## BAPTIST REVIVAL MAKES SPLENDID PROGRESS SUNDAY

### Rev. Louis Entzinger Delivered Two Strong Sermons; Much Interest Manifested

Rev. Louis Entzinger, the evangelist who will conduct the Baptist revival services in Forbes and Morton's warehouse and who during last week made several talks on the organization and administration of the Sunday Schools, preached his first sermon yesterday morning to a large and appreciative congregation.

The sermon was based on the fourth chapter of John which gives an account of the woman of Samaria going to Jacob's well. In developing his sermon Mr. Entzinger divided it into four parts bringing out the spirit of selfishness, materialism and prejudice. His main thought was the winning of souls and he told how people will stand in the way of good works. He made a strong appeal for co-operation in the meeting and showed what a great work the Christians, of Greenville, have before them. Much interest was manifested in the first service and as a result there were four conversions and accessions.

Mr. and Mrs. Butler delighted the congregation with several songs. They both have splendid voices and their singing promises to be an outstanding feature of the services.

The evening service was largely attended. Fully 600 people were present. A goodly number from Farmville and Ayden were in attendance. Mr. and Mrs. Butler again delighted the audience with their message in song. They possess the happy faculty of making new a number of the old hymns. Already they have made their way into the hearts of the people.

Evangelist Entzinger delivered a forceful address along the line of soul winning.

A result of the service there were seven conversions and accessions.

The services today will be at 3:30 this afternoon and 7:45 tonight.

The following account of Rev. Mr. Entzinger, taken from the Piedmont paper published in Greenville, S. C., will be read with interest:

"The Rev. Louis Entzinger, evangelist and Sunday school builder, who is in a campaign with the Pentecost Street Baptist Church is an unique character. In 1909, he was an active business man. He was on a committee of young business men to put a man in the field in Florida for the Baptist Convention in that State. The salary was so small that no one capable could be secured so Entzinger sold out business and took the job himself. He undertook it only temporarily, but became such a marked success that he was never able to get back into business life again. Soon Kentucky Baptists called him to their Sunday school work. In three years, Kentucky went from foot to the head of the list of States in the Southern Baptist Convention in Sunday school work. He was called to the first Baptist Church, Fort Worth, Tex., as copastor with the pastor of that church, taking charge of the Sunday school and young people's work. In four years, the Sunday school attendance had grown from 249 to 2,500. This was not a 'Rally Day' attendance, but a regular average attendance. That Sunday school is easily the largest Sunday school in the world in actual attendance and Entzinger built it up and Dr. J. Frank Norris, the pastor, gladly gives him credit for this great accomplishment. He was later called back to the joint pastorate at a salary of \$10,000 a year, but declined it for his present field of labor. His first pastorate was at First Baptist church, Lakeland Fla., where he was in business when he took up the Sunday school work.

This is a real tribute to the man, and shows the esteem and confidence of his former business associates and neighbors. There he led in the building of a great Sunday school building, doubled the Sunday school attendance and added over 600 members to the church, making it the second largest in the State. He was, without being consulted, called to the pastorate of the First Baptist Church in New Orleans, where in one year, he

## BOMBS EXPLODE IN CHICAGO'S AMERICAN LEAGUE PARK

Chicago, April 23.—(By Associated Press.)—Three bombs exploded last night in Chicago's American League baseball park, shattering lights in grandstand and windows in nearby houses. The explosion was attributed to labor troubles. A week ago plumbing in the National League Park was destroyed. This act was also attributed to labor difficulties.

Elder C. F. Denny returned to Wilson yesterday evening after holding services in the church here.

## FIRST RED CROSS CONFERENCE TO BE HELD GOLDSBORO

### Delegates From This City Will Attend Meeting Which Will Take Place May 29th

Much interest is being evidenced in the Eastern North Carolina first Red Cross Conference to be held in Goldsboro May 29th. Delegates from this city and from practically every county in Eastern Carolina will be present.

The chief purpose of the conference is to provide a frank, free discussion of Red Cross work and problems, and give an opportunity for interchange of experiences in different sections. Exhibits and demonstrations on Junior Red Cross, First Aid Work, etc., will be among the interesting features.

Miss Jane VanDeVrede, director of Nursing Service in the Southern Division of the Red Cross, and Miss Kathleen Myers, director of Red Cross Public Health Nursing in this State, are coming from Atlanta headquarters, to lead discussions on Red Cross Nursing activities. A representative of the Veterans Bureau will be on hand to answer questions on soldier work. Carter Taylor, Field Director of the American Red Cross, who has been recently engaged on disaster work at New Bern, and other places, will preside. Mr. W. L. Hall, chairman of the Pitt County Chapter, and several other members of the Executive Committee will represent Pitt county at this conference.

Mr. C. Franklin Wilson a member of the well-known law firm of Vreeland & Wilson, of Morristown, is a native of North Carolina, born in Pitt county January 21, 1868, son of Lewis H. and Anna Carolina (Smith) Wilson, both of Pitt county, North Carolina.

## FIRST YEAR TEAM CAROLINA DEFEAT LOCALS SATURDAY

### Freshmen Pile Up Score of 17 Runs While the Greenville Highs Are Securing 9

A baseball game that proved nothing short of long of a slugfest, was that of Saturday afternoon on the local diamond when the Greenville High School boys were beaten by a score that went into the teens and finally stopped at seventeen, by the Carolina Freshmen. Both teams having featured with the stick.

From the manner in which Greenville started in the first inning, the fans thought it would be a complete walk-over for the locals, as from a total of four hits they ran five players safely across the home plate. Ordinarily such a lead would take the pep out of the opponents, but in this instance it proved different, for the visitors came back in the second and scored six times and duplicated their feat in the third. This had a tendency to weaken the hopes of Greenville as was shown by their playing for the remaining innings. And while they were able to add four more runs to their string they never threatened the lead piled up by the Freshmen, Greenville hit safely ten times; but were only able to secure singles while the visitors enacted several for extra bases of which a majority were for two sacks.

Although defeated as every one expected, the locals put up a good exhibition of the sport and fought hard after recovering from effects of the second and third frames. The visitors fought hard throughout the game, and the reason for the five runs Greenville secured in the first inning was due probably to the Freshmen being caught unawares of the ability of the home boys.

The attendance Saturday afternoon was very good, but nothing compared with what it should have been. The local people should take into consideration that it costs the locals every time a visiting team comes here, and unless the support of the fans is forthcoming playing on the home lot will soon cease for the lack of funds.

Messrs. T. T. Cox, Kenneth Mennon, Hubert Joyner and Earl Carter have returned from Charlotte.

## NEGRESS IS SHOT AND KILLED NEAR CHICOD YESTERDAY

### Chester Harris, Who Claims Shooting Was Accidental Is Placed in Jail Here

Coroner Wilkerson was yesterday called to the farm of W. C. Faucett in Chicod township where Chester Harris, a negro tenant had early in the morning shot and killed a negress by the name of Marie Braudie, who was a visitor at the home of Harris.

According to the testimony of Harris and that of his mother to the coroner's jury, the shooting was accidental. The dead woman and the boy had been sitting on the front porch of the home in the presence of Harris' mother frolicing. He suddenly turned from the porch went into the house and secured a gun which he states he thought empty, having taken the shell from it about two weeks ago, and leveling it at the negress he pulled the trigger with the above results. Further testimony was to the effect that the woman was a frequent visitor to the home and that she and Harris were the best of friends, both being twenty-one years of age.

A coroner's jury composed of Messrs. Fred Jones, A. O. Clark, W. P. Buck, G. A. Clark, W. F. Galloway and J. J. Elks were summoned and rendered their verdict that the dead woman came to her death by gun shot wound from a weapon in the hands of Chester Harris.

The charge against the negro being manslaughter he was brought here and placed in jail to await the amount his bond to be fixed by Judge Henry A. Grady who is now presiding in Superior Court for the trial of criminal cases.

## BELIEF EXIST THAT NEGRO CHILDREN WERE VICTIMS OF VOODOOISM

Crisfield, Md., April 23.—(By Associated Press.)—The belief that negro children, whose bodies, with heads completely severed who were found in a weighted sack in a pond last Thursday were victims of Voodooism is apparently gaining ground. According to citizens Voodoo ceremonies have been held by negroes who hold in awe the sorcerer who can work his audience up to frenzy. These ceremonies it is claimed sometimes involve sacrifice of negro infants.

## POLISH FINANCE MINISTRY TO REPEAL LIQUOR LAWS

Warsaw, April.—It is learned from reliable sources that the finance minister plans the withdrawal of all regulations ordering partial prohibition on alcoholic drinks, such as prohibition to sell or consume intoxicating liquors on the eve of holidays, or on holidays, and on Saturday and Sunday. The finance ministry declares that these measures are causing a great deficit, while their real effect is null, as none of the other governmental regulations are as often broken. In view, however, of the fact that public opinion is not only for maintaining these regulations, but urges at times complete prohibition, quoting America as an example, the finance ministry intends to abolish the regulations gradually in order not to provoke too great a protest.

## CUSTOMS HATCHERY PROVING VERY GREAT SUCCESS IN COUNTY

### Three Hatches Have Already Been Taken Off; Averaged From 65 to 70 Per Cent

(Auspices Chamber of Commerce.) "What is the custom hatchery doing?" If any one is asking this question, a proper answer can be very readily given by paying a visit to the store of Hall & Savage, where the hatchery is located.

According to a statement from the manager of the custom hatchery, three hatches have already been taken off, which have averaged from 65 to 70 per cent. Some of the compartments have fallen below these figures, while others have gone beyond.

To those who are familiar with the averages from the various hatcheries of the country, the results obtained from the hatchery here compare favorably with the leading ones of the country.

"Are you having any trouble in getting sufficient eggs to keep the big incubator filled?" asked a citizen one day recently. The answer to this statement was: "The incubator is entirely too small. I have more calls for space than I can care for."

With this cordial support given, it is but indicative of the future that stands out for the poultry industry in this county.

In addition to the custom hatchery, there are several private incubators—small size—that are being operated successfully over the county.

## WANNAMAKER CRITISES GOVERNMENT'S ACTION IN MAKING PUBLIC CROP REPORT

Saint Matthews, S. C., April 23.—(By Associated Press.)—The action of the government in making public the crop and acreage report of eighteen economists to the department of agriculture in which planting intentions of farmers were forecasted was denounced as a measure, "in behalf of gamblers," who faced heavy losses through selling cotton, that they did not own, in a statement by J. S. Wannamaker, president of the American Cotton Association. He declared that the protests against the report had come to him by telegraph from every section of the county from persons in all walks of life including members of the congress.

A proposal for National Conference of representatives of agriculture and friendly allied interest of meet in Washington to protest against the report has been made by Wannamaker in a telegram to Norman Mayer and Company, New Orleans, La.

## SECOND WEEK OF CRIMINAL COURT IN SESSION HERE

### Many Defendants Failed to Answer When Called This Morning

The second week for the trial of criminal cases in Pitt Superior Court opened this morning with Judge H. A. Grady again presiding. There being no grand jury charge to make, that body having served last week, no time was lost in taking up the hearing of the cases calendared for today.

T. W. Boomer, a young white man of Beaufort county was found guilty of reckless driving of an automobile. Judgment of the court that the defendant pay a fine of \$25 and one half of the costs.

Eddie Joyner charged with the theft of a shirt from a Syrian merchant in Farmville during the Christmas holidays was declared not guilty by the judge without it being sent to a jury. The said Syrian was sometime ago fined \$50 and cost in the county court for assaulting Eddie Joyner, and from the evidence presented it was not until that case was disposed of that the merchant had a warrant sworn out charging the negro with stealing.

Daniel Tyson, another negro of the Farmville section was found not guilty of assault with deadly weapon. Tommie Johnson on four separate cases of assault with deadly weapon fined \$100.00 and the costs attached with the four cases.

Arrie Joyner and Ben Little, two negroes accused who run a saloon in the northwestern part of the city near the old Munford warehouse site were each found guilty of receiving stolen chickens from a small boy. Testimony was presented in this case showing that of late the defendants have on several occasions purchased chickens from small boys.

Theodore Bryant, a negro charged with abandonment, being found guilty was according to the judges judgment required to pay for a period of five years \$5 each week for the support of his four children.

Conditions in some respects were very similar to those at the opening of last week's session when so many defendants failed to answer when called. As a consequence instantes et passim were issued and ordered served.

## Tourists Crowd Cairo Hotels.

Alexandria, Egypt, April.—(By Associated Press.)—The presence of hundreds of American tourists in Cairo has caused a congestion in the hotels.

Rooms usually occupied by a single person have two or three persons in them. In some cases bath-rooms are being utilized as bed-rooms. Rooms are so scarce that tourists who are accustomed to the best are willing to put up with anything. Not since before the war have Cairo hotels been so over-crowded.

**EDUCATION AND THE FARMER**

As a leader in a movement to make  
farming more profitable in Arkansas,  
E. J. Bodman, a Little Rock banker,  
has prepared and published a pam-  
phlet which deserves the widest pos-  
sible reading by farmers. The title  
of the pamphlet is "Profits and Edu-  
cation." With painstaking care the  
author summarizes surveys made in  
a number of States to determine  
whether "farm schooling" and edu-  
cation in the general sense actually  
pay cash dividends on the investment.  
These surveys are enlightening in the  
results disclosed.

The first citation is from Georgia,  
where a very careful survey was  
made "to ascertain the influence  
which a technical education might  
be expected to exert upon the annual  
profits of the farmer." Dr. Spule,  
president of the Georgia College of  
Agriculture, presents the findings.  
His figures show that, "for each \$100  
earned yearly, on an average, by the  
farmer having no schooling, the  
farmer with a common school edu-  
cation earns \$235, the graduate from  
a high school earns \$285, one who has  
taken a farmer's course \$373 and an  
agricultural college graduate \$522."  
By this showing based on averages  
an agricultural college training in-  
creases the farmer's earnings more  
than fivefold.

The Kansas Agricultural College,  
conducting a similar survey in that  
State, found that, "for each \$100  
earned on an average by farmers who  
attended common school only, the  
farmers who went to high school av-  
eraged \$151, those who attended col-  
lege \$203, and those who finished col-  
lege \$290." In Wisconsin the av-  
erage total income of the farmer with  
common school education was just  
a little more than half the average  
of the college-trained farmer. In  
Ohio, New York and Maryland sim-  
ilar surveys disclosed the same steady  
gain in farm earnings as a result of  
farming education.

After reading this pamphlet, one  
can reach no other conclusion than  
that farming is a science in which  
special education for the vocation is  
one of the best investments that can  
be made.—Richmond Times Dispatch.

**METHODISTS WILL SELECT CITY FOR NEXT YEAR'S CONFERENCE**  
 Chicago, April — (By Associated Press.)—Within the next four days the place of meeting of the Quadrennial General Conference of the Methodist Episcopal church will have been decided. The book committee of the church began its annual five day sessions here today, and before it finishes its work on April 22, it will have picked the place for Methodism's great gathering next year; it will have determined the salary to be paid bishops of the church for the ensuing year, and it will also determine what dividend shall be paid retired ministers of the church out of the produce of the Book Concern for last year.

The book committee, considered one of the most important in all Methodism is composed of twenty-five members, fifteen of whom represent the fifteen general conference districts into which the world territory is divided. The other ten come, five each from the territories immediately in the environment of New York and Cincinnati, where the two main houses of the Book Concern are located.

The total assets of the Book Concern which started in 1789 on \$600.00 of borrowed capital, are now \$6,282,470. It is the oldest publishing house in America, and the largest denominational publishing house in the world.

**Declares Tanlac Ended Long Suffering From Stomach Trouble, Palpitations and Weakness**

The list of testimonials in behalf of Tanlac grows daily as new tests of its powers are made. Mrs. James Hanna, wife of a well-known merchant, residing on South Broad St., extension, Gastonia, N. C., made the following statement a few days ago:

"By the help of Tanlac I have overcome a case of indigestion that had made life miserable for me for two years. I seldom got a good night's sleep for I often work up with my heart fluttering and acting so strangely that it alarmed me and so my nerves all in a frenzy. I couldn't walk up the steps at the back of our house without getting all exhausted and out of breath. I suffered terribly from the gas which formed on my stomach after every meal and I got so run-down and weak I could hardly go at all.

"By the time I had finished half of my first bottle of Tanlac I felt a wonderful change coming over me and after taking the second bottle I was like a different person. Indigestion, shortness of breath, heart palpitation, nervousness nor anything else troubles me now. I will always bless the day I began taking Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

actually doubled the church membership and troubled the Sunday school attendance. The demands became so pressing for his services he could not resist the calls, and he entered the evangelistic and Sunday school building. He has doubled and in some places more than trebled the attendance of scores of Sunday schools all over the United States. His engagements this fall, which give an idea of the calls that come to him, are September—the great Wealthy Street Baptist Church Dr. Van Osedale, pastor, Grand Rapids Mich., October—Calvary Baptist Church New York City, of which Dr. John Roach Stratton is pastor November—First Baptist Church, Birmingham, Ala., of which Dr. John R. Hobbs is pastor, and First Baptist Church Minneapolis, Minn. Dr. W. B. Riley, pastor.

Mr. Entzinger is a forceful earnest speaker and those who know him acclaim him a great preacher of the plain, simple Gospel of Christ. He is a great soul-winner as evidenced by the fact that hundreds are converted under his ministry.

He is the author of a Sunday school record system that is being extensively used by all denominations all over the United States and eleven in Canada.

Mr. Entzinger was born and reared in South Carolina, his home being near Columbia but has spent his life in service in other states, and only those in Sunday schools who read widely are familiar with the really great work he has done.

**Japan Asks New Shrine Rules.**  
 Tokyo, April (By Associated Press.) Several members of the House of Peers have presented a bill providing for the appointment of a commission to investigate conditions in various shrines of the Empire. Present shrine regulations are thought to be antiquated and to need readjusting to meet the modern tendencies of the nation, and maintain traditions of reverence for the gods and ancestor worship.

## COME TO WASHINGTON

Washington North Carolina. There's a welcome for the Shriner Down at Washington in May. So come clear your desk of business And prepare to get away; Bring along the women folks To this hustling Eastern town Let them meet the finest Masons Anywhere to be found. They'll be proud for the balance of their lives. That they are Shriners' sweethearts, sisters and their wives There'll be good things to eat All served in Southern style And there'll be something doing Every minute all the while. So load up your camel at the rising of the sun, And point his weary head toward the gates of Washington.

The above poem written by Dempsey Bullock of Wilson, N. C., expresses the sentiment of Washington, N. C. and the Shriners of Washington promise all Nobles who visit the Oasis of Washington that the son of the desert will be provided for, that the thirsty will be given drink, the hungry fed and those novices who are wounded in crossing the hot sands will have their pains eased. Arouse ye sons of the desert and make your way toward Washington.
