Woodrow Wilson's Condition Is Regarded As Very Critical Physicians Announce Today

BULLETIN—2:30 — Personal friends inquiring at the Wilson home shortly after 2 o'clock were told that the former president was very near death. He had just awakened from a short sleep and was still conscious.

WASHINGTON, Feb. 1.—Woodrow Wilson is at death's door. Wasted by months of suffering the war time president is fighting what physicians declare may be his last battle. After a sudden turn in his condition last night he lay throughout the morning between life and death slightly rallying just before noon and talking in a low whisper to those about his bedside. In the early afternoon he seemed perhaps resting a little easier but physicians attach little or no hope that the end can be long delayed.

At one o'clock Mr. Wilson's friend and physician, Dr. Grayson, announced that the patient was sleeping and that his pulse seemed a trifle stronger. A crisis may be reached before night.

Other medical advisors have been summoned and Mrs. Wilson, the constant companion of her husband in his protracted suffering, summoned members of his family to the S. street home.

During his short consciousness Mr. Wilson said to Dr. Grayson, "You have done the best you could Grayson, but I am a broken machine." He added rallying his waning strength, "But I'm ready."

WASHINGTON, Feb. 1. — Woodrow Wilson, "War-Time President" of the United States, lies near death in his home here that has been his place of seclusion since he left the White House. Digestive disorders first noticed a few days ago developed into conditions during the night described by his physician, Rear Admiral Carey T. Grayson, as "very serious." A crisis is believed likely before the day is over. Members of his family have been summoned by Mrs. Wilson, who is in constant attendance at the bedside.

Three physicians are also in attendance and an operation may be necessary. Dr. Grayson, in addition to the force of two nurses and an orderly on duty called in Drs. Sterling Ruffin and H. A. Fowler, both of whom helped to care for the former executive while he was ill in the White House.

Aside from the physicians only a few of the former President's closest friends were admitted to the house.

Mr. Wilson at noon today had rallied a little but there was no material change in his condition, according to an announcement of Dr. Sterling Ruffin. The physicians in attendance will issue a joint bulletin on his condition later in the afternoon.

Vance McCormick, former chairman of Democratic National Committee, upon leaving the Wilson residence after a conference with Mrs. Wilson said, "He may die today or he might linger over until tomorrow. Or course where there is any life at all there is still hope."

President Coolidge was among the first to send a message of sympathy. When he heard of the critical condition of his predecessor he and Mrs. Coolidge joined in a special message of sympathy in which was included a prayer for recovery.

WASHINGTON, Feb. 1.—Woodrow Wilson's illness has taken a sudden turn for the worse and physicians regard his condition as very serious. Already, weakened from more than four years of suffering, he sustained during the past few days digestive disturbances, at first regarded by physicians as more or less harmless, but now threaten to prove too much for him to master. Yesterday his condition showed

Admiral C. T. Grayson, personal physician of former President Woodrow Wilson, reacted to Washington yesterday by the sudden change in the former executive's condition, announced this morning that he considered Mr. Wilson's condition critical.

robustness during his semi-seclusion of several long months.

During the past few weeks he has taken an increasing part in public affairs again. He has been very active in exchanging letters with many old friends and admirers throughout the country. Many of these discussed current topics of interest and have been published. On Armistice Day, eve he delivered his first address over radio from his S. Street home and from such militant utterances on foreign affairs the whole country realized that his illness had not modified the intensity of his old fighting spirit regardless of whatever it might have done to his physical alertness. He also received a group of friends and admirers at his home on Armistice Day and two weeks ago he shook hands with members of the Democratic National Committee as they filed through the library of his home.

LOS ANGELES, Cal., Feb. 1.—Mr. and Mrs. William Gibbs McAdoo, son-in-law and daughter of Woodrow Wilson received word through Associated Press reports this morning of his critical condition and will leave today for Washington it was announced at Mr. McAdoo's offices here.

Man Accused of Killing Family Is Found After 10 Yrs.

WHEELING, W. VA., Feb. 1. — Sought after for ten years in connection with the slaying of his wife and four children in his cabin near Fayetteville, North Carolina, Octavian Smith was arrested at Beech Bottom, West Virginia, late yesterday and was on his way south today in the custody of a deputy sheriff. He was arrested by Deputy Sheriff West, of Cumberland county, North Carolina it was said, after West had learned that Smith was residing at Beech Bottom from letters written to friends near Fayetteville. Smith has been working at Beech Bottom for about six months. He claims that his name is Brown and that he has never lived in the south.

Smith is accused of having killed his wife and four children by cutting their throats with a razor.

L. A. NEWNHAM ABLE TO BE OUT AGAIN

The friends of Mr. L. A. Newnham, who a few days ago suffered serious injuries while dynamiting stumps, will be glad to learn that his condition has improved to the extent that he is able to be out again.

Physicians Declare Fall Able to Appear Before Committee

WASHINGTON, Feb. 1.—Albert B. Fall, former Secretary of Interior, is in condition to appear for examination, the Senate oil committee was told today by the committee of physicians which had been sent to his apartment to investigate his physical condition.

Following the announcement of the committee of physicians, Chairman Lenroot stated today that a new subpoena would be issued for the former secretary requiring his appearance before the committee at 10 o'clock tomorrow morning.

BAPTIST CONVENTION TO MEET IN MEMPHIS

Dr. W. L. Poteate, Wake Forest, To Represent North Carolina

RALEIGH, Feb. 1.—Many prominent Baptist men of North Carolina are preparing to attend the South-wide Baptist Men's Convention in Memphis, Tenn., February 12 to 14, it was announced at Baptists headquarters here last night. This state will be represented on the program by Dr. W. L. Poteate, president of Wake Forest College, at Wake Forest, N. C. The men are coming together from all sections of the South at this time to consider what they can do to advance the general interest of the denomination and of Christianity in general, both at home and abroad, says the announcement.

A number of the most prominent business and professional men among Baptists of the South have accepted places on the program, including Governor Clifford Walker of Georgia; Governor Cary Hardee of Florida; Lieut. Governor E. B. Jackson, of South Carolina; United States Senator W. F. George and Congressman W. E. Upshaw of Georgia; and Congressman B. G. Lowrey of Mississippi.

Among the south-wide denominational leaders who will address the convention are Dr. E. Y. Mullins, of Louisville; presidents of the Southern Baptist convention and of the Baptist World Alliance; Dr. L. R. Scarborough, of Fort Worth, Texas, general director of the Baptist \$75,000 dollar campaign; Dr. J. F. Lover, of Richmond, secretary of the Foreign Mission Board; Dr. B. D. Gray, Atlanta, secretary of the Home Mission Board, and Dr. I. J. Van Ness, Nashville, secretary of the Sunday school board.

The convention will be held under the auspices of the Laymen's Missionary Movement, of the Southern Baptists Convention of which Dr. J. T. Henderson, Knoxville, Tenn., is the general secretary.

Doheny Testifies That McAdoo Has Been Employed Oil Interests

WASHINGTON, Feb. 1. — Both William G. McAdoo, Democratic candidate for presidential nomination, and Thomas W. Gregory, Democrat, selected by President Coolidge to aid in prosecuting the government's oil cases, have at times been employed by the oil interests, E. L. Doheny, California oil operator, testified today before the Senate oil committee. Mr. Doheny said that his company had employed Mr. McAdoo to represent them in Washington on Mexican affairs shortly after he left the cabinet. He said that McAdoo had received about \$250,000 all told from his company adding that Mr. McAdoo still represented his company in the Mexican branch.

GREGORY WILL NOT FIGHT OIL CASES

Thomas W. Gregory

WASHINGTON, Feb. 1.—Indications at the White House this afternoon were that Thomas W. Gregory, former attorney general would not be employed as special counsel to prosecute the government's naval oil suits in view of the testimony earlier in the day of E. L. Doheny before the Senate investigating committee. A formal statement issued later at the White House said that such employment might prove embarrassing to Mr. Gregory and might perhaps be otherwise improper.

THE PLAYMAKERS TO APPEAR HERE THURS., FEB. 21

Will Present Three Original Folk Plays; Auspicious Woman's Club

The Carolina Playmakers the well known dramatic organization of the University of North Carolina on their Seventh State Tour will appear here February 21, at White's theatre under the auspices of the Woman's Club in three original Folk-Plays of North Carolina life.

Following a performance in Chapel Hill on February 8 and 9, the Playmakers will include the following towns in their itinerary. Louisburg Feb. 13, Smithfield Feb. 14, Kinston Feb. 15, New Bern Feb. 16, Elizabeth City Feb. 18, Edenton Feb. 19, Scotland Neck, pending, Feb. 20, Raleigh, pending, Feb. 21.

The plays selected for this tour make a varied and most interesting bill. The Black Rooster, a comedy of tenant farm life, by Pearl Setzer, was the most popular of the three plays presented on the Sixth State tour last fall. Fixin's is the second play, is a tragedy, by Erma and Paul Green. Paul Green is one of the most distinguished playwrights the organization has yet developed, and his works are now published by the Atlantic Monthly, and other leading periodicals. Miss Erma Green, his sister, came to the University to study playwriting and production, and wrote Fixin's in collaboration with her brother. Gaius and Gaius, Jr., a farce comedy by Lucy M. Cobb, was a great success when presented on tour last fall, which is the main reason for its revival for this bill. A selected group of the best players available have been chosen to present these plays. An unusual amount of versatility is displayed by these young actors in doubling in two or three parts in the different plays on the same program.

Pitt Bankers to Hold Next Meeting Friday, Feb. 15th

According to an announcement from Mr. J. L. Little, President of the Pitt County Bankers Association, the next meeting will be held on Friday night, February 15th, at the Rotary Building. The various banks of the county have been heard from and all state they can attend. One of the items of the program, which will be arranged for the occasion, will be the annual election of officers. From the initial meeting to the present all sessions have been well attended. Also it would have been impossible for a finer spirit to have pervaded the membership.

Greenville Visited By Three Small Fires During This Week

Fire at Laundry. Fire of unknown origin in the drying room of the Greenville Laundry, yesterday, damaged many clothes, totally covered by insurance entailing a loss of \$250.00. The fire was extinguished before the arrival of the fire company.

Awning Burns. A spark of fire falling on the awning over the window of Dr. Johnson's office in the National Bank building, today created quite a sensation without causing any considerable damage. The fire was quickly extinguished.

House Damaged. A second alarm during the morning was sent in from the box in south Greenville. A house belonging to Mr. D. S. Smith suffered slight damage. A defective flue was evidently the cause of the fire.

A Sunday School Institute Will Be Held by Baptists

Preparatory to the Sunday school Institute which will be held under the joint auspices of the Memorial and Immanuel Baptist churches at the Memorial Baptist church on the week of February 24th, the following met in the Chamber of Commerce rooms yesterday afternoon for a conference: Rev. Leland W. Smith, Rev. T. H. Plimmons, Victor Davis and H. L. Smith.

Among the teachers for this special helpful Institute will be Dr. B. W. Spilman, a noted authority on Sunday school work. Dr. Spilman has many friends in Greenville who will be glad to know that he is coming.

Greenville Chamber Commerce Committee Holds First Meeting

The first meeting of the committee recently appointed to launch the Greenville Chamber of Commerce in the Chamber of Commerce rooms last night.

A definite plan of procedure was agreed upon preparatory to membership solicitation. Chairman W. H. Dail, Jr., wants each member to meet again tonight in the Chamber of Commerce rooms promptly at 7:30 for a final conference before starting definitely on the work.

It was a very interesting gathering from the standpoint that there was a unanimous concurrence in the fact that the Greenville Chamber of Commerce would be actually organized immediately. It was also interesting that all spoke the sentiment of a large per cent of the Greenville citizenship in that they wanted an organization properly financed so that the maximum work could be undertaken and carried to completion.

Participating in this meeting: W. H. Dail, Jr., W. H. Woolard, C. W. Shuff, J. N. Hart, J. C. Gaskins, Frank Wilson and H. L. Smith.

DENBY STANDS PAT AS BATTLE BEGINS FOR HIS DISMISSAL

No Movement Against Denby in House While Bitter Debate Is On

WASHINGTON, Feb. 1.—Adopting the Walsh oil lease amendment resolution by the unanimous vote of the 89 Senators present, the Senate plunged yesterday into what promises to be a historic and extremely bitter fight over the Robinson resolution requesting the President to call immediately for the resignation of Secretary Denby.

As the verbal battle got under way it was conceded that a sufficient number of Republican insurgent votes might be joined with those of the Democrats to insure adoption of the resolution. Such a coalition repulsed all efforts of administration Senators to modify the language of the Walsh measure, which, as finally adopted, declares the leases, signed by Mr. Denby, to have been made without authority contrary to law.

It was pointed out that Denby would not resign. "No one has advised me to resign" he declared, in response to suggestions that he had been urged to give up his Cabinet post to avoid embarrassment to the administration.

It came to light today that after the Robinson resolution was introduced, Mr. Denby called on Chairman Lenroot of the Senate oil committee, and Chairman Hale, of the Senate naval committee, and other administration leaders in the Senate and that they had left it to him to decide whether he should resign.

Supporters of the Denby resignation resolution are giving close attention to the proceedings before the House naval committee, which was held today by Rear Admiral J. K. Latimer, Judge Advocate General of the Navy, that Mr. Denby had told him that he had initiated the transfer of the naval reserves to the Interior Department after investigating the question and consulting with various experts.

President Coolidge again devoted much of his time to the oil lease muddle, giving attention both to the various phases of the evidence adduced by the Senate committee and the question of the qualification of special counsel he has selected to prosecute the cases.

The executive had an early morning meeting with Chairman Lenroot and Senators Lodge, of Massachusetts, and Curtis, of Kansas, the Republican leaders, and later called in Democratic Senators for the first time talking over the whole subject with Senators Robinson, of Arkansas the minority leader, and Walsh, of Montana, who has had the dominant part in the oil inquiry.

GOVERNMENT WILL LOSE UNDER DEMOCRATIC PLAN DECLARES MELLON

WASHINGTON, Feb. 1.—The government would suffer a loss of \$347,981,491 in revenue by reduction of taxes under the Democratic plan against a loss of \$287,814,261 under the Mellon plan, Secretary Mellon informed Representative Garner, Democrat of Texas, without comment when he submitted the statement today.

HOUSE PASSES WALSH RESOLUTION WITHOUT DEBATE

WASHINGTON, Feb. 1.—Without debate the House today passed the Walsh resolution already approved by the Senate directing the president to bring about cancellation of the Doheny and Sinclair naval oil leases. The vote was 120 against 4. Leaders had agreed to forego a debate in defence to Woodrow Wilson.

Savings Banks Do Well.

SYDNEY.—The savings banks of Australia show heavy deposits, according to recent figures. Something like 1,000,000 depositors in the Victoria State Savings Bank have \$250,000,000 standing to their credit.

NOT A BI-PARTY SCANDAL

The oil scandal is first of all a national scandal. In that quality it is above and beyond the question of party. A public trust has been betrayed and the moral and material damage of the betrayal is visited on the whole people. As the betrayal was general so ought to be the prosecution of it. So much is involved in the way of political destiny, that a prosecution conducted by the Department of Justice or exclusively by independent counsel of the same political faith with the administration, would not satisfy public opinion. It is desirable, even mandatory, that the prosecution shall be conducted by lawyers representative of both major parties.

The President has recognized that need. But in recognizing it he has sought, with a departure from the usual course, to have been expected to explain it on the ground of bi-partisan involvement in the scandal itself. Prosecuting counsel should be drawn from both political affiliations, he said, because "men are involved who belong to both political parties." The clear intent here is to immerse both parties in the scandal and present to the public the spectacle of pot and kettle indistinguishably black. It was a clumsy maneuver. The kindest thing that can be said to it, is that it was unfair. More precisely, it may be described as an undignified attempt on the part of the President to blacken the record of his own party less dark by contrast.

If the oil scandal is today fast degenerating into a war of movement between the two major parties, let it not be said that the Democrats are taking ghoulish advantage of a Republican tragedy. The very first official act of the President in this tragedy has been to throw into the scales of justice a good-sized counter-weight of politics of his own initiative.

Nothing will be gained by attempts to assign to the Democrats any share of the disgrace. Doheny is a Democrat, but he has never held government office. If he has been guilty of bribing a government official that act is chargeable against him as a greedy and unprincipled oil operator, and not as a contributor to the Democratic campaign chest. The central scandal involves the violation of a public trust by a public official. The violation of that trust was made possible—not, of course, inspired—by a change in a naval oil control put through under a Republican President and with his consent, as well as with the consent of a Republican Secretary of the Navy from whose custody the oil reserves were removed. In its official manifestations, the oil scandal had its innocent beginnings and its guilty endings wholly within the frame of the present Republican administration, and not an iota of responsibility for it attaches to the Democrats.—Virginia Pilot.

Safe Fat Reduction

Luce, reduce, reduce, is the slogan of all fat people. Get thin, be slim is the cry of fashion and society. And the overfat wring their hands in fortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Prescription and learn through it that they may safely reduce steadily and easily without one change in their mode of life, but harmlessly, secretly, and quickly reaching their ideal of figure, with a smoother skin, better appetite and health than they have ever known. And now comes Marmola Prescription Tablets from the same famously harmless formula as the Marmola Prescription. It behooves you to learn the satisfactory, beneficial effects of this great, safe, fat reducer by giving to your druggist one dollar for a box or sending a like amount to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich., with a request that they mail to you a box of Marmola Prescription Tablets.

The New ESSEX A SIX Built by Hudson

It Gives Ideal Transportation

A 30 minute ride will fix that fact so you never can forget it. Essex alone shares noted Hudson advantages. That means—in this low priced "Six"—you get the very features that made Hudson famous for long life, reliability and fine performance. We can describe it in terms of no other car. You can judge it by not even the widest experience of previous "Sixes."

Differs in All These Things

The Coach \$975

Touring Model - \$850 Freight and Tax Extra

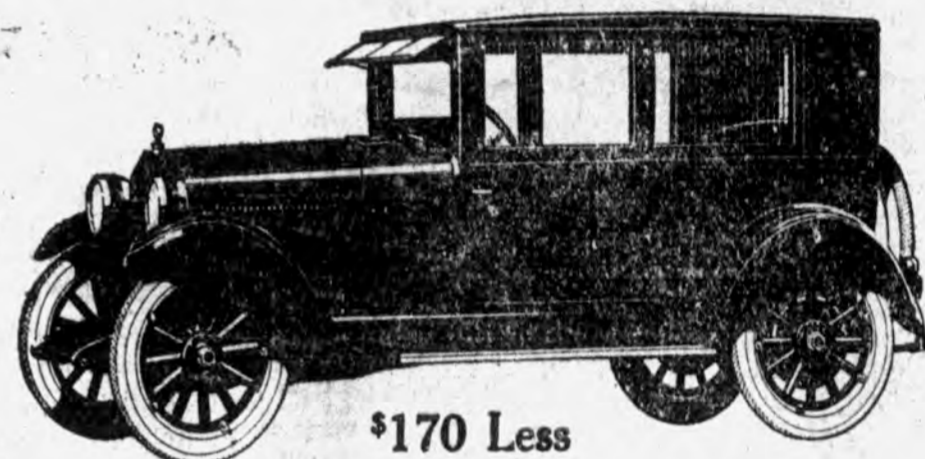

But thousands, riding daily, experience a new degree of performance smoothness. Credit that to the patented Super-Six principle. They tell us it holds the road better at all speeds. Steers easily as a bicycle. Controls are easy and natural. Easy to park. Starts at the touch of your toe.

It rarely calls for attention. Lubrication for the most part is done with an oil can.

Gasoline and oil costs are so low in this car you can count them real savings. And provisions made to take up or replace wear at such low costs will astonish you.

Take a ride. You too will understand why thousands are saying the New Essex provides ideal transportation.

A 30 Minute Ride Will Win You

\$170 Less

Essex closed car comforts now cost \$170 less than ever before. Also with this lower price you get a more attractive Coach body and a 6-cylinder motor built on the principle of the famous Hudson Super-Six.

Another Reason Why

The Buick Third Member

Buick cars drive through a third member, not the springs. The springs only support the body and assure easy riding. A Buick rear spring accidentally broken cannot misalign the axle and prevent driving the car. The Buick axle remains in fixed position. Consequently the adjustment of Buick four-wheel brakes is not affected by the deflection of the springs.

**Idle Talkers Indicted
In Slander the Woman**

And all who heard it added something new—
And all who felt it made enlargements, too.
Anonymous
"Slander the Woman," a First National picture, starring Dorothy Phillips and directed by Allen Holt, portrays vividly and realistically how a woman's reputation can be torn to shreds by the idle tongues of gossip. Gossip and circumstantial evidence branded Yvonne Desmarrest as impure. The brand burned into her very soul, but she stood and fought until society received her again.
Miss Phillips' talents have never been displayed to better advantage than in this picture. She portrays the role with vividness and feeling. "Slander the Woman" will be shown at the Strand Theatre Monday and Tuesday.

**GIBSON SHOWS
CAVALRY WHAT
REAL RIDING IS**

Thrills and laughs mingle in a combination new to films—and entirely new to Hoot Gibson, erstwhile cowboy star, in "Blinky," a Universal-Hoot Gibson special production of army life, founded on the story by Gene Markey, and to be seen at the Strand theatre today and Saturday.

But there was Irene, stopping a long daintily, as ever, with a jaunty little French hat on top of her bobbed curls and two tiny ears, pink from embarrassment, peering out from under the brim of the hat. Gone too, was the smart skirt and in its place Irene wore a demure model of white satin reaching to her shoe tops. That night in thousands of homes in New York there must have been frantic efforts at copying Irene's gown and coiffure. Before the week was out thousands of girls were struggling with long dresses and naked ears, but there isn't much hope held out for the bare-ear style. Ears must be small and pink for this fad.

**Irene Castle Back,
Shows Bare Ears**

All New York stopped, turned and looked, and then looked again, when Irene Castle star of "Slim Shoulders," a Hodgkinson released production, which comes to White's theatre Saturday walked up Fifth Avenue the day after her return, with both ears showing.
Shop girls screamed the news to each other. Matrons and dignified old ladies turned to stare. Even the men looked. Ever curious, ever alert to the new and unusual, crowds on Fifth Avenue that day were given one of the biggest shocks in the history of the city. A girl, with both ears naked!
Of course everybody knew it was Irene Castle. The newspapers that morning said that Irene had returned with the new French style of letting her ears show, but even those New York hardly expected to see such a

Let Kellogg's Bran free your children from that dangerous disease—constipation

Children are subject to constipation. The excitement of play, they neglect themselves and foster this dread disease. More than forty other diseases can be traced to constipation. Don't delay. Begin at once to cleanse their systems of the dangerous poisons.

Kellogg's Bran sweeps the intestine clean—and purifies it. It drives out the poisons which undermine your children's health. It makes the bowels function regularly and naturally.

Kellogg's Bran, cooked and krumbled, is guaranteed to bring results if eaten regularly, or your grocer will return your money. It is guaranteed because it is ALL bran! Nothing but ALL bran can be 100 per cent effective. Kellogg's Bran is recommended by doctors everywhere—they know from experience that it brings results.

Have your children eat it regularly—two tablespoons daily—in chronic cases, with every meal. They will like its wonderful, nut-like flavor—so different from common bran which are most unpalatable.

As a cereal, with milk or cream, they will enjoy Kellogg's Bran, cooked and krumbled. Sprinkle it over other cereals. Cook it with hot cereals. Try it in delicious muffins, bread, griddle cakes and other recipes given on every package.

But start them eating Kellogg's Bran to day. Start every member of your family eating it. Kellogg's Bran, cooked and krumbled, is made in Battle Creek and is served in individual packages by the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.

Study Your Fertilizer Needs

It will soon be time for our farmers to give serious thought to the grade of Fertilizers they will use during the spring. It will pay each farmer to spend a few minutes in discussing this subject with his dealer or manufacturer.

There is much money wasted, and many times the results desired are not obtained, due to the failure to use the proper grade of Fertilizers for the different crops. We have made a careful study of this subject, and we are always glad to give the farmers our views on this subject, at either our

Greenville or Farmville Office

We want to emphasize the fact that it is risky to expect to grow the best quality of Tobacco with a Fertilizer which is most suitable for growing Cotton under boll weevil conditions.
