

Aaron Sapiro, who wears the title of general counsel of the National Council of Farmers' Cooperative association, well known to Pitt county and other farmers in the tobacco belt for his misleading "counsel" because of his alluring and unfulfilled promises made in behalf of the Tobacco Growers Cooperative association has left his Pacific Coast base of operations long enough to tell dairymen how to conduct business.

In a talk the other day before a dairying group he told how successful the cooperative movement had been in Denmark in the distribution of dairy products. By way of comparison with other staples and commodities he cited the "success" of tobacco growers had, and were having by pooling their product. If he made that statement he evidently did not have in mind Eastern Carolina tobacco farmers!

Sapiro is accredited to paying special attention to the marketing of "cheese." He ought to shine when it comes to talking that food-stuff. Some of his statements and promises approach the heavy odor that makes two or three foreign brands of cheese outstanding. It is fortunate that he has struck his stride—CHEESE. It is believed a great many will concur in the conclusion that he is an animated chunk of it.

NEGROES GUARDED BY TROOPS WORK AT SPRUCE PINES

No Signs of Hostility Evidenced As Nine Resume Their Jobs

SPRUCE PINES, N. C., Oct. 2.—A squad of state troops guarded nine negro laborers who went to work this morning excavating near the Carolina & Clinchfield railroad. They constitute the first group brought back to resume work since all the negroes in the town and vicinity were driven out by a mob last Wednesday.

There was no demonstration or signs of hostility towards the blacks as they proceeded in excavation work for sewer and water lines. That the scene has blown over is shown by the action of military authorities in placing only a small guard over a wide territory. Another group of 25 negroes was expected late this afternoon.

Several warrants have been issued for the alleged leaders and participants in the mob. It was said today that they would possibly be served tomorrow. A picturesque crowd is coming into Spruce Pines to attend the Tolcan fair. Mountain folks are arriving on horseback, covered wagons and on foot. A number of visitors are here from over the Tennessee border and adjacent counties. The largest crowd was expected to attend the event Thursday.

"Bronchos" Defeat "Blue Devils" 12 to 0 In First Grid Clash

In a hard-fought game on the Fair Grounds gridiron, the "Bronchos" of Troop Two defeated the "Blue Devils" by the score of 12 to 0. The feature of the game was the work of Forbes at quarter for the winners. He scored both touchdowns for his team and handled his men well. The entire backfield of the winners worked well and made consistent gains while King showed up best in the line. Perkins and Tripp covered the ends and got away with several forward passes.

For the losers, Curry and Best did the best work. Both teams of youngsters showed promise, of turning out material for future high school teams.

St. Louis Air Races To Be Held Oct 4-6

ST. LOUIS, Oct. 2.—Fears expressed that if rain would cause another postponement of the international air races scheduled to be held here Oct. 4, 5 and 6, that the Pulitzer race, the world's speed classic, would not be held this year, were dispelled today by Major General Mason M. Patrick, chief of the army air service, who declared the army fliers would remain here until the race was flown.

St. Louis Air Races To Be Held Oct 4-6

A similar statement was made by Admiral W. A. Moffett, chief of the naval bureau of aeronautics, regarding the navy's entrants.

The races were set for Oct. 1, 2 and 3, but a heavy rain Sunday drenched the field and officials postponed them.

EXPECT SMASH ALL SPEED RECORDS

Lt. H. R. Harris, Lt. J. D. Corliss, Lt. A. Pearson.

All speed records are expected to be broken in the International Airplane Race, for the Pulitzer Trophy, to be flown in St. Louis on Oct. 3, 4 and 5. Lieutenant Alex Pearson, U. S. A., will fly the tremendously speedy Verville-Sperry biplane for the Army, while Lieutenant J. D. Corliss, U. S. A., will pilot the Curtiss Racer. Lieutenant H. R. Harris will give exhibition flights in the Barling Bomber, the biggest airplane in the world, recently completed for the Army.

LIQUOR AND ASSAULT CASES, GUN 'TOTERS' BEFORE COUNTY COURT

Judge Cooper, in county court yesterday heard a number of liquor and assault cases together with various other charges from carrying concealed weapons to reckless driving. The cases were before the court: Jesse Vincent, selling liquor, 90 days on the roads; Fernando Glissom, larceny, guilty, judgment suspended two years, pending good behavior; John Willoughby, possessing gun, \$10 and cost; Bill Phillips, carrying concealed weapons, guilty, six months on the roads; Willie Green, larceny, guilty, sentence of eight months on the roads; R. T. Connor transporting liquor, fined \$25 and cost; Randolph McCoy, threats, not guilty. Prosecution witness J. W. Dupre, ordered

to pay cost. Fred Taft, assault, contumacious; J. T. Dupre, assault and battery, guilty, judgment suspended on payment cost. Mark Dixon, assault and reckless driving, acquitted; Herbert and Fannie Ross, assault with deadly weapon, fined \$25 and cost; David Grantham, same offense \$10 and cost; Herbert and Jimmie, Ross, same charge, judgment continued for two years on payment of cost. W. A. Bryant, was acquitted of assault; John Willis, Sam Willis, Gus Roberson, reckless driving, contumacious. Manning Barnhill and Sallie McBoyd, statutory offense. Barnhill pleaded guilty, judgment suspended; Robert Johnson, possession of liquor, continued.

POLICE BEHIND AUTOISTS WITH GLARING LIGHTS

Evidence that the motor dimmer law will be enforced by the police department was manifest today when Berry Bostic and Roy Kittrell, were before Mayor Clark, charged with displaying glaring headlights on their cars. They were both taxed the cost. C. B. Fancher, paid cost for parking his machine on paved street over night. It was the second time that William Moye, appeared before the court for being drunk and disorderly. Mayor Clark fixed the price at \$20 and cost.

According to police Roland Barrett, colored, after tanking up on high powered booze, decided he would make an attempt to hang up a new motor speed record. He failed to accomplish that objective, because of police interference. He was fined \$50 for his "effort" and \$10 cost being drunk and driving a machine while intoxicated. Joe Carson, colored, drunk and disorderly, \$10 and cost. W. J. Lassiter, colored, speeding, \$10 and cost. Jarvis Nelson, colored, paid the cost for turning horse drawn vehicle around in middle of street.

\$20,000 Cheyenne Scout Home

Cheyenne, Wyo., Sept. 29.—Boy Scouts of Cheyenne have what is declared to be the finest scout lodge in the world. It cost \$20,000 and was the gift of Harry P. Hynds of this city. It is located in the timbered

Twelve Klansmen Indicted in Louisiana

BASTROP, LA., Oct. 2.—Twelve persons against whom bills of information were filed several months ago by Attorney General Cocco, charging misdemeanors in connection with the hooded band activities in Morehouse parish which resulted in the flogging and disappearance of Watt Daniel and T. F. Richard on Aug. 24, last year, waived arraignment and entered pleas of not guilty in district court here today.

None of the defendants, which included Captain J. K. Skipwith, Exalted Cyclops of the Morehouse parish Ku Klux Klan, Dr. B. M. McKoin, former mayor of Mer Rouge, T. Jeff Burnett, former parish deputy sheriff and nine others, appeared on court but were represented by W. H. Todd, Bastrop attorney.

State Ginned Over 100,000 Bales of Cotton To Sept. 1

WASHINGTON, Oct. 2.—Cotton ginned prices to Sept. 25, totaled 3,251,394 bales, including 111,038 round bales compared to 3,866,396 bales including 76,958 round bales same date last year the census bureau announced today. Ginning to Sept. 1, 1,135,880 according to revised returns. North Carolina ginned 156,241 bales and South Carolina 191,986 bales, says the report.

GERMAN SECURITY POLICE HELD FOR RIOTING OUT OF EXISTENCE

DUSSELDORF, Oct. 2.—The security police of this city which has been formally charged with the entire responsibility of the rioting last Sunday in which more than a score were killed and 400 injured, was decreed out of existence today by the authorities of occupation. The dissolution of the force was announced by French headquarters here.

BERLIN, Oct. 2.—It was officially announced that the participants in the Kuestram revolt numbering about 400 men have been captured and disarmed. The rebels lost one and several were wounded. There was no losses among the troops, it was declared. In the opinion of officials here, the revolt served a useful purpose in demonstration that the government was prepared to put down any insurrection action.

AVERAGE FARM PRODUCT PRICES SHOW DECREASE, EXPERT SAYS

RALEIGH, Oct. 2.—Supplementing the report statement of an official of the United States Department of Agriculture that the difficulty with the farmer is that he is not getting a fair share of the national income, that the purchasing power of his products is not what it should be, W. H. Rhodes, assistant statistician of the cooperative crop reporting service, of the state Federal department of agriculture, today isued a statement giving the relative purchasing powers of farm products and other commodities.

"Taking the relationship between prices at the farm of farm products and wholesale prices of non-agricultural products," read Rhodes' statement, "we find that in July, 1923, the purchasing power of farm products expressed in terms of other products was 72 per cent of its value ten years ago (1913). In July, 1922 this was 60 per cent. This figure reached its lowest point between these two dates in September, 1922, when it was 64 per cent."

CANNOT ENFORCE DRY LAWS, SAYS BISHOP SCHREBS

WASHINGTON, Oct. 2.—A prayer for world peace during the period extending from Oct. 24 to Nov. 1 will be promoted over the country by the National Council of Catholic Women, under plans announced today at the organization's annual convention here.

Mrs. Michael Gavin, of New York, president of the council, announced the Bishops of the National Catholic Welfare council had commissioned the women to promote a period of prayer and that steps to carry out the plan already had been taken. The right Reverend Joseph Schrebs, Bishop of Cleveland, spiritual director of the organization, appealed to the delegates to work to make the prayer a success.

League Saved War Between Italy, Greece, Says Premier Baldwin

LONDON, Oct. 2.—Stanley Baldwin, the British Prime Minister, in addressing the Premiers of the British Empire at the opening of Imperial conference paid tribute to the work of the League of Nations in connection with the Greco-Italian dispute. If the League had not existed and acted as it did, there would have been war, he declared.

Premier Baldwin began his review of the empire's affairs before the conference with a sketch of the history of the reparation problem. It was noticeable that he made no allusions to the British government's view with regard to the legality or illegality of the Franco-Belgian occupation of the Ruhr.

He remarked that what he described as the "honest divergence of opinion" between England and France reflected a difference of temperament and outlook which would be foolish to ignore but, he added,

GREENVILLE HIGH AND WASHINGTON BISHOP SCHREBS TO PLAY ON FRIDAY

The second game of the gridiron season will be played by the Greenville high school squad against Washington high school next Friday here. Since the local team demonstrated its superior form against Goldsboro last week, it is expected that a large number of fans will be out to encourage the "Tigers" to another victory.

Interest in the eleven is constantly growing. It is becoming more apparent that Coach H. H. Duncan has developed a formidable grid machine that promises to keep the colors at the head of the column in the Eastern Carolina Football League.

Standing of the clubs follow: Greenville 1 0 1500 Smithfield 1 0 1000 Goldsboro 0 1 000 Kingston 0 1 000 Wilmington 0 0 000

Is Champion Rifleman of the World

Sgt. Morris Fisher

Sergeant Morris Fisher, of the United States Marine Corps, won the rifle championship of the world at the matches held under the auspices of the National Rifle Association, at Camp Perry, O. The match was fired at 300 metres, each man firing 40 shots from the standing, kneeling and prone positions. On this total of 120 shots Fisher scored 1,090 points, 17 points higher than the best previous record. The American team won the match with a score of 5,401, breaking the former world's record of 5,172, made by the Swiss team in 1912.

Dr. A. Lorenz Here With Recipe For Happy Marriages

NEW YORK, Oct. 2.—Adolph Lorenz, famous bloodless surgeon of Vienna, arrived today on the liner Rosalute, bringing with him the receipt for a happy-to-the-end marriage. Said the philosophic surgeon, who has been married many years:

"The best marriages are those where the man and woman know each other well before they enter wedlock. I waited seven years for Mrs. Lorenz though I do not think persons contemplating marriage should necessarily wait so long. Yet it is well to wait long enough to know something about each other's health and character."

Dr. Lorenz also said the man should be older than his wife.

Boosters On Trip to Promote State Fair

RALEIGH, Oct. 2.—To advertise the North Carolina State Fair here October 15-19, 100 Raleigh business men will leave here tomorrow morning on the "Stat. Fair Special" for a two days' trip on which they will visit 32 towns, at each of which they will speak in the interests of the fair.

The trip has been arranged by the Raleigh Chamber of Commerce. The party of business men going on it will be under the direction of John Parks, Raleigh newspaper publisher.

With the party on the "Stat. Fair Special" will be 17 speakers who will carry to their audiences in the various towns invitations to attend the fair and assurances of a welcome to Raleigh.

Rail Workers Seek Further Wage Boost

CLEVELAND, O., Oct. 2.—A movement by the four railroad transportation brotherhoods to regain the wages in effect on the various railroads of the United States in 1920—an increase of approximately 12 1/2 per cent over the present scale—is in full swing, the engineers having joined with the firemen, trainmen and conductor today. In addition, the firemen are seeking an \$8 per day minimum pay.

So far as known, this is the first time that a minimum daily rate of pay has been demanded by the transportation brotherhoods.

FOUR COUNTIES IN OKLA. HOLD OUT IN ELECTION TEST

Heavy Vote Expected In Move to Impeach Governor Walton

TULSA, OKLA., Oct. 2.—Two men carrying commissions from Governor Walton's military court were arrested at the court house today by city police. They were charged with carrying concealed weapons. The police announced that every armed person without a commission as a deputy sheriff would be thrown into jail.

OKLAHOMA CITY, OKLA., Oct. 2.—The special election at which will be decided whether the legislature shall meet in extra session to consider impeachment proceedings against Governor J. C. Walton, was moving regularly today.

Early reports indicated that the polls were opened throughout the state with the exception of four counties. Johnson county, it appeared, was the one where the threat of Walton is being carried out. There, 100 armed men held the election supplies and refuse to deliver any part to the clerk of the court, it was declared.

Unofficial advice at noon seemed to indicate that a heavy vote would be cast.

Capt. L. Cotton, Pitt Naval Officer Given Important Assignment

According to announcement by the navy department Capt. Lyman A. Cotton, son of Col. R. R. Cotton, of Pitt county, recently naval attaché to the American embassy in Tokio, has been assigned by Secretary of the Navy Denby, to be chief of the naval intelligence bureau of the department at Washington.

This is one of the highest and most responsible branches of the naval service and is a signal compliment to Capt. Lyman, as the office is usually held by an officer ranking rear-admiral. Capt. Lyman, was in Tokio during the recent earthquake, but escaped without injury. Before going to the Japanese capital he was naval attaché at Constantinople.

Harvester Company Protests Division Plan

ST. PAUL, MINN., Oct. 2.—Asserting that further division of the International Harvester company would result in making farmers pay more for their implements, attorneys for the corporation today filed in the United States district court here, and answer to the Attorney General's recent petition asking such division.

The company claimed that since the dissolution decreed by the war-time agreement with the government in 1918, the competitive conditions contemplated by the Sherman act had been made fully existent in the business.

Bandits Rob Jeweler \$100,000 in Diamonds

NEWARK, N. J., Oct. 2.—Two armed men today held up Henry Hirschberg, member of a Fifth Ave. New York firm of diamond merchants and his assistant, Walter Beal, in the doorway of the factory in Irvington, N. J., of Veighand and company, jewelry manufacturers, and escaped with diamonds valued at \$100,000.

The highwaymen forced Beal to give them a special vest he was wearing in the lining of which the gems were concealed.

Hirschberg and Beal had taken the diamonds to Irvington with the intention of selling them to the jewelry company, they told the police.

## "Hollywood," Novel Screen Production, Draws Big Audience

"Hollywood," shown at White's theater last night is just what its producers claim—essentially a novelty production. That outstanding feature is the secret of its charm and fascination. The public has been offered sufficient threadbare, overplayed, impossible productions having to do with love affairs. "Hollywood," refreshing because it is a wide departure from anything that has ever been attempted by the great studio masters. There is enough life, color and plot to the scenario to develop interest, and the human side of the story is real and not overdone.

Possibly its greatest claim to distinction is that it serves as a vehicle to introduce many of the famous stars of the silent drama. In that respect it also answers as a medium to visualize the life of the actors and actresses that have made the motion picture industry what it is. It moves fast and thought the time reels rings out unique and humorous situations.

It is a production that must be seen to be fully appreciated. The picture will be repeated again tonight. Capacity audience filled the house last night. Manager H. H. Jackson was warmly felicitated by numerous patrons for bringing the widely discussed picture to Greenville.

## Whirl of Girls and Milton Sills, Is Fine Program at Strand

One of the most enjoyable programs offered in Greenville this season was presented at the Strand theater last night. The bill included Gerrard's "Whirl of Girls & Milton Sills in 'On a Clear Call.'" The house was filled and performance pleased throughout. The vaudeville numbers are new and original. The dancing and singing of a bevy of pretty, clever girls put plenty of action into the tabloid show.

Harry (Slim) Williams, black face comedian knows his "stuff" and knows how to put it over. His sense of humor is lively and he convulsed the audience with laughter by local application of numerous quips of mirth. Williams is a native of Eastern Carolina. Manager Moye of the Strand announces there will be a complete change of program for the remainder of the engagement which extends through until Wednesday night. The vaudeville follows the picture. To those who want to see something different and highly entertaining this vaudeville feature will more than fill the requirements.

The first show starts at 7:30.

## Explodes Ancient Theory That Red Enrages Bulls

San Francisco, Oct. 1.—Waving a red flag before a bull has no more significance than waving a pink, green purple or white flag because bulls, in keeping with other animals, are color blind, according to Dr. G. M. Stratton, head of the department of psychology, University of California, Berkeley Calif. who has just completed a six months' investigation of the subject.

Dr. Stratton and his assistants waved red flags in the faces of bulls and other animals and the reaction was one of curiosity and not anger, he says. Black, white, green and yellow colors were tried, with the same results. After trying cows, calves, steers and bulls, Dr. Stratton says it is sure that the entire bovine family is devoid of color sight.

## INDS CHILD HAS NO SENSE OF PROPORTION

CHICAGO.—Children four years old have little or no sense of proportion, is the conclusion of Miss Stella McCarty, associate professor of education at Goucher college, following a test over a period of three years to gauge the natural artistic impulses of children between the ages of four and eight.

More than 40,000 drawings submitted from all parts of the United States were examined in the test, the result of which has been announced hereby the committee on conservation and advance of the Methodist Episcopal church.

## NO REASON FOR IT When Greenville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyances of urinary disorders, the pains and dangers of kidney pills will fail to read the words of a neighbor who has found relief. Read what a Greenville citizen says:

J. O. Evans, 200 E. 4th St. says: "I have used Doan's Kidney Pills at different times and know they have done me good. Several years ago I got Doan's when my back was giving me a lot of trouble. I had a dull aching in my kidneys and this bothered me. Sometimes in the morning my back was stiff and sore. When stooped a sharp catch took me but used Doan's Kidney Pills and wasn't used before my back was well. I really feel that Doan's did me good whenever my back gave me trouble." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Evans had. Foster-Milburn Co., Buffalo, N. Y.

## SALE OF REAL ESTATE.

By virtue of the power of sale contained in those certain deeds in trust, executed by Greene-Ferrell and wife, Milton, Ferrell, to J. B. James, trustee on January 9th, 1919, and recorded in Books T-12, page 514, and T-12, page 518, in the office of the Register of Deeds of Pitt county, default having been made in the payment of the notes secured therein, the undersigned will offer for sale at public auction to the highest bidder, for cash, before the court house in Greenville, N. C. at 12 o'clock noon, on

Monday, November 5th, 1923, the following parcels or tracts of land lying and being in Pitt county, Blyville township:

FIRST TRACT: Beginning on the Greenville, and Tarboro road at the southeast corner of lot No. 10 of the Piney Grove Farm, conveyed by deed by Annie S. Knight to R. A. Moore and wife, and J. R. Barnes and wife, and registered in book of maps No. 1, page 8, in the office of the register of deeds for the county of Pitt, thence running S. 62° and 06 min. West with the line common to lots Nos. 10 and 11 to Tar river; thence down the course of said Tar river to the corner common to lots Nos. 11 and 12 and runs south 59° and 20 min. west with the line common to said lots Nos. 11 and 12 to the Greenville-Tarboro road; thence runs N. 25° and

35 min. west with said road to the beginning. Containing 90 acres, more or less, and being lot No. 11 of the said Piney Grove farm, and being the same lot conveyed to Greene-Ferrell and wife, by J. R. Barnes and wife, April 17, 1915.

SECOND TRACT: Beginning at a point on the New road leading from Punny Hill to Sandusky at the dividing line between lots Nos. 9 and 10 in said division and running S. 63° and 50' W. with the dividing line between said lots Nos. 9 and 10 to Tar river; thence down the various courses of Tar river to the dividing line between lots Nos. 10 and 11 in said division; thence N. 62° and 6' E. with the dividing line between lots Nos. 10 and 11 to the said New Road to the beginning. Containing 73.25 acres, more or less. Being the same land conveyed to Greene-Ferrell by L. L. Williamson and wife, Addie Williamson, by deed dated January 7th, 1919.

This the 25th day of Sept., 1923.  
J. B. JAMES, Trustee.

Parent Teachers Association to Meet. The Parent-Teachers association of the Model School will meet at the school tomorrow afternoon at 3:15. All parents are urged to be present and meet the teachers and patrons of the school. A prize will be given to the grade having the largest number of parents present.

75,300 Human Lives Lost In Accidents In Year, Says Report

BUFFALO, N. Y., Oct. 2.—Accidents in the United States in 1922 exacted a toll of approximately 75,300 human lives, an increase of 2,000 over the number estimated for the previous year, according to a report submitted at the Safety Congress here today.

The report points, although there had been somewhat of a halt in the accidental death rate for the last 10 or 12 years, the number of fatal accidents were never less than 10,000 to 12,000 each year. Fourteen thousand were killed in automobile accidents, it was stated. It was estimated that on each day of 1922, 206 American citizens were killed by accident.

Alleged Deserter From Army Is On Trial For Murder

RALEIGH, Oct. 2.—Selection of a jury having been completed today at the morning session of the federal court before Judge H. G. Connor, Eddie Hurt, alleged army deserter was placed on trial for the murder of Angelo Kamaris, following a pay day gambling game at Fort Bragg, Aug. 31, 1923. If acquitted Hurt must serve three years as a deserter.

ENGLISH THEOLOGICAL SCHOOL REPORT DEATH OF STUDENTS

LONDON.—According to the London newspapers, there is a grave shortage of clergy in the Church of England. Official figures disclose that there are fewer than 13,000 incumbents this year, which is 8,000 less than the number required to carry on the work of the church. The theological colleges, the newspapers say, are nearly empty. "Our full staff should number 21-

000," said Canon Partridge, secretary of the church of England Central Board of Finance. "Taking a generation as 30 years, it follows that 700 men should be ordained every year. We have not reached that figure for 11 years. In 1918 there were only 114 ordinations.

Street Singers Get Good Pay.

LONDON.—Street singers in London and the other large British cities find their occupation so remunerative that they have refused offers of \$50 a week to appear on the stage.

Child Health Workers to Convene in Detroit

NEW YORK.—Many phases of child health work will be discussed by national authorities when the American Child Health association holds its annual meeting at Detroit, Oct. 15 to 17.

With Herbert Hoover, president of the association, at their head, the delegates will strive to make even more effective the efforts expended since the organization came into being last winter, according to Courtenay Dinwiddie, its general executive. The association was formed by the merging of the American Child Hygiene association and the Child Health Organization of America.

Indianapolis Finds New Way Check Speeders

INDIANAPOLIS.—Jail sentences, heavy fines and loss of their automobiles are proving effective in reducing the number of speeders in Indianapolis. The plan, introduced a short time ago by Judge Delbert O. Wilmett, has resulted in a general let down in speeding throughout the city, according to police officials.

Judge Wilmett works on a scale. First offenders are fined a set amount for whatever speed they are convicted of having made, but do not have to pay if they relinquish their machines for a certain number of days. For example, a person convicted of driving 25 miles an hour is fined \$5 and costs. On payment of the cost and turning in his license, plates and driver's certificate, the fine is suspended. In five days the offender again may drive his car.

Modern Science Helps Eng. Catch Crooks

LONDON.—Scotland Yard, England's famous organization for the detection of criminals, is equipping its patrol motor cars with wireless telephony apparatus with the idea

Season tickets, covering four attractions can be purchased from members of the Woman's Club at \$4.00.

JEFFERSON STANDARD LIFE INSURANCE CO

R. T. COX District Agent

of wrong-doers. In many cases swift locomotion is the essence of success in this matter, and rapidity of movement can be combined with the maintenance of communication with headquarters, the chances of the wrong-doers' escape may be considerably diminished. The experimental car can receive messages while creeping through the congested traffic of the City of London, or while dashing along the Great North Road. It can reply to the messages received, and thus keep Scotland Yard well informed of the progress of whatever business may be in hand.

New Corporations.

RALEIGH.—Secretary of State, W. N. Everett has issued charters to the following corporations: The Schron Music Company, Asheville, with authorized capital stock of \$10,000, of which \$5,000 has been subscribed by George W. and Iva R. Sebren, of Asheville, and Samuel H. Sebren, of Atlanta, Ga.; New System Laundry Company, Leaksville, with author-

ized capital stock of \$50,000, of which \$3,000 has been subscribed by E. J. Talley, J. J. Ayer and D. G. Mitchell all of Charlotte. Stonybrook Incorporated, Durham, with authorized capital stock of \$100,000, of which \$300 has been subscribed by L. P. Hazell, M. A. Hazel and Jones Fuller, all of Durham.

QUACK DOCTORS THRIVE ON SIBERIAN STEPPES

VLADIVOSTOK, Siberia.—Quack doctors have made their appearance in almost all the villages of Siberia, offering to cure any of the ills flesh is heir to, and some of their alleged remedies are marvellous.

In the Nikola district a doctor has appeared who undertakes the cure of consumption in all stages. As consumption is rather widespread in the district his patients are many, and the man is rapidly making a fortune. His remedy is a concoction of cabbages and milk boiled together for some hours by a special "secret process."

Red Cross Relief for Japanese Is Dispatched with Incredible Speed by Experts In America

Within two days after the American Red Cross had begun its campaign for funds to alleviate the suffering of Japanese earthquake victims, the machinery of that organization was functioning perfectly in the matter of purchasing and shipping food, clothing, medical supplies and building materials to the devastated areas.

The man shown above, W. Gordon Brown, who purchased for the American Relief Administration during its humanitarian effort in Russia, from September 1921, to September of this year, was lent to the American Red Cross by his organization for this purpose. He began his work on Thursday, September 6, and on Friday, September 7, the first relief ship, the President Taft, cleared from the Pacific Coast.

Within a few hours after the President Taft had steamed out of San Francisco, Mr. Brown notified John Barton Payne, chairman of the Red Cross, and the executive committee of the Red Cross that he had accepted commitments involving the expenditure of \$2,422,509. These included the forwarding of funds for the immediate relief of Americans who were caught in the disaster.

Characteristic speed and efficiency have marked the efforts of the American Red Cross in this most recent of the world's great disasters. Designated by President Coolidge as a logical and most desirable channel through which sympathetic Americans might contribute to the millions of homeless and hungry Japanese, the organization has put a thorough machine into every town and city in the United States for the purpose of accomplishing the great task.

With almost incredible speed, subscriptions to the fund began to pour into national headquarters of the Red Cross. The executive committee, which includes John Barton Payne, the chairman; Secretary of Commerce Herbert Hoover and Elliot Wadsworth, assistant secretary of the Treasury, received by Sunday morning, just four days after the drive had begun, information that \$3,500,000 had been subscribed. It was the receipt of new advice at that time, telling of the serious plight of the millions of refugees, including thousands of orphans that prompted Chairman Payne and Secretary Hoover to issue their joint appeal for renewed effort by Americans to help in the great humanitarian work.

Colds Are Dangerous Sitting in an improperly heated room is the best way in the world to catch cold. Flu, pneumonia, etc., are the direct results of colds in many cases. You can avoid the slightest chance of taking cold by keeping one of our portable electric heaters nearby. Move it as you will. It gives a steady stream of heat. It costs practically nothing to keep one going.

### CONGRESS ASSAILED FOR WILLINGLY BOWING TO WILL OF MINORITIES

DES MOINES, IA., Oct. 1.—When intellectual anarchy reigns "not even the multiplication table is free from attack," Charles Quinn, secretary-treasurer of the Grain Dealers National association, declared in a report to the annual convention of the association here today.

Assailing congress and legislatures for bowing to the will of minorities, Mr. Quinn in a lengthy report asserted the time had come for "the helpless public to revolt against political and economic experiments."

"Topping thrones have let loose a flood of schemes for rymaking the world," he said. "And this world of abnormal times, a world that abandons must for jazz, art for cubism and the church for the movie, will try anything."

He declared the agrarian unrest was a part of the general disturbance. "For the first time in ten years,"

he continued, "congress has been on a vacation, giving the country a short respite. But now there promises to be a renewal of agitation and a plethora of bills; to help the farmer despite the fact that congress devoted most of its last two sessions to such measure. Almost unlimited credit was extended a tariff law practically excluding foreign grain was passed; a law now gives the secretary of agriculture control over grain futures trading, and another law makes co-operative companies immune from the Sherman anti-trust act.

"Because co-operative marketing of California fruit was found advisable, efforts are made to apply like rules to grain, raised through almost the entire continent. Such policy shows that leaders have not even reached the teaching period in economics."

### Experts Find Chemistry Helps in Wash Clothes

DETROIT, Mich.—Chemistry and physics of the modern laundry will be discussed by recognized experts at the annual convention of the National Laundry Owners association here Oct. 1-5, says W. E. Fitch, general manager.

"Our scientific phases of laundry work," Mr. Fitch continues, "are planned to interest every housewife and every man who sends a shirt to the laundry. Several years ago the laundrymen established a fellowship with the Mellon Institute of Industrial Research at Pittsburgh, where Dr. A. F. Shupp has been engaged in laboratory experiments in connection with every problem involved in the washing of clothes.

### Perfect Planes Save Lives of Aviators

WASHINGTON.—Successful completion of the recent five-day test of the transcontinental air mail service was only possible, in the opinion of officials of the Post Office department, because of the extra care taken to keep mail planes in perfect condition.

Each of the seventy air mail ships is inspected daily in the most minute detail. As the ship is brought in from flight a tabulated sheet is attached on which there are more than 100 points to be inspected. As each point is inspected, and repaired if necessary, the mechanics affix their signatures, and the report is not complete until signed by a chief mechanic and accepted by the pilot of the plane. Since the inauguration of this system, the number of fatalities in the service has decreased greatly.

### GENERAL SLASHTCHEFF HAS BEEN EXECUTED

ZACREB, Sept. 29.—Recent arrivals from Moscow report the execution there of Gen. Slashtcheff, the defender of the Crimea during the world war.

After the fall of the Czarism, Gen. Slashtcheff made his way into Jugoslavia and lived here part of the time as one of Wrangle's officers. It was intimated to him from Moscow that his presence would be welcome in Soviet Russia.

### GERMANY SEVERE ON TRAITORS

LEIPZIG, Sept.—Germany's highest court shows little mercy for men arraigned before it for treason in the great war.

Gerhard Strey was recently given a life sentence for having betrayed his command in March, 1916. The evidence showed that he deserted the German army and went over to the French. A short time later concentrated French artillery fire against the entrenchments where Strey had been serving showed that he had revealed all details of the positions to the enemy.

### BI GLEAGUE STARS TO PLAY IN CANADIAN BALL BENEFIT

CLEVELAND, Sept. 29.—Manager Tris Speaker of the Cleveland Indians and George Uhle, the Indians' pitching ace, are among several players of the American league who will participate in exhibition games at Etobicoke, Canada, October 10, 11 and 12. The proceeds of the games will be turned over to a fund for the benefit of returned Canadian soldiers.

### LUTHERANS WILL HOLD CONVENTION AT MADISON

MADISON, Wis., All Lutheran bodies in the United States, except the Missouri Synod, will be represented at the third biennial convention of the Lutheran Brotherhood of America, to be held here October 23-25, according to announcement by the Rev. J. A. Stubb, president.

## Our new home soon to be opened— A Shopper's Paradise!

SKETCHED above is a picture of Miller & Rhoads' new addition to the Store, now fast nearing completion in Richmond. Workmen are rapidly putting on the finishing touches, and when it is complete—the South's greatest shopping place will be greater and more splendid than ever.

As this fine big building nears completion, it seems like the realization of a dream. A few months ago it was nothing but a great hole in the ground with piles of building material about. To-day, it stands, one of the handsomest business buildings in Richmond, five stories high, and basement, and one entire block long.

The building is surpassing even our own expectations. As a place to shop in comfort, it promises you a genuine thrill of pleasure.

Every department in the store will have more room and bigger stocks. There will be new departments, and among them will be one of especial interest to men—a department of Men's Clothing.

There will be everything for your convenience and comfort—rest rooms, where you can stop a moment to refresh yourself; a tea room for delicious food, café and lounge; a place to check parcels, and a place to write letters; a central information bureau where you can buy postage stamps, send telegrams, ask about trains, and interesting places in Richmond to visit, and get almost any other information you may want.

It will be a place for you to stop when you are in Richmond; a place to make your headquarters, rest and refresh yourself and meet your friends, and a place to shop for the best values in nearly everything you need.

The patronage of our friends, not only in Richmond, but throughout the Virginias and Carolinas, has made this splendid new addition possible. Whether you come to visit or to shop, there is always a welcome for you.

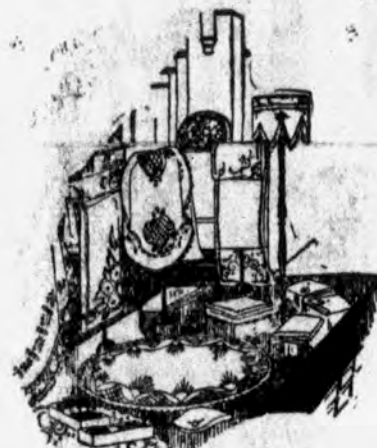

A big section on the main floor of the new building will be given over to dress goods and silks with the largest and most brilliant array of materials and patterns we have ever had.

We are planning a wonderful display of women's apparel in the new store. The entire second floor will be devoted to women and children and their clothing needs.

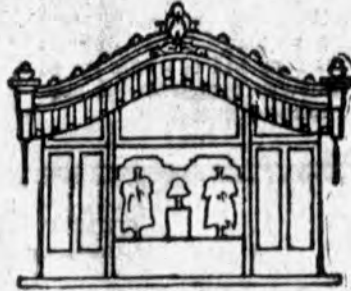

Pause a moment in your shopping and refresh yourself in one of the comfortable new rest rooms. Seat yourself at a convenient writing desk and write that long overdue letter, or just rest in a big lounge arm chair.

The Embroidery Department is a treasure-house of exquisite hand-made fancy work. Odd and unusual pieces that can't be duplicated. You can get the materials here to work yourself, if you prefer. If you don't know how, join our art needlework class.

**CONVULSIONS OF NATURE  
RAISE BOTTOM OF OCEAN**

LONDON.—Discovery by a cable repair ship that the bed of the ocean in the vicinity of St. Helena had risen two miles during the last 20 years has led to a belief among scientists that the whole southern Atlantic ocean

bed is undergoing a vast submarine convulsion. Some authorities have even made the statement that such changes are going on continually, and that these disturbances may occur in any locality. They believe that this is the reason for the frequent sudden appearance of islands and shoals in the

south oceans. It is also claimed that when the ocean bed is raised in one place there is a corresponding drop in some other section of the world.

**Lay Forest Fire to Meteor.**  
GREAT FALLS, Mont. — Forest rangers, of the Choteau station, near

here, are investigating the report that a giant meteor, which fell in Sun River canyon, near Great Falls, on August 18, last, set fire to the timber on Peadagon mountain.

**Legion to Play Basketball.**  
SAN FRANCISCO. — A national

basketball championship, with team entered representing American Legion posts from nearly every large city and state in the union, will be one of the major events of the athletic program to be staged here during the American Legion's national convention, October 15-19.

**Americans In Quake Zone Who Survived  
Japanese Disaster Will Be Assisted  
By Funds Raised In Red Cross Drive**

Among the hundreds of thousands of homeless, hungry refugees in Japan's earthquake area there are many foreigners and among them numerous Americans. Perhaps no group was better represented in the stricken districts than the American Missionary, some of whom are shown in the above photograph conducting a Bible meeting in one of the streets of Tokio.

It is for the immediate relief of the suffering that the American Red Cross, which was designated by President Coolidge as the channel through which sympathetic Americans might contribute to them, has issued a call to the people of the United States, urging them not to relax in their efforts. The original minimum quota of \$2,000,000 set by the Red Cross when the first cable dispatches were received from Japan was found early in the campaign, or as soon as more complete

details were received, to be inadequate for the tremendous task of relief, and John Barton Payne, chairman of the Red Cross, and Secretary of Commerce Hoover, who is associated with him on the executive committee of the organization, have declared that the intense suffering and distress of the affected people justifies redoubled efforts to rush relief to them.

In an official statement issued by them they emphasize the fact that while property losses might have been somewhat exaggerated in the earlier reports there could be no question that the human suffering is most intense, with the many thousands of injured and sick, the great number of orphans and a population almost entirely without shelter. President Coolidge announced after advice he received from his representatives in Japan,

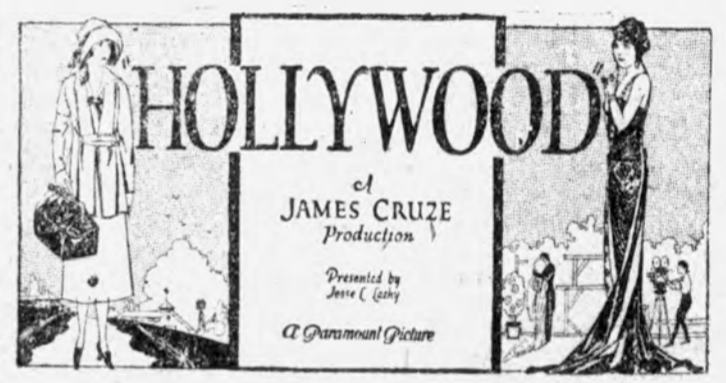

that he believed there was a necessity for continued effort to increase America's contributions.

Because of America's prompt response in other great disasters, the country was the first to reach where Japan looked for help. Red Cross officials have implicit faith that her appeal will meet with the same generous sympathy that was displayed in feeding the victims of the great Russian famine.

Emphasis has been placed by Chairman Payne on the fact that every cent of the money collected for Japanese relief will be spent for just that purpose. None of it will be diverted to the Red Cross funds for other uses, and there will be none of the usual expense involved in sending personnel to the stricken area. The fund will be administered by a volunteer committee of substantial business men.
