HOLLYWOOD WINS LOVING CUP GIVEN BY KIWANIS CLUB

Announcement That Quinerly School Won Cup Proved to Be Mistake

SMALL BOY STARTED WALKING TO TOWN TO COMPETE IN CONTEST

Joy Reigns at Hollywood Over Results of the Recent Literary Event

From the office of County Superintendent of Schools comes the announcement that Hollywood school rather than Quinerly school was the real winner of the loving cup given by the Kiwanis Club to the winner in Class "B" schools in the recent county commencement exercises. On the day of these exercises it was announced that the Quinerly school, in Swift Creek township, was the winner, and the cup was accordingly presented to this school. The county superintendent's office regrets very much that a mistake of this importance in awarding the cup had to occur. However, the judges and those in charge of the contest had to take care of grading papers and entering credits for something over a thousand pupils. In their efforts to get these papers ready so that the winners could be announced at the fair grounds that afternoon, this mistake occurred. Hollywood school was entered under the name of Chicod township, district No. 5. Quinerly school was entered as Swift Creek township, district No. 5; therefore, in the rush, the names of the townships were overlooked, and only the district number was taken into consideration. Quinerly therefore received credit for what Hollywood school had really done.

The error was detected the next day by the county superintendent and his assistant in re-checking the results of the Literary Meet. Quinerly school was accordingly notified that they were awarded the cup through mistake and willingly returned it. The cup has already been delivered to the Hollywood school, where joy throughout the community was expressed for the time being, reigns supreme.

If the results obtained are being measured in terms of effort put forth and interest shown, it really seems that the Hollywood school should have been the winner as it was. One small urchin, who was to represent his school in one of the literary contests, fearful that he might be late on the day of this contest, started to walk to Greenville a distance of seven miles. Being overtaken by his teachers and asked to ride, he stated he was afraid that he might be late, and had therefore started walking early that morning, so that he might be here in time to win a first place for Hollywood. This is somewhat characteristic of interest that was shown by practically all of the schools of the county. The county superintendent states that he is very glad to make this correction, and to award the cup to its rightful owner.

WINTERS NO COLDER TODAY THAN IN OLDEN TIMES

Washington, April.—(By Associated Press.)—The earth is undergoing no general change of climate. Despite repeated assertions around the stove in the general store, that winters are gradually growing milder, or harder, as the case may be, the United States Weather Bureau declares there is no evidence of a progressive change of climate in one direction or the other.

The fact that the last two years have been unusually mild in most parts of the country has provoked many assertions that winters are becoming warmer, bureau officials say, but records can be furnished to the contrary. Periods have occurred and will occur again, when for a few years the weather has seemed or will seem to be noticeably warmer or colder than the average. While there are well-recognized alterations in climate conditions, as of wet and dry, hot and cold, little is known with regard to definite laws of sequence of weather condition over extended periods.

CAROLINA FRESHMEN TO PLAY GREENVILLE HIGHS HERE SATURDAY 4 P. M.

Coach Duncan of the High School baseball team announces (but arrangements have been completed for a game here on Saturday afternoon at four o'clock with the Freshmen team of the University of North Carolina.

The University boys are making a tour of the eastern part of the State during this week, playing various high schools with whom they can secure games. This is the first time that one of the big college teams has been seen on the local diamond for many years, and the fact that the visitors are from a State institution and the local high have taken the initiative to get them here, all lovers of the sport should turn out Saturday and prove to the home boys that they are behind them, win or lose. Zeno Brown and Bob Forbes, probably the best battery ever yet representing the local school will be on the firing and receiving line for Greenville, and that is sufficient to say that the Freshmen will be royally entertained on their first visit here in the capacity of a ball team.

SPECIAL SERMON WILL BE PREACHED TO WOMEN FRIDAY

Rev. Mr. Dunaway Delivered Splendid Sermon Under the Tent Last Night

The revival which is in progress under the tent, was attended last night by a large congregation who heard Rev. Mr. Dunaway preach a splendid sermon on "When the Chickens Come Home to Roost," or "A Man Sows So Shall He Reap."

Mr. Dunaway convinced his large audience beyond a shadow of a doubt that every man reaps that which he sows. He dealt immorality a hard blow and showed wherein it is leading the world to destruction and ruin. He begged the sinners to stop in their mad rush and take time to consider where their sins were leading them. His sermon was one of the best delivered during the revival and much interest was manifested.

Tomorrow morning at 10 o'clock, Rev. Mr. Dunaway will deliver a special message to the women of the town and community and every woman is invited to attend. At 3:30 o'clock tomorrow afternoon he will preach a special sermon to the children. Every mother is urged to send her children to this service.

BANDITS TAKE SAFE CONTAINING LARGE SUM OF MONEY AWAY ON TRUCK

Kansas City, Mo., April 19.—(By Associated Press.)—A safe containing about seventeen thousand dollars in cash and ten thousand dollars in cash was taken by bandits here from a truck of the American Express Co. The bandits fired several shots before escaping in an automobile but no one was wounded. The robbers did not attempt to open the safe but took it with them.

MUCH INTEREST IS BEING MANIFESTED BAPTIST REVIVAL

This Week Being Given Entirely to Discussion of Sunday School Organization

REV. MR. ENTZMINGER TAKES CHARGE OF REVIVAL SERVICES

Meeting Will Continue for Two Weeks After This and Great Results Are Expected

Those attending the meeting at Forbes & Morton's warehouse last night were thoroughly delighted with the start made by the evangelist, Rev. Louis Entzinger. If there were any misgivings on the part of any before they attended this service, as they listened to Rev. Entzinger, the inevitable conclusion was reached, namely: that the speaker spoke from actual experience and that he believed in the things he was saying.

The services this week will be devoted to Sunday School organization all of the efforts being directed toward the enlargement of the various departments.

The plans hinted at last evening, if put into operation, will mean a complete re-organization of the Memorial and Immanuel Baptist Sunday schools.

"I believe the plans outlined will mean a great Sunday school," said Mr. Victor Davis, Superintendent of the Immanuel Baptist Sunday school. Dr. C. J. Ellen, teacher of the Barica Class of the Memorial Baptist church, said: "To fall in line with the proposed suggestions will mean improving business methods in the Sunday school."

Every teacher and officer of both the Memorial and Immanuel Baptist Sunday schools in particular, together with every member of both schools, are urged to be at the warehouse this evening promptly at 7:15.

The teaching force and others of the several churches of the city have a cordial invitation to attend the daily meetings.

STRAND THEATRE SCORES A RECORD

Local Movie House Crowded to Overflowing for 5 Performances Showing Same Picture

A new record was established here this week in movie show attendance when the new theatre, the Strand, played two days with five performances "The Hottentot," and packed their house at each performance. On the opening night it is estimated that enough people were turned away to fill the theatre four times.

"The Hottentot" which is a First National attraction is recognized as one of the best pictures being shown today, and so many people being familiar with the story were anxious to see the screen production. Then too the attractiveness of the new play house has won the approval of theatre going element, as was evidenced in the house being filled for five successive performances to witness the same attraction.

ARTHUR HOWARD KLEIN SET NEW WORLD'S RECORD FOR CONTINUOUS DANCING

Cleveland, April 19.—(By Associated Press.)—New world's record for continuous dancing of eighty-eight hours and eighteen minutes was set by Arthur Howard Klein when he quit at six eighteen this morning. Klein wearing a mask started at two o'clock Sunday afternoon.

LOCAL MAN FACED COURT WITH FIVE CASES ON DOCKET

R. E. Currin Today Answered to Five Indictments to all of Which He Submitted

FRANK MANNING ON LIQUOR CHARGE IS GUILTY SAYS JURY

Junius Moore Charged With Murder After This and Great New Trial by Supreme Court

This morning's session of Pitt county Superior Court for trial of criminal cases, which was the beginning of the fourth day of the term, was featured with the trial of R. E. Currin, a local white man, who had five indictments against him, all of which were of minor nature with the exception of assault with deadly weapon and carrying of same. The latter two is at present causing quite a bit of uneasiness on the part of the defendant, as Judge Grady has reserved until some time this afternoon his judgment in these cases. One case of disorderly conduct a fine of \$5.00 and the cost was imposed. Another action of failing to stop when the fire alarm sounded was remanded back to the mayor's court for final disposal. For exceeding the speed limit the defendant was assessed \$10 and the cost. One feature which will probably prove to the benefit of the defendant is that he submitted to each case.

Frank Manning, a young white man, who the testimony shows was in possession of quite a lot of liquor which he was transporting in Farmville section, was found guilty of the charge by a jury, and Judge Grady announced that he would pass sentence at this afternoon's session.

Two negroes, A. J. Glover and Herman Cherry were up for stealing furniture from the firm of Quinn-Miller & Co. The later submitted to the charge. The case being sent to a jury Glover also was found guilty. Sentence will be passed this afternoon on these.

One of the most important cases of the week is the trial of Junius Moore, a negro charged with the killing of a negro boy in Gorman's warehouse here about two years ago which is set for tomorrow. This defendant was given a hearing during the January term and being found guilty was sentenced to the penitentiary. An appeal was taken and the Supreme Court ordered a new trial.

ANNA CASE TO SING IN WILSON MAY 11

America's Premier Soprano to Give Recital Under Auspices Women's Clubs

The Eastern Carolina Exposition is delighted to announce, that arrangements have been made to present Miss Anna Case, America's Premier Soprano, in Wilson for one night only, May 11, through the Women's Clubs of Eastern Carolina. No one regrets Miss Case's sickness and failure to appear on the program of the exposition, more than did the promoters of the exposition, and they feel that Miss Case should have an opportunity to come to Wilson and make good her engagement, although under a separate contract from the other.

The various clubs composed of the women of Eastern Carolina are co-operating in this movement and the clubs will have for sale the tickets to this entertainment, which will be held in the beautiful new High School auditorium of Wilson. Miss Case is without question, the most beautiful and most popular Soprano on the American platform today and all Eastern Carolina should line up with the Women's Clubs in the various towns and make this the crowning event of the spring. Each town will have certain number of seats allotted to it, all of which will be very desirable seats.

Mania Seized Ex-Kaiser and Son

Ex-Kaiser and Ex-Crown Prince.

Mania is reported to have attacked both ex-Kaiser Wilhelm and the ex-Crown Prince Friedrich Wilhelm. In both cases the mania has taken the form of religious hallucinations. The ex-Kaiser is said to be revising the Bible, while the ex-Crown Prince holds religious revivals for hours at a time for his tired servants. Two Berlin alienists are reported to have declared he is hopelessly insane.

TEN PERSONS ARE MAROONED ISLAND IN LAKE MICHIGAN

Two Army Airplanes Leave for Scene of Trouble With Food for Sufferers

North Port Mich., April 19.—(By Associated Press.)—Cold, exhausted and half starved three men who for forty eight hours battered their way through the slush of ice and open water reached the mainland here bearing the news that nine men and one woman are slowly starving on Fox Island in Lake Michigan. As a result of their story of the battle against great odds in which human lives were constantly at the mercy of the sweeping gales and shifting ice packs, two army airplanes set out from Self-Ridge field to carry food to the marooned party. The party went to the island last fall to cut timber carrying provisions for several months but the prolonged winter exhausted their supplies.

FIVE PERSONS ARE KILLED IN BIG FIRE

Five Story Brick Apartment House Destroyed and Many Occupants Injured

Lynn, Mass., April 19.—(By Associated Press.)—Five persons were killed in a fire which destroyed Essex Castle a five story brick apartment house in the center of the city. Many occupants were hurt. The dead were Frank Hopin, George Philot, Mrs. Antoinette Harbor, Miss Margaret Nutter and Harvey Fairchild.

FORMER PRESIDENT OF STOCK EXCHANGE DEED IN PHILADELPHIA TODAY

Philadelphia, April 19.—(By Associated Press.)—William D. Grange, society prominent and former president of the Philadelphia stock exchange died today from a heart attack. He was forty-seven years old, public house; owner converted.

RESULTS OF SUGAR INQUIRY WILL BE GIVEN OUT TODAY

Acting Attorney General Seymour Has Promised Statement on Investigation

Washington, April 18.—The department of Justice investigation of the sugar price advance, inaugurated several weeks ago, reached the point today where officials were able to promise a statement of results within twenty-four hours.

Acting Attorney General Seymour after presenting a report on the inquiry to President Harding, the second within two days, announced that it had been decided to show at least a part of the government's hand tomorrow. He refused to give any advance information as to the course of the investigation which had been conducted largely through Federal District Attorney Hallward at New York, the controlling sugar market of the country.

The progress of the Justice Department's inquiry has been communicated from the start to Attorney General Daugherty, who is recuperating at Asheville, N. C., from his recent illness. Mr. Seymour said, and it was learned that the President discussed the matter with Mr. Daugherty today by telephone.

The fact that the Acting Attorney General has found it necessary to present a report today supplemental to that laid before the Cabinet yesterday was generally construed as indicating additional developments in the inquiry. Mr. Seymour declared, however, to discuss the phase of the matter, meeting all inquiries with the assertion that he would withhold his statement until tomorrow.

On a public house in Newtonards, Ireland, a sign was placed by the owner saying: "Closed forever as a public house; owner converted."

PLANS NOW READY FOR PRESIDENT'S ADDRESS IN WEST

Will Make Drive in West by Speaking in Many of the Principal Cities

DOZEN CITIES ALREADY GIVEN MORE OR LESS DEFINITE POSITIONS

Friends Say That President Will Try to Avoid Turning Trip into Political One

Washington, April 18.—(By Associated Press.)—Plans for President Harding's Western trip this summer have developed to a point where a detailed itinerary is under consideration at the White House.

Thus far, a dozen cities in the Central and Western states have been given more or less definite position on the list of places where important addresses are to be delivered. Named in the order in which the President expects to visit them, they are: St. Louis, Kansas City, Denver, Salt Lake City, Los Angeles, San Francisco and Seattle. Portland, Helena, Minneapolis, Chicago and Detroit.

Others may be added later when it becomes possible to select exact dates and make up precise schedules to travel. Originally Mr. Harding had planned to deliver in the neighborhood of twenty speeches, and he still believes he could carry out that program without over-taxing his physical strength. Some of his advisers have urged that he confine himself to the lesser number, however, particularly in view of the fact that he expects to extend the trip to Alaska as a part of the administration there.

The sea trip to the northern territory will be made under the present plans, between the President's visit to Seattle and that to Portland. Just how long it will take still is a question which makes the selection of exact dates impossible. It has been established definitely, however, that the trip Westward will begin about mid-June, probably on Saturday, June 16.

Several invitations have reached the White House urging that the President make the first speech of his trip in Ohio, Indiana, Kentucky, or Illinois, but he is understood to have decided against all of them, preferring to make contact at once with the country west of the Mississippi, where he has not gone since he entered the White House more than two years ago. In St. Louis and Kansas City it is expected he will sound the keynote of his message to the West, reviewing in detail what his administration has done to restore the normalcy for which he promised to work in 1920.

Later addresses are to develop individual topics of discussion, such as the administration proposal to enter the international court, the railroad problem and the results of the new tariff. In his four speeches on the coast it is likely he will emphasize what the arms conference agreements have meant to that section, while at Minneapolis it is expected to explain to the farmer what has been done to carry out the program of agricultural relief he first outlined at the Minnesota State Fair in his first formal campaign speech away from the front porch.

Marriage Licenses

The following marriage licenses were filed since last report:

Lion Coppin to Marie Watson, both of Greenville.

David Wilson to Mamie Little, both of Pactolus.

Thursday, April 19th, 1923

Help the farmers by eating sweet potatoes this week. They are a splendid food and one of North Carolina's most staple crops.

A Cyclone has hit Mebane. Not the kind that destroys property and lives but the kind that builds and makes better men and women—a religious one. "Mack" is there. He has only preached a few sermons but as usual he is giving sin a black eye, and preaching the Gospel in all its greatness.

The rum-runners have two more deaths to their credit. They have killed a deputy sheriff and Federal prohibition agent in Louisiana. Still there are people who will try to shield them in their violation of the law.

Mr. Dudding's replies to Mr. Fou are so hot that it must require asbestos paper to write them on. If the authorities of the State prison produce evidence showing that Mr. Dudding's statements are untrue, he will need some asbestos himself. We are of the opinion that Mr. Dudding has started something that will prove rather distasteful before the "Tar Heels" finish with him.

"Give me your picture so I can remember you," is proving of untold value to the professors of medicine at Washington University. Being unable to remember all the students by name, and not wanting to forget them, they have sheets containing the pictures of the students with their names under each picture. In looking through the books the professors can quickly recall any student which he has in mind, as a reward for his forgetfulness.

Stocks, of Oak City; Heber Stocks, of Windsor, and Miss Pattie Stocks, of Raleigh. She is also survived by thirty-one grand children and thirty great-grand children.

PRESIDENT OF NORTH CAROLINA MUNICIPAL ASSO. ENDORSES MAYOR CLARK

Editor Greenville Reflector, Greenville, N. C.,
I notice in the press that Mayor D. M. Clark of your good city is a candidate to succeed himself as mayor of Greenville, and I hasten to express the hope that Mayor Clark will be retained in office in order that he may continue his fine efforts in behalf of the great work now being done by the North Carolina Municipal Association. His efforts as vice-president of this association have been, and are now, of incalculable worth to the cities and towns of North Carolina.

I would be greatly pleased to see Mayor Clark re-elected. His services in securing legislation such as the requirement of the State Highway Commission to build connecting links in road building and pavement; the Municipal Finance Act and Optional Zoning Act, etc., were indispensable.

His experience as a member of the Municipal Association will mean much to your city in the next two years. The members and officers of our association think very highly of Mayor Clark. We fully realize his worth as a public officer.

We wish your splendid city continued progress and development.

Cordially,
GALLATIN ROBERTS,
President North Carolina Municipal Association. Adv.

BUILDING AND LOAN SERIES MATURES

The shareholders in the 22nd series of the Home Building and Loan Association were made happy today on announcement of the maturity of that series. The association began paying off the series today and when completed over \$58,000 will have been paid to the shareholders either in cash or cancelled mortgages. The association will open a new series on Saturday May 5.

WORK ON THE COUNTRY CLUB IS PROGRESSING RAPIDLY

Work on the country club site was begun this week and already the place presents quite a different appearance. The crew is at present at work clearing the wooded strip between the Gorman plot and the dam which forms the lake and when this is done the lake will be in plain view from every part of the golf course. One of the experts who was in this city a few days ago looking over the property stated that the lay of the land was ideal for a golf course and when completed it would rank favorably with any in this state. Work on the course will be begun in the next few days and with good weather only a few weeks will be required to have same ready for use.

KIWANIANS WILL MEET FRIDAY EVENING 6:30

The regular semi-monthly meeting of the Kiwanis Club will be held at the Rotary home tomorrow evening at 6:30 instead of 7:00 as heretofore. This change in hour is made because of the evangelistic services now in progress in the city.

Due to the fact that this week is being observed as "Courtesy Week," by every Kiwanis Club of this country and Canada, this one subject will feature tomorrow evening's program at which time Mr. W. E. Hooker will preside.

MANY PEOPLE ATTRACTED TO LOCAL STORE DURING YESTERDAY FOR OPENING

The store of Blount-Harvey Company, Inc., which held their formal opening yesterday afternoon from 4 to 7 o'clock was crowded throughout the hours of reception, and the event possibly surpassed anything of its kind ever before attempted by a local store.

Not only Greenville people were in attendance but crowds from other cities and sections of the county came specifically for the occasion which they all stated exceeded their expectations.

During the hours above named those visiting the store were served with ice cream, and entertained with delightful music by a local orchestra.

How Little More it Costs to Wear the Best

Only a few dollars difference between good appearance and mediocre. It's a fact that every man knows who buys his clothes carefully. That's why he wears only good clothes. We have Society Brand for him, because there is nothing finer, nothing more justly priced.

Come In Today and Let Us Show You.
