SOUTH CAROLINA DEMOCRAT HEADS SENATE COMMITTEE

Smith Succeeds Cummins As Chairman Interstate Commerce

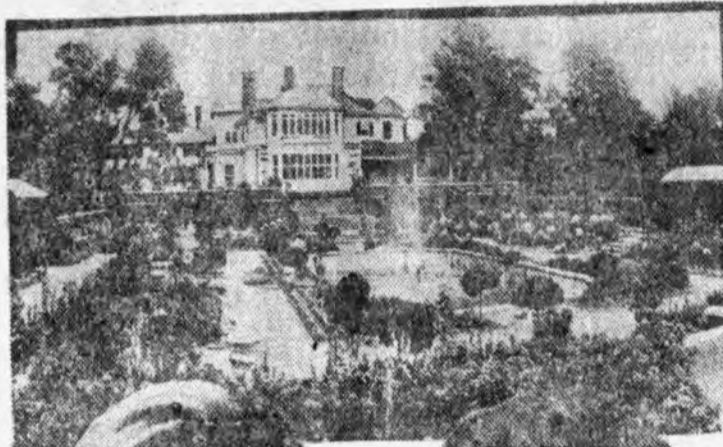

WASHINGTON, Jan. 10.—Ellison D. Smith, Democrat, of South Carolina, was elected yesterday by the Senate as chairman of its Interstate Commerce Committee...

Four insurgent Republicans and the two Farmer-Senators threw their support to Smith, thus breaking a deadlock which has existed since December 1.

Reverberations from the month's battle in the Senate which resulted in the election late yesterday continued today in the form of grumblings that presaged a somewhat similar fight for retention by the Iowa Senator of the office of president pro-tem.

Meanwhile the House began work today on the first big appropriation measure of the session, the Interior Departments supply bill.

Hawaiian Returns Wealthy After An Absence of 30 Years

HONOLULU.—A story of riches made in Alaska during an absence of nearly 30 years was revealed recently when Thomas Emslie returned to live the remainder of his life in the city of his birth and enjoy his fortune of \$200,000.

Emslie left Hawaii on a whaling ship in 1895 and was penniless. He remained aboard, the vessel three years, during which he had learned much about navigation and the fishing and fur business.

As his prosperity continued he decided to remain permanently in Alaska, but recently he had an attack of "island fever," a longing to return to the place of his birth and, with his family, came to Hawaii.

Finds Best Market For Toys In Some of Agricultural Districts

NUREMBERG.—Farm children in Germany will have more toys this year than children in the great cities and industrial centers. While the toy business has fallen below that of last year, and far below the pre-war average, the wholesale toy dealers have found their business was better in centers where the population is agricultural and the high prices received for farm products have enabled peasants to make expenditures for Christmas gifts.

Mechanical toys which convey the idea of work have been more popular this season than military toys for boys. Tin-soldiers, tin-sabres and cannon have been largely displaced by sets of miniature tools, lathes, miniature wireless sets, automobiles and other toys of mechanical make-up.

Animals have held their popularity for both small boys and girls, but the expensive animals of previous years have been replaced very largely by dolls. Dolls are shown in great abundance, but they are smaller than of old and less expensive.

Former Service Man Wounded In Highland Hospital

FORMER SERVICE MAN Wounded in Highland Hospital. ASHEVILLE, Jan. 10.—Michael Taylor, 28, ex-captain of the world war and former attorney of Richmond, Va., was fatally wounded in the Highland hospital here last night by another patient of the hospital, authorities of the hospital announced today.

Both Taylor and Moore were undergoing treatment in the hospital for mental derangement disorders. Attendants at the hospital stated that Moore suddenly seized an axe and buried the blade of it into Taylor's head without any warning whatsoever.

The commissioners have definitely decided that this will be necessary if the custom of the past in furnishing smaller towns of the county with electric power is to be continued.

Russian Train Hold-Ups Recall Early Wild West in U. S.

MOSCOW.—Wild west days in the United States are having their Russian prototypes in certain thinly populated districts of the Ukraine and the Caucasus. Within a fortnight were reported three train hold-ups by large groups of bandits. Near Rostov-on-Don between the stations of Jernevo and Stansinkaya, a group of bandits robbed every passenger on one express train and killed one of them who resisted. Near Kharkov, where bandits stopped a train, armed guards opened fire and kept the bandits at bay until support arrived from the nearest station, but several passengers were wounded.

Florida Officials Follow Three Trail Search for Bandits

WEST PALM BEACH, Fla., Jan. 10.—Officers and possees of men are today following three trails in pursuit of members of the famous Ashley gang of desperados who escaped after a gun fight which began early yesterday and left one dead outlaw in camp in payment for the life of one of the officers shot down at close range yesterday by one of the gang's lookouts when the officers approached to camp to arrest Joe Ashley on the charge of robbery.

DR. L. B. M'BRAYER RESIGNS AS HEAD STATE SANATORIUM

Dr. P. F. McCain Succeeds; Elected to Fill Vacancy Now

SANATORIUM, Jan. 10.—Dr. L. B. M'Brayer, superintendent of the State Tuberculosis Sanatorium, who has been under fire since the General Assembly began an investigation of his administration of the institution a year ago, culminating in his conviction in the Hoke county courts on a charge of trading with himself as a state officer, tendered his resignation at the meeting of the board of directors here today.

The resignation was accepted and Dr. P. F. McCain, assistant superintendent of the institution, was elected to fill the unexpired term. Dr. McCain, who is a son-in-law of Dr. M'Brayer, has been associated with him in the management of the institution for several years. He is regarded as one of the outstanding authorities on tuberculosis in the country. He assumed control of the institution immediately upon his election.

Dismissal of Dr. M'Brayer following his conviction of violating the law forbidding a state officer to trade with himself was demanded by Governor Cameron Morrison several weeks ago when the superintendent appealed to the Supreme Court from the judgment of Judge N. A. Sinclair that he pay a fine of \$50 and immediately vacate the office. Until yesterday the board took no action on Governor Morrison's request, but the Governor had not received from him position.

Full approval of the acceptance of the resignation and the election of Dr. McCain to fill out the term was expressed by Governor Morrison to members of the board who were in communication with him over the telephone tonight. He said that the solution was a very happy one and that he had every confidence in Dr. McCain's ability to carry on the work here successfully. "I regard him as without superior as a tuberculosis authority," the Governor said.

COMMITS SUICIDE IN AUTO, TAKEN TO UNDERTAKER

HUNTINGTON, W. VA., Jan. 10.—I. A. Sims, of Savannah, Ga., who came here recently to go into business, summoned a taxi driver yesterday, paid him in advance and then told him to drive him around the city before taking him to an undertaking establishment which he designated. The driver followed instructions and when he arrived at the undertaking establishment it was discovered that Sims had committed suicide by taking poison. A note in Sims' pocket gave directions for his funeral.

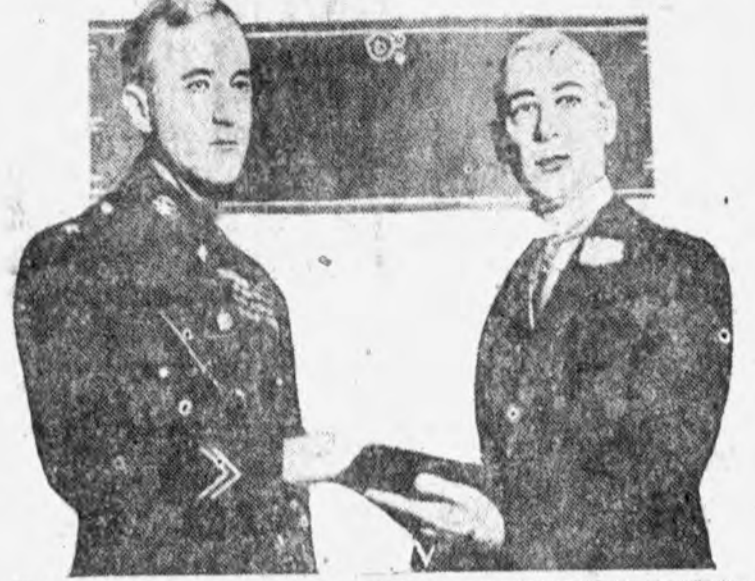

EHRINGHAUS NOT TO BE CANDIDATE FOR GOVERNOR

ELIZABETH CITY, Jan. 10.—C. B. Ehringhaus of Elizabeth City has decided that he will not be a candidate for the Democratic nomination for Governor. Mr. Ehringhaus made this announcement to set at rest reports that he was contemplating offering for the office. He added that he intended to exert his influence in behalf of Angus W. McLean should the Lumberton man offer.

Philadelphia Clean Up Campaign Shows Astonishing Results

PHILADELPHIA, Jan. 10.—Dawn of the fourth day of Brigadier-General Butler's campaign to clean up the city indicated that one of the most crushing blows in history had been dealt crooks, gamblers, bootleggers, narcotic peddlers and general lawbreakers of Philadelphia. All the known gambling establishments, disorderly houses and speakeasies were said to have ceased operations and the proprietors to have fled from the city.

MORRISON EXPLAINS STATEMENT TO COMMISSIONER DOUGHTON

RALEIGH, Jan. 10.—"If I have displeased you in any way, I am truly sorry, because I feel that one of the best services I have rendered the State was in persuading you to accept the office of Commissioner of Revenue," Governor Morrison yesterday wrote R. A. Doughton, Commissioner of Revenue, explaining his purpose in making public a statement last week which apparently not only offended the Commissioner but gave rise to the report that he would resign.

Governor Morrison's statement followed one issued by the Commissioner of Revenue in which it was asserted that the collections for the calendar year except in the item of inheritance taxes exceeded the estimates of the Budget Commission. The Governor stated that he felt impelled to correct interpretations which had been placed on the revenue statement.

Governor Morrison's letter to the Commissioner of Revenue follows:

January 9th, 1924. "I am deeply distressed to know that some people interpret my recent utterances about State finances as a censure and condemnation of you. I have also learned that you do not think I was very happy in my mode of expression. "Please permit me to say that I had no thought of any criticism or censure whatever of you, but I did think that some of the interpretations made of your statement were calculated to mislead the public mind and that it was important to correct the impression which had been made upon a number of the newspapers."

BRITISH SUBMARINE LOST IN COLLISION

LONDON, Jan. 10.—An admiralty message says that the British submarine L-24 has been lost off Portland as a result of a collision, and it is feared that the entire crew perished with the craft. It is unofficially reported that the submarine was rammed by the dreadnaught.

WEEKS RECEIVES THIRD PROPOSAL MUSCLE SHOALS

Complete Details New Proposal Is Not Yet Made Public

WASHINGTON, Jan. 10.—Secretary Weeks announced today that he had received still another proposition for the disposal of the Muscle Shoals project. Details of the plan were not made public but it was said to contain provisions for the manufacture of nitrate for fertilizers. Secretary Weeks said today that he had not yet examined the plan fully and could not tell how it compared with the Ford offer or the plan just presented by a combination of nine southern power companies for rental of the Alabama plant for a period of 50 years with a provision for the government to retain title to the property way of fertilizer manufacturing. The new proposal is tentative but the war secretary said that it came from entirely responsible people.

Bonds To Be Issued Extension Sewerage System in Charlotte

CHARLOTTE, Jan. 10.—Preparations are under way for the issuance of \$400,000 worth of city bonds to pay the cost of an extension of the sewerage system and the construction of a new septic tank, according to the city commissioners. Four miles of sewer lines will be laid and the septic tank on Sugar Creek will be replaced by a larger one to care for the city's needs.

King's Daughters Hold First Meeting of the New Year

The Patient Circle of the King's Daughters held the first meeting of the New Year on Tuesday evening at the home of Mrs. R. J. Cobb. The new president, Mrs. N. S. Fulford, presided. The meeting was one of the best held in several months and over 30 members were in attendance. Four new members were added to the circle. After a brief devotional service, a business session was entered into with several important matters being disposed of. Mrs. Fulford appointed the following committees: Four finance committees, are emergency committee, visiting committee, and hospital committee.

The committee in charge of the tag day and Christmas donation for the needy made a splendid report. The generosity of the citizens of Greenville was shown in the report and the King's Daughters again voted a card of thanks to those who so generously helped in the offering which made the poor and needy so happy at Christmas time. A report was made on the success of the Christmas tree at the Cotton Mill. This was one of the most enjoyable features of the season, for those who attend the Sunday School at the mill, and each person attending was made happier with the little remembrance made possible by the unselfishness and generosity of the Greenville people.

Statue Inspired By Temperance Bought of Methodist Building

CHICAGO.—The bronze statue "La Paye" (Pay Day) by Jacopin of Chateau-Thierry, France, has been purchased by the board of temperance, prohibition and public morals of the Methodist Episcopal church. The statue represents a drunken man lying in the gutter, with a broken whiskey bottle in his hand. Near him is his empty pay envelope. Standing dejectedly by is his wife, holding a small baby in her arms, while at her side stand two other children. It is the only piece of statuary ever inspired by temperance, church officials declare.

EUROPE'S UNPAID DEBTS TO AMERICA

Among the fourteen European debtor nations which have reached no settlement with the United States, France stands first with a principal totaling \$3,341,000,000 and unpaid interest, bringing the gross obligation to approximately \$40,000,000,000.

It is this enormous total that the American Government consistently declines to toss into the reparations controversy. The United States firmly adheres to the view that it is futile for Europe to suppose that the Administration in Washington will take the initiative by offering the prospect of debt cancellation to facilitate the adjustment of reparations.

Thus, though the United States is ready to deal with the interrelated debt in the light of conditions after the question of reparations is settled, Europe insists that the two subjects are intimately related and must be considered simultaneously. Unless these two directly conflicting viewpoints can be reconciled there is small prospect for the settlement either of reparations or of the \$7,000,000,000 in European obligations owed the United States.

ROUND TABLE CLUB HOLDS INTERESTING MEET

The Round Table Club was royally entertained by Mrs. J. W. Higgs at her beautiful home on Dickinson Avenue Jan. 8.

Mrs. Claude Grant, the president, called the meeting to order and the business of the club was quickly dispatched. The most important item was that of a petition signed by the members of the Round Table endorsing better conditions of the Federal prisons where women prisoners are confined.

The topic for the afternoon was "Our Family Affairs." This book was written by E. M. Benson and the story was one of his own life. The first paper was given by Mrs. Claude Grant which told of Child Life in England. This proved very interesting indeed.

This was followed by Miss Denny, who read of the Character of Mother as shown in the book. Some very amusing incidents were given.

Mrs. Munford's paper on College Days and Life work was well written and ably presented.

Mrs. Higgs assisted by her two daughters Mrs. Duncan and Miss Helene Higgs served dainty refreshments. Sixteen members were present and we were glad to have the following as guests, Mesdames Duncan, H. L. Rivers, E. G. Dickerson, Alice Corbett, T. H. Piemmons and Hough.

Miss Helene Higgs gave us several beautiful vocal selections. She was accompanied by Mrs. Hough.

This closed one of the most delightful meetings of the Round Table Club.

## SATISFIED

Greenville, N. C., Jan. 5th, 1924.

Sugg Motor Co., Greenville, N. C.

Dear Sir:

I thought it might be of interest to you to know somewhat of my experience with the new Model 20 Oldsmobile Coupe which I bought of you on Dec. 21, 1923. The next day after I bought this car I started on an extensive trip which took me through the states of North Carolina, South Carolina, Georgia and Florida. On the round trip my speedometer registered 1872 miles. This distance was covered with 87 gallons of gasoline, averaging better than 21.5 miles to the gallon. I also used two quarts of cylinder oil and one quart of water. The last lap of my journey was made from Anderson, S. C. to Greenville, N. C., a distance of 577 miles which I made in fifteen hours running time.

I can truthfully say that this trip was made with more satisfaction and comfort than any similar trip I ever made and that I am well pleased with the performance of the Model 20 Oldsmobile in every way.

Very truly,  
L. Y. HOLLIDAY.

## FOX PRODUCTION SOMETHING NEW UNDER THE SUN

Something new under the sun. That aptly describes the latest special production of William Fox, "The Town That Forgot God," which opened its local premier presentation at the Strand theatre last night to a large and enthusiastic audience.

We have had love stories and love stories, stories of mother love, puppy love, father love and clandestine love, but never before has the supreme devotion of a child for his mother been the basis of a theme for a photodrama.

"The Town That Forgot God" is the story of David, a youngster living in a small American town, whose parents are taken away from him while he was in his early teens. How his all-powerful love for his mother resulted in his being treated with innumerable unkindnesses by the people of the village and how in the end a terrific storm and flood sweeps the town away provides the basis of a story more powerful than anything seen on the screen in a long, long time.

"Dumorite cleared my land at low cost"

"ACRES of land now in profitable crops where nothing but stumps grew before—that is what Dumorite did for me and did it at low cost."

Many farmers around here are saying this from actual experience. Dumorite gives you one-third more for your dollar—shoots stick for stick with 40% dynamite, but you get 135 to 140 sticks as against 100 of "40%" at the same price. It will not freeze or give a headache from handling.

We carry Dumorite and other du Pont dynamites. Drop in and see us before buying your next supply.

### PRAGUE POLICE SEEK TRAIL OF SECURITIES OVERDUE IN CHICAGO

PRAGUE.—A story of missing bonds, a mysterious Serb who paid \$40,000 for a suit of clothes, and a Wisconsin farmer who should be grateful to a distant brother-in-law, has come to light in the records of the local police headquarters.

A little more than three years ago a package of bonds, valued at \$100,000 and addressed to a bank in Chicago, was mailed in Omaha. It never reached its destination, and investigation showed that the package had been sent erroneously to Rossice, in Czechoslovakia. It was duly received in Prague, but thereupon all further trace of it was lost.

Three months ago, according to information in the possession of the Prague police, a farmer of Wisconsin presented to the Chicago bank in question five bonds of \$1,000 each that had been included in the original shipment. Questioned, he explained he had received them from his brother-in-law, a tailor of Prague.

The trail, now back in Czechoslovakia, was again taken up by local detectives, who soon found the tailor. This man related that in the spring of 1921 a Serb, recently arrived from America, ordered a suit of clothes and left with him as a guarantee of final payment, \$40,000 in American bonds. The Serb never called for his clothes, and the tailor not knowing what to do with the bonds, finally sent them to his brother-in-law in America, the Wisconsin farmer.

There is, however, another angle to the story. It seems the tailor's son was employed in the Prague post office when the bonds reached there, and this coincidence has led to the arrest of the tailor and his son, who are now lodged in jail pending the receipt of further information from the United States.

### Foreign College Calls For German Professors

TUBINGEN, Wuerttemberg.—German scientists still are well considered in the outside world, for no fewer than four prominent savants recently have been called from Germany to learned institutions abroad.

Professor R. R. Schmidt of Tubingen university, an archaeologist, has sailed for New York to deliver a course of lectures at Yale and Columbia universities. Prof. Schmidt has conducted excavations in Wurttemberg and is an authority on prehistoric man.

Professor Von Hoyningen-Huene, also of Tubingen university, has sailed for Buenos Aires where he will conduct researches on saurian fossils under the auspices of La Plata university. Prof. Huene is the head of the geological-paleontological institute of his home university.

Dr. Anton A. Dampf, for many years leader of the Zoological Institute of Koenigsberg university, has received a call from the Agricultural College of Mexico City to take over the post of professor of applied and state entomologist. Dr. Dampf was formerly on the staff of the colonial government of German East Africa.

Prof. Herman Thoms, director of the Pharmaceutical Institute of Berlin university, has gone to Japan to lecture on the progress of modern western medical science.

### Stamp Collectors Protest.

MUNICH.—Stamp collectors here have been complaining of the careless way in which stamps are cancelled. As a result postal authorities have ordered all clerks to do their work with great care, so stamps will not be rendered useless to collectors by having ink smudged all over them.

### U. S. Nurses Train Bfalians.

RIO DE JANEIRO.—Fifty-two American trained nurses are employed teaching Brazilian women the tricks of their trade in the hospitals of this city. They were brought here by the Public Health department at the suggestion of the Rockefeller Foundation Commission.

### SLAVES STILL SOLD FOR IMMIGRATION IN BURMESE HILLS

RANGOON.—Human slavery and the practice of sacrificing slaves at religious festivals still exist in the Naga hills, according to a report recently issued by H. A. Thornton, a government commissioner. This district, which is nominally under British rule, lies in northern Burma near the Assam border. The government has received authentic information of the sacrifice of six Naga slaves at different places during the past two months. These victims were bought from head-hunting villages whose inhabitants, though they do not themselves practice human sacrifice, do not hesitate to sell victims to those who desire them.

Slavery in the Naga hills has been decreasing during recent years, largely on account of the difficulty and danger involved in capturing recruits to replace those who die or who redeem themselves. The number found by census takers this year was 215, as opposed to 271 last year. Some have purchased freedom, and others have been liberated by their masters. A few have taken the yellow robe and become Buddhist monks. Those remaining in slavery are said to be either contented with their lot or too lazy and opium-sodden to work out their redemption.

Until recent years most of the slaves in this district were Indians who had been kidnapped in Assam, but on account of the increasing hazards of this practice, the Nagas have lately confined their raids to mountain tribes nearer at hand. No Indians are known to have been sacrificed since 1921, when two authentic cases were recorded. In capturing new slaves, it is customary for the Nagas to search for victims about whom no inquiry is likely to be made.

The Naga tribes are not directly related to the more civilized Burmans who inhabit the plains to the south.
