

At a recent meeting of the Pitt County Chamber of Commerce Secretary H. L. Smith, explained to the directors a plan he is working out to attract some of the high class, well financed, Danish, Dutch, Swiss and Norwegian farmers and live stock breeders coming to this country to settle to look Pitt County over.

farming and livestock development is a far cry from the truth. What we need is specialists who have records of achievement to set the pace by actual demonstration to prove to our farmers that intensive agriculture can be made an all season, profit earning business.

They must do more, if the plan is to carry. A fund for publicity should be provided, as other sections of the nation are doing, to sell our resources abroad. The Chamber of Commerce has small right to believe that Pitt County will ever develop any faster than the men behind that body care to MAKE it.

VOLCANO DESTROYS MILLION IN CROPS, BIG AREA MENACED

Huge Lava Stream Pours Destruction; Lives Threatened

CATANAN, June 1.—Mountana is active again today and several eruptions during last night were heralded by loud explosions, followed by streams of lava that overran vast acreage of cultivated fields and woods.

The railway station at Castiglione was destroyed and the railroad is obstructed. Great streams of molten lava 300 metres wide threaten great disaster and suffering throughout the district about Linguaglossa.

LONDON, June 18.—An exchange telegraph dispatch quotes an unconfirmed message received by Naples newspapers to the effect that the town of Linguaglossa, has been destroyed by lava from Mountana.

Cuba Will Oppose Move Against Oasis

NEW YORK, June 18.—There is no reason to be alarmed or elated that we attend the conference against alcoholism at Copenhagen, said Augustin Goytisol, spokesman for the Cuban delegation to the convention which arrived today on the steamship Pastores.

"Cuba will remain an oasis for a long time," he said. "The people want it that way. However, the government was instructed to send delegates to the convention and we are on our way."

Dressmakers Shortage In U. S.; Survey Shows

SCRANTON, Pa., June 18.—In the opinion of the country's chief department store executives, American women are suffering from a shortage of dressmakers. This fact was revealed a few days ago by a questionnaire sent out by the Woman's Institute of Domestic Arts and Sciences.

Executives of the largest department store in the country's principal cities were asked whether there was a shortage of professional dressmakers in their community. One hundred and thirty-three replies were in the affirmative. The existence of a shortage was denied by 58 executives, located principally in New England cities.

The shortage of dressmakers was found to be general from coast to coast with the exception of four New England states.

Valena Abandons Hope of the Election Contest

DUBLIN, June 18.—Eamon de Valera, in a statement today says the people of Ireland will not be called upon to decide between the Republic and the Free State at the coming elections, there being no chance of fair play for the Republicans.

The Republican government, the statement said, would issue no decree, but the Republican political party might present one candidate in each constituency to enable the people to demonstrate their choice. If elected, such candidates would refuse to take the oath of allegiance to a foreign king.

RENDERS JUDGMENT OF SOLOMON

Judge Joseph David, in Municipal Court, in Chicago was forced to render the judgment of Solomon when he awarded to Mrs. Julia Warzna Pritylski the custody of 5-year-old Leona Felicia Warzna and pronounced her the real mother of the child.

FOOD SHORTAGE RUHR DISTRICT ALARMING, FRENCH SEIZE ROADS

ESSEN, June 18.—The seizure by the French of 175 locomotives and 2,000 freight cars on branch lines between Uortmund and Essen, thus virtually completing French control of all Ruhr transportation lines, is menacing the food supplies. The situation at Dortmund and Bochum and other points is growing more serious each day, as a result French action.

INTEREST GROWS IN BARGAIN ARRAY IN COMMUNITY SALE

As the dates for the Greenville and Pitt County community sale approach interest grows acute among buyers over the resplendent choice of bargains that merchants will offer. The sale opens next Thursday and will continue until Saturday.

The group of Greenville business concerns that are sponsoring this merchandizing event are bending every effort to make the sale replete with attractive goods, at reduced prices. It is understood that practically every line carried will be represented only during this special selling period.

DO YOU KNOW THAT
—In CIVIC WORK some people sit around and find fault while others work?

SMALL HIGH SCHOOL DISAPPEARING
Costs of education are mounting.

A higher percentage of the population is being enrolled in high schools yearly. Each year more communities are demanding opportunity for their children for a good high school training. The people are demanding that the high schools offer a wider range in courses of study so that the interests of students having other than college preparatory aims be met.

Can we finance the program? We can through elimination of the small high school. We cannot if we attempt to maintain effective high schools for 15 or 20 pupils.

Cities maintain effective high schools at per pupil costs within reason, simply because they have large numbers of pupils. Union high schools in the west offer country children as good facilities for high school training as the best of our cities at reasonable per pupil costs because schools serve large numbers of pupils. Many country high schools in the south are providing good facilities at a reasonable cost for the same reason.

Where the small district attempts to support a high school for a few pupils the cost

is prohibitive. Two high schools in a western state reported per pupil costs of over \$1000 per year for 1921. The country cannot finance such a program as this.

Careful organization in the interest of economy as well as effectiveness is becoming more and more a necessity.

Larger units of support must displace the small district high school.

USE AIRPLANES TO CHECK WEEVIL

At a conference with churchmen held in the war department at Washington, General Pershing said: "In the army we are exceedingly anxious for a more practical application of the fundamentals of religion in all of the affairs of men."

The same day Governor McLeod of South Carolina called upon the people of his state to unite the next Sunday in imploring Divine aid in the battle against the boll weevil.

In the air service high ranking officers, with no intent of irreverence, declared that the airplane like the church can do a work for God, particularly in checking the devastation of insect-pests—an experiment that has proved its efficiency.

Sufficient airplanes and the poisonous sprays were all that are needed for a war of extermination upon the boll weevil, said the authorities, who are anxious to make a complete test along the successful line of spraying experiment.

"ENOUGH"—WHY SUCH A NAME?

An Indiana man has named his fifth son, "ENOUGH." This name was evidently prompted by anger, though the father does not realize how ridiculous such a name will make this boy feel in the years to come.

Put this down. There is little doubt, but that in growing up little Enough will give his father trouble enough to fully avenge the heritage of such an outlandish name. We hope so.

An attempt was made to describe to a celebrated naturalist at Washington the snake that menaced Ben Edwards' fishing party. He informs us that it is a rare specimen known as the Calyzistudivks—whatever that is. Anyway, the name is rare enough.

Talks on Osteopathy

By DR. F. FITTS

AN EXPLANATION OF OSTEOPATHIC ADJUSTMENT

Spinal adjustment originated with Osteopathy. It is still the corner-stone of this science.

But spinal adjustment is not sufficient to all. Important as its part in the vast majority of cases, there still remains those in which diet, environment, mental distress and habit must be dealt with.

Osteopathic adjustment includes the care of all these.

The services of the Osteopathic physician include everything necessary to restore all factors involved in the individual problem to a normal basis. From this restoration, Nature proceeds to health.

Do not be misled by the many popular presentations of limited adjustment.

The true physician must reckon with every factor that enters into the case before him. Such is the service Osteopathy renders.

E. A. LATHAM APPOINTED AS TRAFFIC OFFICER BY COUNTY COMMISSIONERS

E. A. Latham of Ayden has been appointed by the board of county commissioners as traffic officer on all the hard surfaced roads of Pitt county. Mr. Latham began his duties today. His authority is all that of a sworn deputy sheriff, any where within the county of Pitt.

In the placing of a traffic officer on the hard surface roads of the county, the board of commissioners desires are that the traffic may be controlled to where it may be safe for travelers, rather than any desire to arrest or penalize any person violating the traffic laws.

MR. J. S. TUNSTALL'S CONDITION VERY CRITICAL

The many friends of Mr. J. S. Tunstall, who is critically ill at his summer home in Swannanoa, will regret to learn that his condition is gradually growing weaker and little hope is entertained for his recovery.

Mr. Tunstall has been in declining health for the past several months and went to the mountains hoping for an improvement.

His loved ones and friends are very anxious concerning his illness, and wish for him a speedy restoration to health.

Mr. C. D. Tunstall left this afternoon to be at his bedside.

"JAZZMANIA" IS MAE MURRAY'S BEST

Beautiful Production and Novel Story Make It a Certain Hit.

Mae Murray has done the best work of her photoplay career in her latest Metro picture, "Jazzmania," presented by Robert Z. Leonard at White's Theater Thursday. The amazing versatility of this gifted screen star was never more fully evidenced than in this film, and it is by all odds the most popular and entertaining of her pictures.

"Jazzmania" has everything in it. As a matter of fact, it is more than one photoplay. It has its background for the most part in the colorful kingdom of Jazzmania, a tiny Balkan principality then to Casino at Monte Carlo, and finally to New York. Spectacular scenes follow each other with incredible swiftness, and no sooner has one glimpsed a scene of rare beauty than another is flashed on the screen in its stead. "Jazzmania" is really a New York Hippodrome of filmdom.

The story is concerned with the troubles of a young Queen-Ninon—whose kingdom is beset by enemies. She flees to avert a revolution, and her love of jazz and excitement leads her to Monte Carlo and New York. During her stay in the American metropolis she learns of the plight of the women and children of her own country, and is persuaded to return to them. She arrives in time to prevent the betrayal of the kingdom. The people rejoice at her return, and she turns her tiny state into a happy jazz kingdom.

Miss Murray is throughout admirable in her portrayal of Ninon. She makes the transition from sheer comedy to dramatic emotionalism very easy, and her dancing and costumes are even more attractive to the eye

than usual. The star receives splendid support from the cast, among whom are several players of prominence. Rod LaRocque, one of the most popular of leading men, appears opposite the star as Jerry Langdon, an American, with whom Ninon falls in love at Monte Carlo. Robert Frazier is the trustworthy Valmar, aide de-camp; Edward Burns, Sonny Daimler, another admirer; and Jean Hersholt appears as Prince Otto of Como, a neighboring principality.

"Jazzmania," based on the story by Edmund Goulding, is the product of Tiffany Productions, Inc., of which Robert Z. Leonard is Director General and M. H. Hoffman, General Manager.

"My stubborn case of stomach trouble is completely gone, but if I had not taken Tanlac when I did I believe, I would have become a nervous wreck," recently affirmed Mrs. Laura Manning, Osceola Mills, Gastonia, N. C.

"For about ten years I had drifted along from bad to worse, and finally reached the point where I could hardly get about. Every bite I ate hurt me. Gas would form on my stomach, and my heart palpitated un-

til it alarmed me. I was so nervous the children playing around the house almost distracted me, and I simply felt miserable all the time.

"I improved so quickly when I got Tanlac that it was the surprise of my life. I have only been taking the treatment for a few weeks now, but already it has me feeling fine in every way. Tanlac certainly is the right medicine for troubles like I had."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

Add to the days of your motor

YOU can lengthen the life of your car by the care you take with its lubrication. Poor oiling is to blame for most motor repairs. Polarine lubrication saves repair bills, makes for quiet operation, prolongs car life, gives better performance, keeps your car on the road more days when you want it—all at a low cost.

Consult the new Polarine chart, now ready Polarine Lubricating Service is two-fold—all the necessary high-quality grades to fit your car and the season, plus a chart that tells which grade to use. Get good oil and road advice at garages and service stations that display this chart.

Always say Polarine—not a "quart of oil"

LONG LIFE TO YOUR MOTOR

"It Pays to Swim with the Current"

This is about two spark plugs. At the moment they are lying on the sales manager's desk in the establishment of a large middle-western hardware jobber.

One spark plug bears a name known wherever automobiles are used, the other a name seldom heard.

Both, says the sales manager, are good plugs. On the score of quality they run neck and neck.

"But," he adds, "we are discontinuing this line"—and he holds up the plug of unfamiliar name. "Yes, and our discount on it is larger, too."

"What's wrong with it? Not a thing. It's a good plug—mighty good plug, but—no one knows about it. It isn't advertised—the other one is. The demand is for the advertised make. And we've learned it pays to swim with the current, not against it."

More and more jobbers in every line of business are learning every day that it pays to swim with the current of popular demand.

"Our job," said one jobber "is to supply markets, not create them. Let the manufacturer make a market for his goods and we will handle it."

Said another—"Our salesmen carry a catalog with thousands of items in it. They haven't the time to push unadvertised goods. Their work is principally taking orders."

If you go among these wholesalers today to introduce a new product in competition with merchandise nationally advertised, unless the article is exceptional, you will be met everywhere by the injunction: "First go out and get a reputation for your goods through advertising."

The wholesaler knows by actual contact with dealers how they value speed of turning over, goods which move with a minimum of effort, goods people know about and ask for.

Mrs. A. W. Gill, of Rocky Mount, has arrived to attend the Duncan-Higgs wedding.

Mrs. G. R. Dixon, of Rocky Mount, arrived yesterday to attend the wedding of her granddaughter, Miss Annie Higgs.

Judge and Mrs. Guy Elliott, and little daughter, Mary Elizabeth, of Kingston, Mrs. Sam Jones and Mr. William Jones, of Oxford spent yesterday at the home of Mr. J. G. Bowling.

Mr. and Mrs. P. W. Lasater have as their guest Dr. and Mrs. E. S. Estes of St. Augustine, Fla., Mrs. Fred I. Sanders, of Detroit, Mich., and Mr. J. D. Wales, of Eatonton, Georgia.

Prof. J. L. Duncan arrived here today from Clayton to be with his brother, H. H. Duncan during the wedding.

Mrs. Berry Bostic and children have returned from Beulahville, where they have been visiting relatives.

Misses Bessie Louise and Huldah Albrinton left this morning for a visit in Washington.

Mr. L. W. Gaylord left this afternoon on a business trip to Greensboro.

BAUGHAN-BAKER.

Pretty Home Wedding Solemnized Here Yesterday.

An unusually pretty wedding was solemnized Sunday morning at 8 o'clock at the home of Mr. and Mrs. T. B. Baker, 1109 Washington St., when their daughter, Miss Mildred Baker became the bride of Mr. Charles Baughan of Farmville, Virginia, Rev. N. D. Wiggs the brides' pastor officiated.

The bride entered on the arm of the groom to the strains of Lohengrin's wedding march. She was lovely in a midnight blue going away suit with gray accessories to match. Her only ornament was a rope of pearls the gift of the groom.

Miss Mildred Baker is the eldest daughter of Mr. and Mrs. T. B. Baker and one of Greenville's most popular young ladies, while Mr. Charles Baughan is the eldest son of Mr. and Mrs. C. G. Baughan, Sr., of Farmville, Va., and is well known here.

Immediately following the ceremony Mr. Baughan and his bride left for an extended northern trip. They will make their home in Georgia.

MISS MADELINE HIGGS ENTERTAINS.

Hostess at Luncheon in Honor of Miss Annie Higgs.

On Saturday afternoon at five o'clock at the Wayside Tea Room Miss Madeline Higgs was hostess at a linen shower, complimentary to Miss Annie Higgs. The tea room was attractively decorated with pink sweet-peas, carrying out the color scheme of pink and white.

Upon arrival the guests were greeted by Miss Madeline Higgs and served punch by Misses Elizabeth and Helene Higgs.

Tables were arranged for appropriate games for the bride. Miss Iva Shelburne making the top score was presented a Japanese parasol, while the consolation prize, Japanese water flowers, was given to Mrs. W. W. Lee. After many spirited games the guests were invited into the gift room. In the center of the room was a beautifully decorated table, the center of which was formed with a miniature bride and groom. The room was artistically decorated with burning tapers and pink sweet peas.

Suspended from the chandelier, directly over the table was a pink parasol containing a linen shower. Pink ribbon streamers hung from the parasol, at the end of each was fastened a small red heart. The bride-elect pulled the ribbons and was showered with a beautiful selection of linens. The hostess then presented her with a hand embroidered linen buffet set.

An ice course frozen in the shape of wedding bells, pink mints, and heart cakes were served.

Carolina Club to Meet.

There will be a meeting of the Carolina Club tomorrow evening at 8 o'clock. Every member is urged to be present.

ST. LOUIS WELCOMES ROTARY DELEGATES FROM MANY NATIONS

ST. LOUIS.—Delegates representing 1,450 clubs located in 26 countries of the world, with memberships totaling approximately 90,000, are gathering here today to attend the opening of the fourteenth annual convention of International Rotary.

This shows the growth of the organization, for it was in 1905 that four men met in Chicago and formed the first club. These were a coal dealer, a mining operator, a merchant tailor and an attorney. They called the club "Rotary" because the members met in rotation at their places of business.

It was not until 1908 that the second Rotary Club was formed in San Francisco. Then the movement began to spread until there were 16 clubs in the United States in 1910, when the first convention was held in Chicago.

Since 1912 the organization has grown even more rapidly than during the first seven years. Although the greater number of clubs are in the United States, and the British Isles and Canada—there are now Rotary Clubs in Newfoundland, Porto Rico, Mexico, Cuba, Republic of Panama, Uruguay, Argentine Republic, China, Norway, British India, Spain, France, Denmark, Australia, New Zealand, Hawaii, Philippine Islands, Peru, South Africa, Japan, Holland, and Brazil.

CARE OF PASTURE GRASS IN SUMMER

RALEIGH.—"The pasture of tame grasses, usually its owner's delight in the spring month, is likely to become a severe disappointment during the summer, unless carefully handled," says E. C. Blair, extension agronomist for the State College. Blair states that orchard grass, redtop, alsike clover, white clover, and others in that class are natives of a climate much colder than ours. In eastern North Carolina these grasses will thrive in the spring and fall, and at these times will carry a large amount of livestock. But in the summer growth is retarded, and in hot dry weather ceases altogether.

In suggesting how these grasses should be handled during the summer Blair says, "If grazed too heavily at this time of the year the pasture will be permanently damaged, or killed outright. A pasture less than one year old is most apt to suffer most in this way, since its root system is not fully developed.

"Of great importance in preserving any pasture is to give it alternate periods of grazing and rest. This is doubly true if there is a small pasture for a number of livestock. In such cases a fence should be built across the pasture dividing it in halves. Each half should have two weeks of complete rest while the animals graze the other half. If the weather is too dry, or the number of animals large, they should be allowed in the pasture for only a short while each day.

Latonia Derby to Bring Out Best 3-Year-Olds

CINCINNATI.—While Latonia opened wide its gates to the lovers horse racing June 5, yet the Latonia Derby, to be run here Saturday, June 30, is the outstanding race of the meeting, and admitted by all to be only second to the Kentucky Derby in point of interest. In fact many horsemen pronounce the Latonia classic as the real test of stamina and speed combined, for the race is a quar-

ter of a mile longer than the Kentucky Derby.

The race is at a mile and a half, and will draw the very cream of the three-year-olds of the west and probably a considerable number of eastern horses.

Those who were familiar with the beautiful Mildale course found many changes upon visiting the track this summer. The stewards' stand has been moved from the outside of the track to a position in the infield to give these officials an unobstructed view of the entire course.

Treasure in Petrograd.
LONDON.—A field marshal's baton has been discovered buried in the masonry of one of the columns of the Petrograd Vvedensky Cathedral, near the steps leading to the altar. It is made of solid gold and adorned with 110 large diamonds and emeralds. Its value is said to be \$2,000,000.

After Every Meal

WRIGLEYS

"A bite to eat—a bit of sweet"

After a substantial meal, the children naturally want to top off with a bit of sweet.

Give them WRIGLEYS, the great American Sweetmeat.

It combines the enjoyment of sweet with many BENEFITS. It cleanses the teeth, removing food particles that lodge in the crevices. It neutralizes the acids of the mouth, soothes the throat, and lastly—

WRIGLEYS helps the stomach by supplying saliva to aid in digestive work.

GOLF ASSOCIATION ANNOUNCES LIST OF ELIGIBLE PLAYERS

NEW YORK.—An official eligible list of 204 golfers for the 1923 national amateur championship, to be held beginning September 10 at the Flossmoor Country Club, near Chicago, was made public today by the Eligibility List Committee of the United States Golf Association. The list is headed by the present national titleholder, Jess W. Sweetser, of the Sivanoy Club, Mt. Vernon, N. Y., and an honor roll of 15 former amateur kings.

While this year's list is about the same size as in 1922, the committee in charge of it, headed by James D. Standish, Jr., of Detroit, has scrutinized more closely than in the past records of the leading golfers, as a result of a decision by the U. S. G. A. several months ago which, in effect, abolished the former system of determining eligibles by their handicap ratings. The committee's ratings, instead, have been based upon tournament records and personal knowledge of the players' ability. The U. S. G. A. explained that the change was made because of the great variation in handicap standards throughout the country.

However, Mr. Standish pointed out, the fact that a golfer's name is not on the eligibility list does not necessarily bar him from competing in the amateur title event. Any amateur golfer who belongs to a member club of the U. S. G. A. may submit his entry to the eligibility list committee on or before August 25. The ability of all such entrants will be investigated and the player notified as to his acceptance or refusal at least one week before the champion-

Railroads Reach New Wage Agreements

CHICAGO, June 18.—Three railroads today notified the United States railroad labor board that wage agreements have been signed with certain classes of employees increasing their wages two and three cents an hour, estimated to involve an additional annual expenditure of \$189,972, and affecting 2,750 men.

The New York, Chicago and St. Louis and the Lake Erie and Western increased the wages of their 2,280 mechanics, helpers and apprentices 3 cents an hour, effective June 1.

Pennay Railroad Is Scored By the Board

CHICAGO, June 18.—Severely criticizing the Pennsylvania system as unfair, unjust and inconsistent in its method of dealing with the shop crafts' union in an employee representation election, the United States Railroad Labor Board today issued its long expected public rebuke of the carrier for violation of an order directing the carrier to recognize the shop crafts union.

By its refusal to count the ballots cast for the shop crafts union representatives and its refusal to hold another election without discrimination between the union and the company association, the Pennsylvania, the board's rebuke states, deprived the shop employees of "essential rights as laboring men to which congress had declared them entitled."

Minnesota Primary In Spotlight Today

ST. PAUL, Minn., June 18.—Nationally interest is centered in to-

day's special primary election in Minnesota when three candidates representing as many parties will be nominated for United States Senator. The national administration and the republican senatorial committee will be watching the trend of the republican vote as well as that of the Farmer-Labor party, for although the Democrats also will nominate a man the real contest at the July 16 election, it is agreed in political circles, will be between the first two candidates.

Sandbank Caves-In, Williamston Boy Dead

WILLIAMSTON, N. C., June 18.—While several children were playing in a sand hole, dug under a hill side on the Riggs farm, near Williamston, Delbrat Wabbleton, 9 years old was caught and killed instantly, when the sand above caved in.

Student Killed By Auto, Five Are Held

RICHMOND, Va., June 18.—Five men were arrested by police last night in connection with the killing of William Hugh Kidd, University of Richmond student, who was run down by an automobile two weeks ago. Ernest Covington, who is said to have confessed that he was driving the car which hit Kidd, was held in jail on a charge of involuntary manslaughter. Four other youths, who police claim admitted they were in the automobile at the time, were charged with being accessories. They were released on bond.

France Forging Ahead In World-Wide Radio

LONDON.—The British authorities have been criticized of late for their failure to promote radio communication on a world scale, and with permitting France, Germany and the United States to occupy this field to the exclusion of England.

It is pointed out that France planning to great station at Poindicherry, India, and that in July she will open a high power station at Buenos Aires. Later in the year two other stations will be ready in South America. These will be in direct communication with the French station at Saint Assise, with Nauzen in Germany, and with Long Island, New York.

N. C. Graded Potatoes Bring Highest Price

ELIZABETH CITY, June 18.—Six dollars a barrel was the price high price to the quality of the potatoes and the fact that Bynum's potatoes were carefully hand graded.

on the New York market, according to R. C. Abbott, whose firm handled the shipment. Abbott ascribes the high price to the quality of the potatoes and the fact that Bynum's potatoes were carefully hand graded. J. A. Bynum of this county and sold.

"THE NEW SHOPPING CENTER"

The Greatest Value-Giving Event of the season starts Thursday with plentiful varieties and dynamic savings.

This event is strong where others are weak. Quality is a strong feature of ours and when quality goes hand in hand with low prices, it's a combination you can't beat.

As one who patronizes this store generously, and has undoubtedly shared in sales of this sort in the past, you know the savings at this store are the greatest of the season.

We speak knowingly when we say that this event will prove to be a sale of sales. It is destined to overshadow our best bargains of the past. It isn't difficult to explain this. You recall the unseasonableness of the weather,—when winter winds persistently refused to give way to warmer days. This condition has overstocked us.

Therefore, because of the unusual size of the surplus,—satisfactory choice is a certainty. When you take this fact into consideration, as well as the extra large price cuts which we were forced to make to clear stocks immediately, you will not wonder why we call this event a sale of sales.

Prepare to come and bring a full purse with you— for the savings you effect depend upon the amount of your purchases.

Watch our ad in tomorrow's issue of this paper. It will contain a few of the wonderful values we will offer for the event.
