

Some time ago a movement was started by the women's organizations and others of Greenville to make necessary improvements of Cherry Hill cemetery. There is no visible indication that the laudable proposal ever assumed anything more than discussion. Something more than individual

and collective acknowledgment of the neglected condition of the cemetery is necessary to correct it. The entrance gates are in wretched repair. They are held in uncertain position by wires attached to the fence. The paths need attention and other minor repairs and improvements are pressing.

Some plan should be devised and adopted by lot owners and others that would justify the employment of a regular attendant. The individual expense would amount to nothing more than a mere bagatelle. Now is a good time to DO IT. It may be true that the dead must take care of itself. But the memory of OUR BELOVED never dies.

WEATHER.

Cloudy tonight and Friday; showers Friday and in west portion tonight.

MUSIC PUPILS TO GIVE HIGH CLASS RECITAL TONIGHT

Varied Program Offered by Students of Local Instructors

In the high school auditorium tonight at 8:15 the music pupils of Misses Howell and Dass and Prof. Mulberger will give their second recital. The first was given last Thursday evening. The former recital was that of beginners, while the recital this evening will be that of the advanced classes.

There is no charge and the public is invited to attend.

Here is the program:

Duet, March, Marie Hardee—Mildred Mangum; Dance of the Gnomes, Ambrose, Verna Dare Corey; I Love the Spring, Terry, Ramona Ray; The Indian, Frances Porter, Preston; Forest Revels, Copaulding, Elizabeth Norton; March, Vincent, Martha Moyer; Duet, a. March.—b. Polka, Wohlfart, Eliza Laughinghouse, Frances Porter; Im Rosendft, Gustave, Jane Hall; Mill at San Suici, Neche, Lallah Glenn Nelson; Cecilia Waltz, Philie, Dorothy Curran; Genevieve, Tucker, Ida Baker; Merry Voices, Lansing, Inez Vandyke, Jane Hadley; Kya-wiak, Wieniawski, Hennie Long; Night in Venice, Brown, Lucile Duke; Gondolier, Oeston, Nannie Evans; A Polish Mazurka, Jane Hadley; Concert Waltz, Engelman, Elizabeth Andrews; Galop, Goerdere, Dorothy Curran—Grace Moon; Simple Confession, Thome, Penile Moore; Serenade, Dennee, Mattie Evans; Louis IV Dance, Elizabeth Andrews, Elizabeth Morton.

PITT LEGION POST WILL MEET MAY 8

The Pitt County Post of the American Legion will hold its regular monthly meeting Tuesday night May 8, at the Wayside Tea Room and Gift Shop. This meeting is being held a week early due to the fact that the regular date conflicts with that of the Legion's picture. "The Man Without a Country," in Ayden. This picture will be shown in Greenville Monday night and in Ayden Tuesday.

The meeting Tuesday has promise of being the best of the year. There will be a feed fit for a king. How does this listen. Fried spring chicken, sliced tomatoes, rice and gravy, hot rolls, creamed potatoes, strawberry short cake and coffee. This is the first meeting at the Tea Room and Gift Shop. It is going to be a good one, legionnaires say.

There are several matters of importance to come before the meeting. It is urged that as many as can will attend. The membership campaign is on and is getting hot. Be sure and notify the adjutant if you are coming. Plates will be prepared for only those who send notice. The price per plate will be 75 cents. Don't forget the place, the Wayside Tea Room Gift Shop Tuesday, May 8, at 7 p. m.

Say New Device May Increase Flying Power

LONDON.—An improvement of at least 10 percent in the lifting efficiency of aeroplane wings is expected to be made by an invention which has been patented by a young ex-officer of the flying corps.

He claims to have discovered the method by which crows and other birds glide at fine angles, and experiments which have been made with gliding models suggest that the wing tip feathers are not merely for balancing purposes but contribute largely to the lifting capacity.

Ten Killed, 25 Badly Injured In Train Wreck; Two Engines Coaches Overturn In Ditch

Police Seek Slayer of Brooklyn Child

Josephine Bruno

The entire police force of New York is engaged in a search for the fiend who dragged pretty Josephine Bruno, 8, into a cellar near her home, brutally beat her to death and mistreated her.

Liquor Ruling to Be Protested By Foreign Countries

WASHINGTON, May 3.—The American government, taking a positive position with regard to the transportation of liquor into territorial waters of the United States, has the rigorous interpretation of the prohibition law given by the supreme court shall become effective June 10.

Secretary Hughes was requested by the treasury to communicate notice of the decision to all foreign governments. The treasury, which has jurisdiction over all prohibition enforcement, suggested that the state departments advise foreign governments that all ships entering the three-mile limit will be subject to the new application of the law without exception and that no further pronouncement may be expected from this government regarding the effective date.

While the position adopted by the administration appeared to leave no room for a backward step, it seemed certain that representations will come from some foreign governments, who may regard the court's interpretation of the law as an infringement of their rights.

U. S. GOLF PLAYERS IN THE FOR RARE BRITISH PRIZE

SANDWICH, ENG., May 3.—St. George's challenge cup one of the most important trophies in England has been captured by Americans. Dr. O. F. Willing, Portland, Ore., and Francis Quimet, Boston, tied for first place in two days stroke competition, with aggregate scores, 153 each. They will play 18 holes tomorrow to decide championship.

TO ROBE GUILFORD ROAD GANG CHARGES

GREENSBORO, May 3.—An investigation of the Guilford county convict camp system is scheduled to be made by the county welfare board, and has the endorsement of J. A. Rankin, chairman of the county board of commissioners.

So far the two chief complainants are O. W. Gangestad, of Omaha, who served a short term for beating his way on a train, and J. W. Murray, who served at the same time a term following conviction on a charge of bootlegging. Gangestad's charges of brutality are true, according to Murray, who goes further and tells of brutal beatings, with teeth knocked out. Murray offers to make an affidavit to back up his charges.

SALT LAKE, UTAH, May 3.—Eight passengers and two trainmen were killed and 25 passengers injured, some probably fatally, in a wreck last night of an eastbound Denver and Rio Grande Western passenger train near Woodside, according to telegraphic advices reaching here.

The two engines pulling the train off 11 cars were overturned and baggage and smoking coaches crashed into wreckage.

The passengers killed were occupants of the smoking car. Officials of the railroad were unable today to fix any cause for the wreck.

SUGAR GOUGERS DROP PRICE ONE HALF CENT. FURTHER CUT IS SEEN

NEW YORK, May 3.—Reduction of the price of refined sugar from 10 to nine and one-half cents, was announced by a large refiner here today, after Cuban raw sugar had dropped one-eighth cent. Further cuts are expected to characterize the market.

Senator Simmons Likes World Court Proposal

WILMINGTON, May 3.—Senator F. M. Simmons, democrat, of North Carolina, is in accord with President Harding and Secretary of State Hughes, in favoring the entry by this country into an international court of justice, as a step in the right direction, which will eventually probably lead to the entry of the United States into the league of nations.

The present chaotic condition of affairs in Europe is attributed by Senator Simmons to the failure of this country to enter the league of nations and he thinks the republican party is favoring the international court in order to protect this country from the evils which would follow Europe's total collapse.

Tractors Displacing Horses in Sweden

STOCKHOLM.—Plowing by the use of gasoline or electric motors, instead of horses, was the main subject of discussion at the recent annual meeting of the Swedish Agricultural Society. It was announced that no fewer than 1,770 motor tractors, representing a total value of \$4,000,000 are at present used by Swedish farmers.

An interesting innovation in Swedish farming, also discussed at this meeting, is a plow tractor with an electric motor served by a power cable. This machine carries a 12 foot mast and has a rotating drum from which the cable, connected at the other end to a power main, is unwound as the plow moves away across the field.

Poland Urges Repeal Liquor Restrictions

WARSAW.—Rumors that the Ministry of Finance intended to cancel restrictions on the sale and consumption of alcoholic drinks are confirmed by the proposition made by M. Grabski, finance minister.

His new bill proposes to allow free sale and consumption of all drinks containing under four percent pure alcohol (the present limit is two and a half percent), and to allow as a maximum strength of drinks 60 percent pure alcohol instead of the present maximum of 40 percent. It is further proposed to cancel entirely the prohibition on drinks in railways and on holidays and the eve of holidays and on Sundays.

New Prime Minister Named for Egypt

Yehia Ibrahim Pasha

This is the most recent photograph of Yehia Ibrahim Pasha, newly elected Prime Minister of Egypt, who will help King Fouad in ruling the Kingdom on the Nile. The King had objected to having a Premier, asking supreme power, but this was refused by the electorate, who elected the Pasha.

Slays Man, Wife, He Hated Cripples Authorities Told

SAGINAW, Mich., May 3.—Gideon Cardinal, 46, is being held for the state lunacy commission following his alleged confession that he killed Clement Shovar, 65, and the latter's wife, Grace, 52, because "Shovar was a cripple." Cardinal is said to have told officers he had an aversion for cripples. The killing took place last night at Shovar's home. A hatchet was used by the slayer.

Flyers Near Objective Cross Country Flight

PHOENIX, ARIZ., May 3.—The two huge monoplane enroute from Roosevelt field, New York to San Diego, passed over Wickenburg, Ariz., at 10:20, mountain time, according to a message from a Santa Fe railroad dispatcher.

The giant machines are manned by Lieuts. Kelley and McCready. They were flying high and less than 300 miles from the Pacific coast objective.

Santa Fe Raises Pay of 20,000 Employees

CHICAGO, May 3.—Twenty thousand maintenance-of-way and railroad shop employes of the Santa Fe system have been granted wage increases effective May 1, through an agreement just negotiated, A. F. Stout, vice-president of the Railroad Brotherhood announced today.

The increase will range from one to three and one-half cents an hour.

25 RECEIVE DIPLOMAS AT FARM LIFE SCHOOL

NEW BERN, May 3.—Twenty-five boys and girls representing the largest class in the history of the institution received their diplomas in the final program of the annual commencement exercises held at Craven Farm-Life School yesterday. The annual address was delivered by Dr. Harold W. Meyer, of the University of North Carolina faculty, following which diplomas were awarded by Frank L. Teuton, superintendent of the school.

Fire Destroys Colored School To Start Rebuilding At Once, Classes Regularly Continued

Fire of unknown origin completely destroyed the colored grade school shortly after last midnight. The loss, estimated at \$10,000 is fully covered by insurance. Work of rebuilding will be started without delay and a new structure is assured for occupancy in ample time for the opening of the fall term.

The greatest loss which cannot be replaced is the work of the domestic science department. This included varied and fine specimens of the handiwork of the pupils.

The fire department responded promptly to the alarm, but by the time it arrived the blaze had gained considerable headway. Work of the firemen to check the fire was completely retarded because of lack of water connections.

No interruption of the school work was caused by the blaze. Sessions opened this morning on schedule time in the Odd Fellows building and several colored churches, which will be continued until the close of the regular term.

June Rose, superintendent of city schools, commended the fine spirit of co-operation given by Prof. Epps, and members of his faculty for the way in which the situation had been met, and the prompt readjustment made that continued the school sessions without the loss of a day.

Emphatic denial was given the report today, that exercises were held at the building last night. The structure was closed after the regular school hour yesterday, and there was occasion to enter it after that time, it was stated.

State Completes 1,127 Miles of New Roads

Raleigh, May 3.—Two hundred and 94 projects, aggregating 2,902.08 miles of every type of road completed, under construction or under contract, and costing a total of \$53,513,013.62, and more than 3,200 miles of road under maintenance is the achievement with which Frank Page completed his fourth year as State Highway Commissioner yesterday.

The day was the fourth anniversary of his induction into the office and the second anniversary of the re-organization of the commission under the Connor-Doughton-Bowie road act in 1921. The detailed history of the achievement is the principal subjects to be discussed at the annual meeting of the North Carolina Good Roads association here today.

State Club Women In Annual Meeting

WINSTON-SALEM, May 3.—hundred or more North Carolina club women are here for the annual meeting of the State Federation, the opening session being held in Memorial hall of Salem college when the visitors were cordially welcomed by Mrs. Lindsay Paterson, founder and first president of the North Carolina Federation.

A happy response was delivered by Mrs. Robert R. Cotten, of Bruce, honorary president, who has been assisting in getting the convention machinery in running order.

The meeting was opened with an invocation by Bishop Edward Rondthaler, of the Moravian church. Mrs. Marx Obendorfer, of Chicago, general federation chairman of music, spoke on "Music and the Club Woman." About 400 delegates are attending, representing all sections of the state.

ORDERS OIL BURNING SHIPS

YOKOHAMA, The Nippon Yusen Kaisha is planning to build two 10,000 ton freighters, each equipped with Diesel oil engines. An order for the construction of these vessels already has been given in England and they are to be completed within one year.

Boston Woman Resents Disloyalty Charge

Mrs. Lucia Ames Mead

Mrs. Lucia Ames Mead, of Brookline, Massachusetts, a Boston suburb, President of the Society for the Promotion of Peace, strongly resented being called a "disloyal citizen" by Major-General Mark L. Hersey. Hersey said that Mrs. Mead, in an address to the school children of Brookline, declared that the American flag was "a rag, tattered red, white and blue."

Their Offer Lacks Guarantees, French Say Rejecting Plan

PARIS, May 3.—The French cabinet has unanimously rejected the new German reparations proposals. The reasons assigned for refusing the offer were lack of guarantees of insufficiency of sum, submitted by Germany. Premier Poincare will consult with the Belgian government today, concerning the reply which will be sent to Germany. When it is ready it will be submitted to the allies for consideration.

Rum Fleet Flees When Cutter Halts Craft With Shot

NEW YORK, May 3.—Flight of the rum fleet during the night is believed to be due to the action of the coast guard cutter Seneca in sending a four inch shot across the bow of a small smuggling craft to bring her to a halt. The Seneca opened fire yesterday officials of the service announced, after two small runners scototing along between the fleet and shore defied the signal to halt.

It is generally believed that the boom of the heavy gun struck fear in the hearts of fleet captains.

Atlanta Women Wage War Against Narcotics

ATLANTA, May 3.—General Federation of Women's Clubs, when it convenes in this city May 7-11, will take up, among other things, the question of a campaign against the sale of narcotics throughout the country. It is declared by an official of the federation that the women will join hands with the Anti-Narcotic League in launching a national campaign against the drug evil. An endeavor will be made to secure the co-operation of every member of the federation in the work which the "Committee to Publish Facts" already has in hand.

Dr. W. P. Shamhart left this afternoon for Robersonville to deliver the graduating address of the high school in that city.

J. N. HART NAMED PRESIDENT LOCAL MERCHANTS' BODY

Business Men to Work Increased Trade Program Out

Solidified sentiment of optimism and determination to follow forward spirit in the interest of the city was expressed by members of the Greenville Merchants' association, when they met in the chamber of Commerce today to elect officers and directors for the ensuing year.

While no definite program of activities was given out, it is understood that several projects were discussed with a view of creating new business for this district. A meeting will be called within the next few days, it was stated, when a definite program of action will be decided upon.

These officers and directors were elected: President, J. N. Hart; first vice-president, C. Heber Forbes; second vice-president, W. E. Hooker; treasurer, Frank Wilson; Secretary, Mrs. Alex. Viola. Directors—R. L. Crow, John L. Horne, C. Washington, Edward Batchelor.

D. J. Whichard, Jr., was named chairman of the publicity committee.

COTTON PLANTING IN THE STATE GENERAL

WASHINGTON, May 3.—The weekly weather and crop review issued by the Department of Agriculture contained the following on South ern crops:

Temperatures averaged above normal in all sections of the cotton belt, except in the extreme northeastern portion, and rainfall was mostly moderate, although rather heavy in the northeast and northern portion of the Gulf States, much of Oklahoma and parts of Arkansas.

With favorable weather, planting was pushed in Tennessee and made good progress on the upland in Mississippi, although the soil continued too wet in some sections. Planting was general in Alabama with mostly fair progress; stands were fair in the South, where chopping progressed. Rainfall was mostly light to moderate in Georgia and cotton planting was nearly completed in the southern half and was proceeding actively in the northern portion; growth was very good.

Planting cotton was general in North Carolina, except near the northern border, but the nights were too cool for best germination, although rainfall was beneficial; cotton made slow progress in the southeastern portion.

Church Prelate on Trial.

MOSCOW, May 3.—The church the Rev. Dr. Tikon, former patriarch of the Russian church began today. The prelate was not present, being confined in prison where he is awaiting civil charges of opposing the Soviet regime.

DISMISSAL OF CO-OP MANAGERS

Summary dismissal—or action that amounts to the same thing—of several managers of co-operative tobacco warehouses throughout Eastern Carolina, is raising the question among growers as to whether the executives of the organization are keeping the "faith."

J. N. Gorman, of Greenville, who is known to have made personal and business sacrifices to promote the co-operative movement was recently made to feel the attitude of the association when he received a brief note from T. C. Watkins, Jr., merely stating that his services had been "unsatisfactory," and that he need not expect renewal of his contract.

Efforts of Mr. Gorman to obtain from the heads of the association any specific information just why his services were "unsatisfactory," so far as known have proved futile.

On the face of the situation there is apparently something behind the movement to reorganize the warehouse staff of the association that has not yet been disclosed to the public. Various reasons are hinted, but according to advices from Richmond, Mr. Watkins has consistently and persistently declined to make a statement which would tend to clarify the situation.

The principles of organized sale and distribution of agricultural products is sound. It has proved a tremendous success and returned substantial benefits to producers in many communities where it has been properly managed. Where it has failed to meet expectations, it has been invariably shown that the fault was not with the local managers, but directly chargeable to the swivel chair executives, whose principal reason for taking a salary from the producers was finding fault with the hard work of local managers.

Action of the association in relieving managers may be justified. If such is the case, those personally interested are entitled through a common sense of decency, if not business ethics, to know the reason, if not the public at large.

It is to be hoped that Mr. Watkins will find

some quick and effective way to remove the varied unpleasant reports that are gaining circulation involving the association.

HONEST RESPECT FOR THE LAW

A news story the other day told an unusual incident. Briefly, an Alaskan Indian had been arrested for murder. His captor started with him upon a wearisome journey over snow which stretched over several hundred miles of waste between him and the jail. During the journey the captor fell ill; so ill that he was helpless. Despite this, the Indian dragged him the remaining distance to safety. Subsequently the Indian was convicted. He asked the court for a stay of execution until he could arrange his affairs. At the end of the reprieve he voluntarily showed up for execution.

Obviously this untutored red man had a great respect for the law. To his mind, the upcase of real authority is made to be respected and obeyed. If broken, the law enacts punishment.

With such an example of a man with little or no education, civilization or training, it is the more reprehensible when the citizens of a great nation, deliberately violate laws because we do not like them. Instances abound; the bootlegger and his customer are but samples of many. Big business violates the law; automobilists violate the law and countless other infractions are committed with seeming impunity.

Granted that misparking and mislabeling goods are not crimes to be mentioned with murder; granted that buying or stealing a drink is not to be classed with highway robbery. Nevertheless, the fact stands, a violation of the law is wrong; it is un-American, unpatriotic, cowardly.

Indians are said to be men with children's minds. With the instance mentioned before us, "A little child shall lead them," takes on a new significance.

HEALTH BEGINS AT HOME

For years this country has turned a hearing ear and a helping hand and a tender heart to the plight of the children of the war-torn and famine-ridden lands of Europe. It has sent food to build up their small bodies. It has sent trained workers to bear in person to these little ones the best skill and love of our nation. All through Europe the United States has established itself firmly as the children's friend.

But the nation must not, remembering the children of other countries forget its own. Child health, like charity should begin at home.

In this connection it is gratifying to note that the American Relief Administration, has now decided to put its full strength into work for American children.

The whole future of our existence, to say nothing of progress is effected unless the health of our children is assured. There are countless thousands of youngsters who will undoubtedly be greatly benefited through the activities of the organization, that has the work in charge.

LARGE NUMBER ENROLLED IN METHODIST SUNDAY SCHOOLS LAST YEAR

CHICAGO.—There were 4,918,194 Methodist Episcopal Sunday school members enrolled in 36,181 Sunday schools of that denomination during 1922, according to a report of the Methodist Episcopal Sunday School Board just made public here. More than 400,000 officers and teachers were engaged in the work among this army of pupils.

Last year these Sunday schools contributed \$1,772,121 to the missionary work of the church, the report states. This was 83 per cent of the total of \$2,000,000 asked of them.

The Board, however, considers the record in evangelism the really remarkable part of the report, inasmuch as 187,254 Sunday school pupils joined the church during the year. This number is 68,247 greater than the entire net increase in church membership reported in the Methodist Year Book, the report says. "Without these accessions," it continues, "the church would have suffered a considerable loss in membership."

SALE OF LAND

Under and by virtue of the authority contained in a certain deed or mortgage made on January 2, 1918, and recorded in Book 1-12 page 634, in the office of the Register of Deeds of Pitt County, North Carolina, the undersigned will sell to the highest bidder for cash, at the courthouse door in the town of Greenville, North Carolina at noon, May 30th, 1923, the following described property:

A part of the Avon Farm, see map for description. No. 10 contains 73.7 acres; Lot No. 11 contains 84.7 acres. Also one other tract situated in Child Township, Pitt County, North Carolina, on the west side of Cheat Creek as the northerly part of Lot No. 2 and 3 of the Avon Farm, beginning at a sweet gum in the line of Lot No. 3 and 4 of the Avon Farm, at the edge of the field low land; thence S. 48 E. 158 feet; S. 84 55 E. 206 feet; North 21 E. 176 feet; N. 47 E. 158 feet; North 38 55 E. 217 feet; N. 87-30 E. 374 feet; to an iron pipe; North 24-50 E. 376 feet to oak stake; thence N. 80-25 E. 365 feet to a stake in the line between Lots 1 and 2; thence with the line between Lots 1 and 2 N. 17-35 E. 301.5 feet to the new road made in the division of the Avon Farm; thence with said road N. 59-25 W. 1253 feet to a stake, the corner between lots 3 and 4; thence with the line between lots 3 and 4 S. 17-35 W. 1745 feet to the beginning, containing 30.20 acres of land.

The Wearing Away Process

"And be not conformed to visit this world: be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."—Romans 12:2.

A drop of water continually dropped upon the hardest piece of granite will finally wear it away. The process of disintegration is so slow and consistent that the wearing away goes almost unnoticed from day to day or month to month, but finally it accomplishes its work. So it is with the selfishness in the world from which all evil actions spring. Our entire life is a struggle between selfishness and unselfishness. Selfishness pulls us down and unselfishness lifts us up. The forces of selfishness are constantly wearing away of our character and ideals, and will finally overcome us unless there is some strong opposing force. This opposing force is the church.

The life of Christ was an exemplification of unselfishness. The teachings of all denominations in the Christian religion are those of unselfishness. The church is putting out to the world constructive thoughts and suggestions by which we may be strengthened in our effort to be less selfish, to live the life which leads to happiness and contentment of mind.

PITT TRINITY ALUMNI TO MEET TONIGHT

The Pitt County Branch of Trinity College Alumni Association will hold their annual meeting at the Rotary Club this evening at 7 o'clock. Mr. W. G. Sheppard of Farmville will act as presiding officer and the supper will be served promptly at 7 o'clock. Every member of the association is urged to be present.

EVANS STREET PUPILS TO PRESENT MAY DAY PROGRAM TOMORROW

Tomorrow afternoon, May 4, at 5 o'clock, on the west edge of the college campus the pupils of the Evans Street School will present an out door May Day program. This program will be given free of charge and the public is cordially invited to attend.

Mrs. Cotten Speaks at Falkland
Falkland, N. C., May 3.—The Parent-Teachers' Association of the Falkland High School, organized in February 1923, held its third regular meeting on Friday afternoon, April 27. After the business meeting Mrs. R. R. Cotten, of Bruce, gave an interesting and helpful talk on the work of the Parent-Teachers' Association in its national and local capacity. Mrs. Cotten has been associated with the movement of Parent-Teachers work since its beginning, and was able in her talk to present facts of great interest, as well as a number of valuable suggestions. Another guest of the Falkland Association on this occasion was Mr. Emwrian, a native of Armenia, who talked for a few moments about his native country, and then delighted the audience with several songs of his own composition. A social hour followed the meeting.

Marriage License
The following marriage license has been issued since the report of yesterday: C. H. Montgomery of Graham to Miss Helen Grimes of Raleigh.

Deaths of Transfer.
The following deeds of transfer have been recorded since yesterday: Mary Hyman to J. R. and Katy Boyd consideration \$50; J. L. Simmons, trustee to W. Z. Morton, consideration \$3000; W. M. McKinney to J. O. Cox, consideration \$500; J. L. Simmons trustee to F. C. Harding trustee, consideration \$700; J. C. Lanier to O. R. Stubbs, consideration \$250.

NOTICE
All those who subscribed to The Yellow Jacket please see me and I will refund their money. I entered the contest too late, so I am withdrawing.
BENJAMIN COREY.

MR. G. A. CLARK ANNOUNCES CANDIDACY FOR RE-ELECTION ALDERMAN OF SECOND WARD

Having served one term as a member of the Board of Aldermen representing the second ward, I hereby announce my candidacy for the ensuing term, subject to the democratic primary next Monday.
G. A. CLARK.

A WONDERFUL STORE IN A WONDERFUL TOWN

While passing through Greenville North Carolina a few days ago our attention was attracted to Greenville's new and up to date post office and Pitt county's large and beautiful court house, but when we saw the Blount-Harvey Company's new store, a member of our party exclaimed "Whata wonderful pretty store and naturally the ladies in the party had to be shown what I would term "Eastern North Carolina's pride store" both inside and out, the building is complete and when you view the stocks of merchandise handled by the Blount-Harvey Company you are simply carried away. The woman's ready-to-wear department which we were told was a new feature with the Blount-Harvey Company, is a complete store in itself. In other words we found all stocks in keeping with the ready-to-wear department and when you consider the fact that the Blount-Harvey Company, "cater" to both the interior and the exterior of man and woman kind. We wondered if the establishment wasn't the most complete store in the whole state of North Carolina as we certainly never saw any other store that featured so many departments. Of course the ladies had to make some purchases, some of which we enjoyed as we sped on our way over that grand new road leading out of Greenville. To say that we were pleased with our trip to that beautiful little city of Greenville, N. C., only half way expresses it. We were charmed completely, and our treatment at the Blount-Harvey store, was indeed wonderful and we can only say if every one is treated half as well as we were by the numerous and nice sales people in the store that more than a cordial welcome awaits every one who enters therein. The store is a splendid success now and will be more so as it is truly a wonderful store in a wonderful town, of extremely nice people, and such an enterprising concern as the "Blount-Harvey Company" deserve all success and the city of Greenville is to be congratulated in having such a store. A visit there will be more than pleasing to every one I feel sure. I cordially commend the Blount-Harvey concern.
A PLEASSED VISITOR.

Will Use 2,600 Bones for Budha's Statue

TOKIO.—An image of Budha made entirely from human bones will shortly be dedicated at Jogwanji Temple, Fukagawa. According to the head priest of the Temple, more than 2,600 dead persons' bones had been stored during the past 10 years within the Temple's Charnel House, at the request of those poor people who were unable to bury the dead after cremating them. The storage in the bone house recently has outgrown the capacity of accommodation and after a conference last autumn of the people concerned, the idea was hit upon to make Budha's image from the powdered bones.

PRESBYTERIAN GENERAL ASSEMBLY TO MEET

The General Assembly of the Presbyterian Church of America will meet in Indianapolis, May 17 to May 24. Dr. Harry Laity Mowby, head of the Lord's Day Alliance, will make his final report as secretary of the Presbyterian Permanent Committee of Sabbath Observance, this committee having been merged with the Board of Christian Education. Dr. Bowby, a native of Asbury, New Jersey, has been threatened with death because of his efforts at Sunday enforcement. One of the distinguished commissioners to the Assembly is Dr. John Willis Baer, a financier, of Pasadena, California, formerly of Boston, who is the only layman who ever held the office of Moderator in the Church. For the first time since he became general secretary of the Presbyterian New Era Movement, Dr. William Hirsiger, of New York, is Moderator. Mrs. Charles Scanton, general secretary of the Board of Publication and Sabbath School Work, will make his annual report. Dr. William F. Weir, of Chicago, will make his report as general secretary of the Permanent Committee of Men's Work. Dr. John A. Marquis, general secretary, will report for the Board of Home Missions.

Tandem Team, Lime and Fertilizers Is Soil Life, He Says

RALEIGH, April 3.—On sour soils, the tandem team of lime and fertilizer should be driven with lime in the lead, say agricultural workers of the State College and state department of agriculture. When acid phosphate is put on sour land, they explain, the phosphorus forms a strong chemical union with iron and aluminum compounds in the soil. If lime has been put on before acid phosphate, there is a tendency for the soluble phosphorus to unite with the calcium of the lime. This lime phosphate seems to be more readily available to crops than the iron and aluminum phosphate.

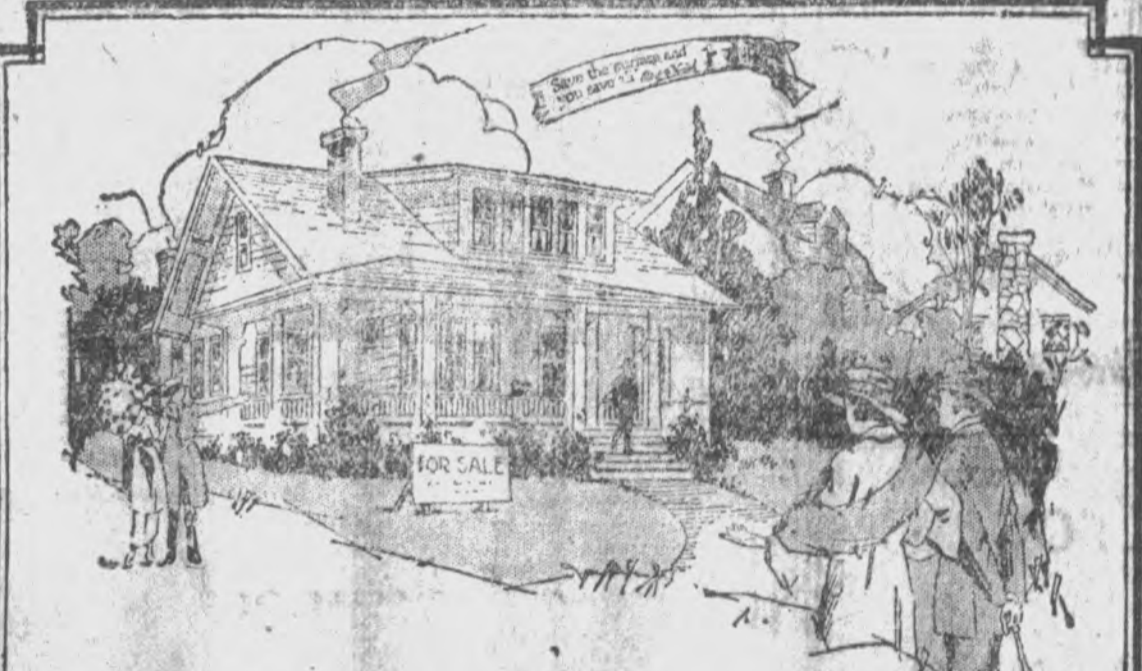

Ohio experiment station. Limestone alone gave crop increases worth \$6.80 per acre, while acid phosphate alone gave increases worth \$3.20 per acre. When both lime and acid phosphate are applied on the same land the increased yield is worth \$11.40 an acre, or \$1.40 an acre more than the same amount of lime and phosphate when applied separately on two acres.

Relief Supplies Duty Is Lifted By Turkey

RALEIGH, May 3.—Word has just come from New York to Col. Geo. H. Bellamy, state chairman of the Near East Relief, that the outrageous "duty" imposed on relief supplies sent to the interior of Turkey has been repealed by the Turkish nationalist government at the insistence of

the American state department. This duty would have cost the Near East Relief \$15,000 a day and greatly decreased the number of Christian lives which are being saved in this unfortunate part of the world. Full details will be given the press later in the week, Col. Bellamy was informed. Several weeks ago the world stood aghast at another Turkish atrocity when it was announced by Kemal Pasha that duties aggregating \$15,000 a day would be imposed on food stuffs and relief supplies sent to any part of the Turkish empire and intended for the relief of Christians.

MOSELEY BROTHERS
 General Agents National Life Insurance Co. of Va.
 GREENVILLE, N. C.

Society.

Miss Nancy King left this morning for a visit to Mount Airy and Greensboro.

Mr. E. V. Carter went to Charlotte yesterday afternoon on business.

Misses Hazel Betha and Alicia Ashe of Raleigh spent yesterday here.

Mrs. James Patten, Jr., of Durham, arrived last night to visit her mother Mrs. M. G. Moye.

Mr. W. M. Scales returned last night from a business trip to Robersonville.

Miss Mary Warren returned yesterday afternoon from a visit in Burlington.

Mr. and Mrs. J. S. Tunstall and daughter, Miss Mamie Ruth Tunstall left last night for Swannanoa where they will spend the summer.

Messrs. C. B. and J. P. Rowlett are spending today in Beaufort county.

Mr. J. H. Waldrop left yesterday afternoon for Pinehurst to attend the North Carolina Bankers' convention.

Messrs. W. Z. Morton, G. V. Smith, W. I. Skinner, W. L. Brewer and C. L. Perkins motored to Rocky Mount yesterday afternoon.

Mr. W. C. Cannon, of Ayden, spent today in Greenville.

Mr. C. R. Townsend, of Farmville, was a business visitor to Greenville today.

Mr. W. M. Gray left this morning for Richmond to accompany his wife home from a hospital in that city where she has been for treatment. Her many friends will be glad to know that she is able to return home.

Mrs. W. C. Thomas and daughter, Miss Mary, who have been visiting Mrs. W. H. Norris, on Dickinson Ave., left for their home in Danville, Va., this morning.

Prof. R. H. Wright returned this morning from a business trip to Nashville, Tenn.

Prof. J. L. Leggett is attending the commencement exercises of the high school in Robersonville.

Montgomery-Grimes.

In a ceremony impressive for its beauty and simplicity, Miss Helen Grimes, daughter of the late Col. J. Bryan Grimes, secretary of State, became the bride of Mr. Clarence Howland Montgomery, at the home of her uncle Mr. Ned Laughinghouse at 9 p. m. yesterday. The home was prettily decorated with spring flowers for the occasion.

The ceremony was performed by Rev. V. P. Seoville, pastor of Jarvis Memorial Methodist church and witnessed only by a few friends and relatives of the couple.

To the strains of the wedding march, Master Ned Perry Laughinghouse entered with the ring in a tily, followed by the bride with her brother, Bryan Grimes, they were met by the groom and his best man, Mr. Ned Laughinghouse. Mr. and Mrs. Montgomery left this morning for a bridal trip, they will visit Washington, D. C. and other northern cities.

Card of Thanks.

We wish to thank our many friends for the kindness that they have shown us during the recent sickness and death of our mother and wife.

Mr. L. S. Barnhill and family.

Miscellaneous Shower.

Mrs. Nannie Jeter, assisted by Mrs. J. B. Spilman entertained last night at a miscellaneous shower complimentary to Miss Nancy Arthur, who will be married in June.

The reception hall of the new dormitory at the Teachers' College was beautifully decorated with red roses and potted plants.

Upon arrival the guests were received by masters Lewis and Edward Skinner and given a most cordial welcome by Messdames Jeter and Spilman.

After an hour's entertainment which consisted of music and conversation Master Ban Croff Moseley and little Miss Elizabeth Spilman rolled in a wardrobe trunk, and upon opening it Francis Spilman and Louis Ficklen, stepped out with baskets filled with a miscellaneous shower which they presented to Miss Arthur. It was a complete surprise to the honoree and she expressed her appreciation in a most appropriate manner.

The hostess assisted by Elizabeth Spilman, Mary Elizabeth Ferguson and Elizabeth Skinner served a tempting salad course.

It was one of the most enjoyable of the pre-nuptial parties given in honor of the bride-elect.

Cakes.

Orders taken for cakes for Saturday. MRS. W. L. HALL, 3 2d day.

Residence Being Remodeled.

Work has been begun remodeling the residence of Mr. C. B. Mayo, on Fourth street. An additional story is being added.

BETTER COPRA PRICES LINES TAHITI PACKETS WITH COIN

PAPEETE.—Better prices for copra, the main product of these islands, has improved the commercial situation in Tahiti by increasing the purchasing power of the native population.

The buying power of any native is limited only by the cash he owns. What he has he spends. It is a popular saying that a Tahitian native could be turned loose in the morning with one thousand dollars gold in his pockets and picked up at night without a single paper franc to his name.

Limits Retailers' Profits.

LISBON.—In an endeavor to reduce the cost of living, a new law provides that wholesale dealers in foodstuffs may take a profit of only ten percent, and retailers 15 percent. Heavy penalties will be imposed upon transgressors.

Noted Surgeon Talks at Trinity on Value of Medical Research

DURHAM, May 3.—"He challenged ignorance and prejudice and, after a stiff fight, they capitulated. He challenged disease and forced it to yield up its secrets. He challenged death and it fled from his presence," such was the startling declaration which Dr. W. W. Keen, eminent professor of surgery at Jefferson Medical College, Philadelphia, made last night in beginning the series of Flower lectures at Trinity college.

Dr. Keen in his statement referred to Louis Pasteur and in his address showed the value of medical research to mankind and to animals as shown in the achievements of the great Frenchman.

Graves Memorial hall was filled with Trinity students, and Durham citizens to hear Dr. Keen, a young fellow of 33 and veteran of the civil and world wars relate the progress which has come in medicine and surgery in his life time. A number of the medical fraternity were present for the address.

ENGLISH WOMEN

GOOD ENGINEERS

LONDON.—American women who find dress-making, office work, school teaching and similar pursuits prosaic or unsatisfying may take a leaf from the book of their English sisters, who are rapidly taking to engineering, medicine, law and similar professional occupations which heretofore have been confined to men.

Many English universities and schools have thrown open their engineering courses to women on exactly the same terms as to men, and the number of applicants far exceeds the capacity of the classrooms.

The phenomenal success achieved by Miss Victoria Drummond, a young English woman, as a marine engineer, has inspired new interest in the possibilities of engineering for the educated woman. Women's engineering societies are springing up in the larger manufacturing and industrial centers, and one of the large employers of labor in England said recently that no capable woman need fear lack of employment in the branch which she has successfully completed her training.

Miss Drummond, who is a granddaughter of the late Lord Amberst of Hackney, is now chief engineer on a large ocean steamer, an honor well applied for a license as a sea captain. But in spite of her success, English educators do not advise women to specialize in marine engineering with its peculiarly severe demands upon the physique and general health.

FIND LOST HARPOON

BERGEN, in the carcass of a whale caught in the Davis Strait, Greenland, and recently brought into

a Norwegian port, the head of an old harpoon has been found, deeply embedded in the blubber.

Wales Shows Interest In Hospital Success

CHICAGO.—The Prince of Wales has written E. S. Gilmore, superintendent

ent, Wesley Memorial Hospital, Chicago, and chairman of the National Hospital Day Committee, of his interest in the observance of National Hospital Day, May 12, by the hospitals of the United States and Canada, and of his intention to bring this movement to the attention of English hospital authorities with the idea of

having them combine in the celebration. On account of the interest taken in National Hospital Day by Canadian hospitals, under the direction of Dr. M. T. MacEachern, Canadian chairman, and also because National Hospital Day is observed on May 12, the anniversary of the birth of Florence

Nightingale, founder of modern hospital and nursing methods, Mr. Gilmore wrote to the prince, indicating he believed he would be glad to hear of the tremendous success of the movement. MAKE UP YOUR MIND NOW! SUBSCRIBE TO THE REFLECTOR

An instance of service—
not a definition.

The reputation of every famous train depends on oil

WHAT makes possible the speed of the modern flyer? What lies behind the solid luxury, quiet, gliding speed, guaranteed-timetable with rebates for time lost? Lubrication! Without it railroad trains could not turn a wheel. Our steamships would rot at their piers. Our aeroplanes would never leave the ground. A lack of lubricating oil—a pair of overheated journals—and the famous express stands crippled on a siding; its passengers envy the humblest "local" that stirs.

Lubrication is the life of your automobile. The Standard Oil Company (New Jersey) takes real pride in its contribution in this field—Polarine, the "Standard" oil for motor lubrication. Polarine enables your motor to do its best.

MOVIES

"THIRD ALARM" TO BE SHOWN AT WHITE'S THEATRE TONIGHT

Employing his great production as a stupendous canvas upon which he has painted in bold strokes a narrative as thrilling and inspiring as the screen has ever offered, Emory Johnson goes far beyond the mere individuals with whom he tells his story in "The Third Alarm," his vivid and compelling melodrama at White's Theatre tonight.

Love, deep and eternal, is the theme of "The Third Alarm." Throughout the swift-flowing drama of the production is woven a thread of romance that carries one back to green meadows and moon-lit nights.

The love of the wife for her struggling fireman husband; the love and devotion of the husband and father for his family; the love of the son for the father and the boy's indomitable spirit in the face of peril—all these combine to make a theme of striking humaneness. And upon this Mr. Johnson has built well.

His central character is a veteran fireman, discarded and disheartened, has lost his job as a dive because his calloused old hands and arms were unequal to the strain of guiding a motor when the horses of the fire department gave way to motorization. The deep affection of the veteran for the horses with which he has so often faced danger, is one of the most touchingly poignant features of this heart-gripping tale.

But Mr. Johnson makes of his narrative a great human treatise of love and faith and devotion to duty—a treatise that goes beyond the mere individual and encompasses all humanity. While "The Third Alarm" is in no sense a preachment, it does unfold a striking lesson and that lesson is the most timely one ever offered on stage and screen because it drives home with blows like the Hammers of Thor the vital need for love and human understanding in the world today.

HOPE HAMPTON TO APPEAR IN "THE LIGHT IN THE DARK" STRAND THEATRE FRIDAY

"KATCHA-KOO" BE PRESENTED AT WHITE'S THEATRE MAY 15

Quite the most attractive entertainment given in Greenville for a long time, will be the musical comedy "Katcha-Koo," which will be presented at the White's Theatre on Tuesday evening, May 15th under auspices of Circle No. 4 of the Patient Circle of King's Daughters.

Although it is to be an amateur production, it will be far from that in reality for it favors of the professional and will be far better than many road shows seen in this city.

The plot and story of the comedy is interesting, the music bright and melodious while the dancing is far above the ordinary. There is plenty of action from the time the curtain rises on the scene of the Maharajah's Temple of Budha in East India, until it drops right after the grand American patriotic finale, entitled "Liberty Aflame." The principals include some of the very best local amateur talent, all of whom are taking personal interest in making the play a tremendous success.

W. H. ARNOLD,
Administrator.

HAMMER MURDERESS REPORTED CAPTURED

Armour Phillips.

Mrs. Alberta Meadows.

Mrs. Clara Phillips, brutal hammer murderess of pretty Mrs. Alberta Meadows, of Los Angeles, who later escaped the Los Angeles jail, where she was confined on a sentence to life imprisonment, is reported under arrest in Tegucigalpa, Honduras, with Jesse Carson, alleged Los Angeles firebug, and Mrs. Carson, Armour Phillips, her husband, an oil painter, is under arrest in Los Angeles, charged with being an accessory to her escape. This diagram shows how the slayer got out of the Los Angeles jail, with aid confederates

CLEVELAND HOLDS BUILDING RECORD

CHICAGO, May 3.—Approximate 15,000,000 square feet of office building space will have been added to the business districts of 22 of the principal cities of North America during the two-year period ending December 31, 1923; it was revealed in a survey recently completed by the National Association of Building Owners and Managers under the direction of J. F. Douglas of Seattle, chairman of the Association Renting Committee.

The city adding the greatest amount of space both this year and last is Cleveland, O., according to the report. Philadelphia is next in line, with New York third, Boston fourth, Los Angeles fifth and Chicago sixth.

In some of the cities the vast increase to the office building space of their respective business districts involves the danger of over-production, the report pointed out. It says: "Over-production results in vacancies. Space standing idle is taxed just as high as space filled with tenants. There is little difference in the cost of operation of a building half full and one completely full. The margin of profit in the operation of office buildings is generally below the profits allowed by utility commissions to other public service organizations supplying commodities vital to the welfare of the community."

British Railways Prosperous.
LONDON.—The railways of Britain carried 1,186,470,000 passengers 301,48,000 tons of goods and minerals and 6,706,000 live stock during 1922 showing gross receipts of 237,800,000 pounds and an expenditure of 190,600,000 pounds.
