BUT THREE MORE DAYS OF THE CLUB OFFER AND THEN ORIGINAL SCHEDULE OF VOTES IN CAMPAIGN WILL APPLY

Fifteen Thousand Extra Votes Given With Each \$15 in Subscriptions Until Saturday Night of This Week

MAKE \$50 CASH AWARD TONIGHT

Ambitious Campaigners Have Been Working Early and Late to Win This Extra Pay for a Week's Work

Tonight some worker in The Reflector's subscription campaign vineyard will be richer by \$50, as a reward for extra effort in gathering in the sheaves of subscriptions during the past week. The campaigners have made noble efforts to earn this special cash award and have been out early and late, seeing their friends and neighbors all over the county. The one that wins will deserve the pay and the others will have the consolation of a task well done and the knowledge that their extra work will have it weight in the winning of the valuable prizes that are to be awarded on April 7th—Saturday night of next week.

There are yet three whole days of the Club Offer, which closes Saturday night, and the ambitious workers will be up and doing during this time which pays an extra 15,000 votes to each \$15 in money turned in on subscriptions. Next week there will be no extra votes—the schedule as printed at the beginning of the campaign applying. Thus a subscription during the remaining three days of the week will count twice what the same money will next week.

Everybody loves a worker and the entrants in this remarkably close race are all very lovable people in the respect. They are working and working hard. For this reason they deserve the support of every man and woman in the county. Besides that every person in the county wants the local paper, regardless of what other publication they may receive regularly, and it will cost the same to give the subscription to one of the candidates as it will in The Reflector office.

Many promises have been made to all the campaigners that have not been redeemed and we would like to suggest that the conscientious citizen who have made such promises send the subscription in and let the Campaign Manager give the proper credit and save the time it would require the worker to call upon them again. Some have promised support to candidate, who have not worked and prove worthy. May we suggest that any who have done this give their subscription to some other, who is really working, and deserves support.

MOSCOW'S PROSPERITY IS ONLY SUPERFICIAL

Moscow, Mar. 27.—(By Associated Press.)—The surface comfort which Moscow now shows to foreign visitors, and the prosperity which her native profiteers enjoy, is not reflected in the lives of workmen and the other native residents who make up the bulk of her population.

All are living better than last year, but recent statistics of workmen's districts shows that instead of the approximately 15 square yards of living space which is the legal allotment for each person, many working men's families average only one and a half square yards of living space for each person, and that many have to sleep in relays on the basis of one bed for four persons.

HERRING IS PLENTIFUL IN ENGLAND NOW, SAID

London, Mar. 27.—(By Associated Press.)—High shoals of young herring swarmed recently in the English channel, but the fishermen stood idly on the beach and watched them swim away.

The herring market on shore is overstocked from previous catches, and the price so low that it does not pay the men to bring in any more.

DEATH SENTENCE AGAINST ARCH BISHOP ZEPHLAK NOT TO BE CARRIED OUT NOW

Warsaw, March 28.—(By Associated Press.)—The Polish government has been informed through the Soviet Minister in Warsaw that the death sentence against Archbishop Zephlak head of the Roman Catholic church in Russia will not be carried out by the Russian government, "at least for the present," and that the affair will be taken up in diplomatic negotiations.

HARDING ORDERS IMMEDIATE PROBE OF SUGAR PRICES

President Orders Tariff Commission to Investigate Relation to Tariff Rate

St. Augustine, Fla., March 27.—(By Associated Press.)—Investigation by the United States Tariff Commission into the relation of the tariff rates on sugar to the present increased sugar prices, was ordered today by President Harding.

The inquiry was requested by the president in the following telegram addressed to Thomas O. Harvin, chairman of the Tariff Commission:

"Have tariff commission make an immediate inquiry into the relation of the sugar tariff to the current prices of that commodity. It is difficult to believe that the duty on sugar can have any part in making the abnormal prices which prevail, but if the commission finds there is any ground for believing the duty to be even partially responsible, I shall be ready to proclaim a reduction in duty as provided by law."

The Presidential order, it was explained, will result in enlisting another official agency in the government's endeavor to ascertain responsibility for the gradual increase in sugar prices starting early in February when sugar was selling at five and six cents a pound retail as compared with present quotations running as high as 12 cents.

The Department of Commerce for several weeks has been studying the sugar situation and several days ago, Acting Attorney General Seymour announced in Washington the Department of Justice was making an inquiry which would continue until responsibility was fixed.

Mr. Harding was said to be firmly determined that the government shall do all in its power not only to prevent further increases, but to bring down the present quoted prices should they be found unjustified. He gave some attention to the sugar situation before leaving Washington and is understood to have had several communications from various officials in the capital on the subject since his arrival in Florida.

SEVERE ATTACKS ON JEWS HAVE TAKEN PLACE FOR PAST THREE DAYS

Bucharest, March 28.—(By Associated Press.)—Attacks on Jews of character unparalleled for severity in Roumania have taken place during the past three days and the end is not yet in sight. The government and police are accused of not having done all in their power to put down disturbances.

C. B. BRYANT DIES AFTER OPERATION FOR APPENDICITIS

Charlotte, March 28.—(By Associated Press.)—C. B. Bryant, a cotton broker here and former secretary and treasurer of the American Cotton Manufacturer's Association died at a local hospital after an operation two weeks ago for acute appendicitis.

ORGANIZATION OF COUNTRY CLUB HAS BEEN PERFECTED

Charter Received and Club Now Has One Hundred and Sixteen Members

MR. H. A. WHITE IS ELECTED PRESIDENT OF ORGANIZATION

Purchasing Committee Was Given Authority to Purchase Site

A permanent organization of the County Club with a membership of one hundred and sixteen was perfected at a meeting held in the Court House last night. A charter for the Club has already been received and much interest is being manifested in the undertaking. Mr. H. A. White, was elected President and Mr. R. N. Garrett, Vice President.

The executive body of the association will consist of the President, Vice President and a board of governors. Nine members as follows: For three year period, Messrs. R. H. Wright, J. E. Winlow and E. G. Flanagan; two year period, Messrs. A. M. Moseley, Albion Dunn and R. S. Carr; one year period, Mr. W. H. Dail Jr., Dr. L. C. Skinner, and Mr. J. S. Ficklen.

Upon recommendation of the membership committee it was decided to limit the membership of the club to one hundred and fifty. Col. Albion Dunn, M. K. Blount and J. B. James were appointed to draft the by laws for the organization and to present same at the next meeting for adoption by the club.

The purchasing committee made a report on different sites. They showed that they had been busy, as several splendid sites were reported. The board of directors was given authority to inspect these sites and to purchase one, so that work on the buildings and grounds can be started at an early date.

At the meeting of the board of directors which was held immediately after the business session, Mr. James Ficklen was elected secretary of the organization.

BANQUET OPEN TO PUBLIC ON NEXT TUESDAY EVENING

Much Interest Continues to Manifest Itself in Chamber Commerce Annual Meeting

Much interest continues to manifest itself in the Pitt County Chamber of Commerce annual meeting and dinner, which is scheduled for Tuesday evening, April 3, in the new Blount-Harvey building.

As has been previously stated, the meeting is open to the public at large. Both men and women will be in attendance. The directors are very anxious that a large number of women attend.

The program committee has worked hard to arrange an evening that will be of unusual benefit.

Any one desiring tickets are asked to confer with Secretary H. L. Smith at the Chamber of Commerce.

DRAPER M. DAUGHERTY APPEARS AT THE OFFICE OF DISTRICT ATTORNEY

New York, March 28.—(By Associated Press.)—Draper M. Daugherty, attorney at law, appeared at the office of District Attorney Pecora today and was questioned at length concerning any information he might have about the black mail plots in which Dorothy Keenan the slain model figured as a decoy. Pecora said earlier that he believed that the information might link with that which he has of a projected hundred thousand dollars black mail attempt on John Kearsley Mitchell, son-in-law of E. T. Stotesbury.

OFFICER'S WIFE SUES COLONEL

Mrs. Agnes K. Randle

Mrs. Agnes Karns Randle, formerly a stenographer in Fort Benjamin Harrison, is the wife of Captain Edwin H. Randle, U. S. A., stationed at Fort Sam Houston, San Antonio, Texas. Captain Randle and his wife have filed suit for \$100,000 against Colonel Arthur L. Couger, commanding the Twenty-sixth Infantry, in which Captain Randle was serving. They allege Captain Randle and his wife were "read of the regiment" by Colonel Couger, asserting Colonel Couger ordered other officers to have nothing to do with them because of incidents that occurred at two parties in their quarters. This is the first slander suit ever instituted by one officer against another.

DARING OUT LAW ESCAPES THE DEATH TRAP SET BY POSSE

Outwits Posse of More Than a Hundred and Fifty Officers and Men

Tulsa, Okla., March 28.—Al Spencer, Oklahoma's most daring outlaw apparently had made good his escape after out fighting and outwitting a posse of more than a hundred and fifty officers and men. With one lieutenant, Spencer battled his way out of the death trap set by a posse and then vanished. Both are believed to be wounded. The bandit leader left behind him two of the men who aided Monday in the robbery of the state bank at Mannford. One is dead and the other is in the hands of officers.

INCREASE IN WAGES AVERAGE ABOUT TEN PER CENT IS ANNOUNCED

Hickory, March 28.—(By Associated Press.)—The increase in wages average about ten per cent it has been announced by Shaford Mill Company for its groups cotton mills in this section.

GEN. WOOD FAVORS AID FOR FILIPINO CHILDREN

Manila, P. I., March 28.—(By Associated Press.)—At the annual meeting of the American Guardian Association, the aim of which is to aid dependent children born of American fathers and Filipino mothers in the Philippines, Governor General Wood, honorary president of the association, said he was greatly pleased to see the manner in which the organization had taken hold of its work and expressed his gratification that it was giving the children a chance to make good in life.

He urged that an endowment be established, and said many people in the United States were becoming interested in the association.

WILLIAM S. HART DENIES CHARGES SCHOOL TEACHER

Famous Screen Actor Accused of Supporting Child Born in September 1917

Los Angeles, March 28.—Detailed details from William S. Hart, motion picture actor and his wife, Winifred Westover Hart, screen actress, of charges that Hart was the father of a child born in September, nineteen seventeen, to a Boston school teacher became public. According to Asa Keys, chief deputy of the District Attorney, Hart although denying charges of Elizabeth McCawley, executed deed of trust for the child for whose support he agreed to pay \$50 a month, after a conference in District Attorney's office.

PRES. HARDING DID NOT CONSIDER STATEMENT OF DAUGHERTY NECESSARY

Saint Augustine, Fla., March 28.—(By Associated Press.)—President Harding it has become known did not consider necessary the recent statement by Attorney General Daugherty predicting that the chief executive would be a candidate for re-nomination or that the statement was opportune or in good form.

ENGLISH MIDSHIPMAN ACCLAIMED A HERO

London, March 24.—(By Associated Press.)—For a thrilling rescue from drowning Peter C. Hutton, a midshipman, was acclaimed by the Royal Humane Society to be the bravest man of the year. His feat, for which he was awarded a gold medal, was performed when the ill-fated British cruiser Raleigh met with disaster on the coast of Labrador last August. Hutton saved a mate from drowning when a boat capsized, throwing eleven men into a heavy sea. He had gained a place of safety when he saw a companion being rapidly carried away by the surf. Regardless of his own safety and after a heroic struggle, he rescued the man.

MARRIED MEN OF BARACA CLASS ARE HOSTS AT BANQUET

Single Men of the Memorial Baptist Church Entertained at Rotary Building

CONTEST STARTED SIX MONTHS AGO HAS CREATED INTEREST

Dr. C. J. Ellen Gave Interest in History of Class From 1916 Up to Present Time

Some six months ago, the Baraca Class of the Memorial Baptist entered into a contest—the married men against the single men. A unique base ball score record was used in marking each member of the class.

This score record system, which was initiated by the class President, P. L. Clodfelter, aroused interest from the very beginning and was a means of building up the class in a most creditable manner.

At the beginning of the contest, it was agreed that the side that won out in the final number of points would be the guest of the losing side.

Last night at the Rotary Club, practically every married man of the class was present to show the winners, the single men, just how well they could entertain.

After the meeting had been called to order by President P. L. Clodfelter and Bill Lee had led the Baracas in singing America, Rev. Leland W. Smith returned thanks.

Rev. Leland W. Smith was asked to state just in what way the Baraca Class could be of help to him in his work, which subject he handled in a splendid manner.

Next L. A. Stroud was asked to state how the married men lost in the contest. He stated that the reason they lost was because they wanted to make the single fellows happy in providing one real dinner.

Julian White, spoke in a very interesting manner as to why the single fellows won. Julian said it was not a matter of luck or chance, but rather a matter of persistent, well directed effort.

H. L. Smith, Superintendent of the Sunday school, expressed his appreciation of the work of the class to date, and anticipated a continued growth and interest.

A cracker contest was participated in by J. G. Bowling, Simon Moye and H. L. Smith with J. G. Bowling winning.

Dr. C. J. Ellen gave a history of the Baraca Class since 1916, leading up to the moment. During his remarks he recounted the work done by different members and said that the present organization was of such a splendid order that he believed great things stood out before the fellows.

Opportunity was given each one present to express himself, the majority taking advantage and making some splendid suggestions for the continued progress.

The class will, at an early date, arrange another contest. The men are not content to remain satisfied with the present successful period, but are determined to "Carry On" until they have 100 men each Sunday morning.

CHURCH LAITY WANTS PART IN NAMING ENGLISH BISHOP

London, March 28.—(By Associated Press.)—The appointment of bishops in the church of England, which is the prerogative of the prime minister, has again been attacked by members of the church.

The question was brought before a committee of the Church but no action was taken although a large section of the "low" Church members urged that the matter be brought before the main body of the assembly.

The matter was again before the public at the recent convocation of the Lower House of York, when a motion was made that the church should have direct voice in the appointment of bishops. It was pointed out that the last two primers had not been members of the church of England, although they had the power of appointing the church heads.

The debate was adjourned until the next convocation, despite the efforts of the laymen to bring about a vote.

COLVIN B. BROWN TO SPEAK IN CITY TUESDAY, APRIL 3

Chief of Organization Service Bureau in the Civic Development Department

WILL ADDRESS PUBLIC CHAMBER COMMERCE BANQUET NEXT WEEK

Much Concerned Over Subject of Housing, City Planning, Education and Citizenship

Colvin B. Brown, of the Chamber of Commerce of the United States, at Washington, will speak in Greenville, North Carolina Tuesday, April 3rd. Mr. Brown is chief of the organization Service Bureau in the Civic Development Department. This department which is concerned with such subject as housing, city planning, education, citizenship, immigration and civic research, is an interesting example of the broadening interests of modern business. The business man of today is convinced that the success of his undertaking depends to a great extent upon the success of his community as a whole. To aid the business man in the development of his community, the Civic Development Department has five bureaus.

The Organization Service Bureau conducts research and supplies information on the structure, technique and activities of commercial and trade organizations. This Bureau issues pamphlets on such subjects as building and maintaining chamber of commerce membership, industrial development, community advertising, retail trade extension and the like.

The Housing and City Planning Bureau, under direct charge of the department manager is engaged in collecting and publishing information as to present housing conditions and co-operating with local chambers of commerce in working out a constructive program of improvement. This bureau is helping cities in the formulation of effective city plans which may be actually carried into practice and also is furnishing advice and information on city zoning.

Matters relating to education are handled by the Department's Education Service, with a trained specialist in charge. The Department stands for the elimination of illiteracy, for well-trained teachers, for physical education facilities, and for good and adequate school buildings.

All organization members interested in efficient public administration and the legislative enactments of federal, state and municipal bodies are served by the Department's National Civic Bureau. This Bureau, in charge of the assistant manager of the Department who is a specialist in municipal research, collects data, compiles statistics and reports, and furnishes information to commercial organizations throughout the country.

The Bureau of Immigration and Citizenship, impressed by the fact that 13,000,000 inhabitants of the United States are of foreign birth, is endeavoring to stimulate both native and foreign-born citizens to become more effective Americans. To this end, the Bureau keeps in touch with immigration legislation, naturalization, Americanization, and similar problems so that all local business organizations may obtain advice and information at need.

These five Bureaus, collectively, represent the service of but one of several useful departments which the American business man.

The National Chamber is now the largest business federation in the world. It has more than 1,400 affiliated business organizations with an underlying membership of approximately 900,000 business men.

REFINING PLANT BADLY DAMAGED BY FIRE

New Orleans, March 28.—(By Associated Press.)—The refining plant of Sinclair Oil Company at Merroux eight miles south of here was badly damaged by fire at least four tanks said to have been destroyed. The loss was placed at approximately seven million dollars. Flames are still raging although it is believed that the fire fighters had them under control.

Wednesday, March 28th, 1923

Monday was Sunday in Wilson—at
least for those who were willing to
pay a dollar to hear Billy in his usual
performance.

Nobody doubts that it pays to ad-
vertise—some people just naturally
hate to spend money for something
that they can't get hold of with their
hands and feel of it and weigh it.

Exempting foreign stock from taxa-
tion is foreign from the spirit of
democracy and here's hoping the suit
against the new law will prevail.

It took the man whom Governor
Morrison pardoned after serving
thirteen years a long time to discov-
er that there is no hoodoo connected
with that number.

Reading about baseball games on
the sport page is very interesting, but
seeing them is more so. A reorganiza-
tion of the East Carolina league is
the one best bet for local fans.

It now appears that the president
of Piggly-Wiggly wriggled out of the
trap and is busily roasting Wall
street.

Some Republican politicians are
striving to eliminate President Har-
ding from the next campaign. Just
leave that part to the Democrats: it'll
be tended to in due time.

Speaking of King Cotton the Ra-
leigh News and Observer asks: "What
is the secret working that presses
down the price?" That's easy—this
year's crop has been planted and the
higher price cannot fool the growers
into producing more of the staple for
the speculators to gamble with next
fall and winter.

According to David Lawrence
President Harding is not opposed to a
conference of nations, "but balks
at taking the lead." Please designate
one situation in which the chief ex-
ecutive ever was known to take the
lead.

**COUNTY MAP OFFERS
ADVERTISING POSSIBILITIES**

For the first time in its history,
perhaps, there is now a complete and
comprehensive map of Pitt county
available for reference and general
use. This map was drawn by Mr.
Henry L. Rivers, a local engineer,
for the County Board of Education,
with especial reference to the loca-
tion of schools, but it offers an op-
portunity for advertising that the
business men of Greenville and ot-
her towns in the county should not
overlook.

It will be a matter of small ex-
pense to have electrotype made from
Mr. Rivers' map and these cuts could
be used by the various industries to
advertise to the world the advantages
of the county. The map shows the
new hard surface roads, as well as
those that will be paved under the
present program of road building, and
this feature of the map alone is well
worth the expense attached to its
production and use.

The map makes a good showing for
the county, with its progressive little
cities scattered over its length and
breadth; the location of the fine
schools in every section, and the roads
that will soon connect all of the
towns and prosperous communities
with the county seat. In other words,
the map will show the world the coun-
ty of Pitt to good advantage and tell
what we who live here hardly appre-
ciate—that we have a remarkably
fine county.

The Chamber of Commerce could
use these electrotypes to advantage
in all its literature and the individual
business men and industries could
print it on their stationery and give
it a wide-spread publicity that would
advertise the county and its desira-
bility as a place of residence that
could be secured in no other way at
such a little cost.

We recommend that the Chamber
of Commerce and the business people
of the county generally give this pro-
position serious consideration.

**OHIO WILL STRIVE
TO MAKE CHILDREN
ENJOY GOOD MUSIC**

Columbus, O., Mar. 28.—(By Asso-
ciated Press.)—A movement, the
primary object of which is to edu-
cate the public in appreciation of good
music, and which the sponsors believe
will ultimately sound the death knell
by the Department of Education of
Ohio in the form of music memory
contest.

A committee, composed of the lead-
ing musical men and women of Ohio
chosen by Vernon L. Riegel, State
Director of Education, and Mrs. Nel-
lie I. Sharp, State Music Supervisor,
has made 20 selections of musical
numbers, nine of which are from A-
merican composers. In the first sec-
tion of the contest this list has been
given to every school in the state,
where children in all grades from the
fifth to the eighth in the country
schools will attempt to learn them so
well that they can tell instantly which
selection is being played even though
only a few bars are executed.

An additional 10 selections are ad-
ded to this list in the second sec-
tion of the contest for pupils in elemen-
tary schools of villages or cities,
while an additional 10 is added, mak-
ing a list of 40 selections for high
school pupils.

These selections are being played
in all the schools, theaters, music
picture houses and concerts in the
state, and reports to Director Riegel
and Mrs. Sharp indicate that hun-
dreds of thousands of school chil-
dren have entered the contests.

Elimination contests are to be held
in each school in the state during the
week of April 2 and five pupils from
each school will win the honor of rep-
resenting that unit in the county con-
tests of April 21. At these county
contests three pupils in each section,
making nine to a county, will be de-
clared winners, and their victory will
carry with it the right to represent
that county in the state contest to be
held here on April 28. Thus more
than 600 county winners will try for
the supreme honor.

The play, "Patty Saves the Day," will be presented by the grammar grades on Friday evening, March 30, beginning at 7:45 o'clock. We will also have other exercises, together with a basket party and an old-time community spelling match. The public is cordially invited.

Will A. R. C 210,000

Under the terms of the will of Mrs. Georgiana L. Howe, of Cincinnati, O., the American Red Cross received a bequest of 210,000, according to notification received from Mrs. Howe's estate. Mrs. Howe died at Worcester, Mass., January 4th.

FARM PESTS COST BILLION EACH YEAR

Washington, March 28—(By Associated Press.)—A billion dollars a year is the board bill of uninvited farm and fruit pests which have come to the United States from foreign lands, according to Chairman C. L. Marlatt of the Federal Horticultural Board. Two hours of every day's work on the farm or in the garden and orchard goes to feed these guests, Dr. Marlatt says:

There are at least 100 major plant pests and many hundreds of minor pests which have been imported, but there are thousands of other pests, insect and plant that have not gained entry into the United States and which the Federal Horticultural board is endeavoring to keep out. Fifteen quarantines are being on-

forced now, and in connection with these, efforts are under way to eradicate the pink bollworm, the citrus canker and the Parlatiora date scale. The other recently established pests, including the European corn borer, the Japanese beetle, the pine blister, etc., are recognized now as permanent factors in the agriculture of the country, and for these, retardation of spread is the only hope left. This eradication and control work is being conducted by the Federal Horticultural board and involves an annual expenditure of upwards of \$2,000,000.

COMMISSIONERS' SALE OF LAND.

North Carolina, Pitt County. In the Superior Court, Before the Clerk
Johnnie Tucker, Administratrix of J. Arthur Tucker, vs.
L. F. Worthington, S. T. White, J. E. Winslow, et als.
By virtue of power vested in the undersigned commissioners by that decree of the Superior Court of Pitt county, entered in the above entitled proceeding on Monday, the 26th day of March, 1923, (the bid of Edwin Tripp in the sum of 612,700.00 having been raised) the aforesaid commissioners will on Tuesday, April,

10th, 1923, at 12 o'clock noon, offer for re-sale at the court house door in the Town of Greenville, to the highest bidder for CASH, the following described parcels of real estate, lying, being and situated in the county of Pitt and State of North Carolina, to-wit:

FIRST PARCEL: Being that tract of land, lying in Winterville Township, which was devised to the late J. Arthur Tucker by his father, the late Arden C. Tucker in his last will and testament of record in the Clerk's office for Pitt county in Will Book 3, at page 333, to which reference is made for a more perfect description, and containing 135 acres, more or less.

SECOND PARCEL: Being a one-half undivided interest in fee in and to that tract of land, known as the Jethro Kittrell land, the whole tract containing 100 acres, more or less.

This March 26th, 1923.
S. J. EVERETT,
ALBION DUNN,
Commissioners.

SETTING HENS SHOULD BE GIVEN WELL BUILT NESTS AS FIRST STEP IN HELPING TO BEST RESULT

Deep Nest Protects Eggs From Cold, and Low One Prevents Breakage.

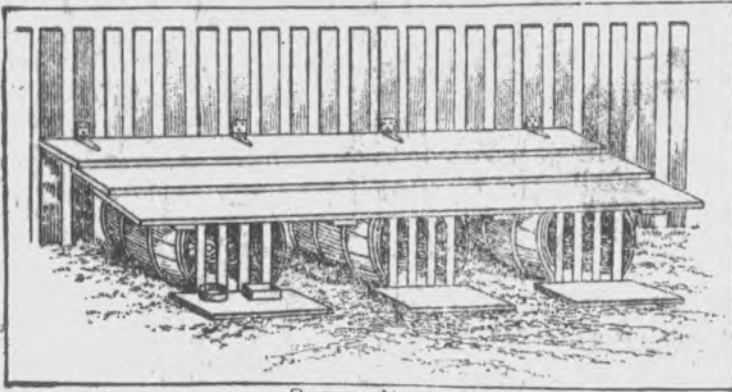

By SETH W. SHOEMAKER, Director the School of Agriculture, International Correspondence Schools, Scranton, Pa.

When a poultry raiser decides to employ natural incubation he must assist nature and the hen to a certain extent.

For example, the nest for sitting hens must be large enough to prevent the eggs from being crowded or shelled upon one another. It must be deep enough to protect the eggs from below and to help the hen by holding the warmth about eggs.

disturb her while setting. After the hens are disturbed they become nervous and are likely to break the eggs. Nests for sitting hens can be made in a variety of ways. They should be at least fourteen inches square. (See) here; answer the purpose very well. A box nine inches to fifteen inches wide and eighteen inches long provides ample room. The entire box should be filled with hay, and there should be a cover over it.

Basic Nests. Nests made of barrels (shown in the accompanying illustration) laid on the side against a post and sheltered from the weather make useful nests for sitting hens and may be used as a brooding coop for the hen, and for chicks. When not needed for hatching they may be used as coops for the broody hens. Sitting hens should be laid in the

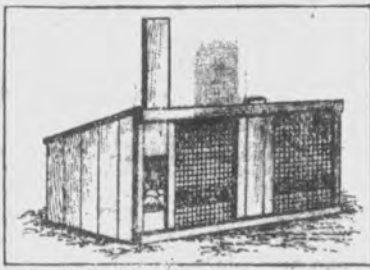

BARREL NESTS

rear part of the barrel and the food and water placed on the outside at the front. When nests are prepared in this way the eggs are saved from danger and are confined to the nests.

A somewhat more elaborate nest called the combination nest is also shown. It is economical of space and is suitable both for the sitting hen and for her chicks after they are hatched. The boxes may be made singly or in pairs, as shown in the illustration. In the latter nest two hens can be set at the same time, one on each side. The whole front of this coop should be fastened with hinges at the top to serve as a door. The slats in the front are sliding doors that push up when the doors are closed,

and through these doors the chicks can pass in and out of the coop. Each single coop should be twenty-four inches square and at least two feet high in front. The greater portion of the front is made of wire cloth. Such coops should be placed under shelter.

COMBINATION NEST

GREAT LAKE DISTRICT EXPECTS BIG IRON YIELD

Duluth, Minn., March 25.—(By Associated Press.)—Activity of ore producing mines in the Lake Superior district is considered as evidence of the prediction made by operators that 55,000,000 tons of iron ore will be shipped from the district this year, an estimate just 5,000,000 tons short of the record, and more than 10,000,000 tons higher than the tonnage handled last year.

Railroads are ordering new equipment; day and night shifts of workers are repairing cars and docks; underground mines are working full shifts to increase their stockings, and on the open pit properties great chasms are being opened to make way for the removal of the mineral.

Encouraging reports have been received from Great Lakes shipping points regarding prospects for an early opening of navigation. Ice conditions are reported especially good at the head of the lakes and on western Lake Superior. The late February thaw loosened the thick ice floes and

they have been pretty well broken up, mariners declare.

Vessels concerned report that their fleets are being made ready to sail from winter quarters just as soon as ice conditions permit.

NOTICE OF SALE OF REAL ESTATE.

By virtue of power vested in me by that deed of trust which was executed to me on the 29th day of October, 1918, by E. B. Dixon and wife, Nora Dixon, and duly recorded in the office of the Register of Deeds for Pitt county, in Book L 19, at page 618, I have for sale to the highest bidder for cash, at public auction at the court house door in the Town of Greenville, at 12 o'clock noon, on the 24th day of April, 1923, all of the right, title, and interest of the said E. B. Dixon and wife, Nora Dixon, being a one-ninth undivided interest in and to the following described tract of land, lying, being, and situated in the county of Pitt, and State of North

Carolina, to-wit: That tract of land which was deeded to the late Caleb Smith by Henry Mills by that deed of record in the Register's office for Pitt county in Book K-K, at page 46, and by G. F. Smith and wife conveyed to Parmelia Laughlin by that deed of record in said office in Book H-S, at page 349, to which said deeds reference is made for a more particular description, the said interest therein conveyed being all of the interest which the said Nora Dixon received in said land from the estate of her mother the late Parmelia Laughlin, to-wit: This March 24th, 1923.

SMITH ELECTRIC COMPANY

WOULD YOU SACRIFICE COMFORT TO STYLE?

It's altogether unnecessary if you wear a Modart Front Laced Corset.

For Modart skillfully moulds the figure to the graceful lines of the current vogue—yet permits perfect ease and freedom. Proper placing of the boning provides a restful unobtrusive support to the diaphragm—at the same time idealizing the natural curves of the figure in perfect proportion.

Come in today for a Modart fitting. Our corsetiers will gladly help you select the correct model for your particular type of figure.

C. HEBER FORBES

STROKE REDUCING Golf Suits \$35

It's folly to attempt to play golf in clothes that restrict freedom of movement. Every class of outdoor devotee engages in his sport in clothes that help him improve his game. So why not the golfer?

And here are the clothes, so cleverly made, with the pleat and collar arrangement that you can take your hardest wing and the coat will fall back into natural shape.

Some of these Suits are made of four pieces—coat, vest, long trousers and extra knickers.

Our Tailor, Joe Epstein, is here until 3 p. m. tomorrow and will be pleased to show you the golf patterns, of which there is a large variety.

**Save from
\$52 to \$78
a year**

You will be amazed to see how the use of "Bull" Durham will out down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

Here's one reason: The government tax alone on 50 machine-made cigarettes is 15 cents—**5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!**

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

TOBACCO

★ What a place "Bull" Durham holds in the hearts of Americans! Can you think of any other brand that has been the favorite of three generations?

Look at its history. From the Civil War to the Great War "Bull" Durham has been the American's greatest standby. Sixty years.

There really is no smoke in the world so altogether satisfactory.

A "Bull" smoker never switches. You can't interest him in any new experiments. He carries his preference wherever he goes.

This is because the special flavor and aroma of "Bull" Durham make a cigarette that can not be duplicated.

Find out. You will never know how good a cigarette can really be until you roll your own out of "Bull".
