RED CROSS HELD INTERESTING MEET MONDAY MORNING

Executive Committee, With H. E. Austin Presiding, Meets in Red Cross Rooms

MANY IMPORTANT MATTERS GIVEN THE COMMITTEE'S ATTENTION

Child Welfare Work Begins and Care Conference Will be Formed to Have Charge

The Executive committee of the Pitt County Red Cross met yesterday at the Red Cross office. Mr. H. E. Austin presided in absence of Chairman W. L. Hall. Mrs. J. M. Hobgood of Farmville read minutes and treasurer's report was given by Mr. A. B. Ellington.

Report of anti-rat campaign was given. Leland Forlines of Winterville turned in 114 rat tails and won certificate of twenty-five dollars in gold. Total number of rat tails turned in was 885.

The success of the Pitt County Community Sing held in Farmville was greatly complimented by Chairman Rose. He stated that the next Community Sing would be held in the College auditorium on Mothers Day, the second Sunday in May. Mrs. J. M. Hobgood was asked to play for Sing and Mr. Walter G. Shepard to lead same.

The allotment of Red Cross knitting and sewing given to Pitt county for the army hospitals has been accepted and will be distributed this month.

Child Welfare work has been begun, and a Red Cross case conference will be formed this month to be in charge of this work, which will be done for the Pitt County Department of Public Welfare.

The subject for discussion this month was the Home Service work. Mr. H. E. Austin explained this department of the Red Cross, taking it up from the time it began during the war for the purpose of being prepared to be of service to the families of enlisted men. He gave a few examples of the cases of this nature public. He spoke of getting the allotments and allowances for wives who had not received same, of the reuniting of a "broken home." Mr. Austin expressed his appreciation for the assistance given by every one, of the co-operation of the Clerk of the Court Harrington and Registrar of Deeds Gaskins in the looking up and giving the numerous affidavits of the required records.

This work is now being continued to families where ever there is need. Particularly where there have been cases of gas or shell shock, or reopened wounds. Vocational Training, Mrs. Hubbard stated, she believed to be one of the greatest features offered by the Veterans Bureau. One hundred and eighty-three cases have been handled by local Chapter in last 18 months.

Post Commander Waldrop and Adjutant W. H. Rogers, of the American Legion, and Mrs. C. M. Warren of the Woman's Auxiliary and Mrs. J. L. Fleming, president of the Daughters of the Confederacy were especially invited for this home service meeting.

CLEAN-UP CAMPAIGN TO BE CONDUCTED IN GREENVILLE SOON

First Winner Will Have Honor of Being Mayor and Will be Awarded \$15.00

COLORED SCHOOLS WILL ALSO BE ENLISTED IN THE GREAT CAMPAIGN

Second Prize Will be \$10.00 While the 3rd Prize Will be \$5.00; Expect Great Results

(Auspice: Chamber of Commerce.)

A real clean-up campaign has been decided for Greenville for the week of April 23rd, according to an announcement of Secretary H. L. Smith.

All of the boy and girl scouts who would like to participate in this campaign and compete for cash prizes are requested to meet Mr. J. H. Rose at the High school building next Thursday afternoon at 3:20 o'clock, at which time the matter will be thoroughly explained and territory allotted.

The winner of first prize will be awarded \$15.00, which carries with it the honor of being mayor of the city for one hour. The second cash prize of \$10.00 entitles the winner to the honor of mayor pro tem. The winner of 3rd prize will be awarded \$5.00 and will become chief of police for the one hour period. Photographs will be made of the new city officials.

Inasmuch as the proposed campaign will teach splendid lessons of citizenship and will entail a large amount of work in making clean the entire city, the city council very readily agreed to appropriate \$50.00 for the prizes.

The colored schools will also be enlisted in this work and will be awarded three prizes: \$9.00, \$6.00 and \$5.00. Under the chairmanship of Mr. J. H. Rose, one of the most successful campaigns of its kind in the history of Greenville is expected.

MUCH INTEREST WAS MANIFESTED AT TENT MONDAY EVENING

Evangelist Dunaway Delivered Strong Sermon on "Most Common sin fallen Humanity"

Rev. Mr. Dunaway, who is conducting the evangelist series under the big tent, delivered another splendid sermon last night on the subject, "Most Common Sin of Fallen Humanity," bringing out the excuses which men make for not becoming christians, and showing that the only way by which man can be saved is through confession.

The evangelist is delivering some of the strongest sermons, against sin, ever heard in this city and he gives specific instances in developing his sermons, which explain them in such a simple way that even the children can understand them.

At the close of the service last night quite a number confessed their sins and others asked for prayer. The singing was an outstanding feature and the duets by Mr. and Miss Eden were very inspiring. They had splendid voices, which are appreciated by the large audiences.

GERMAN ELECTRIC COMPANY COMBINES WITH JAPANESE

Tokio, April 17.—(By Associated Press.)—The great American electric companies which, through their Japanese affiliated companies have up to the present done the bulk of the business in Japan, are to have further competition. The German firm of Siemens Schuckert has combined with the Furukawa Electric Industrial Company and a larger factory is to be built near Yokohama, according to the local press. The Japanese company will supply the capital and the German one will furnish experts and patent rights.

A PROCLAMATION BY THE MAYOR OF GREENVILLE

Cleanliness is not only next to GODLINESS, but precludes it, in that it points to the saving of human life. This is true, not only in the care of the human body, and living conditions surrounding it, but as well in the prevention of FIRES and ACCIDENTS which take each year an appalling toll of lives.

In failing to remove from our homes and places of business filth, rubbish, fly and fire-breeding conditions we set aside both the laws of God and man, accepting the charge of criminal negligence and inviting the murderous sacrifice of human life as well as the wanton destruction of property.

In the thousands of deaths from preventable diseases and in the \$8,000,000.00 loss of property in North Carolina by fire during the past year no statistics will ever be able to measure our individual guilt nor penalize our carelessness; yet the responsibility is there, and the fact that it is a public burden, an open reproach, does not lessen the personal offense.

CLEANLINESS in our lives, in our homes, in our places of business, is a duty we owe to our families, our neighbors and friends. Let us glorify that duty in the discharge of it. CLEANLINESS is impossible amongst filth, trash and rubbish; then let us CLEAN UP.

NOW, THEREFORE, I, D. M. CLARK, MAYOR OF GREENVILLE, in order to impress upon our people the menace of carelessness and to induce a general and active interest in disease, fire and accident prevention, do hereby designate the week of APRIL 23rd, to 28th, 1923, as CLEAN UP WEEK, and urge that it be observed by devoting a part of each day to a thorough inspection of attics, closets, basements, storage rooms and yards, and the removal of all filth, garbage, waste, trash, or other accumulation that might breed flies or cause a fire.

Let us accept a personal responsibility in MAKING GREENVILLE SAFE FOR LIFE AND PROPERTY by first cleaning up our own premises and then cooperating with our street and fire departments in removing hazardous conditions from homes, schools, institutions, factories and all other places.

Done at the Mayor's office this 16th day of April, in the year of our Lord one thousand nine hundred and twenty three.

D. M. CLARK, Mayor

NATIONAL CHAMBER PHILADELPHIA TO COMMERCE TO MEET ATLANTA BY FOOT IN NEW YORK IN MAY

Eleventh Annual Meeting Will Be Held in New York From May 7-11

Mr. H. L. Smith, secretary of the Pitt County Chamber of Commerce received from Washington today details of the program arranged at the United States Military Academy at West Point in connection with the visit to be paid to the government's great school for army officers by delegates to the Eleventh Annual Meeting of the Chamber of Commerce of the United States in New York, May 7-11. The trip up the Hudson on the SS Washington Irving, chartered by the New York Reception Committee, and visit to the Point will be made on May 11 as the concluding feature of the National Chamber meeting.

Brigadier General Avery D. Andrews has been named chairman of the special committee of arrangements for the West Point trip and accommodations have been provided for 5,000 visitors. The steamer leaves New York City at 10 a. m., giving the delegates from all over the United States a chance to see the historic river at its best in spring. Luncheon will be served aboard to make the full afternoon available for the special exercises at the point arranged by the superintendent of the academy, Brigadier General Fred W. Sladen, under authority of Secretary Weeks. The academy is the hub of military educational work of the government and from it have been graduated in the past men like Grant, Sherman, Lee, Jackson, Hancock, Thomas, Meade, Hooker and Pershing to lead American armies. The world war brought many new agencies of battle into use and developed many new methods of leadership and command. Today, under officers who served in France with Pershing, the youngsters, hand picked for their physical and mental qualifications, who compose the cadet corps, are being instructed in up-to-date military science in a fashion to insure that American armies of the future will have competent leaders.

Just how this is being done it is the purpose of the program arranged by General Sladen for his guests on May 11 to show. The afternoon will be a cross section of academy life. Beginning with half an hour of horsemanship exercises in the riding hall

Scranton Man Intends to Walk from Scranton to Attend Kiwanis Confab

Atlanta, Ga., April 17.—To walk all the way from Scranton, Pa. to Atlanta, Ga., to attend the Kiwanis International Convention, May 28 to 31st, is the announced intention of Harold E. Steer, of the Scranton, Pa. Y. M. C. A. He wrote to convention headquarters to ask for the best walking route. Mr. Steer hiked from Scranton to Toronto, Canada, to the Kiwanis convention last year.

Faster time, however, is expected to be made by Kiwanian Tyler J. Roscoe, of Franklin, Tennessee, who has sent word that he will fly over to Atlanta on the morning of the opening day and asking that an automobile meet him at the landing field. Mr. Roscoe owns his own plane.

Traveling more conventionally, but more socially, will be the delegates and visitors who have already contracted for twelve special trains for the Atlanta trip. Two special trains will bring the visitors from the fourteen clubs in Chicago and a number from neighboring cities. Other specials are booked to leave Dallas, Texas; St. Paul, Minn.; Indianapolis, Ind.; Cleveland, Ohio; Pennsylvania, New York City; Boston, Atlantic City, Washington and Florida.

Mexico Seeks Manila Trade.

Manila, P. I., April 17.—(By Associated Press.)—Santiago de Riachi, personal representative of President Obregon of Mexico, is here for the purpose of conducting commercial investigations with a view to establishing stonger trade relations between Mexico and the Philippine Islands. "It is not true that business in Mexico is controlled entirely by foreigners and more especially by United States interests," said Mr. Riachi. "The fact that there is a large amount of American capital invested in the development of Mexican industries does not necessarily imply that Mexico is the economic vassal of the United States."

FIRST MEETING OF BAPTIST REVIVAL BE HELD TONIGHT

Services This Evening Will be Devoted Entirely to Sunday School Work

SERVICES WILL BE HELD IN FORBES AND MORTON'S WAREHOUSE

Rev. Lewis Entzminger and Party Expected to Arrive This Afternoon

This evening at 7:15 at Forbes & Morton's warehouse will be held the first meeting of the evangelistic campaign, which has been planned by the Memorial and Immanuel Baptist churches.

The meeting this evening will be devoted to Sunday school work and will be of such a nature as to interest those of other denominations, all of whom have a most cordial invitation to attend.

The hour is placed at 7:15 so as to permit those desiring to do so to attend the Methodist revival. By coming promptly, the meeting will close at 8:15 for tonight.

Wherever this party has gone, the attendance of the Sunday schools has doubled and the interest greatly enlarged. Greenville and surrounding territory faces a real opportunity of having their Sunday schools greatly built up and strengthened. Make your plans to attend the very first service.

FIVE BANDITS ROB POST OFFICE SAFE

Robert Wilkerson and Shorty Harrison Probably Fatally Wounded.

Pawhuska, Okla., April 17.—(By Associated Press.)—Robert Wilkerson and Shorty Harrison were shot and dangerously wounded when they came upon five men who attempted to rob the post office. Both were talking past the post office when ordered to halt by three bandits standing guard outside. When they failed to obey they were fired upon with rifles and shot guns. Wilkerson's wounds are expected to prove fatal. The bandits failed to obtain any loot and escaped in automobiles.

BASEBALL SEASON WAS OPENED TODAY

Commissioner Landis Was the Guest of Christy Mathewson for Opening at Boston

Chicago, April 17.—(By Associated Press.)—Familiar sign of baseball today came into view on the street cars and buses as players and fans in the four major league cities prepared for the opening games of the National League season. Time honored customs of band playing, flag raising and throwing out the first ball was planned for the various cities. President Heydler of the league was a guest of the Chicago Cubs and Commissioner Landis was guest of Christy Mathewson for the opening at Boston.

FORGETFUL PROFESSORS AIDED BY PICTURES OF STUDENTS

St. Louis, April 17.—(By Associated Press.)—Professors in the school of Medicine at Washington University who have experienced difficulty in remembering the names of students have been provided with sheets of small photographs of the 290 students, so that in times of perplexity they may peer at the sheets and identify any boy within a few seconds. The student's name appears under his picture. There are 60 photographs to each sheet.

MR. J. E. ENTZMINGER

Mr. J. E. Entzminger, advance man for the Entzminger-Butcher evangelistic party and who will conduct services tonight in Forbes & Morton's warehouse. Mr. Entzminger is a great Sunday School worker and the public is extended a most cordial invitation to attend the services.

OFFICERS KILLED BY RUM RUNNERS

One of Rum Runners Wounded in Battle Which Took Place Near Violet

New Orleans, April 17.—(By Associated Press.)—Deputy sheriff, Estepinal, and Federal Prohibition agent, Estevell were shot and killed in a battle with rum runners near Violet, according to a report. One of the rum runners was wounded.

WORLD'S DANCING RECORD IS WON BY CLEVELAND GIRL

Miss Magdaline Gottschick Dances Sixty-Six Hours and Six Minutes

Cleveland, April 17.—(By Associated Press.)—The world's continuous dancing championship came back to Cleveland and into the hands of Magdaline Gottschick who set a new record of sixty-six hours and six minutes beating the record set by Magdaline Williams of Houston, Texas, by thirteen minutes. Miss Gottschick started at three o'clock Saturday afternoon and quit at six minutes after nine, being forced to quit because of exhaustion largely due to dancing on a tile floor.

NEW REFORM GOVERNMENT NOW FUNCTIONING IN BURMA

Rangoon, April 17.—(By Associated Press.)—In his inaugural address before the Burma legislative council here, Sir Harcourt Butler, governor of Burma defended the motives and policy of Great Britain, and urged the newly-elected members to cooperate with the administration in effecting the reforms set forth in the new constitution. The present council, now holding its first session, is the first body to be elected under the Burma reforms act.

"Today," said his excellency, "we inaugurate together the new regime. Burma is good country for an optimist. Favored by nature, it has vast undeveloped resources, fertile soil, a wealth of minerals, great forests, large waterways a population one of the most attractive in the world and one of the best educated in the East. There is a national spirit and a national character, which may at times run riot, but which in the end will help to build up a nation."

Japan Imports Artificial Silk

Yokohama, Japan, April 17.—(By Associated Press.)—While Japan is the largest exporter of natural silk, she is importing artificial silk for her own purposes. Last year 134,000 pounds of this commodity was brought to this country from England, France and Switzerland.

GUY SUTTON MUST FACE COURT NEXT WEEK FOR MURDER

Man Charged With the Killing of Phillip Jefferson Will be Called This Term

JURY IS DISCHARGED BECAUSE OF VERDICT IN A LIQUOR CHARGE

Grand Jury Returns True Bill in Case of Frank Wilson for the Killing of Harris

Grand Jury. C. W. Harvey, Foreman; J. A. Moore; G. N. Edwards; J. R. Peardon; A. M. Hardee; W. A. House; N. E. Hart; J. F. Pollard; J. A. Matthews; A. J. Tyson; Green Ferrell; W. J. Bullock; C. N. Nichols; Joseph J. Haddock; R. T. Morrille; J. O. Harris; W. B. Holloway; G. H. Hudson.

Real action in court circles was not long getting a start yesterday following the charge of Judge Grady at the first day's session of Pitt county Superior Court for the trial of criminal cases. His honor addressing the grand jury covered briefly the various crimes that will be brought to the attention of the jurors at this term, requesting that they consider carefully each and every case presented to them, and return the bills according to the evidence of the witnesses appearing.

There are several very important cases calendared for this week's session. Among them being the trial of Guy Sutton charged with the killing of young Phillip Jefferson when the latter was struck by an automobile on Dickinson avenue about three years ago. It was not until about two months ago that officers could learn anything of a definite nature sufficient to lay the blame to any one individual or persons. The information which caused the arrest of Sutton was furnished by a young fellow by the name of Nichols who claimed that he was in the automobile with Sutton when young Jefferson was hit, from which injuries he died in a very few minutes.

There are some cases to be tried that were sent back from the Supreme Court for new trial.

There were several cases called during yesterday afternoon, a majority of which were not pressed or either continued. There were four cases for trial, all of which were disposed of. They were:

Jess Mills, a young white man charged with the larceny of a horse from Jodie Williams, entered court and through his counsel made a plea of guilty. After considering the evidence Judge Grady ordered that judgment be suspended upon payment of \$20.

J. A. Wingate who appealed an assault charge from the local police court, pleaded guilty and paid the cost. Tom Johnson pleaded not guilty of the charge of assault with deadly weapon. Jury returned a verdict of simple assault. There being other charges against the defendant, all of which will come at next week's session of the court, the presiding judge reserved his decision until the other cases were presented for trial.

Henry Turmige was found not guilty of assault charge.

The verdict of not guilty rendered his morning in the case of Stephen Walston charged with transporting liquor was the cause of quite a bit of unusual excitement when Judge Grady set aside the verdict and discharged the jury. His honor was sifter in denunciation of the returning of a not guilty verdict, stating that the evidence as presented was sufficient to convict the defendant. In making known his disapproval he asked the twelve men if they thought that the liquor found by the officers dropped from the skies. From the testimony this morning several weeks

(Continued on page 5)

Tuesday, April 17th, 1923

As long as this is "Courtney Week" it would do well for some people to look the word up in the dictionary.

Farmville's ex-servicemen have organized an American Legion Post. The people of that section are indeed happy over the fact that they are to have a real awake organization.

After all love will find a way. The Rockefellers objected, the McCormicks objected. In fact, from the last news stories about the marriage of Miss McCormick and Max Oser, one would believe that every body objected.

Thirty-one mines and coke plants out of approximately two hundred and 60 coal shafts in the Ruhr are the spoils of the French and Belgians during their already long stay in Germany.

It is easy enough to write charges, but an entirely different thing to come face to face with the person whom you consider guilty, and speak them. Mr. Dudding should come to our prison, in person, and present his charges—or keep his mouth shut.

The "drys" will meet in New Bern this week, not the kind that is opposed to the "intoxicants," but those who want to make our soil rich and fertile by the use of drainage.

Have you taken your dose of optimism today? Have you been courteous and polite today? Have you helped some one in need today?

Any man who violates the Volstead act should be punished. If he has any sense at all, he has sense enough to know that he should not deal with liquor in any form from the "corn to the bottle."

Some men can't take a hint, it requires the jail or the county roads to show them that the law has teeth already, not just cutting them.

It is hard to advise a man to break with his friends, but if President Harding would sever "diplomatic relationship" with some of his he would be more popular and stand a better chance in 1924.

If arresting a man on Thursday and sentencing him to life imprisonment on Monday isn't "speeding," we don't know what you would call it.

With a week of criminal court followed by a week of criminal and civil, some "courting" is scheduled to take place in this county for the next two weeks.

ORPHANS CONCERT: The singing class from the Oxford Orphanage was given a splendid welcome in our city last evening.

CO-OPERATE WITH THE FARMER: This is "Sweet Potato Week" from Monday till Saturday, both inclusive. The object of those who were responsible for the week being set apart was to stimulate the consumption of sweet potatoes.

TO THE - Tax Payers - OF PITT COUNTY - If your taxes are not paid by May the first I will be compelled under the law to advertise your taxes.

A. C. Jackson SHERIFF

lina buys far too much outside the State. Here is a chance to make the beginning of departure from that bad practice and at the same time come to the aid of the portion of the population that was hardest hit by the slump in prices in the dark days of the winter of 1920-21.

People living in towns, particularly the larger ones, know very little about the hard times on the farm. They should be glad to take a hand in making agriculture in the State a gainful occupation by buying liberally of the foodstuffs raised on North Carolina farms.

LORD CURZON DEPLORES "HAWKING" BRITISH TITLES

London, April 12.—(By Associated Press.)—The hawking of peerages, knightships and other titles, which has periodically shocked the British public, is again engaging the attention of the government.

British Chemicals in Demand. London, April 16.—(By Associated Press.)—The chemical industry of England is rapidly developing owing to the restricted output and higher prices charged by her chief competitor, Germany.

Local News

SCOUTS TO BE GIVEN TESTS IN FIRST AID APRIL 25th.

In order for a Scout to remain in Troop Two it will be necessary for him to pass before June 1st, the written tests in first aid which are required of second-class scouts. A scout who has not passed the tests by the above date will be dropped from the troop provided he was initiated before April 1st of this year.

The first written tests on this work will be given at high school on Wednesday, April 25th at 3:30. This test will cover treatment for fainting, shock, fractures, bruises, sprains, injuries in which the skin is broken, burns and scalds.

A scout may pass on four at one time and the other four at another time, or he may take all eight at one time. In the revised edition of the scout manual, he will find the discussion on these subjects as follows: Fainting, p. 287; shock, p. 276; bruises, p. 380; fractures, p. 377; sprains, p. 380; injuries in which the skin is broken, p. 381; burns and scalds, p. 390.

The two base ball teams in Class "B" will play off the game postponed from last Friday on Wednesday afternoon, April 18, on the high school campus.

The regular weekly double-header will be played at the Fair Grounds on Friday afternoon.

Deeds of Transfer.

The following deeds of transfer have been filed since yesterday's report: Thomas Moyer and wife to L. H. Braxton, consideration \$100; Ed Blount and wife to L. H. Braxton, consideration \$100.

MRS. J. E. BREWER DIES AT HOME IN THIS CITY

Mrs. J. E. Brewer, aged 36 years, died at her home in this city Sunday night, after a few hours' illness from acute pulmonary adenitis. The funeral services were conducted from her late home yesterday afternoon at 1:30 o'clock by Rev. V. P. Scoville, interment following in Williamson.

BOY SCOUTS WANT WORK AS THEY WISH TO MAKE MONEY FOR CAMPING TRIP

Since the date of the Boy Scout camp has been set for June 2 to June 12, members of Troop Two have been considering various ways and means for raising money sufficient to finance the trip. In order to go on the camp some of the Scouts find it necessary to pay their own way. The expenses of the camp include payment for the privilege of using Camp Leach, wages for cook, and the grocery bill, which is the big item as boys in camp are noted for their ability to dispose of food. The cost of the camp will probably range from eight to ten dollars for each scout.

The business men of Greenville are requested to help the scouts earn their money for this camp. Scouts do not ask for charity; they want work. Any person in Greenville who has any kind of work which can be done after school hours or on Saturdays is requested to call the Scout Master at High School who will see that a Scout is assigned to the work.

MARCH BIGGEST MONTH IN WILLARD PRODUCTION

March proved the biggest month in point of production that the Willard Storage Battery Co. of Cleveland has ever had, according to an announcement just made by R. C. Norberg, vice president and general manager of the company.

"We had hardly expected to attain the volume of production now reached until later in the year," said Mr. Norberg, "but the growing popularity of radio and the increase of closed car sales permitting motoring in any kind of weather has increased our sales to an enormous extent and production must necessarily keep pace with the increased sales.

"Peak periods in battery sales and production under ordinary conditions in the past years have been reached during the early summer months and we expect our peak period to occur at that time this year. It is therefore all the more surprising to see March production greater than any peak month in the past."

It is an interesting commentary on this company's rapid return to a normal business status that it has been able to increase production even above the months during the country's inflation period following the war.

Marriage License.

Only one marriage license was issued by the register of deeds on yesterday it being to Jasper Whitehurst and Mattie Jenkins, colored couple of Ayden.

BLOUNT-HARVEY COMPANY ANNOUNCES THEIR FORMAL OPENING FOR TOMORROW

The Blount-Harvey Company announces on another page of this issue the formal opening of their ready-to-wear department for tomorrow afternoon from 4 to 7 o'clock.

This opening includes the firm's showing of wearing apparel for both men and women, and no doubt great numbers will be attracted to the stores during the hours announced above. Refreshments will be served and the management has secured the services of an orchestra to furnish music for the occasion.

SINGING CLASS PRESENTED SPLENDID CONCERT IN CITY LAST EVENING

The Singing Class of the Oxford Orphanage presented a splendid program in the High School auditorium last night, which was enjoyed by a capacity house. The class always has a good program but the one last evening was the best ever presented here.

The singing and speaking attracted wide attention and drew forth much applause from the large audience. The program also consisted of a little playlet or operetta, which was beautifully rendered.

The children have never been welcomed by a more appreciative audience, nor one that enjoyed their concert more.

Statement of Interest.

Elsewhere in this issue appears a statement covering the city's financial standing which should prove of interest to every citizen who is interested in what has been accomplished in the past and what is to be attained in the future.

FRENCH CHESS PRODIGY DEFEATS PARIS EXPERTS

Paris, April 11.—(By Associated Press.)—Chess the game of kings, has a new master in Aristide Gromer, a schoolboy prodigy of 13, who recently played 20 of the best players of Paris simultaneously. He won 15 games, drew four and lost one. He said he lost the one because a photographer's flashlight frightened him and caused him to make a move which cost him the game.

Young Gromer walked up and down between the two rows of 10 boards, moving so rapidly that he frequently had to wait for his opponent to play.

The boy is far from the record of games played simultaneously by one person, but the showing he has made with very little experience is cited by chess experts as indicating he has great possibilities. F. J. Marshall, the American champion, holds the record with 155 games played simultaneously. Gromer recently played 12 games at once, which, he said, was his only previous attempt at simultaneous play.

Gromer's mother, who watched his

20 game feat said her son showed equal mental ability in his school work, standing at the head of his class in competition with boys much older than he.

RUSSIANS OF BERLIN OPEN SCIENTIFIC SCHOOL

Berlin, April 14.—(By Associated Press.)—Russian educators who were compelled to flee before Bolshevism and have established themselves in Germany, have opened a Russian scientific institute in Berlin which will offer courses in philosophy, law and political economy. This institute, which is under the direction of Professor Jassinsky, is open to foreigners as well as Russians, and has the approval of the German government. In fact German experts on the trade of Eastern Europe and the Far East will lecture in the institute. It is designed primarily to meet the desire of Russian students living in Germany to keep in touch with Russian culture and Russian business.

There are 500 Russian students in the high schools of Berlin at present who are endeavoring to carry on their education here. In addition it is estimated there are 500 more young Russians in this city whose high school courses in Russia were interrupted by the war and who are anxious to continue their education.

STATEMENT OF FINANCIAL CONDITION OF TOWN OF GREENVILLE

For the information of Greenville tax payers, I deem it fit and proper at this time to call attention in a general way to the condition of the Town's finances. Completely balanced Clerk and Treasurer's statements are read every month before the Board of Aldermen and filed in the City Clerk's office for inspection by any one interested, but as these are in detail and not generally understood by people unfamiliar with bookkeeping I am endeavoring to put the following in as comprehensive a form as possible:

STATEMENT	
June 30, 1919—Total bonded debt	\$593,000.00
June 30, 1919—Floating debt	35,000.00
June 30, 1919—Total debt	\$628,000.00
Dec. 1, 1920—Water and Light bonds issued	\$ 65,000.00

Amount expended to Apr. 1	7,098.80
Estimated cost to complete program	6,000.00
	\$ 13,098.80

Balance to be used on other sewers not included in general project

From the foregoing statement it	\$ 1,901.20
---------------------------------	-------------

will be observed that although it was necessary to issue bonds for Water and Light Plant, assume the \$50,000.00 note for the School Board, and borrow \$12,000 for the purchase of a Fire Truck, and \$15,000 to make general sewer extensions, the total indebtedness of the town has been somewhat reduced.

Also, that the Board of Aldermen collectively and individually have applied business methods and given the town the benefit of their time and ability in the proper discharge of their duties, for while maintaining the tax rate, with no increase, at \$1.50, improvements have been made during the past 19 months and paid for without borrowing to the extent of \$54,437.95, which improvements include the pavement of Atlantic Ave., Student's Street, the widening of Dickerson Avenue, the installation of sewer and drain pipes, Water and Lights, renovation of Old City Market and the conversion of same into city offices, the erection of a new sanitary jail and the grading and general improvement of 3rd street and other streets of the town.

This does not include the block of pavement lying between the asphalt pavement at the end of Dickerson Avenue and the county pavement at the corporate limits, nor the block of pavement now being constructed between 1st street and the river bridge, as this work is being paid for by the State Highway Commission as required by an amendment of the Highway Law, the adoption of which was obtained thru the efforts of the Municipal Association. This piece

A Manufactured Product—NOT Assembled

THE reason why the Mighty Speed Wagon sells for such a moderate price is perfectly clear when you stop to consider that the Speed Wagon represents but one manufacturing profit.

All of the vital parts of the Speed Wagon are made in the big Reo shops under Reo management, Reo methods of precision, and according to Reo's exacting standards. Because there can be but one profit in the Speed Wagon, its selling price is lower than would be possible otherwise. And because the Speed Wagon is built to a single standard of quality and uniformity, its value is many times greater than its price would imply.

SPEED WAGON

of legislation has already saved the town about \$5,000.00 on these two jobs.

With reference to the permanent improvements paid for out of the general fund without increasing the rate, I wish to call the public's attention to the fact that the rate levied each year is for the purpose of raising funds with which to meet the current operating expenses, such as maintenance of streets, cleaning the streets, maintenance of street lights, maintenance of fire dept., sewer system, police dept., schools and retirement of serial bonds, payment of interest on bonds, etc., and when permanent improvements are made and paid for without issuing bonds or borrowing money, it must be with money saved from the general fund by the application of economy and business methods. Therefore, the records show that during the past 19 months, \$37,000.00 has been saved in this manner and applied to the permanent improvements hereinbefore mentioned.

Any one desiring to verify any of the foregoing figures or statements will be assisted in doing so by Mr. J. O. Duval, City Clerk.

Respectfully submitted,
D. M. CLARK, Mayor.

Your children wear comfortable clothes—
Let them sleep on a Comfortable Mattress

There's nothing more important than perfect rest for little growing bodies. Is your child sleeping on a mattress that is really made for rest?

"Kingsdown" Mattresses are constructed on a scientific principle that allows the mattress to "give" without sagging. The soft layers of cotton felt are enclosed in high-grade ticking in such a way that it holds the body perfectly.

You know how important sleep is for your own health and well-being. Be sure the beds in the nursery as well as your own have mattresses that really induce restful sleep.

There is a "Kingsdown" dealer near you. He will show you the mattress that is made for quality and yet is reasonable in price.

ST. LOUIS BALLOONIST HONORED

St. Louis, April 14.—(By Associated Press.)—The Swiss Aero Club has awarded a silver trophy to H. E. Honeywell, of this city, who finished second in the Gordon Bennett balloon race from Geneva last August. The trophy represents a balloon surmounted by an American eagle.

SEEKS METHOD TO INCREASE HEIGHT STUNTED CHILDREN

Cleveland, April 17.—(By Associated Press.)—Search for some means to make small, stunted boys and girls taller, well as a comprehensive attempt to classify children for the work to which they are physically and mentally suited, is now being made by the Board of Education of this city.

A few of the questions which the investigation, under the direction of Dr. Bird T. Baldwin, psychologist of the University of Iowa, is expected to answer are:

At what age do children attain their complete physical growth?

What is the effect of physical condition on intelligence?

If a child's weight can be increased by diet, what can be done to increase his stature?

Every child in the five schools, a total of 3,500, is to be examined thoroughly, both physically and mentally. The physical examinations are already under way under the direction of Dr. L. W. Childs, director of school health work in Cleveland, with school physicians, nurses and dentists cooperating. This investigation will be followed by a health campaign to eliminate physical defects.

NOTICE OF LAND SALE.

By virtue of the power and authority contained in that certain mortgage deed executed and delivered by Henry Dupree and wife Allie Dupree to R. C. Flanagan, dated the 29th day of May 1922, and duly registered in Book U-13 at page 459 in the office of the register of deeds of Pitt county, the undersigned will on **Monday, May 14th, 1923 at 12 O'clock Noon** before the court house door of Pitt county, expose to public sale to the highest bidder for cash, certain lots or parcels of land lying and being near Greenville in the county of Pitt and state of North Carolina, described as follows:

Lots numbers 1, 2, 3, 4 and 5 in block I in the Riverdale division as shown on a map made by David C. James, surveyor on April 20, 1914, said map being duly registered in Map Book No. 2 at page 36 in the office of the register of deeds of Pitt county, to which reference is hereby directed for more accurate description. Default having been made in the payment of the notes secured in said mortgage, this sale is made of satisfaction of the terms thereof and to pay said notes in full.

Corner Dickerson Avenue and Eighth Street

NATIONAL CHAMBER COMMERCE TO MEET IN NEW YORK IN MAY

(Continued from page 1)
soon after the Washington Irving docks with her thousands of visitors, the program will run through to 4 o'clock covering many phases of soldier education in its most modern sense.

A half hour of calisthenics with massed commands follows the riding hall work, then a demonstration of field signal communications and a turn with the 12-inch coast defense mortar. Signal drill with pyrotechnics, rockets, flares and lights used for night battle communication, come next, then the cadets take to horse and gun limber for field artillery and cavalry drill and review.

Special weapons of modern infantry, machine guns, trench mortars, hand grenades, automatic rifles and the 37 mm "infantry cannon" to rout out enemy machine gun nests will be demonstrated by cadet detachments, followed by a glimpse of mass athletics designed to make every man graduated from the institution physically qualified to lead and direct the physical training and the sports of the men he will command.

The West Point cadet corps is generally accepted as the finest drilled infantry unit in the world. For years the corps has aroused national enthusiasm when it made its only public appearance on parade at the inauguration of presidents in Washington. For the business men, a close order infantry drill at full regimental strength of twelve companies will be held, followed by that most picturesque of military ceremonies, parade and colors, with which the day at the Point will close. The steamer leaves West Point about 5 p. m. on the return trip ducketing in New York at 7:20 in time for dinner and night trains for home.

GUY SUTTON MUST FACE COURT NEXT WEEK FOR MURDER

(Continued from page 1)
ago the accused with his car appeared on the streets of Farmville during the day, of which the officers took little notice. But after night the car was again seen and there being things connected with it that caused suspicion the officers started to make an investigation, but before they reached the scene the occupants took flight at a rapid rate of speed. When about three miles from Farmville they took to the bushes leaving the hootch and car to the officers. Due to the fact that Walston was the owner of the car, was seen in charge of it in the afternoon and appeared following the officers taking it in charge, and making claim, Judge Grady stated that the circumstantial evidence was strong enough to lay the guilt upon the defendant.

Judge Grady threw a bomb in the camp of the pistol 'toting' element this morning when he gave Stephen Jackson, a negro, twelve months in jail following his being found guilty of carrying a concealed weapon. Upon application of Mr. R. E. Jackson, the defendant was ordered hired out to him provided Mr. Jackson pay over to the clerk \$100 and the cost attached.

Redman Williams pleaded guilty to simple assault and was allowed to pay the cost.

The grand jury returned a true bill this morning in the case of Frank Wilson charged with the killing of Troy Harris, which homicide occurred several weeks ago at the home of the dead man near Galloway's Cross Roads.

John Dawson, John Grimes and Robt. Williams were found not guilty of selling liquor. But the solicitor ordered that the defendants be held until the grand jury return another bill which was now before them.

There were several instances capias issued this morning for defendants that failed to answer when called. Many of these have already been apprehended.

LAKE DISTRICT IRON MINES PREPARE FOR BUSY SUMMER

Duluth, Minn., April 17.—(By Associated Press.)—The Oliver Iron Mining Company, ore producing subsidiary of the United States Steel

Corporation, and owner and operator of 40 per cent of the ore properties in the Lake Superior district, the world's greatest ore beds, will open no new mines in 1923, according to an announcement by John E. McLean, general manager.

Although its forces will be centered on developing the previously established properties to meet what is expected to be a smart demand for the iron mineral, Mr. McLean said.

While no definite word was available from the various districts pending the announcement of the actual program of production for the season, Mr. McLean declared that the Oliver's entire force of approximately 11,000 men would be working full shifts this summer. He thought it probable that a thousand or more men might be added during its busiest part of the season.

Independent operators in the district report similar activity in advance of the opening of the shipping season next month.

The Mesaba range, the largest and oldest in the district is the center of the Oliver's properties. The Oliver company mined 15,950,420 tons from its 23 mines, which was 56.03 per cent of the total production for the Mesaba last year. In 1921 the Oliver mined approximately 70 per cent of the ore shipped from this range. The Mesaba's 94 mines produced 28,055,394 tons of the approximate 40,000,000 tons hauled from the district in 1922. This was an increase for the Mesaba of 71 per cent over the preceding year.

Cathedral Bell 1300 Years Old, Rome, April 17.—(By Associated Press.)—The oldest known bell still

in use is in the parish church of St. Mary of Loreto, at Villalago, in the Abruzzi mountains, and bears the inscription "Ave Maria" followed by "Anno Domini 696." Considering that bells were invented, according to church authorities, by Pope Rabian who died in 606, an older bell is recorded.

NEW DEVICE CAN RECORD 3,000 DEGREES OF HEAT

Chicago, April 17.—(By Associated Press.)—An instrument capable of measuring extreme temperature without coming in direct contact with the source of heat is now being used in a number of industrial plants to determine the amount of heat in the kilns or furnaces where raw materials are being burned or melted, according to officials of the Structural Materials Research Laboratory of the Lewis Institute here.

The instrument is known as a radiometer pyrometer, and consists of a small telescope containing a piece of colored glass and two small wires, attached to an indicator box. Standing back some distance from the kiln or furnace, the operator sights the little telescope at the spot where the glow is hottest. The glass focuses the heat on the wires, which expand and register the degree of temperature on a dial on the indicator box.

In Portland cement plants, where a temperature of from 2,500 to 3,000 degrees Fahrenheit is needed in the kilns to burn the raw materials to a clinker the common mercury thermometers are useless, because mercury reaches its boiling point at 675 degrees. By using the pyrometer, a di-

rect check is kept on the kiln temperatures, although some operators have an almost uncanny sense of determining this by sight.

At one of the cement mills recently the pyrometer telescope was turned on the sun. The little needle in the indicator box immediately sprang over the maximum figure, bouncing against the sides of the box in its effort to register the heat on the sun's surface, 93,000,000 miles away.

1,000 SUBNORMAL CHILDREN WILL BE FED ON VITAMINES

Athens, April 17.—(By Associated Press.)—To bring up children on yeast is the aim of an interesting ex-

periment which will be tried shortly in the Near East Relief orphanage here.

A thousand subnormal children, suffering from hardships encountered in the exodus from Anatolia, will be selected for supplementary feeding with vitamins in order to demonstrate how far these so-called "accessory food products" can combat and repair the results of prolonged malnutrition.

Two tons of concentrated vitamins have been received from New York; Miss Dora Miller, a dietician expert from Chicago University will conduct the experiment. "Yeast squads" of 150 children will be formed in seven large orphanages, and a teaspoonful

daily of vitamin extract will be added to their soup or porridge. The first series of experiments will continue for a month and the results will determine how far this regime will be extended to the whole orphanage system of the Near East Relief in Greece, Syria, Palestine, Armenia and Persia, which is supporting over 100,000 orphans.

FUNERAL AND BURIAL OF MRS. SALOTA VINCENT YESTERDAY

The funeral and burial over the remains of Mrs. Salota Vincent was conducted yesterday afternoon from Reedy Branch church. Her death

which occurred on Thursday morning was due to heart trouble, and just a few minutes before she was stricken was apparently in her usual good health. Besides a large family of children the deceased is survived by her invalid husband. Among the children is Mr. William Vincent, of this city.

Having recently passed her sixty-eighth birthday, Mrs. Vincent was especially active for one of her age, and always took an active part in religious work, being a true Christian character. The many friends of the deceased will regret to learn of her untimely death, and extend to those surviving their deepest sympathies.

—ANNOUNCING—

THE OPENING

CANDIDATE CARDS

CANDIDATE FOR MAYOR.

I hereby announce myself as a candidate for mayor of Greenville subject to the Democratic primary to be held on May 7, 1923
MARVIN K. BLOUNT.

FOR MAYOR.

In announcing my candidacy for Mayor for the ensuing term, I invite attention to my record, and will appreciate your support.
D. M. CLARK.

Women Shun Lectures.

Tokio, April 16.—(By Associated Press.)—The authorities of the Imperial University, Tokio, are beginning to doubt whether the women of Japan are as sincere in their desire for higher education as had been thought. When it was announced that the lectures at the university would be open to women, many applications for admission were received, but of the 90 women to whom these were granted, all but a few dropped out. This year there were very few applicants for the privilege.

Hopeful Smugglers.

Wiesbaden, April 16.—(By Associated Press.)—Americans are buying fine German wines and having them put up into all sorts of strange packages with deceptive labels in an effort to smuggle them through to New York.

One American has had separate bottles of wine soldered into tins marked as mechanical appliances which he hopes will pass the customs without being opened.

Ottawa to Honor Heroes.

Havre, April 16.—(By Associated Press.)—A train load of stone from the quarry of Migueles-Lourdes, in the department of the Charente, has been sent from Poitiers to Havre to be used in the erection at Ottawa of a chapel to the memory of the soldiers who died in the war.

The stone will be loaded on a steamer leaving Havre for Canada. The pavement of the chapel will be of English marble, the sanctuary of Belgian marble and the walls of the building will be entirely of French stone.

Cleveland to Detroit by Air.

Cleveland, April 16.—(By Associated Press.)—The ninety-minute passenger airplane service between Cleveland and Detroit, inaugurated last summer, will be resumed May 1, according to an announcement made here. Planes will leave both Cleveland and Detroit daily, except Sunday, at 9 a. m. and 4 p. m.

An additional route is expected to be opened between Cleveland and Buffalo during the summer.

ITALY SOWING MORE WHEAT

Rome, April 14.—(By Associated Press.)—An area of 11,614,000 acres in Italy has been sown with wheat, according to a recent report of the International Agricultural Institute. The number of acres sown a year ago was 11,490,000 and they yielded a record crop.

Take German Brides.

London, April 16.—(By Associated Press.)—From the date of the Armistice until the beginning of 1923, 400 British soldiers on the Rhine married German women, according to official information.

DRUNKENNESS AND CRIME LAID TO HIGH WAGES

Vienna, April 17.—(By Associated Press.)—With the high wages now being paid in Austria has come a big increase in drunkenness. This increase is not confined to Vienna, but is generally found in other towns, as well as in the country districts. Formerly cases of drunkenness were very rare in Vienna, but now they are of daily occurrence. There has also been a corresponding increase in the number of crimes committed under the influence of drink.

Ski Runner Makes Record.

Stockholm, April 17.—(By Associated Press.)—The Vasa ski run, the picturesque crowning event of Sweden's season of winter sports, took place recently in Delecarlia. One hundred and sixty-one of the best sportsmen in the country took part and, in spite of the deep snow over the entire course, the winner covered the distance of nearly 60 miles in the record time of 6 1/2 hours. Oscar Lindberg finished first, but only one minute ahead of the second man.

Electricity Startles Natives.

St. Louis, April 17.—(By Associated Press.)—An electric light plant has been established in the heart of darkest Africa, according to an announcement made at the headquarters of the United Christian Missionary Society here.

The plant is at a mission maintained by the society at Bolenge, 1000 miles in the interior, where the Congo river crosses the equator. The natives were greatly surprised when the lights were switched on, the announcement stated.

Swedes Yearn for America

Stockholm, April 11.—(By Associated Press.)—"America fever" again has broken out in various parts of Sweden, according to statistical reports. This term is applied by the opponents of emigration to the yearnings of young men and women to seek their fortunes in the United States.

Mrs. Han one thousand persons left Sweden for America during January and February of this year as against fewer than three hundred for the same period last year. Virtually all of these emigrants are well supplied with funds to cover their traveling expenses, and most of them have relatives who will help them out when they arrive.

Sweden's quota under the United States immigration law is about 20,000 per year.
