

The inestimable value of tuberculin tested dairy cows is not an experiment. Recent statistics disclose the spread of tuberculosis in several communities in Ohio and Indiana, directly attributable to the consumption of milk from infected dairy herds.

their herds tested to insure a milk supply free from contamination. To accept this proffer in the interest of public health is the duty of very owner of dairy stock. Aside from that outstanding fact, there is big economic and commercial return to the farmer.

Stock owners are practically insured against loss in instances where reactors are found. Pitt County health authorities, the County Agricultural Agent and farmers should get together on this vital matter.

GREENVILLE, N. C., FRIDAY AFTERNOON, MAY 11TH, 1923

BIG DAY PLANNED AT OPENING CURB MARKET MAY 12

Housewives to be Out in Force to Support Great Project

Everything is in order for launching the formal opening of the curb market in Greenville, in Forbes and Morton's warehouse tomorrow morning. Indications point to a successful initial day. For some time housewives have anticipated with interest the benefits which such a project will divide between producers and consumers.

During the last few days hundreds of letters have been sent throughout the county by H. L. Smith, secretary Chamber of Commerce, inviting farmers to bring their products to the market and realize ready cash. It is believed that a generous representation will be here.

Co-operation Needed.

It is pointed out that the success of the market will be primarily due to the co-operation that obtains between farmers and consumers. There is sound reason to conclude that this essential factor will be maintained.

As president of the Woman's Club of Greenville, Mrs. H. S. Ragsdale, took an active part in securing pledge of support among members of that organization. She has urged every housewife in Greenville as far as possible to attend the opening of the market. Here is what she thinks of the enterprise.

By Mrs. H. S. Ragsdale,

President Greenville Woman's Club. "I am deeply interested in the success of the curb market. I can see no reason why possibility of failure exists. It is a necessity of common benefit that Greenville needs and should support."

Women See Importance.

I feel confident that the women of Greenville recognize its importance, and speaking for the membership of the Woman's Club, I know they do. In order to give evidence of the proper spirit of encouragement, I trust that every housewife in our city will make it a point to visit the market tomorrow, and each succeeding day when farmers of the county bring their products here for our benefit.

Success of the project not only means that we will have a larger and better variety of country produce to maintain our tables, but it will serve as a splendid agency to bring together into closer relationship the people of the city and county.

Opening of Orange Crush Plant Draws Hundreds Visitors

Hundreds of people of Greenville and immediate vicinity attended yesterday the formal opening of the Orange Crush Bottling Company, which was in progress from noon until ten o'clock in the evening.

When the doors of the plant were thrown open there stood a long line of anxious waiters eager to taste of the products, which have won a national reputation as one of the choicest of soft drinks. The crowds continued to pour in and out all day, and many were so well pleased with the new beverage and the general hospitality accorded them by the management, they returned for their second visit. Many favorable comments were heard as to the modern equipment and the absolute sanitary surroundings.

While no exact count was kept of the drinks served yesterday, the management states that hundreds of gallons of the popular drink were dispensed. And today the local dealers were receiving steady calls.

CHILD AUTO VICTIMS ATTEND TRIAL OF SPEEDERS

A novel way to impress upon automobile speeders the results of their joy rides was used in Detroit by Judge Charles L. Bartlett. Thirteen children, all of whom had been seriously injured by reckless motorists, were seated in the jury box, while Judge Bartlett tried 180 automobile drivers accused of speeding or driving while intoxicated.

INVINCIBLE BROWN HOLDS KINSTON HIGH TEAM TO SCORE 13-1

Visitors Never Had a Chance Against the Local's Fast Work

With the invincible Zeno Brown twirling the best game of his career on the mound, and with the heavy wielding of the stick, the Greenville High defeated Kinston here yesterday afternoon by the overwhelming score of 13 and 1.

From the first call of the umpire to play ball, Greenville entered the contest with that "old pep" that will always win. In the initial inning, West the first man up singled, Bilbro was given a free pass, but was out attempting to steal second. Jenkins singled filling the bases. Galloway with a line drive to center for three sacks cleaned the paths. With the exception of two or three frames the local players continued their timely hitting, which resulted in an easy victory. The visitors only score was made when Jenkins allowed a thrown ball to get through him.

There were several features during the progress of the game, but the principal of these were the superb pitching of Brown who allowed only one clean hit and fanned sixteen of the opposing batsmen, and the hard hitting of Galloway, West, Bilbro and Taft, each of which batted 500 and better.

For Kinston, Hart at second base and Forbes at the receiving station played a good game in their respective positions.

Following is the story in detail:

Greenville	A	B	R	H	E

Sees Early Release of all Captives Held By Chinese Brigands

SHANGHAI, May 11.—United States Minister Schurman, who arrived here with his wife and niece announced he expected to hear that the Suchow train bandits had released all their captives. The most important factor in obtaining their release, he said, was the withdrawal of government troops which had been pursuing the brigands to their stronghold. This, he added, was being carried out to such an extent that negotiations with bandits could proceed.

Success in the negotiations to ransom the foreigners held captive by Chinese bandits in the mountain fastnesses of Shantung was indicated when a dispatch from Peking announced the release of Roland Pringer, Jr., and Robert Allen, Jr., sons of Majors Pringer and Allen, U. S. A. The officers, however, still were held, at latest official advices.

Official advices received by the state department at Washington from the Peking government stated that the attacks by Chinese troops against the bandits had been ordered stopped to prevent any possible injury to those still held.

WILL INSTALL NEW PASTOR ON SUNDAY

Next Sunday evening a commission from Albemarle Presbytery will install the Rev. W. S. Harden, pastor of the local Presbyterian church with appropriate exercises. Rev. Daniel Iverson, pastor of the Presbyterian church of Tarboro will preside and preach the sermon. Rev. J. N. H. Summerrell of New Bern, will propound the constitutional questions and charge the pastor, elder J. B. Sparrow of the Washington church will charge the people. The whole will be concluded with a welcome by the people at the end of the service.

Every member of the church is expected to be present and assist in the service. Visitors will be welcomed to this service. It should prove attractive as the ceremonial is unusually impressive.

Promote Summer Art on Vacant Lots

NEW YORK.—Community art centers in country schoolhouses, deserted during the summer vacation period, are advocated by David Mays, a musician of this city, who urges the organization of art clubs with headquarters in the empty school houses for more widespread knowledge and enjoyment of art. Such centers, he says, would provide not only for the study of music, sculpture, painting, etc., but also give opportunities for wider companionship.

Spruill 8; Hit by pitcher, Forbes, by Spruill. Umpires, Kittrell and Corey. Time of game 1 hour 42 minutes.

MEDICAL SOCIETY IN SPLENDID MEET HERE LAST NIGHT

Tri-County Medical Society to Hold Meeting in June

The Pitt County Medical Society held its regular monthly meeting at the Wayside Tea Room last night with a large number of members in attendance. The interesting program was featured by a splendid paper by Dr. Cecil Garrenton, of Bethel, and appointing a committee to look after plans for helping and improving the county health department. Drs. A. M. Schultz and B. McK. Johnston, hosts for last night's meeting, received and welcomed the guests in their usual courteous manner and the session proved most helpful and inspiring.

After supper, which was served by the ladies of the Eighth Street Christian church, the following answered the roll call. Drs. Mark Frizzelle, G. G. Dixon, W. H. Dixon and Riddick, of Ayden; Drs. Cecil Garrenton and Henningway, of Bethel; Dr. D. S. Morrill, of Falkland; Dr. H. P. Moseley, of Farmville; Drs. W. W. Dawson, and Cecil Whitfield, of Grifton; Drs. C. O'H. Laughinghouse, P. J. Chester, L. C. Skinner, K. B. Pace, Joe Dixon, J. C. Greene, B. McK. Johnston, C. J. Ellen and A. M. Schultz.

The following committee was appointed to look after plans for helping and improving the county health department, Drs. H. P. Moseley, Joe Dixon, G. G. Dixon, L. C. Skinner, and Mark Frizzelle.

Dr. Garrenton read an interesting and helpful paper which was thoroughly enjoyed by all present. The next meeting will be held in connection with the Tri-County medical Society, composed of Beaufort, Martin and Pitt counties. Papers will be read by Drs. C. O'H. Laughinghouse and W. H. Dixon.

Every member is looking forward to this meeting with much interest as it promises to be one of the best of the year.

KIWANIANS GIVE BOOKS TO LIBRARY

The library commission and the public are indeed grateful to the Kiwanis Club for a donation of a large number of books of fiction. The gift shows that the Kiwanis Club is deeply interested in the library and also that they are desirous of giving to the patrons of the library interesting and helpful books. The complete list will be published at a later date.

Splendid Program to Feature Closing of Winterville Schools

Next week will be commencement week at Winterville. The exercises will begin Tuesday evening, May 15, when Dr. W. P. Shamhart, of Greenville delivers the annual sermon. On Wednesday evening the program will consist of a recital by members of the music class and an opera by the primary grades.

The exercises of Thursday evening will be in charge of the grammar grades. Friday will be commencement day proper. The exercises will begin at 11 a. m. with an address by R. L. McMillon, Raleigh. At 2:30 there will be a debate by representatives of the McNeill Literary Society and in the evening the high school play will be given as the concluding number of the program.

The public is cordially invited to attend all these exercises.

SOVIET DELEGATE SLAIN AT PARLEY

LAUSANNE, May 11.—M. Vorovsky, an unbidden guest from Soviet Russia at the Lausanne conference, lies dead, slain by a Swiss, formerly an officer in the Russian service, and two of his lieutenants are seriously wounded, each with two bullets in his body.

One of the wounded is Hermann Ahrens, a Bolshevik from Berlin, who was the Russian press agent at both the first and second Lausanne conferences; the other is J. Didwiczki, Vorovsky's young Russian secretary.

The assassin, Maurice Alexander Conradi and whose home was in the Canton of Grisons, was seized immediately after he shot the three Russians while they were dining at the Hotel Cecil, headquarters of the Russian delegation.

Most of the guests in the dining room had finished dinner when the assassin drew his revolver, and advancing quickly, fired upon the Russians. The first bullet struck Vorovsky behind the ear. He fell across the table and uttered no word; probably he died immediately. He was struck by other bullets also.

Quimet Eliminated In Semi-Finals of British Golf Play

DEAL, May 11.—Francis Quimet, Boston, last survivor of visiting American golfers was defeated in the semi-final round of British amateur golf championship tournament by Roger Wethered, Oxford star, two to one.

COTTON TAX GOES SUPREME COURT

RALEIGH, May 11.—The Supreme Court will probably be called on to decide how the tax is paid on cotton in the hands of the North Carolina Cotton Growers Co-operative association.

The directors of the cotton association and their attorneys decided yesterday to advise members of the association to list their interest in the cotton on hand as personal property, as they have been doing. Advances totaling nineteen cents a pound have been made on all cotton in the hands of the association; and the interest of each member in the remaining cotton can be computed, it was stated, by figuring the value of cotton as of May 1 delivered by the association and deducting the amount received from the association as advances.

Aggressive Program Policy New Officers Chamber Commerce

BIDS FOR EASTERN CAROLINA SHOW TO CLOSE ON MAY 20

Lively Rivalry Among Cities for Exposition Now On

As the time grows near for receiving bids for next year's Eastern Carolina Exposition, interest seems to be increasing in several towns. Reports have come to the officers in Goldsboro, to the effect that many towns are having meetings with a view of getting ready to enter in the bidding. May 20 has been set by the executive committee of the Eastern Carolina Chamber of Commerce, as the last day for receiving sealed proposals. Immediately after the 20 the committee will have a meeting and award the next year's big show to the best bidder. All bids should be sent to N. G. Bartlett, secretary, Goldsboro.

At the next meeting of the executive committee, the time will be set for the Exposition and plans will be laid for staging by far the biggest event ever in this state.

"We are now at work, planning how we can make the next one more attractive than the first we held" said Geo. C. Royall, president, when asked what he thought of the next year's prospects.

It is a money maker for the town that gets it" was the comment of Secretary Bartlett, after having heard expressions from the "Wilson merchants" after the big show ended.

Value as Advertising Medium. As an advertisement for Eastern Carolina, it can't be excelled. Visitors were in attendance at Wilson from the State of Washington and made contracts for products that they did not know were produced in this section 200,000 pieces of literature were sent out to all parts of this country, and every piece carried "Eastern Carolina" on it. Thus calling attention to this wonderful section.

Soviets Release British Trawler

HULL, Eng., May 11.—Owners of the trawler James Johnson, seizure of which recently occasioned protest from Great Britain to the Russian government, received word today from the skipper stating that the boat had been released by the Soviets, and is now at a Norwegian port expecting to sail homeward.

Harvey Denies Talk Of Campaign Head

NEW YORK, May 11.—George Harvey, American ambassador to Great Britain, declared here today upon arrival, that he knew nothing about reports he had resigned or planned to resign, in order to direct the campaign for the renomination and reelection of President Harding.

Woman's Federation May Extend Scope

ATLANTA, May 11.—The proposal that the General Federation of Woman's Clubs become a foundation with an endowment of \$2,000,000 or \$3,000,000, will be laid before the biennial council session, it was said in official quarters today. The foundation would carry on more extensively federation work in various campaigns.

Determination to adopt and carry forward an aggressive policy of achievement was voiced by the new officers of the Pitt County Chamber of Commerce elected last night.

These officers were named: President, D. L. Turnage; Vice-President, J. R. Turnage; Second Vice-President, John T. Thorne; Treasurer, J. H. Waldrop; Secretary, H. L. Smith.

The meeting was characterized by an atmosphere of snap and enthusiasm among the directorate and newly elected officers. In order to firmly establish the proper team work and co-operation it was decided to meet at least twice a month. Officers and directors pledged those dates would hold open for the benefit of the various projects now under way and others contemplated.

See Need of Work. It was patent that officers and members recognized the needful program that must be fulfilled during the next year, and further, that it could not be accomplished without the individual and collective support of every member. This expression was unanimously tendered to President Turnage and Secretary H. L. Smith.

Importance of intensive development of the poultry and live stock industries was informally discussed. One member remarked that the charts displayed in the offices of the Chamber showing the substantial returns obtained in live stock alone were worth studying and the facts disclosed should be broadcasted throughout the county.

Big Benefits Seen. If the sentiment diffused at the meeting is to be taken as criterion Pitt county has every reason to feel that the next few months will witness a program of development initiated that will bring diversified benefits.

While President Turnage is the youngest member ever elected to head the organization, he has all the requisites that make for an able, far visioned executive.

No time will be lost by Secretary Smith, in submitting a program of urgently needed projects for the approval of the organization, he stated today.

Regal Banquets Do Not Charm Wales

LONDON.—English hostesses who have been vying among themselves to have the popular Prince of Wales dine with them have been dismayed to find that His Royal Highness has very abstemious tastes and eschews all except the simplest dishes. One of London's most aristocratic and wealthy families set a regal banquet before the prince lately, only to find that their guest pined it all by and chose a plate of cold ham and beans.

English physicians attribute the prince's good health to his frugal diet, abstention from all rich, highly seasoned dishes, especially flesh foods much outdoor exercise, and a cheery, optimistic disposition.

Friday Afternoon, May 11th, 1923

DO YOU KNOW—

That Pitt County's tax rate can be lessened by increased exports and decreased imports?

President Harding, suddenly changed front on his proposed World Court plan when he was informed that Senators "Bill" Borah and "Hi" Johnson were getting into their oratorical togs.

WHERE SUGAR GOES

Why so much talk about the high price of sugar? Every one knows sugar is the base of all moonshine whisky. Everyone also knows that from Canada to Mexico, from the Atlantic to the Pacific oceans, there are several thousand Americans engaged daily and nightly in the lucrative business of moonshining.

In the manufacture of this special variety of liquor, grains and fruits are only helpers. Everybody also knows that booze made from sugar is not poison, or this country would have been largely depopulated by this time.

Thousands of purchasers are buying sugar in 100 to 1,000 pound lots, that five years ago did not buy 100 pounds in 12 months. Just recently a man in Richmond wanted a half car load at once, but the dealer was afraid to let him have so much at one time. He has been buying in smaller quantities since.

This man was not a candy maker. The dries have the law they worked for. The wets have whisky in large or small amounts, according to demand.

The deplorable part of the situation is that the taxpayers carry the burden of it all.

ANOTHER HARDING MISTAKE

If President Harding believes that the tariff's commission exoneration of the republican tariff and the department of justice's flourish in the direction of stock jobbers and profiteers will mollify the public and soften popular resentment against his

administration, he is nursing a serious delusion.

This is clearly indicated by the attitude of hundreds of manufacturers, who contend that a reduction of the tariff on sugar by half—the only resource open while congress is in adjournment—or lower, it further or remove it altogether, should have been ordered by the president under the authority given to him by the "flexible" provisions of the Fordney-McCumber law.

Harding is being severely criticised in many quarters for not adopting this course.

This is just another instance of the constantly multiplying mistakes that the administration will never be able to explain to the satisfaction of the people, regardless of politics.

THE RIGHT SYSTEM—AMERICANS FIRST

Major General J. G. Harbord, of the A. E. F., now president of the largest world's radio concern, believes American opportunities should be held open first for American citizens. He has just announced:

"Our charter requires all elective officers to be American citizens, and we are extending this requirement to include all of our organizations. Any who do not want to be naturalized are at liberty to leave. It is only reasonable that those who are enjoying the privileges of advantages of inhabitants of this country should assume the responsibilities of citizenship."

General Harbord, giving further emphasis to this announcement has prohibited the future employment of noncitizens by his company unless by special permission by him. It is safe to assume that the General will not issue any dispensation order, if there is any possible way to avoid it.

Action of this company sets a splendid example. One well worth emulating by other commercial and industrial enterprises—especially the powerful steel industry.

Until Americans give tangible evidence that they will not accept the opportunities proffered in our business life, it will then be time enough to look to foreign nations to furnish the man energy for its successful development.

GOOD ADVICE

The Bookman editorially advises ambitious young writers to keep away from New York city.

It is good advice. The most of them wish to flock there in the belief they will have a better chance of recognition and also they will get an inspiration impossible anywhere else.

They are mistaken. If they even write anything worth while during their stay it will be based on what they learned before they came to the city, and the probabilities are that they would have written it better if they had remained at home.

EIGHT REMAIN IN STATE HIGH BASEBALL CONTEST

CHAPEL HILL, May 11.—The 54 high school baseball teams which entered the competition two weeks ago for the State high school baseball championship in the contest as conducted under the auspices of the extension division and the general athletic association of the University of North Carolina have now been reduced by the process of elimination to eight surviving teams, all of these being champions of their respective groups, four in the east and four in the west.

It's a play that leaves a pleasant taste and one that sort-o' takes your mind away from daily cares and work. What is? "Katcha-Koo." Don't fail to see it and at the same time help a worthy cause.

GLEE CLUB GIVES ANNUAL CONCERT AT HIGH SCHOOL

Program Consisted of Several Interesting Numbers

The Glee Club of Greenville High School scored a success last evening when it presented its annual concert in the High School auditorium. The program was well balanced and all the numbers showed careful training received by the Glee Club under the direction of Prof. Mullberger. Featured on the program were a number of solos, quartets, and instrumental selections.

The program was well received by the large crowd in attendance. As a result of the showing made by the Glee Club Prof. Mullberger and other members of the music department of the High School feel well repaid for the time which has been devoted to the training of the club.

The program was as follows:
Chorus—Awake, Marzo.
Quartet—Last Night, Kjerulf.
Miss Lois Haskins, Miss Mildred Baker, Mr. James Barber, Mr. Vick Forrest.

Chorus—O He Carita, (Venetian Boat Song), Reginald de Koven.
Solo—Just Owearyin' For You, Jacobs-Rond.
b.—Because I Love You Dear, Hawley—Miss Aleene Critcher.
Chorus—Geisha Dance, (Japanese), Marzo.

Solo—Tis Spring, Ware—Miss Emma Mallison.
Chorus—The Wind and the Sunbeam, Hawley.

Solo—Op' Car'lina, Cooke—Ola Forbes and Glee Club.
Chorus—The Minuet, Marzo.

Trio—Three Little Maids From School—Sullivan—(From the Opera Mikado.)

Solo—A May Morning, Denza—Miss Helene Higgs.

O Sole Mio—E. di Capua—High School Orchestra, Miss Bass director.

Solo—Hiawatha's Journey, Wilson—Mr. J. H. Rose and Glee Club.

Mr. Mullberger at the piano.

The members of the High School Glee Club are:

Bessie Louise Albritton, Huldah Albritton, Elizabeth Andrews, Elizabeth Austin, Priscilla Austin, Mildred Baker, Irene Conklin, Verna Dare Corey, Lucile Duke, Mattie Evans, Nannie, Evans, Elizabeth Edwards, Ella Fleming, Mary Ruth Fleming, Alice Foley, Jane Hadley, Esther Hardee, Janie Gold Hardee, Lucile Hearne, Elizabeth Holton, Ruby Hazel Jackson, Mable Jones, Eliza Laughinghouse, Helen Mattocks, Mildred Mattocks, Elizabeth Mathews, Frances Norman, Lillian Glen Nelson, Gertrude

Oakley, Florence Overton, Hester Phelps, Louise Phelps, Alyce Powell, Helen Powell, Frances Porter, Edith Quinerly, Ramona Ray, Betty Rouse, Charlotte Starky, Willie Snell, Corinne Tucker, Mary Louise Tucker, Lilie Whitchard, Willard Whitchard, Effie Mae Winslow, Elsie Zahinzer.

SENIORS WILL PRESENT THEIR ANNUAL PLAY AT SCHOOL TONIGHT

The graduating class of the Greenville High School will present their annual play this evening. The dra-

matic talent in the class has been carefully coached by Miss Frances Dwight of the high school faculty and the play promises to be a great success.

The play will be given in the high school auditorium and the curtain will rise promptly at 8:15.

Deeds of Transfer.

The following deeds of transfer have been filed since last report:

SAM JOHNSON SAID:
"Life admits not of delays; when pleasure can be had, it is fit to catch it. Every hour takes away part of the things that please us, and perhaps part of our disposition to be pleased." It also takes away part of our chance to be insured. Delay is even more fatal in insurance than in pleasure. 74th year.

AUTO BIG AID TO CRIME, FIGURES OF SURVEY DISCLOSE

CHICAGO.—The motor car of today, in the hands of thieves and robbers, has far outstripped the stogie of pioneer days as an aid to crime, says the Chicago Crime Commission in its latest bulletin.

While the horse thief in the days when justice was stern and swift might see himself dangling from a halter, the auto criminal has a different mental picture in the event of capture, according to the commission. His modern view includes arrest, release on bond, conferences in the well furnished offices of the criminal lawyer, trips to court, delays, possible conviction, a new bond, appeal to the supreme court, the "fixing" of witnesses and escape.

Motor cars were a factor in 355 felony cases in Chicago in 1922, the commission points out, but the criminal court increased the percentage of defendants penalized in 1922 to 97 per cent, as compared to 25 per cent in 1921.

Ninety percent of Chicago robberies, in the opinion of these experts, are preceded by the theft of an automobile, and in 1922, 2,007 robberies were committed. These involved 115 defendants charged with robbery with a gun in cases where automobiles were taken from their possessors. Of these 115 only 12 suffered penalties, seven going to the penitentiary, four to the reformatory and one to the house of correction.

BOARDERS SOUGHT BY TITLED WOMEN

LONDON.—One of the significant signs of the times is the number of titled women who are taking boarders because they are hard up. They are advertising for them, too, but they do not call them "boarders."

They refer to them as "paying guests"—a term which, it is said, has not yet obtained currency in America.

There is no real difference between "boarders" and "paying guests" except that the latter are charged more. Boarders are regarded as quite vulgar, while paying guests are assumed to be people of some social position.

One titled lady advertises that she has a wide circle of titled people among her friends and acquaintances to whom she will introduce "paying guests" and that nobody will know they are not her own particular friends. It is added in the advertise-

ment that "liberal terms" are "expected." "A lady of title," runs another advertisement, "will accept the chaperonage of a few young ladies of good breeding for whom she will guarantee 'exceptional social advantages' and 'will organize dances, parties and entertainments.'"

This Prankish Dog Regular News Thief

WINNIPEG.—The culprit who for a month has been stealing morning

papers in Armstrong Point, an exclusive residence section of Winnipeg, has been found.

A careful search was organized by delivery boys and district managers of newspapers, who resented the charge that they had been negligent in the performance of their duties.

The culprit is "Colonel"—possessor of a black fur coat, twinkling eye, stubby trail, a bark and a nose for news. He was arrested, spanked and released, after he had been seen snatching freshly delivered newspapers and burying them.

India Opposes Salt Tax.
DELHI, India.—The new tax on salt, proposed as a means of removing the deficit in the Indian imperial budget, is meeting with general opposition on the part of Indian legislators and their constituents. The bill now being sponsored by the administration provides for doubling the present tax.

Radio to Replace Signal Gun.
LONDON.—Trinity House authorities, who have charge of lightships and lighthouses around the coast, have decided to fit all important lightships with wireless apparatus, thus displacing the signal gun which has been used for so many years to call the lifeboat or warn ships of their danger.

There are 150 people engaged in making Katcha-Koo, which will be presented here next Tuesday evening. 11 ft

Lake Superior Course Defended by Powers

DULUTH.—Duluth, the home of Walter Hoover, world's champion sculler, and of several national and international championship crews, has one of the best rowing courses in the United States. This is the contention of officers of the Duluth Boat Club, who have been aroused by persistent news reports from east based on the reported statements of Paul Costello, national sculling champion, that the local course was on Lake Superior and was "rough" for the proposed Philadelphia gold challenge cup race between Hoover and Costello here June 8.

The local club wants it to be known that the Duluth course is inside the harbor, protected from the lake gales by Minnesota Point. There is no current to speak of, they said, and the only time the harbor side of the point is rough is when occasional strong west winds blow.

CALL 475 FOR CHOICE NATIVE and western veal. Prices right. Williams and Waldrop. 11 1t

TRY WILLIAM'S WESTERN STEER steaks and roasts. Prices right. Phone 475. 11 1t
