AMBITIOUS CAMPAIGNERS ARE MAKING LAST TWO DAYS OF THE OPPORTUNITY PERIOD COUNT IN SUBSCRIPTION DRIVE

Quarter of a Million in Extra Vote Coupons Is Causing Strenuous Effort on Part of Live-Wire Workers Who Are in the Race to Win

PUBLIC INTEREST GROWS STEADILY

Everybody Loves a Race and There Need Be No Idle Watchers in This One—All Can Help in Selecting the Winners

With only two more days of the Opportunity Period the wise campaigner is making every minute count and rallying as many friends as possible to aid in securing a strong lead in The Reflector's big subscription drive. It is comparatively easy to secure the \$50 in subscriptions necessary to earn the quarter of a million in extra vote coupons and this gives the worker an advantage that will be hard to overcome by any who fail to secure these five coupons. Subscriptions will count as heavily at any other time during the campaign, so these two days will be busy ones with the workers.

Every candidate has friends upon whom they should not hesitate to call for support and assistance. It will be a pleasure for a real friend to help, because everybody loves a race and in this race there need be no idle watchers—all can take part and help select the winner. In this connection, we want to again stress the importance to the campaigner of each citizen extending financial aid when first approached. If the worker has to call on a prospect more than once it reduces just that much the opportunity for seeing others and time is precious to the ambitious campaigner. He helps twice who helps quickly.

The prizes are all worth working for and there is not a single man or woman, girl or boy, in Pitt county who would not like to have the pleasure of knowing that he or she helped a friend earn the Oldsmobile, the Star or one of the other awards. The campaigners are all showing "pep" and ambition and deserve the support of the public generally.

Candidates are requested to report promptly on Wednesdays and Saturdays, in order that the new subscribers can be entered on the list and the paper started. If a subscriber is delayed beyond a reasonable time he is liable to get impatient and this will work against the campaigner in the race. Let us hear from you twice a week, at least.

INTENSE EARTHQUAKE IS

RECORDED IN DALMATIA

Rome, Mar. 15.—(By Associated Press.)—A heavy earthquake at a point not far distant was recorded at Naples and Foggia today. The shock was so intense that it damaged the recording instruments. A dispatch from Florence says the observatory there recorded reported an earthquake centering in the Dalmatian Zone across the Adriatic sea.

Washington, March 15.—(By Associated Press.)—An earthquake of moderate intensity and lasting about thirty minutes was recorded on the Seismograph instruments at Georgetown University today. The distance was estimated at about sixteen hundred miles from Washington and the direction was believed to be South.

WORK OF CHECKING UP ON TAX PAYERS HAS BEEN STARTED

Says Churches Would be Well Off if Money Had Been Given That Tax Payers Claim

New York, March 14.—(By Associated Press.)—With tomorrow the last day on which Federal taxes may be paid on last year's income, the government today began jacking up citizens alleged to have failed to report their entire receipts in other years.

While last minute returns for 1922 were pouring into internal revenue officers this afternoon, a Federal grand jury in Manhattan indicted John T. Hedrick, famous "code of practice" lawyer, exposed by the Lockwood legislative committee, which investigated the building trust on a charge of perjury. It was alleged that the lawyer had reported an income of only \$24,560 for 1919 with taxes of \$221,000 whereas his income was \$50,661 on which he should have paid \$5,370.

At the same time the Federal grand jury in Brooklyn indicted Frank Czislak, a real estate operator and stock promoter, for alleged failure to report his entire income in 1920. It is alleged that the promoter owes the government \$1,952,000 on an income of about \$3,000,000.

Collectors of internal revenue in this district, the financial heart of the nation, who wrestled with vast heaps of mail paused long enough in their labors to announce that they would stay open until midnight tomorrow for late returns and to make caustic comment on some of the first returns that had been inspected.

Collector Rafferty, in Brooklyn, casting his eye on contributions to churches and charitable institutions which are exempt from tax, said that if these institutions had received all the gifts credited to them by tax payers they would need no more funds this year at least.

Meanwhile announcement was made that the government was six years behind in auditing returns and that expert accountants were urgently needed.

NINE KILLED IN ALMSHOUSE FIRE NEW YORK STATE

Seven Women and Two Men Lose Lives in Early Morning Fire in Allegany County

Angelica, N. Y., Mar. 15.—(By Associated Press.)—Six women and two men perished when the Allegany County Almshouse, located on the outskirts of this village burned early today.

The fire started from a gasoline explosion in the basement of a two-story wooden structure where twenty-four women patients were quartered and quickly spread to the administration building.

Charles Hanbon, head stableman lost his life in an effort to rescue the women inmates. A night fireman, whose name was not learned, was killed by an explosion; six women were cremated in their beds and another was killed in a leap from an upper window.

MORE TROOPS ARE TO BE SENT INTO THE RUHR VALLEY

French Are Warned by the Germans That Resistance is Imminent

Berlin, March 14.—(By Associated Press.)—"Thunder hangs in the air between the Libbe and the Ruhr, writes the Elberfeld correspondent of the Allgemeine Zeitung, and if it ever breaks, woe to the French and woe to all Europe."

The correspondent says the Westphalian as a man of few words but when he does begin to speak, action is not far off and adds that unless recently the Westphalians have kept their feelings to themselves realizing that "the whole country is swarming with spies."

The inhabitants of the Ruhr have even gone as far as threats, which is evidenced by an incident which he relates as follows:

The labor unions at Bochum protested against the sharpening of the state by seige. The French general invited them to use the city half to explain their reasons to him and to hear vindication of his measures; thereupon they interrupted abruptly declaring they did not care anything about that—all that made no difference to them—they told him, and added: "We have borne it long enough; it will not go much longer. And one thing is certain; for you general, it is turning out badly. Do not forget that we have dynamite in our mines. Remember that and if it ever goes off—goodbye."

More Troops.

Dusseldorf, March 14.—(By Associated Press.)—Additional troops are to be sent into the Ruhr, it was announced today, to assist in coal seizures which will begin tomorrow. More troops will be dispatched if it is necessary to augment the forces attached to the engineer's mission.

Bodies to France.

Buer, March 14.—The bodies of the two French soldiers who were slain here Saturday night were conveyed to the railroad station today for transportation to France. There was an imposing military demonstration of 5,000 troops. The rathaus, where the bodies lay heaped with flowers, was flanked with tanks and infantry with fixed bayonets and cavalry with drawn swords were massed in the square fronting the building. General De Gonetie, the French commander who followed the relative in the funeral procession made a brief speech at the station. All the shops were closed by order of the French authority. Very few Germans watched the cortege, but all bared their heads.

Mr. F. R. Elmore spent today in Rocky Mount.

LARGE CROWDS HERE FOR CITY'S INITIAL

A Big Dance Beginning at 10 O'clock Will Conclude the Day's Activities

No previous one day event has ever attracted as a large a crowd to Greenville as is here today for the city's initial Spring Fashion Show and Automobile Show, which opened at 2 o'clock this afternoon and continues with a second performance tonight. This will be followed with a big dance beginning at 10 o'clock.

The Merchants Association under whose auspices the show is presented is due much praise for what has been accomplished in their first efforts in displaying the newest ideas of America's and Paris' best known designers of wearing apparel for both men and women. From a standpoint of beauty and style the showing has never heretofore been equalled by any city of the eastern part of the State, and those coming here for the occasion will include many representatives from some of the best and largest stores of North Carolina.

The decorations which are furnished by Mr. Jack Lyle, who has this special feature in charge, could not be improved upon, and has contributed a large part to the general appearance the show presents. The lighting and electrical effects which are beautiful are furnished by the Smith Electric Company, of this city and would do credit to a like event in some of the metropolitan cities of our country.

The several business houses participating have gone to much trouble and expense, but the success which the show is enjoying should cause each and everyone to feel they have been fully repaid for their efforts.

CONDITION OF BISHOP DANIEL TUTTLE REPORTED UNCHANGED

St. Louis, March 15.—(By Associated Press.)—The condition of Bishop Daniel Tuttle who is critically ill with influenza is reported unchanged. The 86 year old prelate is resting easy. During the past week the Bishop has amazed the attending physicians by his strong vitality rallying from several relapses during which he was said to be at the point of death.

EVERYTHING READY BIG EXPOSITION IN WILSON NEXT WEEK

Queen's Contest Center Much Interest Will Take Place Thursday Evening

Everything is ready for the big Exposition to be held at Wilson, N. C., March 19-25th, under the auspices of the Eastern Carolina Chamber of Commerce. The program has been completed and nothing remains now, but to open the doors and let the crowds file in, and the indications are, there will be sufficient crowds the very first day, to convince anybody that Eastern North Carolina is yet alive. The full program is listed below which is composed of some of the most prominent talent, both political and musical in this entire country. No body within 100 miles of Wilson should miss this big event.

Eastern Carolina Music lovers have a real treat in store for them on the opening day, when Anna Case, America's Premier Soprano, will give a recital afternoon and evening.

Yarborough's band will be a big feature every day and night during the week. Two concerts daily will be given by him, including his special solo work of both vocal and instrumental. These concerts alone are worth the price of admission.

Parades Monday and Friday. The big Exposition will open with a parade on Monday afternoon at 2 p. m. and from the interest that is being manifested in this, there will be a large number of entries. The prizes are as follows: First \$100.00, second \$75.00; third \$50.00. Governor Morrison will lead the parade.

A school parade will be staged Friday at 2 p. m. An effort is being made to get all the school children from several counties to have trucks loaded with school children in this parade. Wilson and Wilson county schools will participate 100 per cent. The prizes for this parade are as follows:

For the schools outside of Wilson City schools that brings the largest percentage of her pupils to the parade, will be given \$50.00, second, \$25.00; third \$15.00. For the grade in the city schools of Wilson that puts on the best parade, will be awarded \$25.00, second \$15.00; third, \$10.00.

The Hon. John Temple Graves will be on the program Tuesday night March 20th instead of Hon. Wm. G. McAdoo as previously announced. Mr. McAdoo's business affairs in Los Angeles made it necessary that he cancel his engagement. But the people of this entire section have a rare treat in store, for Tuesday night, John Temple Graves is well known as an orator in the country as any other man, possibly unless it is William Jennings Bryan.

Arrangements have been made to have a monster style show Tuesday night or Thursday night. Living models will be used to show off the many new things that the department stores have to offer in Eastern Carolina. This is a real treat.

The Exposition feels fortunate in being able to book Mrs. Lois Long Riker for a concert Wednesday night. Mrs. Riker is a Carolina product and has gone to New York and made good in the musical world as a Soprano. Her many friends in this section will be on hand to give her the glad hand.

Queen's Contest.

Thursday afternoon and evening the various Queens that will be sent from Eastern Carolina will be voted on. The out of Wilson queen receiving the largest number of votes will be presented with a \$500.00 diamond ring on Friday night and officially crowned. A separate contest is on for Wilson girls and a \$500.00 diamond ring will be presented to the Wilson winner also, and she will be crowned Friday night along with the out of town girl.

Saturday the people of Eastern Carolina will be fortunate in having Dr. A. M. Soule, president of the State College of Agriculture of Georgia, to address them Saturday morning at 11 o'clock. Dr. Soule has just returned from a trip to South America where he has gained some wonder-

PRESIDENT HARDING AND PARTY HAVE ARRIVED AT MIAMI

After Battle With Sand Bar Houseboat Pioneer Slips Quietly Into Harbor

Miami, Fla., March 14.—(By Associated Press.)—President Harding slipped quietly into Miami today and had a round of golf, was entertained at luncheon by Carl G. Fisher, formerly of Indianapolis, but now one of Miami's leading citizens, and then spent the late afternoon and night aboard the houseboat Pioneer anchored off the Flamingo Hotel dock.

Thus what had been expected to be one of the busiest days the President has had since beginning his vacation trip a week ago turned out to be one of the quietest. Perhaps the rain—the first encountered by the Presidential party on the trip and the first Miami has had in several weeks—had something to do with it, but it was largely due to a general recognition by the President's friends that he desired rest.

None of the political conferences foreseen in some quarters occurred today and the only thing approaching a conference was a talk the President had with Attorney General Daugherty after luncheon. Even it was understood to have been wholly informal.

Little opportunity for conferences, either political or non-political, is offered by the tentative program mapped out for Mr. Harding tomorrow. Should the weather clear and there was every indication tonight that it would, the Presidential foursome plans another round of the Flamingo course where today's game was played and then for departure of the men of the party on a fishing cruise down the coast to Coccollo Bay. The President has been told of the sail fish and barracuda fishing in those waters and was said today to be quite anxious to try his luck.

The fishing trip, if made, probably will be in a fast motor launch so that the return could be made tomorrow evening. Mrs. Harding does not plan to take the trip and undoubtedly will remain aboard the Pioneer with her hostess, Mrs. Edward B. McLean.

Seeking to hasten the President's arrival today, Mr. Fisher went up the bay to meet the Executive in his speedboat, Shadow VI, the winner of a number of races held in Miami waters. The President readily consented to return with Mr. Fisher and in a few minutes he and his golf companions were put on the docks here while the Pioneer was being slowly towed down the bay by the motor yacht Terragon, used during the cruise by the secret service.

Mr. Fisher entertained the President and the men of the party at a luncheon on one of the Flamingo Hotel verandas, and after luncheon Mr. Harding went up to the apartments of Attorney General Daugherty whom he found greatly improved but still not yet in condition to resume the duties of administering the Department of Justice.

R. F. & P. RAILROAD SEEKS PERMISSION PAY DIVIDEND

Washington, March 15.—(By Associated Press.)—Permission to pay stock dividend of \$5,417,000 was sought from the Interstate Commerce Commission by the Richmond, Fredericksburg and Potomac railroad today.

ful information as to financial relations as affecting the South.

Dr. B. W. Kilgore, director of the Extension service of North Carolina will speak in the afternoon on something vitally important to people of the Southland.

From every angle you look at this big occasion it looks good. As a development measure for Eastern Carolina, it is possibly unsurpassed. As an advertisement for the section, it can't be beat. As a time for real wholesome amusement, it has no equal. If you are interested in any of this, make your plans to attend at least one day, the opening day and you will be found around there every day thereafter.

That spring is rapidly approaching is evidenced by the announcement that the coal shortage is about over. Better late than never.

The announcement that the Board of Directors of the State School for the Blind are planning for the erection of new buildings will be received with genuine delight throughout the state.

Von Hindenburg says that Germany does not want war, but in view of the present trouble in the Ruhr that Germany cannot deny the truth of Schiller's words, when he said that the most peaceful person cannot live in peace if a wicked neighbor does not wish it.

ABOUT BASEBALL THIS SUMMER: Spring-like sunshine and gentle breezes are calling the attention of Greenville people who are interested in baseball—and that includes practically the entire citizenship—to the fact that the East Carolina League, as organized last summer, is out of commission and to the further proposition that if this city is to be afforded the opportunity of seeing games this season it is time to bestir themselves and organize.

Kinston fans have taken the initiative and called a meeting to be held in

that city Saturday for the purpose of discussing the situation and setting in motion plans for reorganizing Greenville has been cordially invited to be represented at this confab and it behooves this city to arrange for a representation that will be empowered to speak for the lovers of the national sport here.

Press dispatches from Kinston announce that Greenville is being counted on as a practical certainty in the reorganization plans and it is to be hoped that our fans will not disappoint the promoters.

At least, let's get busy here and see that Greenville is well represented in the meeting. That is the first step. Then whatever plans that are proposed at this conference will be discussed fairly and there appears to be slight room for doubt as to the outcome of the discussions.

Judge Horton sounded a great truth when he said that the only place for a man who now deals with liquor in North Carolina is on the roads. If more were put on the roads and fewer made to pay fines, no doubt a great change would take place.

TRACK MEET-LITERARY CONTEST: The Second Annual Public School Track Meet, sponsored by the Greenville Rotary Club and also the Second Annual Literary Contest, sponsored by the Greenville Kiwanis Club, which will be staged in this city on Easter Monday, promises to be a great success.

Thirteen events for the boys and six for the girls will give everyone participating a good chance to win either first place or second place.

Every school in the county is practicing in preparation for the event and that the contest this year will be more exciting than last year goes without saying.

The Proof of Your Method Is the Cotton You Raise

And I raised 604 bales on 812 acres in Burke County in 1922. (This was 4% of the crop for my county, on 1% of the planted acreage.) I was enabled to do this by protecting my cotton with "Hill's Mixture," preventing the boll-weevils from getting one pound of my cotton!

You Can Raise Cotton

If you'll protect your crop with HILL'S MIXTURE—economical, efficient and the easiest boll-weevil poison to apply, on the market today.

Hill's Mixture is a liquid poison, composed of calcium arsenate, molasses, water and secret ingredients which form a combination that we are convinced, from results obtained, attracts the boll weevil.

I'm a practical Georgia farmer, and spent \$23,000 in money, and five years in time on my Burke County plantations, in an effort to perfect a poison that would protect my cotton from the Boll-weevil. Hill's Mixture is the result, and in the past two years the boll weevil has gotten practically none of my cotton.

Six gallons will give protection to an acre of cotton. Compare this with the cost of dusting.

The molasses in Hill's Mixture acts as a binder, and a rainfall of less than a half-inch has little effect on it! It can be PUT ON ANY TIME OF THE

DAY, and requires no machinery for its application. Make a mop out of a stick with a rag tied on the end, and pass up and down the rows, touching the bud of each plant with the mop.

Unqualified Endorsement of Users!

Hill's Mixture was tried out last year by scores of farmers on thousands of acres of land, and EVERY-ONE OF THEM ARE GOING TO USE IT AGAIN IN 1923! Let me send you their letters endorsing it.

Hill's Mixture is mechanically mixed, every ingredient being put in in the exact proportion. None of the uncertainty of "mixing your own."

Hill's Mixture is sold in 50-gallon barrels. Secure prices from the agent whose name appears below.

ROUND TABLE CLUB HOLDS INTERESTING MEETING

(Reported.)

On Tuesday afternoon the members of the Round Table were delightfully entertained by Mrs. W. A. Tighman in her beautiful new home on Evans street.

After the regular routine of business, the district meeting was discussed. Our president, Mrs. Grant, urged that as many as possible attend this meeting to be held in Washington on April twelfth.

We were delighted to have with us as guests, for the afternoon, Mrs. J. S. Norman, Mrs. William McDonald, Miss Martha Adams and Mrs. J. D. Rogers.

For our literary entertainment first on the program was a reading, Dandier's, 'The Last Lesson in French' by Miss Louise Goggin, which was rendered so touchingly that it brought tears to our eyes.

Then Mrs. Leland Smith gave a splendid paper on 'Famous North Carolinians since the Civil War,' in a most entertaining manner which caused a lengthy discussion.

The hostess assisted by Miss Adams and Mrs. Norman served a sweet salad course with ice tea.

"NO MAN CARED FOR SOUL" WILL BE SUBJECT TONIGHT

The services last night was soul-stirring and a deep interest was manifested. Several came for prayer. The prayer meetings yesterday were splendid all day.

The subject last night on "Remember" was taken from the words of the apostle Peter when Jesus was on trial. When he denied his Lord he remembered, the words of Jesus when he told him, "Before the Cock Crows Twice, Thou Shalt Deny me Thrice."

The rich man in hell remembered his treatment to Lazarus. There will be no greater punishment in the last world than to remember the last opportunities of this life.

Prayer Meetings for Friday.

Friday morning at 10 o'clock at Mr. Savage's Stables, 3 o'clock Friday afternoon at Mrs. Brewer's on Paris avenue and Mrs. Will Hooker's Fifth Street.

FATHER OF REV. WALTER PATTON DIES AT HIS HOME IN CALYPSO YESTERDAY

A message has been received by friends in this city announcing the death of Rev. Walter Patton's father which occurred at his home in Calypso yesterday.

Rev. Walter Patton was a former pastor of the Methodist Episcopal Church, of this city, and has a host of friends who will sympathize with him in this, his second great sorrow, within the past two weeks, his mother having died only a few days ago.

PANTHER PATROL WINS TROOP TWO TRACK MEET; RICE WAS INDIVIDUAL STAR

The Panther Patrol ran away with the honors in the track meet put on by Troop Two at the Fair Grounds yesterday afternoon. With Rice, their patrol leader scoring a total of 42 points, they won handsily over the Wolves, who scored 36 points and the Wildcats and Eagles who ran up 24 and 8 points respectively.

The five highest point scorers were, besides Rice, W. Hearne with 20 points to his credit, F. Forbes and Albin Dunn who tied with each other for third place with 19 points, and Overton who ran up a total of 18 points.

The meet was conducted by Coach Duncan of High School who was assisted by the high school track managers, Leslie Humber and Charles Forbes. Other high school boys who helped conduct the meet were Berry Jenkins, Joe Taft, and Wesley Harvey.

Rice showed to best advantage in the jumps and dashes. The Wolves scored heavily in the relays, while the Eagles took first place in the sack race when Harry Perkins won in a walk.

The twelve events which are to be run at the County Track Meet in April were put on in order that the boys might get practice in the different events in which they are entered. The five highest points scorers are to be awarded troop monograms for their work of yesterday.

Queer Feelings

"I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky., "and suffered a great deal. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I took several bottles . . . and was made so much better I didn't have any more trouble of this kind."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal female tonic. It should help you.
