

Dr. Charles O'H. Laughinghouse, one of the leading physicians of Pitt County and an active citizen in all forward movements throughout this section is being urged by hundreds of friends in various sections of North Carolina as the next State Commander of the American Legion. This annual convention of the organization meets in Rocky Mount today. The election of officers will be held tomorrow.

Dr. Laughinghouse is not only supported by the full strength of the Pitt post, but delegates from other units have voluntarily offered to vote for the Greenville physician. He possesses all the essential qualifications to give the office distinguished service. His experience in the World War and close contact with all Legion movements has given him direct insight to further LEGION NEEDS.

He left the military service with an outstanding record. Dr. Laughinghouse is popular throughout the state by reason of his activity in Legion affairs and when his name is presented to the convention it is certain to strike a responsive chord. Ninety seven per cent of the delegates as the delegates will come to know.

TOKIO CLEARING UP DEBRIS; RUSH FOOD SUPPLIES TO CITY

Japan Plans To Re-Build Great Capital On Ruined Site

TOKIO, Sept. 12.—Street car employes have been mobilized to clear the tracks of the burned street cars and an army of workmen are engaged on repairing buildings to make them habitable for refugees and the thousands of homeless.

For some months large foreign establishments with branch houses in Tokio and Yokohama have been considering transferring their business to Kobe and Osaka. Since the earthquake there is little likelihood that any of these concerns will re-open in the cities of the stricken zone.

On top of this determination comes the announcement by officials of the Japanese government that a greater capital than before will rise out of the ashes and ruins of Tokio. The supply of food continues to increase and the rations now apportioned to sufferers includes fresh food. The government will spend huge sums in the work of not only alleviating the distress of its people, but in rebuilding.

Mussolini Adopts Famous Castle For Summer Home

ROME.—The Castello di Sagallo, once the famous fortress and the property of the great Colonna family, has become the summer residence of the Fascist Premier, who comes to his office every morning by motor.

The medieval castle, was owned by the Colonna family when their estates were confiscated by Alexander VI, in 1501. The Castello of Sangallo eventually came into possession of Lucrezia Borgia's daughter and her second husband, Alfonso of Aragon. Alexander VI added to the castle but all of the property was later returned to the Colonna family.

Once again the Colonna family lost the Castello of Sangallo but recovered it when the people of the district revolted in their favor. The castle was later sold to Clement VIII for 400,000 ducats and it remained in the possession of the church until 1831 when it was sold for the same price to the Borghese family. It became state property in 1870 and since then has passed into various hands and now is in sore need of.

SMUGGLE CHIEFS INTO LOWER CALIFORNIA

MEXICO CITY.—Hundreds of Chinese are being smuggled into Lower California in defiance of the law, according to a complaint received by the department of agriculture from Governor Jose Inocente Luga. He declares that these Occidentals, who carry great quantities of drugs, are landed on the desert shores south of Ensenada and, on entering centers of population, devote themselves to selling opiates. Scores of them, in trying to reach the populated districts near the American frontier, become lost in the deserts and perish miserably, he asserts.

Argentina Finds Oil

BUENOS AIRES.—The discovery of what are apparently rich deposits of petroleum in the province of Jujuj, Argentina, has elated industrial interests. Borings made under the direction of the administration of state railways resulted in striking oil at a depth of 530 meters. The well did not prove to be a gusher as at first reported, but a column of oil ascended the tub for a distance of 150 meters from which two tons were pumped in three hours.

DISASTER POSTPONES PRINCE REGENT'S MARRIAGE

Crown Prince Hirohito, Regent of Japan, will not be married this Autumn as had been planned because of the sorrow into which his country has been thrown by the earthquake. The young ruler was so concerned over the fate of his people that he announced the indefinite postponement of his marriage to Princess Nagako, daughter of Prince Kuni. The future Empress of Japan is in hearty agreement with her imperial fiancé. She is devoting all her time to alleviating the suffering of her countrymen.

PUBLIC RECEPTION FORMALY OPENING PITT COMMUNITY HOSPITAL EPOCHAL EVENT IN HISTORY OF WIDE SECTION

The formal opening of the Pitt Community Hospital last Friday was an important event in the history of Greenville, Pitt and adjoining counties.

There was abundant proof of the high value, with which people regard the new institution.

Cordial support and approval of its splendid equipment were voiced by more than 800 friends who called during the evening. New and old friends greeted the hospital staff with its splendid staff of 10 nurses and its excellent physicians with an assured welcome.

That Pitt county believes in its new institution of healing was evident. There is no way in which a community can be more benefited than in the establishment and continued maintenance of a hospital. It comes second only to churches as a moral and physical endowment of a community and its economical value is incalculable.

It is no exaggeration to state that every dollar expended for hospital purposes is returned to the community tenfold, not necessarily in dollars and cents, but in our more permanent and valuable assets of greater happiness, progress, health and comfort.

For years the need of such an institution has been far more pressing than the people of the county realized. Pitt has been distressingly backward in providing a place for its sick. At last the beginning of a far sighted policy is to be realized. This community is to be congratulated in now having a hospital with a future of which an intelligent and progressive people may be proud.

Officers of the corporation include: President—Dr. E. T. Dickinson; First Vice President, Dr. C. O'H. Laughinghouse; Second Vice President, Dr. W. H. Dixon; Treasurer, Dr. K. B. Pace; Secretary, Dr. W. I. Wooten. Directors: Dr. E. T. Dickinson, K. B. Pace, Dr. C. C. Garrington, Ayden. Dr. E. T. Dickinson is supervisor of the hospital.

Dempsey - Firpo Complete Heavy Training For Bout

SARATOGA SPRINGS, N. Y., Sept. 12.—With just enough work to keep his muscles loosened for defending his title against Luis Firpo, in the Polo grounds in New York City Friday night Jack Dempsey completed his training today.

ATLANTIC CITY, Sept. 12.—Luis Firpo who is to meet Jack Dempsey Friday night in a championship bout is confining his training to light work. It is declared that he is in perfect physical condition.

Tulsa Sees Early Raise Martial Law

TULSA, OKLA., Sept. 12.—Hopes of business men for lifting martial law were raised today, when it was announced that Governor Walton, would visit the city and make a personal investigation of conditions.

Big Dis'gible in Hangar

LAKEHURST, N. J., Sept. 12.—The giant airship ZR-1 lay in a hangar today with every stay and wire in her frame as taut and in as ship shape as when she started on her record trip of 11 1-2 hours.

60,000 Bodies Of Quake Victims Cremated In Tokio

WASHINGTON, Sept. 12.—The bodies of 60,000 dead had been cremated by the authorities in Tokio up to mid night of Sept. 8, the Japanese Minister of Foreign Affairs said in a telegram received here today at the Japanese Embassy. The number of bodies still unrecovered is probably very great, it was added. The casualties in Yokohama are estimated at 110,000, or one quarter of the entire population, and many more dead were said to be unaccounted for in outlying districts.

An official investigation, it was said, shows that in Yokohama, of 3,000 foreign residents, 100 were killed, including 50 British and 20 Americans.

Mrs. Katie Lassiter Given Divorce Decree

Mrs. Katie Tunstall Lassiter, was granted a divorce from her husband Roy Lassiter in the superior court yesterday.

J. L. Perkins, claiming damages from the Atlantic Coast Line was given a judgment for \$80. In the suit of R. V. Keel against W. O. Clark, \$100 judgment for plaintiff.

MORE THAN MILLION DEAD HURT, MISSING IN JAPAN QUAKE

OSAKA, SEPT. 12.—What is reported as a complete compilation of the dead, injured and missing in the disaster following the series of earthquakes and tidal waves is now figured at 1,366,749. It is also estimated that more than 300,000 houses were destroyed.

TOKIO, SEPT. 12.—It is asserted that the dead, injured and missing in the recent horror claimed 150,000. Groups of bodies are found piled in heaps in various spots throughout this district. Dysentery is prevalent.

BOARD OF ALDERMEN TO DIRECT PROPERTY BE APPRAISED BY MAYOR

At a recent meeting of the board of aldermen a motion was adopted directing the mayor to have all city property, including buildings and grounds, school buildings and grounds, paved streets, water and gas mains, etc., appraised. The superintendent of the Water and Light Commission requested the ratification of a contract with Bethel to furnish electric current to that place from the Greenville plant. It was agreed to. Following discussion the recent request of the Water and Light Commission to install an electric wiring department was left to the discretion of the commission.

Reports of the city treasurer, clerk, police and fire chiefs were approved. All current bills approved by finance committee. A motion was adopted requiring the removal from the streets by owners of all gasoline and oil pump equipment not in use. F. A. Haskins, was authorized to attend the convention of fire chiefs in Richmond. E. W. Harvey was appointed assistant building inspector. He is to serve without salary. A petition to erect a filling station on the Munford property at Five Points was adopted. The board authorized the purchase of 200 copies of a handbook of Pitt county compiled by Henry T. King, at 25 cents per copy. The volume represents wide research and contains historical information together with data on the possibilities of development and inducements offered to settlers. The book treats the county by townships.

It is an abstract, as recorded by city clerk on the minutes of the proceeding, covering the granting of the filling station petition.

"Motion made to grant petition provided that building erected would be first proof in accordance with the state insurance and building laws."

After considerable discussion the vote being called for and several aldermen voting in the affirmative and none in the negative, motion declared adopted.

"Motion then adopted repealing ordinance of Nov. 2, 1922 prohibiting filling stations in fire districts and school zones."

"Aldermen Vandyke then moved that permission granted for the erection of filling station at Five Points be amended by adding a proviso there-to requiring a walk or pass way leading from Evans street to Dickinson Avenue to run between the filling station and the Munford house and that same should be at all times kept open and maintained for the use of school children and the public so long as said lot be used for the purpose of filling station. On this motion the Mayor called for a record vote, and two aldermen having voted in the affirmative and three in the negative motion was declared lost."

L. L. Hearne, to whom above petition was granted offering to safeguard the public in every way said: "I hereby petition your honorable board to grant me the privilege of erecting and maintaining a gasoline motor filling station on the Munford property at Five Points at the intersection of Evans street and Dickinson Avenue, the building and equipment to comply with the town's rules and regulations. If granted the privilege I will gladly comply with all require ments of your City officials as to traffic and other necessary precautions for safety for all concerned, and further agree to erect and maintain only a high-class convenient service station."

L. L. HEARNE.
Later aldermen Forbes and Clark reported present.

Battleship and Big Steamer In Collision

SAN PEDRO, CALIF., Sept. 12.—The battleship Texas en route from San Francisco to San Pedro collided with the steel steamer Seafarer, 14 miles off point Arguillo at 6 a. m. today, according to advices received here. The collision occurred in the vicinity of where seven naval destroyers went on the rocks last Saturday. The liner is in no immediate danger.

Illinois Restores Court Where Lincoln Pleaded

SPRINGFIELD, Ill.—Restoration of the old court house at Metamora, Woodford county, last remaining building in which Abraham Lincoln pleaded cases in the old circuit days, with Adlai Stevenson and Robert Ingersoll, has just been completed.

E. S. Martin, supervising architect of Illinois, who has been studying historical spots and buildings for years had general charge of repairing and restoring the structure which had been changed so much that Lincoln, were he to have seen it would not have recognized it.

The original lines of the courthouse, according to Mr. Martin, were very good. It was built on the classic models so often found in New England and Virginia—portico of four doric columns surmounted by a tower and belfry.

LEGIONAIRES IN ROCKY MOUNT FOR BIG MEET

ROCKY MOUNT, Sept. 12.—The department of North Carolina of the American Legion opened its annual state convention here today. The meetings will be addressed by Major General Lejeune, United States Marine corps and General Frank Hines, of the Veterans bureau. Election of officers will be held tomorrow.

R. P. Hobson, Noted Lecturer Is Dead

ASHEVILLE, Sept. 12.—Richmond Pearson Hobson, former congressman from Alabama and naval officer died here today, after an illness of two weeks from a complication of diseases. He was 71 years old. He attained world wide renown when he sank the Merramac in Santiago harbor during the Spanish-American war in an effort to bottle up the Spanish fleet.

Form Ministerial Alliance.
GREENSBORO.—At a gathering here this week of about 20 ministers of First Baptist church of the Piedmont section of the state the Piedmont Baptist Ministers association was formally organized. Rev. W. E. Goode, of Reidsville, was elected president, Rev. Charles E. Stevens, of Greensboro, secretary and treasurer.

Packer's Son Is Killed While Fighting Bull

F. Edison White Jr.

F. Edison White Jr., of Chicago, youthful son of the President of Armour & Co., while hunting on his father's estate, near Chicago, was set bulls and was accidentally shot to death by the discharge of his gun, which he clutched to beat off the enraged animal.

France Ready To Hear New German Indemnity Offers

PARIS, Sept. 12.—Having informed Berlin that the constitution cannot be changed since the reparations deadlock, the French government is waiting developments of the reproach ment rumor emanating from Berlin, which it is believed is being circulated to attract press expression.

It was learned today that President Poincare was ready to consider any well defined Germany proposal after the obstructionists have ceased interference, that will clarify the reparations problem.

Indian Wears "Cady" That Saves Baldness

WASHINGTON, Sept. 12.—If the pale face man will tear the crown out of his hat and wear only the brim as a sunshade for his eyes, bald-headedness in a single generation will become obsolete, according to the prediction of Chief White Dog of the Glacier National Park Blackfoot Indian Reservation, who urges the Indian department to spread this gospel.

Indians of this tribe who are inclined to take to the white man's head-gear are heeding White Dog's warning and are adopting the style of "sky piece" which the old medicine men effects.

"The hair needs air," This is White Dog's slogan.

Risorderly, Liquor Cases Up In Court

Elizabeth Burnett, charged with disorderly conduct and using abusive language was held for county court on charge and fined \$20 on another court. For being drunk W. H. Jones, court. For being drunk W. H. Jones, was assessed \$10 and cost. Archie Wooten for speeding a bicycle on the sidewalk paid the cost. William Tetam, colored, for receiving and possessing intoxicating liquor was held for the county court.

Filipinos Revive Quarrel With Wood Over Island Policies

MANILA, Sept. 12.—The controversy between Governor-General Leonard Wood and nation government officials was revived last night when Manuel Quezon, president of the Philippine senate and Manuel Roxas, speaker of the house of representatives, declared in public speeches their opposition against the taxation and other policies of Wood.

WAS ASKED TO LIE AGAINST HEADS OF UNIONS, HE ASSERTS

Falschhood Would Have Indicted Many Labor Leaders Claim

DECATUR, ILLS., Sept. 12.—Disclosure of a proposal which Col. Sam N. Hunter told the State Federation of Labor today, was made at Herrin that he testify to "lies that would have secured indictment of Gompers, Lewis, Walker, Farrington and Olander" on charges of conspiracy in connection with the Herrin riot, was the chief development in this afternoon's convention session.

"I told them, Colonel Hunter cried dramatically, "to go to hell!"

Without telling details of this proposal which he said until now "has been a secret" Colonel Hunter said the agents of the chamber of commerce approached him and outlined a plan whereby he was to testify that President Gompers of the American Federation of Labor, International President Lewis, State President Farrington, of the United Mine Workers, President Walker and Secretary Olander of the State federation had entered into a conspiracy to close the Lester mine at Herrin "by violence."

Mexico Stirs To Tales Of Buried Treasure

MEXICO CITY.—Hunting for buried treasure, and a revival of hidden wealth is noted throughout Mexico. The death of Francisco Villa in an ambush at aerial with the resultant disappearance of the fear that "dread outlaw's vengeance" if any of his supposed hidden hoards were discovered, is one of the causes of the revival.

From Acapulco comes a story of the discovery by an unnamed German of 15,000,000 pesos worth of gold and silver bars popularly reported to have been hidden by the Mexican revolutionary General Vicente Guerrero. He captured this bullion. It is said, from treasure trains hurrying from the Guerrero mines to Acapulco when it became plain that Spain's days of domination in Mexico were numbered.

An expedition has left San Pedro de las Colonias Coahuila, in search of several million pesos worth of bullion, jewels, money and other valuable objects reported to have been buried on 1914 by Villa somewhere along the arroyo road.

Germans Anxious Over Poor Crop Prospects

BERLIN.—Germany's food straits has reached what was called the "big man" stage in the Russian collapse. City folks must now travel to the country and get their foodstuffs, unless they want to pay the extortionate prices asked by food speculators.

Suburban trains are crowded by men and women carrying vegetables, milk, butter, meat and other supplies which local retailers in almost all under present conditions. Farmers who have food supplies that upon payment in foreign money, are retailers, must sell for German paper marks; their business is at a standstill.

A well-dressed man who was walking along Unter den Linden carrying an expensive gilet case, found himself recently the center of an envious group when his case burst open and potatoes rolled out over Berlin's most fashionable boulevard.

Trustee, to Meet.
RALEIGH.—The executive committee of the board of trustees of the University of North Carolina will meet Wednesday, Sept. 19, in the office of Governor Cameron Morrison, according to an announcement.

MUSSOLINI SWASHBUCKLER

Like some swashbuckler strayed from Medieval times, Mussolini, black-shirted Premier of Italy, with bludgeonings and head-breakings comes tearing through present civilization. He summons his cohorts like a Roman conqueror and is off to war. He has supreme power in Italy, has been coddled and pampered and has ruled as dictator, the only sort of rule that may be expected of his type. His way has been too easy, and now he has run amuck and attempts to extend the bounds of his dictatorship. So long as he remained at home, that was Italy's affair; when he essays the role of international bully, that becomes the business of the world.

The bad Greek business is being made worse. When Italy refuses to recognize the right of the League of Nations to make suggestions and decisions, she is spurning world regard and defying the sense of international justice of which the world still has a little. There was a Kaiser who spurned and defied the world.

The Mussolini argument that the present Greek government has not been recognized by any of the great powers and therefore has no standing at Geneva is fallacious. Nations and peoples, not cabinets and governments, compose the League and Greece was a member long before Gonatas came to power. However bloody may be Gonatas' hands the Greek people are entitled to ask and expect help in the hour of peril.

Italy was greatly provoked, for it is no little thing to murder five foreign nationals in uniform and upon the lawful business of their country. It is natural and just that apologies and reparations should be demanded for such an offense.

But Mussolini has gone too far and too fast. The roar of Roman guns today is not as the

clatter of Roman shields is a Caesar's day. Feudal warfare and seizure and bondage have been outlawed. Nor can a swashbuckler revive a code that includes rapine and arson and has for a motto "I seize what I want", without inviting world reproof.

BUSINESS IS GOOD

In the opinion of leading economists, experienced bankers and commercial agents, the business of the United States is in a healthy condition, on a sound basis and can be expected to continue so for the remainder of the year. There was during last month a marked improvement over the records for June and July, but all through the summer, business in nearly every line, kept well ahead of the figures for the corresponding period of a year ago.

There was for a time a fear that the unusual pace set in the early spring was too swift to be safe, but warnings were sent out in time, and all danger of general depression was avoided.

American consumption of goods manufactured in this country has shown a marked increase since the beginning of the year, and this has made up at least in large measure for the falling off of the country's trade with Europe. Despite the lack of European markets, the wheels of American industry have kept on turning out greater production than was ever before known. At the same time, there has been no great piling up of goods at the factories, as domestic purchases have been so large as to prevent and large accumulation of surplus stocks.

American manufacturers are, however, advised to keep close watch of European markets and not to let them go by the board, if this can be prevented. The high tariff raised against imports from Europe by the last Congress has had much to do with this reduction of foreign trade and has made the solution of this problem difficult, if not impossible.

There has been during the year a great development of trade with the South American republics, and these markets, long sadly neglected, are now proving profitable. Their value is certain to increase in years to come. The United States manufactures those products which South America needs for its industrial and agricultural development and which it can buy here cheaper than in any other market.

September business is holding up in good shape and with every promise of unusual activity. Employment is general and many large plants stand ready to take on extra men whenever they can obtain them.

The banks of the country are well supplied with funds to loan on legitimate enterprises, construction of new buildings is going on at a satisfactory rate and merchants have a right to look forward to good fall and winted activity.

Italy does not believe in the league of nations. It would not give it a chance to settle the dispute with Greece.

Be returned to said bidder when he returns the contract, etc., to clerk.
No bids will be considered unless accompanied by cash or a certified check for one hundred dollars.
A corporate surety bond will be required for the faithful performance of the contract to the amount of fifty (50) per cent of the total amount of the bid.
The right is reserved to accept or reject any or all bids, or to accept the bid or bids deemed best for the city of Greenville, N. C.
By order of the mayor and board of Aldermen of Greenville, N. C.
This the 12th day of Sept., A. D. 1923.

D. M. CLARK,
Mayor.
W. C. DRESBACH,
Engineer in Charge.

NOTICE.
Under and by virtue of the power of sale contained in those two certain deed of trusts executed by C. D. Tunstall and wife, Brocine B. Tunstall, on the 19th day of April, 1920 to T. J. Moore, trustee, record of which will appear in the register of deed office of Pitt county in book Q-13, at page 421 and 9-13, at page 422, respectively and default having been made in the payment of the indebtedness therein described, the undersigned will offer for sale, for cash at public auction to the highest bidder before the court house door in the Town of Greenville, N. C., Saturday, the 13th day of October, 1923 at 12:00 o'clock noon, the following described parcels of real estate:

Beginning at an iron stake on Albermarle Ave., 42 ft. North from the N. W. corner of the kitchen at the farm home of J. S. Tunstall and running thence North with Albermarle Ave., 42 ft. to an iron stake 129 ft. from Virginia Ave., thence E. 135 ft. to the right of way of the A. C. L. Railroad Co., thence S. along said right of way 42 ft. to a stake, then in a Westerly course 135 ft. to the beginning on Albermarle Ave. The lot herein conveyed being the same upon which there is now located a dwelling house and being the same lot conveyed to C. D. Tunstall by J. S. Tunstall and wife, Nov. 9th, 1915, by deed recorded in book C-11, page 313, reference to which deed is hereby made.

Also the following described parcel: Being on the East side of Albermarle Ave., at a stake, 87 ft. from the S. E. intersection of Albermarle Ave., and Virginia Ave., running thence in an Easterly course 132 ft. to the right of way of the A. C. L. thence in a Southerly course with the said right of way 42 ft. to a stake on the East side of Albermarle Ave., thence in a Northerly course 42 ft. to the beginning, being a part of the property conveyed to J. S. Tunstall by C. T. Munford and wife, and by J. S. Tunstall and wife to C. D. Tunstall by deed recorded in C-11, page 313, reference to which is hereby made. Both of said parcels, being situated in the Town of Greenville, N. C.

This 12th day of Sept. 1923.

NOTICE TO CONTRACTORS.

North Carolina, Pitt County.
Sealed bids for the construction of a cement concrete pavement on west Fifth street from Latham street westwardly to Tyson street, Greenville, N. C., will be received by the City Clerk for the Mayor and Board of Aldermen of said City up to twelve o'clock noon on Thursday, Sept. 20th, 1923, and will be opened at said time at the City Hall by the Mayor and Board of Aldermen.
The work will consist of laying approximately 2960 square yards of cement concrete pavement (reinforced) together with the necessary grading for the same.
Plans and profiles, contract and specifications together with full instructions to bidders may be obtained from the City Clerk's office of Greenville, N. C., at the City Hall, upon payment of five dollars, which shall

Mr. and Mrs. E. L. Baker left yesterday for Windsor to join in the celebration of the fiftieth anniversary of Mrs. Baker's parents, Mr. and Mrs. J. A. Davis.
Misses Virginia King, Francis Taft and Elizabeth Gaskins left this morning for Greensboro where they will attend school.
Messrs. W. A. and J. F. Bowen returned last night from New York where they have been purchasing their fall and winter stock.
Mr. and Mrs. S. T. White and daughter Helen have returned from New York where they have been spending several days.
Mr. George Lay, of Winston, was in the city today.
Mr. H. A. White has returned from a few days stay in Norfolk.

GOLDEN WEDDING.

On the morning of Sept. 11 Mr. and Mrs. J. A. Davis of Windsor, N. C. were given a surprise when their children all came home from various parts of North Carolina and Virginia to celebrate their fiftieth wedding anniversary.

A buffet luncheon was served which had been prepared by the children. The dining room was tastefully decorated in golden glow, yellow lilies and tapers; the centre piece being a wedding cake decorated in gold with the names and date of their wedding. Each of the children presented them with a piece of gold money. Those present were Mr. and Mrs. J. A. Davis, Mr. and Mrs. A. K. Davis and daughters, Margaret Kemp and Inez Windsor; Mr. and Mrs. A. G. Davis and son A. G. Jr., Windsor; Miss Sarah Davis, Windsor; Mr. Groves C. Davis, Newport News, Va.; Mr. and Mrs. Roy Davis, Warrenton, N. C.; Mr. and Mrs. E. L. Baker, Greenville, N. C.; Mr. and Mrs. P. B. Davis, Windsor; and Mr. E. B. Davis, Greenville, N. C.

Card of Thanks.

We wish to sincerely thank our friends, neighbors and relatives for the assistance rendered for the beautiful flowers, and for the sympathy shown us during the bereavement of our little son Edward. We also desire to thank the pastor and singers for their service.

MRS. & MRS. JUNE BARNES.

Satisfactory Plastering

It is most important that your plastering be done by experienced and reliable plasterers. Cracking, falling and uneven walls are a nuisance and unpleasant.

Let us figure on the cost of plastering your home and you will be thoroughly satisfied in the work done.

door in Greenville, to the highest bid of July 1923 Hon. J. Lloyd Horton, resident Judge of the Fifth Judicial District of North Carolina, signed an order for cash, the following described real property, to-wit:

That certain tract or parcel of land being situated in the county of Pitt and State of North Carolina, and in the Town of Ayden, and described as follows, being Lots Nos. 14-16 and 18 in the subdivision of the A. L. Harrington property known as Sunrise Park, as shown by survey being now of record in the office of the Register of Deeds of Pitt county, N. C., in Map Book No. 1, page 109 to which reference is hereby made for full and complete description of said Lots Nos. 14-16 and 18, said lots being situated on the North side of the Boulevard and on the west side of cemetery street in the Town of Ayden, Pitt county, N. C., and being the same property set out and described in that certain deed of trust executed by John C. Humphrey and wife Appie Humphrey to M. E. Roberson, trustee, dated July 1, 1922, and recorded in Book K-14, pages 518 and 519, in the office of the Register of Deeds of Pitt county.

This sale will be made under a decree of the superior court of Pitt county made in the above entitled civil action. This the 20th day of August, 1923. F. C. HARDING, Commissioner. 23 1tw 4wp

Dodge Brothers Cars

Attract Large Crowds

Judging by the number of persons visiting the salesrooms there is an exceptional amount of interest in the improvements recently made in Dodge Brothers Motor Cars. Crowds have been coming in steady streams since the new cars went on display several days ago and the most enthusiastic comments on all sides as well as a large number of sales.

The appearance of the complete line of cars including the touring, roadster, coupe, two types of sedan and 34 ton commercial cars has been materially improved chiefly by lengthening and lowering the body. Various other refinements have been added with the result that the cars will doubtless be in greater demand than ever before.

TRAVELERS PUZZLED STRANGE COURSE FLORIDA RIVERS

TALLAHASSEE, Fla.—The traveler in West Florida, unfamiliar with the scenery of that section, should prepare himself for some curious freaks of nature. Otherwise he may waste unnecessary time groping for an explanation of the strange behavior of three of the state's rivers. The old pea and shell game expression, "Now you see it and now you don't" applies to parts of all of them.

A description of these streams, has been written by W. A. McRae, commissioner of agriculture, who quotes a young man who has spent his life on the banks of the waterways. The substance of it follows:

The Wacissa rises in "Beautiful Springs," near Thomas City, on the Tallahassee Southeastern Railroad, not far from the state capital, and flows due south to within three miles of the Aucilla river, where it disappears underground and then reappears in the Aucilla. Loggins have cut a small canal from the point of disappearance to the Aucilla.

The Aucilla rises in Georgia and flows in a southwesterly direction, forming the eastern boundary of Jefferson county, Florida. About three miles south of where the Tallahassee Southeastern forms a junction with this river, the Aucilla sinks and runs underground in a winding way for possibly 12 miles, rising about three miles north of where the Wacissa comes into it from below the earth.

The course of the river is traced by sink-holes, and it can be seen plain ly. As proof of this, an object dropped into the stream where it first sinks is seen to rise and pass through the various sinks to the point 12 miles below where it finally comes to the surface.

APPAREL OF BOY SHOULD MATCH HIS INDIVIDUALITY

Long has it been an accepted theory that the face of the American boy reflects his personality, his character and his disposition—that a certain face matches a certain character.

Comes now the announcement that the wearing apparel of the boy should match his face, his complexion and his personality and that the better this match the better the boy, the more happy and the more satisfied.

A certain style and color of blouse or waist is just the thing for one type of boy while a different plan must be followed with a boy of another type, is the decision reached after lengthy research by designers for one of the biggest

concerns in the country that produces apparel for boys, the Kaye Co. of Cleveland, O.

In the past, words such as "style" and "individuality" have been thought of as being wholly feminine, but designers now claim the Great American Boy is fast depriving these words of any such distinction.

Some time ago in an effort to standardize the size of their blouses this Cleveland company had the physical director of the Cleveland public schools measure 1,500 boys between 6 and 16. He found that in one size there was a variation of 7 inches in waist measure, and that other sizes varied even more. As the sizes varied, so did the characteristics of the boys.

Different types of boys were brought in from a near-by play-

ground, and attempts were made to find suits which would bring out the good points in each boy.

During this experiment it was found that color played an important part in deciding whether a special style suited a boy.

It was found the blonde youngster might look well in a suit of one color while the same style in another color would not express the boy's personality.

With this knowledge it has been possible to turn out suits adapted to special types of boys. The blonde, the brunette and even the freckled-faced, red-headed youngster can now find the suit that will make him stand out as individual.

With this theory it is easy to see that no two boys pictured above would "fit" the same style of apparel.

An amendment to the charter of the Spinners Processing company, authorizing an increase in capital stock to \$600,000, has been granted.

Work Starts On Moffatt Tunnel Through Rockies

DENVER—With the funds financing the construction of the Moffatt tunnel through the Great Divide delivered to the New York buyers, the actual work on the big bore already has been started. Despite the fact that prospective bidders for the construction work were granted a delay

which to prepare their estimates, work at the tunnel site has not been postponed, according to President William P. Robinson of the tunnel commission.

The tunnel will be well underway before snow flies, President Robinson said. "Eighty men are employed, about 40 at each portal. The camp is nearing completion; a water system is being installed which will be adequate for all purposes, and a preliminary power plant is being set up. All of these works are to be taken over by the successful bidder, and will have saved him time in his start before winter sets in. After

that the work can proceed without hindrance."

Berlin Women Law-Abiding
Berlin—Women break the law in Berlin only one-sixth as much as men, according to Berlin police statistics for June which have just been made public. The total number of arrests was 14,979 and of these only 2,583 were women.

Firpo Stands To Clear \$100,000 Win Or Lose

NEW YORK—Fugate annals record no more meteoric rise to fame than that of Luis Angel Firpo, swarthy Argentine, who has climbed in 18 months from obscurity to challenger for Jack Dempsey's title in a 15-round match at the Polo Grounds September 14.

A year and a half ago, Firpo—rude, awkward and a third-rater in the heavyweight scale—got \$300 for his first bout in the United States. When he battles Dempsey he will reap a golden harvest of at least \$100,000, win or lose.

Associated Press

GERMAN EXILES MAY SETTLE IN WEST INDIAN ISLANDS

LONDON—The Dutch West Indies may become a place of refuge for exiled members of the German nobility. These colonies, consist of the Islands of the Curacao group, off the shores of Venezuela, and Dutch Guiana, on the north coast of South America. Representatives of such exiles have been looking for a suitable country where property might be purchased without undue criticism, and depleted capital laid out to advantage.

Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter, and consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Theford's

BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.

"In two or three weeks, I found I could go back to eating. I only weighed 133. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."

Have you tried Theford's Black-Draught? If not, do so today.

Sold everywhere.

NEW RENDERING OF BIBLE TRIED FOR CENTURIES

CHICAGO.—While ministers and laymen are discussing the translation of the new testament by Professor E. J. Goodspeed, University of Chicago, into every day English, a long row of ancient Bibles at the Newberry Library here, offers evidence that the same controversy has been going on at least 600 years, according to Pierce Butler, authority on early printing.

The Newberry contains virtually all the originals on the subject of how the Bible should be rendered in English. Many of them are suggestive of the old days, when translating the Bible did more than cause criticism of the translators.

The first one published in English was Wiclif's new testament, 1380, manuscript of which are extremely rare. The only reason that Wiclif died in his bed was that he had so many followers that nobody dared touch him, said Mr. Butler. Like Professor Goodspeed, Wiclif and his disciples wanted a translation in every day speech.

This is an explanation from the 60 page defense of the plan which appeared in later editions: "First it is known that the best translation is out of Latin into English, to translate after the words, and not open after the words, so that the sentence be as open, either openere, in English as in Latin, and go not fer fro the lettre."

Sale Of German Relics Recalls The World War Days

HONOLULU.—Memories of the world war were revived here recently with the opening and official sale of trunks, boxes and bags of German sailors who were called from merchant ships here to serve aboard the German cruiser Nurnberg, which sailed from this port shortly after the declaration of war by Germany. The cruiser went down with all hands in the battle off the Falkland islands on December 8, 1914.

When the German sailors, all naval reservists, left Germany aboard their various vessels—the Pommern, Setes, Prinz Waldemar, Holstia, and others—they carried with them pictures of home groups and many trinkets, which came to light when the luggage was opened preparatory to auctioning off the contents. The bags also contained mementoes of many far lands—Java, India, the Straits Settlement, China, New Guinea and Borneo.

STATE CHARTERS.

RALEIGH, Sept. 12 — Charters have been issued to the following corporations by Secretary of State W. N. Everett:

Englewood, Incorporated, Winston-Salem, a real estate concern, with authorized capital stock of \$100,000, of which \$300 has been subscribed by J. A. Bolich, Jr., Frank A. Staggs and R. C. Vaughn, all of Winston-Salem. Dunn Service, Incorporated, Mount Holly, gasoline and oil filling station for automobiles, with authorized capital stock of \$25,000, of which \$1,500 has been subscribed by F. H. Dunn, J. W. Holland and J. J. Stewart, all of Mount Holly. The Hertford County Mutual Burial Insurance Society, of Murfreesboro. The corporation, which has no capital stock, was organized by a group of Hertford county negroes.

BOLSHEVISTS LED HERRIN MASSACRE NON-UNION ILLINOIS MINERS, IS CLAIM

NEW YORK, Sept. 12.—Eighty-six Lithuanian Bolshevists led the Herring massacre of non-union Illinois miners, the United Mine Workers of America charges in making public today the third of a series of articles exposing an alleged plot by Moscow Communists to gain control of organized labor in the United States and Canada, stage a revolution and overthrow the existing governments.

The mob leader—67 of them—were members at Herring of the Bolshevik Lithuanian branch of the Communist party of America, according to the miners' article, 19 other members of the same party were imported as agents to foment the attack on the strip mine of the Southern Illinois Coal Company which culminated in the violent death of 22 men in June last year.

Carefully Planned.

"This revolting, inexcusable, crime was forethought, promoted and caused solely by communists," says the writer. "It was a carefully planned affair, schemed with all the diabolic cruelty and disregard for law that characterizes the Communist movement."

William Z. Foster, promoter of the "one big union" idea in America, is alleged to have been the dominating

THE HUMAN ELEMENT.

Nothing can take the place of the Human Element. No organization can afford to be cold, indifferent and repellently professional. It is the aim of this bank to give Personal Attention to every customer and have a Personal Interest in his account.

THE NATIONAL BANK OF GREENVILLE

J. L. Little, Pres. F. G. James, Vice-Pres. J. Forbes, Cashier. Chas. James, Asst. Cashier

figure in events preceding the massacre, numbering among his aides Jack Carney, Chicago editor of the radical Voice of Labor, Nick Dozenburg, Carney's business manager, Arne Swaback, of the central executive committee, Communist Party of America, Oscar Larson of the Young Communist League, Gus Fraenkel, "Red" worker among rail employes, Charles Krumbein, district Communist official, and Nels Kjar, convicted in Chicago courts for conspiring against the government during the war.

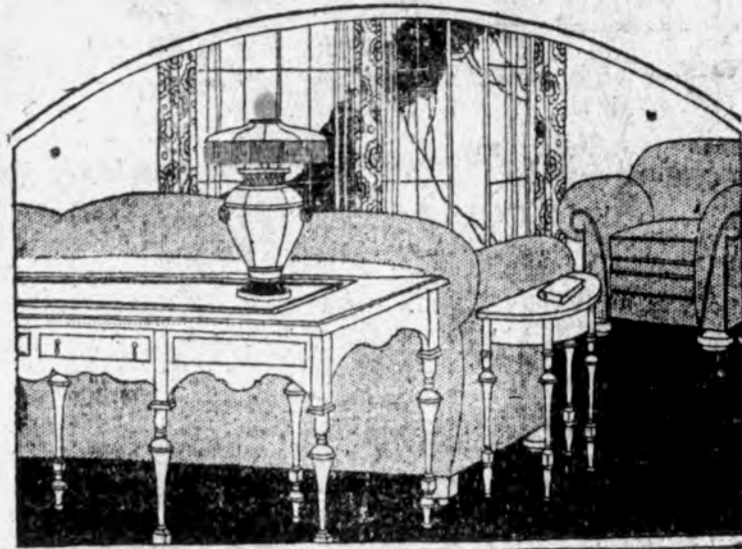

Story of Massacre.

The author's history of the massacre follows:

For more than seven weeks preparations had been in progress in Franklin and Williamson counties to bring about the attack upon strike breakers and armed guards at the strip mine. Violence and disorder were rampant in southwestern Pennsylvania. Communist groups in New York, Cleveland and Chicago were active in their efforts to cause the strike in southwestern Pennsylvania to expand into a great revolutionary movement in which the original causes first the cessation of work in

the mines would be but a part of an armed insurrection having for its purpose the establishment of a Bolshevik dictatorship in this country and enforced recognition of the Russian dictatorship and the Communist International, would be brought about.

The DELCO-LIGHT Man is ready NOW to install your DELCO-LIGHT Plant COMPLETE

only \$539.50

UNEQUALLED installation facilities, including a nation-wide organization of over 4,000 installation men, make it possible for Delco-Light with their quantity production to set the lowest price ever announced for an electric light plant completely installed.

And—it is highly important, in purchasing any lighting plant that you know the installed price.

The installed price for the most popular size Delco-Light plant includes not only the plant itself—it includes the freight; it includes the actual installation.

None of this plant (it includes the standard Delco-Light Excite Battery composed of sixteen large capacity cells, built for long life, with extra thick plates and heavy glass jars; the wiring of your house for ten lights to be located anywhere you wish; one power outlet wherever you may want it; a standard set of ten drop lights with sockets and the installation of these lights; and ten standard electric light bulbs—the complete installation ready for you to turn on the lights.

This is the way to buy your electric light and power plant.

Terms So Easy You Cannot Afford To Be Without One
