

The Southern Planter, a Virginia publication, said to be owned by former Governor Stuart of that state, in an article of scathing abuse and denunciation against those who oppose the co-operative tobacco system, among other things says:
"Along next summer after final settlement has been made by the pool and after the courts have decided that the contracts are perfect-

ly good, the men who have been deceived and robbed by the LIARS and THIEVES that are FIGHTING THE POOL PLAN, will probably get together long enough to make a co-operative purchase and use of a sufficient footage of GOOD HEMPEN ROPE."
Farmers of Pitt County are not only stigmatized in language that approaches violation of the law, but their punishment is fixed by a

collective hanging party, because they have enough of the association. There is every reason for high salaried officials of the association to realize that their organization is tottering, but such expressions of anarchistic invective are not justified.
Sapiro and his group of promoters are due for a mighty fall in Eastern Carolina!

WEATHER.

Partly cloudy tonight and Wednesday, light variable winds.

LIQUOR RUNNER IS SHOT

Deputy S. A. Whitehurst Fires First to Save Himself In Raid

Neeza Williams, living in Belvoir township, has probably found out that when a law officer says surrender, it means that and nothing less. He failed to comply with that command, according to authorities, when four persons operating a steam still were surprised yesterday by officers. On the contrary, he jumped behind a bush and attempted to level a revolver at Deputy Sheriff S. A. Whitehurst, who fired a load of bird shot into his right arm, shoulder and face.

Williams was brought here and after the shot were extracted by Dr. Skinner, was placed in jail in \$1,500 bond, charged with resisting an officer, carrying concealed weapons and manufacturing liquor. Word to Sheriff Jackson, from the authorities of Martin county today stated that he was badly wanted in that county for various violations of the prohibition laws.

A youth giving the name of E. Pollard, and a negro, were also arrested in the raid and lodged in jail. Their bonds are fixed at \$500. The fourth member of the alleged illicit manufacturers and runners group escaped. Four gallons of whiskey were taken and the still destroyed.

County authorities assert, that they have been given considerable trouble in the same section of Belvoir township recently by makers and peddlers of liquor. Frequent arrests have been made, and a concerted drive is now under way to break up the practice, it is declared.

Danger Film Fires Reduced By Device Called 'Cold Light'

CHICAGO.—Removing 90 percent of the heat from light—a long step toward the scientist's dream of "cold light"—has been achieved by a device recently tested and approved by the Underwriters Laboratories, Inc., here for the Society of Visual Education.

The device is an active ray filter for motion picture projectors, and by its use it is possible to stop a highly inflammable film and project "still" pictures without setting fire to the film.

The filter utilizes an old principle that certain materials will break down the heat rays while allowing light rays to pass through. A thin film of gold is the substance used.

The filter consists of two small glass discs, an inch and a half in diameter, coated on one side with a spray of pure gold, and then cemented together, with the coated sides adjoining.

In use, the projector is so arranged that the disc is held above the projection aperture as long as the camera is running and the film moving. Whenever the motor is stopped, or even slows up to a dangerous degree, the disc is automatically released and drops into place between the light and the film. The light shining through the gold has a slight greenish cast, but not enough to interfere with the projection of the still pictures.

At close examination the disc appears to be opaque and looks like a mirror with a gold instead of a silver back. It will reflect objects as readily as a ordinary mirror. When held to the light, however, the thin gold film appears transparent.

Country Club Thursday.
Open House at the Country Club Thursday night, July 5, 1923, 8 to 11. Light refreshments and dancing come and bring all the family.

TWO BURNED TO DEATH, 3 DYING, AUTOTANK EXPLOSION

FREDERICK, Md., July 3.—Two members of an automobile party, of Watertown, N. Y., were burned to death and three injured, two probably fatally, when the gas tank of an automobile exploded here today. The dead: Mrs. Andrew Miller, 26, and her daughter, Viola, 5 years old. Andrew Miller, is not expected to recover from severe burns.

The explosion occurred at 9:30 near Urbana, while Miller was filling the gas tank of his car. The explosion quickly ignited the gasoline which enveloped Mrs. Miller and her daughter. They were dead before aid could be obtained. The survivors were rushed to a hospital here.

AMERICA OWES DEBT OF GRATITUDE TO TRAIL BLAZED HARDING TELLS BIG CROWD

MEACHAM, Ore., July 3.—President Harding stopped here today on his western trip to pay homage to the memory of the sturdy pioneers who founded Oregon and saved to the nation the great northwest.

Speaking at exercises commemorating the eightieth anniversary of the blazing of the Oregon Trail, the executive declared the American people owe to those pioneers a debt of gratitude which they never can repay. Their victory, he asserted, proclaimed the strength of resolute purpose to do for themselves, not asking the government to do, but for government only to sanction or permit.

"We may reasonably do more today," he said, "than rejoice in possession of the imperial domain which they revealed, and the life they made possible to the fertile, aspiring and confident Northwest. I find new assurances in recalling the heroism, the resolution, the will to conquer of these pioneers.

"I wish I might more effectively visualize them. Not very long ago I saw the covered wagon in the moving picture. I sat entranced. There was more than the picturesque more

Farmer Says Curb Market Fine Means To Get Ready Cash

S. J. Vincent, farmer, living near Winterville, is a strong advocate for the curb market. He sees in this project a splendid chance for growers to realize ready cash for products through a regular sales channel. Here is what he says:

"I have been on the curb market as a grower, for the last several weeks and find it the best means of disposing of produce that the farmer has ever had. It is working fine to both the advantage of grower and consumer, and all that is needed to insure its greater and all-season success is more co-operation.

"The project is bringing together on a basis of better understanding the town and rural folks. We are already beginning to feel the good effects of that feature by establishing regular trade relations. I look to see the curb market expand to the common benefit of the entire county."

Kinston Man Urged Succeed Norwood

RALEIGH July 3.—With the announcement from J. Dave Norwood, of Salisbury, that will resign as chairman of the Democratic Executive committee and he will resign as chairman in Raleigh July 11 to receive it there came into evidence today a strong movement for the selection of John G. Dawson, of Kinston, speaker of the house of representatives, as his successor.

A prominent democrat who has been recently in close touch with a number of members of the committee yesterday declared that the election of John Dawson is almost certain.

than sorrow and discouragement, more than appealing characters and entrancing heroism. There was more than the revelation of the irresolute, who failed in fitness to survive, more than tragedy and comedy in their inseparable blend. There was more than the scouts who surpassed our fancies, more than nature's relentless barriers revealed. Everywhere aflame was the soul of unalterable purpose and the commanding sturdiness of elemental greatness. Still more, there was determination to do themselves, not asking the government to do, but for government only to sanction or permit.

"Much the same spirit was revealed in the making of the Central West, where the determined pioneers, builded in the confidence which they had in themselves. They battled with nature and every obstacle which they encountered, heroes perished without fame's acclaim, and they conquered and wrote big their part in the making of the greater Republic. They victory proclaimed the strength of resolute purpose, and the human genius, confidence in itself and eager to achieve on its own account.

Kansas Senator To Urge Tax To Be Put On All Billboards

WASHINGTON, July 3.—Senator W. E. Curtis, Kansas, republican whip and a leader of the bloc in the senate believes that billboard signs that line the highways throughout the country should be taxed. He said today that he was strongly in favor and would urge legislation imposing a federal tax on such advertising, based on the number of square feet used by such signs. This plan would create a big revenue to the government, he said. It was explained, however, that it was not the intention to place a tax upon dealers where signs are maintained upon their own property.

Clinic For Crippled Children to Be Held Washington, July 12

Dr. Siller, superintendent state orthopaedic hospital, Gastonia, will hold a clinic at Washington, N. C., July 12, for the purpose of examining all crippled children eligible for treatment at the state orthopaedic hospital. The clinic will be held at post office from 9 to 5 o'clock. Children from the adjoining counties will be taken to Dr. Miller on this date.

This information is given the public with the hope that every crippled child in Pitt county will have an opportunity of an examination by the specialist. There may be some children who need this examination that are not on record at welfare office. It is earnestly requested that every parent or guardian of crippled children, all races and colors, get in touch with the welfare office at once that advice can be given as to arrangements to go to Washington for this examination.

REFUSES TO MARRY TO ENTER U. S.

Miss Luise Hohloch, 19, a pretty, pink-cheeked girl, from Germany, refused to marry Gottlieb Broisch, of Philadelphia, when he called at Ellis Island Immigration Station, New York Harbor, to claim her as his bride, in accordance with arrangements he had made with her parents. She said she did not love him and would not purchase entry into the United States at the price of hypocrisy. Her pluck won, and she was admitted in the custody of the Travelers' Aid Society, where she was to remain until a position could be found for her.

NO EDITION OF THE REFLECTOR, JULY 4

Following a custom long since established there will be no issue of The Reflector, tomorrow, July Fourth.

Belgium Sends Her Answer to Britain On German Problem

BRUSSELS, July 3.—Belgium's answer to Great Britain's questionnaire has been sent to the Belgian ambassador in London for transmission to the foreign office, it was announced today.

LONDON, July 3.—No request has been received by the British foreign office from the French ambassador for an appointment to see Lord Curzon, it was said today. It is assumed that the reply of Belgium has been delayed. The British foreign office is in the dark as to whether the reply is verbal or written. It is held here that a reply from France is desired in writing as a matter of record for future guidance.

The view of British circles is that Premier Poincare will not sanction any move that will alter the course of France in its occupancy of Germany territory until assurance have been given that Germany has definitely decided to cease resistance of the French and made a substantial payment on its obligations.

SKELETON OF PREHISTORIC MONSTER FOUND IN CHINA

PEKING.—Practically a complete fossilized skeleton of a dinosaur has been discovered by members of the third Asiatic expedition sent out by the American Museum of Natural History under the leadership of Roy Chapman Andrews.

White Leases His Picture Houses To Tennessee Interest

Sam T. White, who has successfully conducted White's and the Colonial theaters, the latter for colored people, here for several years has concluded a lease with H. H. Jackson, of Columbia, Tenn., for both of the houses. The lease is in effect, but Mr. White will continue to assist Mr. Jackson, this week. Next Monday the latter will take full charge, maintaining his offices at the theater.

Jackson plans extensive improvements. A magnificent pipe organ is being installed and a professional organist has been engaged who will not only render music appropriate to the picture but will give special high class selections between film intermissions. Jackson will also use the latest innovation in avoiding flickering of the pictures on the silver sheet. This new electrical device is only being used in the largest houses of the country.

The same high class programs that have characterized the management of Mr. White will be maintained.

Negro Infant Found On Porch of Colored Resident Finds Home

The cry of an infant attracted the attention of Cass Johnson, colored, living on Green street, this morning as he stepped on his front porch. He could not place the source of the outcry until he perceived a basket. Investigation proved it contained a colored infant baby boy about two months old.

Cass was in a quandary. Finally some of the colored women came to his aid and it found temporary asylum in the home of a woman who proposes to care for the infant until the welfare authorities could make proper provision.

ROTARIANS BEHIND MOVE FORM BOYS' BAND HERE, TALK ON TRAFFIC IS GIVEN

Mayor Proclaims July 4 Holiday

Whereas, tomorrow [the 4th day of July, 1923 is the anniversary of our Declaration of Independence, it being the 147th year thereof, and

Whereas, it is our custom as a great and grateful people to reverence and respect this honored occasion so valiantly immortalized by the blood of our forefathers, and

Whereas, the 4th day of July, has been declared a national holiday so that our people may enter into a full and complete enjoyment and celebration of our Declaration of Independence as a nation:

Now, therefore, I, D. M. Clark, mayor of Town of Greenville, by virtue of the power vested in me as mayor, and acting in my official capacity, do hereby proclaim and declare the 4th day of July, 1923 a legal holiday for the Town of Greenville and call upon the citizenship of said Town to suspend operation for and during the day, to-wit: Wednesday, July 4th, 1923.

Proclaimed and issued this the 3 day of July, 1923.
D. M. CLARK,
Mayor Town of Greenville.

BIG FIGHT IS TO BE STAGED ON SCHEDULE

SHELBY, MONT., July 3.—The Dempsey-Gibbons fight that was virtually called off last night when the promoters failed to raise the final \$100,000 of \$300,000 guaranteed Dempsey, was settled early today at a conference between Jack Kearns, manager for the champion and backers of the bout and it will take place tomorrow on schedule time.

An agreement was reached when Kearns was given first chance at the gate receipts. He will take charge of all money paid by spectators until the last payment of \$100,000 of the guarantee fund has been collected. That is the only condition upon which he consented to send Dempsey into the ring. The gate will be turned over to the fight promoters after Kearns' claims have been satisfied.

Major J. E. Lane, one of the trustees of the fund, who resigned yesterday when the final payment was not forthcoming, reconsidered his action today and will continue his support to make the bout a success.

GREAT FALLS, MONT., July 3.—Eddie Kane, manager for Tommy Gibbons, expressed great satisfaction today when he learned that the last barrier had been removed and the fight would take place. He said Gibbons was in the best of condition.

Memorial Tablet To Walter Hines Page Unveiled By British

LONDON, July 3.—A memorial tablet to the memory of Walter Hines Page, former American ambassador to Great Britain was unveiled in Westminster abbey today. The ceremony was attended by leading British and American citizens. The tablet of modest design and proportion was unveiled by Viscount Grey, who was foreign secretary during the term of Ambassador Hines, to the court of St. James. Others who attended the ceremony included Former Premier Lloyd George and Premier Stanley Baldwin, and Herbert Asquith, one time premier, all of whom were close associates of the late ambassador.

Reports of the boys' work committee was submitted last night at the meeting of the Rotary Club. The outstanding proposal was the organization of a boy's band in Greenville. The suggestion met with instant and unanimous favor of the club and plans will be shortly formulated to bring the project to realization. Membership in the proposed organization will be open to every boy in Greenville. It was pointed out that considerable talent prevailed among the youth of the city that only needed encouragement to develop. A professional instructor will be employed, it was said.

Continue Track Meet.
The committee also recommended that the annual track meet for boys be continued also gymnasium work. Under the arrangement boy scouts and others will be given special gymnasium instruction under the direction of a professional trainer. W. Z. Morton, was elected to membership to the committee to fill the vacancy caused by the resignation of Dr. P. J. Chester, who recently left the city.

Mr. Poole, Raleigh, secretary of the North Carolina Traffic association, gave an illuminating talk in which he cited various channels through which shippers can obtain better facilities and work for cheaper freight rates by co-operating in movements before the interstate commerce commission.

J. E. Winslow, recently returned from St. Louis, where he attended the international convention of Rotary, as delegate of the local organization, recounted incidents of his trip and said he was more than ever impressed with the tremendous influence of the body as great welfare force.

New Members Inducted.
W. H. Rogers and D. J. Whitehead, Jr., were formally inducted into the organization as members. Purposes and ideals of Rotary were explained to the new active members by D. L. Turnage.

The guests included W. B. Wilson, Jr., of the United States consular service, stationed at Shanghai, China; Mr. Burns, Raleigh, state bank examiner, W. H. Cousins, Danville, Va., and Prof. W. S. Deal, of the Teachers College. They all made short talks praising the spirit of fellowship that predominates throughout Rotary.

Cotton Acreage This Year Record Breaker U. S. Figures Show

WASHINGTON, July 3.—More cotton was in cultivation on June 25 in the United States than ever before in the history of the country.

The government's first official announcement of this year's acreage, made public today, disclosed that there were 38,387,000 acres of cotton growing in the fields of the cotton belt. This acreage is one eighth or 4,271,000 acres more than was being cultivated on June 25 last year, and almost 1,200,000 acres more than was harvested in the previous record acreage year of 1923.

The condition of the crop, however, was lower than it has been on June 25 in the last 22 years with the exception of 1921. The official forecast was 142.6 pounds to the acre, which government experts calculate will result in a total production of 11,412,000 bales on the record acreage now growing. This total would be 1,650,000 bales more than harvested last year.

U. S. Comptroller Issues Call For Bank Statements Now

WASHINGTON, July 3.—The comptroller of the treasury issued a call today for a statement from all national banks showing their condition at the close of business June 30,

DO YOU KNOW THAT—
United effort and loyalty inevitably leads to big success.

HOWL OF THE SINGED CAT

The fate of Fred A. Elks, the largest tobacco grower of North Carolina's biggest tobacco growing county may be shared by more than a hundred other Pitt County farmers, who brought legal action against the Co-Op association on the night of June 25.

This is part of a statement issued from the headquarters of the Co-operative Growers' association, in Raleigh, following the return of G. A. Norwood and J. Y. Joyner, officials of the association, to that place after attending a meeting in Greenville of cooperative members. The statement goes on to speak of the unbounded enthusiasm of Pitt farmers who pledged themselves to "resent all misrepresentation and slanders of our association and ITS OFFICERS, as reflections and insults and to every loyal member."

Just what fate holds in store for Mr. Elks and other growers who fail to grasp the "great benefits" of cooperative marketing as practiced by the association is not disclosed. It may be, that following the suggestion of the Southern Planter, one of the mouth pieces of the association that dangling by the neck from a piece of hemp rope might be the solution. Effervescent Mr. Wilson, secretary of the association, chirps in with this admonition to Pitt farmers, "by their very suits they have laid themselves open to counter claim and injunction."

Referring to the large and enthusiastic meeting said to have been held here by supporters of the association, the claim is made that the organization has a membership of 1,600 in this county. By actual count there were present at the courthouse meeting 196 persons. The cooperative plan is so well thought of that less than one sixteenth of the membership attended the "big rally." It must be remembered that the number given does not represent all members. There was a large percentage of curiosity seekers attracted by the shouts of vociferous speakers pleading and beseeching farmers not to forsake "the cause."

No opposition to the cooperative plan was found to exist to any extent in this district of the state, one speaker said, except in and around GREENVILLE, WILSON, ROCKY MOUNT and KINSTON. He said nothing about Martin county and other sections where there is a well defined sentiment against the system. To the average thinker it would appear that the places mentioned were enough. What more PROOF of the DISSATISFACTION of the association can the HIGH SALARIED OFFICIALS WANT?

However, for their information, it can be said more farmers will be produced to express protest against tyrannical and bulldozing methods of coercion to force growers to do their bidding.

A singed cat inevitably howls. Draw your own conclusions.

THE COUNTRY DOCTOR

There has been going for some time a discussion of the question whether the supply of physicians in the rural districts is equal to the demand, and if not, how the lack can be made up. Many different views have been expressed on the subject, but unfortunately, possibly the country doctor appears to take little in the discussion, apparently being well content to leave the problem to the medical publications and to his city colleagues.

Touching up the rural problem a committee on medical economics, admits that there will inevitably be some localities in which medical service is inadequate. Physicians may die and time must elapse before others take their places. Construction of new roads leads to a rearrangement of medical locations with temporary changes in the distribution of population and in the ability of the

country doctor to reach some of the patients. Still, the committee concludes that the rural medical problem has been somewhat magnified and that there are very few sections in which a physician cannot be reached with a fair degree of promptitude.

But aside from the findings of the committee, the country doctor is a fixture, and a large part of these physicians do not in these days drive to their patients with an aged horse and a shaky buggy over rocky roads. Most of them have their motor cars and over the good thoroughfares, now becoming common in Eastern Carolina, can make the trip to the sick bed in a very short time.

The country doctor, generally becomes a valuable member of any rural community. He is not only a physician but is generally a close personal friend of his patients, who hold him in high esteem and often consult him on matters entirely outside of their health.

True, he may have no easy life, but he finds in these friendships many compensations for the sacrifices he makes. Long live the country doctor!

FIXING WHEAT PRICES

It is a socialistic delusion that the government can raise the market price of anything but wages of public employes.

The farm bloc party proposes to raise the national issue on fixing the price of wheat.

The government did that during the world war and farmers lost millions as the price fixed was too low.

So it will be again. As soon as the price of wheat is "fixed" speculation will drive it above. Then will come the same howl that the wheat growers are robbed of their just dues.

DOES EDUCATION PAY?

In discussing this most important subject, the Houston Chronicle points out that it is the only thing in life that does pay, and gives the following excellent advice:

Schools and colleges do not educate men, they merely make it possible and convenient for men to educate themselves.

Men have become educated without ever entering a school, or a college, and men have gone through all kinds of schools and colleges, making the grades, passing the examinations, receiving the diplomas and degrees without becoming educated.

Let this fact speak for itself. Let it sink in deep. It is the big outstanding fact of history, and it means much.

The school, or college, is opportunity; that, and no more. It is not a mill to grind out perfected human beings, to convert the ne'er-do-wells into Solomons, but is the door—the practical, common sense way, to enter the field of learning.

One can learn all that a school or college offers on the outside, but it will be harder, much harder, and it discourages 999 out of every thousand.

One can go to school, or college, and get nothing, but that, too, is exceptional.

The school and college are here, not because education is barred to the few without them, but because it would be barred to the many.

They are here as a matter of practical, economic time-saving, as an inspiration for which there is no substitute, as a privilege for the masses.

As to those singular men who win success without education, be careful how you rate them.

Unlearned and unlettered they may be in the formal sense, but not in the essential sense, and besides whatever they may have achieved for themselves, they owe much to those around them, and before them, who worked with the tools of education.

Don't confuse education with formal knowledge, or success with the dollar, though both form a necessary part of conventionalized society.

Put education and success on this basis—first, to become healthy, helpful human beings; second, to become good citizens; third, to become useful workers in the field of trade and profession; then the question of whether education pays, or whether it insures success, becomes easier to answer.

The Leviathan on its return brought in one more shark than it took away.

Interest attaches to the announcement of the department of commerce that it has found use for wormholes. The discovery now offers hope for the eventual solution of the problem of what to do with the holes in the doughnut.

Chicago high school discovers that successful men are prone to forget history dates. That's common place—even the ordinary garden variety of man is often in hot water for failure to remember his wife's birthday or the anniversary of little Jimmy's first "toofie."

KNOW YOUR OWN STATE

The Nathaniel Greene Monument on historic Guilford Battle Ground.

One of North Carolina's Most Cherished Spots

Five miles northwest of Greensboro, N. C., is Guilford Battle Ground—made famous by Gen. Nathaniel Greene's defeat of Lord Cornwallis there on March 15, 1781. This battle so crippled the British forces that the surrender at Yorktown, Va., was inevitable. The battleground is now a beautifully maintained National Park and well worth a visit from every North Carolina motorist. It is reached by a hard surfaced road from Greensboro.

"Standard" is a correctly balanced gasoline which will go a long way toward making such a motor trip a complete success. You can always depend on "Standard" for full power and mileage, quick starting, nimble pick-up and a clean-burning mixture. It is balanced to give you those desirable qualities.

Along the principal highways in every direction you'll find those pumps with the red "S.O." that give you the quality gasoline—made in the Carolinas. You can safely stick to "Standard".

Founder's Hall, Guilford College, five miles west of Greensboro. Established before the Revolution by a settlement of Quakers.

LOCALS

The Devereux Players.

Seldom has a Greenville audience been afforded so great a pleasure as was given them by the Clifford Devereux players last Saturday afternoon and evening at the East Carolina Teachers College.

Mr. Devereux has surrounded himself with a most capable company, and he himself sets the high standard of efficiency for which his group has become notable.

At the afternoon performance the plays presented Chesteron's "Magic," Mr. Devereux as the "Magician," Miss Zanita Graf as the "Irish Colleen" and Mr. Paul Ford as the "Rector" were outstanding in their interpretation of Mr. Chesteron's play.

The rendering of this play calls for ability and talent of the highest grade, and this the Devereux players possess.

At the evening performance, "Much Ado About Nothing" the audience plainly evidenced its delight.

KING'S DAUGHTERS TO MEET WITH MRS. OLLIE CLARKE

The Patient Circle King's Daughters will meet tonight at 8:30 o'clock at the home of Mrs. O. F. Clarke instead of at the home of Mrs. Ella Greene as announced yesterday.

MABEL BALLIN DEFENDS SCHEMING BECKY SHARP

Heroine of Thackeray's "Vanity Fair" Wasn't Really Bad, But Should Have Been a Business Woman, Says Film Star.

It is hardly necessary to remind anyone that the Becky referred to is the principal character in Thackeray's great novel of "Vanity Fair," which comes to White's theater on tomorrow. She has had her defenders before, and her detractors, but perhaps few, since her creator, who have viewed her as sympathetically and understandingly as Mabel Ballin, the girl who brings her to the screen, under the direction of Hugo Ballin, for Goldwyn.

"Becky was born ahead of her time," continued the charitable Miss Ballin, "by about a century or so. Had she lived today she would have been an eminently respectable lady lawyers or perhaps a motion picture star. Whatever career she undertook would have hectic, but successful."

"But according to the etiquette of Thackeray's century, a girl of Becky's station could become a lady only by diplomatically forgetting to be a lady on propitious occasions—when an amiable and sympathetic gentleman was in the offing."

It is hard to maintain the conventional ethical arguments without a

flicker of doubt when Mabel starts pleading for Becky. She is Becky. She makes it so plain that Becky subscribed to a different code of ethics—and who wants their screen heroines conventional! Miss Ballin even ventures to psycho-analyze this indomitable little vixen who worked out all her complexes in such Freudian fashion even before Freud had discovered them.

KINDRED OF THE DUST ATTRACTS BIG CROWDS TO STRAND THEATER

Peter B. Kyne's story "Kindred of the Dust," showing at the Strand theater today, is one of the best attractions ever offered the public. The story is replete with thrills and deep in human interest. Lionel Belmore, Ralph Graves, Miriam Cooper, appear in the leading roles.

The settings are in the big outdoors

of the northwest and the story unfolds a tale of intense interest through John, aged three years, a little son of Mr. and Mrs. Johnston is critically ill with colitis and attending physicians entertain little hope for his recovery.

James Strickland Dead.
James Strickland, aged one year, son of Mr. and Mrs. L. S. Strickland died last night at his home in the Cotton Mill section. The interment took place this afternoon at 4:30 o'clock in Cherry Hill cemetery, services being conducted by Rev. W. S. Harden. Mr. and Mrs. Strickland have a host of friends who will regret to learn of the little boy's death and sympathize with them in their great sorrow.

LILLIAN ADELAIDE JOHNSTON DIES WITH COLITIS.

Lillian Adelaide, aged eighteen months, the little daughter of Mr. and Mrs. F. V. Johnston died at 6:30 o'clock yesterday afternoon after an illness of two weeks from measles, whooping cough and colitis. The interment will take place this afternoon at 5:30 o'clock in Cherry Hill cemetery.

Lillian was an attractive and lovable child and Mr. and Mrs. Johnston

POSTOFFICE TO OBSERVE HOLIDAY TOMORROW

Miss Marie Chapman Entertains.
Grifton, N. C., June 3.—Miss Marie Chapman entertained Saturday afternoon at a delightful bridge party complimentary to her house guest, Miss Willie McGinnis, of Columbia, S. C. A delicious salad course was served. The guest of honor was presented a dainty gift. The prize for top score was a box of candy, while that for lowest score was a bottle of catsup.

NOTICE OF SALE

Under and by virtue of the power of sale contained in that certain mortgage deed executed by George Grimes and wife, Laura Grimes, to James Ellison, dated Feb. 21st, 1920, and recorded in Deed Book Q-13, at page 167 of the Register of Deeds office of Pitt county, which said deed was delivered to said James Ellison, and whereas the said hereinafter described premises were exposed to public sale under said power by said mortgagee on the 15th day of June, 1923, and whereas the bid was raised five per cent as is required by the statute before the expiration of ten days from the date of said sale, the undersigned will on

Monday, the 9th day of July, 1923, at the court house door in Greenville, N. C., Pitt county, expose at public sale to the highest bidder for cash, between the hours of 12 o'clock, M., and 2 o'clock, P. M., the following described premises, default having been made in the payment of the moneys secured thereby:

Beginning at W. F. Mill's line at a pine; thence running an easterly course to Guilford Page's line, and with his line to J. H. McLawhorn's, thence with said McLawhorn's line a southerly course to another corner of said McLawhorn; thence a northerly course to the beginning, containing 20 acres, more or less, and being the same inherited by George Grimes from Sam Grimes, and same of which George Grimes now resides, being the same land described in deed recorded in Book 4, at page 568, dated Oct. 28th, 1888, and being deed from J. J. Page and wife to Sam Grimes.

Fixed Standards For Cotton Are Ratified

WASHINGTON, July 3.—Establishment of universal standards for cotton, for which American producers and traders have striven for the last sixteen years, has been accomplished, the Liverpool Cotton association having adopted the international agreement reached at a conference of the department of agriculture here last month. Other foreign nations represented at the conference previously had ratified the agreement.

A cablegram from the Liverpool association received by the department of agriculture said the association, in general meeting today, agreed to recommendations of its board of directors that the proposals be accepted.

Says Nerve Exhaustion Causes Airplane Falls

LONDON.—Fear is never responsible for airplane accidents, in the opinion of Major H. Greame Anderson, consulting surgeon of the British Royal Air Force. From the confessions of pupils and his own experiences, Dr. Anderson said, he found that fear never asserted itself in the first few flights because the pupils were too occupied.

The chief causes of accidents to pilots, he explained were due to nerve exhaustion, which might develop within an hour after the beginning of a flight. The pilot then found himself unable to use his mental facilities and frequently came to grief on landing through inability to judge his speed and nearness to the ground.

There are yet many values in our Yard Goods department. These are absolutely cash prices, and no alterations.

C. Heber Forbes

Artificial Lumber Gives Promise of Structural Utility

WASHINGTON.—Experiments in the making of "artificial" lumber are arousing increasing interest among government officials and leaders in the lumber industry.

Although none of the product has been marketed officials of the National Lumber Manufacturers association declare that tests already made of a synthetic composition produced by Minnesota lumber interests show it possesses many qualities making it available for structural purposes.

The experiments are based on some what the same principle as that employed in the manufacture of paper from wood pulp. In this process not only the trunks and branches of young trees, but the leaves and smaller part as well are ground up and mixed with other substances, virtually eliminating waste. The resulting compound is capable of being moulded into sizes and shapes of almost any description needed in building.

Officials of the Lumber Manufacturers association declare that if a practical method of this sort can be perfected, the result may be to revolutionize the entire lumber industry. Aside from utilizing the present great waste in converting trees into usable lumber, they say, it presents a solution to the manufacturer's problem of finding sufficient material in the country's rapidly diminishing timber resources.

MILITANT MEXICAN BEAUTY DIES OF HER WOUNDS

MEXICO CITY.—The Joan d'Arc of the Mexican revolution, Ramona Flores, is dead from the effects of a wound she received during one of the battles in which she was engaged against the troops of Victoriano Huerta in 1913.

Known popularly as "La Coronella"

Ramona first saw active service in the ranks of General Juan Carrasco. She was born in Sianon about 40 years ago, and was a striking example of Mexican Indian beauty. During the last three years she was a patient in a local sanitarium the cost of her medical treatment.

DINNER LASTING THREE DAYS WILL MARK ROYAL NUPTIALS

TOKIO.—Public dinner extending over three days is planned to follow the wedding of the Prince Regent and Nagako, which is to take place in the officials, the diplomatic corps, the foreign colony and many others are to be invited. The Empress, the Prince Regent Princess Nagako, who then will be the Crown Princess, and other members of the royal family will attend times.

Find Old Indian Writings.

RENO, Nev.—The skeleton of an Indian chief, together with certain stone tablets bearing hieroglyphics, has been exhumed at a ranch near Winnemucca. The University of Nevada will endeavor to decipher the writing on the tablets.

GERMAN SERVANTS SPURN HOMES OF MIDDLE CLASS

BERLIN.—Pauperization of the middle classes in Germany has worked for estrangement of servants. Families which formerly kept several servants frequently are no longer able to feed themselves. Larger cities, such as Berlin, are being deserted by servants out of work because the positions offered are usually in families which are in such reduced circumstances that cooks and housemaids do not care to share the family's lot.

BLACKSMITH GETS LETTER FROM WILLIAM HOHENZOLLERN

ALTOONA Pa.—The former Kaiser of Germany, William Hohenzollern, in

an effort to find the notable who was in need of "juck" He selected the former Kaiser and sent the shoe to Doorn.

MEXICO ORDERS HER RADIO EQUIPMENT FROM GERMANY

MEXICO CITY.—Four modern wireless transmitting stations, to cost 400,000 pesos, have been ordered from Germany by the Mexican government, it is stated by the department of communications in announcing the imminent reorganizations of the country's radio system. These stations, which will be of the continuous wave type, will replace the old spark type stations now in operation in Mexico City, Merida, Veracruz and Tampico, which in turn will be placed at La Paz, Lower California, Guadalajara, the Isthmus of Tehuacan, and Acapulco.

NOTICE OF SUMMONS AND WARRANT OF ATTACHMENT.

North Carolina, Pitt County, Greenville Township, M. G. Duke vs. R. W. Lassiter, I. S. Lassiter, L. D. Lassiter.

The defendant above named will take notice that a summons in the above entitled action was issued on the 7 day of June, 1923, by J. T. Smith, a justice of the peace of Pitt county, North Carolina, for the sum of \$70.84, due said plaintiff by account, which summons is returnable on the 26th day of July, 1923, before said justice, at his office in Greenville, in said county and said township. The defendants will also take notice that a warrant of attachment was issued by said justice on the 7

day of June, 1923 against the property of the said defendants, which warrant is returnable before the said justice at the time and place above named for the return of the summons, when and where the defendants are required to appear and answer or demand to the complaint, or the relief demanded will be granted. This the 26th day of June, 1923. J. T. SMITH, Justice Peace.

LAND SALE.

By virtue of the power of sale contained in a certain mortgage executed and delivered by L. H. Burney and wife, Tillie, W. W. Burney and wife, Lucy, and Z. A. Burney and wife, Mary, to R. M. Williams on the 22nd day of February 1918, which mortgage was duly recorded in the office of the Register of Deeds of Pitt County, in Book L-12, page 113, the undersigned will sell for cash at public auction, before the court house in Greenville on

Saturday, July 28th, 1923: (the following described tract or parcel of land:

That tract of land in Swift Creek township, bounded on the North by W. S. Roach and Com Kosons, on east Morris land, on the west by Louis Worthington land. Containing 110 acres, more or less, being part of the land deeded by H. W. Whedbee and wife and B. T. Smith to Jacob Burney on Nov. 1st, 1906.

Said land is sold to satisfy said mortgage.

CONSTITUENTS
Ward's "Crushes" owe their distinctive and delightful flavors to the natural fruit oils of oranges, lemons and limes. To these have been added pure cane sugar, citrus fruit juices, U. S. certified food color, fruit acid and carbonated water.

A COOL "CRUSH"—for a Hot Night

Not a breeze—too dry even for conversation until someone mentions Ward's Orange-Crush. Then down it goes and the thermometer seems to go down, too. Orange-Crush has a way of tucking itself into your taste and satisfying your thirst. A delightful orange-flavored drink with a zest and sparkle, ice cold. By the bottle, glass or at soda fountains. The Krinkly Bottle is as individual as the "Crushes"—Orange, Lemon and Lime. A telephone call to your dealer will bring a case to your house.

GREENVILLE ORANGE CRUSH BOTTLING CO.

Ward's Orange - CRUSH

Lemon-CRUSH—Lime-CRUSH

Joyous Bucharest Needs No Boosters To Sing Its Praises

BUCHAREST—Bucharest is growing faster than any in Europe. It is spreading out in all directions over the neighboring plains in an effort to house its population of a million, which is still growing. In 1913 the capital's population was only 338,000, which included 35,000 Austrians and Hungarians and 43,000 Jews.

Bucharest is the joy city of Europe. Love and laughter, song and wine, dancing and card-playing are as dear to the Rumanian heart as to the gayest spirits in Bohemia.

The Rumanian eats five times a day and is ready for another repast at midnight. He dislikes to go to bed. He loves his wine-jug on his cards. And he would die without his rum-coffee and his gossip about the latest scandal of the town.

The Calle Victrola, Bucharest's Fifth Avenue, is studded with pretty women in the latest Parisian gowns and jewels. Smart looking army officers in high patent-leather boots and blue and gold uniform strut along the rialto, shedding smiles on Rumania's lovely femininity. Among these dashing Don Juans and Lotharios one sees motley groups of gypsy men and women with their numerous progeny, some of the children without a stitch of clothing. For this is the land of Romany, of the race from which the gypsy fortune-tellers and vagabonds of the United States claim descent. And the gypsy believes that beauty unadorned is adorned the most.

RALEIGH, July 2.—The migration of colored men from the farms to northern and middle western industrial centers appears to continue unabated, and southern employment agencies report that agents for large corporations in the industrial centers are very active, according to the Monthly Review of the Richmond federal reserve bank.

Conditions in the labor market have not improved since the institution's May 31 Review, it is stated, "but have grown worse." Although a decided decrease in the number of new construction projects started during the past month in comparison with earlier months of the spring, there has been no let-up in work on buildings already under construction, it is declared. These projects are said to be enough to give employment to more than available.

"A survey recently conducted by the extension division of Clemson College in South Carolina states that approximately 50,000 negroes have left South Carolina since November 3, 1922," reads the Review. "This survey was made under the direction of the chief of the extension division of Clemson College, and data was supplied by the county farm demonstration agents, leading farmers bankers, merchants and other community leaders, and it is generally believed in the state surveyed that the estimate of the number of negroes who have migrated is well within the facts."

Will Fight Prohibition. PARIS.—The international conference of wine producing countries of Europe, at its closing session in this city, adopted resolutions setting forth the necessity of replying in kind to the propaganda of the prohibitionists, and drew up a set of rules to guide wine growing countries to uniform action in this regard.

Italians Going to Mexico. MEXICO CITY.—Italian emigrants are expected in large numbers in Mexico, and probably will settle in the states of Tamaulipas, Jalisco, Tabasco and Nuevo Leon. Arrangements for their colonization

have been made by agents of the Italian emigration service at Washington. The first batch of arrivals probably will number 600.

CLAW-HAMMER COATS DOOMED BY WAITERS OF BERLIN CAFES

BERLIN.—Numbered are the days when the dress suit will make it difficult to distinguish a waiter from a dinner guest in the fashionable eating-places of Berlin. The familiar black "claw-hammer" garb was doomed as a waiter's uniform by a decision of a recent international congress of hotel employees at Geneva, and the Berlin branch association has now voted to endorse this action.

In place of the frock coat, waiters here will wear what is known as the Wenzel jacket, so named after its creator, Paul Wenzel, a Dresden hotel employe.

PARTISAN POLITICS. PARIS.—Partisan politics, which are absorbing the attention of the French parliament more and more as the elections of next year come nearer, may drive Poincare from power in the opinion of some political prophets.

The remier is tired, physically and mentally. He has aged considerably under the tremendous load he has carried during the past eighteen months, and is thoroughly disgusted, his friends say, with the intrigues that are occupying the attention of parliamentary leaders at a time when their entire efforts ought to be centered on the solution of the reparations question and the extinction of France from her critical financial situation.

WORK URGED MEANS TO SAVE DYING HAWAIIAN RACE

HONOLULU.—The Hawaiians have a right to the good things of their islands and "I hope you will not let possession of them slip from your hands," Representative John E. Raker of California, told the Hawaiian Civic Club here recently.

"After two weeks of studying your territory I am wondering what is to become of the Hawaiians," he continued. "A short time ago near the immigration station I saw 250 men and women from the Philippines, and I am wondering whether they are to take your places here, for I don't see Hawaiians using and owning the soil."

"There is no need of one closing his or her eyes to the conditions about us. Unless the Hawaiians retain possession of the lands, own and control them and work them, they are not going to run this territory."

NOTICE OF SALE.

By virtue of the power of sale contained in that certain mortgage deed executed and delivered to J. R. and J. G. Moye by Dempsey Ruffin on the 25th day of October, 1918, and duly registered in Book L-12 at page 212 in the office of the Register of Deeds of Pitt county, the undersigned will on

Saturday, July 7th, 1923 at 12 o'clock Noon before the court house door in Greenville, Pitt County, N. C. sell to the highest bidder for cash the following described real estate in the county of Pitt and state of N. C. more particularly described and defined as follows:

Being that tract or parcel of land containing 22.62 acres deeded by J. W. Ferrell and wife to Dempsey Ruffin on November 7th, 1917 being Tract No. 8 of the subdivision of the Ebelburn-Latham farm as surveyed and plotted by D. C. James and is of record in Map Book 1 at page 7 of Pitt county to which reference is made for more perfect description.

This sale is made subject to a prior deed of trust to J. L. Simons, trustee dated November 7th, 1917 and duly registered in Book L-12 at page 394 in the office of the register of deeds of Pitt county, the amount due will be announced on day of sale.

This June 5th, 1923.

J. R. & J. G. MOYE, Mortgagees.

J. E. Nobles, owner of debt.

Evans & Flanagan, Attys. 5 11w 4w

What is the Message of Your Monogram?

The monogramic motif of the Spring which once confined itself to the pocket has spread boldly over the entire surface of this frock, which was characterized by its Parisian sponsor, M. Henri Creange, as "simple and quite convenient for footing."

So far, the monograms on the Spring clothes are quite casual in their significance. The broken Japanese lines might be anyone's initials. But if we are going in for it seriously perhaps messages may be developed in the scattered motifs, for him who runs to read.

Aside from its hieroglyphics the costume in the drawing is sweetly unadorned. Tan crepe de chine with black printing it is, except for the plain bands of tan crepe de chine. The narrow dark bands are black taffeta ribbon, which extends conveniently to tasseled ends at the neck and ties around the one-piece chemise dress to make a belt. One little pocket only, a collar falling back from the V neck and short kimono sleeves complete the ensemble.

SKETCH BY WENZEL

Notice!

Talks on Osteopathy

By DR. F. FITTS

DEFENSES OF YOUR BODY

Down through the center of the spinal column must travel all the nerves that direct the defenses of your body in their campaign against disease.

The health and freedom of those nerves determine your resistance to sickness.

When a weakened muscle, a fall or a wrench cause the delicate bony structure of the spinal column to slip from a normal position, the nerves within are pinched and pressed upon.

Then begins a lowering of resistance by the shutting off or nerve energy.

It is the correction of this fundamental cause of disease that makes Osteopathic treatment so valuable for any form of sickness. Correct the spinal structure and Nature cures the ailment.

When you think of Osteopathy remember that it removes the fundamental cause of disease.
