TWO MINERS DEAD; 11 BADLY INJURED IN GAS EXPLOSION

Many Escape by Quick Use of Life Saving Devices, Gas Mask

CHICAGO, Nov. 26.—Two miners are dead and a number of others badly burned as a result of an explosion today in mine No. 1 of the Chicago, Wilmington and Frankfort Coal company, near Frankfort, Ill. The mine, it was stated, is one of the largest in the state and probably one of the largest in the world. More than 1,000 men were employed.

Information that about 25 men were working in that part of the mine where the explosion occurred is to the effect that they are believed safe. The explosion was caused by a combustion of gases. The blast occurred in the northwest corner of the mine about a mile from the shaft. It is believed that many lives were saved by the prompt use of life saving devices and gas masks.

WEST FRANKFORT, Ill., Nov. 26.—Eleven men badly burned, were taken from the Orient mine four miles from here where an explosion occurred this morning.

Justice Department

4 Probes Craig Case

WASHINGTON, Nov. 26.—Investigation by the department of justice into the legal phases of Charles L. Craig, comptroller of New York City, sentenced to 60 days in jail for contempt of court by Federal Judge Mayer, was ordered today by President Coolidge.

Rum Runner Gave U. S. Cutters Lively Chase

NEW YORK, Nov. 26.—The crew of the rum laden British schooner Tomako after her capture yesterday by coast guard cutters Seneca and Lexington six miles off the New Jersey shore, after a lively chase in which shots were fired across the bow of the Tomako, were sullen and would not discuss the sensational chase today. Port authorities are investigating the registry of the schooner with a view of making formal protest to the British Government.

Blizzard Grips Parts Of New York State

ALBANY, N. Y., Nov. 26.—North-eastern New York is experiencing a midwinter weather Sunday as a blizzard swooped down over the Mohawk valley with the result that Albany, Trip and other places had from six to eight inches of snow. Traffic was crippled and wire communication delayed. Drifts greatly retarded the movement of railroad service.

Belgians Take German Railway Rolling Stock

BRUSSELS, Nov. 26.—The Belgian government today seized German railway rolling stock at Nuisburg and Humborn in view of the German failure to comply to the Belgian ultimatum demanding indemnity for the killing of a Belgian officer near Duesseldorf March 1922.

The time limit fixed by Belgium expired last night. The officer was shot while riding in a street car, his slayers being members of the German green police. Mistaken identity was claimed by Germany.

12 DIE OF POISONED LIQUOR SCORES SENT TO HOSPITALS

PHILADELPHIA, Nov. 26.—Poisoned liquor caused the death of five persons and sent scores of other drinkers of the stuff to hospitals. Three were picked up on the streets dead, in the tenderloin district and two others were found in their homes dead. It is believed that the poison whiskey was supplied by "blind tigers," cigar stands, restaurants and other places where it is believed the traffic is carried on.

PITTSBURGH, Nov. 26.—Seven deaths in as many days is the record here from poisoned liquor. The disclosure has brought into concerted activity the city, county and federal authorities. It was stated today by police that the seasonal demand has resulted in bootleggers working overtime in putting a "kick" into the liquor with medicated alcohol, fusel oil and other deadly poisons.

VICTOR DAVIS EMPHASIZES CHRIST AS WORLD'S GREATEST TEACHER IN SUNDAY DISCOURSE AT COLLEGE

Victor Davis talked to the students at the college on the theme, "Christ the Modern Teacher," yesterday.

"All of us acknowledge that Christ was the world's greatest teacher," he said. "But, if we analyze His teaching, we find that He carried out the same principle, that are used today in modern scientific methods. For instance, we talk about individual differences as determined by mental tests and other means. The recognition of these differences is not new. In the story of the talents, Christ showed that He made allowance for these differences, because He rewarded the men according to their ability."

The Example of Christ. "Teachers tell us today to base our work on the experience of the child; in other words to go from the known to the unknown. Jesus took the simple things in familiar things of life as a basis for His wonderful and unexcelled lessons. Farming was then, as now, one of the leading occupations; so Jesus spoke of tilling the soil. Shepherd and sheep were things that the people knew about."

"Teachers tell us to ask questions which will lead to thinking. Mr. Davis said that the questions of Jesus fulfilled that requirement. He made His pupils and His opponents think."

Rule of Love. "In modern schools we are told to

rule by love. There is no finer example of sympathy than Christ's. On many occasions He showed his sympathetic spirit. What better illustration of sympathy than, 'Come unto me all ye that labor and are heavy laden, and I will give you rest?'"

The finest trait of a teacher is the inspiration that he is able to give to the pupils. If he can pass the torch there are thousands of outstretched hands waiting to receive it. So, Mr. Davis reiterated the final estimate of teaching ability is, how far are you able to inspire the pupils?"

Scientific Tendency. "But the tendency today is to be too scientific. The thing that made Christ the teacher of teachers was not his simplicity, his methods, or his inspiration that he gave, but his love. 'So, in teaching, sometimes forget to be scientific, and just love the child,'" Mr. Davis admonished.

It is only through personal contact that one gets a reward from teaching. One need not doubt the results. Though the child that one has toiled for, showed for, does not appreciate the effort, somewhere, sometime, the reward will come, "and whosoever shall give to drink unto one of these little ones a cup of cold water only, in the name of a disciple, verily, I say unto you, he shall in no wise lose his reward."

BURY PARTISANSHIP IN TAX REDUCTION PLAN, SAYS GARRETT

WASHINGTON, Nov. 26.—Outlining in a general way his views on taxation, Representative Garrett, of Tennessee, who is expected to again be Democratic leader in the House, declared in a statement today that the question should be approached by congress without show of partisanship.

"Let's be done," he said, "with partisanship in dealing with the twin question of revenue and finance, except as to the present iniquitous high tariff, which is constantly boosting

Bank Wrecker Gets Fine, Prison Term

CHARLESTON, S. C., Nov. 26.—H. L. Harvey, brother of former governor W. G. Harvey, was sentenced to one year in prison and fined \$5,000 in court here today for violating the state banking laws following his plea of guilty in the failure of the Enterprise bank here of which he was a director and his brother president.

Leviathan Sets Up New World's Record

NEW YORK, Nov. 26.—America's biggest steamship—the Leviathan—established a new world's record today between Cherbourg and New York after a run of five days, seven hours and twenty minutes, at an average speed of 24.17 knots. This broke the record of the Cunard steamship Mauretania of five days, seven hours and thirty-three minutes.

COAST LINE FINED.

RALEIGH, Nov. 24.—The Atlantic Coast Line was fined \$1,100 in federal court here today for 11 alleged violations of the national safety appliance act.

British Radio Program Plainly Heard in U. S.

NEW YORK, Nov. 26.—America's radio fans "listened in" for England for 30 minutes last night. At 10 o'clock every broadcasting station in this country was silenced, while in England several large stations began sending for the benefit of America.

Ten minutes later the English program began to be heard. Sounds of piano playing in Liverpool were heard distinctly at the radio broadcasting station at Garden City, N. Y.

Army to Establish Business Schools

WASHINGTON, Nov. 26.—Secretary Weeks has approved recommendations submitted by his assistant, Colonel Dwight F. Davis, for the establishment of an army business school.

A faculty and teaching staff will be drawn from the list of supply officers in the service eight of whom will be sent this year to the Harvard School of business administration for a two-year course before they begin teaching business to their comrades in a school of their own.

BUSINESS OUTLOOK WISHES TO GO TO JAIL WITH HUSBAND

NEW YORK, Nov. 26.—Strong rallies in the market, declaration of numerous new or increased dividends and encouraging industrial news have featured the past week in business and finance.

Cotton, meanwhile, continued its advance and reached very high prices for the crop. The government spinning report, which was published on Wednesday, was not quite as bullish as had been anticipated, but nevertheless was interpreted as indicating that the total yield will be materially below 10,000,000 bales. In the opinion of most observers, this makes some curtailment of mill operations inevitable before the end of the crop year. With the futures in the neighborhood of 35 1/2 cents, considerable profit-taking naturally appeared. This, and the fact that the cotton crop was absorbed how fast, and the trade remained bullish.

Family of Nine Burned to Death

Confluence, Pa., Nov. 26.—Sam Roscoe, his wife and seven children were burned to death today, when their home situated on a hill near this village was destroyed by fire. All the bodies were recovered.

Congressman Assails Anti-Saloon League, Urges Strict Probe

WASHINGTON, Nov. 26.—Investigation of the activities of the Anti-Saloon League by a special House committee will be sought by Representative Tinkham, Republican, of Massachusetts, who announced today he had drafted a resolution calling for an inquiry.

Mr. Tinkham charges in his resolution that the league has "openly and flagrantly" violated the Federal campaign contributions law and the corrupt practices laws of various states, has attempted to influence Federal judicial officers and decisions; has attempted to influence the President in his appointments of heads of departments, and "actually exercised its insidious influence successfully upon a bureau of an executive department" to an extent that even appointments of persons in the service of the bureau are made "with the sanction and approval" of the Anti-Saloon League.

Fight For House Leadership Grips G. O. P. Factions

WASHINGTON, Nov. 26.—This is to be a week of conference, formal and informal, at the capitol for discussion of organization and legislation in advance of the assembling of the Sixty-Eighth congress.

Since there is no question of the ability of the Republicans to organize both Houses, interest in organization matters centers on the leadership fight and the selection of a Republican candidate for President pro tem of the senate.

Senator Cummins, of Iowa, is expected to decide early this week whether he will ask re-election as President pro tem, or relinquish that job to retain the chairmanship of the Interstate Commerce Committee. Should he give up the Presidency, Senator Curtis, of Kansas, the Republican whip, may succeed to that place.

Rail Telegraphers Get Pay Increase

CHICAGO, Nov. 26.—Increases in wages affecting approximately 6,500 railroad telegraphers and station agents and aggregating approximately \$364,482 were awarded in a decision announced tonight by the United States Railroad Labor Board. The board explained that it had attempted to correct existing inequalities without attempting standardization and without granting a general increase.

Mrs. Charles L. Craig, wife of the Comptroller of the City of New York, who is under sentence to serve 60 days in the Essex County jail, Newark, N. J., for contempt of court in criticizing the actions of Federal Judge Julius L. Mayer, declared to reporters she would make every effort to gain permission to accompany her husband to jail. Failing that, she will take a cottage convenient to the jail.

BETTER LAW ENFORCEMENT NEED, HE TELLS PARENT-TEACHERS BODY

The Parent-Teacher's Association of the Winterville School convened in its regular bi-monthly meeting last Friday night. The association was addressed by two eminent speakers. Appearing first on the program was Mr. E. K. Wallace, traveling representative of the Radcliffe Chautauqua. He spoke briefly concerning the evolution of chautauquas in America and set forth the advantage of having a chautauqua in a community. The chief interest of the meeting, however, was centered in an address by the Hon. D. M. Clark, of Greenville who spoke, along the general theme of law enforcement, and appealed strongly in behalf of saving

Mayor Clark Talks To The Betterment Club

The Betterment Association of Winterville met last Friday. The principal part of the program was an address by Mayor Clark, of Greenville.

Mr. Clark gave a most interesting talk on the responsibilities of parents and teachers in regard to modern day delinquency on young people. The place of parent and teachers, he said, is not only that of a guide to intellectual achievement, but also that of a guardian against the evils with which boys and girls come in contact.

Mr. Wallace of Washington, D. C., who is a representative of the Radcliffe Chautauqua movement, gave a short address. He has been seeking to interest the people of Winterville in such a program of entertainment.

Makes Burial Certain, Buys Casket Ahead

POMEROY, O., Nov. 26.—After investing her savings with an undertaker, to make sure that she would not be buried in the Potter's Field, Mrs. Carolina Deeds, 75, and blind, today became an inmate of the county infirmary. Expecting to take up her residence in the infirmary, Mrs. Deeds, who lived alone for years accompanied a friend to the undertaker's and paid for a casket, steel vault and burial dress, and the cost of digging the grave, and the cost of digging the grave, sides from the government.

FORBES DESERTED FROM ARMY, WAR DEPARTMENT SAYS

Former Veterans' Bureau Chief Forced to Serve Out Enlistment

WASHINGTON, Nov. 26.—Papers said by war department officials to show that at one time C. R. Forbes, former director of the veterans' bureau, was dropped from the rolls of the army as a deserter were turned over to the senate investigating committee today by the war department.

The records sent at the request of the committee also showed that Forbes was apprehended and served out his term of enlistment without trial.

This charge against Forbes comes as a climax to numerous others that he was accused of by Elias Mortimer at the recent hearing before the senate committee conducting a rigid inquiry into the conduct of the bureau during Forbes' administration as director.

Hi. Johnson to Open Campaign In Chicago

CHICAGO, Nov. 26.—Senator Hiram Johnson, California, the only avowed republican candidate for the presidential nomination against President Coolidge, will arrive here today and formally open his campaign with a speech at a dinner here tomorrow night.

Coal Legislation Is Needed, He Asserts

WASHINGTON, Nov. 26.—Legislation dealing with the coal situation and the railroad rate question should be enacted by congress at the coming session, Representative Graham, of Illinois, a candidate for Republican leader in the House, declared today. If "every reasonable effort," he added, "is not made to consider these matters, a lot of people in the country are going to ask why."

Virginia Squad Ready For Game With N. C.

CHARLOTTESVILLE, VA., Nov. 26.—The University of Virginia gridiron warriors who will meet the University of North Carolina team Thanksgiving day at Chapel Hill were put through stiff practice today by Coach Neale. The team it was declared will be in prime condition to meet the Tar Heel squad. It was said that more than 500 students will accompany the team to Chapel Hill.

Alleged Kidnapper of Girl Arrested

KNOXVILLE, TENN., Nov. 26.—Homer Miller, alias Homer Davis, 28, of Danville, Va., charged with kidnaping M. L. Reynolds, 13, daughter of Mrs. Mattie Reynolds of that city in June, 1923, was arrested here today by city detectives and is held for Virginia authorities.

FOREIGN OFFICE BUILDING IN PATH MUST BE RAZED

TOKYO.—The foreign office at Kasumigaseki, Tokio, the first foreign style building erected here, was so badly damaged by the earthquake of September 1, although untouched by the fire, that it will have to be razed.

The same is true of the residence of the foreign minister, another foreign style building. These structures were erected in the early days of the Meiji era, when the Marquis Inouye of that day was foreign minister.

A THOUGHT FOR PARENTS

As a result of the recent nation-wide education week, there are a large number of boys and girls who are going to be better students...

There are a great many others who are going to be similarly fortunate because parents have learned something worth knowing...

It is a good occasion for parents to put themselves through an examination to see how far they have dismissed consideration of home influences on the physical and moral welfare of their children...

There are many homes in which surroundings do not make for betterment of child life, in which there are but blind leaders of the blind...

With "Nick" Longworth and Representative Graham, in a bitter fight for the republican leadership in the next House...

Education week will not have been waste effort if it brings home to a fair proportion of such as these that the school and teacher can do much, but that a larger responsibility rests elsewhere.

Under and by virtue of the power of sale contained in that certain mortgage, executed and delivered by Jerry Langley of Pitt county, North Carolina...

By virtue of the power of sale contained in a certain mortgage executed by Mrs. S. Smith and wife, Arcene C. Smith, to Ivy Smith, on the 29 day of March, 1919...

THE CHRISTMAS FUNDS

Of comparative recent origin and development the Christmas clubs operated by the thousands of banks and other financial institutions throughout the country will distribute within the next two weeks more than \$200,000,000 to their members...

But it means more than that—not all the money is saved in order to be spent. The experience of banks in various sections of the nation has been that these clubs, with their weekly payments of from 25 cents upward...

Here in Pitt county, it is believed that the proportion devoted to useful purposes will be considerably larger than the general average. But the big, outstanding factor in the operation of these clubs is the training in the habit of regular and consistent saving.

Uncle Sam no longer gives away free garden seeds, but ink in the postoffice lobby is still free. If you bring your own pen—because it's best not to depend on a postoffice pen—you can write all you want.

Two jewels of rarest jade gleaned in the highway as a motorist sped along Dickerson avenue the other evening. The headlights emphasized the brilliance of the gems. Then the auto sped over the body of a dead cat. It was the eyes gleaming in the night.

It used to be that a fellow didn't look like a football player unless he wore quilted pads on his shoulders and a jacket laced all up the front. Boys look better and not so ferocious now.

With "Nick" Longworth and Representative Graham, in a bitter fight for the republican leadership in the next House additional fuel has been added to the flame of the G. O. P. political pot by the announcement that Representative Cooper, will be a candidate for speaker against Representative Gillett.

This wide party split will benefit democratic influence in the next House.

If you ask us--- These are the greatest and warmest O'coats in Greenville

\$25 to \$50 If display windows here and in other cities count—then these coats at these prices are the greatest buys here or elsewhere.

Pure, fleecy wool from long haired sheep. The style is as bright as a shoeshine on a rainy day and we could say \$8. more and look our customer in the eye without blinking.

COMPARE—remember we know clothes and we also know enough about men not to tout these values to the sky unless they deserve the ride.

All sizes— All from Kuppenheimer, Michaels-Stern, Styleplus All to be sold before Xmas.

Frank Wilson

SHENANDOAH IS MOORED TO STEEL MAST

Above is shown the first photograph of the U. S. dirigible Shenandoah as she appeared when lashed to her steel mooring mast at Lakehurst, N. J. The mast is 172 feet high and is designed to hold the dirigible in calm weather instead of taking her into her immense hangar. The first attempt to lash her to the mast failed, but a week later three officers and fifteen men moored her. Three hundred men are required to "walk the ship" into the hangar.

Large Leaf Plants Thrive Yell Under Artificial Light

NEW YORK.—Artificial light as a means of hastening the maturity of plants can be used most successfully with plants with large leaf area, experiments recently conducted for the Westinghouse Electric Manufacturing Company, Columbia University and Peter Henderson and Company, seedsmen, indicate.

The experiments carried out under the supervision of 73-year-old Julius Heinrichs, veteran florist and landscape gardener, in a hothouse at Baldwin, N. Y., were said to be the most scientifically accurate so far attempted in this country.

The utility of artificial light, used when sunlight is not available, as is known for many years, according to horticulturists who asserted, however that the experiments at Baldwin established the degree of utility. Experiments of a similar nature, it was said, are being conducted by government experts at Washington and by the research department of the National Electric Light Association. Others were carried out a score years ago by the late W. W. Rawson, pioneer market gardener and horticulturist of Arlington, Mass.

The experiments were undertaken, it was said, to determine the exact scientific effect of artificial light on plant life; and to determine whether artificial light might, if necessary, be successfully substituted for sunlight. Rows of exactly similar plants were grown in the hothouse one row dependent entirely on the sunlight, and another subjected to five hours of artificial light switched on one hour after sundown.

Recent Disaster in Japan Proved Boy Scouts' Worth

TOKIO.—Boy Scouts of Japan have come to the front wonderfully since the earthquake and fire. After working hard to house and feed children made homeless, they set themselves to alleviating spiritual needs, a work so necessary under the circumstances. Education centers were established under the name "The field school for little children," and leaders of Boy Scouts from the schools and univer-

Squad of U. S. Army Aviators Planning To Encircle Globe

DAYTON, O.—Some time in the early summer of 1924, four or possibly six army airplanes will hop off from Bolling Field, Washington, and turn their noses to the west. Before their pilots again glimpse the nation's capital, they will have traveled 30,000 miles, crossed two oceans and almost a score of countries, and encircled the globe in the air for the first time in the world's history.

Such is the picture in the minds of officials at McCook Field here, who, under the direction of Army Air Service headquarters at Washington, are planning the trip. The aviators will be accompanied by a crew of five men. They will be accompanied by a crew of five men. They will be accompanied by a crew of five men.

CUBA INVITES INDUSTRY

HAVANA.—Cuban business men will seek to bring together the world's producers, sellers and buyers in an International Sample Fair to be held in Havana February 9-24, 1924. Almost all branches of industry are to be represented under the plans of the fair organization which is headed by Frank Steinhart, an American who has been in business here since the war with Spain.

Millionaire Leads Communists

FERDINAND, Bulgaria.—Katcho Dimoff, millionaire dealer in gasoline and lubricating oils, was the leader of the local communists in their recent vain efforts to overthrow the Tsankoff government and set up a Soviet republic. Asked why he was conspicuous in a movement aimed at the denial of property rights, Dimoff said: "There are other rights to be considered beside my own."

LADY ASTOR SEEKS RE-ELECTION, SAID

Viscountess Nancy Astor, only American woman ever to sit in the British Parliament, has started her campaign for re-election in Plymouth district, which she has previously represented. Forty women are candidates for seats in next session of House of Commons.

Viscountess Nancy Astor, only American woman ever to sit in the British Parliament, has started her campaign for re-election in Plymouth district, which she has previously represented. Forty women are candidates for seats in next session of House of Commons.

ILLNESS CAUSES HEAVY LOSSES AMONG ENGLAND'S WORKERS

LONDON.—The value of public health to the nation may be judged from the following statistics. During the past 12 months, persons with health insurance lost 19,500,000 weeks of work. Add those who are not insured, and experts say this total would reach 30,000,000 weeks of work lost to the country through ill health of the working population. At an average wage of \$10 a week, the figures mean \$300,000,000 for the year.

Tentatively, a route has been laid out and two air officers are going over it with the idea of making recommendations for necessary changes and completing other preparations. Lieut. C. E. Crumrine, of the local field, now is in Iceland heading eastward, while an officer of the Philippines aerial forces is working in the opposite direction. They will meet in Europe and after comparing data, return to their home stations.

The flight, designed primarily to demonstrate the ability of planes to operate away from their regular supply bases during war times, will be made in comparatively short jumps. The distance between most of the stations will be 500 miles or less the longest hop being approximately 850 miles.

Argentine Rich in Cattle

BUENOS AIRES.—Argentina's production of cattle has increased 24 percent since 1914. At the end of 1922 there were more than 37,000,000 head of cattle in the republic.

MODEL SCHOOL TO PRESENT PICTURE "SNOW WHITE" AT TEACHERS COLLEGE FRIDAY

On Friday night Nov. 30 at the Teachers College, the Model school will put on the picture, "Snow White." This is a wonderful picture for children, and grown people enjoy it.

The college has installed a new picture machine in the recently enlarged auditorium which makes the pictures very attractive.

Admission for all school children 10c for adults 20c.

FUNERAL SERVICES FOR MRS. J. J. STAUFFER

The funeral services of Mrs. J. J. Stauffer who died in High Point, Saturday were conducted from the Eighth Street Christian church yesterday afternoon at 4 o'clock by the Rev. Lee Sadler and the Rev. Mr. Corey, of Kinston, entment following in Cherry Hill cemetery.

Both Mr. Sadler and Mr. Corey paid beautiful tributes to the deceased showing how useful her short life had been.

The services were attended by a host of sorrowing friends and relatives and the floral tributes was beautiful.

Mrs. Martha Hoggard Dead.

Mrs. Martha Hoggard, 36, died at her home three miles from Greenville yesterday afternoon at 3:30 o'clock following a long illness. The interment took place this afternoon at 3 o'clock in the family burying ground in the Allen grave yard.

Mrs. Hoggard was first married to Mr. Charlie Stocks who preceded her to the grave three years ago. Two children from this union, a daughter and son survive. She is survived by Mr. Hoggard and a large number of relatives.

The deceased was beloved by a host of friends, and she will be greatly missed in her community.

Xmas Sale December 7.

The Altar Guild of St. Paul's Episcopal church will have a Christmas sale of fancy work, novelties and cakes in the Princeton Hotel lobby, Friday, Dec. 7, 1923.

Alice Calhoun Tells of Thrilling Scenes

To be locked in a steel vault was my novel and dangerous experience in the making of a thrilling scene in "The Midnight Alarm," a Vitagraph special production, which will appear at the Strand theatre, on Wednesday and Thursday. The danger was doubled by the fact that this action was demanded while the scene was burning and flames threatened to drive my rescuers away and leave me to suffocate.

David Smith, my director, is such a terrible man for realism that he insisted on a practical vault being built for the scene. He said he wanted me to be in the same predicament as if the scene were actually staged from life. He wanted me to feel as if I was actually living through the adventure. I did.

The Strand offers a special bargain matinee Thanksgiving for ladies and children, Matinee 2:15.

All Model and Evans school children will be admitted for 10c.

High school children, 25c. Ladies matinee 3:45. All ladies will be admitted for 25c.

NOTICE OF SALE OF VALUABLE FARM LAND.

Under and by virtue of the power of sale contained in that certain deed of trust executed and delivered by R. A. Worthington and wife, Mollie Worthington to W. H. Woolard, trustee, on the 5th day of April 1921, to secure the payment of a certain note therein described, the said deed of trust being of record in Book C-14 at page 57 in the office of the register of deeds of Pitt county, default having been made in the payment of said note and the holder thereof having required a foreclosure sale, as in said deed of trust provided, the undersigned trustee, will on Monday, December 24th, 1923 at 12 o'clock Noon

sell to the highest bidder for cash at the court house door in Greenville, Pitt county, North Carolina, the following described tract or parcels of real estate lying and being in the county of Pitt and state of North Carolina, more particularly described and defined as follows:

FIRST TRACT: Bounded on the south by the lands of Thad Little, on the northwest by the lands of Will Tapp, on the east by the lands of Charlie Little, containing 20 acres, more or less, and being the same land conveyed to R. A. Worthington by David Cannon and wife Etta Cannon and Joseph B. Cannon by deed, dated Jan. 1, 1917 and duly registered in Book V-11 at page 304 of Pitt county registry.

SECOND PARCEL: Lots Nos. 1 and 5 of the A. G. Cox property as shown on map duly registered in map book 1 at page 119 of Pitt county registry, and being the same land conveyed to R. A. Worthington by A. G. Cox and wife by that deed dated October 18, 1917 duly registered in book P-12 at page 567 of Pitt county registry.

THIRD PARCEL: Farms Nos. 1, 2, 3 and 4 and lots Nos. 4, 5, 6, 7, 8,

9, 10, 11 of block "A" as shown on a plat of the W. L. House property, formerly owned by H. B. Smith, which is duly registered in Map book 1 at page 119 of Pitt county registry. Farm 1 to 4 inclusive, containing 13.14 acres, more or less. This being the same land conveyed to the said R. A. Worthington by the following deed: Book Y-12 pages 74, 17, 33, 4; H-12 page 563; book S-12 pages 172 and 155, all in the office of the register of deeds of Pitt county to which reference is hereby directed for full description.

FOURTH PARCEL: Farm No. 3, of the Alfred Forbes Farm in Beaver Dam Township, as shown on the map of the C. S. Forbes division duly recorded in map book 1 at page 50 of Pitt county registry, it being the same land conveyed to N. W. Outlaw and R. A. Worthington by C. S. Forbes and wife by deed duly registered in book QQ-11 at page 191 in the office of the register of deeds of Pitt county, said farm No. 3 contains 29.50 acres.

FIRST PARCEL will be sold subject to two prior mortgages: H. C. Kinsaul, book Y-13 page 407 and Bank of Winterville, book U-13 page 66; Third Parcel subject to following mortgages: J. L. Simmons, trustee, book I-12 page 213, W. M. Foster, book C-13 page 585 and D. L. Little, trustee, book Y-13 at page 304; and one half interest only in Fourth Parcel will be sold. Terms of sale: CASH.

November 25th, 1923. W. H. WOOLARD, Trustee. James L. Evans, Atty.

"WE KEEP YOUR FEET HAPPY"

Two Farms AT AUCTION Saturday Dec. 1st

10:30 A. M.

Part of R. O. Jeffress Farm

Located on the Old Tarboro-Greenville Road, 1 1-2 miles from Greenville and 1-4 mile off the Greenville-Bethel Highway.

Owing to the central location of this property a number of very small tracts will be cut. These should be of interest to truck farmers and those residents of Greenville who desire garden or small farm spots.

The terms are very attractive, being 1-4 cash, the balance in 6 equal annual installments from Jan. 1st, 1924.

2:30 P. M.

Part of the Fannie L. Moore and Ross Farms

Located on the Greenville-Stokes Road, which is to be hard surfaced, and the Pacolus-Bethel Road, about 1 1-2 miles from Station Mill, 2 1-4 miles from House Station, and 5 1-2 miles from Greenville.

150 acres subdivided into three tracts, all with road frontage and all with both cleared and woodland. One of the tracts is situated at a cross roads and presents an excellent location for a country store business.

Terms on this sale will be easy.

Immediately after the sale of the above property we will sell a small amount of personal property.

Sale Conducted for R. L. MOORE and J. M. HINES—By ATLANTIC COAST REALTY CO., Agents

Antioch Educates For Both Culture And Competence

BOSTON. — In an address today before the Twentieth Century Club Arthur E. Morgan, president of Antioch College, Yellow Springs, Ohio, outlined the work of this institution in giving young men and young women a well proportioned training for modern life. He clarified the possibility of educating youth successfully both culturally and professionally, and at the same time. Mr. Morgan spoke in part as follows: "Of 1,500,000 Americans filling administrative positions, only one in 10 is a college graduate. But the other 80 or 90 per cent are not uneducated. Charles M. Schwab recently remarked to a university graduating class. "The education men get in the workshops of this country is just as much education as the education you men and women have received here."

"The professional educator tends to ignore any but his own field. Liberal colleges center the student's attention upon cultural subjects, commonly leaving him ignorant of practical life and of any vocation. Technical schools train technicians, who too often graduate ignorant both of the world of educated men and the world of practical experience. The self-made man frequently feels that the school of hard knocks after all is best."

To Hold Turkey Sale.

RALEIGH, Nov. 26.—The livestock marketing division of North Carolina State College and the department of agriculture has between 10,000 and 12,000 turkeys listed for sale, according to an announcement by V. W. Lewis, head of the division. Lewis is conducting sales of turkeys this year just as he has conducted livestock sales in the past. Farmers having turkeys for sale probably can place them by listing them with the livestock division and persons or firms desiring the birds can secure prices on large lots from the same source.

Holstein Sets World's Record Milk Producer

CHICAGO.—Kolrain Funder's Best Holstein cow, completed a test at

Named New Director of U. S. Mint

Robert J. Grant

Robert J. Grant, Superintendent of the Denver (Col.) Mint, has been appointed by President Coolidge to be Director of the United States Mint, taking the place of F. E. Scobey, who recently resigned.

seven years of age, with a production of 35,085.4 pounds of milk containing 1,117.16 pounds butterfat equivalent to 1,396.4 pounds of butter, making her the world's champion milk cow for production under strictly official rules, according to announcement of The Holstein-Friesian Association of America.

Bess' production for the year is sufficient to supply 44 families with one quart of milk each day for 365 consecutive days, the announcement said, as for 320 days the cow produced an average of 100 pounds of milk in a one-year test period. She is owned by the Fred F. Field Dutch Holstein Farms at Brockton, Mass., and her weightings and sampling of each milking and all butterfat tests were made under the supervision of the Massachusetts agricultural college.

Eskimos Find Joy in Jazz. ANCHORAGE, Alaska.—A missionary has organized among the Eskimos at Point Barrow, in the

Arctic Circle, what probably is the farthest north brass band in the world. These Eskimos take kindly of jazz, explaining that it harmonizes closely with their style of dancing.
