GOV. MORRISON AND LACY SIGN BONDS

Busy Affixing Signatures to Bonds in New York; Sign Twenty at a Time

New York, April 6.—(By Associated Press.)—Governor Cameron Morrison and State Treasurer B. R. Lacy, of North Carolina, today began signing an issue of \$5,000,000 North Carolina Highway bonds...

The bonds are part of an authorized issue of \$20,000,000 which \$10,000,000 were marketed recently, and an additional \$5,000,000 unissued the N. Y. bankers holding an option for their purchase until June 1923.

The governor and Mr. Lacy used a chemical device which enabled them to sign twenty bonds at one motion.

"North Carolina," Governor Morrison said, "is enjoying exceptional prosperity just now, and bids fair to exceed its rating last year as the fifth state in the union in the value of its agricultural products, and 14th in value of manufactured goods."

"The road building project begun several years ago is nearing completion, giving the state an unusually fine system of hard-surfaced highways."

"More than half of the cotton mill now under construction in the United States, he said, "were built in North Carolina."

Both the Governor and Mr. Lacy expect to remain in New York tomorrow to talk with local bankers. The \$5,000,000 issue will be sold to the public at a price to yield about 4 3/8 per cent.

COOLIDGE DECLINES TO TALK ON ATTITUDE AS TO HIS CANDIDACY

Washington, April 6.—(By Associated Press.)—Responding to inquiries as to his attitude toward 1924, Vice President Coolidge predicted Harding's re-nomination and re-election would be demanded by the people because of the record of his administration, but declined to discuss his own attitude as to a re-nomination as the President's running mate.

RELIGIOUS CENSUS WILL BE TAKEN ON SUNDAY, APRIL 15

Pastors and Superintendents Meet in Chamber of Commerce Rooms

NUMBER OF TEAMS FROM ALL CHURCHES WILL PARTICIPATE

Some Churches Will Furnish Seven Teams and Others Will Send Out Twenty

At a meeting of the pastors and superintendents of several of the churches of the city, which was held in the Chamber of Commerce rooms yesterday afternoon, it was decided that religious census would be participated in on Sunday afternoon, April 15th.

Plans were made to have a number of teams from the churches participating. Those present agreed that the Presbyterians, Episcopalians and Free Will Baptists would be asked for seven teams or fourteen workers each, while the Methodist, Christian, Immanuel and Memorial Baptist churches would be asked for ten teams of twenty workers each.

The various pastors and superintendents will take this matter up with their respective churches and Sunday schools next Sunday, with a view to securing the desired number of workers for this census. With this number working, it will be an easy job to put it across.

Those attending yesterday's meeting: Pastors V. P. Scoville, T. H. Plemmons, W. P. Shamhart, Leland W. Smith, Sunday school superintendents, Victor Davis, W. E. Hooker, E. G. Joyner, H. L. Smith.

ARLINGTON HOTEL DESTROYED BY FIRE

Damage Estimated at Million and Half Dollars; One Man Reported Killed

Hot Springs, Ark., April 6.—(By Associated Press.)—Loss from fire which destroyed the famous Arlington Hotel yesterday was estimated at a million and half dollars and was protected by a half million insurance. One man was killed and two seriously injured in the debris after the fire was brought under control. Three hundred guests and employees lost their clothing and other possessions.

VETERANS WILL ATTEND REUNION

Pitt County Will Defray the Traveling Expenses of Those Not Able to Pay Their Way

At the meeting of the Pitt County Board of Commissioners which was held in this city last Monday it was decided that the county would defray the railroad expenses of all Confederate Veterans, not financially able to do so themselves, to the annual re-union which will be held in New Orleans beginning April 11th.

There are several Confederate Veterans left in Pitt county although their ranks are becoming thinner each year. These old men always enjoy a re-union and nothing gives them more pleasure than to get-together to talk over the times when they followed Lee.

This is a very commendable act on the part of the commissioners and they are especially anxious for all Veterans to avail themselves of this opportunity to attend the reunion.

Chines Migrating to Manila

Manila, April 6.—(By Associated Press.)—Chinese immigrants numbering 5,363 entered the Philippines during the year 1922, according to figures given out by the customs bureau. Of this total, 4,730 were males and 639 females.

PYTHIAN BANQUET AT LOCAL COLLEGE IS MUCH ENJOYED

Nearly Three Hundred Pythians and Guests Were in Attendance at Annual Event.

MANY LOCAL SPEAKERS FEATURE ON PROGRAM WITH SHORT ADDRESSES

Mr. C. W. Coghill, of Rocky Mount, Only Out of Town Speaker Accept Invitation.

One of the largest attended and most enjoyable banquets staged in the city for a long time was that of the Knights of Pythians in the dining hall of the Teachers College last night. Including members and guests there were about three hundred in attendance.

Mr. R. C. Flanagan was toastmaster of the occasion and presided in his usual gifted manner, announcing each number of the evening's program with a brief introductory speech.

Several out-of town Pythians were expected to be present, but for various reasons only one was able to respond in person to the invitation extended by the local order. He being Mr. C. W. Coghill, of Rocky Mount who being the first speaker, presented in a short talk the relationships of Dokleism and Pythianism. His remarks were timely and especially appreciated by the Dokies and Pythian present.

There were several local speakers on the program, including Messrs. H. A. White, Dr. A. M. Schultz, Dr. R. H. Wright, S. J. Bridges, C. S. Forbes, Judge L. G. Cooper, Revs. V. P. Scoville, W. P. Shamhart, L. W. Smith and T. H. Plemmons. All of which complied with the order of the occasion and spoke for but a few minutes.

Dr. A. M. Schultz made an announcement that was gladly received. It being that the local order has provided funds for a scholarship at the Teachers College of some deserving young girl from the Pythian home. His remarks were of such an optimistic nature relative to the new undertaking by the lodge, one would gather that there was possibility of other such scholarships being established by the Pythians in the near future.

Dr. R. H. Wright, president of the college being called on, stated in the beginning that he could not refrain from announcing in part the building program of the college for the next two years. According to his remarks plans have been submitted and adopted by the building committee of the institution which called for more buildings, and several additions, all of which must be completed within the period above specified. This will place the school in position to take care of 712 students which is about double its present capacity. Included in this program is a library building which is to be erected on the property to Fifth street and the general public will have access to the building and enjoy the advantages which will be offered by the establishment of this new building.

Referring to the scholarship which the local lodge is to establish at the opening of the coming fall session, the speaker related several instances where young women had been so assisted that otherwise would have never had the opportunity of attending the college and receiving the training that would equip them for teachers. He complimented the order on its decision stating that their members would never realize the great good that would be done, not only for the individual whom they select to receive the scholarship, but that other organizations would be prompted to act in a like manner.

Messrs. E. G. Flanagan and H. A. White were presented with medals for twenty-five years faithful service to (Continued on page 4)

Lynchburg wants to turn the light on the actions of Commonwealth Attorney Light, but Light probably wants to keep them in the dark.

We are not a prophet, nor the son of a prophet, but we are willing to take a chance on predicting that the farmers of this section are going to have good crops this year.

With a suit for some fifty million dollars over an aeroplane business it might be said that this industry has arrived in the commercial world.

We haven't taken sides in the fight for or against the Ku Klux Klan and not stir up much interest either. But, with the differences between the high officials getting into it, it would seem that the much-assessed order is now reaching the beginning of the end.

We were right when we said that Greenville has "the finest climate in the world" and we could go on another step and say that we have the greatest city in the state.

It is a pity that the towns in Eastern Carolina can't get together on the baseball proposition. (This is April, and if anything is to be accomplished, steps should be taken immediately.)

The news and Observer thinks that as long as Greenville has such wonderful climate that Dr. Armstrong whose advice is "Stay North," should visit here. We take great pleasure in extending to the doctor an invitation. Seeing is believing and if he should come he would be like Dr. Leacock was over the Raleigh climate, "charmed."

Summer time is speeding time. Some step should be taken immediately to place a motorcycle cop on the hard surfaced roads around Greenville. The salary of such an officer would be small compared to the loss of one life.

It is human for man to err, but when sworn officers violate the law to the extent of violating the prohibition law, they should not only lose their positions but they should be punished. The trouble in a matter like this is that the "higher ups" think they can do as they please and get by with it. Justice to every man regardless of the position which he holds.

The announcement of Senator Royal S. Copeland coming to this state to deliver the commencement address at the State College will be welcome news to the public. Before becoming Senator, Dr. Copeland was known throughout the country as a great health officer. Since becoming Senator he has made many friends and North Carolina will certainly give him a royal welcome.

The Pitt County Board of Education which has always given such efficient service with three members will be enabled to make more progress with the addition of two such

able members as W. H. Woolard fairly uneducated and should attend and J. T. Thorne. These men have school and acquaint himself with the the interest of better education at other twenty-five.

There are more or less prospects every day for a hospital for our county, usually less.

The little boy who wanted to attend the Literary Contest and Track Meet, which was held in Greenville on Easter Monday, to the extent that he was willing to walk six miles shows just how the children of this county appreciate and enjoy these events. Luckily for the little chap after he had walked five miles some one came along and brought him to Greenville.

The saying that self praise is half scandal may be true, but when we continue to hear outsiders complimenting our recent Fashion Review with such statements as, "It was a credit to your city," and "It was the best I ever saw, etc., we can't help but brag just a little. It was great and when we consider the fact that it was our first attempt—then it gets greater. First impressions are always lasting and our first Fashion Review will never be forgotten.

It is a regrettable fact that the \$25,000, appropriated by the Legislature for investigating Governor Morrison's proposed state-owned ship line can't be given to some worthy cause which really needs the money. The committee will have a nice trip down the Cape Fear all right, but that will be all. It is a safe bet that this investigation will be like the majority of investigations, a failure.

The Pitt County Commissioners are to be commended for the step recently taken when they decided to pay the Confederate Veterans' way to the re-union in New Orleans this month. We owe the "old soldiers" a great debt and we can only pay it through love and by trying to make their last days as pleasant as possible. Those who are financially able to attend will do so but there are so many who haven't the money and it is these which the commissioners are sending to enjoy the annual event which means so much to them in the "sun-set of life."

If all Americans felt toward Lord Robert Cecil as Senator Reed does when "his honor" would certainly think that America is an iceberg. Lord Cecil, who is an exponent of the League of Nations, did not thrust himself upon America—he was invited to come here. Reed may not agree with the visitor, but he should be broad enough to give him a right to his opinion.

The Washington Post says "The Reckless Driver Isn't Wreckless." That is true and the reckless driver too often finds himself in a wreck. A driver should be careful if he can't be good.

The man who thinks that "I" is the only letter in the alphabet is cer-

Majority of modern women spoiled before marriage. Headline. Just think how times have changed since "grand ma was a girl." She thought it awful to even shake hands with her fiancée. This is a fast age and requires speeding to keep up with it.

LET THEM CONTINUE

The Kiwanis Club, Rotary Club and school officials cannot be commended too highly for the success of the Literary Contest and Track Meet which was held in Greenville on Easter Monday.

These events are looked forward to with a great deal of interest and enthusiasm by people from every section of the county. They are not only educational but are great get-together affairs. Something in which the schools take pride, and something which creates the desire to excel. If we were satisfied to stay in the same old rut we would soon grow tired and things would become monotonous.

Every child likes a contest and is anxious to win. Events like these create a spirit of rivalry which tends to uplift and broaden the minds of the children. The future generation depends upon the children of today, and the best that can be given them is not any too good.

The two events have been such a success for the past two years that it is hoped by everyone that they will continue to be annual events. It is a settled fact that the results will be far reaching and that the benefits derived from them will be of untold value in the future. They are really worth-while and should receive the encouragement and support of the citizens of the county.

PARENT-TEACHER ASSOCIATION HOLDS INTERESTING MEET

The Parent-Teachers' Association interesting meeting yesterday afternoon at the Model School had a very in-teresting program in Japanese costume, about Japan. Mrs. R. R. Corten, of Cottondale gave a splendid talk. She has had years of experience with Parent-Teachers' Associations, in fact she helped launch the movement and what she said was right to the point and much benefit was derived from her experience and knowledge.

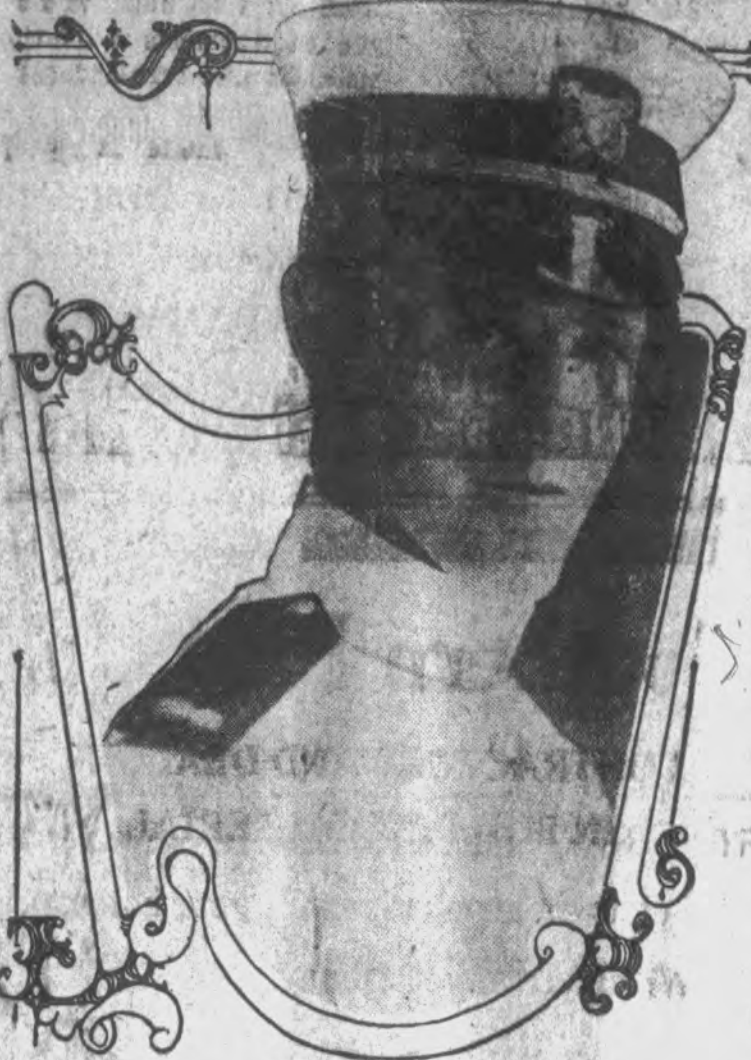

The seventh grade won the two dollar prize for the largest number of parents present. The teachers and patrons as well as the children are very much delighted that the Model School won the silver-cup in the county literary contest, held at the Teachers College on Easter Monday morning. This cup was given by the Kiwanis Club of Greenville. The children who won the cup for the school brought it out and after a speech by Anne Smith they were given a rousing cheering. The splendid work done by the teachers was commended.

Parents were urged to keep up the milk at recess for the children. Mr. Rose announced school would be out this year on June the first. The next meeting on May the second will be the last one this year.

Vienna to Aid Unemployed

Vienna, April 6.—(By Associated Press.)—The city government has voted the sum of 120,000,000 crowns—approximately \$2,000,000—for relief work among the unemployed. It is planned to spend half the amount to erect houses for more than 800 families, and the remainder will be used to extend the city's tramway system, build a public bath, and for other social betterments.

The price that Hugh B. Smith, warrant officer on the Seneca, paid for his gallant part in these hazardous encounters, was a nervous system so shattered that he broke down completely.

PEACH BLOSSOMS.
A straggling tree by the bare roadside,
Unkept it was and wild
But it was adorned as for a bride.
With a beauty undefiled,
'Twas as if a door in the heavens bright,
Had opened up its treasure,
And its choicest tints of pink and white
Had poured down without measure,
Till the whole tree was a beauty bower
A bower of tinted hue
That held me in its witching power.
As an ardent dream come true,
And I thought of all lovely things
And of her who is near my heart,
And now I know why the blue bird sings,
And the secret of his art.
The message of the peach blossom tint,
With its beauty all so fair
May we not from it find a hint
Of the infinite love and care?

Though some of the blossoms may be killed by frost,
And soon be blown away
Their beauty at least is never lost
For it remains with us always.
No beautiful thing can ever die
When once by the mind possessed,
Whether it shines from the heavens high,
Or the brown earth's kindly breast.

DECLARES SUNDAY SCHOOLS TEACH CHILDREN SEDITION
London, April 5.—(By Associated Press.)—A petition with more than 100 signatures has been presented to the present parliament asking that the House of Commons explore the existence and growth of what are known as "proletarian Sunday schools which, in the opinion of the petitioners, are 'fast becoming a menace to the stability of the constitution of this country, as well as to our national character, moral standards and home life.'
The petition charges that these Sunday schools are engaged in the teaching of Communist principles, sedition and blasphemous ideas on all religion.

MORTGAGES DON'T DIE

MORAL WAVE IN BELFAST ASCRIBED TO EVANGELIST

Belfast, April 5.—(By Associated Press.)—This city is becoming so moral that one wonders if a policeman will be sure of a job in the future, says the Evening News correspondent, who records that: "Petty thieving is on the decline. Many employers have received back stolen goods. Dozens of bags of tools 'borrowed' from shipyards have been returned. A grocer was paid \$5 that a woman customer had owed him for 20 years. For over an hour an ex-sailor tried to persuade the local pensions staff that he was not entitled to a weekly disablement grant he had been drawing."

All this moral "uplift" is ascribed to the great religious revival conducted by Pastor Nicholson, who is escorted everywhere by a band of 70 chosen from his thousands of converts. It is necessary to go to church two hours before time to hear him preach, and men forego their supper and march direct from their shipyard work in the evening to listen to him.

MICHIGAN GRADUATE PRESIDES OVER JAPANESE LOWER HOUSE

Tokio, April 5.—(By Associated Press.)—A graduate of the University of Michigan Mr. Gizo Kasuya, now presides over the Lower House of the Diet, having been elected speaker in succession to Mr. S. Oku, who resigned on account of ill-health. Mr. Kasuya has had experience as deputy speaker. He was graduated from Keio university and took a course at Michigan, from whence he returned in 1890 to establish the Jiyu Shimbun. He is also managing director of the Horal Insurance Company. Mr. Genji Matsuda was elected vice-speaker.

PYTHIAN BANQUET AT LOCAL COLLEGE IS MUCH ENJOYED

(Continued from page 1) the cause for which Pythianism stands. The presentation speech was made by Judge L. G. Cooper.

Music for the occasion was furnished by a local orchestra composed of Mrs. M. K. Blount, Misses Bass, Mary Moye Savage, Hennie Long and Bonita Bruce. And the Pythian sextette rendered several numbers.

The repass which was prepared by the College and served by young ladies of the institution included many favorite dishes—all of which were enjoyed.

INDIAN LEADER PLEDS NOW FOR NON-VIOLENCE

Gaya, India, April 5.—(By Associated Press.)—Violence against the aims of freedom and non-violent non-cooperation is the best path for India to travel to gain self-rule, is the opinion of C. K. Saha, president of the Indian National Congress, recently in session here. He upheld vigorously the ideal of self-government, and asked what was the ideal Indians should set up before them.

"It is nationalism," he declared, "but what is nationalism? It is, I conceive, a process through which a nation expresses itself, not in isolation from other nations, not in opposition to other nations, but as part of a great scheme by which, in seeking its own expression and therefore its own identity, it materially assists the self-expression and self-realization of other nations as well. Diversity is as real as unity. And in order that the unity of the world may be established, it is essential that each nationality should proceed on its own line and find fulfillment in its own life and self-realization."

"The only method by which freedom can be attained in India is the method of non-violent non-cooperation. We are here on the eve of great changes. The victory of Kemal Pasha has broken the bonds of Asia, and she is all astrife with life. The stir within every European country for the real freedom of the people has also worked a marvelous transformation in the mentality of subject races. That which was more or less a matter of ideal has now come within the range of practical politics. The Indian nation has found its bearings."

"There is no royal road to freedom, and dark and difficult will be the path leading to it. But dauntless is your courage, and firm your resolution, and though there will be reverses, they will only have the effect of speeding your emancipation from the bondage of a foreign government. The success of the movement is assured."

Telfair vs. F. M. Wooten, J. L. Wooten, Nan G. Clark and W. S. Clark & Sons, the undersigned will on Monday, the 23rd day of April, 1923, be in the court house door in Greenville, at the hour of 12 M. o'clock, to cash the following described tract of land: Lying and being in Pitt county, N. C., beginning on the public road leading from Tarboro to Greenville, at a corner common to Annie S. Knight and Richard Harris; thence running in a northerly direction with and along said road 204 feet to the corner of lot 11 in plat of the Piney Grove Farm of Annie S. Knight, registered in Map Book 1, at page 8, corner, thence S 69-20 W. along the line of lot 11 to Tar River, thence down Tar River to a gum and oak on Tar River, thence a southeasterly course with line of said Piney Grove farm to a common corner of said farm and C. A. Stannell Farm; thence with southern boundary of said Piney Grove Farm N. 65-30 E. and along line of G. A. Stannell and Richard Harris to the beginning being lots 12 and 13 on said plat of Piney Grove Farm, containing 140 1-2 acres. March 24th, 1923.

HUGE GAME PRESERVE APPROVED BY CANADA

Victoria, B. C., April 5.—(By Associated Press.)—Plans to establish a new game reserve in British Columbia, to be known as the Bowron Game Refuge, have been approved by the Dominion government, and the boundaries of the park will soon be definitely determined.

The preserve will form a refuge and breeding place for a greater variety of wild game than any other in either Canada or the United States, according to the announcement. It will include within its area Bowron, Spectacle, Sandy, Long, Isaac and Indian Point lakes which, with streams connecting them, form an almost circular waterway 200 miles in circumference.

The park lies in the old Cariboo gold district, and will be 70 miles long by 40 wide, with its southern boundary 22 miles from Barkerville. The country is the native habitat of moose, deer, caribou, mountain goat, big horn sheep, lynx, black and grizzly bear and other animals.

According to the announcement the streams and lakes are full of trout, steelheads, pike, salmon and bass, and are one of the noted spawning grounds of sockeye salmon. Geese, ducks, brant and grouse are plentiful. A canoe can travel around the circle of lakes without portage, almost constantly in the shadows of snow clad peaks that rise some 8,000 feet.
