NEW BRICK WAREHOUSE IN KINSTON OWNED BY S. T. HOOKER, OF THIS CITY WAS DESTROYED BY FIRE YESTERDAY

George Bursell's Body Was Found Under Mass of Wood and Bricks at the Sugg Home Last Night at 9:30

QUARTER MILLION LOSS WHEN 1,550 BALES OF COTTON BURN

Falling Walls Crushed Small Cottage Near the Building; Several Other Houses Badly Damaged

Fanned by one of the most stubborn and stiffest winds that has blown over Kinston in some time, a fire that was discovered in complete sway and raging from one end to the other of the New Brick Warehouse yesterday afternoon at about 2 o'clock, burned that structure completely to the ground, with its contents and 1550 bales of cotton, damaged three houses seriously, many others less so and snuffed out the life of one person and seriously injured the second. The warehouse, located at the northeast corner of a block in the tobacco warehouse district of the city, bounded by Independence and Lenoir Avenue, was discovered about the same time by a number of persons, who broke the seals on four different alarm boxes and turned in alarms, resulting in the speedy arrival of the fire trucks and brilliant work by the companies. Thousands of dollars worth of adjacent property, not only threatened but burning badly at the start of the fire fighting, was saved from more serious damage.

Damage Is High. The damage from the fire to the warehouse was set at \$30,000 by warehousemen here. The structure was owned by Seth T. Hooker and Company of Greenville, leased to the N. C. Co-operative Tobacco Association for five years and loaned to the Cotton Association for one year. Seven bales were taken out of the warehouse a half hour prior to the fire. Ike Tull who has charge of this end of the co-operative business here and is in charge of the warehouse, left the building half an hour before the fire was discovered with Tom Pierce. Both are non-smokers and neither carried any matches, Mr. Tull stated. How the fire started is a mystery.

The body of George (Buck) Bursell, aged 21, was found last night about 9:30 under the debris in the home of Jesse Sugg, after friends had missed him following the fire that destroyed the New Brick warehouse, damaged several other homes and came near killing Mrs. Sugg when the south wall of the huge warehouse fell on the little home and crushed in the rear rooms, kitchen and pantry. The finding of the body spread like wild fire over the city and brought sorrow to every one. With the near tragedy of the afternoon still fresh in the minds of the citizens, Kinston had hardly recovered from the relief of a saved life when news of the fatal accident was learned.

Veteran of War. Young Bursell was a World War Veteran, serving with the 130th Division, going over the top seven times on the Hindenburg line, when it was broken on Sept. 29, 1918. He enlisted in the war and served with the 119th Infantry, Company C. He returned to the United States in March 1919, unscathed by the war. He was the second youngest man in the whole of the 30th Division, enlisting when he was just a little more than 15 years of age and serving well.

ONE SOLDIER DEAD AND ANOTHER DYING AS RESULT OF GAS EXPLOSION

El Paso, Texas, April 24.—(By Associated Press.)—Private Morris Poresby is dead and another soldier reported dying as a result of a poisonous gas explosion last night in the seventh Cavalry's blacksmith shop at Fort Bliss. Both were commended by commanding officers for heroism which is declared to have saved Fort Smith from possible destruction.

ROTARIANS HOLD INTERESTING MEET MONDAY EVENING

Program Featured With Songs by Mr. and Mrs. Butler and Election of Board Directors

The Rotary Club held its regular meeting last night at the Rotary home with a large number of its members in attendance. The program was featured by solos and duets by Mr. and Mrs. Charlie Butler, members of the Entzinger evangelistic party the election of the board of directors, and several short talks.

The meeting was presided over by President J. E. Winslow, and thanks were returned by Mr. J. C. Gaskins. Immediately after supper, the city quartette which is composed of Messrs. Burney Warren, June Rose, W. W. Lee and Dr. C. J. Ellen delighted the members and visitors with a selection with Mr. Hoffaway, at the piano, Mrs. Butler, who has a splendid voice, sang two solos, then she and Mr. Butler sang a duet. Perhaps one of the most enjoyable numbers of the evening was a recitation by Mr. Butler, "Silas G. Green on Prohibition."

After the reports by the various committees, the following board of directors was elected for the ensuing year. Messrs. J. E. Winslow, R. H. Wright, W. L. Hall, S. T. White, W. H. Dail, P. L. Clodfelter and Dr. K. B. Pace. Some time prior to the next meeting the directors will meet and elect one of their members for president.

This evening at 7 o'clock there will be a special practice of the songs which will be sung in the "song contest," at the inter-city meet which will be held in Raleigh next month.

WHISKEY STILL AND 400 GALLONS BEER LOOT OF OFFICERS

Sheriff Jackson and Two Deputies Make Find of Still of Steam Type in Chicod

To capture three illicit stills in one township of the county within a period of one week is sufficient evidence that the boundaries of good old Pitt is far from being rid of the manufacturing plants of the poisonous corn liquid, more commonly known as "hooch."

Having received information yesterday, that late in the afternoon one particular still in Chicod township would be in operation, Sheriff Jackson together with Deputies Whitehurst and Cox set out for the place about seven miles from Greenville, and there about half mile from the public highway in the woodland opposite the home of Mr. W. H. Porter they found an eighty gallon still of the steam type. Although everything was in readiness for operation, the still was cold, but wood for firing and four hundred gallons of beer was there. The latter was poured out and the mash receptacle was brought here and deposited in the still dungeon in the basement of the courthouse. The kindling wood was left for future use.

LOUISIANA STILL WARS ON KU KLUX KLAN

Although unable to prosecute members of the Mer Rouge (Louisiana) Ku Klux Klan on the charge of murdering two men whose mutilated bodies were found in a lake near there, the State is proceeding against them for alleged conspiracy to murder, assault with deadly weapons, carrying firearms and conspiracy to compel persons to leave their homes. Eighteen informations have been filed and the men will be tried before Judge Fred M. Odum in the court house at Bastrop, Louisiana. Among those accused are former mayor B. M. McKoin, of Mr Rouge, now a student in Johns Hopkins Institute, Baltimore, and Captain J. K. Skipwith, aged Cyclops, of the Morehouse Parish K. K. K., a power in the neighborhood.

JURY FINDS SPAIN YOUTH NOT GUILTY SEDUCTION CHARGE

The Case of Guy Sutton for the Killing of Phillip Jefferson Begins Tomorrow Morning

The second day's session of this week's term of criminal court opened this morning with the case of J. Kelly Hedgpech as the first called. The defendant is charged with the killing of the little son of Dave Creech with his automobile on the road leading from Farmville to Falkland. It was shown from the evidence that the killing was purely unavoidable, and assault being decided as the only crime with which the accused could be found guilty, it was agreed by the prosecution and the counsel for the defense, that Hedgpech pay to the father of the dead boy the sum of six hundred dollars, and all costs connected with the case. The above verdict was agreed upon before the case reached the jury.

The Creech child was killed and a younger brother was injured while driving a mule hitched to a tobacco truck on the road side. As the defendant in the case was approaching the boys the mule suddenly lurched in front of the automobile, and as a result the boys were struck, one killed almost instantly and the other severely injured.

Will Carr charged with assaulting Albert Newsome with a deadly weapon was found guilty and the court ordered that the defendant pay to his victim the sum of \$100.00, and judgment is continued for two years upon the payment of cost.

John Britt and Willis Jenkins, both colored, were up charged with the burning of the building occupied by the Golden Victory Lodge, a negro organization, and the store building of Richard Johnson. A verdict of guilty was ordered by the court with out reaching the jury.

One of the ugliest cases that has appeared in the court house for many years was that which occupied the entire session of yesterday afternoon, in which Haywood Spain, a young white boy of eighteen years was tried for the seduction of Addie Briley, both residents of the county living a few miles north of Greenville. During February, this year, a child was born to the prosecutrix. The defendant was accused of being its father, and criminal action for seduction was immediately begun. The only witnesses appearing for the prosecution were members of the Briley family, while several young men appearing, testified that they several times had visited the home of the unfortunate girl, and there and elsewhere she of her own free will yielded to their caresses and satisfied their sexual passions. The jury finding from the evidence that the testimony of the defense was true rendered a verdict of not guilty.

One of the most important cases to be heard at this term of court is the trial of Guy Sutton which is calendared to begin tomorrow morning for the killing of Phillip Jefferson, which occurred when the dead boy was struck by the defendant's automobile on the streets of this city more than two years ago. It is understood that the case of Frank Wilson for stabbing to death of Troy Harris some weeks ago, has been continued until the next term of criminal court.

EVANGELIST IN A SERIES OF SERMONS ON THE JUDGMENT

Will Preach Tonight on Subject "Will Jesus Damn One of His Followers?"

The revival services which are in progress in Forbes & Morton's warehouse were attended last night by several hundred people to hear Rev. Louis Intzinger preach a great sermon, and also Mr. and Mrs. Butler bring a wonderful message in song. Much interest was manifested with six or seven conversions.

The evangelist based his sermon on the account of the man bringing his son with a dumb spirit to Jesus, which is found in the ninth chapter of St. Mark. He developed his thoughts into three parts, namely, the boy's case, the fathers prayer and Jesus' cure.

The boy's case. He had been possessed of the evil spirit since infancy. It was not the demon of dancing, nor gambling nor drinking, nor immorality but it was the spirit of sin. Rev. Mr. Intzinger brought out each point showing how man is born in sin and how different demons can possess men.

The father's prayer "But if thou canst do anything, have compassion on us, and help us." The father had prayed for one specific thing—his son. The speaker, at this point told of the great need of prayer, and the need for specific prayer, for some definite thing. The disciples had failed to cast out the demon everybody had failed and only Jesus was able to do it. The father prayed in faith and his prayer was answered.

The Master's Cure. And Jesus said, "Bring him unto me." The disciples like Christians today could not cast out the demon, but they could carry the boy to Jesus. Men today can not cast out sin, but they can bring the sinner to a knowledge of Jesus Christ. Jesus always lets man do all he can, and then He accomplishes that which is beyond man.

In bringing his message to a close Rev. Mr. Entzinger showed how when the disciples questioned Jesus as to their inability to cure the boy, Jesus answered, "This kind can come forth by nothing but by prayer and fasting," and he appealed to all his hearers to find time to pray.

Beginning this afternoon and continuing through the week Mr. Entzinger will deliver a series of sermons on "The Judgment." Tonight's subject will be "Will Jesus damn one of his followers?" Mr. and Mrs. Butler will sing at each service and the public is cordially invited to attend.

Mr. and Mrs. R. R. Cotten, of Cottdale, spent today in Greenville.

PRESIDENT HARDING TO OPEN CAMPAIGN IN NEW YORK TODAY

Will Deliver An Address at Luncheon of the Associated Press Today

Washington, April 23.—Departure of President Harding from Washington tonight for New York, where he will speak tomorrow at the annual luncheon of the members of the Associated Press, marked the real beginning of a series of speaking trips to be made by the Executive during the spring and summer to various parts of the country.

Through these addresses, of which about fifteen will be made during a trans-continental tour starting in June the Chief Executive expects to account for his stewardship of administrative affairs, to restate and reaffirm the purpose of his administration and to announce and explain the policies he plans to pursue during the remainder of his tenure of office.

White House officials, as is customary, have given no inkling of the nature of the address Mr. Harding will make tomorrow at the Associated Press luncheon, which will be attended by a large proportion of the newspaper editors and publishers of the country. The President has been at work on his speech for several days and today went over it with several members of his cabinet, including Secretary Hughes, indicating that he considers it of extreme importance.

The luncheon at which the President will speak is to be held at 1 o'clock at the Waldorf Astoria Hotel and is the principal event of the Executive's program of the day in New York. He plans to spend only about 20 hours in the metropolis, arriving in the city early tomorrow by special train and leaving tomorrow midnight on the return trip.

The President will be accompanied by Mrs. Harding, George B. Christian, Jr., his secretary; Brigadier General Charles E. Sawyer, his personal physician, and Chairman Lasker, of the Shipping Board. He plans to spend the morning quietly at his hotel, after breakfast on the train. After the luncheon at which in addition to speaking he will renew acquaintances with a number of fellow editors, he will return to his hotel suite probably to spend the late afternoon in receiving callers. It is expected that he and Mrs. Harding will attend the theatre in the evening, going from there to the station to board their train.

The visit to New York will be the first the President has made to that city since September, 1921, when he spent a few hours there in the course of a vacation trip aboard the Mayflower. The address at the Associated Press luncheon will be the first he has made in New York since early in his administration.

Marriage Licenses.

The following marriage license has been issued since last report: H. W. Ward to Geneva Carraway, both of Greenville.

"BUNDLE" DAY WILL BE OBSERVED HERE ON TUESDAY, MAY 1

Mr. W. H. Woolard, Pitt County Chairman of Clothing Campaign Makes Appeal

PITT COUNTY'S SHARE OF CLOTHING WILL BE 4000 POUNDS

State is Being Asked for 150,000 Pounds Which Will Save 30,000 Lives

The annual appeal for clothing to be sent from Pitt County to Armenia, to save human lives next winter in the battle between Christianity and the Turks, will be made this week and next with Mr. W. H. Woolard, of this city, county clothing chairman.

Dr. E. C. Brooks, state superintendent of public instruction, is state chairman for the clothing campaign in North Carolina. He is asking Tarheelers for 150,000 pounds of warm, washable clothing which, if properly proportioned, will be enough to save 30,000 lives. Pitt County's share of this amount is 4,000 pounds.

Next Tuesday, May 1st, has been designated as "Bundle Day" in North Carolina by Dr. Brooks and has also been set as "Bundle Day" in Pitt county by Mr. Woolard. The Boy Scouts are to do the collecting in the town of Greenville under the direction of Mr. Victor Davis. Every one is asked to get their clothes ready and notify Mr. Victor Davis, telephone number 67, or W. H. Woolard, telephone number 301, and a Boy Scout will be sent for the bundle. Those living in the county who only have small packages can send by Parcel Post to Near East Relief Clothing Warehouse, Raleigh, N. C., or bring same to Greenville, and deliver same at High School building any time if no one at school, leave bundle on steps and notify W. H. Woolard.

Mr. Woolard believes that everyone has at least one suit of warm clothing which is ready for the discard and in which there is still some wear. Instead of putting it in the attic or clothes closet to help the moths breed, if it is sent to the Near East Relief it will save human lives next winter and help in the fight against the Turk which the so-called Christian nations of the world refuse to take up.

All warm clothing in which there is still some wear is wanted. The climate of Armenia closely approximates that of our New England states, so that palm beach suits and other thin clothes will not do. In summer there are plenty of hurlap bags and flour sacks to cover nakedness, which is all that is necessary. However, in winter something more substantial is necessary.

Last winter many women and children were found who had dragged themselves for miles suffering from frozen feet, pneumonia and acute rheumatism, simply from lack of clothing. Others simply froze to death by the wayside.

The Near East Relief is especially desirous of getting as many as possible of coats and sweaters, dresses, trousers, blankets, wool shirts, heavy hose, gloves, boots and shoes, shop-worn garments, sheets for bandages, new cloth and any warm heavy clothing in which there is still some wear. This great humanitarian organization cannot ship abroad, however, furs, silks, veils, chiffons, evening clothes, satin slippers, muslin underwear, high heeled shoes, straw or frame hats or silk stockings.

CHARLES B. WARREN AND JOHN BARTON PAYNE TO NEGOTIATE WITH OREGON GOVERNMENT

Washington, April 24.—Secretary Hughes has announced that the American commissioners to negotiate for closer understanding with representatives of Oregon government, in Mexico, would be Charles B. Warren, of Detroit, former ambassador to Japan and John Barton, former Secretary of the Interior and now chairman of the Red Cross. Time for the meeting will be determined at an early date.

DR. CHESTER APPEALS TO CITIZENS TO HELP CLEAN-UP CAMPAIGN

Clean Streets and Alleys Are a City's Best Advertisement Says Health Officer

SCOUTS ARE BUSY TRYING TO WIN A PRIZE IN CONTEST

The Way to Have a Clean City is to Go After it in a Regular Campaign

Our streets and alleys need cleaning. Perhaps we have become so accustomed to seeing them littered with refuse and accumulations of trash that we do not realize how dirty they are. If they were once thoroughly cleaned, we would see the difference. Strangers from other cities, where clean streets and alleys are normal, notice the difference and comment upon it when they get home. That is not good advertisement for any town. If cleanliness of the person is next to godliness, surely cleanliness of a city is next to prosperity. It is easy for a visitor to believe that if the city is clean, it is also prosperous. He will go home and say so and that is the best kind of advertisement.

No town ever suffered in the eyes of strangers or got a bad reputation from having clean streets, bordered with shade trees, well trimmed and cared for, with yards and houses bearing the evidence of being well kept. Such a city is like the refreshing ocean breeze to the traveler who has gone from one dirty city to another until he has almost lost his anticipation of finding cleanliness and beauty in a municipality. The impression that a clean city makes upon such a visitor will make him talk about it wherever he travels.

To make a clean city, its streets, alleys, back yards and vacant lots must be thoroughly cleaned. The visitor does not get much opportunity to see the alleys but that is no reason why they should be permitted to be dirty and unsanitary. The public health is even of higher consideration than a reputation for cleanliness and beauty. No matter what the city government may do towards keeping the city clean, experience shows that it does not succeed and it will never succeed alone. Gradually refuse accumulates everywhere. There is only one way to make a complete clean-up and that is for the citizens to unite and do the job themselves, with official aid of course. Then there is only one way to keep the city clean and that is through the citizens themselves.

After such a campaign is through a city is actually clean, far different from its former condition, no matter how clean the people imagined it to be before the campaign. Clean streets, alleys, back yards and vacant lots can be secured when all the people get on the job together and at the same time. Every public improvement organization, every club, every neighborhood association, every municipal department should be united in one great and practical effort to create a state of cleanliness and then they should determine to preserve that condition, keeping it up. The city that keeps everlastingly clean also keeps everlastingly growing. What Greenville needs is some of the strong growing pains, produced by shovels, rakes, mowing machines, brooms, water, dump carts, scrub and paint brushes in the hands of some of the citizens of Greenville who are apparently blind to filth and the many unsanitary conditions that actually exist in our home town today.

Enlist in the clean-up campaign with boy and girl Scouts and see Greenville. It will help you as well as your neighbor. The Scouts as well as sanitary officer will visit your premises at frequent intervals during the clean-up campaign and help you get on the job if you are not already busy. A word to the wise is sufficient. DR. P. J. CHESTER, Health Officer.

If allowed to roam at will, chickens soon learn that a good garden is a regular pie counter. Fence them out and save the pie for yourself suggests C. R. Hudson, State Farm Demonstration Agent

 Tuesday, April 24th, 1923

Last week was "Potato" and "Courtesy" week. This week is "Forest Protection Week." One good thing follows another.  
 Henry Ford will not be on charity at any early date. He is "comfortable financially," and his well-known products are every day in every way adding to his already fat bank roll.  
 Don't let's forget that this is Clean-Up Week. Help the boy and girl scouts by cleaning up your premises and at the same time improve the health conditions of the city. Nothing less than "A City Beautiful," should satisfy the citizens of Greenville.  
 With Criminal Court in progress again, with Judge Henry A. Grady presiding, great things are expected in court circles. One thing is certain, he will do his duty as he sees it, regardless of what the defendant, plaintiff, lawyers or public thinks of it. He is for justice and no respecter of persons.  
 According to the announcement of the Greenville Graded Schools, which appeared in this paper Saturday, the school officials are planning for the best and largest commencement exercises ever held in the history of the town. The program bespeaks great things for the children as well as the public and everyone is looking forward to the event with much interest.

**WHY THEY GO TO TOWN**  
 When Daniel Webster left the country and moved to town it was because he was a born lawyer and orator and was looking for the best place for a play for his natural gifts. It would have been a pity to hitch Webster to a plow. There are would-be lawyers and orators today who were destined to plow, and many more of them are coming to town than is good for them or the country.  
 Secretary Wallace advises farmers to go to town because at present there is over-production on the farm

and that is the reason farmers do not prosper. The New York World gives the real reason why farmers go from the country to town in the following:

After a survey of 6,094 representative farm ventures the Department of Agriculture announces that in 1922 the cash yield on an average farm, capitalized at \$16,400, was \$715. In addition, \$292 was gained on the average in machinery and live stock and \$204 was obtained from the land in fuel and food. Altogether \$1,211 stood for the return on \$16,400 plus the labor of farmer and family.

But not all the agriculturists of the country were so fortunate as this average. Of those canvassed 14.3 per cent. failed to make expenses; 50.8 per cent. made less than \$1,000; 22.2 per cent. less than \$2,000; 6.8 per cent. less than \$3,000 and only 5.6 per cent. got over \$3,000 for the investment of capital and hard work.

In these figures one finds without difficulty the whole cause of the migration from country to city which creates so much agitation among economists. Nowhere else in the United States does capital produce so little or labor bring so small a reward as on the farm. A man who has \$16,400 tied up in acreage would be financially better off to sell, put the money in 4-1-4 Liberty bonds and go to work for Henry Ford. The bonds would bring almost as much income as the farm, with no labor involved, and he couldn't earn much less than \$1,500 a year in a Ford plant.

The movement from country to city is evidence that the farmers are aware of these facts and are reacting to them in normal fashion. In some sections they are forming co-operative associations, in others they are selling their goods at auction and shaking the dust of agriculture from their boots forever. This last is not a good thing for the country, but the country has left many farmers no choice.—News and Observer.

## MR. L. C. HATCH LOOKING OVER PROSPECTS FOR AN UP-TO-DATE DEPT. STORE

Mr. L. C. Hatch formerly of this city, but late of Ayden, together with some of the Ayden bank officials was here this morning looking over the Wingate Stables, at Five Points with a view of remodelling the building and opening a large modern and up-to-date department store.

Just such a business would be a great asset to Greenville and Pitt county.

## ELIZABETH MOORE RETURNS FROM PARK VIEW HOSPITAL

Elizabeth Moore the ten year old daughter of Mr. and Mrs. W. E. Moore returned from Park View Hospital Sunday afternoon. She is getting along nicely.

## Mrs. Carper Improving

Miss Mary Moye Carper returned yesterday afternoon from Richmond where she spent a few days with her mother, Mrs. J. L. Carper. The friends of the family will be glad to learn that Mrs. Carper's condition is rapidly improving, and she hopes to be home again within a week.

Mr. C. B. Mayo went to Norfolk this morning on business.

Mrs. W. B. Tilghman left this morning for Norfolk to visit her mother, Mrs. Mason who has been visiting here for some time.

Mesdames V. P. Scoville and W. C. Vincent left this morning for Henderson as delegates from the local Methodist church to the annual conference of the North Carolina Womans Missionary Society.

## SEVERAL INJURED BY EXPLODING GAS TANK

### Greenville (N. C.) Man Has Miraculous Escape From Death at Richmond

Richmond, Va., April 23.—As a result of the explosion of a gas tank used in artificial lighting while he was carrying it in the vicinity of the State Fair Grounds yesterday, Thos. Ingle, 30, who came here recently from Greenville, North Carolina, was under treatment tonight at Memorial hospital for injuries received in the accident. In addition to being severely burned the hospital doctors found that he was suffering from gas poisoning due to inhalation of poisonous fumes. Ingle was thrown some twenty feet by the force of the explosion. That he was not killed is regarded as little short of miraculous. Several people in the vicinity were slightly injured by flying sections of the tank. The doctors do not regard Ingle's condition as necessarily fatal although it is very serious.

## Condition Improving

The friends of young Office Stancill will be pleased to learn that his condition is much improved at a Kinston hospital where he has been confined for three weeks following an operation for appendicitis.

## RAWLINSON PLAYS DUAL ROLE IN FILM

### Popular Universal Star at Best in "Another Man's Shoes."

Universal's feature photoplays starring Herbert Rawlinson usually breathe the absolute spirit of "action." "Another Man's Shoes" at the Strand theatre tomorrow is not only an action play but has the dramatic quality and fineness necessary in a successful novel. Victor Bridges is the author and his book sold out several editions.

A dual role that of a man hunted

L. G. CONGLETON 417 Cotanch St. Phone 556

McDowell, Lillian Langdon and Jessie Dearnette have principal roles in support of the romantic characters.

It is said that Jack Conway had an opportunity in this to excel work as the director of such successes of recent months as "Don't Shoot" and "The Long Chance." A strong cast added to the material that is presented by a widely read book makes an excellent beginning for a good picture. Arthur Statter adapted the story to the screen to fit Rawlinson's personality.

## BETHLEHEM COMMANDERY TO MEET THIS EVENING

The regular convocation of Bethlehem Commandery No. 29, K. T., will meet this evening at 6 o'clock. WILEY BROWN, Recorder.

by an assassin band, and a man of remarkable likeness who impersonates the first for adventure's sake, gives Rawlinson an opportunity for exceptional work.

A cast was chosen that indicates the tendency of leading producers to offer the finest personnel possible in screen entertainment. Barbara Bedford is the leading woman, while Una Trevelyn of "The Devil's Pass Key," fame, Nick de Ruiz, Josef Swickard, Jean DeBriae, Harry Carter, Nelson

**Tucker-Collins.**

Ayden, N. C., April 22.—A simple but very impressive double wedding was solemnized Sunday morning at 8 o'clock at the country home of the brides' parents, Mr. and Mrs. J. H. Collins when Miss Estelle Collins became the bride of Mr. Lorenzo B. Tucker, of Ayden, and Miss Thelma Collins became the bride of Mr. Mahlon J. Tucker, of Winterville, N. C. Miss Nannie Lay Tucker, sister of Mr. Mahlon G. Tucker, wearing a navy flat crepe dress and black hat presided at the piano. While friends and relatives gathered in the parlor which was decorated with potted plants Beethoven's Minuet in G and Schubert's Serenade were rendered. To the strains of Lohengrin's wedding march the bridal couples entered the parlor and were united in marriage by Rev. W. H. Brunson, of Ayden, N. C. The brides attired in handsome blue poiret suits, with grey accessories, carried bride's roses and sweet peas.  
Mendelssohn's wedding march was used as a recessional. Immediately

after the ceremony the bridal couples left for an automobile trip through western North Carolina.

**TURKS EXPRESS DESIRE TO SHAKE FRANCE CONTROL**

Lausanne, April 24.—(By Associated Press)—Resumption of peace negotiations between the Turks and allies has given rise to a suggestion of Turkey's economic pilot may lead to difficulties that will prove to be an important development of the conference. Most of the Turkish debt is owed to France whose nationals also have preponderance of the economic holdings in Turkey and the Turks express a desire to shake off French control.

**WOULD TRAIN MINERS IN USE OF GAS MASKS**

Washington, April.—(By Associated Press)—Oxygen breathing apparatus is taking an increasing important part in the war by science and humanitarianism to reduce death and loss from mine fires and explosions. The United States Bureau of Mines says the proper use of the breathing apparatus after the recent mine explosion at Spangler, Pa. resulted direct-

Take notice and list your property accordingly.  
N. W. JACKSON,  
County Auditor.  
18 May 1.

Nevertheless the disaster reports of left for an automobile trip through western North Carolina.

the bureau indicate the need for more wide-spread installation and training. Of 122 mines at which disasters have occurred, only 32 had fully trained rescue crews while 16 others had only a few men trained. Records of a large number of such disasters show 189 men saved their lives by sealing themselves behind barricades built to shut out fatal gases. Many cases are recorded where men lost their lives in attempting to escape through passage filled with poisonous gases. The wearing of oxygen breathing apparatus after disasters and in the fighting of mine fires, however is hazardous. The records show 23 men have died wearing apparatus at the time of disaster, but this number is only about 1.2 percent of those wearing such apparatus. By careful in-

vestigation it was proved in each case that if the apparatus had been kept in proper order, or had the men been properly trained or been physically sound, or had they not attempted to do too much, there would have been no deaths and no occasion to blame the apparatus.

Featuring Ray Atwill

3,000 years ago, Egyptian beauties got their velvety complexions from palm and olive oils. Today, beauties of all races use these same oils—given new effects by Science—in Palmolive Soap.

# Your Complexion Decides

*If you want to be considered beautiful,  
beautify your skin*

This advice can easily and successfully be followed without trespassing upon either your time or your pocketbook. Ten minutes or less at bedtime is sufficient. The means and methods are simple.

These consist in thoroughly cleansing your face with a mild, soothing cleanser. This cleanser must be in the form of soap, such soap which is lotion-like and cosmetic in its action.

*Palmolive is ideal*

Palmolive is blended from palm and olive oils, used by Cleopatra in the days of ancient Egypt. These perfect natural cleansers kept her complexion so fresh and smooth that every passing year added to her beauty.

The scientific combination of these rare Oriental oils in Palmolive has produced the perfect facial soap. Millions of women have found its use the basis of complexion beauty, keeping the skin youthfully firm, fine-textured and soft.

*How to use it*

Gently massage the smooth, creamy Palmolive lather into the skin, so that every minute pore will be completely cleansed from dangerous, clogging

accumulations of dirt, oil and perspiration. Rinse just as thoroughly and vigorously, for the stimulating action of warm water is very beneficial.

Now is the time to use cold cream, which will be immediately absorbed. Then to bed, with the assurance that you have induced real beauty sleep.

In the morning content yourself with a freshening rinse in cold water, then apply your favorite daytime cream, if you use one. Moderate application of powder is a protection against the effects of sun and wind.

Simple, isn't it? But most effective, as you will quickly prove. It's the sane, simple, sure but easy way to keep your schoolgirl complexion!

*Perfection for 10c*

The modest price of Palmolive is just as satisfactory as the quality. It is made possible through the world-wide popularity which keeps the Palmolive factories working day and night, and permits the importation of the costly ingredients from overseas in price-reducing quantities.

Thus Palmolive is an economical luxury and may be enjoyed by all for every toilet purpose.

Volume and efficiency produce  
25c quality for

10c

*Palm and olive oils—  
nothing else—give  
nature's green color  
to Palmolive Soap.*

## KITCHEN WILL RUN FOR RE-ELECTION IN SECOND DISTRICT

**Says That He Knows of No  
One Who Will Oppose Him  
for Congressman**

Wilson, April 23.—Claude Kitchin,  
representative to congress from the  
Second District, will be a candidate  
for re-election at the next congres-  
sional election, according to an ex-  
clusive statement published in the  
Wilson Mirror this morning.

Asked for an expression relative  
to his future plans, Mrs. Kitchin had  
the following to say:

"It is rather early to be talking  
about Congressional candidates, but  
I don't mind saying that so far as  
I know at the present time, I will  
be a candidate for re-election. Of  
course one never can tell what may  
come up, but I know of nothing that  
will keep me from being a candidate."  
"Do you expect any opposition,"  
he was asked?

"That is a hard question to answer,  
because all kinds of developments  
may occur, but I am frank to say that  
I don't know of anyone in the district  
at the present time who intends to be  
candidate at the next election."

Asked whether he had seen the an-  
nouncement relative to John G. Daw-  
son's congressional aspirations, as re-  
ported in the Mirror last week and  
as coming from friends of Mr. Daw-  
son, Mr. Kitchin said that he had  
read the statement and appreciated  
Mr. Dawson's sentiment in the mat-  
ter.

The Kinston man, according to the  
newspaper article, was quoted by  
friends as having said he would be  
a candidate for congress if Mr. Kit-  
chin did not run, but that he would  
not under any circumstances enter the  
race if the present incumbent an-  
nounced his intention of seeking re-  
election.

In the interview granted last night,  
Mr. Kitchin said that he was feeling  
fine and that his health had improv-  
ed greatly. He added that he was try-  
ing to take the best care of himself  
and that he hoped to be in first class  
physical trim by the time the next ses-  
sion of congress opened.
