Miss Helen Joyner Is Declared Queen Of Exposition at Wilson

Local Young Lady Wins Compliments as Prettiest Girl of Eastern Carolina

WILL BE AWARDED DIAMOND RING AT THE CROWNING TONIGHT

Miss Randolph, of Kinston is Second Choice; Miss Blithe is Voted Queen of Wilson

Of the twenty-two young women, who entered the Queen's Contest in Wilson yesterday. Miss Helen Joyner, daughter of Mr. and Mrs. O. L. Joyner of this city received 1242 votes, and tonight will be crowned Queen of the Eastern Carolina Exposition. Miss Huldah Blythe won the most votes as Miss Wilson and she will also be crowned tonight. The event attracted quite a number of people from this city who went with the determination to see that Miss Joyner, the most beautiful young lady in the race, receive their vote. When she appeared on the stage, both afternoon and evening, the thousands who were present were so dazzled with the picture she presented that for a minute or two they held their breath and then the applause fairly shook the large warehouse. She was a perfect picture and her beauty even attracted people who went with the intention of voting for their home candidate. She was showered with flowers and every attention possible was given her. Greenville congratulates her queen and is proud of the fact that she was able to send such a representative. Miss Hilda Randolph, of Kinston, was in second place for candidate outside of Wilson, with a vote of 983.

RENEGADE INDIANS SEND FRIENDS TO OFFER SURRENDER

Willing to Give Up If Guarantees Are Given Protecting Lives of Warring Braves

Salt Lake City, Utah, Mar. 23.—(By Associated Press.)—Two friendly Navajo Indians brought the first truce proposals to Blanding from the warring Plutes, who have been besieged for the past forty-eight hours in the fastness of the Dark Tank country by a ring of armed ranchers. The Plutes sent a message by the Navajos stating that they would surrender if guarantees were given for the lives of the renegades who have terrorized southeastern Utah since the first of the week. United States Marshall Ray Ward will answer the warring Plutes after the return of runners sent out to get the views of the sheriffs of San Juan and Grand counties, who are in immediate charge of the posse.

FIXED DATE FOR EASTER ADVOCATED IN ENGLAND

London, March 23.—(By Associated Press.)—An effort is being made by a number of Englishmen led by Lord Desborough to obtain a general agreement on the question of a fixed date for Easter. Lord Desborough recently stated that a motion to this effect will be offered at the next meeting of the International Chamber of Commerce on the ground that the variance of Easter is inconvenient not only to business people, but also to the legal profession and to schools and universities. He will leave next month for Rome to ask the Pope to consider the matter. It is understood that the heads of the church of England have already been approached on the subject, but answered that they had not the power to change the present system.

AMERICAN HORSE WINS BIG BRITISH HANDICAP

Liverpool, March 23.—(By Associated Press.)—Sergeant Murphy, owned by Stephen Sanford, of New York, won the Grand National Steeplechase handicap, valued at approximately ten thousand pounds sterling, which was run over a course of about four and a half miles at Aintree. Sir Malcolm McAlpine's Shana Spadah was second and Major Dewhurst's Conjuror II, third.

KIWANIANS WILL HOLD CONVENTION ATLANTA IN MAY

Special Trains Will Include Nearly Five Hundred Kiwanians From Fifty Clubs in Canada

HIGHLANDERS WILL FURNISH MUSIC WITH FAMOUS BRASS BAND

Will Appear in Uniform of Scotch Kilts and Will Give Concerts in Towns Along Route

Atlanta, Georgia, March 23.—Probably the greatest "Canadian invasion" which ever has penetrated the United States and certainly the South, will be the delegation of Kiwanians which will visit Atlanta May 28, to 31, inclusive, when The Kiwanis International Convention is held. Several special trains are being planned for the trip, which will include nearly 500 Kiwanians from the fifty clubs in Canada. The convention was held last year in Toronto, when George Ross, commissioner of finance, of that city, was elected international president, and the Canadians will return the Americans' visit this summer by sending a record delegation on the long trip. One of the features of the Canadian invasion will be the famous brass band of the Forty-eight Highlanders' Regiment, which fought overseas throughout the war. The Highlanders will give concerts in many cities along the route, dressed in their uniform of Scotch kilts. Indications are that the Atlanta convention will be the largest ever held by Kiwanis. The International Program Committee met recently in Atlanta, made a tour of the city, and completed a program of business and entertainment which will occupy almost every moment of the time. One of the entertainment features is to be an old fashioned Southern barbecue, cooked by noted ante-bellum negroes over open pit fires, at which 5,000 persons will be served, while a glimpse of the "Old South" will be seen in "Plantation Days," a musical revue which will depict the customs of other days. Atlanta, in true Southern manner, has issued a special invitation to the wives and daughters of Kiwanians, and a big committee of ladies will look after their entertainment while the men are engaged in business sessions.

\$16,500,000 COST OF A MODERN BATTLESHIP

London, March 23.—(By Associated Press.)—The cost of building a first-class battleship in 1914 was approximately 500,000 pounds sterling, or about \$2,500,000, but the cost of a similar ship today is about 3,300,000 pounds, or about \$16,500,000 according to Commander Eyres-Monson, parliamentary secretary to the admiralty. Explaining this increase the expert says: "It must be borne in mind, however, that a modern capital ship embodies features found necessary in the light of war experience which involve a considerably greater tonnage, offensive and defensive armament, and consequently cost."

FUNERAL SERVICES OF MR. M. G. MOYE LARGELY ATTENDED

Prominent Citizen Laid to Rest With Masonic Honors in the Family Burying Ground

The funeral of Mr. M. G. Moye, who died in this city Wednesday morning, took place yesterday afternoon in the family burying ground at the old home place. Rev. J. E. Sawyer, of Ayden, conducted the services and Rev. Mr. Pittman, of Ayden, had charge of the song service. He also sang a solo "Face to Face".

Mr. Moye had always made his home on the farm and it was most appropriate that he be laid to rest on his own grounds, surrounded by scenes which he loved best. Among the large crowd which attended the funeral were many of his childhood friends, who had come from a distance to pay their last respects to a man whom they loved and esteemed. Many of his tenants, of the negro race, whom he had befriended on many occasions were also in attendance and it was most touching to see their deep grief. He was buried with Masonic honors, being a member of the Winterville lodge. The two Greenville lodges and the Winterville lodge participated.

One of the largest crowds seen at a funeral in a long time was present and the floral tribute was large and beautiful, expressing in a mute way the popularity of the deceased.

Mr. Moye will not only be missed by members of his immediate family, but by everyone with whom he came in contact.

The pall bearers were: Active: H. B. Harris, E. R. Dudley, W. E. Tucker, Frank Wilson, Chas. Langston, O. W. Harrington J. E. Winslow, Joe Harris and Frank Harrington.

Honorary — J. L. Little, William Von Eberstein, Z. P. Vandyle, J. J. Laughinghouse, E. B. Higgs, Sidney Higgs, P. L. Clodfelter, Dr. Joseph Dixon, Rev. W. P. Shanhart, S. J. Everett, W. D. Pruitt and L. W. Tucker.

Messrs. Hogan Gaskins, Walter Harrington, Bill Ricks, Kenneth Menefee, Earl Parkerson and Frank Jolly motored to Wilson last night.

DIRECTOR OF BUDGET FIGURES A DEFICIT FOR THE PAST YEAR

Republicans Who Hoped for a Clean State Will be Given a Set Back

Washington, March 23.—(By Associated Press.)—Administration hopes for completing the fiscal year ending June 30 with a balanced budget suffered a setback tonight with a computation by Director Lord of the budget indicating a deficit for the twelve months of \$18,000,000. His previously estimate of a deficit was around \$117,000,000 but, because it now appears likely that any interest payments by the British government will be made in Liberty bonds instead of cash, funds from that source cannot be counted on to aid in cutting down the excess of expenditures over receipts.

It had been expected by the budget bureau that about \$69,000,000 would be paid in cash by the British government before the end of the fiscal year as interest on that country's debt and that this could be applied to current treasury account. Completion of the refunding agreement which permits Great Britain to purchase American government bonds in the open market and turn them over to the treasury has obliged the budget director to alter his calculations.

On the basis of a deficit of \$117,000,000 budget officers believed they could effect economy measures that would sufficiently curtail expenses to almost wipe out the difference between income and outgo.

There were indications today that the amount which the government will receive from the sales of surplus war materials will be greater than the total on which General Lord previously had counted. Officials of the war and navy departments are being prodded by the budget bureau to press the disposition of the surplus property while it was expected in some quarters that administration action on the question of disposing of the merchant ships may bring more money back to the government than had been taken into account in earlier calculations.

HEAD OF PIGGLY WIGGLY MAKES OFFER TO SETTLE

Memphis, Tenn., March 23.—(By Associated Press.)—Clarence Saunders, president of the Piggly Wiggly Stores, incorporated, offered to settle with the New York traders who sold stock of the corporation short on a basis of one hundred dollars a share.

WILSON MAN SHOOT AND KILLS HIS WIFE

Barnes and Wife Had Quarreled and She Had Left Home With Children

FIVE SHOTS ARE FIRED AS SHE TURNS FROM CAR TO ENTER HOUSE

Had Consented to Give Three Children Up and Had Put Them in Automobile

Wilson, March 23.—John H. Barnes, of Wil on county, age 28, is in jail here charged with killing his wife, Bertia Adams Barnes, 25, at 2 o'clock last night at the home of Henry Bunn, at Five Points a Wilson suburb.

It is stated that Barnes and his wife had separated. Yesterday Barnes approached a local office of the Welfare department, stating that he wanted to get his wife to return to their home four miles from Wilson to live. Edward Leonard, local welfare officer, yesterday accompanied Barnes to the Bunn home and interviewed Mrs. Barnes who refused to return to Mr. Barnes, she stated, according to Mr. Leonard, because she feared he would hurt her.

About 7:30 Barnes returned in his car to the Bunn home and finally persuaded his wife to give up the children. The three children were placed in the automobile and Mrs. Barnes stood by car and turned to house while Barnes cranked the car. Then the woman turned as to go to the house, it is stated, and Barnes drew a pistol and fired at her. She then started to run toward the house and he fired again. This time she fell to her knees. Three more shots followed rapidly, two of them striking the woman. Her death must have been instantaneous.

He will be given a preliminary hearing before Judge W. O. Pearson Saturday morning. No inquest will be held.

TRACK ARTISTS OF HIGH SCHOOL ARE PICKED FOR RACE

Large Number of Boys Appeared in Try-Out to Represent Locals

Greenville high track artists had their day at the Fair Grounds yesterday afternoon when contestants were selected to represent the locals in the preliminary meet here on Saturday. From the results of yesterday it looks as though G. H. S. will be represented in the dashes by Joe Taft, Leslie Humber, Frank Harrington, Johnnie Parkerson, Bill Perkins, James Fleming and Ausmus Wells. The locals will be handicapped by the loss of Dall who is not able to run this year on account of illness. In the jumps Leslie Humber is the best bet of high as the big boy can go over five feet on the high jump and is equally as good in the running broad as he leaped over seventeen feet on yesterday. Brown will enter the base ball throw.

Among the smaller boys, the best sprinters seem to be Albion Dunn, Francis Cury, William Bost, and Troy Burnette. Jack Skinner has taken the honors in the running and standing broad jumps while John Mason will represent his school in the high jump. Curry will enter the throwing event while Harry Waite Perkins and Jack Tripp will be in the sack race.

The girls are deciding on their contestants today and promise to put up as good a fight for honors as the boys. The preliminary meet will be held Saturday afternoon at the Fair Grounds with Greenville, Winterville and other neighboring schools competing. The meet will begin at 2:00 and the public is invited.

A conference was arranged between Acting Attorney General Seymour and Secretary Hoover with a view of a joint action.

FORD WILL SOLVE FUEL PROBLEM BY USING COAL TWICE

Purchase of 120,000 Acres of Kentucky Coal Land Confirmed at Office of Magnate

Detroit, Mich., March 23.—(By Associated Press.)—Official confirmation at the offices of Henry Ford that the automobile manufacturer had purchased a hundred and twenty thousand acres of undeveloped coal land in Kentucky was coupled with the statement that Mr. Ford intended to solve the country's coal problems by "using every piece of coal twice."

POINCARÉ CALLS DEPUTY ABOMINABLE SCOUNDREL

Paris, March 23.—(By Associated Press.)—Premier Poincaré, angered by the Communist insinuations that he was controlled by Deputy Leon Daudet, the Royalist leader, started a scene of wildest disorder when in open session of the Chamber he called Communist Deputy Andre Berthon an "abominable scoundrel."

RAILROADS ARE ORDER TO REPORT ON 1922 EARNINGS

Washington, March 23.—(By Associated Press.)—An order was issued by the Commerce Commission requiring all railroads to report by May 1st 1922 and to pay over to the government under Transportation Act one-half of the amount by which such earnings exceeded six per cent. returns on the amount of the investment.

Extra Pay Will Come in Handy to Any Ambitious Worker and They Are Looking to Their Friends to Help Them Earn It

CLUB OFFER ALSO PAYS LARGE VOTE

Fifteen Dollars Now Earns Extra Vote of 15,000, While Only Schedule Votes Will Apply During Last Week

That special cash award of fifty dollars, announced yesterday, has aroused the candidates in The Daily Reflector's great subscription campaign to redoubled efforts and all of them are working like Trojans to earn this extra money. The period in which this is to be accomplished is only one week, or until reporting time next Wednesday night, and each worker realizes that it will require some speedy campaigning to "take it away" from the other ambitious ones that are striving with might and main to secure the cash.

So friends of live-wire candidates will be doing them an especial favor if they will make arrangements to at once redeem promised support and pay for subscriptions during this period. Fifty dollars as extra pay will come in handy to any of the campaigners and they are looking to their friends to help them earn it.

In addition to the cash award money turned in now counts more in votes during the last week of the drive. The original schedule of votes will apply and no extra votes will be given. During the present period each \$15 is counted a club and pays 15,000 extra votes. Thus a subscription paid to a worker now will amount to double in votes what it will during the last week.

The leaders are bunched together so close at this stage of the race that only a few extra votes will put either of them in first place. Saturday night's reports are expected to bring some serious upsets and it behooves each citizen to see to it that these changes in standing is to the advantage of his or her friend.

It is a tight race and it now looks as if one of several may win out by a nose. All of the ambitious workers are in their stride and running strong. There should be no idle watchers in this race, as every person who is interested can take an important part in pushing one of the entrants under the wire a winner at the close. But RIGHT NOW is the time for each one to prove their interest in their favorite.

PROPOSED THAT EUROPEAN BUSINESS MEN WORK OUT REPARATIONS SETTLEMENT

Washington, March 23.—(By Associated Press.)—A proposal that European business men work out a plan reparations settlement based on American financial co-operation was laid before the International Chamber of Commerce meeting, which is being held in Rome, by Fred Kent, member of the American delegation. Coupled with the proposal was the assertion by Kent that there was a great waiting group in the United States ready to support such a move before the American public.

COUNTERING MR. HARDING

Those hopeful souls in the Republican party who imagine that by withholding instructions from the State delegation in the next national convention, they may side track the candidacy of the President for a second term, seem not to understand the solid facts of practical politics.

This enterprise cannot succeed, if its designs is the defeat of Mr. Harding. It may have the effect of embarrassing the candidate and measurably discrediting him before the country, but it is next to impossible to overcome the strength in a party convention of a President of the United States. Backed by an army of officeholders, and supported by the party organization, he is next to invincible.

It is reliably reported that certain leading Pennsylvania Republicans have agreed among themselves to send an uninstructions delegation from their state to the next convention. Also it is said this group will urge other states to do the same thing and a number of them may follow the lead of the Pennsylvanians. In fact, there may be a considerable block of delegates in the convention next year, free to act as they please upon the question of candidates.

It is difficult to believe that they can hold the balance of power. When that convention meets, it must either endorse or repudiate the record of the Harding administration and the record of the two Harding Congresses. If it endorses the record of the President, it cannot at the same time withhold from him a second nomination, without stultifying itself. If it is bold enough to repudiate the President's performances and to nominate another standard bearer, then it would be a waste of time and money to make a campaign.

If the Republican party confesses to a record of failure during the period between 1920 and 1924, it will have literally nothing to offer the country. It might as well suspend business and allow the election to go by default. And it will do nothing of the sort. It will renominate Mr. Harding if he wants a second term as his spokesman now aver, and will make the best fight the party can put up to re-elect him.

The fact is, if the Republicans cannot win with Harding, they cannot win with anybody, and it is far more important to them to win than it is to vindicate any abstract virtues they may enjoy. The next convention will act upon that theory whether any considerable number of delegations are pledged or unpledged to support the President.

These symptoms of dissatisfaction on the part of Republican politicians are interesting, however. Many leaders in the party are beginning to realize that they have before them a long pull and a hard pull to maintain themselves in power. They realize that the country is deeply disappointed with the performances of the last two years of Harding and if prospects do not improve they stand to lose with him or without him at the head of their flock. That

HONEST TO GOODNESS, HE ISN'T DEAD!

T.G. Karahalis and his grave

Like Mark Twain, Thomas George Karahalis rises up to remark that news of his death is "greatly exaggerated." The ex-soldier, who is now a patient in the Army Base Hospital at Arrowhead, California, says he was at home almost two years before his mother received this picture of his "grave" from the Red Cross, along with a note of condolence.

BRITISH EXPORTS INCREASE AND IMPORTS DECLINE

London, March 23.—(By Associated Press.)—Complete British trade returns for 1922 show substantial improvement in export trade but a decrease in imports. Exports were valued at 17,000,000 pounds sterling more than in 1921, while imports were 81,500,000 pounds less.

During the month of December exports of coal were high, amounting to nearly 6,000,000 tons. Shipments to the United States were 178,845 tons as compared with 300,527 tons in November. It is stated that representatives of American coal firms are now in Great Britain arranging for fairly heavy shipments of coal during the next few months.

A further slight decline occurred in the cost of living in December. On January 1, the index figure was approximately 78 percent over pre-war standard, as against 80 percent on December 1. There was a fall of 14 points during the entire year.

Great Britain had 933,308 licensed motor vehicles at the end of 1922, including 293,740 private cars. Motor cars contributed 5,000,000 pounds to road taxation.

It is estimated that between 50,000 and 60,000 cars, excluding commercial motor vehicles, were sold in Great Britain during 1922. About 35,000 of this number were made in England.

Unemployment returns show another increase. On January 22 1,438,800 persons were registered as wholly

unemployed, as against 1,359,100 on December 18. The January figure is less by 384,930 than a year ago.

"ADULTERY AND FORNICATION" WILL BE THE SUBJECT TONIGHT

Another splendid service was held last night at the tent. The subject was deep and soul-stirring. The fifth chapter of Dan, was read and men and women were brought right up to the great Balances of God to be weighed out. No conversions. The afternoon service was glorious. A number were converted and gave splendid testimonies.

Miss Hubbard is having a special song service for the children every afternoon before the service. All children are invited to come.

Sunday afternoon at the tent, a handsome family Bible and testament will be given to the parents, that brings the largest crowd of children. All their own. No borrowed ones. Come and see. We also want a large crowd of children for the service.

Primitive Baptist Services.

The usual monthly meetings will be held in the Primitive Baptist church on the corner of Cotanch and Tenth street Saturday and Sunday morning at 11 o'clock. The public is cordially invited to attend these services.

Card of Thanks.

I take this method of thanking everyone for the kindnesses shown me during the recent illness and death of my husband the late Peter Fleming.

LOCAL FIRM GIVEN RECOGNITION FROM TRADE PUBLICATION

Attractive Window Display of Batchelor Brothers of This City Receives Recognition

"Day by day in every way Greenville and its people are getting better and better." It may not be wise to apply this slogan to every operation of the city, but from a spirit of progressiveness, each day brings renewed recognition from all parts of our great nation of Greenville and its people.

The Shoe Style Digest, a publication issued in New York especially for the benefit of the shoe industry and trade, featured in its March number an article from the pen of its editor on "The Value of Store Fronts." In illustrating his story and to present more forcibly his argument a picture is shown of the store front of Batchelor Brothers, of this city of their Easter window of two years ago. In addition to this many store front builders are using the same display in impressing the importance of show windows.

Such recognition from a journal the type of the SHO Style Digest is a compliment not only to local firm but to Greenville as well, because it gives the people over the large area in which the magazine circulates an idea of how big we are.

ARGENTINA STILL COLD TO LEAGUE OF NATIONS

Buenos Aires, March 23.—(By Associated Press.)—The administration of President de Alvear will follow that of President Yrigoyen in respect to keeping Argentina aloof from the League of Nations. Argentina withdrew in 1920 because of the refusal of the assembly to consider amendments to the covenant voluntarily incorporating all nations as members.

In a statement published in La Nacion Foreign Minister Gallardo says:

"Our attitude toward the League of Nations will undergo no modification whatever for the time being. This government fully concurs with the Argentine thesis expounded at Geneva by the ex-foreign minister, Doctor Honorio Pueyrredon, and it is moreover, ready to uphold it, for it considers that the League, to be a reality, should include all countries and have a democratic organization with no distinction between large and small powers.

"It may well happen yet that the Argentine thesis will be adopted in practice by the incorporation in the pact of the United States, Germany, Mexico, Austria, etc. Then there would be no reason for an attitude of aloofness, which would be without explanation, justification, nor any real motive."

TENANTS AND LANDLORDS LOCK HORNS IN ROME

Rome, Mar. 23.—(By Associated Press.)—An American woman long resident in Rome recently bought an old palace in the center of the city, and thereby became landlady of a group of Italian families which, with true business acumen, were subleasing rooms for 400 lire a month each while they paid from 130 to 200 lire for entire apartments. The old rent laws prevented landlords from increasing their rentals, but permitted tenants to sublet at whatever they could get.

Wanting the palace for her own use, the buyer, who is wealthy, offered each tenant 10,000 lire to move out. This was scornfully declined. Next she announced a rental increase of 500 lire, her right under the law.

The tenants thereupon got together and protested the palace was uninhabitable for decent people, sub-

mitting at the same time a formidable list of urgently needed repairs. The American owner agreed every repair listed was essential, and notified the tenants to move out so she could have them made. A referee is now being sought.

SIBERIA CO-OPERATES IN SOVIET TRADE MONOPOLY

Vladivostok, March 23.—(By Associated Press.)—Mr. L. Serebriakoff, former assistant minister of communications, has been sent here as the representative of the department of labor and defense. This is the highest department of the state and comprises the most highly placed communists.

On January 30, the customs house was closed for all commercial operations, and no goods can be imported until it has been proved that they are not in the category of those whose import has been forbidden by order of the Soviet government.

The opinion was expressed at a meeting of the Far Eastern board of communications that the monopoly of foreign trade by the government as a political weapon against the capitalistic countries, would not give the same result in the Far East as it would on the Western front, owing to the fact that the one nation whose frontiers march with those of Russia is

China, and "the political opinion of China is dictated by the Western World."

GRAIN SPROUTS GIVE FOWLS NEEDED GREENS

A Constant Supply of Green Food Needed for Best Chicken Raising

To do their best chickens must have a certain amount of fresh green food at all times of the year.

Sprouted oats have come into great favor as a substitute for natural green feed for all kinds of poultry.

Therefore the grain sprouter is one of the most valuable, if not the most valuable, piece of equipment about the poultry plant.

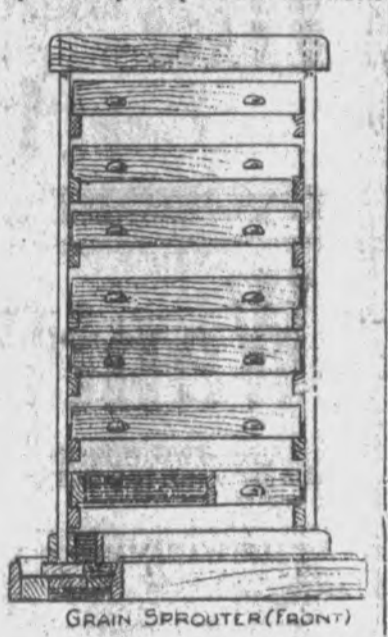

Although any kind of grain may be sprouted for the use of chickens, oats have been found the most satisfactory because they sprout quickly and are very much liked by the fowls.

Fowls can be aided somewhat with dried green feeds during the winter, but there seems to be no real substitute for the fresh, crisp oat sprout.

In order to provide a plentiful supply of sprouted oats continually during the late summer and the fall and winter in the smallest possible space a sprouting rack is commonly used. One similar to that shown in the accompanying illustration is good. The racks should be large enough to hold a supply sufficient for one or two days.

How to Make Tray

The one in the illustration shows a tray. It is a home-made affair. The tray is twenty-four inches wide, thirty inches long and three inches deep.

GRAIN SPROUTER (FRONT)

Sprouting racks of this kind are easily made. Both the racks and the tray should be built strong enough to stand considerable strain.

Sprouting racks made out of heavy

galvanized sheeting may be purchased from poultry supply houses and when substantially made will undoubtedly be longer lived than the wooden racks.

Oats, barley, wheat or buckwheat can be sprouted during the cold weather provided the rack is kept in a warm moist place where there is some light to encourage growth.

Sprouted grain is the best relished by chickens when the succulent growth of the sprout has reached a length of from one inch to two and one-half inches.

If the proper amount of moisture is supplied continually and the temperature is constantly between 70 degree F. and 90 degree F. the grain will sprout freely.

When sprouted under good conditions one bushel of grain will produce about five bushels of green feed.

When sprouted under good conditions one bushel of grain will produce about five bushels of green feed. The average will be less than this.

When sprouted under good conditions one bushel of grain will produce about five bushels of green feed.

WOLVES HAUNT DREARY PLAINS OF TARTAR LAND

Kazan, March 23.—The wolves have come back to the steppes. In the cold winter nights on the wind-swept plains of the Tartar Republic, the nomadic tribes report, more wolves have been seen this year than for decades past. They have grown so bold that they howl at the very doors of the dug-outs or mud houses that the wandering Tchuvash and Bashkir people inhabit in the winter in place of their summer tents.

In the Tartar Republic, the Tchuvash and Bashkir territories, more than 40,000 head of cattle have already been destroyed by the wolves this winter. This destruction among live stock, already depleted by the famine, is so serious that the government has launched a campaign throughout the province to kill the wolves. Huge hunts are being organized. The population has very few rifles, and little or no ammunition on hand, therefore it is considered probable that soldiers of the Red Army will be used in a wolf drive.

HOUSING SPACE AT A PREMIUM IN BERLIN NOW

Berlin, March 21.—(By Associated Press.)—Housing conditions are so difficult in Berlin that comparatively few families are able to retain an entire house, or even an entire department for themselves. Every section of the city has its housing committee, which makes constant inspections and checks up the space in all buildings.

Consequently persons having houses larger than the six of their family justifies under the housing regulations are always seeking lodges. In case the householder does not find his own lodgers, persons will be sent by the housing committees.

Under the present financial stringency in Germany tenants who will pay well, especially if they will pay in foreign currency, are not welcome in many palatial homes.

But the ability of foreigners to acquire accommodations of a superior class has caused much criticism among Germans, and members of the housing committees are constantly under fire. While some persons apparently rent entire apartments, according to an official of one housing committee, they have in fact permission to rent only one or more rooms. But by paying the holders of leases well it has been possible to induce them to go for fixed periods to watering-places where living costs are low, thus leaving the entire house or apartment at the disposal of the sub-lessee for a limited time.

Large houses are being divided up in every possible way to meet with the housing regulations and guarantee privacy to the tenants. Apartments in better buildings in Berlin are so large that it is seldom possible for a family to retain a whole apartment. Consequently there are two families cooking in many kitchens and the comic papers are full of jokes about the complications arising from the housing regulations.

NORWAY TO HOLD AN INDUSTRIAL FAIR

Christiania, Mar. 23.—(By Associated Press.)—There will be held in this city early in September the fourth of a series of Norwegian Industrial fairs, all of which have been helpful to trade and commerce.

The three former expositions were held in 1920, 1921, and 1922. They were all successful, and aroused keen interest both in Norway and abroad. The number of entries last year was large. Virtually every branch of Norwegian industry and handicraft was represented, and exhibits were sent in from every manufacturing center throughout the country.

The fair gives foreign buyers a chance to acquaint themselves with Norwegian products and manufacturers of every description, and getting into closer personal contact with the firms in every line of trade.

CANDIDATE CARDS

TO THE CITIZENS OF GREENVILLE:

It has been my privilege to serve you as mayor since July 1, 1919, during which time my first consideration has always been the best interest of the Town of Greenville and its citizenship. When I accepted this office it was on the sole pledge of service, and altho our accomplishments have not always reached the height of achievement desired, I am proudly conscious of having striven with my best effort to live this motto: This administration has a record for impartial, conscientious law enforcement, and on that record I stake my case with the law abiding citizenship of the town. This administration also has a record for Civic progress and development in keeping with the policy of economy and conservatism in the expenditure of public funds, and on that record I rest my case with those who pay the taxes.

To an able, efficient, public spirited Board of Aldermen is due the credit for what has been accomplished by this administration, and my record to which I refer and to which I invite your attention, is only that of an assistant and adviser to the Board, in the performance of which, I have sought without fear or favor, to subject individual and personal interest to public welfare.

In asking your support for re-election to the office of mayor, I invite your attention to a careful scrutiny of my record, for on this record I make my only pledge, to-wit: a continuation of same for the next two years.

Your support will be appreciated. Respectfully,
D. M. CLARK.

CANDIDATE FOR MAYOR.
I hereby announce myself as a candidate for mayor of Greenville subject to the Democratic primary to be held on May 7, 1923.
