SUIT TO RECOVER TEAPOT RESERVE WAS BEGUN TODAY

Government Petition Charges Fraud, Con- spiracy and Illegality in Procuring Leases

Cheney, Wyo., March 13.—Two receivers will be named to take over control of the Teapot oil reserves Judge T. Flake Kenn ruled after hearing the arguments of opposing counsel in United States District Court here this afternoon. Temporary injunction against further work by the Mammoth Oil Co., on the Teapot Reserves pending further action on the government suits was also granted.

Cheney, Wyo., March 13.—Charging fraud, conspiracy and illegality the government filed suit today to cancel the Teapot Dome leases and contracts.

The government special counsel petitioned the United States district court to do three things:

First. To issue a temporary injunction to stop oil production.

Second. To appoint receivers to take charge of the property.

Third. To enter a final decree cancelling the leases and contracts and return the property to the government and enforce an accounting.

Former Secretary Fall was charged with making false representations to President Harding resulting in the transfer of the lands from the Navy to Interior Departments. The government denies that there is no law under which the leases could be made. The bill further alleges that Fall and Harry F. Sinclair, the latter acting for the Mammoth Oil Company, did combine, conspire and confederate to defraud the United States. The results of these acts, the government charges, was the leasing of Teapot Dome to the Mammoth Oil Company for an inadequate improper and fraudulent consideration.

Former Secretary Denby's connection with the transaction is described as exercise of no discretion and his signature is characterized as merely a colorable attempt to evidence the compliance by him in its terms.

The Sinclair Crude Oil Purchasing Company and the Sinclair Pipe Line Company, operating storage facilities on the Teapot Dome reserves are made parties to the suit as trespassers their property also to be taken over by the receivers.

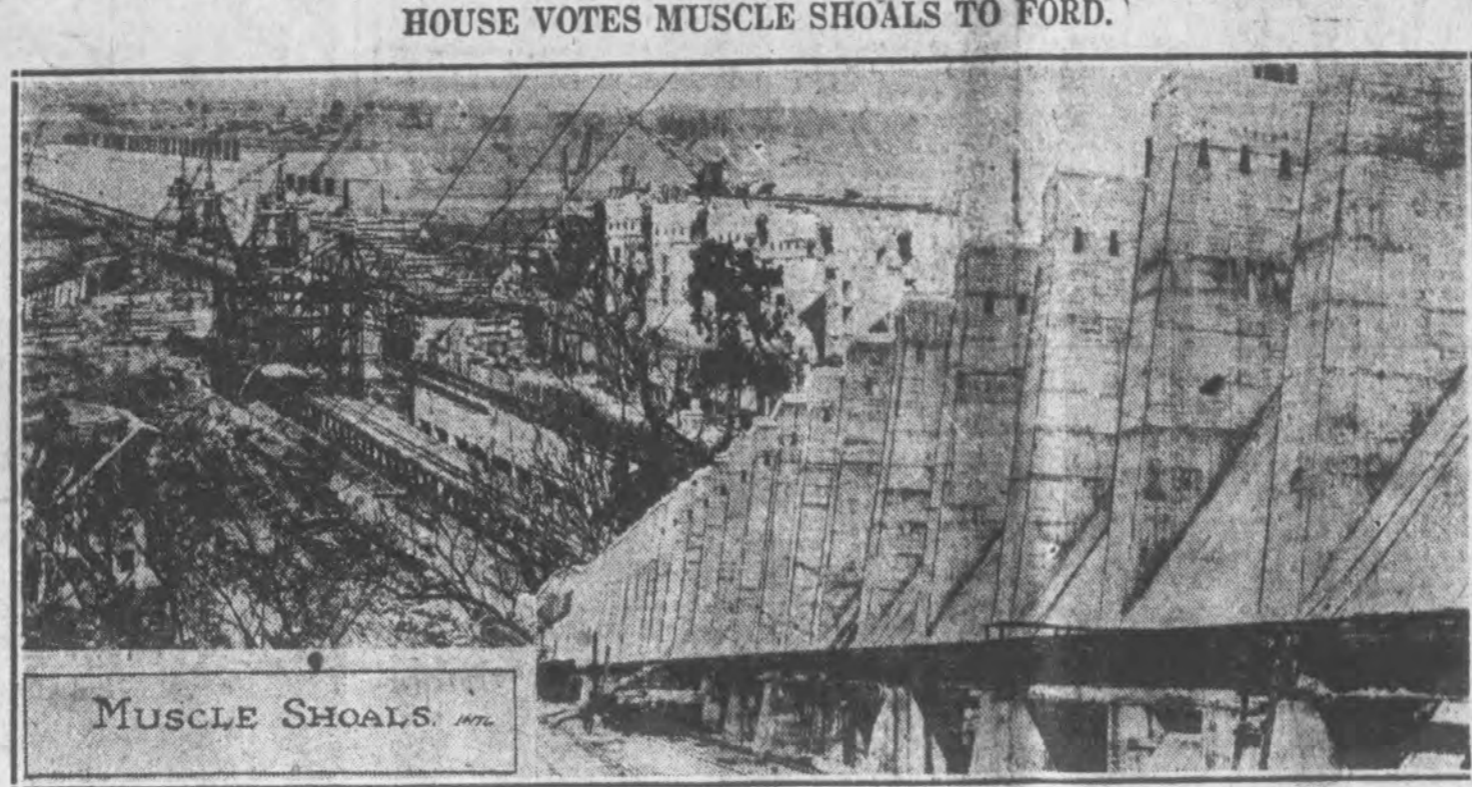

Prepared by Atlee Pomerene and Owen J. Roberts, special government counsel, the bill goes over much of the ground covered by the Senate oil investigation.

The bill recites that President Harding was without authority to transfer the lands and did so upon the false representation from Fall who desired to deal in the land not for the interest of the United States but for the profit, interest and benefit of the alleged Mammoth Oil Company and Harry F. Sinclair. Fall, the bill charges, knew at the time that the whole transaction was illegal. Evidence of the alleged conspiracy, the bill charges, is found in the fact that the agreement was made in secret and private negotiations without advertising for competitive bidding and that prospective bidders were discouraged from bidding and denied the opportunity by Fall. The Texas Company, Pioneer Oil Company, Edward L. Doherty and Leo J. Stack, the bill says, are among those so excluded. The bill also charges that Fall steadfastly refused to take the opinion of the law officers of the government.

GERMAN GIRL FINDS JOY IN TESTING PARACHUTES

Berlin.—Fraulein Schneider has jumped from airplanes in a parachute 17 times and still lives. She is Germany's only female parachutist and works together with her fiancé, Otto Heinicke, who is a builder of parachutes.

Both Heinicke and Fraulein Schneider stoutly disclaim their desire to be professional acrobats. Their jumps are made purely as sporting events for their own pleasure, and for scientific investigation of various types of parachutes.

MUSCLE SHOALS, W. Va.

By a vote of 225 to 142, the House of Representatives has passed a bill voting the sale of the Government nitrate and power plant at Muscle Shoals, Ala., to Henry Ford. Above are pictures of a general view and a close-up view of the power house and Wilson Dam, which are slightly more than half finished. Four thousand five hundred men are rushing the project to completion. Concrete to the extent of 1,300,000 cubic yards is required, the largest concrete job in the world. Twenty-five feet more must be added to the top of the dam, and a roadway 23 feet wide will extend across its top from shore to shore, as part of the Jackson Highway.

SENATE COMMITTEE ISSUES NEW BATCH SUBPOENAS TODAY

Roosevelt and Lejeune Testify as to How Ma- rines Cleared the Tea- pot of Trespassers

Washington, D. C., March 13.—Rudolph Hynicka, Republican National committeeman from Ohio, was subpoenaed today by the Senate oil committee. Subpoenas also went out for Harry Mackenzie, attached to President Coolidge's Chicago campaign headquarters, and Tiffin Gilmore, Deputy Secretary of State of Ohio.

Hynicka, Mackenzie and Gilmore will be questioned by the committee in connection with the story of Leonard Wood, Jr., of an oil deal in connection with the Republican National convention in Chicago in 1920.

Norman J. Gould, of New York, and Charles M. Garrish, of Columbus, Ohio, were also subpoenaed.

Marines Clear Teapot.

How American Marines cleared the Teapot reserve of trespassers after it had been leased to Harry F. Sinclair was described before the committee today by Major-General Lejeune, commandant of the Marine Corps who was the first witness in the line of inquiry, he said that the orders for his action were issued by Theodore Roosevelt, then acting Secretary of Navy, who was also called to testify. This was in July 1922. Lejeune said, and George K. Schuler, then captain in the marines, was selected after a conference with Fall, to command the detail sent to Teapot Dome. Four enlisted men were selected to accompany Schuler, who is now treasurer of New York state. Roosevelt had ordered that men of tact and discretion be chosen, General Lejeune said, so as to avoid trouble. Schuler telegraphed August 4, that his mission had been accomplished. Later Fall wrote the Navy Department commending Schuler for his work.

Asked as to whether he did not regard this as an extraordinary work for the marine corps the general said that he did not consider it from that point at all but simply obeyed orders.

Roosevelt testified that the request for clearing Teapot came from Fall who was quoted as saying he and the president wanted the squatters ejected as they were about to take out oil on which the government would get no royalties. Fall told him, Roosevelt said, that Secretary Daniels had taken similar action.

Grand Jury Begins Prosecution Cases Members Congress

Washington, March 13.—Grand jury prosecution was begun here today in the cases against two members of Congress referred to in charges by the Chicago grand jury report as having improperly accepted money.

List Of Reflector Candidates Will Appear Saturday

In Saturday's issue of The Daily Reflector will appear for the first time the list of candidates who have entered their own names or whose names have been sent into the campaign department by some interested friend who is anxious for them to win.

This first list will include all the nominations receive up to 2 p. m. Friday. All nominations received after this hour will be published in the next list which will appear on Tuesday. After this first list is published it will appear three times a week, on Tuesday, Thursday and Saturday.

The votes each candidate has received up to the hour mentioned above will be noted opposite their name. Vote totals will contain only the nomination coupon which counts for 5,000 votes, and all free 50 vote coupons clipped from the paper and sent in. This standing of candidates will not include the votes given on subscriptions.

Votes given on subscriptions are issued when subscriptions are turned in and are to be published later on in the campaign after things get going. If, later on in the campaign, candidates desire to hold these votes in reserve, this can be done but before the contest closes these reserve votes must be deposited in a locked and sealed ballot box to be counted by the judges.

Now is the time for all those contemplating entering the contest to send in their name. The public in general is asked to send in the name of some of the folks whom they think have the ability win, and who would appreciate working for one of the prizes.

Candidates should bear in mind the fact that the contest is divided (Continued on page five.)

FROZEN DANUBE LEADS TO INTERNATIONAL COURTESIES

Bucharest.—An exceptionally hard freeze has made the Danube, in its whole extent between this country and Bulgaria, a winter playground. The thick ice has taken the place of the bridge which has been under international consideration for years.

Sleighting is the great sport, and parties from the Rumanian river cities frequently go to evening performances in theatres on the Bulgarian side, and Bulgarian parties come in jingling sleighs to theatres and restaurants on the Rumanian side.

Wolves from the Carpathian mountains have descended to the Danube basin in search of food, and there have been frequent brushes between sleighting parties and small packs of wolves.

It has been determined by the authorities on both sides of the river that the Danube is frozen harder this winter than at any previous time in the memory of the oldest living inhabitant.

EDUCATION ASS'N. OPENS IN RALEIGH

Pres. R. H. Wright of Teachers College De- livers Address

Raleigh, March 13.—North Carolina needs six more two-year normal schools declared Dr. Robert H. Wright, president of the East Carolina Teachers College, at Greenville, in addressing the general session of the North Carolina Educational Association in its fortieth annual convention here this morning.

Supt. A. T. Allen, of the State Department of Public Instruction, and J. Y. Joyner were other speakers to the general session their respective subjects being "County Schools Organization" and "Helping to finance the rural schools."

The session opened with mass singing led by Dr. Hollis Vann, State Director of Music of Pennsylvania. Miss Elizabeth Kelly, president of the association presided.

During the afternoon there were various group meetings held each dealing with different topics ranging from physical education to music and class room discipline.

Representative Knutson Under Arrest.

Representative Harold Knutson, serving his fourth term in Congress from the Sixth District of Minnesota, has been arrested in Clarendon, Va., with LeRoy M. Hull, 29, said to be an employe of the Department of Justice, on charges involving a grave moral offense.

Messrs. W. R. Meyer and H. C. Atkinson, of Wilson, were in the city today.

AYCOCK MEMORIAL PRESENTED STATE CEREMONY TODAY

Exercises Held in City Auditorium Preceding Unveiling

Raleigh, March 13.—With thousands of people from all parts of the state looking on the monument to North Carolina's educational governor, Charles Brantley Aycock, was unveiled on the Southeast corner of Capitol Square shortly after 2 o'clock this afternoon. The strings attached to the canvas which surrounded the monument were loosened by two young grandsons of the late governor.

Memorial exercises for Aycock were held in the city auditorium preceding the unveiling Dr. Edwin A. Albermar, president of the University of Virginia presiding. Rev. R. T. Vann, secretary of the Baptist Board of Education, delivered the invocation followed by an appreciation by Alderman Josephus Daniels, former Secretary of Navy and close friend of Aycock, delivered the historical address.

At the conclusion of the exercises at the auditorium the throngs led by State College band and drum corps marched to Capitol Square where the unveiling ceremony took place. Secretary of State W. N. Everett accepted the monument on behalf of the state and Elder Frederick W. Keene, of Raleigh, delivered the benediction.

Governor Cameron Morrison was to have accepted the monument but a severe cold prevented his attending the ceremony.

Steamer Cissy To Give Details of Loss Freighter, Santiago

New York, March 13.—Ward Line officials today awaited the arrival of the Norwegian steamer Cissy for details of the loss of the freighter Santiago that went down 60 miles south of Cape Hatteras with 24 members of her crew.

No further word of the Santiago's fate has been received since the Cissy's captain sent a wireless to the Ward Line saying he had picked up a life boat containing 11 of the vessel's crew of 35. The Cissy is expected to arrive in Baltimore today.

Norfolk, March 13.—That the loss of life from the sinking of the Ward Line steamer Santiago may be less than first reports indicated was felt by officials at Coast Guard headquarters here today after receipt of message from the cutter Manning, the cutter reported to headquarters shortly after noon as follows:

"Manning received following message from SS Plicodon, intercepted message from SS Colinas day before yesterday saying had picked up boat containing 10 men from SS Santiago and expected to pick up rest."

Woman's Estimate First In Investigation Att'y-Gen. Daugherty

GARRET BROTHERS DENIED NEW TRIAL; ORDERED TO PRISON

Cumberland Court House, Va., March 13.—Motions for new trials for Robert O. Garrett and his brother Larkin Garrett, were overruled by Judge B. D. White in Cumberland County Circuit court today and the brothers ordered to be confined in the state penitentiary at Richmond for periods of five and four years respectively.

Roxie Stinson Tells An Amazing Story Involving Divorced Husband and Attorney General

Washington, March 13.—Edward B. McLean, Washington publisher, will probably be called as a witness in the Senate Daugherty investigation. Mal Daugherty, brother of the Attorney General will also be called.

Both will be questioned as to the references to them in the story yesterday of Roxie Stinson.

Roxie Stinson, of Columbus, Ohio divorced wife of Jesse Smith, of Washington Court House, "bumper and friend" and confidant of the Attorney General, who committed suicide in the latter's apartment here a year ago, was the first and only witness on the stand yesterday.

From behind the crumpled folds of a tear-soaked handkerchief, she robbed and murmured a sensational story that ranged from stock transactions to motion pictures of the Carpentier-Dempsey prize fight, all of which she insisted were connected with profits for her late husband and the Attorney General.

In all the accounts of his doings in Washington which Smith confided to her, the divorced wife contended against all cross-examination that when Smith said "we" he meant himself and Daugherty and that when she said "they" she meant the same two men.

Specifically, Miss Stinson testified that Smith had given her 25 shares of White Motors, which was a part of what "they" had obtained without any cost; that Smith told her "we" looked forward to profits approximating \$180,000 if it could be arranged to exhibit the motion pictures of the Carpentier-Dempsey fight; that Smith had come into possession of a large amount of the stock of the Pure Oil Company of Ohio and that Smith, proprietor of a small town store in Ohio, worth approximately \$175,000 when he came to Washington in 1921, soon increased his fortune to approximately \$250,000.

All this, Miss Stinson said, was done by "we" and "they" and she persisted that the second man of the combination always was Attorney Daugherty, because, she declared that in all their confidences Smith never meant anybody else, and that furthermore when he did, he mentioned the person specifically by name.

Miss Stinson was the star witness again today before the committee. The Senators not only sought to draw out details of the story yesterday as to relations of Smith and Daugherty, but made an effort to also establish new lines of inquiry involving liquor cases and other matters pending in the Justice Department.

Among other things the committee men want to know whether or not there was any attempt on the part of friends of Attorney General Daugherty, as has been suggested in information reaching the committee, to avert Miss Stinson from appearing on the witness stand.

GIRL CONFESSES KILLING FATHER

Declares Mother Want- ed Him Given as Oil- fering to the Lord

Tampa, Fla., March 13.—"I stamped him to death with my feet." This is the unemotional statement of Eva Winchester, 18 year old daughter of the dead man, J. C. Winchester, 65, formerly of Gastonia, N. C., whose body was found today at the Winchester home in Seffinger a village 10 miles from here.

The girl implicated her mother stating that she had been ordered by her mother to kill her father. Both are in the county jail here.

The story of membership of the family in some religious sect was told by the girl. Her father had suffered two strokes of paralysis recently she said. Her mother and father had visited a gathering of the sect in St. Petersburg last Sunday and returned home last night, she said. Her father, according to the girl, was so benefitted by attending the meeting that her mother felt that an offering should be given the Lord for his benefaction. The killing of her father as an offering was decided upon, the girl declared. The aged man, according to her story, was led about 150 yards from the house and killed. The body was then dragged back to the house and placed upon the steps where it was later found by authorities. This morning the mother and daughter walked three miles to Mango and told a school teacher of their act. He in turn notified the sheriff here who went to the scene and found the body and made the arrests.

Actress Spy Who Aided France Gets 10 Years

Leipzig.—Alvine Bruns, the film-actress spy, who was recently sentenced to prison for ten years because of her activities on behalf of the French during the war, came to grief through her diary.

The woman worked for the French in Duesseldorf, Aachen and Nice. Her beauty made it possible for her to attract many men and the diary which proved her undoing showed she was frequently torn between many love affairs and had great difficulty in controlling her heart. With singular childishness she recorded her emotions as well as the facts concerning her spy work in this diary which fell into the hands of German officers and proved her undoing.

She worked much of the time with a German medical student, who was also sentenced to prison for complicity in her espionage for which the evidence showed the woman received \$1,000 a month. She also involved another medical student in her work, but the two students fought about the woman and the one who lost out managed to escape from her clutches before he was hopelessly entangled in her career of espionage.

Prominent French diplomatists and many officers of various armies are mentioned in the diary among the men who succumbed to her charms.

Pretty Divorcee Held for Murder

Chicago, March 13.—Mrs. Belle Gaertner, pretty divorcee, is in jail charged by a coroner's jury with the killing of Walter Law, auto salesman, who was found with a bullet wound through his head in her auto early yesterday.

The recommendation of the jury came after Paul E. Goodwin, fellow salesman of Law, testified that Law had told him that Mrs. Gaertner had threatened his life and had laced him up in her flat with threats to stab him with a knife unless he stayed.

The jury decided that Law, five years her junior, married and father of a baby, came to his death by a bullet fired by Mrs. Gaertner. She did not testify at the hearing.

ARE YOU PROGRESSIVE

If you have faith in the future of Greenville and believe in progress you cannot help but favor the proposed \$200,000 school bond issue...

It must be realized that a community is no better than the type of citizens who compose it and with this in view it is our duty to see that the girls and boys of today—our future citizens—are given the opportunity to become the type of citizens that we wish them to be.

THE REPUBLICAN MUDDLE

History is repeating itself in the current events of government and politics. In 1911 the Republican machine operated in an effort to save Ballinger, the prototype of Fall, and to re-elect President Taft...

In 1924—and within less than four months of a Republican national convention—the Republican National Committee and the Federal machine are reenacting the role of their predecessors under Taft. John T. Adams, chairman of the Republican National Committee, is championing Denby and Daugherty...

One Democratic Congressman, commenting on what has been variously called the "effrontery" and "stupidity" of the engineers of the Republican machine, including Mr. Adams, said:

"The Republican bosses simply are endeavoring to keep custody and control of the 'machine.' If they have to choose between continuing their control of the machine and defeating their party they will take the former. Practically politics as well as ordinary public morality would warrant the Republican National Committee in tossing Denby and Daugherty on the scrap heaps, but that would be throwing aside two powerful parts of the machine. To keep the machine intact it is necessary to retain Daugherty and Denby. That's the 'lowdown' on the whole thing."

Attorney General Daugherty, almost at the very moment when Senators Lodge and Pepper were urging Mr. Coolidge to demand his resignation, received the President's approval of his candidacy as one of Ohio's delegates at large to the Republican national convention.

Former Secretary Denby is slated as one of the delegates at large from Michigan. It is considered probable that Assistant Secretary of the Navy Roosevelt will be in New York's delegation, and that former Secretary Fall will have friends at the convention.

With these central figures in recent scandals present in person or by proxy, Washington politicians are asking how shall the committee on resolutions frame a plank on the subject of Teapot Dome without condemning them or offending the public? The President can hardly offer any help, it is pointed out, since he could not first approve Attorney General Daugherty as a delegate at large and then support those in favor of a plank denouncing scandals in which Daugherty was involved.

On the other hand, it is wondered what course will be taken by the western Republican Senators who voted for Secretary Denby's ouster from President Coolidge's cabinet and now want to eliminate Daugherty. These Senators among them Capper, (Kans.), Harrel (Okla.), Brookhart (Ia), Norbeck, (S. Dak.), McNary (Ore), and Ladd (N. Dak.) will doubtless be at the convention as delegates or influential members of their party. They will scarcely favor a pronouncement that charges of partisanship or prejudice influenced the Senate's battle to rid the Cabinet of Denby and Daugherty.

Senator Lodge, who was one of these concerned in the movement, to remove Daugherty will be representing Massachusetts, the President's State, in the convention if the traditions are observed. Moreover, he probably will have a place on the resolutions committee, as in former years. What will he do, it is being asked, if the convention attempts to justify the President's Attorney General and his delegate at large at the expense of Mr. Lodge's feelings?

LONDON'S WAY TO REDUCE PRICE OF THEATRE TICKETS

London.—The gallery gods of London's theatres know how to get what they want, and also how to get rid what they dislike. The one they howl for, the other they "boo" and they seldom stop either until they are satisfied. The gallery audience that witnessed recently the first performance of Sir Gerard Du Maurier in "Not in Our Stars," took it into their heads that two shillings a seat was too much money to pay for the gallery. So when Sir Gerald came out to make a curtain speech they started "booing," and then a deep voice shouted, "What about a shilling gallery? It ain't worth two bob."

There is mail waiting for you in Wall Street

We may be mistaken but we believe that the average man thinks he can do certain things better than his neighbor—

For example—tuning in a Radio—or backing a car into a parking space—or running the country.

We'll go further and say that there may be some man in town who thinks that while we are all right in our way—he can do better in price somewhere else.

To that man we say this; for our quality goods—for our type of merchandise—if you can beat, or in some cases equal, our low prices—you are wasting your time here in Greenville—you'd make a fortune in Wall Street.

TEACHERS COLLEGE NEWS

Quite a number of the members of the Teachers College faculty are in Raleigh this week attending the meeting of the North Carolina Education Association. Miss Miriam McFadyen, President of the Primary Teachers Association, went up Tuesday to make final arrangements for the meeting. President Wright is on the program for one of the general sessions and some of the sectional meetings. Misses Tolleson and Tarpley went up Monday for the meeting of physical education and home economics teachers. Others will go tonight and tomorrow.

The delegates from the Teachers College are: Misses Agnes White-side, and Miriam McFadyen, President Robert H. Wright and S. B. Underwood. Alternates: Mrs.

Grimes, Miss Lewis and Messrs. E. L. Henderson and H. B. Austin.

The Teachers college dinner will be held at the Woman's Club Thursday evening. Arrangements are in charge of the Wake County Alumnae Association. President Wright will carry greetings from the college.

A group of about forty students will leave Sunday evening for a four day trip to Norfolk and Washington. Miss Mamie Jenkins, Mr. E. L. Henderson of the faculty, Miss Helen Gray, librarian, and Miss Arley Moore assistant matron, will be with the party. An elaborate program of sight seeing and entertainment has been worked out.

The building committee of the board of trustees spent Tuesday at the college going over the construction work, which is moving steadily along. All the members of the committee were present, in spite of the extremely inclement weather.

Mr. A. B. Andrews of Raleigh, a very active member of the board of Trustees, has been reading the college publication, East Carolina Teachers College News, and is struck with the number of the alumnae who are married and have families. He writes:

"Probably you may have noticed the item that went the rounds of the press some eighteen months or two years ago, giving statistics as to the graduates of Smith and Vassar colleges, and how few of them were married, and how few children were in their families. It looks as if the records of East Carolina Teachers College will show very differently from these, as you chronicle so many who are married and have families."

MRS. H. E. AUSTIN HOSTESS TO ROUND TABLE CLUB

The Round Table Club was charmingly entertained on March the 4th by Mrs. H. E. Austin. There were present eighteen members and guests who added much pleasure to the meeting were Mrs. E. T. Dickerson, Mrs. W. V. Powell, Mrs. E. W. Griffin, Mrs. Lee Sadler, Mrs. S. B. Underwood, Mrs. Chloe Brown and Mrs. D. L. Mangum.

At this meeting the club gladly welcomed the return of Mrs. H. L. Carr who had been absent for several months.

Mrs. Grant, President, presided, after reports from different committees the following officers were elected for the new year:

Mrs. Claude Grant, president.
Mrs. Milton White, vice president.
Mrs. W. B. Tilghman, second vice president.
Mrs. Paul Fitzgerald, recording secretary.

Miss Nellie Denny, corresponding secretary.
Mrs. C. J. Ellen, treasurer.

The treasurer was instructed to send Mrs. Clyde Eby check for ten dollars for the ten thousand dollars endowment. The club also voted at this meeting to pay to Mr. Futrell twelve dollars for the hospital fund for needy patients. The program was as follows: First Mrs. Tom Person told us about her recent trip to Cuba. Her talk was interesting, emphasizing many things of historic value, the great agricultural possibilities, the wealth and beauty of the flowers and the social and religious conditions of the people. Mrs. E. B. Higgs gave a most entertaining and instructive paper on Stephen A. Douglass. After this Mrs. E. W. Griffin accompanied by Mrs. Grant sang sweetly A Little Bit of Heaven. The hostess assisted by her splendid young daughters, Priscilla and

Elizabeth, served a delicious luncheon, thus closing another pleasant meeting.

CANDIDATE FOR JUDGE OF COUNTY COURT

To the people of Pitt County:
After mature deliberation, I have consented to become a candidate for the office of Judge of the County Court of Pitt county, subject to the action of the Democratic Primary.

I seek the office not for the gratification of selfish ambitions, but in order that I may have greater opportunity to honorably and faithfully serve the best interest and welfare of the people of my native county.

In presiding over the County Court with this ideal in view it shall be my purpose:

1. To extend to all attorneys at law, and other officers of the court, proper respect and courtesy, with equal rights to all and special privileges to none;

2. To give all persons and parties a fair and impartial trial to the best of my ability and according to law.

3. And generally to conduct the court and administer the law in a fair, equal and impartial manner to the best of my ability and in accordance with what I conscientiously believe to be right and just under all the circumstances.

This March 13, 1924.

up into three periods. They are now working in the most important period of the whole contest. The time from March 10th to April 5th is the time when the most votes will be given on subscriptions. Never again during the entire contest will they have the opportunity to make their subscriptions count for so many votes as right now. Another thing

to remember is the extra votes given on every \$20.00 in subscription money turned in. For every \$20.00 turned in now you receive 50,000 extra votes besides the votes given on each subscription. Look over the voting schedule which appears in this issue and see for yourself how valuable the time is before April 5th if you want to win one of the automobiles.

One other thing we want to call attention to. There will be no special inducements for votes other than what has already been published; no extras put in to spur the candidates on toward the finish. Just the way the "Rules and Conditions" and the "Voting Schedule" read now will apply all through the campaign. You can plan your campaign right from the start with no fear of any change being made. The campaign will close at eight o'clock sharp on Saturday night, April 19th, and the final count by the judge, who will be selected and announced later, will begin. Positively no extension of the closing date will be made.

April 14th to April 19th, inclusive, 25,000 extra votes

RULES AND CONDITIONS

Any man or woman of good reputation over sixteen years of age, in Greenville or surrounding territory may become a candidate.

No employee of The Daily Reflector or member of his immediate family is eligible.

Candidates may enter their own names or be nominated by friends without any cost.

The name of a person who places a candidate in nomination will not be divulged under any circumstances.

The campaign manager reserves the right to reject any nominations without giving any reason for doing so.

Votes are obtained either by being clipped from the paper or by procuring paid subscriptions to The Daily Reflector.

Votes cannot be transferred or purchased.

In the event of a typographical error it is understood that neither the newspaper nor the campaign manager shall be held responsible except to make the necessary correction on discovery of the same.

Subscriptions may be procured anywhere. All subscriptions must be paid in advance in order to vote.

Every participant in the campaign has an equal chance of winning any one of the seven prizes on the list.

In the event of a tie, prizes of equal value and identical with the one tied for will be given.

No candidate will be allowed to pay for any subscription or any part of any subscription in order to secure the same in competition with another candidate.

All subscriptions must be turned in to the campaign manager within 3 days from the time such subscription is secured. Penalty for holding subscriptions past this limit will be severe.

This campaign will and must be a fair and square proposition, with those securing the most votes, according to the rules of the campaign, winning the prizes. No sharp practice of any kind will be allowed under any circumstances.

The campaign manager reserves the right to make any ruling which may be, in his opinion, necessary for the success of the contest.

The campaign manager reserves the right to eject any candidate from the campaign at any time if after being given due warning such candidate continues to violate any rules of the campaign or to circulate any unfounded rumors which may tend to mislead the public or the other participants. In such a case votes will be cancelled.

The campaign manager will decide all questions which may arise during the course of the campaign and his decision must be final. Contestants in entering this campaign thereby agree to abide by the rules of the campaign and all rulings which the campaign manager may make.

No money will be accepted for votes under any circumstances unless accompanied by a bona-fide subscription to The Daily Reflector.

And Costs \$170 Less

Advantages of both Hudson and the former Essex are combined in the new Essex Coach.
And with finer body and a 6-cylinder motor, built on Hudson patents, its cost is \$170 less than Essex closed car comforts ever sold for.
It continues the famous Essex qualities of performance, economy and reliability.
Steering is like guiding a bicycle. Gears shift easily. Care of the car calls for little more than keeping it lubricated.
Its economy includes not only exceptional gas, oil and tire mileage, but a policy of minimum maintenance cost with parts prices that will astonish you.

Money borrowed from State building fund and applied on debt of the Vines House	15,500.00
Notes in favor of Higgs Brothers for colored school lots	790.00
Total	\$89,290.00
The notes listed above in No. 1, amounting to \$20,000 represents money borrowed to meet demands in the construction of the colored school building, now nearing completion, and on which there has been paid to contractor and architect the sum \$22,170.53.	
The town note in No. 3, amounting to \$50,000 was incurred in the following manner to wit:	
(a) First payment on Vines House at the time of purchase, amounting to \$15,000.	
(b) Completing and equipping the high school building in 1916, when the bond issue was insufficient.	
(c) Installing heating and plumbing in Evans Street School, as well as making a great number of other improvements and repairs from time to time as needed.	
(d) Building an addition to the old colored school building and purchasing equipment for the same, which building was destroyed by fire.	
Bonds outstanding for schools	\$39,900.00
Less money in the sinking fund for retirement of bonds	9,000.00
Leaving balance outstanding	\$30,900.00
Bonds outstanding for some of our neighboring towns are as follows: Farmville \$250,000, Kinston \$350,000, Washington \$300,000, Wilson, \$500,000.	
If the proposed bond issue for \$200,000 carries the increase in the tax rate to take care of this issue will be approximately 10 cents or less, that is, on a valuation of \$100 worth of property the increased tax will be 10 cents. On a valuation of \$1000 the increased tax will be approximately one dollar.	

responsibility of an expansive movement equal to meet the growing demand for educational advantages rests upon each individual in the community. The board of trustees, as an official has asked that an election be held to vote bonds for the development of our public schools, and they are asking the co-operation and support of each individual in their effort to insure adequate educational facilities for the boys and girls of Greenville.

VENUS

Venus has come into her own. The goddess of love and beauty can look down from her celestial eminence atop Mt. Olympus and behold her memory perpetuated and rejuvenated in American theatricals. Geo. E. Wintz has named his newest exposition of girlhood—"Venus." No title could be more appropos, since of all the colorful United States extravaganzas, the Kintz attractions are famed to the four corners of the land alike for the comeliness of their figurantes and the liberality with which their charms are freed from the confines of conventionality.

Venus of the Romans is a counterpart of Aphrodite of the Greeks. Legend has it that she sprang into life from the foam of the sea. She was worshipped by the ancients as the patroness of love, beauty and fecundity. Festivals of unrestrained revelry were staged in her honor.

From the dawn of time artists, sculptors and writers have made Venus the object of their efforts. Praxiteles was one of the first to coin his conception of the goddess to marble in Venus of Chidus. Venus de Milo, now in the Louvre, Paris, is perhaps the most famous of her statues, while Venus di Medici in the Uffizi gallery, Florence, is nearly as well known. Venus of Arles, Venus of Capua, Venus Borgese and the Capoline Venus are others of numberless classic likenesses of the goddess.

Newer Form of Oil Ends Rheumatic Pains

Of 5,783 Cases Less Than 3 in 100 Are Reported to Have Failed to Get Relief.

From Germany, which gave to the world those two great pain relievers, Aspirin for headache pain and Novocain for painless dentistry, comes news of another great discovery of a newer form of oil which is bringing quick relief from the pain of rheumatism in a remarkable percentage of cases where all other methods had failed.

These German scientists found that rheumatism, in an enormous number of cases, is due to an internal infection such as poisonous pus in a dead tooth or an infected tonsil, or in the intestines. These poisons being absorbed by the blood are carried to the joints and muscles, where they set up inflammation and intense pain. Sometimes these infections cause rheumatism. In other cases neuritis, neuralgia or gout.

Once the cause of the trouble was known, these German scientists worked to effect an oil intended to penetrate directly to the tortured nerves and inflamed tissue of the joints and muscles themselves and neutralize these poisons in much the same way that bicarbonate of soda or magnesia neutralizes an acid stomach. Of-

ten even in the most severe and stubborn cases, inflammation, swelling and pain quickly disappear with the very first application.

So astounding have been the results from this remarkable oil that the American distributors have authorized local druggists to lend you a bottle for trial with his personal written guarantee. You simply deposit the price with him as evidence of good faith. Then if you do not get immediate relief, simply return the bottle and every penny of your deposit will be instantly refunded. Ask for the oil by name—Buhler Oil. Sold by all good druggists in this city, such as: Greenville Drug Co., Denton Pharmacy, C. O. H. Horne, B. S. Warren.

Note—The written guarantee of relief or money-back on Buhler Oil is especially designed for those people who have doctored for years without results. We do not want to keep one penny of your money unless Buhler Oil gives you relief from pain.

WESTERN PIONEER TELLS INTERESTING EXPERIENCE

Frank Rikert, Who Left Illinois for California in Covered Wagon in 1864, Wouldn't Take \$100 for Bottle of Tanlac

Frank Rikert, well-known resident of North Sacramento, Cal., who came to the state from Illinois in a covered wagon in 1864, along with other hardy pioneers, recently exhibited a bottle of Tanlac, which he had just purchased, to a friend at his home and remarked: "If I thought this was the last bottle of Tanlac I would ever be able to buy, I wouldn't take one hundred dollars for it," thus proving the high valuation he places on the famous treatment.

"I believe Tanlac really saved my life when I took it after the flu about a year ago," continued Mr. Rikert, "for the attack left me 20 pounds off in weight, and unable to turn over in my bed without assistance. I tell you, I thought my time had surely come."
 "But, thanks to my wife's insistence, I kept on taking Tanlac till I was able to do all my work again. I had back all my lost weight, and I've been feeling years younger ever since. I'm always telling my friends about Tanlac, and can't say too much for it."

Tanlac is for sale by all good druggists. Accept no substitute. Over 10 million bottles sold.

Sends her fairest daughters to earth and bids them filch the hearts and fire the senses of Mankind with their proteine loveliness.

Adjectives attenuate, insouciant, halt, locomious, equivoque, panegyrics pall, aye the mighty lexicon of Webster, with all its wealth of expression, can do but faint justice to this regal pageant of dulchritude, animate and inanimate, feminine and textile. Indeed the most glorious exposition of entrancing girlhood assembled at one time and in a single place since VENUS herself, in brief respite from her abode on Mount Olympus, led her votaries in the pagan pastimes of Daphne's bower of love and laughter.
