Senator Borah Opposes Bonus In Speech Today

Idaho Senator in Speech Before Republican Club of New York Says One is for Tax Reduction or Against It; Against Bonus

NEW YORK, Jan. 5.—Declaring himself in favor of tax reduction and opposed to the soldier bonus, Senator William E. Borah of Idaho, in an address today before the National Republican Club of New York, said this issue could not be avoided or sidestepped.

"One is either for tax reduction or he is against it," he said. "One has a right to be for the bonus or he has a right to be for tax reduction. But he cannot be for both."

"You cannot take off a temporary burden of \$140,000,000, or \$150,000,000 and lay on a permanent burden or obligation of \$4,000,000,000 to \$5,000,000,000, add call it tax reduction. It would be a dangerous political experiment. It would defeat any party that would undertake it."

Senator Borah quoted figures indicating the rate of increase of taxes in the last eight or ten years, declaring they "represented the most searching tragedy of American life."

In eastern industrial centers the situation was serious enough, he asserted, but in the agricultural regions of the west, "they are losing faith in the government" because of unbearable taxes and "the mad saturnalia of spending," in which the speaker declared the government continued to indulge.

"If we building up our economic power, give life and energy to our farmers and businessmen, make it possible for the average citizen to get ahead, to save something, to educate his children, we will be far more invincible than if we have great armies and a nation crippled economically."

"The administration has done a fine, inspiring thing in putting out a call for tax reduction, for the curtailment of expendi-grabbing for public funds by the different departments of the government. Who can deny a soldier boy and ask him to share with his country the question of the matter of depression or prosperity if the proposed savings are to be eaten up by wasteful burdens?"

Opposes Bonus.

"The great obstacle to tax reduction, it appears, is the proposal for a bonus for ex-service men. . . . If we consider the bonus purely in the light of material or financial aid, and if our real purpose is to assist the soldier in that way, I can think of no greater benefit for these men than that which would be derived from a betterment of the economic conditions throughout the country."

"It is five years since the war. These young men are back in civil life. They cannot succeed when business, industry and agriculture are embarrassed or discouraged. The pittance granted them individually would mean nothing in the sum total of their well-being, but anything and everything which contributes to the rehabilitation and revival of economic and business conditions throughout the country will be a permanent prosperity to the soldier far beyond anything which mere individual aid would mean."

"I do not believe it is possible to divorce the soldier's welfare at this time from the welfare of the country; in other words, from the welfare of the farmer and the business man generally."

"The world pleads for leadership," concluded Senator Borah. "America pleads for leadership, brave, unselfish, moral and intellectual leadership. Let us begin at home and now by taking the Federal treasury out of politics."

Gen. Saltzman Is Head of Signal Corps.

Major-General Charles M. Saltzman has just taken up his duties as chief signal officer of the United States Army, succeeding Major-General George J. Squier, noted scientist, who has retired. General Saltzman was signal officer of the Second Corps Area, Governors Island, New York harbor, with the rank of Colonel.

Schooner Sinks, Crew of Seven Lost

CURLING, N. F., Jan. 5.—The loss of the schooner Donald Silver and its crew of seven men on last Thursday about 100 miles from here, was reported here today. The bodies of five of the crew have been recovered.

The ship was bound from Bay Islands to Gloucester, Mass., at the time of the tragedy.

Guilty of Making False Statements Given Three Years

COLUMBUS, O., Jan. 5.—Eight Harrison, former vice-president of R. L. Dollings Company, of Ohio, was sentenced to three years in the penitentiary and fined \$5,000 by Common Pleas Judge Robert P. Duncan in the county criminal court here this morning.

Harrison was found guilty by a jury several weeks ago of making false statements regarding the holdings of the Phoenix-Courtland Cement Company, of Ohio, whose stock was being sold by Dollings Company.

FIRE CAUSES DAMAGE TO BUILDING OCCUPIED BY NEW YORK WORLD

NEW YORK, Jan. 5.—Flames started from a short circuit in the press room of the New York World in the basement of the Pulitzer Building last night shot up an elevator shaft to the top of the fourteen-story building, engendering dense smoke, which forced a general evacuation of the editorial and composing rooms in the upper stories.

Working under the difficulty of having to draw lines of hose up stairs, firemen controlled the fire in an hour and employees of the newspaper returned to their work. Three of the fourteen presses in the basement were damaged.

It was announced, however, that the damage would not interfere with publication of the paper.

in mind as it takes up the task now before us that "in politics as in mechanics, the power which is to keep the engine going must be sought outside the machinery."

"The voters who will determine the next election are insensible to the party lash and will be unmoved by party appeal. They will ask us just one question: 'What have you done for the common weal?'"

EVIDENCE SUFFICIENT TO CLEAR MYSTERY GREENVILLE MAY HAVE GAS PLANT IN NEAR FUTURE

Four Men Will Be Given Hearing in Connection With Jones Murder

NEWPORT, TENN., Jan. 5.—Following the return to Newport last night of Harry Smith, Noah Bishop, Bill McKinney and Robert Taylor, from Asheville, charged with the murder of Bascomb Jones on the night of December 27, local officers said today that they had evidence sufficient to clear up the mystery which has surrounded the killing. Hearing for the four young men before a magistrate here has been set for next Tuesday.

Officials said today that subpoenas had been issued for a group of local bootleggers who it is alleged drove two cars from Newport to Bridgeport on the night of the killing. One of the cars it is said was loaded with whiskey and the other carried the five young men. Officers stated that evidence had been gathered in Asheville that the five Asheville men came to Newport to obtain a large quantity of liquor and were driven to Bridgeport where they loaded their whiskey on a freight train and started in the direction of Asheville.

Last Friday morning the mangled body of Bascomb Jones was found beside the railroad tracks about three miles from Bridgeport. It was taken to an undertaking establishment where it was viewed by hundreds of people none of whom were able to identify the deceased.

Saturday afternoon the body was buried and on Sunday Robert E. Jones came from Asheville and described his son which description tallied with that of the dead man. The body was taken up and positively identified by the father.

The first supposition was that Jones fell from the train and was killed but according to police interrogation developed that the boys had become drunk on their liquor and began fighting. One of the men in jail Bill McKinney has a knife wound in his leg which officers believe he received during the fight.

Democrats In House To Fight Provisions Of Mellon Tax Bill

WASHINGTON, Jan. 5.—Democratic leaders in the house are preparing to launch a fight against a number of important provisions of the Mellon tax bill among them the proposal that surtax rates be a maximum of 25 per cent net on incomes in excess of \$100,000.

Japan Concentrates On The Short Wave Wireless Transmission

TOKIO, Japan.—Japan is doing much to improve her short wave wireless communication but thus far nothing to make communication with the outside world quicker.

The Funabashi naval station just outside Tokio is being modernized and new short wave stations are being erected in Chiba and Niigata but these are largely for communicating with ships and between different parts of Japan.

The syndicate headed by Viscount Shibusawa, which proposed erection of a trans-Pacific station, was somewhat embarrassed by the disaster but is understood to be inclined to go on with its project if suitable arrangements can be made with the government for a subsidy.

PROMINENT TWIN CITY BUSINESS MAN DIES

WINSTON-SALEM, Jan. 5.—J. M. Rogers, president of the Brown-Rogers Hardware Company, died at a local hospital at 1:30 yesterday afternoon, following several months illness, aged 76 years. The deceased had been a resident of this city for many years and was always active in religious and civic affairs, being one of the officials and one of the most active workers in the First Presbyterian church. His nearest surviving relative, a son, Francis Rogers, resides in Vincennes, Ind.

GREENVILLE MAY WILL DELIVER WAR MATERIALS MEXICO

Larger Cemetery Discussed; Petitions for Two Filling Stations

Prospects for a gas plant for Greenville and enlargement of Cherry Hill cemetery or the purchase of property for a new cemetery were the two chief topics to become before the board of alderman at their meeting on Thursday night.

Motion for granting a franchise for a gas plant to R. A. Blackwood passed its second reading. The terms of the franchise are to be approved by the mayor and aldermen Clodfelter and Forbes. The cemetery committee of the board was instructed to make investigations with a view of enlarging Cherry Hill cemetery or purchasing a site for a new cemetery.

A petition for the privilege of erecting a gasoline filling station at the corner of Fifth and Cotanch streets on the vacant lot next to Sugg Motor Company was presented by W. H. Dail, and one for the erection of a similar station on the corner of Greene street and Dickinson Avenue where R. E. Curran now resides was presented by R. A. Tyson. Action on both these petitions was deferred until an adjourned meeting to be held at 8 p. m. January 17 at which time the public will have opportunity to voice any opposition that there may be to the erection of the stations.

STATE TEACHERS TO MEET IN RALEIGH

Annual Meeting Changed From Twin City to The Capital

RALEIGH, Jan. 5.—Upon representation from Winston-Salem that the new high school there will not be completed in time for the annual meeting of the North Carolina Education Association, March 12-14 the place of meeting was changed to Raleigh yesterday by the executive committee in session here.

A letter from R. H. Latham, superintendent of the schools of Winston-Salem, was to the effect that the new school will not be completed and equipped by March 12 and it is the wish of the Winston-Salem school authorities to entertain the association in the new building. The invitation from Winston-Salem, heretofore accepted, will be renewed for the next annual meeting.

A general outline of the program for the March meeting of the association was adopted yesterday and its principal departure from previous programs is in the devotion of more time to the general meetings. This is made possible by the district meetings which now take care of a great deal of the technical work.

Dr. E. C. Brooks, new president of N. C. State College, will be the principal speaker on the opening night of the Association, Wednesday, March 12. Thursday morning, following, will be devoted to a general meeting for the discussion of State educational problems in which A. T. Allen, Superintendent of Schools, will speak on County-Wide Organizations; R. H. Wright, on Normal Training of Teachers and Miss Susan Fulghum, on the Standardization of Elementary Schools.

An out-of-the State speaker will feature the Thursday night program, Friday afternoon will be devoted to a business session and Friday night to community dramatics with Dr. Frederick Koch and the Carolina Playmakers presenting a group of their plays.

The plays will be staged and all the work of scene shifting and stage setting will be done before the view of the teachers with the purpose of demonstrating methods of presenting community dramas.

Mrs. Lucy Moye and son, Robert, and little Miss Nannie Johnson Rowlett returned yesterday from a visit in Winston-Salem and Raleigh.

Secretary Weeks Announces Details of Sale Obregon Government

WASHINGTON, Jan. 5.—

Commanding officers of Fort Sam Houston and Fort Bliss have been ordered to deliver immediately to designated Mexican representatives 5,000 Enfield rifles and 5,000,000 rounds of ammunition. Like orders have been sent to the army air service depot for delivery of eight DH-4 airplanes which will be shipped to the Mexican border through arrangements made by the Mexican government.

Secretary Weeks announced that the arrangement of the sale was 50 per cent and the balance within 30 days. He stated that the supplies sold to the Mexican government did not cover the amount originally requested but that it was later decided that this amount would be sufficient for the present at least.

The administration's position comes wholly under an established policy to aid a neighbor state in maintaining order and stability of government it was announced at the White House. No such sale would have been, it was stated, if munitions were to be used in aggressive warfare.

WASHINGTON, Jan. 5.—Sale of 5,000 Enfield rifles, 5,000,000 rounds of ammunition for the guns and eight DH-4 surplus airplanes to the Mexican government was announced late yesterday afternoon by Secretary Weeks.

The transaction was completed during the day when word came by wire to Mexican agents that the government had transferred funds necessary to make one-half of the payment in cash, the balance to be paid within 30 days. The terms fixed by Secretary Weeks were equivalent to a cash transaction and were accepted by the Mexican government, paying the way for immediate delivery of the war munitions at the army depot where they are stored.

Under the terms of the sale the War Department will turn over the rifles and ammunition at Fort Sam Houston and Fort Bliss, while the airplanes will be delivered from the depot at Fairfield, Ohio. The Mexican government will make its own arrangements for shipment to the border. Orders were issued at once for delivery of the military supplies to designated Mexican agents. They will reach commanders of the depots tomorrow.

Although the statement issued by Secretary Weeks did not disclose the total amount of money involved in the sale, on the basis of prevailing prices it would appear less than \$100,000, as Enfield rifles sell at about \$35 each and surplus ammunition at about \$18 per thousand rounds, while the airplanes would be valued at about \$12,000 each.

It was reported when first word of the sale of arms to Mexico became public that the Obregon government expected to spend \$750,000 for the equipment. Whether, in view of the necessity of making the deal practically a cash transaction, the Mexico City government found itself unable to go beyond the purchase of the amount of equipment mentioned in today's statement, or whether Secretary Weeks found it inadvisable to authorize any larger sale, has not been disclosed.

The most important of the cases heard in this morning's session of police court were those arising out of the recent accident which occurred at the Fifth street crossing of the Atlantic Coast Line Railroad when an automobile driven by H. L. MacLin was struck by a motor car on the rail road. MacLin was charged with the reckless driving of an automobile while A. Holloman, Elias Braxton and the Atlantic Coast Line were charged with recklessly operating a motor car on the railroad. The charges against MacLin and Holloman were dismissed and the railroad company and Braxton were fined \$25 each and the costs of the action. The case was appealed to Superior Court.

Other cases heard this morning were: Frank Jolly, white, speeding and reckless driving, \$10 and cost. Vance Wells, white, speeding, 30 miles per hour on Dickinson avenue, business section an 40 miles in residential section, \$20. J. L. Foreman, colored, reckless driving and damaging horse and wagon, \$10 and cost. Lyman Harris, colored, dog at large. Cost. Geo. Ray, colored, insufficient lights. Cost. Jno. Said, M. B. Smith, white, reckless driving and colliding with each other. M. B. Smith dismissed and Said allowed to pay the cost. Messrs. J. L. and Vance Perkins, of Stokes, are here today.

Weather Man Issues Storm Warnings

WASHINGTON, Jan. 5.—The weather bureau today issued the following storm warnings: Advisory 9:30 a. m. Northeast storm warning displayed on the New England coast; Northwest displayed on the Atlantic coast from New York south on east coast from Mobile to Key West. The disturbances developing off Cape Matheras will travel northeastward with increasing intensity.

Paper Marks as Ray Material

BERLIN.—Word has been received in Berlin of the arrival at Belgrade of carload lots of German paper money to be used by the Rosenberg paper factory near Slatka Gora on the River Mur. It was purchased in preference to other raw material because of its cheapness.

Coldest Wave In Many Years Now Sweeping Country

Harry K. Thaw Fights to Prove Sanity.

Harry K. Thaw, slayer of Stanford White, world-famous architect, in Madison Square Garden, New York City, who escaped from Matteawan Insane Asylum, but who has been confined in Kirkbride's Private Asylum in Philadelphia since 1917 to evade extradition proceedings to New York for beating a boy, has instructed his attorneys to begin legal proceedings in an effort to prove he has regained his sanity. If the action is successful he cannot be prosecuted in New York, but will be freed and will regain his personal fortune, about \$1,000,000.

Deaths Reported In St. Paul; Canadian Temperature 42 Below—South May Get Zero Weather

WASHINGTON, Jan. 5.—The weather forecaster brought into play some of the superlatives of their scientific lexicon today in describing what is going to happen to the country within the next 24 hours. As a result of the cold blast coming down out of the northwest "a severe cold wave" was forecast for most of the east as far south as Virginia and North Carolina while "a cold wave with temperature below freezing" is said to be in store for all the rest of the eastern forecast district except the southern part of Florida.

It was recorded that the west is already under the grip of zero weather with the mercury down to 34 degrees below zero in Morehead, Minn., and the Canadian low mark of 42 below is reported from White River, Ontario. The term "severe cold" is very seldom employed by the bureau in its forecasts and it is explained to indicate radically rapid dropping of the temperature and in the present case may mean a reading as low as 10 degrees below even in states below the Mason-Dixon line.

Two Freeze to Death

Chicago, Jan. 5.—Severe cold spread over the entire United States today for the first time this winter as the most extreme weather of the season reported from the northwest, central west, west and southwest and is rapidly spreading toward the Atlantic seaboard where a cold wave is predicted for this afternoon or tomorrow morning.

The temperature here fell to 15 degrees below zero before dawn today and forecasters predicted the coldest weather in ten years for tonight or tomorrow morning with the mercury down to 20 below.

Omaha reports 20 below, Kansas City, 10 below and the frigid temperature extending as far south as Texas with a somewhat higher reading.

In the "Old South" freezing temperatures are predicted for many sections tonight. Atlanta reports a temperature of 32 above zero with 46 as the highest reading for the past 24 hours. Behind the bitter weather however will follow the inevitable respite as warmer weather is forecast for the Rocky Mountain region.

In Chicago an unidentified man froze to death early today and St. Paul, Minn., reports that a park watchman froze to death while on duty.

There is so much suffering due to the extreme cold that Mayor Dever today ordered the reopening of the municipal lodging house for the first time in eight years and all police stations have been thrown open to the sufferers among the unemployed. Fires caused by overheating resulted in 120 alarms last night.

BESSEMER CITY FIRE DOES \$50,000 DAMAGE

GASTONIA, Jan. 4.—Fire originating in the machine room of the waste house of the American Mills at Besemer City last night did \$50,000 damage before it was extinguished. The Gastonia fire department responded to a call and helped the mills volunteer department. For a time the entire town was threatened.

Swedish Imports Increase

STOCKHOLM.—Sweden's imports for the first ten months of 1923 exceeded the exports by about \$54,000,000 as against an excess of \$19,000,000 for the corresponding period of 1922.

The principal commodities that helped swell the import volume are grain, fuel, illuminating and lubricating oils, coal and vehicles, including automobiles. The bulk of the imports in each class cited came from the United States.

## THE HOME NEWSPAPER

If there is anything in your town worth talking about 10 chances to one your own newspaper had a hand in putting it there. If anybody beyond the walls of your burg ever learns that there is such a place as Three Corners it will be through the home paper.

Every town gets its money's worth through the home newspapers. It's the wagon that carries all your goods to market. It ought to be kept in good repair. It will pay to grease it, paint it and keep its running gears in good shape and shelter.

They are the guardians and defenders of every interest, the forerunners and pioneers of every movement and the sturdy advocates of law and order.—The Manufacturer.

## OUR WILD GAME

That 50 per cent of the wild denizens of field and woodland will have paid with their life this year because of the use of the automobile in hunting is the statement of Dr. William T. Hornaday of New York City. That is to say, the modern hunter can easily cover far more territory than could be covered by the hunter who went afoot or followed after a horse. Dr. Hornaday says that four times the former area can be covered by the automobile hunter. The distinguished director of the New York Zoological Garden thinks that our wild game is doomed unless protective measures are adopted.

In addition to protective legislation, Dr. Hornaday would call on the good sportsmanship of the hunter. Let the hunter go slow and take a reasonable toll, recognizing the new peril to wild life. He appeals to the sentiment of self-interest. Otherwise legislation will not be able to preserve the birds of the air and beasts of the field that have so long made this country of ours a hunter's paradise. The pump gun is accountable for much useless slaughter of birds.

## SOUTHERN FORESTRY CONGRESS

The invitations to be present or to be represented at the Southern Forestry Congress, which are now being sent out, recall the effort recently made, through the Forestry, Reclamation and Homemaking Conference, held in New Orleans, La., in November to interest Federal and State authorities in the proper use of Southern cut over lands. One of the big results expected of that conference was

the development of plans for the proper classification of Southern lands so that as soon after cutting as possible, or even before, they might be put to yielding an adequate revenue.

This Conference, while making the statement that "the area of cut over land, especially in the south, is rapidly increasing and without adequate provisions being made for its reforestation or other use" and that "all of this land has value for future forest growth," advocated "a systematic study of all timbered, cut over land or waste lands with a view of determining the best of these for growing timber, grazing and agriculture."

The Sixth Southern Forestry Congress meets January 28-30, at Savannah, Ga., which is about the middle of the coastal plain region and is undoubtedly the best timber growing section of the country outside of the Pacific Coast. It will take up in earnest the question of how to use the lands of the South, vast areas of which are already cut over and yielding little or no profit to their owners. The naval stores industry as well as the lumber industry can see a near ending to their usefulness unless something is done to perpetuate their supplies of raw material.

This Congress will be composed of representative Southern business men and the three day program has been prepared especially to appeal to business men. Such subjects as "The Naval Stores Industry," "Forestry and the South's Business," "A Business Man's View of the Cut Over Land Problem," "The Responsibility for Forestry," etc., guarantees the practical approach to this large and important subject.

Lots of women don't look good in the hats they buy, but even at that they sometimes look much better than the husband feels when the bills for them are presented.

The fellow who says that a straight line is the shortest distance between two points has evidently not travelled over North Carolina roads since the word "Detour" has become a part of most everyone's vocabulary.

Now that the winter which the weather man has been promising has arrived there is no danger of forgetting to "Keep the Home Fires Burning."

Congressman Upshaw's suggestion that all government officials be required to take a pledge of total abstinence is a timely one coming right at the beginning of the year, but we are afraid that such a pledge would travel the same path as most of the other New Year resolutions into the land of good intentions never fulfilled.

The man who drives an unlighted automobile on a public highway after dark is a criminal, yet the man driving an unlighted animal drawn vehicle is a lawabiding citizen. Our legislators evidently saw it that way, or else they would have passed the vehicle light bill which was before the 1923 assembly, but in our opinion each is endangering his own life and property and that of others and should come under the criminal class.

TUCKER-M'GEE.

GREENWOOD, Mississippi, Jan. 5.—

The wedding of Miss Clarice McGee and Mr. W. D. Tucker was quietly solemnized at the Methodist church in Greenwood, Wednesday, Jan. 2, Rev. V. C. Curtis officiating. The bride is the attractive daughter of Mrs. E. B. McGee, of Cruger and has many friends in Greenwood and vicinity who will be interested to hear of her marriage. Mr. Tucker is the oldest son of Mr. and Mrs. W. E. Tucker, of Greenville, North Carolina, and is engaged in the tobacco business in that city. Following the ceremony Mr. and Mrs. Tucker left for Asheville, N. C., where they will spend a few days before going to Greenville, their future home.

AID SOCIETY OF MEMORIAL BAPTIST MEETS MONDAY

The ladies aid society of the Memorial Baptist church will meet Monday afternoon at 3:30 o'clock at the church.

MRS. W. A. DARDEN ENTERTAINS BRIDGE CLUB

On Friday afternoon at her home on Ninth street, Mrs. W. A. Darden delightfully entertained the members of her bridge club, and a few friends with several interesting progressions of bridge.

The home was attractively decorated in keeping with the season with red berries and potted plants.

Mrs. Albion Dunn making the top score was presented an attractive doll pin cushion dressed in green chiffon trimmed with pink rose buds. The table prizes, miniature doll pin cushion, were won by Mrs. R. J.

Cobb, Miss Novella Moye, Mrs. K. B. Pace and Mrs. John Hodges. The consolation, an attractive celluloid doll representing a powder box, fell to Mrs. R. J. Cobb.

After the games a salad course was served.

Germany's Former Ruler Scorned By His Marshall Recently

DOORN, Holland. — William Hohenzollern is not very kindly treated in the memoirs of Count Robert Zedlitz-Truetzschler, his former court marshal, who here today being read with unusual interest in Holland. The Count says the former emperor was so suspicious of England at all times, and so uneasy about English public opinion that he insisted upon reading personally all communications addressed to him from England.

Letters of Englishmen frequently put him into a terrible rage. One such communication received in 1908 angered him especially. An Englishman, whose name the writer of the memoirs withholds, wrote: "I advise you to give up trying to be the head of a nation of 60,000,000 people. Become the head of a football team, or a cricket club. That would fit you better."

Count Zedlitz-Truetzschler credits William's mother with having said of him: "Do not think there is any other motive than vanity for my son's actions."

In February, 1909, the former court marshal wrote this about the then emperor: "The emperor more and more gets out of the habit of regular work. He gets up late, has breakfast a trine and then only with great displeasure listens to what his ministers tell him. He has lunch at one, and then rides in his carriage at two. After this he has tea. Then he sleeps, and has a little time before dinner for signatures. Such is his daily work. May one compare it with what historians say?"

Count Zedlitz-Truetzschler credits William's mother with having said of him: "Do not think there is any other motive than vanity for my son's actions."

In February, 1909, the former court marshal wrote this about the then emperor: "The emperor more and more gets out of the habit of regular work. He gets up late, has breakfast a trine and then only with great displeasure listens to what his ministers tell him. He has lunch at one, and then rides in his carriage at two. After this he has tea. Then he sleeps, and has a little time before dinner for signatures. Such is his daily work. May one compare it with what historians say?"

Unemployment Declines in Countries Of Europe, It Is Said

LONDON. — A survey of economic conditions and unemployment figures in the different countries of Europe, compiled by the International Federation of Trade Unions, shows that in comparison with last year there is in nearly all countries, excepting Germany, a notable decline of unemployment. The industrial situation in some countries, together with the latest figures on unemployment, is as follows:

Belgium—A great revival in industry; unemployed 12,368.

France—Economic situation highly satisfactory; unemployed 1,363.

Holland—Little change in the labor market; unemployed and particularly unemployed 80,222.

Italy—A steady decrease in unemployment; unemployed 231,590.

Poland—(Exclusive of the former Prussian territory and Galicia) unemployed 87,000.

Denmark—Unemployed 20,754.

Norway—Unemployed 12,840.

Sweden—Unemployed 11,009.

Switzerland—Unemployment has been gradually decreasing for months past; unemployed 22,310.

Czecho-Slovakia—Unemployed (estimated) 300,000.

Austria—Unemployment steadily declining; unemployed 77,923.

Russia—Unemployment is most acute among the civil servants, municipal employees, clothing workers and unskilled workers; unemployed (in 52 towns) 443,050.

Germany—The industrial situation is changing for the worse in every branch of industry; unemployed 650,788. This makes a total of unemployed for the Continent of 1,961,697. In Great Britain 1,216,500 persons were registered as unemployed in October.

Poppy Cultivation In China Is More Expensive Than Ever

PEKING. — The extent to which the poppy, for the manufacture of opium, is being cultivated in the province of Kansu is illustrated by the experience of travellers who try to hire carts, the only mode of travel in some portions of the province.

Owing to the fact that practically all carter were engaged in transportation of opium, the price demanded per day for a cart, pulled from one fuel (about 30 cents) if the carter was permitted to carry opium at the same time, to \$4 (Chinese currency (approximately \$24) objection were raised to this arrangement.

In many towns it was said practically all of the inhabitants have reverted to the use of the drug and the cultivation of the poppy is carried on more intensively than ever before.

YO! HO! ME HEARTIES! BEND A SAIL FOR

THE ISLE OF LOST SHIPS

Some say it is a sailor's myth—this Sargasso Sea—yet the atlas shows it at the Gulf of Mexico's very door.

And here our story is told—a tale of adventure on an island of derelict ships—some, centuries old—locked together in a tangle of seaweed and peopled by a colony of men and two women—ruled by a giant brute with the strength and soul of a pirate sire!

Maurice Tourneur PRODUCTION By Crittenden Marriott

"We'll fight—and the best man takes her"

A beautiful girl, a detective and his prisoner, a man accused of murder, sole survivors of a shipwreck, castaways in this strange place, where every woman—by community law, must choose a mate from among the population. Two men want her—the brute who is czar of this empire of ghost ships—and the man accused of murder! And with the woman-hunger strong in them they fight for the prize!

—YOU'VE NEVER SEEN ANYTHING LIKE IT!

A First National Picture

With an all star cast, including MILTON SILLS, ANNA Q. NILSSON, FRANK CAMPEAU, WALTER LONG Personally directed by MAURICE TOURNEUR. Also international News. Admission 20 and 40c

WEDNESDAY AND THURSDAY

SPECIAL LADIES' MATINEE THURSDAY—All ladies will be admitted to matinee only for 20c.

"THE TOWN THAT FORGOT GOD"

A WILLIAM FOX PRODUCTION

Directed by HARRY MILLARDE, who staged "OVER THE HILL."

This is the most sensational and spectacular picture ever screened. The most tense dramatic story of American small town life ever portrayed. Life in a small American town where the Ten Commandments are broken every day and the Golden Rule every hour. Also good comedy. Adm. 20 and 35c

FRIDAY — "PAWNED" — With Tom Moore and Edith Roberts

Also good comedy. Admission 10 and 25c

Jennis E. Hammond and wife to Lena Martin, consideration \$2150.00.

MISSIONARY SOCIETY OF METHODIST CHURCH MEETS MONDAY

The Woman's Missionary Society of the Methodist church will meet in the Philathea class room at 3 o'clock Monday, Jan. 7. Complete report of the last year's work will be read and plans for the coming year will be discussed. Every member should be present. All the women of the church are cordially invited to come also. The meeting will close promptly at 4 o'clock.

Marriage License.

The following marriage license has been issued since Friday's report: Booker T. Smith, Greene county, to Letha Carman, of Ayden.

'The Isles of Lost Ships' Is Replete With Thrills, Strand Theatre Soon

Milton Sills, Anna Q. Nilsson, Frank Campeau and Walter Long are the principal members of the cast of "The Isle of Lost Ships," a First National attraction produced by M. C. Levee and personally directed by Maurice Tourneur, which will be the feature at the Strand theatre Monday and Tuesday. It is based on Crittenden Marriott's famous drama of the sea. The remainder of the cast likewise leaves nothing to be desired.

Milton Sills, as the escaped convict—facing death in the electric chair—who saves the life of the beautiful young society girl when the vessel on which he is being taken to the United States is rammed by a derelict, gives his customary strong characterization.

Miss Nilsson, as the heroine who finds herself compelled to marry within twenty-four hours, has a strenuous role which she enacts with skill and finesse.

Frank Campeau as the indomitable detective, and Walter Long as the powerful and arrogant ruler of the little community of castaways on a strange island of ships in the center of the Sargasso Sea, are exceptionally well drawn roles.

Bert Woodruff and Aggie Her-ring, as Patrick and Mother Joyce, furnished exceedingly delightful comedy bits.

Director Tourneur, with the poetic touch that identifies all his pictures, has given this unusual story of the Sargasso Sea picturesquely beautiful settings. Getting off to a fast start, "The Isle of Lost Ships" is replete with thrills and unusual situations galore, one of the episodes showing the little band of castaways escaping from the mysterious island in a submarine that had been washed up.

CHURCHES

**Catholic**
