and renewals for The Reflector.

All of the workers now realize the importance of collecting the money at once, as the same amount during this first period counts more in votes than at any later time. The people in general, however, are sometimes slow to appreciate this condition and the reason therefor. The vote schedule is arranged on a declining basis in order that the candidate who works hard throughout is sure to reap the fullest benefit.

In many such campaigns someone person with money, has been known to buy enough subscriptions at the close to win the first prize, robbing the earnest workers of their just reward. The declining schedule has a tendency to discourage this by making the investment necessary too great. Subscriptions now, in this campaign, count approximately four times as much in votes as at the close. So, any citizen who desires to help one of the campaigners will add to his help by subscribing at once.

In answer to a number of queries on the subject, the management desires to state that there will be no "standing of candidates published during the campaign. This is considered fairer to all concerned, since a public statement of the comparative standing of the campaigners always has a tendency to slow up the support of a worker who happens to be behind in the race at the time. By not publishing the vote all are placed on an equal footing before the public and the ones behind thereby have a better chance to catch up with the leaders.

Attention of the candidates is called to the rule which requires reports twice a week, on Wednesdays and Saturdays. This is quite important, because the new subscribers want to begin receiving the paper as soon as possible and the work of the circulation manager is made much easier by receiving the subscribers as they are secured. Please come to headquarters on the second floor of The Reflector building each Wednesday and Saturday and make report.

There is yet room in the field for new workers and anyone desiring to enter should not hesitate on account of the fact that others are already at work. Ambitious campaigners can overcome the lead by hard work and win out at the close. If you want to win a valuable prize in the campaign, come on in now.

GERMAN MAGNATE IS HEAD OF AMERICAN RUMRUNNERS

London, March 12.—(By Associated Press.)—Wholesale rumrunning into the United States by a fleet of four or five ships registered under the Panama flag is being financed by a prominent German magnate according to information in responsible American quarters here. The fleet, it is declared, is being chiefly operated from the United States end by a former German captain of the Hamburg American liner.

PROMINENT NAMES APPEAR IN THE BOOTLEGGERS LIST SEIZED IN WASHINGTON

Washington, March 12.—(By Associated Press.)—The series of bootlegger raids which have brought the National Capital sharply into the limelight by the war of enforcement has culminated in an order to army and navy intelligence officers to investigate the appearance of the names and addresses of more than fifty army, navy and marine corps officers in the list seized in the raid here March 3rd. The list as published in the Washington Post contains more than four hundred names and the police declared that about six names and addresses checked with those of members of congress and several were the premises of prominent women's and men's clubs.

BIGGEST EVENT OF SPRING SEASON BE STAGED THURSDAY

Plans Completed for Greenville's Fashion Exhibit and Automobile Show

All plans for Greenville's Fashion Exhibit and Automobile Show which takes place on Thursday of this week, are about completed, and indications now point to an event that has not yet been equaled this season in the eastern part of the State. Mr. Jack Lyle, who conducted successfully the New Bern show, has arrived to direct the decorations and other important features connected with the Greenville Exposition. The various stores of the Merchants Association are making special preparations relative to their showing and ready-to-wear especially designed for this show is arriving daily. It is expected that Greenville will be well filled with visitors for both the show and the dance which will conclude the activities of the day. A Washington City orchestra has been employed to furnish the music for the occasion, and all attending are assured of an enjoyable time.

OSCAR C. CURRIN DIES SUDDENLY AT HOME IN RALEIGH

Well-Known Auctioneer, for More Than Ten Years With Atlantic Coast Realty Co.

Mr. O. C. Currin, for more than ten years an auctioneer for the Atlantic Coast Realty Company died on Saturday at his home in Raleigh following a combination of heart trouble and acute indigestion. Funeral was conducted yesterday from his residence and the interment was made in Oakwood cemetery of Raleigh. The officers of the Atlantic Coast Realty Company were honorary pall bearers.

Mr. Currin through his association with the Realty Company was well known in every state in which the company operated, and was recognized as a man of sterling character. His jovial and gentlemanly disposition won for him hundreds of friends all of whom will be grieved to learn of his sudden death. The deceased is survived by his wife and three children, together with several brothers and sisters, a majority of which resides in Virginia and this State. He was a distant relative of the family of Mr. J. G. Bowling, of this city.

MANY FATALITIES AND INJURIES ARE RESULT OF STORM

Severe Storm Collects Toll in Ohio, Tennessee and Kentucky States

Jackson, Tenn., March 12.—(By Associated Press.)—Twenty persons are reported killed and seventy-five injured in the vicinity of Pinson, twelve miles south of here, by a storm which swept that section last night. About fifty dwellings were wrecked according to meagre reports, a freight train was blown from the tracks and wire communications completely cut off. Relief parties have been sent out from here to render aid in the storm swept area.

ONE KILLED AND FIVE INJURED IN OHIO

Portsmouth, Ohio, March 12.—(By Associated Press.)—Dennis Boggs, aged nine years, was instantly killed and five other children were injured when high winds unroofed the high school building in South Portsmouth and carried it over into the yard where the children were playing.

THREE KILLED AND SEVERAL INJURED IN KENTUCKY

Richmond, Ky., March 12.—Three persons were killed, two fatally injured and a number seriously hurt by a storm which swept this section last night.

RECEIVED TOO MUCH LIQUOR DEFENDANT IS FINED \$100.00

County Court Was Featured This Morning With Violators of Whiskey Laws

There was a goodly number of offenders before Judge Cooper, in the County Court this morning, and with a very few exceptions the defendants were forced to pay a fine or spend a long term with the road forces. W. C. Smith, charged with passing worthless check, was allowed to pay \$1.50 which is amount of check, and one half of cost.

Herman Price, colored, found guilty of receiving more than one quart of liquor within fifteen days. Judgment, prayer for judgment continued for a period of two years, and defendant is required to move out of the neighborhood in which he now lives. He paid the cost and must prove good behavior for two years. L. H. Mills, white, was up charged with failure to disinfect his cattle. The case not pressed and no cost was attached.

Ben Johnson, larceny, case continued until April 2. John Hemby Darden, colored, being adjudged guilty of larceny was sentenced to the county roads for a term of eight months.

Mack Harris, colored, was found guilty of the charges of carrying concealed weapon and for assault with same, and was sent to jail for eight months to be assigned to work on the county roads.

Alfred Tripp, was charged with having liquor for sale. Judge Cooper found him guilty of receiving more than one quart within fifteen days and imposed a fine of \$100.00. His honor ordered that another case be docketed in connection with receiving more than one quart within 15 days, and prayer for judgment was continued in this case for a period of two years upon good behavior and payment of cost.

William Thomas and R. A. Forbes charged with receiving, possessing and selling liquor was sent up to the Superior Court for jury trial at request of defendants. Each of them being required to furnish \$500.00 bond. Frank Langley, charged with carrying concealed weapon requested that his case be sent to the Superior Court which was granted him.

SURVEY SHOWS NAVY FAR BELOW PROPER STANDING

Deficiencies Will Be Brought to Attention of 68th Congress When it Convenes

Washington, March 11.—(By Associated Press.)—Serious deficiencies of the United States Navy under the 5-5-3 ratio adopted by the Washington Arms Conference will be called to the attention of the 68th congress as soon as it convenes, it was learned officially today at the Navy Department.

An expert survey of the international naval situation showing the American sea, power to be between 300,000 and 400,000 tons short of its proper standing under the conference agreement has given impetus to the work already underway on the program Secretary Donib is expected to submit, covering both ships and personnel. With official opinion practically unanimous that the most pressing need of the Navy is for modern scout craft, it was predicted that immediate organization would be urged for fast cruisers and submarines with additional tonnage of these types to be added annually for a definite period of years.

Second only in importance to the need of auxiliaries, in the opinion of officials, is that for adequate personnel. This was brought home forcibly it was said, in the gathering of the battle fleet for maneuvers when it was found necessary to order all the apprentice classes from their schools to the ships in order that the vessels might be efficiently handled. The apprentice courses were only three-fourths completed when the students were taken from their studies.

Estimates of the deficiency of personnel under the present 86,000 authorization run between 12 and 20 per cent, with most officials holding the view that about 108,000 officers and men will be required to bring the fleet up to the most efficient standard.

The naval programs of the other parties to the 5-5-3 ratio will make the deficiencies of the American navy more pronounced if action to correct them is delayed, according to officers who have analyzed information recently acquired on this subject. Great Britain lists 56 modern cruisers built and building aggregating 296,000 tons; Japan 25 of 157,000 tons, and the United States 10 of 75,000 tons—of which three are for delivery at comparatively early dates.

Naval officials generally are of the opinion that the modernization of the capital ships, authorized by the last congress, will place the first line ships on a parity with any in the world and are prepared to concentrate their efforts on the building up of the auxiliary forces.

MR. PETER FLEMING DIED YESTERDAY FROM PNEUMONIA

Interment Took Place This Afternoon in Family Burying Ground Near His Home

Mr. Peter Fleming died at his home near House Station yesterday afternoon at 4:30 o'clock, after a few days' illness from pneumonia. The interment took place this afternoon in the family burying ground near his home.

Mr. Fleming was one of the country's most progressive and influential farmers and was held in the highest esteem by a host of friends. He is survived by his wife and five small children, also his father, Mr. W. J. Fleming and a large number of brothers and sisters. Three of the sisters live in Greenville, Mrs. Carl Abee, Mrs. Claude West and Mrs. Walter Patrick.

AYDEN CITIZENS TO STAGE COMMUNITY MEET MARCH 13TH

Band Which Consists of Twenty Members Will Furnish Music for the Occasion

Last year when Ayden re-organized their Red Cross Branch, one phase of community work which many of the members wanted was regular all community meetings every two months, where every one could get together and say "howdy" and consider their special community problems. They have had two community Sings, Old Fashioned Spelling Bee, Community Mid-Summer Festival and the parade of the Community Fair. The Christmas meeting could not be held on account of the influenza epidemic, so tomorrow night they are having the first one for this year which will be a very unique meeting in the nature of a Community Bonfire. The Ayden Band will give special music and Judge F. M. Wooten will make an address. The Civic Committee under the direction of Dr. W. M. McKinney have completed their Sweeping Jubilee, the town has hauled away all the refuse, and a bonfire of all burnable trash is a fitting end for the week.

The Anti-Rat Campaign over which all the children have been working has been concluded and the children winning the highest number of prizes offered by the town for the highest number of rat tails.

Every one is looking forward to the band numbers. Ayden Fireman's Band has twenty members. It is the largest and the most active band in the county at the present time. They are doing splendid work and Ayden is fortunate to have this musical asset in her midst. Mr. G. C. McGlohorn is manager of the band, and J. G. Mehegan from Kinston is the director. The following members of the band will play tomorrow night, and Ayden cordially invites every one to come and hear their band at the Bonfire. Director L. G. C. McGlohorn, Members Kirby Smith, Loyd Pringle, W. W. Sallsbury, Will Lancaster, R. C. Coward, H. K. Harrison, E. A. Latham, J. D. McGlohon, J. J. Stokes, G. R. Hattel, W. C. Byrd, Robert Johnson, H. S. Gurganus, H. M. Stokes, R. F. Pittman, Thomas Johnson, R. L. Cannon, Ralph Smith and Eugene Smith. (Reported.)

NINETY-THREE RAT TAILS REPORTED BY WINTERVILLE BOY

Junior Red Cross of Evans School Leading for \$25 Prize Given by Greenville

The highest number of rat tails reported by a child so far is 93. All were killed on one farm these were brought in by a boy living near Winterville, and he is in the lime light now for the twenty-five dollar county prize.

The Junior Red Cross of the Evans Street School is the organization which is now leading for the twenty-five dollar prize given by Greenville to the organization getting the highest number of rat tails. As one week is so short a time for thoroughness, it has been decided by the committee in charge to let the Campaign run on until Friday night the 16th, and the town of Greenville is extending the time until this date also.

Col. R. R. Cotten stated this morning that he was going to offer a local prize of \$10.00 in and around "Cottendale" so that the neighborhood children would be sure of some reward for their work if they did not get the \$25.00 county prize. (Reported.)

Mr. Francis Skinner returned yesterday morning from a trip to New Bern and Kinston.

EIGHT ARE DEAD AS RESULT OF CLASH IN RUHR DISTRICT

Recklinghausen

Recklinghausen, March 12.—(By Associated Press.)—Eight Germans are dead as a result of a clash with the French troops in the Recklinghausen district last night. One French soldier and three Germans were wounded in a riot at Dortmund. A state of siege has been declared in the entire district and additional troops have been sent to preserve order at Buer where a French officer and a civilian have been killed and where excitement is running high and is resulting in renewed shootings.

Dusseldorf, March 12.—(By Associated Press.)—The Recklinghausen district faces severe penalties for what was perhaps the most serious incident of the Franco-Belgian occupation for the killing at Buer of a French lieutenant and a director of the Buer railroad station. The French have indicated that Buer will be placed under what will amount to martial law in addition to a fine of five million marks.

MAYOR GIVES FACTS CONCERNING PARDON OF WARREN BELL

Says He Has Quite a Criminal Record Which Extends Over Period of Several Years

The following cases were given a hearing in police court this morning: Arden Vines, colored, charged with driving automobile in an intoxicated condition. Bound over to county court under \$200 bond, sent to jail in default of bond. Arden Vines, colored, charged with driving automobile in excess of the speed limit, and in a reckless and careless manner. Sentenced to 30 days to county roads.

A. T. Mattox, colored, charged with driving automobile in a reckless and careless manner and not having sufficient brakes. Allowed to pay \$23.60 in settlement of damages and cost.

Herman Price, colored, charged with possessing intoxicating liquors for the purpose of sale. Bound over to county court and sent to jail in default of bond.

Lennie L. Stocks, white, from Ayden, N. C., charged with driving automobile in excess of the speed limit and in a reckless and careless manner and running into and damaging automobile of A. B. Ellington. Fined \$15 and cost.

The Mayor Says Did You Know? That a petition is being circulated for the pardon or parole of one Warren Bell, who was convicted in 1921 for car robbery and for receiving stolen goods, and sentenced to five years in the State penitentiary. This man has quite a criminal record in the courts, having been convicted on several occasions for dealing in intoxicating liquors. His record extends over a period of several years and as a violator of the prohibition law he has been a constant menace to the community and quite troublesome to the officers. His wife who is circulating this petition has also been convicted for violating the prohibition law.

The foregoing facts concerning this criminal are given for the purpose of putting the public on guard as to just who is asking for a pardon or parole and the character of man seeking to be turned loose on the public. Being in possession of these facts and as an official charged with enforcement of the law, I feel it my duty to issue this warning to the unawares, who no doubt will be asked to sign this petition.

Under the Fordney tariff law, Mr. Mondell said both imports and exports have increased and "as a result of good business management of the nation's affairs" the country's gross debt was reduced from \$26,594,267,878 on August 31, 1919, to \$22,715,338,730 on February 28, 1923. In three years, he said, "we have reduced the national debt as much as it was reduced between the close of the Civil War and the beginning of the World War." The nation, in the fiscal year which ended last June 30, met all expenditures out of revenue. Mr. Mondell added, and had a balance of nearly \$300,000,000.

REPUBLICAN HOUSE LEADER BRAGS ON RECORD OF PARTY

Mondell Says That Congress Didn't Have Time for Consideration of Ford Offer

Washington, March 11.—(By Associated Press.)—A law and a half a day for 624 days was the record of the 67th congress, Frank W. Mondell of Wyoming, retiring Republican House leader, said in a statement inserted today in the Congressional Record. In addition to 923 measures enacted, Mr. Mondell said, 144 bills provided by the House have failed in the Senate, adding that "it ought to be order in the House to discuss rules or lack of rules in the senate under which a minority, and frequently a small minority of the Senate, can prevent action on highly important legislation which the House has considered."

Declaring there was not sufficient time "which might have been utilized" for consideration of the Ford offer for Muscle Shoals, the retiring majority leader said if the "offer had been by any one but Henry Ford, it would have been smothered in ridicule."

"The clamor on behalf of the Ford offer," he said, "is predicated almost wholly on the groundless assertion that if the Ford offer is accepted Mr. Ford will furnish the farmers of the country with cheap fertilizers. The only possible explanation for the attitude of certain gentlemen favorable to the Ford offer is that they are exceedingly anxious to have a great industrial center established in the section in which Muscle Shoals is located, and they are perfectly willing to have the government make a contribution of \$100,000,000 and grant a 100-year lease on ridiculously favorable terms to the lessee." Mr. Mondell enumerated a long list of measures enacted, calling special attention to these:

The tax revision bill, "reducing the annual tax burden nearly a billion dollars," the Fordney tariff act, "under which the nation's labor and industries are protected," the maternity bill fits the national highway act; the immigration restriction act; the "acts to prevent profiteering in coal and providing a coal fact-finding commission," the foreign debt refunding measures; the budget law; the agricultural credits bill; the law returning certain alien properties; the bill creating additional federal judges; the packer control act; the grain futures trading law; the anti-narcotic laws; the naval scraping bill, the peace resolution and various measures for the welfare of World War veterans.

Under the Fordney tariff law, Mr. Mondell said both imports and exports have increased and "as a result of good business management of the nation's affairs" the country's gross debt was reduced from \$26,594,267,878 on August 31, 1919, to \$22,715,338,730 on February 28, 1923.

In three years, he said, "we have reduced the national debt as much as it was reduced between the close of the Civil War and the beginning of the World War."

The nation, in the fiscal year which ended last June 30, met all expenditures out of revenue. Mr. Mondell added, and had a balance of nearly \$300,000,000.

With the Fashion Show this week, and the Eastern Carolina Exposition next week, great times are predicted for this community.

We wanted nothing in return for our part in the World War and that is exactly what the ex-service men are getting.

The boll weevil will not be as victorious in this section as he contemplates, as the farmers are preparing for his coming by planning to plant cotton early.

The term "old maids" lost its harshness when the preacher called them "unasked for blessings." Perhaps some one will be kind enough to suggest something soothing for "mother-in-laws."

As Mutt and Jeff never appear without gloves, they can't have the pleasure of having "gloves off" in any kind of controversy. Just why they wear gloves is only known to Bud Fisher—and he is guarding his secret well.

The Sixty-Seventh Congress was almost a failure, the Sixty-Eighth Congress may be just as bad, but for the present the country will have nine months of relief, for which everyone is indeed grateful. There is one consolation, the future can't be much worse than the past, so let's enjoy the present.

Perhaps some day, people will realize that the Great Maker didn't intend for them to be "spiders" and "flies." Everything has a place and when a person tries to become a "human fly" or "human spider" he is only flirting with death and the man who succeeds in his stunts can count himself fortunate.

If the members of the Legislature could have seen how the appropriation to the Eastern Carolina Teacher's College was received by the young ladies of the school, we are convinced that they would have wanted to double it had such been possible.

Declares Tanlac Ended His Stomach Trouble and Built Him Up 25 Pounds

M. E. Cox, of Haysville, Ga. values

ed employee of a large Oakland City manufacturing concern, is still another who declares he has found the Tanlac treatment a safe and sure road to health, strength and working efficiency. In telling his experience he said recently:

"For three years I suffered from stomach trouble and was in an awful run-down condition. I had indigestion so bad I could not eat anything but what it caused the worst of pains in

my stomach. My nerves were all up done, and altogether I got no rest day or night, and could do no work. "When I started on Tanlac I weighed a hundred and twenty pounds but now I tip the scales at one hundred and forty-five, a gain of twenty-five pounds. After taking seven bottles of Tanlac I am sound and well, working every day, and I am glad to make a statement for the good it might do others."

Tanlac is for sale by all good drug stores. Take no substitutes. Over 35-million bottles sold.

Y. W. C. A. SERVICES CONDUCTED BY THE FRESHMAN CLASS

On Sunday evening, March 11th, the Freshman College class gave a very interesting and effective musical program. Ten of the members, all dressed in white, marched to the music of "Follow the Glean" and continued after their entrance until they completed the song.

The vice-president of the class, Margaret Smith, had charge of the service and gave as their topic, "To Live As a True Follower of Jesus Christ." As a sub topic, "Following Him Through Music."

read, which was the 98th Psalm. After this the following program was rendered:

Piano Solo—Elizabeth Thomas.

Reading of the early Biblical Songs.—Christian Vick.

Sketches of a few of the lives of the most important song writers—Kathleen Dale.

Chorus—by the class.

Violin Solo—Jenette Wedmore.

Vocal Solo—Annie Mae Edwards.

TROOP TWO NOTES.

Troop Two was host on Thursday night, March 8th, to parents and friends of the troop.

Exhibitions were given of Scout activities. In the contest between patrols for the prize-winning stunts, the Eagle Patrol led by Harry Waite Perkins, was successful and won the honor of ranking as Patrol No. 1 for this year.

After a talk by Mr. Rose on the history of scouting in Greenville, the guests were invited into the dining room of the club, where punch was dispensed by Misses Benton and Reaves.

On Wednesday afternoon the troop will have its first annual track meet at the fair grounds. Mr. Duncan of the high school faculty will be in charge of the meet which promises keen competition as troop letters are to be awarded the five highest point winners.

Scouts are hereby notified that Mar. 15 is the last date set for the passing on tenderfoot tests.

Geo. Williams to Malissa Hardee, both of Greenville.

MRS. M'ADAMS WILL PREACH ON "THE DEVIL GAMBLING ON GOD'S PEOPLE" TONIGHT

The services all day at court house were splendid and a deep interest manifested. Last night the altar was filled with penitents seeking the Lord and several surrendered their lives to God.

The services for Tuesday night will be changed from the court house to the Methodist church and Wednesday night back to the court house. By the last of the week we want to be able to be under the tent again, and next Sunday afternoon we will have a special service for the sick. A sermon will be preached on "Divine Healing," and then we will anoint with oil as James tells us in the Bible. We don't fight doctors or medicines either. Come and hear and bring your sick folks and friends. We want to make the last of this

meeting the best. We are thankful for the many open doors for prayer and the many business places and we hope many will yet invite the prayer meetings. Prayer brings a blessing to any man's place of business.

Hear the subject tonight. The prayer meeting Tuesday morning will be held at Lorraine's Beauty Shop, Fourth Floor National Bank Building on Tuesday afternoon at 3:30 o'clock at the home of Mrs. Jesse Baker on Cotanch street and Mrs. Will Hooker on Fifth street.

Deeds of Transfer.
The following deeds of transfer have been filed since last report:
