

No reasonable excuse exists why the requirements of the compulsory school law should need enforcement. But that it does, and in Pitt County, has been frequently developed by parents and guardians being fined in court for its violation.

Strickland, living near Arthur had failed to send his step-child, Nannie Smith, 15, to school. Sickiness was given as an excuse. Testimony brought out that the child was required to work on the farm and help care for twin babies of her mother and step-parent. Out of eight school months last year she attended only 63 days. As a consequence

she has only reached the third grade. Such instances are shocking in the light of educational advantages. Parents who fail in their school duty toward children are reminded that the compulsory attendance law HAS SHARP TEETH, capable of sinking deep.

DINNER, BUSINESS PROGRAM FEATURE MEETING OF LEGION

Urge Support Patriotic Picture Shown Here Next Monday

The Pitt County Post of the American Legion held its regular monthly meeting at the Wayside Tea Room last night with 60 members present. The session was featured by the reading of a report of conditions at Oteen, by Dr. C. O. H. Laughinghouse a discussion of securing the Carolina State College Freshman foot ball team for a game here on November 10; making final plans and arrangements for the picture, "A Man Without a Country," which will be presented in White's theatre Monday, May 14 afternoon and night, and in the Princess theatre, Ayden, Tuesday night, under the auspices of the Legion; and the organization of a Post baseball team, with D. C. Moore, Jr., captain.

It was also decided by the Legion that they entertain the Auxiliary at their July meeting when the commander and adjutant of the State Department and the commander of the Auxiliary will be present.

The meeting was presided over by the Post Commander J. H. Waldrop. After Dr. G. G. Dixon of Ayden, had returned thanks dinner was served.

Will Show Picture.
The first business receiving the attention of the members was the making of final arrangements for the presentation of the Legion's picture, "A Man Without a Country." This wonderful film is being shown throughout the country under the auspices of the American Legion and has been declared one of the best pictures ever screened.

The local legion will present it promptly at 2:30 o'clock Monday and those who go as late as 3:30 will see the entire picture as the first few reels will be repeated. In the evening there will be two performances, beginning at 7:30. On Tuesday evening the picture will be shown in Ayden in the Princess theatre. The price of admission will be 50 cents and tickets bought from the Legionaries will be good at either performance both at the local theatre or in Ayden.

Want Football Game.

For the past several weeks the legion has been negotiating with committees from the Carolina State College football teams with the purpose of securing a game to be staged in this city November 10. Their request has received favorable attention by the committees and it was definitely decided last night that every effort possible will be made to have the game.

Dr. C. O. H. Laughinghouse, a member of the State Legion committee which inspected the hospital at Oteen about two weeks ago read the report which the committee returned to the State organization. The findings disclosed many improvements in the hospital and the committee reported well pleased with the conditions which they found.

The commander and adjutant of the State Department and the commander of the Auxiliary will deliver address at the July meeting. It was also decided that the Legion would have a Post baseball team this summer. D. C. Moore, Jr., was appointed captain and the first work of the team will begin Friday, May 18.

The committee on arrangements for the June meeting is composed of J. Hicks Corey, J. Sam Fleming and E. F. Duke.

The meeting last night was one of the most enjoyable ever held by the Legion and was marked by great interest and enthusiasm.

PEACE TERMS REFUSED

DUBLIN, May 9.—The Irish free state has refused peace terms of De Valera and has declined to communicate further with the republican leader, it was announced here today.

Virginia Preacher Not Among Group Taken By Chinese

DEERFIELD, MASS., May 9.—Rev. Frank W. Pratt, Richmond, Va., was not on train captured by Chinese bandits Sunday, as reported. When Shanghai dispatches mentioned his name as among those seized, his father here received a cablegram from a Unitarian minister sent from Salkwan, China, saying that he and his wife were not on the train.

TIENSI, May 9.—Further advice here made uncertain the number of foreign captives held by Chinese bandits, but it is believed here that several foreigners including four American missionaries boarded at way stations the Peking express train which was seized near Suchow Sunday. Thirteen white passengers are known to have escaped. It is probable too, that a number remain in perilous captivity.

COMMUNITY SING TO BE HELD HERE ON MOTHER'S DAY

Will Take Place in the Auditorium of Teachers College

"Pitt County community sing will be held in the Teachers College auditorium, here Sunday afternoon, May 13, at 3:00 o'clock. The singing will be led by W. G. Shepherd, Farmville, and Mrs. J. M. Hobgood, Farmville, will be his accompanist on the piano. The last community sing was held in Farmville in the large auditorium of the new Farmville high school, which was filled to overflowing. In fact, all the community sings which have been held in Pitt county recently have been a decided success, and there is no doubt but that there will be a large crowd present Sunday afternoon.

The auditorium at the Teachers College has recently been enlarged, and is able now to accommodate far more people than formerly. Special features of the community sing Sunday will include one or two numbers by the Greenville orchestra, one number by the Ayden quartet, one number by a group from Farmville, and one number by a group from Bethel. These choruses in all three of these towns have worked hard, getting their numbers ready for this occasion, and there is no question, but what they will present something good.

Next Sunday is also Mothers' Day, and on that date the King's Daughters of Greenville will be present at the Teachers College with red and white flowers, that will be given to every one who attends to be worn in commemoration of Mother, whether dead or living.

FUND BRING BRITISH SCHOLARS HERE

Mrs. Henry P. Davison, widow of the late partner of J. Pierpont Morgan, has established a trust fund to bring six English scholars—three from Oxford and three from Cambridge—to America each year for postgraduate work in order to more closely establish Anglo-American friendship. The students will go to Yale, Princeton and Harvard.

Woman Says Barbarism Mild to Brutality of Florida Camps

TALLAHASSEE, May 9.—A wife of smalltown postmaster today startled the hardened joint legislation committee investigating reported convict brutalities in Florida. Presenting facts based on court records, Mrs. Thelma Franklin, wife of J. E. Franklin, postmaster and storekeeper of Glen St. Mary, told the committee barbarism was mild in comparison with conditions existing at lease convict camps owned and operated by State Senator T. J. Knabb and all efforts to shake her testimony proved in vain. Nine known deaths within one year from among the convicts leaved by Senator Knabb from Baker county,

MOTHER'S DAY IS FREE ORANGE CRUSH SET FOR SUNDAY OPENING THURSDAY

RALEIGH, May 9.—Calling on the people to display "outward signs of an inward devotion" to motherhood, next Sunday, Governor Morrison has issued a proclamation setting apart May 13 as Mothers' Day.

The proclamation follows: "Pursuant with the provisions of Resolution No. 38, passed by the General Assembly of 1921, I hereby proclaim Sunday, May 13, 1923, Mothers' Day, and call upon the people of North Carolina reverently to observe it.

"As a public expression of love and respect for motherhood, you are asked to display the National Colors. Each individual is requested to wear a flower, in honor of his or her mother whether she is living or dead.

"The above, at best, are merely the outward signs of an inward devotion, which each heart must interpret for itself. Each soul must light its own altar fires on Mothers' Day."

WOMAN CHARGED WITH FORGING SCHWAB'S NAME

BOSTON, May 9.—Charles M. Schwab, appeared before the grand jury today to testify against Mrs. Myrtle Hayes, Boston business woman, alleged to have forged the ironmaster's last January to a note for \$25,000.

Regular City Court "Patron" is Bound Over in \$500 Bond

W. J. Bryan, colored, is a frequent "visitor" to the police court. Today he was before Mayor Clark charged with receiving, purchasing and selling liquor and with permitting a dog to run at large. On the former charge he was held for the county court under \$500 bond. He paid the cost in the other case.

Because he parked a team on Dickinson avenue unattended, John Sams, colored, was fined the cost.

Graham Haganagan, according to charges, was driving an automobile in excess of the speed limit. He was fined \$10 and costs. For violation of the traffic ordinance John Lautares, was assessed the cost.

On drunk and disorderly charges Clean Jones, colored, paid \$10 and costs. E. S. Moye, violation traffic regulations, was assessed cost.

"KATCHA-KOO" WILL BE PRESENTED NEXT TUESDAY EVENING

Oriental-American Fantastique Auspices the King's Daughters

"Katcha-Koo," an Oriental-American Fantastique will be presented in White's Theatre Tuesday evening, May 15, under the auspices of the Patient Circle of King's Daughters.

The play harkens of the Orient. There will be incense, the silken bloomers and turbans of India and oodles of fascinating young women dressed in bewitching costumes. The stage setting are fine, the costumes dignified and the music catchy and pleasing. The production centers about a notorious East-Indian Fakir, Katcha-Koo, who suddenly undergoes a complete meta-Morphosis through being invested with a magic wearing apparel which induces characteristics hitherto unknown to him. He is changed from a "prayerful Hindu," to a love making and flirtations gay young Lothario. This part will be taken by Mr. Ned Laughinghouse and he needs no introduction to a Greenville audience. Over one hundred of Greenville's best actors and actresses will take part in the play.

"Katcha-Koo" not only tells an original and amusing story—but there are also many brilliant dances. The Auld Lang Lyne Group, Polo Dance, Oriental Veil Dance and Yankee-Dixie Groups, especially are unique and effective. The plot of the Oriental-Fantastique is especially fascinating and the complications and situations form a fascinating and interesting story.

The play is being given for a worthy cause and the King's Daughters are especially anxious for a large crowd to attend and enjoy one of the best plays ever given by local talent.

FRENCH GIVE KRUPP 15-YEAR SENTENCE

WERDEN, GERMANY, May 9.—Dr. Krupp Von Bohlen, head of the Krupp works, and his three directors Bruhn, Oesterlen and Hartwig, heard their sentences in the Werden jail tonight. The penalties totalled imprisonment aggregating 65 years, the French court martial having convicted them of responsibility for the conflict between the Krupp workmen and a French squad of soldiers March 31 last which resulted in the death of 14 workers.

Fines to the amount of \$50,000,000 marks were also imposed upon the accused, who included others than the directors.

American Captives of Chinese Desperadoes Dying of Hunger and Exposure; Hasten Rescue

ATTORNEY GENERAL TO RULE WHO PAYS CO-OP COTTON TAX

Question Will be Decided by State Officials At An Early Date

RALEIGH, May 9.—The question of who pays the taxes on cotton held by the North Carolina Cotton Growers Co-Operative association on May 1 has been under consideration for several weeks past by the attorney general and the state commissioner of revenue, but as yet no final decision has been handed down. The assistant attorney general, Frank Nash, has ruled in an informal opinion that the cotton and tobacco associations must pay the taxes on their holdings.

Under the present law the farmer lists the cotton that he produced and still owns on May 1 in the township in which this cotton was produced, regardless of where it might be stored. The individual farmer is entitled to make deductions for money that he owes in listing his personal property for taxation.

The board of directors of the Cotton association has taken the position that the association is simply an organized group of farmers that had no capital stock and that handles the cotton of its members without profit, and that it would be right and proper for them to list their cotton for taxes on the same basis as non-members are now entitled to list their cotton for taxes.

CURB MARKET WILL GO, SAYS J. L. LITTLE

In speaking of the curb market movement in this county, J. L. Little, president of the Pitt County Bankers association, gives the following article:

By J. L. Little.
President Pitt County Bankers Association.

"I have noticed, with no little interest, the agitation and final decision as to curb markets for three of our towns, Greenville, Farmville and Ayden. I have been informed that the opening dates are: Greenville, Saturday, May 12, Farmville, Saturday, May 19, Ayden Wednesday, May 16.

"I hope that the fullest co-operation will be accorded this project from the very beginning, co-operation on the part of the purchasing public in patronage and co-operation on the part of the farmers in bringing a variety of graded products.

"Not only will the farmer realize a considerable sum from this avenue, and not only will the house wives be in position to get fresh country vegetables and poultry products, but the curb market will also engender a feeling of cordiality and friendship between those on the farm and those living in town. This, to my mind will be one of the best things that will come from this enterprise.

"Therefore, in behalf of our common interests and in behalf of the spirit of unity and friendship, without any degree of hesitation, call on all to unite toward its success.

The thing will not last more than one hour and fifteen minutes.

Mr. John Allen, of Charlotte, was a business visitor here today.

SHANGHAI, May 9.—Fourteen foreigners, including at least seven Americans are held in the hills bank of Lincheng and are "almost dead," from lack of food and clothing and exposure, according to a message received here.

PEKING, May 9.—While the government issued orders today to the foreign commissioner of Shantung to comply with all demands of the Suchow train bandits, diplomatic circles were not optimistic over the prospect for early release of the captives.

Foreign ministers express the opinion that the Chinese cabinet was willing to pay the necessary ransom, but pointed out that militarists would probably intervene and insist on continuing operations against the desperadoes.

It is openly stated that the ministers fear that further efforts to rescue the prisoners will only intensify their danger.

COX FAVORS ANY WORLD PEACE PLAN

CHICAGO, May 9.—Any plan which provides for the rentals of a permanent world peace should be acceptable to democrats and republicans alike, former Governor James M. Cox, Democratic standard bearer in the presidential election of 1920, declared here before the Illinois Women's Democratic Club.

While scarcely referring directly to the league of nations, Cox said the issue of international peace was more outstanding than any other brought up by either political party and should be taken from politics.

If the question has not been settled by the next presidential election he asserted the democratic party would violate its faith should it refuse to take up the standard again.

"Democrats do not want to profit by any economic adversity of the country," he said, "but the prosperity of the country today will not continue without a proper settlement of the perplexing condition in Europe.

"Had Herbert Hoover been America's authorized representative on reparations questions—not a dumb, bount and gagged observed—any judgment he might have rendered would have been accepted by France, Germany, England and all of Europe and no troops would be marching on the soil of Europe today.

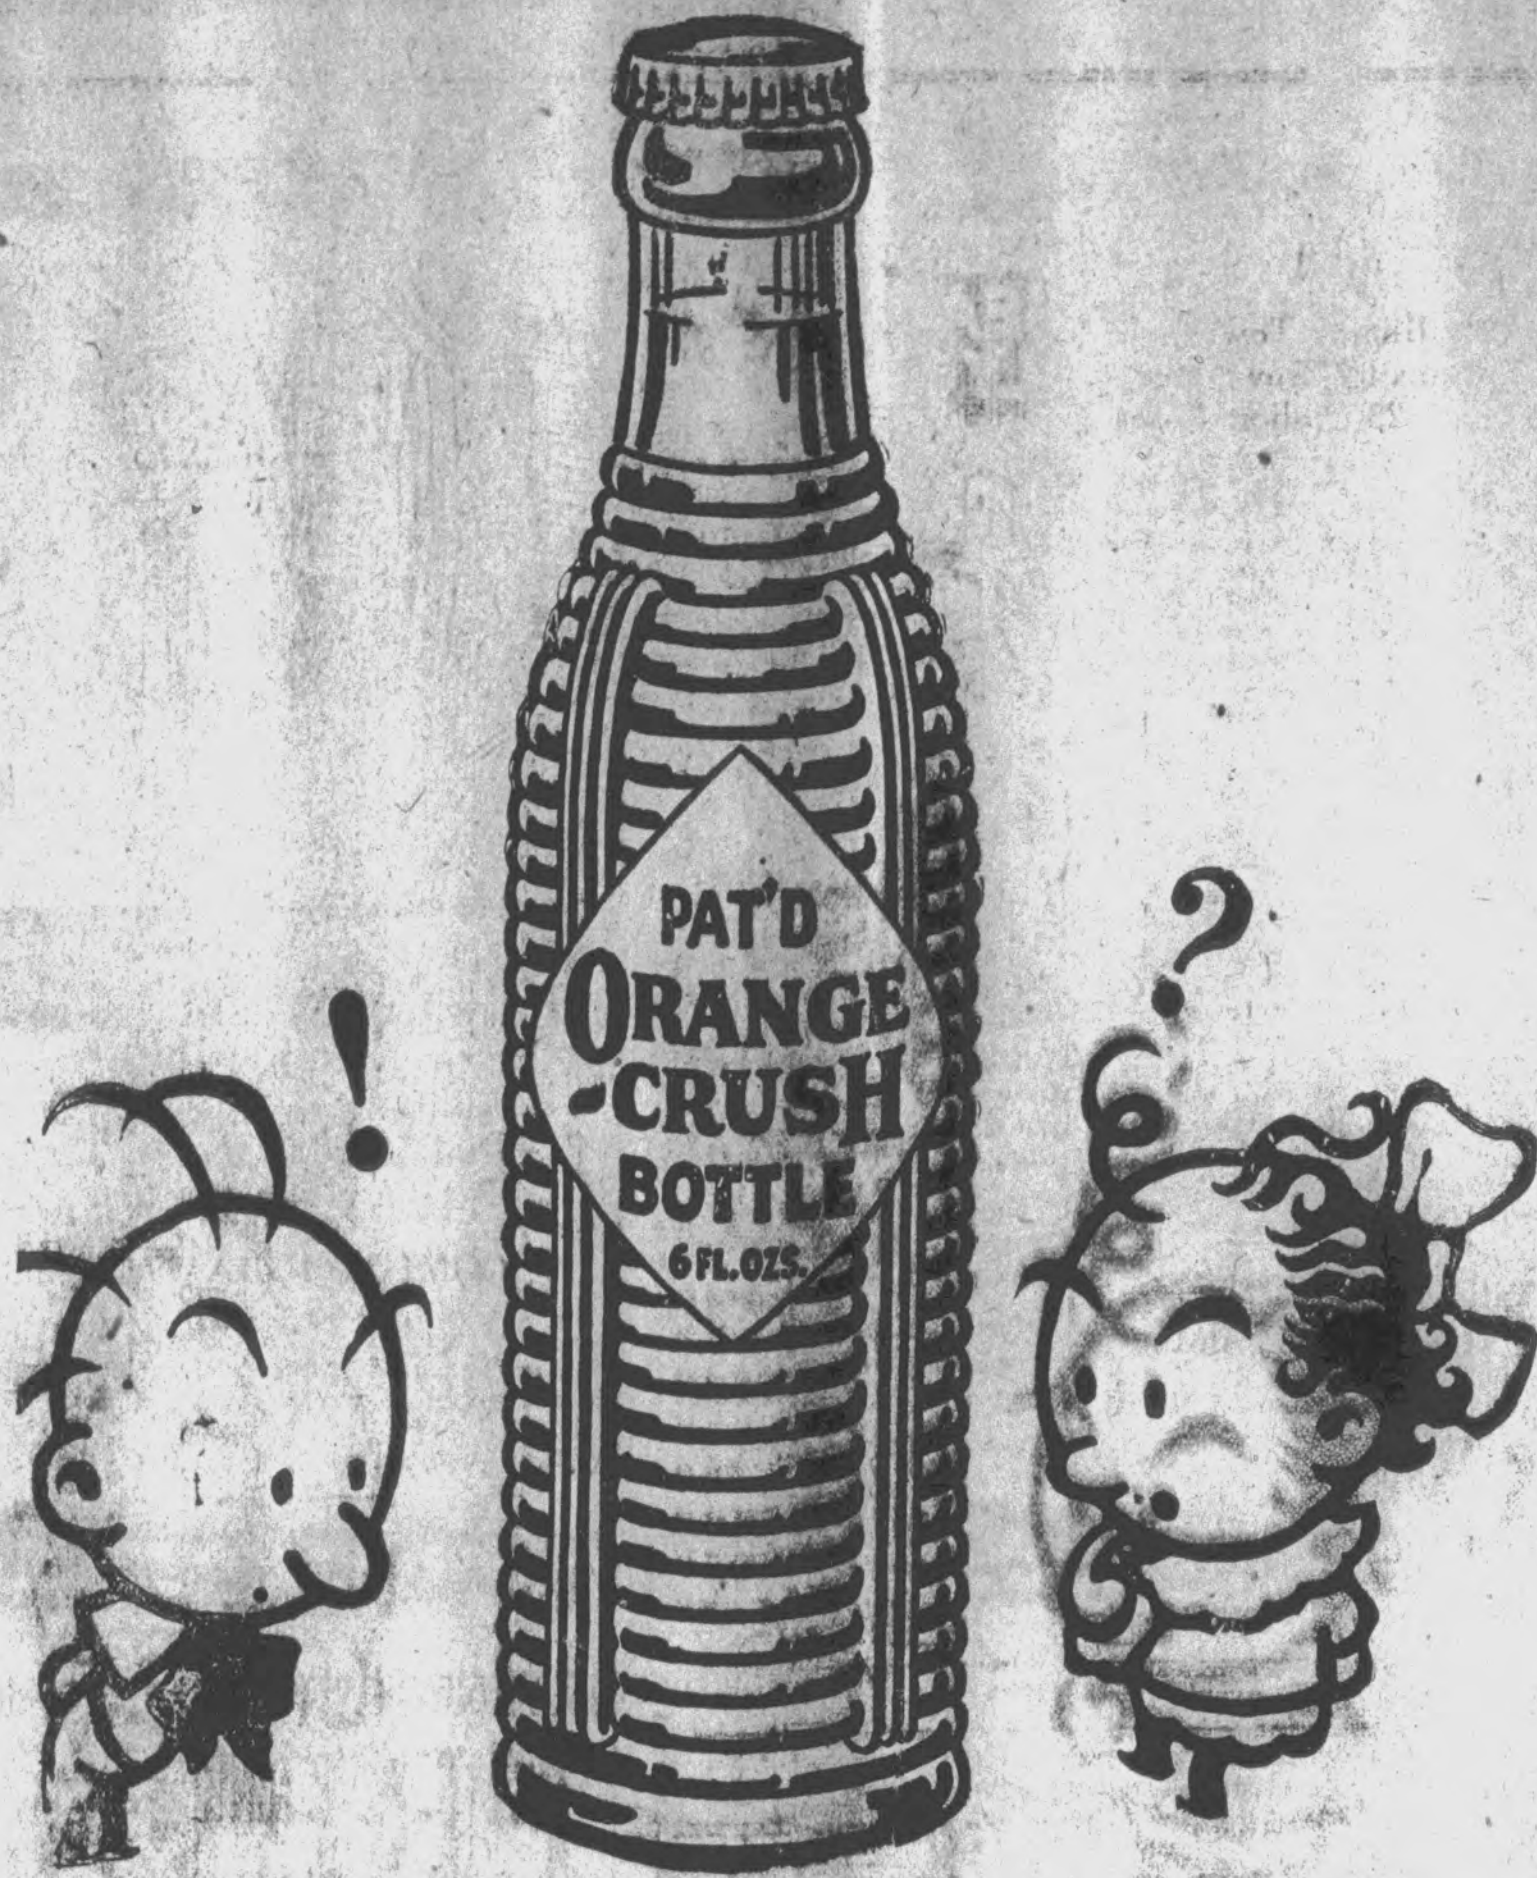

Court Lifts Ban on Liquor Prescriptions

NEW YORK, May 9.—Federal Judge Knox, declared void today, that portion of the Volstead law which limits the amount of liquor which a physician may prescribe and granted an injunction restraining prohibition authorities with interfering with the practice of Dr. Samuel Lambert.

FOR U. S. GOLFERS REMAIN IN BRITISH TOURNAMENT

DEAL, May 9.—Four of the invading American golfers remained in the running as a result of play in the third round of the British amateur championship. Those remaining after the third round included Francis Ouimet, Boston, George Rotan, Texas, Dr. O. E. Willing, Oregon, John Neville, San Francisco.

County Agent Grover Falls of Pasquotank county helped his farmers to buy 150 rolls of wire fencing for pastures at a net saving of \$480.

ANNOUNCING

THE CRUSHES HAVE COME TO TOWN—WARD'S Orange CRUSH, Ward's Lemon CRUSH, Ward's Lime CRUSH. The most delicious drinks you ever tasted. We announce the formal opening of the ORANGE CRUSH BOTTLING CO., Thursday, May 10th. Our new and modern bottling plant is located on 9th street, opposite the Farmers Warehouse. We want everybody to enjoy our hospitality. Visit one of the finest bottling plants in the State. Open house from 12 o'clock noon until 10 P. M. Help us make this a big, gala event. Souvenirs—CRUSHES served free. See invitation below.

Come to our modern "Crush" bottling plant and you will see a model of cleanliness. You will find that every process from carefully measuring each ingredient to putting the cap on the bottle is accomplished in a scientific and sanitary manner.

When at last the bottles are placed in cases and ready for delivery you have a wholesome food product, not touched by human hands, with all of its treasured ingredients proportioned with the same accuracy as the preparation of a valued formula.

Two things above all we watch with care in bottling the "Crushes"—their taste and purity.

It is one of the most interesting sights you ever witnessed to see all of the processes in the bottling of Ward's Orange, Lemon and Lime CRUSHES, and to learn the reasons for each one, to see one of the finest plants in the

State, built for the sole purpose of giving you a food product that you will not only relish, but one which you can be sure is wholesome and good.

This is an invitation to everyone, young and old, large and small, who reads this advertisement, to attend the opening of our modern bottling plant. Open house from 12 o'clock noon until 10 p. m., Thursday, May 10th. Come and bring your friends.

FREE CRUSHES and souvenirs served to all

ORANGE CRUSH BOTTLING COMPANY

L. L. MINGES, Manager.

The delightful flavors of Ward's Crushes are due to the natural fruit oils of oranges, lemons and limes. To these are added pure cane sugar, citrus fruit juices, U. S. certified food color, fruit acid and carbonated water. Some prefer the orange, some lemon, others lime, but everybody likes the "Crushes." They are first for thirst. Soothing, mellow, delightful and refreshing at any time.

We want everyone to know how good the "Crushes" taste and how carefully they are bottled, so come to our open house, ask your friends, bring the children. There will be souvenirs to take home—music—and "Crushes" served free to everyone.

ALL TREASURE OF
PHARAOH'S TOMB
RETAINED IN CAIRO

VALLEY OF THE KINGS, Luxor, Egypt.—Members of the American Archaeological mission who are assisting the discoverers of King Tutankhamun's tomb in identifying, preserving and packing the amazingly rich collection of antiquities removed from the burial chamber of the Pharaoh, are making rapid progress in their work and hope soon to leave on their annual visit to the United States. They will return at Luxor in the autumn when the tomb is re-opened. Most of the articles taken from the royal mortuary chamber are now ready for shipment to the Cairo Museum. There is little chance that any of these mementoes will find their way to American, or indeed British museums. For the Egyptian law prescribes that all objects found in royal tombs shall remain in the country as the property of the Egyptian government. The Britons who discovered the tomb must find their reward in the personal satisfaction of having added so signally to the world's knowledge of life on the Nile 3,350 years ago. They have taken no articles from the tomb as their personal property. And they have announced they do not intend to do so.

The American expert's compensation will be even less. They are adding their British colleagues without a penny of remuneration. And they have done by far the greater part of the important work of conserving the hundreds of fragile objects found in the tomb. It may be said that without their help these articles would have perished.

GERMANS ACTIVE AT SEA

BREMEN.—Marine activity is the rule at all of Germany's ports. Hamburg, Bremen, Bremenhaven, Emden, Lubeck, Stettin and Kiel all show large gains in tonnage cleared, and helped by government subsidies German shipyards are buying second hand vessels cheap abroad and patching them up.

RUSSIA'S BINS NOW
BULGE WITH GRAIN,
FREED OF FAMINE

MOSCOW.—Too much bread promises to be Russia's dilemma in 1923. From 1917 until 1922 bread was the most precious thing in Russia. A farmer could trade into Moscow with a small sack of grain, and trade it for a grand piano or anything which the hungry city dwellers had to offer. Now the same peasant could walk from one end of Russia to the other and, excepting in a few isolated famine districts, could not get a jack-knife for the same sack of grain. If the harvest of this year turns out as expected, Russia will have a surplus of grain which could be sold abroad.

From a country which less than 18 months ago was clamoring for crusts Russia has changed into a nation which promises within a few months to be swamped with wheat and rye. At Saratof, near certain communes that have been listed as famine-stricken, rye flour, the staple of bread, is quoted at less than 25 cents a pound, which is 36 pounds. At Samara, the district where even cannibalism occurred among the starving a year ago, rye goes beginning at less than 40 cents a bushel.

In Moscow, naturally, transportation costs have made prices somewhat higher, almost double the reigning price in the great producing regions. Siberia, once the granary from which wheat poured into Western Europe, did not fare so well in last year's harvest, and there prices are higher, but in Odessa and at Kiev, in the southern wheat belt, recent official quotations show wheat costing under 70 cents a bushel.

Australians Urged to
Change Marital Law

SYDNEY, N. S. W.—The government is being urged to abolish the present system of marriage laws and to compel the parties to enter a civil contract before a registrar, regardless of any religious ceremony. Pro-

ponents of the idea also are urging that it be made an offense, punishable by fine and imprisonment, for any person to impugn the legality of such a civil contract.

The precedents of France, Italy and other countries are quoted in support of the scheme, which emphasizes the completeness of the marriage contract as made by the state and not by the church.

This Illinois Town
Plans to Grow Over
25 Million Roses

PANA, Ill.—This little city, which has been furnishing 14,700,000 roses to its sister cities of the United States yearly, will probably have increased its production to 25,000,000 before the end of this year, according to a survey made of the green houses now in process of construction here.

While there are 20 acres of rose growing ground under glass here now, the addition of 10 acres is contemplated, a large part of which is actually under preparation and upon which green houses are being erected.

While California leads in free growing roses, Illinois records show that this state is far ahead in growing roses for commercial purposes. There are 490,000 plants, each averaging 3 1/2 perfect roses a year at Pana. Three hundred and fifty thousand plants are under glass at Maywood, a Chicago suburb, while 200,000 plants are in bloom most of the year in Martin Grove, Illinois.

Filipinos Plan New
Home for Legislature

MANILA.—The Philippine legislature will have a new home in 1924, according to the director of public works. At present the senate meets in an old building in the Walled City while the house sessions are held in the Ayuntamiento building one block away, which is owned by the city of Manila.

The new building on Taft Avenue which will be used by both house of the legislature, was originally intended for the Philippine library, but it was decided the legislative bodies were in greater need of new quarters than the library.

The new structure, which is more than half completed, will be four stories high. The second floor will be

Softens
Wash-Water

Clothes wash cleaner and whiter, and last longer when you use RED SEAL Lye to soften the wash-water. Laundry soap goes a lot farther, too.

Thoroughly dissolve RED SEAL Lye in water before putting clothes in.

Keep RED SEAL Lye in the house; it has many every-day uses.

Write for booklet. Full directions in each can. Be sure and buy only the genuine RED SEAL Lye.

See "THE MAN WITHOUT A COUNTRY." Auspices American Legion. White's Theatre, Monday, May 14th. Matinee 2:30 at hour shown twice. Evening 7:30 and 9:30 p. m.

To the Citizens of
Greenville:

By this method I wish to express my appreciation of the splendid vote given me in the Primary Monday.

For whatever efforts I have made, for whatever I have tried to do, and for whatever I have accomplished for Greenville, you have made it worth while and fully repaid me by your unmistakable expression of confidence.

The confidence you thus reposed in me is an inspiration worthy of the best there is in any man, and I here and now pledge to you my best efforts to serve Greenville in a worthy capacity, commensurate with the trust.

Believing as I do in the inherent privilege of a free and untrammelled electorate, I am deeply grateful to those who supported my candidacy, while I hold no animosities or ill will towards anyone who saw fit to support my opponent.

In conclusion allow me to assure you, that while I am your Mayor, I am equally the servant of all of the people, all alike.

Gratefully yours,

D. M. Clark

Wednesday Afternoon, May 9th, 1923

DID YOU KNOW THAT— Asheville has a creamery? Why not Greenville?

It may be taken as an indication that industrial peace is settling over the country, when only nine strikes of consequence are reported.

Pitt County farmers are offered steady cash returns for products, if they will bring them to the curb market in Greenville. It will be ally opened next Saturday.

Best thing Harding ever did is to see that congress stays adjourned until next December. The country may enjoy peace and formally opened next Saturday.

COMMUNITY RECREATION CENTER APPEARS ASSURED

With the Rotary and Kiwanis Clubs working with the Chamber of Commerce, Women's Clubs and other local civic organizations the proposed community recreation center to be built adjoining the High School, is virtually a foregone conclusion.

With these combined forces behind an movement that obtains for the progress of Greenville, no such word as failure, is in their individual or collective vernacular.

The project is of such vast benefit that it is not believed that the slightest sentiment of objection will be raised by a resident of this city. The value of a community recreation center cannot be over estimated.

If the plans prepared by an expert are executed the natural oval will be converted into practical use and ornate beauty. The cost is negligible when compared to the spirit of better fellowship and understanding it will intensify throughout the community, not only among our young folks, but those of all ages. Greenville has not yet hit its full stride in the matter of all civic development. How-

ever, during the last few years, it has given fine evidence of casting aside the old order of talking about doing real worth while things, and is NOW DOING THINGS. It is the spirit of cohesive thought and determination that really counts in the expansion of any town or city. Team work and the pull-together method is the only way big achievement can ever hope to be realized.

A good many improvements have been brought about in this city that at first suggestion did not receive general support. Happily every objection was successfully pushed aside, with the result that numerous modern improvements are now enjoyed.

Once the majority of Greenville people set about to put over any specific plan they always succeed.

That is an encouraging criterion to measure our future slogan which might properly be "THERE IS NOTHING TOO BIG FOR GREENVILLE."

KEEPING MOTION PICTURES CLEAN

The motion picture industry is at last seeing the wisdom of cooperating with educators in the use of "movies" in the school rooms. The active heads of the industry may well give serious thought to the recent election in Brookline, Mass., in which a referendum was submitted to the electorate, asking whether motion picture theatres should be given licenses. Brookline has held out again, the picture form of entertainment for 1 years.

Voters said an emphatic "NO!" to the query.

It was developed that the objection was not to pictures or theatres, but to the type and kind of pictures commonly shown, which instead of educating or amusing, frequently exercised a debasing influence on the young.

This is motion-picture censorship with a vengeance! This is censorship against which there is no appeal. It is a case of "give us decent pictures or you don't get any business."

If there were more municipalities which refused theater licenses because of the wrong kind of pictures, there would be less cry for censorship.

In this connection let it be said that in Greenville this objection cannot be raised. Possibly no picture houses of the country consistently offer better high class programs than White's or the Strand to their patrons. When one attends a performance at either of these theaters it is always with regret that the show is over and with feeling that its theme has taught a wholesome lesson and given refreshing thought.

Greenville needs no censorship of its pictures. That is in the capable and zealous hands of the management of the two houses.

No fear need ever be entertained, under prevailing conditions, that motion picture amusement will deviate from the high standard that is being maintained here.

ASKS SOUTH TO HEAD U. S. MOVIE ACTORS FIGHT ON RADICALS IN SPREADING MOVE

SOT SPRINGS, Ark.—Wade H. Ellis, formerly Assistant Attorney General of the United States, addressing the annual convention of the Interstate Cottonseed association here appealed to the South to take the lead in combating the spread of radicalism. He told of communist efforts to incite the negroes to commit acts of violence.

"The most natural and appropriate section in which to start a counter-movement against radicalism in America," he said, "is in the southern states today. There are two reasons for this which are at once apparent. The first is the racial purity and political traditions of the Southern people. The second, is the fact that the south has only recently struck her stride in great industrial development, any interruption of her marvelous growth would be a calamity from which the whole world would suffer."

"The American spirit was largely born in the South. American freedom was won by Southern swords, and American destiny shaped by southern brain. The earliest leaders and presidents of the republic were all southern men—Washington, Jefferson, Madison, Monroe. The great expander of the constitution was the immortal John Marshall of the South, and the southern people have always been most passionately devoted to the ark of our covenant, the old traditions of Government established by the fathers."

"More than this, there is every where in the south a larger, more dominant strain of pure Anglo-Saxon blood, and this section of the country has been less invaded than any other by those alien elements which provoke disorder."

"There is nothing you can be about, no program of your convention, no discussion of ways and means to increase production or open new markets, or enlarge your plants, or facilitate credits, or insure good wages and reasonable profits, which remotely approaches in importance the duty of arousing and organizing the southern business men and the southern people generally against the mischievous and widespread movement in this country which imperils the perpetuity of our institutions."

Sees Farm-Labor Vote Big Faction

SYDNEY, N. S. W.—The Farmer-Labor Party, which came into being during the American presidential campaign of 1920, is expected to take an active part in the 1924 election, according to Parley P. Christensen, the party presidential nominee in 1920, who is here on a world tour.

He said that elections in the United States since 1920 "showed how the wind is blowing and, when 1924 comes along, you watch your smoke."

Judge Christensen left the United States in May, 1921, and since then has travelled extensively in England, France, Germany, Ireland, Italy, Russia, Finland, Egypt, the Balkans, Japan, China, Siberia and the Philippines.

LIKED IN FRANCE

PARIS.—"Movie" fan is coming forward as a dominant figure in French theatre life.

At first the French didn't take to the movies. More than anything else in the world the people of France like to indulge in conversation on worthwhile subjects, and at an average French dinner the foreigner who is shy on his French has a hard time following the conversational phrases of his Gallic friends as they are shot back and forth with amazing rapidity. And next to verbal exchange of thought the Frenchman loves to listen to a well written dialogue enunciated by competent French actors on the stage. That is why he didn't take to the movies. There was no dialogue—too much silence.

Then came the appealing movie message of American western life. The picturesque cowboy riding, the wide range of prairie, hill and mountain—the great human story of American life in the far west.

The Frenchman was captured by the American movie. His captivity became willing and he began making films himself. At first French-made films were wearisome. The episodes were too long drawn out. They lacked the snap and action of the American film. But now the Frenchman has learned that to hold his public he must make it short and snappy.

Oils From Lumber By New Process

BOGALUSA.—The Great Southern Lumber Company, which operates here the largest sawmill in the world, has proved to its satisfaction that turpentine, pine oil and rosin may be extracted from yellow pine lumber after it has gone through the sawmill, and in order that it may do so on a large scale, is spending \$70,000 for the necessary equipment. The process, perfected and patented by W. H. Mason, a chemical and mechanical engineer, involves two operations. Under one process, that of heating the cut lumber, one gallon of turpentine is extracted from every 1,000 board feet treated.

The second process involves the treatment of "pitchy" lumber. The lumber is placed in a steel retort, heated to the proper temperature, and turpentine then is used as a solvent in extracting the pine products.

A Wish

"I have taken Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak, too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She took three bottles of

CARDUI

The Woman's Tonic

and her condition was much better.

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard for us.

"I WISH I could tell weak women of Cardui—the medicine that helped give me strength to go on and do my work."

Take Cardui.

Greensboro, North Carolina.

MRS. PEARL LEWIS LEAVES FOR BLUEFIELD, WEST VA.

Mrs. Pearl Lewis left today for Bluefield, W. Va., to be at the bedside of her sister who is critically ill. Her friends will regret to learn that she was called home on such a sad mission and wish for her sister a speedy recovery.

GAZELLE HOUNDS LATEST DOG FAD IN LONDON

LONDON. — Fashions in dogs change almost as rapidly as women's dresses, and the latest fad amongst dog fanciers here is the Saluki, or gazelle hound, which experts predict will become even more popular than the Alsatian.

So far about a dozen specimens of the Saluki are in this country, but they have played an important part in the championships dog show at Holland Park.

The Saluki is the grey-hound of the East, his home being among the nomadic tribes of the Arabian deserts. The biggest breeder of Salukis in England is Mrs. M. Lance, whose husband, Brigadier Lance, was presented with two of the dogs by an Arab Sheik in Damascus two years ago.

Hoover Stresses Need of Confidence for Maintaining Progress

NEW YORK, May 9. — Herbert Hoover, secretary of commerce, discussed the economic measures needed for "holding on to prosperity" in an address by that name delivered here last night before the United States Chamber of Commerce.

Dealing with the present situation Secretary Hoover praised caution, stressed the need for confidence and courage as well, and marked emphatically the difference between caution and timidity. He stated that there is no comparison of the present situation with 1920. This is prosperity and can be preserved, that was a wasteful boom. Hoover outlined the essential economic differences between the two periods. To understand our economic position and take advantage of it, he said, "we must get our minds away from the notion that pre-war standards of living and volume of business would be normal now."

Bethel Man Named Officer of National Fraternal Body

DURHAM, May 9. — Members of the local fraternity of Chi Tau of Trinity college and a Lambda Sigma Delta of N. C. State college met here Saturday and formed the national fraternity of Chi Tau. This is the first Greek-letter organization with national aspirations to be organized in North Carolina. Officers elected at the meeting declared that plans had been made to establish chapters at Wake Forest, Carolina, and Davidson within the next scholastic year. A program of conservative expansion was outlined.

The Trinity chapter was designated as the Alpha Chapter and the State chapter as the Beta Chapter. National officers elected were: president, Henry Belk, Alpha chapter, Monroe, vice-president, H. D. Hamrick, Beta chapter, Ruth; secretary, W. S. Morris, Beta chapter, Wilmington; treasurer, W. J. Smith, Jr., Alpha chapter, Bethel.

London encourages Tourists.

LONDON. — American visitors to England may obtain information of a general nature, or expert guidance on special subjects, from the headquarters of the English-Speaking Union at No. 1, Charing Cross, overlooking Trafalgar Square, according to Alfred E. Johns, the executive secretary. Such service to visitors will be rendered either upon their arrival or in advance of the trip.

Moving Family Here.

County Agent Reeves left yesterday for Georgia for the purpose of moving his family to Greenville. Mr. Reeves who succeeded W. B. Pace some weeks ago as county agent has already won scores of friends in the county, and our people will be glad to welcome his family to our city.

Program Completed for Sudan Ceremonial Washington, May 17

WASHINGTON, N. C., May 9. — The official program for Sudan spring ceremonial at Washington, N. C., May 17, is now in the hands of Nobles. It fortells a busy time for everybody. The arrival of Potentate Raymond C. Dunn in May 16 will be the signal for the beginning of the interesting events. The city will be formally turned over to Sunda Temple. The public reception in the Elks Home will give every Noble and his better half an opportunity to meet the Potentate and Mrs. Dunn.

Next morning at 9:00 the novices will register and then for a few hours, they will have an opportunity to make their wills, if they so desire arrange business affairs and say good bye to their long hime across the hot sands. At noon the big parade will be the feature. Don't miss it. At 1:30 a luncheon for all—and don't miss this if you missed breakfast. After the luncheon, while the ceremonial takes place, the ladies will get on the big boat—but there will be lots of gaily painted and decorated launches and power boats for all, at any time of the day, so visitors from afar can be sure of a fine sail on the Pamlico river.

Ambitious Spaniards Heads Unigue Club

LONDON. — Antonio Martinez came to London 14 years ago from Seville, Spain, and went to work as a waiter. But he was a Spaniard with ambitions and ideals, and today he is the proprietor of the Spanish Club, an institution started in 1917 with \$750 of his saving. Now the club has 800 members, a third of them English, and it is housed in Cavendish Square. The club is a little bit of old Spain, and whenever King Alfonso comes to London he visits it.

Army of 500 for Luxemburg Duchy

BRUSSELS. The "Journal d'Esch" announces that the Grand Duch of Luxemburg is about to recognize its army. It is no longer to be regarded as a joke and treated as pretext for arraying a baker's dozen of good looking men in picturesque uniforms so that they make a bit of a show when the army is mustered for ceremonial occasions.

But it will cause no trembling among foreign potentates. The whole army will consist of only about 500 men, but they will be real soldiers and equipped as such. When the baby Grand Duchess was born recently, the necessary salute to herald the new arrival was fired with guns that had to be borrowed from France.

LAND SALE.

By virtue of the power of sale contained in a certain mortgage, executed and delivered by S. W. Erwin to John F. Crawford, on the 9th day of December, 1919, which mortgage was duly recorded in the office of the register of deeds of Pitt county, in Book M-13, page 21, the undersigned will sell at public auction before the court house in Greenville on Monday, the 21st day of May, 1923, the following described lands:

Lying and being in the town of Arthur, county of Pitt, being lots Nos. 4 and 5, in subdivision No. 2 of the Norman lands, containing six acres, and being the same land that was conveyed to John F. Crawford by L. C. Arthur and C. T. Munford. Reference to which is hereby made for an accurate description.
This is a re-sale of said land, the bid at the last sale having been raised.
This the 5th day of May, 1923.
J. F. CRAWFORD, Mortgagee.

MAYOR CLARK EXPRESSES APPRECIATION OF LARGE VOTE RECEIVED MONDAY

Elsewhere in this issue appears a quarter of a page advertisement of Mayor D. M. Clark in which he expresses his appreciation for the splendid vote received in the primary of Monday. In the discharge of his duties as the chief executive of the city, Mayor Clark has always been impartial in dealing with those appearing in his courts, and the manner in which he has handled the affairs of Greenville has met the approval of a majority of the people as was manifested in the confidence exerted at the polls.

ASCENSION DAY SERVICES OF BETHLEHEM COMMANDERY NEXT SUNDAY EVENING

Regular Ascension Day Services of Bethlehem Commandery Knights Templar will be held in Jarvis Memorial Methodist church next Sunday evening at 8 o'clock. The public is cordially invited to attend. All Sir Knights will meet at the asylum at 7 o'clock in full uniform without swords.

MR. W. L. HALL RETURNS FROM ROCKY MOUNT

Mr. and Mrs. W. L. Hall have returned from a Rocky Mount hospital where Mr. Hall went for an examination having been ill several weeks. His friends will be glad to know that the physicians stated that his condition wasn't serious and with the proper rest he will be able to return to work within the next few weeks.

AUXILIARY OF AMERICAN LEGION TO MEET THURSDAY

KINSTON BALL TOSSERS WILL BE HERE TOMORROW

The last baseball game to be played on the local diamond by the high school team, and probably one of the best of the entire season is scheduled for tomorrow afternoon at four o'clock when Kinston will be entertained.

The visitors should have come here on yesterday, but due to some unavoidable reason they were unable to be here.

Due to the fact that the local boys are behind in their finances because of the poor support given them this season by the baseball fans of the city, the attendance tomorrow should be large and help the boys make good their deficit.

CONCERT BY GLEE CLUB THURSDAY EVENING MAY 10

The annual concert by the high school Glee Club will take place Thursday evening May 10 at 8 o'clock. The public is cordially invited.

Paper Car Wheels On Pullmans Has Been Cast Aside

CHICAGO.—The paper car wheel that intrigued the imagination of America years ago, and which once served on every Pullman car, is now only a memory, according to the Pullman News.

The steel wheel has succeeded the paper cored wheel in every instance.

The public's idea, back in 1880, that the paper wheel's superiority was that the paper center would not be susceptible to the expanding and contracting influences of heat and cold was a misapprehension, as the real reason for its value lay in the deadening of sound under passenger cars, particularly Pullmans. It was successful for 25 years and then the all-steel wheel began to take its place, until today there is not a paper cored wheel on any Pullman car, according to the News.

In manufacturing the paper wheel common strawboard paper, such as butchers formerly used to wrap meat in, was needed. At first 16 sheets were placed together, dampened, pressed and baked. Three sections, or 48 sheets, were then pressed together and dried for from 30 to 90 days in a kiln.

Detroit Employs Over 200,000 Workers In Automobile Plants

DETROIT.—The industrial employees in Detroit in 1914 were employed in the automobile or allied industries. Today approximately two-thirds of the industrial employees here are working either in automobile plants or in factories closely allied to the automotive industry.

Officials of the Detroit Board of Commerce make the announcement to show the rapid growth of the automotive industry. At the same time it is recalled that during the same period the population of Detroit has more than doubled.

In 1921 Detroit had a total of 112,483 industrial employees, and of the number about 50,000 worked in automobile or accessory plants. Today the city has approximately 320,000 industrial workers, and of these about 205,000 are employed either in automobile plants or in establishments where parts of motor cars or motors are produced.

MYSTERY DEEPENS IN DEATH OF YOUTH

These body was found.

Goodwin Home.

When his parents separated, when he was a child Fred Carter was taken into the (Kent Connecticut) home of Rev. and Mrs. W. M. Goodwin. The Goodwins had, long before that time, adopted Jennie Barker, now a 32-year-old school teacher. The Goodwin died a few years ago, and Carter continued to live with Miss Barker, who wielded a strange influence over him, in the Goodwin home. A few weeks ago Carter, now 19, disappeared. Bloodstains were found near his home, and later a shotgun was found in the Housatonic River. A few days ago Carter's chum, Henry Gregory, shown above in a skiff, found his body in the river. He had been shot to death, but although shotmarks were found on his shirt none was found on his outer clothing. Altho some were inclined to the suicide theory no motive could be found, nor could the absence of shotmarks on his outer clothing be explained. Carter is shown here, with his graduating class, in the Kent High School.

You will live in a house used by someone else—why not a good automobile?

NO-NOISE TROLLEYS FOR TWIN CITIES

MINNEAPOLIS.—Minneapolis and St. Paul and suburban territories are to have virtually noiseless street cars in the not distant future.

After years of experiment, the Twin City Rapid Transit Company, which operates street cars in both cities and suburbs, has had its engineers build a trolley car that is free from most of the noxious noise attendant upon present day traction operation.

Work on the construction of the new car began when the motor, weighing about 900 pounds, was put on the market by large electrical equipment concerns to replace the old motor weighing 2,400 pounds.

The journal box, which on the old cars protrudes out from the wheel, will be replaced by a new spiral roller bearing placed inside and adjoining the wheel.

The new cars also have a rubber cushion over the spiral roller which supports the weight of the truck, the car and the passenger load, and they are a great factor as a noise eliminator. These cushions will carry a load of 48,000 pounds.

The trucks are also equipped with what is known as a swinging spring plank which enables the use of a combination of springs that take up the overload and are easily adjustable at all times.

Centenary First Singing of Noted Song Observed

NEW YORK, May 9.—The 100th anniversary of the first singing of "Home, Sweet Home," in Covent Garden, will be celebrated tomorrow on both sides of the Atlantic.

England has planned appropriate exercises, while the chief ceremonies in the United States will be staged at Easthampton, Long, and in this city.

The words of the celebrated song—incorporated in the opera "Clari, or the Sweet Maid of Milan"—were written by an American, John Howard Payne, who was born in New York City and spent his boyhood in Easthampton, where stands the old homestead which inspired the song. The music was composed by Sir Henry Bishop.

Suitable exercises will be held at the homestead, while in New York schools 900,000 children will chant the air, which later will be sung in front of City Hall by a selected chorus.

"Home, Sweet Home," which was placed in the second act of the opera, was popular from the start. It spread rapidly throughout the English-speaking world, bringing tears to the eyes of countless thousands.

Payne used to tell his friends that he caught the air from a little girl during a trip through Italy.

The words of the song, Payne said, came to him while he was a student at Union College in Schenectady, N. Y., when he recalled his boyhood days on the Long Island farm.

Contrary to the general belief, Payne was not a penniless wanderer when he wrote the words of the song. He was in Paris at the time, living in comfortable quarters with Washington Irving.

Born in a little red brick house in lower Manhattan, on June 9, 1791, Payne was the sixth child of William Payne, later principal of a school at Easthampton, and a Jewish mother. He spent the greater part of his early childhood in Easthampton in the old homestead which is still standing and open to visitors.

Gathenburgh Show Opened By King

GOTHENBURG, Sweden. — The Tercentennial Jubilee Exposition in Gothenburg will open with gala festivities which the King of Sweden and other members of the royal family attended. This exposition, which celebrates the three hundredth anniversary of the founding of the city of Gothenburg by the famous warrior-king, Gustavus Adolphus, has been in preparation for a number of years. It will present exhibits of Swedish development in industry and commerce, science and education, art and literature.

The first note in the festal opening tomorrow will be sounded by the church bells chiming throughout the city at seven in the morning. The royal train from Stockholm is expected to arrive at seven-thirty. Two hours later there will be Te Deum services in all of the churches, the cathedral being reserved for the dossal party and invited guests. At 11 o'clock the royal procession arrives at Gustaf Adolf's Square, where special commemorative services will be held, including the rendition of the first part of the Jubilee Cantata, composed for the occasion, and the placing of a huge wreath at the foot of the foot of the Gustavus Adolphus statue.

Women Active In Field of Invention U. S. Records Show

WASHINGTON, May 9.—Women are inventing everything from internal combustion engines and dirigible airships to voting booths and nose straighteners, according to a report to be issued in a few days by the Women's Bureau of the U. S. Department of Labor. This report is a study of the inventions made by women during ten years, as shown by the records of the U. S. patent office, and it uncovers an amazing variety of inventive activities among women.

In the ten years studied more than five thousand patents were issued to women. By far the larger number of these patents were concerned with household equipment and articles for personal wear and use, but other inventions covered the entire field of industries and professions. The records show that women have invented a large number of devices to facilitate work on farms because they have seen the hardships or the fatigue incurred by one or another method of doing things. The report contains many quotations from such women who told just what had led to the invention they had patented. One woman who had contrived a fertilizer distributor wrote that her invention had been brought about by "Yankee laziness, I reckon—I didn't like the idea of bending my back so much—hence the distributor."

NEGRO PRISONER FOR 40 YEARS A SLAVE

WASHINGTON.—The oldest employee on the retirement rolls of the government is Mark Thrash, a negro, of Rossville, Georgia, who, according to the Bureau of Pensions is 102 years old and has been in the federal employ for 28 years. He was retired last year as a laborer in the Chickamauga and Chattanooga National Military Park, at Chattanooga. He claims December 15, 1820, as his birthday.

Mark was born in Louisa County, Virginia, and for more than forty years was a slave the property of a Dr. Christopher Thrash. Way back in the "forties," Mark was sent with a gang to clear land on a plantation bought by his master in Meriwether county, Georgia, and there had many encounters with the Indians. After the Civil War Thrash went to Arkansas but returned again to Chattanooga, about the time the Central of Georgia railroad was under construction, and there he got a job.

Music Clubs Award 10 Big Cash Prizes

PEORIA, ILL.—Three of the 10 prizes offered by the National Federation of Music Club in its thirteenth biennial contests this spring, have been awarded, according to an announcement received here from the national chairman, Mrs. Edwin B. Garrigues of Philadelphia. In only three of the contests were the musical numbers submitted considered worthy of the award.

The three winners are: Carl Venth of Fort Worth, Texas, a \$600 prize for the most pretentious composition, the lyric-drama for which Robt. Francis Allen of Boston wrote the libretto "Pan in America." Irene Berge of Jersey City, N. J., a \$500 prize for chamber music composition founded on Cecil Fanning's poem "Spring in Sicily." Joseph J. McGrath of Syracuse, N. Y., a \$100 prize for the best violin solo.

Despite Scotch Plea King George Insists He Will Visit Pope

LONDON.—When King George goes to Rome in May he will, according to the program that has been prepared for him, call on the Pope. The announcement has prompted that eminently loyal patriotic and devout body, the Free Church of Scotland, to send a sort of "Round Robin" to the prime minister "respectfully" calling his attention to an ancient statute which prohibits the king from having any intercourse whatever with the See of Rome. Therefore, the Church of Scotland utters a "solemn protest" against the proposed visit to the avian taking place either next May or at any other time.

It is one of the fictions of English law that the King can do no wrong. He is supposed to be above the law. Therefore, if in defiance of an old law which most people forgot long ago the King should visit the Pope, the wrong would be done not by the King, but by his political master the Prime Minister, who allowed him to do it.

COLLEGE HEAD TO SPEAK IN ENGLAND

NEW YORK.—Nicholas Murray, president of Columbia University, will go to England this spring to deliver a series of lectures on the building of the American nation. He leaves New York May 12 and probably will return the latter part of June.

Dr. Butler will deliver his addresses on the Sir George Watson Foundation for American history, literature and institutions. In 1919 Sir George Watson, a successful English manufacturer, established a fund the income from which is to be applied to developing instruction in British colleges in American history, a branch of education which he had found to be neglected. The Duke of Connaught is chairman of the trustees of the fund.

Dr. Butler will speak in London at the Mansion House; at the universities of Cambridge, Liverpool, Manchester and Leeds in England; of Glasgow, St. Andrews and Edinburgh in Scotland, and of Cardiff in Wales.

Close Streets to Make Childrens' Playground

INDIANAPOLIS.—The closing of a number of city streets at certain hours of the day, so they may be used as playgrounds by the children, has been advocated by Captain Michael Glenn, head of the Indianapolis police traffic department.

Captain Glenn's recommendations have been placed before the city recreation department. He said several streets could be closed off traffic a part of each day when traffic was lightest, during the summer months. The suggestion has been taken under advisement.

ARCHAEOLOGISTS AT BAGDAD

NEW YORK.—The American schools of oriental research has announced that the long-contemplated school of Mesopotamian archaeology probably would be opened in Bagdad next fall.

Will Spend Millions On Highways in the Central States

CHICAGO.—More than \$180,000,000 will be spent on making new public highways or improving old ones this year in eight of the Central states, according to a survey of figures furnished by state officials in Illinois, Indiana, Kansas, Kentucky, Michigan, Missouri, Oklahoma and Texas.

The mileage of new and improved highways that are now being built or for which contracts have been let or will be let amount to 9,464. These states and the counties comprising them will furnish \$119,775,000 while the government will contribute \$31,385,000, making the actual figure to be expended on this work \$181,160,000.

In the matter of actual cash now being expended and allotted to be expended, Missouri leads with \$46,600,000. Missouri now has 1,877 miles of good roads and expects to increase this to the extent of 1,341 miles by December 31, 1923.

Texas leads in mileage of new and improved roads to be laid this year with an even 5,000 miles. This state will expend \$35,500,000 of state and county money and \$4,500,000 of government funds, making the grand total \$400,000,000 for improved road work.
