TOMORROW NIGHT CLOSES FIRST STAGE OF BIG SUBSCRIPTION CAMPAIGN; EASY TO SECURE LARGE EXTRA VOTE COUPONS

With the Quarter of a Million in Extra Votes Secured, Ambitious Campaigners Can Face Future Serenely

A FULL DAY FOR ACTION REMAINS

And Much Can Be Accomplished Ere the Close of Opportunity Period Tomorrow Night—Friends Should All Help Now

Now comes the crucial test in the Daily Reflector's big subscription campaign. Tomorrow night will see the close of the Opportunity Period and those campaigners who have then failed to secure the five coupons entitling them to the quarter of a million extra votes will face the necessity of more strenuous effort during the remaining week of the drive to overcome the handicap, because it will require a great deal more subscriptions to secure that number of votes.

But the campaigners have a full day yet before the period ends, and an ambitious worker can accomplish a whole lot in a day. It behooves each campaigner to call their relatives and particular friends into conference with them tonight and map out a plan of vigorous action that will carry them over the top tomorrow night. It doesn't require much in the way of money—just \$50, and there is not a single candidate in this campaign who cannot call upon a few of their intimate friends and well-wishers for that amount in subscription.

Let not tomorrow's slowly setting sun go down and leave this task undone. Turn in at least enough to secure the quarter million extra votes, and then next week is another time. The prizes are all well worth working for. Read the list once more and see how rich is the reward for the work required:

- First—Oldsmobile, purchased from the Sugg Motor Company and on display at the company's garage.
- Second—Star touring car, purchased from the Perkins Motor Company and being used in the campaign. Can be seen on the streets every day.
- Third and fourth—Ivory bed room suite and mahogany living room suite purchased from and on display at Quinn-Miller & Company.
- Fifth—Diamond solitaire ring, purchased from W. L. Best, jeweler.
- Sixth, seventh, eighth and ninth—Elgin watch bracelets.

Any worker with "pep" and energy can enter the campaign now and win either of the prizes. All that is needed is an earnest effort. Nominations are still in order and the Campaign Managers can give the information needed to any lady or gentlemen who desires to enter the lists now but do it today.

STUDENTS AND TEACHERS OF NORMAL SCHOOL ARE SICK FROM EATING POISONED RICE

Shanghai, Mar. 16.—(By Associated Press.)—Twenty-seven students and teachers at the Normal School at Harehow are dead and ten more are in a precarious condition as the result of eating rice saturated with poison by two disgruntled cooks who had recently been discharged, according to official investigation.

THE INCOME TAX RECEIPTS THURS. OVER A MILLION

Returns Are Sufficiently Complete to Assure Large Increase Over Last Year

Raleigh, March 16.—The State Department of Revenue yesterday broke for the first time into the million dollar class. The heavy rush of last minute returns prevented any exact tabulation of figures but Chief Clerk Stedman Thompson stated that the bank deposits of the department for the day ran into seven figures, being a little over the \$1,000,000 mark. Million dollar days are not a novelty with Gilliam Grissom, United States Collector, but yesterday the jovial collector did a two million dollar business, which is decidedly out of the ordinary.

The time for filing income tax returns, both federal and state, expired last night at midnight but as the time of filing is determined by the post mark on the letter containing the check rather than on the time of its receipt by the tax gatherers no definite information will be available a either office until Monday and over the figures will not include about 3,000 extensions granted at each office which include some of the largest taxpayers in the State.

However, returns are sufficiently complete at both offices to assure a large increase over last year both in cash and the number of returns. Collector Grissom is of the opinion that no tax district in the United States has ever been as thoroughly canvassed as has the district of North Carolina this year. The collector has secured every available list, including those of commercial agencies, rosters of organizations, etc., and from these has compiled a gigantic list of 150,000 individuals to whom blanks for filing returns of incomes were sent this year, the number receiving blanks being about three times the number paying tax last year.

The federal government allows \$2,500 for a married man and \$400 for each dependent while the similar State allowances are \$2,000 and \$200, respectively. Last year the federal government collected \$23,000,000 in income taxes in the State, or about ten times the amount received by North Carolina from the same source. Collector Grissom handled 52,000 returns last year, divided almost equally into taxable and non-taxable while the State department received 27,000 taxable returns from individuals and about 3,000 from corporations while the non-taxable returns made out two-thirds that number.

The law making any information about a man's income a confidential matter stands in the way of any extended co-operation between the two departments, but the lists sent a each postmaster by the federal collector, in which those paying and not paying taxes are listed in separate columns, is available to the State authorities. Any specific information about individual cases, however, is obtainable only from the Commissioner of Revenue in Washington.

ONE FRENCH SOLDIER KILLED AND THREE WOUNDED WHEN TROOP TRAIN IS WRECKED

Dusseldorf, Mar. 16.—(By Associated Press.)—One French soldier was killed and three soldiers and three French railroad men were injured when a troop train was wrecked near Treves in the Rhineland as a result of sabotage.

DUSSELL DIVORCE CASE STIRS LONDON

Mrs. John Hugo Russell and Son.

British society is stirred to the depths by the trial of the sensational divorce suit which the Hon. John Hugo Russell, son and heir of Lord Ampthill, former Viceroy of India, is bringing against his beautiful wife, denying the paternity of her child. A former suit brought a verdict for Mrs. Russell from which the husband appealed.

JUNIUS MOORE GETS ANTI-RAT CAMPAIGN NEW TRIAL ORDERS WILL BE BROUGHT TO THE SUPREME COURT CLOSE HERE TONIGHT

Sentenced to Penitentiary for Twenty Years for Murder During January Term

Among the list of opinions handed down by the Supreme Court in session in the Capital City during Wednesday, was included two cases sent up from Pitt county.

One of these was the case of Junius Moore charged with the killing of another negro at a big dance given in the city more than a year ago. At the hearing in Superior Court with Judge Grady presiding at the last January term, the jury rendered a verdict of second degree murder and Moore was sentenced to twenty years in the State penitentiary at hard labor. From this decision the defendant through his attorney filed notice of appeal which was granted. The higher court ordered a new trial, which will very probably come up at the next criminal term.

The other case was that of Hudson vs. King, which developed in Chicod township following a claim of delivery served for the plaintiff for a plow. The local court and jury allowed Hudson the amount of \$4.00 from which verdict the defendant appealed to the higher court with the result that the decision of the lower court was upheld without written opinion.

A. D. WATTS PLEADS GUILTY IN RALEIGH COURT YESTERDAY

Former Commissioner of Revenue is Fined \$100 for Immorality

Raleigh, March 15.—A. D. Watts, former commissioner of revenue of North Carolina, charged with immorality, today plead guilty in city court, and was fined \$100 and costs. The former official who resigned immediately after the police raided his apartments here in January, made no statement to the court other than to enter his plea of guilty. Two negroes, Grace Grantham and Robert McDowell, charged with aiding and abetting immorality in connection with the raid did not appear in court. Captas sent to Statesville for service on the negroes, have been returned and officials stated they believed the negroes had "departed for parts unknown."

Immediately after his resignation, Colonel Watts went to Statesville, where he entered a sanitarium. His case was called twice previously in the city court but was postponed each time on the plea of Watt's attorneys that their client was too ill to appear.

MISSISSIPPI TOWN IS DESTROYED BY SEVERE WINDSTORM

Town of Savage Wiped Out With Eight People Killed and Fifty Injured.

Memphis, Tenn., March 16.—Eight persons were killed and fifty or more injured in a storm which wrecked the village of Savage, Miss., late yesterday according to word received here from the storm swept area.

Memphis, Tenn., March 15.—Several persons are reported to have been killed and nearly two score injured in a wind storm which swept half a dozen towns and farming settlements in northern Mississippi late today, apparently taking its heaviest in the village of Savage, where virtually every building which weathered the tornado which struck that town two months ago was either destroyed or badly damaged.

About twenty-five persons are reported injured at Savage and two were blown into the Coldwater river with the wreckage of their homes. One of the injured at Savage, John Kerr, a merchant, was reported in a critical condition late tonight. The others are not believed seriously hurt.

Four negro farm hands were reported killed near Lambert. Property damage but no casualties is said to have occurred at Sardis and Hernando.

Relief parties left Crenshaw tonight for Savage.

Wire communications with the area over which the storm passed cut off and, up to a late hour tonight meagre reports brought to neighboring towns by messengers and train crews furnished the only information available.

Winners Will Be Announced and Prizes Awarded as Soon as County Reports Received

The Pitt County Anti Rat Campaign closes tonight. The winners of the prizes will be made known as soon as the county reports are received.

When Mr. Carr from the U. S. Biological Survey Dept., planned to put on the Campaign in Pitt County, he stated that it would be hard to find the rats after they had been poisoned, as they left the house in search of water. Number of the children have been disappointed in not being able to find more rat tails, but they can at least have the satisfaction of knowing they have tried their best. Fourteen rats were killed when the hot-dog tent was removed at Five Points.

Leland Forlines from Winterville is leading for the Pied Piper prize of the county.

Miss Mabel Barnhill, chairman of campaign in Bethel stated yesterday that every home in Bethel had received its proportioned amount of poison, and that the Junior Red Cross members of Bethel had totalled 85 rat tails.

Reports received by the Illinois Central Railroad here from a conductor of a train which passed through Savage early tonight stated virtually all buildings in the town of Savage except the residence section of the depot was either destroyed or badly damaged.

Several residences and a church were reported damaged at Phillip, Mississippi.

A telephone message from Crenshaw, Mississippi, stated that John Kerr, a merchant and planter at Savage, was brought to Sarah, a nearby town, unconscious.

Two of the injured, a man named Kidd and his wife, were brought to Crenshaw.

NATION-WIDE SEARCH MAY BE MADE FOR EDWARD YOUNG CLARK

Houston, Tex., March 16.—(By Associated Press.)—A nation-wide search for Edward Young Clark, former acting Imperial Wizard of the Ku Klux Klan to bring him to trial on a white slave charge was in prospect after his failure to appear in court yesterday. He is under a thousand dollar bond. He disappeared from his home in Atlanta, Ga., early this month. His present whereabouts are unknown even to his attorney they told the court.

FASHION REVIEW IS DECLARED BIGGEST SUCCESS OF YEAR

Nearly Two Thousand People In Attendance at Greenville's First Like Event

DAME FASHION'S LATEST THOUGHTS DISPLAYED IN AFTERNOON, NIGHT

Dance, Which Was Largely Attended, Concluded the Activities of the Occasion

Greenville's initial Fashion Review and Automobile Show which was staged here yesterday afternoon and night, proved without an exception the biggest success of any undertaking of the local Merchants Association since its organization.

During the afternoon and evening performances nearly two thousand people were in attendance. Many of these were attracted here from other cities and towns of the eastern part of the State, and each and every one that viewed the large variety of the newest offerings of Dame Fashion could not do other wise than admire the many costumes representing wear of the morning, afternoon, evening and the various other novelty garments for the occasions of each day. People in the city yesterday for the occasion from distant cities and states commended each and every one connected with the show and added that its equal among the southern cities of even a much larger population than Greenville is yet to be shown.

Each business house represented among the nearly a half a hundred models, could not have collected a number of ladies and young men from anywhere that would have displayed their costumes to better advantage. While every garment was taken from the merchants regular stock, it would appear to those not familiar with these facts, that a majority of the clothes were especially designed for the individuals who were modelling them.

The scene from which the display was made, was that of a beautiful garden with a stage setting in the rear. The surroundings were very attractively decorated with pot plants and cut flowers of a large variety, and together with the style colorings and color combinations of the Spring Season, the scenery made the appearance of that furnished only by nature.

The several booths were attractively decorated, and the showing made in these by the many merchants would have done credit to exhibitions of cities much larger than Greenville's.

The Merchants Association did not spare expense or trouble in presenting their first show, and their every effort has been crowned with success, which is a sufficient incentive to prove that a like event for the many seasons to follow should be even bigger, and grow until the city is recognized throughout the entire State as one of the principal style centers of the South.

Credit cannot be given any one individual of the association for what has been accomplished, but each and every one alike exerted their best efforts that the occasion may be one that will live long in the minds of those in attendance. In this connection the city and the association is due much appreciation to Mr. C. R. Palmer, a representative of Schloss Bros., of Baltimore, who being experienced in such displays, contributed much in the offering of suggestions that added much to the show.

Immediately following the show the dance began and this continued until 2 a. m. It was participated in by a large number of out of town people, and proved one of the most enjoyable for a long time.

There were several features connected with the activities of the day, principally among these was the music. The Olympians, an eight piece orchestra of Petersburg, Va., furnished music for both the show and dance, and between episodes five and six, Mrs. J. Knott Proctor accompanied by Miss Mary G. Berollet on the piano rendered two beautiful vocal selections. Mrs. Proctor possesses a soprano voice of unusual fine quality, and she never fails to please her hearers.

An unusual thing has happened in Washington. An American has joined the League of Nations and holds his American citizenship. He married Miss Nations.

A hot water bottle has accomplished great things—it fooled the doctors and gave its owner a great deal of publicity. It was a "warm way" to get free publicity all right.

Next week promises to be a most entertaining week for people of this section of the state who attend the Eastern Carolina Exposition in Wilson. It is "Our Exposition," and everyone should attend if possible. The larger the crowd the more successful the event will be.

One good thing follows another. Now that the Fashion Show is over, the next big event will be the Track Meet and Literary Contest which will be staged in this city on Easter Monday. It promises to be a great success.

That "mister nigger" loves the Stars and Stripes was evidenced by the response which the man received who wanted them to leave their happy homes, for the coal fields of the Ruhr. The fields here at home are good enough for them—and they haven't any idea of leaving them.

Conditions in the Ruhr between the Germans and French are getting "too hot" to be comfortable. The Germans' passive resistance has ceased to be passive, and France is still demanding reparations. The outcome is being watched with grave concern by the outside world.

The Fashion Review and Automobile Show staged in Greenville yesterday and last evening was a great success and too much praise cannot be given the merchants for their efforts in this, the first event of its kind ever held in this city. Competition was forgotten while cooperation was evidenced on every side. Perhaps never before in this section have more beautiful costumes been shown, and more interest manifested in one undertaking. It is to be hoped that the success of the first one will make it possible for others to follow.

MOTORCYCLE COPS. "Perseverance, thou art a jewel." We shall continue urging upon the authorities the need of motorcycle cops on the hard surfaced roads which lead from and to our city, until they become realities. Now that Spring and Summer are coming some people neither regard their lives or the lives of other people. They will delight in seeing just how fast they can drive. Motorcycle cops are needed badly and it is up to the proper authorities to see that this need is supplied. Don't wait too late to take action on the matter.

SPEED WAGON REO

MORE than 75,000 Speed Wagons are supplying haulage service in 263 lines of business, 100% satisfactorily. Simply because it delivers the goods quicker and cheaper than any other method of motor haulage! Figured any way, Speed Wagon economy is a tangible, provable factor. There's a remarkably low initial price on the chassis,—and on any of the twelve standard bodies. So interest charges are naturally low. Intake valves located in cylinder-heads; exhaust valves, offset; spark-plugs scientifically

placed; cooled to the point where gasoline energy is converted into power instead of heat dissipated through the muffler—this motor not only develops tremendous power for its size, but reciprocating parts are built to sustain excessive strain. Endurance for 100,000 to 500,000 miles of service is inbuilt in every Speed Wagon. A carrying capacity of 500 to 2500 pounds enables profitable pay loads and a low overhead. In city delivery,—on the farm,—in passenger bus service,—in rural hauling,—in any business where commercial carrying is a factor,—the Speed Wagon dominates.

Manufactured in the Big Reo Shops,—not Assembled! Capacity, 500 to 2,500 pounds. Chassis price \$1185. Twelve standard body styles.

"WILL YOU FAST FOR THE LOST OF GREENVILLE" WILL BE SUBJECT TONIGHT

Another splendid service was held last night. Tonight will be the last service at the court house and we want to thank the good people of Greenville for the use of such a good building through the cold winter months. Services will begin Saturday night under the tent at 8:45 o'clock. Services Sunday afternoon will be for the sick and suffering. All are invited to come. The sermon will be on "Jesus Healing the Sick in Greenville." We all have faith, that He did heal but can believe He will heal now. We do not fight doctors nor medicine but pray for all. The subject will be announced again Saturday.

The subject tonight will be "Strong Meat." Don't miss it.

A FRONT END POWER PLANT

From Cadillac, Michigan, city of lakes and lumber, comes news of the latest speed wagon achievement. Reo has been applied in many different ways as a stationary power plant, but Mr. E. B. Decker of Cadillac, comes through with a power idea that is both novel and valuable. As the photographs above clearly show, the power is taken directly from the front end of the crankshaft by means of a short extension shaft which is attached to the main crankshaft end with a collar and set screw. A wood silt pulley clamped to the extension takes the drive belt which connects with the saw rig drive pulley.

Mr. Decker purchased his speed wagon in August, 1921, and has been using it every day since for drying purposes and long distance hauling. The saw rig idea is one which he thought out especially for his own convenience in cutting his winter's supply of wood.

The method of power drive as adapted by Mr. Decker has several features which recommend it for sawing wood and other work approximating the belt strain induced by the average saw rig. The drive pulley being made of wood is light, eliminating undue strain on the front crankshaft bearing. The

Procrastination Steals More than Time

We all know the story of the man who didn't shingle his roof because the sun was shining and so it wasn't necessary. Of course, when it started raining he didn't like to climb up on the roof because he'd get wet. At the present time we find the sun still shining for the building trade. Even though building is already active, the railroads have already started planning embargoes. So once the rain starts the man whose roof isn't shingled is going to get wet—Even if he stays inside his house and smokes his pipe.

Railroad executives warn us "there is at present a serious transportation shortage and the shortage will become more acute." Already cement and other commodities are impossible to secure. Those who construct template building are reminded that car shortage and material shortage mean only HIGHER PRICES. The laws of supply and demand always raise prices. All building materials are steadily advancing toward time prices. Briefly, this sums up the problem before you. 1923 is here, a year of promise, a year of opportunity—we face it at present fully able to supply its demands, if you play accordingly. It promises to be a good year for all of us. But it promises to be a banner year for the far-sighted man. To this man we address the message: DO IT NOW—PRICES WILL ADVANCE—CONSIDER THE FACTS—

CANADIAN GOVERNMENT WILL CARE FOR WILD BISON

Ottawa, Ont., March (By Associated Press.)—A new national park for the conservation of wild bison, to be known as Wood Buffalo park, has been established by the Canadian government near Fort Smith, Alta. on the west side of Slave river.

The new park includes within its borders the habitat of two herds of wood bison estimated to number 2,000 head. These wood bison differ little from the buffalo that once blackened the prairies of the United States and Canada, but are said to be slightly larger and of a darker color.

The existence of a herd of wild buffalo about Great Slave Lake and the headwaters of the Mackenzie river has long been known but information regarding it was so vague that up to two years ago the American Bison Society in its annual census estimated its numbers at 500 head. An official of the Canadian government, while engaged in explorations near Great Slave Lake, saw a wild herd which he estimated at 1,000 head, and Indians informed him that a little farther north there was another herd of equal size.

As a result of this information, the Canadian government has established the new park as a perpetual pasture and breeding ground for these two wild herds. With the exception of a small herd still roaming the northern fastnesses of Yellowstone park, these are the only wild bison remaining in North America.

The bison population of the continent, according to an estimate of Dr. W. F. Hornaday, a recognized authority on the buffalo, once totaled 15,000,000, and its distribution extended from the Atlantic seaboard to a little west of the Rocky mountains.

The Canadian government herd in Wainwright park in Alberta now numbers nearly 7,000 head, or three fifths of all the bison in existence.

MORTGAGEE'S RE-SALE OF LAND.

By virtue of power vested in me by that mortgage which was executed to me on the 12th day of December, 1918, by G. P. Norcott and Rosa Norcott, and duly recorded in the register's office for Pitt county, in Book L-12, at page 424 (the bid of A. W. Hardee at a former sale having been raised as provided by law), I shall offer for sale, for cash to the highest bidder, at public auction at the court house door in the Town of Greenville, at 12 o'clock noon, on Friday, March 16th, 1923, the following described parcel of real estate lying, being and situated in the Town of Ayden, county of Pitt and State of North Carolina, to-wit:

RUSSIANS SEND TO MAINE FOR FARMERS BULLETINS

Orono, Maine, March (By Associated Press.)—An indication that many residents of Soviet Russia are joining in an effort to place their country on a self-sustaining food basis is seen by officials of the Maine agricultural experiment station in the fact that 841 requests for bulletins on scientific farming were received here from Russia during the past year. This was the largest number of inquiries received from foreign countries. Canada was second with 295 requests and countries in Europe, Asia, Africa, South America, Australasia and the East and West Indies were represented.

Farmers in all states in the Union receive bulletins at regular intervals pointing the way to successful agricultural practices. The station is engaged in research in the nutrition and breeding of plants and animals, control of plant diseases, and the study of insect friends and foes. Its studies of the laws of egg inheritance have developed information relative to poultry management which has been found useful by farmers in all parts of the country.

WOMAN JURORS ARE HARD ON THEIR SEX

Berlin, March (By Associated Press.)—German women, recently accorded the right to sit on juries in criminal cases, have shown an inclination to impose even more severe punishment than men, particularly in cases where the defendants themselves have been women.

"I always feel sorry for a woman defendant," said a Berlin judge commenting on woman's entry into the jury box, "when a majority of the jury is composed of the fairer sex. My experience so far has been that the women have less mercy than men, and hold out for verdicts accordingly."

Ever since Germany became a republic and women gained the right to the ballot, the question of permitting them to sit on juries has been brought up for discussion from time to time, there being many opponents to the advancement of women's right among the public generally and especially in the legal profession. It was long contended that women were too tender-hearted to listen to sordid details of criminal cases. But the women demurred to these contentions, kept up the struggle for admission as jurors and, after nearly four years have finally won their point.
