MCADOO TO APPEAR SATURDAY BEFORE THE OIL COMMITTEE

Severs Connection With Doheny Interests; Details Be Explained

WASHINGTON, Feb. 8.—William G. McAdoo will appear before the Senate oil investigating committee tomorrow. Mr. McAdoo has announced his resignation from the counsel of the Doheny oil interests and upon his appearance before the committee at his own request will explain in full details his conduct in connection with the Doheny companies.

Mr. McAdoo's announcement was contained in a letter to Chairman Lenroot, of the Senate oil committee, in which he expressed the desire to testify before the committee immediately.

The former Treasury Secretary said that when he read in the newspapers Mr. Doheny's "amazing disclosures about his transactions with ex-Secretary Fall," he refrained from immediately terminating his professional services with Mr. Doheny, as was his first impulse, but had done so now "fearing that the newspaper accounts might be as vicious and unfair" to Mr. Doheny as some of them had been to him.

"I indignantly protest," wrote Mr. McAdoo, "against the whispered suggestion that I—and the other lawyers and laymen who helped in the Mexican enterprises of which Mr. Doheny is the head—share any taint of any kind. I deny that insinuation as monstrously unfair. For those who, like myself, can stand up and make good this denial, it is not so important, but particularly do I resent the insinuation that because the late Franklin K. Lane, after his service as Secretary of Interior, resigned and became, quite openly, an officer of the Doheny companies, he thereby shares the taint of corruption. It would be ridiculous if not so serious.

"What I have done was within my rights as a lawyer. In my representation of the Doheny companies in Mexican matters, I never dealt in political influence, nor did I ask or promise, or give or receive, political favors, or other favors. If my conduct in acting professionally in these matters is open to criticism, then no lawyer can take a Cabinet office unless he be rich enough to give up all professional employment in business when he comes out of office. I do not believe that any such standard is wise or proper. I believe that the spirit of fair play of the honest-minded American people will not misunderstand my course in this matter, nor take their minds off of those who are guilty of betraying their trust as disclosed in this investigation."

Revealed W. B. Cooper Knew Bank's Condition Months Before Closing

WILMINGTON, Feb. 8.—That W. B. Cooper, lieutenant-governor of North Carolina, was acquainted with the conditions of the affairs of the Commercial National Bank months before it closed, was revealed in federal court here yesterday where the lieutenant-governor and his brother, Thomas E. Cooper, face indictments one among them charging conspiracy. Cooper was chairman of the board of directors of the institution while his brother Thomas E. Cooper was president at the time the bank was closed in December 1922.

The trial was continued in federal court here this morning with the government ready to introduce a number of additional witnesses to prove the charges of conspiracy. At yesterday's session it was testified that the Coopers, W. B. and Thomas E., had allowed to come into the bank a series of notes, security for which a tract of land known as "San Souci Farm" had been pledged.

The government alleges that the amount of these notes was increased after Thomas E. Cooper had assumed responsibility for the notes but pledged.

Messrs. Lindsay C. Warren and Frank Gugler, of Washington, were in this city this afternoon.

THRONGS VISIT TOMB OF WILSON

WASHINGTON, Feb. 8.—Crowds which have been passing through Bethlehem Chapel at Washington where Woodrow Wilson was entombed Wednesday, today gave indications of diminishing. Despite the cold weather throngs began to gather early today and by 9 o'clock had overflowed the street and tied up traffic.

The flowers sent to the chapel as tributes to Mr. Wilson will be left there until they are faded. The department has issued orders that the soldier guard at the chapel remain for an indefinite period.

Prince of Wales Suffers Broken Collar Bone When Horse Falls

LONDON, Feb. 8.—The Prince of Wales broke his collar bone while exercising one of his hunters at Dillington Manor near Ascot this morning. The prince was putting his horse over a fence when the horse fell throwing its rider on his shoulder.

The prince was taken to a surgery at Leighton where he received medical treatment and was then driven to Mentmore mansion. He wore no collar when he emerged from the surgery and though his shoulder was bandaged he was still smiling. Further surgical treatment was administered when he arrived in London after which he returned to St. James palace and went to bed.

Poultry Men Will Assist Organization of Poultry Clubs

HENDERSON, Feb. 8.—J. C. Anthony, County Farm Agent, has called a meeting of the farmers in Vance Granville, Warren and Franklin counties to be held in the court house here on Saturday at one o'clock, for the purpose of organizing a poultry club. Mr. Anthony will be assisted by several poultry men of prominence in this section of the state. The success of the poultry club is practically assured as already there have been 50 leaders in poultry industry to sign up as charter members, it was said.

The meeting Saturday will have for its purpose besides the organization of the poultry club, the discussion and planning of the poultry show to be held here next December and the problem of profitable marketing of poultry products.

The Poultry Division of the State Department of Agriculture will send Allen G. Oliver here on Friday to accompany Mr. Anthony on a tour of inspection of the poultry farms of this county. They will consult with the raiser and advise him in cases where they see room for improvement. Mr. Anthony and Mr. Oliver will spend two days on this inspection tour.

983 Wake Forest Law Students Have Been Given Licenses

WAKE FOREST, Feb. 8.—Out of the total number of applicants for the admission to the bar that were successful this year, one third of them, or 22, were students from the Wake Forest Law School. This brings the total those who have secured their license after work at the Wake Forest Law School to 983. There are now 150 students at Wake Forest who are taking courses in law.

N. C. Farmers To Study Methods of The S. C. Farmers

ASHEVILLE, Feb. 8.—In order to become better acquainted with the farmers of South Carolina and their methods of farming and trucking and to establish a spirit of good will that is hoped will develop into a profitable business relation, a large number of western Carolina farmers will go to Young's Island the latter part of this month and study the methods of the farmers in that community. The tour will be under the auspices of the Federation of Farmers, an organization that is said to be fast gaining a position as a strong factor in the farming life of Western Carolina.

All kinds of truck produce will be inspected by the farmers while they are in South Carolina.

BODY LEAVING THE WILSON HOME WEDNESDAY

Casket containing body of Woodrow Wilson being carried from his home.

Dr. Morrill Gives Interesting Facts on Poultry Business

At a meeting of the Pitt County Poultry Association on Thursday afternoon in the Chamber of Commerce rooms here, Dr. J. Morrill of Falkland gave an interesting account of his operations in the poultry business.

Said he: "On September 1, 1922 I bought 200 white leghorn pullets for which I paid \$500. I built the necessary houses and cared for the feed bill until January 1, 1923, at which time I delivered to my son, Jenness. After keeping books accurately for the year 1923, on January 1, 1924 he showed the following: In bank \$825., 130 pullets valued at \$3 each or a total of \$390, 170 pullets valued at \$2 each of a total of \$340."

Dr. Morrill continued: "Starting with a flock of fifty Rhode Island Reds January 1, 1923, the last of the year disclosed a total profit of \$350 and 60 pullets valued at \$250."

Dr. Morrill states that he cannot begin to fill the orders he gets for cockerels, pullets, eggs and baby chicks.

Starts Hatchery.
A short time ago Dr. Morrill bought a mammoth incubator to help care for his growing business—a 3000 capacity machine—and stated that while he wanted to hatch a great many eggs for his own trade, there was such a strong demand for custom hatching that he has been able to get only a few in of his own.

"Fully three-fourths of the first setting was custom eggs," said Dr. Morrill. Dr. Morrill states that his first hatch will come off next Wednesday.

In concluding his remarks, Dr. Morrill stated:

"Use the very best feed. Purchase the very best breeding stock, use abundance of green feed. Keep absolutely clean and sanitary."

Mr. W. L. Wall, of Hillsboro, who is visiting his daughter, Mrs. H. A. Bost, attended the Poultry Association meeting and stated he was much interested in the different phases of the business.

The remarks of Mr. Wall disclosed the fact that his son, Mr. Geo. C. Wall of Hillsboro, who started a few years ago with fifty head of mixed Rhode Island Reds, had gradually added to his flock and at the same time culled very carefully. He now has 200 standard-bred Reds and starts off the new year with five brooder houses of 500 capacity each. His plans for this year, with an incubator to assist in their prosecution, is to raise from 1500 to 2500 chickens.

"Up to this time my son has had the poultry business in connection with his other operations, but it would now seem that his love for it and the steady growth will cause him to devote his entire time to poultry and enlarge considerably."

"Grow into the business and not go into it and you will surely make a success of it," said Mr. Wall.

Among the others to have remarks on the outlook for poultry in Pitt county: W. C. Vincent, W. Jesse Mayo, D. C. Barnhill.

LITTLE MISS MARY BELLE FLEMING ILL

Little Miss Mary Belle Fleming daughter of Mr. and Mrs. Leon Fleming is ill with influenza. Her many friends hope for a speedy recovery.

CITY CHURCHES TO HOLD MEMORIAL SERVICES WILSON

Each Church Will Devote Sunday Morning Hour to Simple Service

At a called meeting of the Ministers Association in the office of Mayor Clark Thursday, it was decided to hold brief memorial services for Woodrow Wilson in connection with the morning services at all of the churches on Sunday morning next. This seemed to be the best arrangement that could be made in view of the short time to prepare for such services. It is also in keeping with the request of the ex-president, to make all services simple.

Each church will plan its own service, using part, or all of the morning service, as a memorial. These will appear in connection with the regular announcements on Saturday.

Jones to be Tried For Manslaughter

DURHAM, Feb. 8.—David Jones, negro teacher of Person county, who appeared before Magistrate W. J. Winstead had a preliminary hearing on the charge of murder and was released under a bond of \$100 when the charges were changed to involuntary manslaughter.

Jones will be tried at the next term of Person county superior court.

He was charged with the murder of Louis Snipe, 16 years old pupil of his school who died several days after he had been whipped by Jones.

Oil Burners Popular.

LONDON.—Thirty-five percent of all the marine tonnage now under construction in the world, according to Lloyd's statistics, is to be fitted with internal combustion engines as against steam. This shows the remarkable development taking place in this method of propulsion.

DR. C. F. SWIFT

Above is the photograph of Dr. C. F. Swift, who will deliver an address at the Teacher's College, Sunday evening, Feb. 10.

Paramount Film Building Charlotte Destroyed by Fire

CHARLOTTE, Feb. 8.—Fire that followed two unexpected explosions destroyed the two story building at Fourth and Church streets occupied by Paramount Pictures Corporation film exchange, here this afternoon.

All the employees of the exchange escaped. No estimate of the loss has yet been obtained but employees said that 4,300 reels of film including some high price pictures were in the shipping room.

CHARLOTTE, Feb. 8.—The building occupied by Paramount Film Corporation, at the corner of Fourth and Church streets caught fire shortly after noon today. At one o'clock the entire building was virtually on fire and firemen were fighting desperately to prevent the flames from spreading.

It was reported shortly after the fire started that a number of girls had been trapped on the second floor of the building. One negro man leaped from an upper floor of the burning building but escaped without serious injury.

The flames started as the result of an explosion that could be heard for several blocks. The fire department responded immediately to the call but within five minutes flames were shooting almost entirely across the street.

Negro Killed While Sitting On Railroad Tracks This Morning

Doc Moore, negro, was killed early this morning on the Norfolk Southern railroad track about three miles from Greenville. Mr. S. G. Wilkinson, coroner, was immediately notified and the jury returned the verdict that Moore was killed by a north bound train while sitting on the tracks.

Another negro testified that Moore passed his house yesterday afternoon and stated that he was going to the home of his sister who lived a short distance down the railroad.

The body was brought to Greenville and prepared for burial which took place this afternoon in Moore's burying ground.

Senate Plunges Into Debate Over Robinson Resolution

WASHINGTON, Feb. 8.—While the Senate today plunged back into the whelter of debate over the Robinson resolution seeking the resignation of Secretary Denby because of his part in leasing naval oil reserves, the investigating committee resumed its ever-widening inquiry into the question with a large number of witnesses ready to testify.

President Coolidge, meanwhile, had before him the resolution directing institution of court proceedings on the basis of evidence brought out by the inquiry and another resolution directing the Secretary of Interior to start proceedings immediately for recovery by the government of sections 16 and 36 in Elk Hills section of the California naval reserves. Number one referring to sections held by the Standard Oil Company and other private interests was awaiting action in the House having been adopted yesterday by the Senate.

French Ministry Quits Meeting Of Chamber Deputies

PARIS, Feb. 8.—Premier Poincare with all his cabinet ministers exasperated by the opposition's attack walked out of the Chamber of Deputies today. The session was immediately suspended.

Troop Two Basket Ball Team to Play Farmville Saturday

The basket ball team of Troop Two will journey to Farmville on Saturday night where they play the curtain raiser for the G. H. S.-Farmville game. The following members of the team are to make the trip and are to report to the Scout Master to be assigned for transportation: R. Moye, Perkins F., Forbes, Mason, Lassiter, Tripp, Curry, Dunn, Skinner, Sugg, Hodges, Burnette and W. Taft. Scouts who can secure cars to make the trip are urged to notify the Scout Master so that as many Scouts as possible can make the trip.

PATRIOTIC RALLY TO BE CONDUCTED SUNDAY NIGHT

C. F. Swift to Speak At College Under Auspices Greenville Churches

A patriotic rally will be held in Greenville on Sunday evening, Feb. 10th, at 7:30 o'clock in the College auditorium. Hon. C. F. Swift, a former member of the Pennsylvania State Legislature and a noted public speaker, will present the program of the campaign which is being conducted in North Carolina by various civic organizations under the leadership of the National Reform Association, with headquarters in Pittsburgh, Pa. The meeting is under the auspices of the churches of Greenville, which have asked Dr. Swift to speak on "The Leaven of Religion in the Social World."

Dr. Swift has spent many years in public life, both as a successful pastor and as a leader in several states, in civic and welfare work. He is an orator of unusual personality with a forceful delivery and a delightful genuine humor, which has won for him a wide reputation. Connected with Dr. Swift in the present campaign, are Miss Sada M. Lamb and Rev. A. E. Curry who have met with the pastors locally and completed the arrangements for the rally.

The meetings which have been addressed by representatives of The National Reform Association, and particularly those of Dr. Swift, are a part of the movement that is being conducted throughout the nation. The key note is based on national welfare and patriotism, that this nation must live in service if it is to accomplish the purpose of the forefathers.

Estimated Wealth of the State in 1922 Was \$4,543,000,000

WASHINGTON, D. C., Feb. 8.—The department of commerce announces, for the State of North Carolina, its preliminary estimate of the value, December 31, 1922, of the principal forms of wealth, the total amounting to \$4,543,110,000, as compared with \$1,647,781,000 in 1912, an increase of 175.7 per cent. Per capita values increased from \$724 to \$1,703, or 135.2 per cent.

All classes of property increased in value from 1912 to 1922. The estimated value of taxed real property and improvements increased from \$637,960,000 to \$2,209,432,000 or 246.3 per cent; exempt real property from \$62,340,000 to \$161,933,000, or 159.8 per cent; live stock from \$85,068,000 to \$103,397,000, or 21.5 per cent; farm implements and machinery from \$20,315,000 to \$33,853,000, or 66.6 per cent; manufacturing machinery, tools, and implements from \$85,120,000 to \$238,327,000, or 180.0 per cent; and railroads and their equipment from \$204,606,000 to \$251,694,000, or 23.0 per cent. Privately owned transportation and transmission enterprises, other than railroads, increased in value from \$44,411,000 to \$81,257,000, or 83.0 per cent; and stocks of goods, vehicles other than motor, furniture, and clothing from \$507,961,000 to \$1,395,438,000, or 174.7 per cent. No comparison is possible for the value of motor vehicles, which was estimated in 1922 at \$67,779,000, because no separate estimate was made in 1912.

In making these estimates the department followed in general the methods employed in making the estimates for 1912, though it is believed that in some respects the work in 1922 has been more thorough. It should be borne in mind that the increases in money value are to a large extent due to the rise in prices which has taken place in recent years and so far as that is the case they do not represent corresponding increases in the quantity of wealth.

The estimated values of gold and silver coin and bullion, the vessels of the navy, and privately owned waterworks will appear only in totals for the United States.

Born To Mr. and Mrs. John C. Clark, 6 daughter.

"I AM READY"

Men cannot be made of Woodrow Wilson's mettle and have the broad experience of life he had without acquiring a philosophy before which death has no terror. From men like him there is no need to withhold the tidings his physician gave him Friday morning. Such men have, in the stress of life, come to as calm conclusions about the Plan as are possible to mortals. Any attempt to beguile them from consciousness of the imminence of their passing is tenderness misplaced.

So it was fitting that Dr. Grayson, believing that but a few hours remained of that magnificent life, the story of which will be one of mankind's great biographies, should have approached the bedside of the war President and told him the truth. Mr. Wilson had come into public life from the cloisters of Princeton, and it had fallen to his lot to marshal in war as Commander-in-Chief one of the mightiest armies and navies the world had ever seen. Behind these lines of defense the President's hand had directed the multifold energies of great agencies of supply. Night after night

in the White House, alone with responsibility so vast that no age has known its surpassing, he had pondered over the deaths of the young and brave and good who had gone into camp and battle under his leadership and inspiration. With the wounded among them he had become a fellow-sufferer. As much of his great work for peace as any man could do Woodrow Wilson had done, and in shattered health he had for more than four years awaited the end.

It was such a man, not only inured to the thought of death but the possessor of philosophy that intellect and calm religious devotion give, that his physician came with the news. "I am ready," said the President. * * * "I am a piece of broken machinery," he said. "When the machinery is broken"—And he said no more, because he had said it all. From the youngest schoolboy in the most remote province of the furthest land, where there is brighter hope of lasting peace because Woodrow Wilson lived and wrought, to the oldest and closest friend who will survive him, there will be no dissent to the statement that he prepared to face death as he had faced duty: in calmness and without fear.

None of mankind's troubled concerns was on his mind when Mr. Wilson was told that death hovered over the lintel. He had given the world its plan and opportunity to extirpate the seeds of war. He had administered the internal affairs of the Nation to the utmost of his ability. He had driven corruption from the Capitol of a great State. He had sent young men with trained minds and fine traditions into the service of the community. He knew, with the wisdom of the patient and the noble-minded, that his great concept of the League of Nations would yet win through the phalanxes of envy's spears.

When John Quincy Adams was informed still survives," he said. Wolfe died content of the approach of death. "Thomas Jefferson because the French were in retreat from the Plains of Abraham. But this generation will pass on with tender pride that simpler thought of its greatest son: "I am ready."—N. Y. World

KIWANIS CLUB TO CELEBRATE 9th ANNIVERSARY

The local Kiwanis Club will celebrate the ninth anniversary of Kiwanis International at its regular meeting tonight. The anniversary of Kiwanis was celebrated by clubs throughout the United States and Canada two weeks ago, but the local club postponed its meeting in order that it might co-operate in the movement to found a city chamber of commerce.

HOG WEIGHS 620 POUNDS AFTER BEING DRESSED

Mr. S. G. Worthington, who resides near Winterville, killed a hog yesterday, which after it was dressed weighed 620 pounds. This was certainly a record breaker.

Children, don't forget story telling hour at public library tomorrow afternoon.

WOMAN'S CLUB ACTIVITIES.

The unusual activity of the Woman's Club lately is due to the urge of necessity, brought about by their assuming the salary of the librarian of the Public Library.

The greatly increased patronage of the Library demanded its opening six afternoons a week, instead of three as heretofore. This also increased the salary of the librarian, which the Woman's Club has undertaken to pay.

A different Ways and Means Committee acts for each month, and several very pleasant and lucrative entertainments have been given.

On Monday, Jan. 28th, at the home of Mrs. B. W. Moseley, the "Musical Tea" was equal to a concert. The program consisted of Piano Duets by Misses Bertolet and Monda of the Teachers College; violin duets by Misses Gorrell and Tolson of the College; Piano solos by Miss Louise Burton; vocal solos by Mrs. Knott Proctor, and Misses Helene and Madeline Higgs, and readings by Mrs. Turner.

On Thursday night, Feb. 7th, an evening of song and stunts was greatly enjoyed in the Library and Chamber of Commerce rooms. Tea was served by Mrs. R. L. Carr and Mrs. E. B. Ficklen. The members of the Woman's Club sang a very clever parody on "Yes we have no bananas today" entitled "Yes we have a Woman's Club," written by Mrs. W. L. Hall, words of which are given below.

The Kiwanis Club undertook to have a photograph made of the group by our photographer, Mr. Parker, but it appeared that we "broke the camera."

The Rotary stunt was an uneasy revelation of the ages of some of the ladies; but when Mrs. Ficklen was said to be "95," we did not put much faith in the method.

A group of children from Miss Scoville's grade danced the "Highland Fling" with great agility.

With songs and conversation a very enjoyable evening was spent. The committee in charge was Mrs. R. H. Wright, Mrs. Lula Fleming and Miss Kate Lewis.

The Jan. committee, Mrs. J. K.

Brown and Mrs. H. E. Austin arranged for the production of "Michael O'Halloran" at White's theatre. The December committee, Mrs. P. T. Anthony, Mrs. T. T. Hollingsworth and Mrs. C. L. Porter sold tickets for the "Exposition" and gave a bridge and rook tournament.

The November committee, Mrs. T. E. Hooker and Mrs. W. Z. Morton sold Christmas greens, and gave the "Musical Tea."

Yes, We Have a Woman's Club. But Yes, we have a fine club, a long list of members have we.

We've large ones and small ones, Short ones and tall ones, A right goodly company, We have fat ones and fair ones, Thin ones and rare ones, But Yes, we have a fine club, A fine Woman's Club have we.

Say Yes, we have a great club, A great Woman's Club have we.

Kellogg's BRAN. Why do you eat Bran? TO FIGHT CONSTIPATION—the most dangerous condition your system can become chained to—to get free from bleary biliousness, dull headaches, nausea—etc., etc.!!! Rid yourself of this dangerous condition—or start "slipping" and become a prey to any one of the most dreaded human ailments which have their beginning with constipation and toxic poisoning! Fight constipation as you would fight fire! Fight it with Bran—Kellogg's Bran—BECAUSE IT IS ALL BRAN! Don't temporize! Don't waste time and health by going half-way! You need ALL BRAN; you need the bulk, the "roughage" of ALL BRAN, because it sweeps, cleanses and purifies! REALIZE THIS—foods with a part bran content can only relieve constipation in proportion to the amount of bran they contain! If they are 25 or 50 per cent bran—you may get 25 or 50 per cent relief! REMEMBER THIS—Kellogg's Bran is ALL BRAN and is guaranteed to give you positive and permanent relief if you will eat two tablespoonfuls daily, or as much with each meal in chronic cases! Don't delay; don't fuss with half-way measures! You have too much at stake! All grocers sell— Kellogg's the original BRAN—ready to eat

FAKE BILLS UNLOADED ON INEXPERT MONEY CHANGERS

BERLIN.—Bogus money has become very common in Germany since the decline of the mark and the mark and the passage of financial transactions out of regular banks into the hands of money-bootleggers.

A number of one-dollar bills which have been raised to \$100-bills have turned up in Berlin. They are said to be similar to raised bills which have appeared in Russia. There are also many counterfeit one-pound notes in circulation.

WOMAN'S CLUB HOLDS INTERESTING MEETING

The February business meeting of the Woman's Club was held Thursday afternoon in the usual place. The announcement of the meeting having failed to come out in the paper Wednesday, the attendance was small. Many of the members there-by missing a number of good things that were brought before the club and discussed.

Mrs. Harvey the secretary being absent, Mrs. Wiley Brown filled her place and read the minutes of last meeting.

The treasurer's report as given by Mrs. Luther Bowling, was very satisfactory. The club is in a very good financial condition at present. All debts being paid and a goodly sum to its credit in the bank.

Reports from the several committees of the Ways and Means spoke for themselves of the fine work these active women have accomplished during the past few months. The Ways and Means have a real work to do, since the club has pledged the salary of the city librarian each month, in addition to the numerous other calls they have for money, not only at home but throughout the state and in order to meet these demands something has to be moving all the

time, to keep the treasury replenished.

Mrs. R. L. Carr reporting for the library told of the increased patronage since it has been open every day of the week. She told of the great success of the story telling hour, being conducted every Saturday by young ladies from the Teachers College under her supervision. Mrs. Carr said that the crying need of the library at this time was the cataloging of the books and that steps were being taken toward having this work done.

Mrs. R. R. Cotton who was present at this meeting arose and congratulated the club on the way it has supported the city library and the many forward steps in real constructive work it has taken.

The great improvement in the cemetery was brought to notice and since the movement was put on foot by the Woman's Club it is but natural that the members feel proud of the changes for the better that have been wrought by Mr. Shaffer, who is now the all time keeper.

A number of communications were read by the secretary, discussed and voted upon.

Five new members were received into the club. These were Mesdames W. E. Tucker, Alex Viola, J. R. Moore and C. C. Copledge. All of

SIMPLE WAY TO TAKE OFF FAT

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a box of Marmola Prescription Tablets from your druggist for one dollar, the same price the world over. Follow directions—no starvation dieting or tiresome exercising. Eat substantial food—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is they are harmless. That is your absolute safeguard. Purchase them from your druggist, or send direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich., Warren's Drug Store.

these ladies were gladly received and will no doubt be a great help in the club activities.

The nominating committee for next year was then elected. Mrs. Wiley Brown, Mrs. J. K. Brown, and Mrs. Claude Grant being the three to receive the majority of votes.

After the business session Mrs. J. R. Moye, read at the request of the

Children, don't forget story telling hour at public library tomorrow afternoon.

NEW LAMP BURNS 94 PER CENT AIR

BEATS ELECTRICITY OR GAS

A new oil lamp that gives an amazing brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean and safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, S. G. Johnson, 642 N. Broad St., Philadelphia is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also the agency, and without experience ask him to explain how you can get or money make \$250 to \$500 per month

club, a paper which she read before the Round Table Book Club on Edward Bok's Peace Plan. This paper was splendid in every way, and brought home to the woman present, more forcibly than ever, the realization that they must work untiringly for peace, that they must

vote for everything that makes for peace, and thus stay the grim hand of war that is even now raised to strike the blow, and that will wipe civilization from the earth. At the conclusion of the reading the club adjourned.

MRS. W. L. HALL.

Four in One Family Restored By Tanlac

"Tanlac is our family medicine, we all depend on it to keep us well, and it has never disappointed us," is the positive statement of Mrs. N. C. Austin, 9 Draper St., near Braidon Mill, Greenville, S. C.

"Tanlac was the first and only thing to get me started back to eating, sleeping and regaining my strength and energy after a bad spell of the Flu in 1917. Four or five bottles corrected my stomach and nerve troubles and soon my entire system became normal."

"Each year since 1919 I have had a mild attack of the Flu, but Tanlac has always built me fine. My husband, one son and a married daughter have also used Tanlac for indigestion and a run-down condition and it always gives the desired results. We are never without Tanlac in the house."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

W. L. Patrick

Twenty Years of Successful Automobile Building

January 28, Buick celebrates its twentieth birthday.

Proud as Buick is of its growth within the short space of two decades, it is not in its vast organization that Buick takes its greatest pride. Rather it is in what these attainments indicate.

Buick's position of leadership has been achieved solely by the accomplishments of Buick cars in the hands of more than a million owners. In their dependable performance, in their satisfying comfort, and in their year by year fulfillment of every demand of motoring, Buick cars have won the place they occupy.

From the rich background of experience—with all of its unequalled manufacturing facilities—and inspired by a deep sense of personal obligation to Buick friends, owners and the general public—Buick will seek ever to maintain on an even higher level the confidence of the public which it now enjoys.

Study Your Fertilizer Needs

It will soon be time for our farmers to give serious thought to the grade of Fertilizers they will use during the spring. It will pay each farmer to spend a few minutes in discussing this subject with his dealer or manufacturer.

There is much money wasted, and many times the results desired are not obtained, due to the failure to use the proper grade of Fertilizers for the different crops. We have made a careful study of this subject, and we are always glad to give the farmers our views on this subject, at either our

Greenville or Farmville Office

We want to emphasize the fact that it is risky to expect to grow the best quality of Tobacco with a Fertilizer which is most suitable for growing Cotton under boll weevil conditions.

Farmville Oil And Fertilizer Co.
