QUICK ACCEPTANCE IMMIGRATION BILL IS FORECAST TODAY

Bill Expected to Reach President Before End of Week

Washington, May 15.—Overriding the opposition of President Coolidge the House today adopted the conferees' report on the immigration bill making July 1, the effective date for Japanese exclusion. The Senate is now called upon to act, after which the bill will go to President Coolidge for his signature. His course in the matter has not yet been determined.

In adopting the report the House developed an overwhelming majority against any delay in putting into effect the Japanese exclusion provision which the administration has sought to delay in order that diplomatic negotiations might be entered into in an effort to settle the question.

Washington, May 15.—Quick, almost perfunctory acceptance by both chambers was forecast for the conferees' report on the immigration bill today, prior to consideration by the House after which the Senate will be called upon to act, including the clause fixing July 1, this year, the effective date of the Japanese exclusion provision which President Coolidge once prevailed upon the conferees to change to March 1, 1925. The measure is expected to reach the White House before the end of the current week.

Franchise Granted For Ferry Across Lower Chowan River

Edenton, May 15.—The new Coastal Highway Ferry, across the lower Chowan river from Emperor on the Chowan county side to Eden House, Bertie county, the approximate site of the proposed Chowan river bridge, has received a franchise from the road boards of both Chowan and Bertie counties and will start operation within a few days, it has been announced here. The ferry will begin operation with the completion of the wharves which are now nearing completion.

The ferry, it was stated will operate upon an hourly schedule daily except Sunday. The passenger capacity will be large and there will be space provided for 12 or 14 cars, it was stated. The time for crossing it was said, will be about 15 minutes. The distance from Edenton to the ferry is five miles and from Windsor to the ferry about 16 miles, making the distance from Edenton to Windsor 22 miles by way of the ferry.

Baptist Convention Declines to Appoint Peace Committee

Atlanta, Ga., May 15.—The Southern Baptist Convention today declined to authorize the appointment of a special "Peace" committee to prepare a paper for presentation to the convention in 1925 setting forth the Christian teaching regarding war.

The recommendation for the committee was presented by Dr. J. J. Taylor, of Alabama, and it immediately drew a storm of protest from the floor of the convention. On the matter being put to a vote the result was so near a tie that a division was called for but before a division could be made there was a motion by Dr. B. C. Henning, of Atlanta, directing that the question take the usual course of resolutions by being referred to the resolutions committee to be reported to the convention later in the week.

Bishops to Reside Only 8 Years in Area

Springfield, Mass., May 15.—Limitation to eight years the tenure of bishops in one area residence, in this country formerly indefinite, was approved by the Methodist Episcopal General Conference here today. The change is regarded as radical and opponents of the measure said that it would decrease the effectiveness of Episcopal supervision.

Why Men Go to Hell, Subject Last Night

HAM-RAMSAY ANNOUNCEMENTS TONIGHT.

7:30 p. m. "Satan's Peace." TOMORROW.
8:15 a. m. Business Men's Prayer service at Pythian hall.
10:00 a. m. Regular morning service.
3:00 p. m. Special service for Women only. Mr. Ham will deliver a special message to the women of Greenville and it is urged that every woman in the city arrange to attend this service at all cost.

7:30 p. m. High school night. The High School and student body of the graded schools will attend the service in a body to hear a special message from the evangelist.

SUNDAY.

11:00 a. m. Special mass meeting at the tabernacle for everybody. The churches will dismiss their morning service to unite in this service.
3:00 p. m. Special Message to Men on "Heroes and Cowards—Men and Mollycoddles." Ladies will attend the service and occupy side seats, the men taking the central sections of the tabernacle.

TUESDAY

10:00 a. m. Special Message to Men only. Subject: "The Seventh Commandment."

Possibly the largest week night audience that has yet attended a service was present last night at the tabernacle to hear Evangelist Ham's earnest and convincing message on "Why Men Go To Hell." The attendance was swelled by quite a number of visitors from other cities including Dr. Zeno Wall, pastor of the First Baptist church of Goldsboro, Mayor Edgar H. Bain, Captain Ritchie and Lieut. Johnson of the Goldsboro Salvation Army and Captain Ramsay and family of Kinston Salvation Army, Mr. Loomis Goodwin of Raleigh and a delegation of several others from Goldsboro. All these visitors were presented to the audience and Dr. Wall led in the opening prayer. The musical program last night was unusually spirited and effective from the very start and was greatly enjoyed by the large audience.

Following the earnest message of the Evangelist an invitation was extended to which some fifty responded making the definite surrender of their lives to Christ. Immediately following the benediction, Mr. Ramsay called for a special meeting of the women of the audience and in a short, but earnest and spirited appeal urged the women to throw their hearts and souls into the campaign for souls. Following his appeal a large number of the women rose to their feet making a full surrender of their lives to Christ, and putting themselves on the altar for service. The service last night was possibly the most effective and inspiring of the entire series.

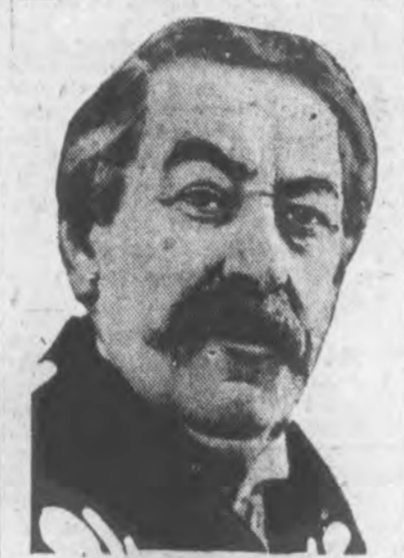

This morning Mr. Ham spoke on "The Overflowing Life," and tonight he is announced to speak on "Satan's Peace." Mr. Ramsay announces that Mesdames Cox and Gunn of Washington will favor with a special duet at tonight's service. (Continued on page 4)

Farmers of State To Picnic July 10

Raleigh, May 15.—The annual gathering of farmers at the Piedmont Branch Station farm in Iredell county will be held this year on Thursday, July 10, according to an announcement by R. W. Graeber, county agent in Iredell county. This meeting held annually on the Station farm is said to be the largest gathering of farmers in the state. It is usually held later in the season but due to the fact that the State Farmers' Convention will be held at the College of Agriculture on July 23, 24, 25, it was thought best by the officials of the Farmers' Picnic to hold their meeting so as not to conflict with the convention.

County Agent Graeber and Superintendent F. T. Meacham of the Station Farm are now planning the program and securing the speakers for the occasion. It is estimated that about 7,000 people attended this picnic last year.

Herriot or Briand May Become Premier.

Above: ARISTIDE BRIAND Below: EDOUARD HERRIOT

It is believed that M. Edouard Herriot, long-time Mayor of Lyons, and leader of the Left Bloc in the French Chamber of Deputies, or M. Aristide Briand will become the new French Premier, succeeding M. Raymond Poincare, who was decisively beaten at the recent French elections.

CHARTERS GRANTED

Raleigh, May 15.—The office of the Secretary of State has issued the following charters:

The G. L. and B. P. Mewborn Co., Snow Hill, a general retail mercantile business, with authorized capital of \$25,000 and \$5,000 subscribed by G. L. and B. P. Mewborn and Sidney Deans all of Snow Hill.

The W. R. Harrill Co., Hendersonville, a general wholesale drug business, with authorized capital of \$50,000 and \$18,000 subscribed by J. E. Jenkins, Henderson, W. R. Harrill, Forest City; and J. O. Bell, Tuxedo.

PATENT OFFICE WILL INCREASE THEIR FORCE

Washington, D. C., May 15.—The United States Civil Service Commission states that it will hold an examination on June 4 and 5 to fill 100 newly-created positions of assistant examiner in the United States Patent office.

The time required for taking this examination has been reduced from three to two days.

The entrance salary is \$1,860 a year, and increases are provided up to \$5,000 a year.

The examination includes mathematics, mechanics, physics, interpretation of mechanical drawings, and some branch of engineering. Both men and women will be admitted.

Full information and application blanks may be obtained from the United States Civil Service Commission, Washington, D. C., or the secretary of the civil-service board at the post office or custom house in any city.

The magnitude of the work of the Patent Office is indicated by the fact that 50 of the 91 Inoyne machines used in the Government Printing Office are kept constantly busy on Patent Office work.

Deeds of Transfer.

The following deeds of transfer have been recorded since the last report. Ben Stox et al to J. L. Stox, consideration \$10; John W. Patrick and wife to Cornelius Kittrell et al, consideration \$2500; Walter L. Barnhill and wife to R. L. Barnhill and wife, consideration \$2500.

ESCAPED CONVICTS EN ROUTE RALEIGH

Prison Authorities Start for Home With Two Men Fugitives

Roanoke, Va., May 15.—C. H. (Otto) Wood and J. H. Starnes escaped convicts from the North Carolina penitentiary left here today in the custody of prison officials for Raleigh. The party is making the trip in the automobiles of Warden Sam J. Busbee who left with the local police department a check for \$700 to be divided between the eleven patrolmen who participated in the capture of the fugitives.

D. H. Cline, of Durham, in whose automobile the escaped prisoners came to Roanoke, claimed his car last night and left immediately for home.

Wood is under sentence of 30 years in connection with the death of A. W. Kaplan, Greensboro pawnbroker, and Starnes was serving a five years sentence for the theft of an automobile.

COMPANIES MAKE NEW OFFER FOR MUSCLE SHOALS

Washington, May 15.—Willingness of the associated power companies to submit another Muscle Shoals proposal to purchase power produced at Muscle Shoals by the government and distribute it under the Federal Water Power Act was expressed today before the Senate Agriculture committee's hearing by E. A. Yates, general manager of the Alabama Power Company.

Yates explained that this proposition depended upon the perpetual government ownership and operation and is in effect a modification of the Norris bill which provides for the government to operate the property.

Columbia Officers Arrest Man Wanted By Raleigh Police

Columbia, S. C., May 15.—W. V. Guerard, arrested last night by Columbia officials for authorities in Raleigh, North Carolina, will not fight extradition police quoted him this morning as saying:

Guerard was taken into custody upon receipt of a telegram from Sheriff D. B. Harrison, of Wake county, which stated that he was wanted in that state for assault with intent to kill in a secret manner.

It is expected that Guerard will be placed in the custody of North Carolina officials who will arrive today.

Seals Move Northward.

Cordova, Alaska.—Seal herds have started to move north earlier this year than usual, according to captains of vessels plying the North Pacific ocean. Large bands have been noticed off Cape Blanco, Cal. The Coast Guard cutter Snohomish has received orders to patrol with the seal herds to Dixon Entrance.

ROSTER OF CONFEDERATE VETERANS IN PITT COUNTY

As on May 10 each year the lines of Grey are thinner and less in evidence here, there have been numerous requests for the names of the Confederate Veterans in our county.

In response to these requests we have, with the aid of the officers of the Bryan Grimes Camp of Confederate Veterans of this county, been successful in compiling records including the names of 38 living members and 13 who have died within the past two years.

The Roster is as follows:

Living: J. J. Laughinghouse, W. A. Hyman, Jesse W. Braxton, Ivey Corbett, R. R. Cotten, Allen Crawford, E. C. Carmon, J. R. Davenport, Chas. A. Elks, Simon Everett, J. R. Forbes, R. R. Fleming, J. J. Hathaway, E. A. Johnson, Frank Jackson, T. G. Killibrew, Gray Morgan, L. C. Moore, W. H. Moore, Frank McLawhorn, Alfred McLawhorn, Benjamin Nobles, J. R. Nelson, W. B. Paremore, Jno. T. Parker, W. H. Renfrew, W. H. Summerell, Jesse Stocks, J. A. Smith, J. F. Tyson, W. R. Turner, J. T. Tugwell, James Turnage, L. A. Worthington, Jerry Worthington, G. W. Ward, H. A. Williams, J. E. Dail.

Dead: Frank Bright, James A. Briley, Dempsey Corbett, W. J. Fleming, Isham Gray, Guilford Jackson, J. T. Smith, J. B. Whitehurst, J. T. Jenkins, J. J. Jackson, W. R. Munford, B. F. McLawhorn, Algon Whiard.

The officers of the camp are J. J. Laughinghouse, Commander; W. A. Hyman, Lieutenant Commander; R. Williams, Adjutant.

Coolidge Expected to Veto Bonus Bill

SENATOR WHEELER EXONERATED

Senator D.K. Wheeler

MAY PLEAD INSANITY TO MURDER CHARGE

Wentworth, N. C., May 15.—A special venire of 100 men from which to select a jury to try W. Austin Carter, well known man, for murder resulting from the killing of his wife at Reidsville, September 8, 1923, has been summoned to report at two o'clock this afternoon by Rockingham county officials upon order of Judge T. T. Bryson.

Carter is charged with killing his wife while she was visiting at the home of her father, L. L. Moore. The man, it is said, ran amuck with a shot gun, wounding Mr. and Mrs. John Price and other members of the family. He was captured in the yard of his home in Stokesland, Va., the day following the killing.

The visit here yesterday of Alienist Anderson, of Raleigh, and the long period in which he was closeted with Carter evidently for observation purposes, causes the belief that the defendant might make a fight to escape the chair on the plea of insanity. His attorneys are expected to seek to have him committed to the state asylum for criminally insane.

Fewer Men Teachers.

San Francisco.—Teaching as a profession for men in California is on the wane, judging from the enrollment at the state teachers' college here. The college has 633 women and two men. Members of the faculty attribute the dearth of male teachers to the increasing opportunities for profitable work that carries men outdoors.

Preparation of Message to Congress Begun By President Yesterday

Washington, May 15.—Veto by President Coolidge of the Soldiers' Bonus bill is regarded today as practically a foregone conclusion.

The president began preparation of his message to the House on the measure yesterday. No announcement of the executive's intentions was made but this action in beginning work on the message and knowledge of his opposition to any drain upon the treasury as expressed by his recent veto of the Bureau Pension Bill, were regarded as clear indications that he had decided not to sign the bonus measure which Director Lord, of the Treasury Department, is understood to have estimated would cost \$152,000,000 the first year.

HAVELOCK NEGRO CUTS WHITE MAN

New Bern, May 15.—Square Kennedy, negro of Havelock, is in jail here pending a hearing on charges of a wild rampage he is alleged to have gone on in a store in Havelock. According to the story told by deputy Sheriff James Bryan,

became enraged at the remark of a white man in the store and drew his knife. William Jackson and John Trader, both white who were innocently standing in the store at the time were cut by the negro, Kennedy it was said, was preparing to leave town when he was arrested.

Y. M. C. A. Auxiliary Continues Great Drive

New Bern, May 15.—The drive for a \$500 fund for the women's auxiliary to the Young Men's Christian Association, will be continued until completed, it was announced at headquarters here. The amount was set at \$500, it was said, as that amount was considered the smallest on which the undertaking of the auxiliary could be accomplished. At present there is only \$343.40 of the amount raised, it was stated, though the time limit set for the campaign has closed.

APPRECIATION EXPRESSED TO THOSE WHO HELPED CYCLONE SUFFERERS

The two following letters of appreciation from those in charge of the relief work in the cyclone swept area of Martin county have been received by this paper:

To the people of Pitt county:

I wish to thank each and every one who has contributed so liberally to the relief fund for the stricken people of our community. It is impossible for me to acknowledge receipt of all checks received through the mails immediately, but you will in due time receive an acknowledgment from the National Red Cross Headquarters here in Robersonville.

The Red Cross working in connection with our local citizens committee are distributing the funds, food and clothing as fast as possible to those who need it most in the stricken area. There is a complete record being made of every dollar that has been contributed to this fund in either money, food or clothing, and if you have contributed as much as \$5 you will receive a personal letter from the Red Cross Headquarters. All funds received from towns, clubs, chambers of commerce etc. will be acknowledged to the organization contributing.

The fund has now reached some over \$7,000.00 in cash, and checks continue to come, but we need more money. Remember it is not too late to help do what you can; as these people were left without homes, food or clothing, and we must provide for them. The responsibility is ours, the privilege to give is ours, what will we do? Help!

I wish to personally thank the good citizens of Pitt county, for their generosity; as most every town in your good county has contributed very liberally to this most worthy cause, and checks upon checks have been received from individuals.

Remember every dollar you send is spent for these stricken people. None of it will go into salaries for anyone working in connection with the relief work; as every member of

MONTANA SENATOR IS EXONERATED IN COMMITTEE REPORT

Committee to Investigate Burton K. Wheeler Says He Has Done No Wrong

Washington, May 15.—Senator Burton K. Wheeler, Democrat, Montana, is "wholly" exonerated in a majority report filed today in the Senate by Senator Borah, Republican, Idaho, chairman of the special committee which investigated charges that Senator Wheeler accepted a fee from Gordon Campbell, a Montana oil operator, to prosecute oil land claims before the Interior Department after his election to the Senate.

The vote in the committee was four to one. Senators Borah and McNary, Republican, Oregon, and Swanson, Virginia, and Caraway, Arkansas, Democrats, signed the majority report, but Senator Sterling, Republican, South Dakota, reserved the right to submit separate views. He expects to do this within the next few days and, meantime, said he did not assume to pass upon either the guilt or innocence of Senator Wheeler.

The charges investigated by the committee previously had been made the basis for an indictment returned against Senator Wheeler by a federal grand jury in his home state. There was no mention of that indictment in the report, nor was there reference to the activities in Montana of Blair Coan, who testified he had been sent there by Secretary Lockwood, of the Republican National Committee, and had gathered information which was used in obtaining the indictment against Wheeler.

The majority report held that the committee was authorized to inquire into the sole question of whether Senator Wheeler intended to receive or had in fact received money for prosecuting claims before a government department in violation of the statute. The majority found that he "neither received nor accepted nor agreed to receive or accept any compensation whatever, directly or indirectly, for any service rendered, or to be rendered, to any person, either by himself or another," in relation to any proceeding of the Federal government.

the relief committee is giving his time gratis.

Thanking you for your generous gifts, I am

Yours for service,

G. H. COX,

Mayor of Robersonville.

A Note of Thanks.

On behalf of the cyclone sufferers of Martin county and of the American Red Cross we extend to the people of Greenville and the adjacent community our hearty thanks for their generous contribution to our local rehabilitation fund.

The Greenville gift is merged with gifts from other towns, individual contributions from citizens of the country, contributions from churches and clubs, and from the National Red Cross. This fund is taking on larger proportions and we trust will soon be adequate to meet the great needs in the wake of the storm.

Up to this date careful investigation shows that one hundred families have been effected by the disaster. Many of these have suffered a loss of all their belongings. With the assistance of your gift the immediate needs such as food, clothing, shelter and medical aid have been supplied and the Red Cross committee is now busy in its attempts to establish the farmers on a more permanent basis, in order that there may be as little check in the farm work as possible.

We are glad to announce that by the noble generosity of our neighboring towns the suffering and inconvenience caused by the storm disaster have been reduced.

Again thanking you for your contribution, we remain,

Very sincerely,
J. H. ROBERSON, JR.,
Chairman Martin County Disaster Relief Committee.

Mr. and Mrs. R. C. Stokes and little son, of Lynchburg, are visiting at the home of Dr. and Mrs. Laughinghouse.

DR. BUTLER PREFORMS

When comes to starting something there is a Nicholas Murry Butler as well as a General Butler but fortunately Dr. Butler was not as successful in his onslaught of prohibition as was Brigadier General Butler in his campaign against violators of the prohibition laws.

At least hear is what the American Issue thinks of Dr. Butlers action:
"Dr. Nicholas Murray Butler, president of Columbia University, has again delivered a tirade against Eighteenth Amendment, the Volstead act and all the loyal citizens who are encouraging enforcement of the law.

His address, which was made before the Missouri Society, was broadcasted by radio. It also was given wide publicity by newspapers of the country and no doubt is being featured in European newspapers.

He didn't have everything his own way at this banquet, however for there were other prominent educators there who rose to the defense of the Eighteenth Amendment of the Constitution. What they said, however, didn't receive much attention in the newspapers. This fact may be regarded as a compliment to the loyal citizen of the United States.

The fact that the president of a great university would openly align himself in defense of an outlawed business and denounce loyal citizens who support the prohibition law, constitutes news from the newspapermen's standpoint. It is unusual. It's a novelty. It comes under the freak class. It is unexpected.

There is no particular sensation about a college president's declaration of loyalty to the Constitutions, but there is surprise when an educator openly espouses the cause of the outlawed brewers.

Dr. Butler could have made the first page of the newspapers of the United States had he stood on his head in the middle of the banquet table and the act would have been just as effective in bringing about the reopening of the breweries in violation of the Constitution of the United States as a tirad against prohibition, good men in general and ministers of the gospel in particular. This is true particularly because every one who knows Dr. Butler's record knows that he has always been wet and what he says against prohibition is no more effective with the people who know his record than it would be were the same words spoken by the president of the United States. The only possible danger of harm to the cause of prohibition enforcement accomplished by Dr. Butler's tirade is the effect it may have upon people who will accept it as worth while simply because it comes from the head of a great educational institution.

His abuse of the ministers of the gospel is so bitter that it will probably react against him.

His attack on prohibition enforcement has added interest at this time because of the recent positive declaration of Attorney General Stone that the prohibition law can and must be enforced. Attorney General Stone left his post as dean of the law school of the university of which Dr. Butler is president, to become attorney general. Dr. Butler says the law can't be enforced; Attorney General Stone says it must be enforced. One New York citizen aptly says it is fortunate for the reputation of Columbia University that it has its Stones as well as its Butlers, its men who are willing to undertake the enforcement of prohibition as well as those who seem to be going out of their way to increase the difficulties of enforcement.

The question arises whether it is for the best interests of Columbia University to retain as president a man who so recklessly attacks the ministers of the gospel for their prohibition attitude, and who brands law enforcement agents as hypocrites without qualification.

RADIO PROGRAM FOR TOMORROW

- (Courtesy of Radio Digest)
Program for May 15.

TODAY- Ride in this world-famous Six -the outstanding car in the \$1000 field

POWER, luxurious roominess, low upkeep and long life at low price! . . . a world-famous Six, the outstanding sensation of motordom today at \$1045. Now ride in it. Feel the thrill of its powerful six-cylinder L-head motor. Note that it embodies features found only in the most expensive cars. Consider that it is a product of a \$90,000,000 company with 72 years of fine vehicle making to its credit. Compare it with competitive cars at near its price; then with cars that sell for several hundred dollars more. Compare it for beauty, comfort, roominess, upholstery, for obvious refinements. Compare it, too, for ease of handling, flexibility, power, quietness and lack of vibration. Don't take anyone's word that this car or that car at its price is "just as good." Find out for yourself. Studebaker will place a Light-Six at your disposal for this purpose any time you name. Being the world's largest producer of quality automobiles, Studebaker is thus in a position to give the utmost for the least. Buy no car at \$500 or more without making this test. Don't buy blindfolded.

Table with 3 columns: LIGHT-SIX, SPECIAL-SIX, BIG-SIX. Lists various models and prices.

French Telephone System Will Be Greatly Extended

Paris, May--Long distance telephoning between Paris and other European capitals, which with the exception of London and Brussels, is practically non-existent, as well as the service between Paris and the great provincial cities of France, which today is just a little faster than the mails, will be greatly improved when the program now in course of realization by the French government is carried out. Trunk cables, containing between 110 and 220 wires each, are now complete between Paris and Strasbourg and Paris and Havre. Bids for similar cables, between Paris-Lyon, Paris-Lille, Paris-Marseille and Paris-London have been called for and the government intends to begin work on them before the end of the year. Americans accustomed to obtain telephone communications between New York and Chicago in about as short a time as it takes the average Parisian to call up the grocer, have little idea of the patience required to get a distant French city on the wire from Paris. Some days ago the Calais-Vintimille train dumped the tracks near Lyons. Several passengers were killed and wounded. As soon as the new reached Paris, a correspondent put in a call for the Lyons hospital to which some injured American women had been taken. "The ladies have left for Monte Carlo," he was informed when he finally got the call through. They had remained at the hospital 12 hours.

Mr. Ed. Matthews, of Washington, was here yesterday on business.

Mrs. Dail Laughinghouse and Miss Ada James left this morning for a visit in Shelby.

Miss Mamie James Fennell, of Wilmington, who has been visiting relatives here left this morning for a visit in Washington.

Mr. Dail Laughinghouse went to Tarboro on business this morning.

Mrs. Paul E. Jones, of Farmville, was here yesterday.

Mr. Charles Vines, of Wilson, was here today.

Mr. and Mrs. Victor M. Davis, left today for Memphis, Tenn., to attend the funeral of Mrs. Davis' mother, Mrs. William A. Briggs, who died last night in Raleigh, Tenn.

MODEL SCHOOL PARENT TEACHERS MEETING

The Model School Parent Teachers Association, held the last meeting of the year on last Wednesday afternoon with a large attendance.

The Fourth grade gave a very interesting and instructive little play, the children dressed as frogs gave their school work in a manner which showed work can be made as interesting as play.

The Sixth grade sang some songs and the boys taking orchestra work, under the direction of Mr. Roberson, gave some good music well rendered.

The Fifth grade gave a very interesting and instructive play "Good English," "Uncle Sam" and his helpers were there and succeeded in reforming "Poor English," the Fourth grade won the first attendance prize, and the Fifth grade the second prize.

Mr. Rose asked those who wished children to begin first grade work this summer to consult him. He also outlined plans for summer and fall work.

POLICE FORCE HAS NEW UNIFORMS

The members of the local police force have been equipped with new uniforms and are today feeling very much "dressed up." The uniforms were furnished through Batchelor Brothers.

Marriage Licenses

Marriage licenses issued since last report: C. E. Garrett of Roxboro, to Miss Annie Bet Smith, Greenville; Elder Foreman to Lena Edwards, both of Greenville; John Outterbridge to Olivia Northern both of Greenville.

LOCAL COMMANDERY GOES TO RALEIGH

The members of Bethlehem Commandery Knights Templar have gone to Raleigh where tonight they will be in charge of degree work at the meeting of the Grand Commandery of North Carolina. The invitation to confer degree work before the grand body is indeed an honor and no doubt Greenville will be proud of

the showing made by her organization.

Jack London's Story of Buck is Filmed at Last

Buck, a giant Saint Bernard purchased by Hal Roach when it was a puppy and raised for the part, is featured in "The Call of the Wild," a picturization of Jack London's famous novel. All the torments and hardships endured by the hero of London's story were lived over again by Roach's dog.

"The Call of the Wild" is the story which established London as one of the greatest descriptive writers of the day. It was and is his best seller. And "The Call of the Wild" will establish Buck as a star and Hal Roach as a producer of features, he having heretofore confined his production efforts entirely to comedies.

Mr. Roach was induced into the feature production held because he had the dog and facilities at his splendid studio for producing the story which other producers had shunned because of the many difficulties it presented for filming.

In the cast of the picture are Jack Mulhall, Walter Long, Laura Roessing, Frank Butler and Sydney D'Albrook. Harley M. Walker, who was a personal friend of Jack London's, wrote the titles. Fred Jackman wrote the scenario and directed. It will be at White's theatre today.

MARKETS.

Liverpool spot cotton: Middling 1861; good middling 1766; sales 6,000 of which 3,400 were American; receipts 1,040 bales, of which 500 were American.

The market closed steady: May 1762; July 1692 and October 1473.

Weather in Cotton Region.
Temperatures about unchanged. Light rains reported Chattanooga; Atlanta; Vicksburg, Galveston, Raleigh, San Antonio Districts.

Forecast: Eastern belt part cloudy; Central belt mostly fair; Western belt part cloudy unsettled, slightly cooler western belt with frost predicted for Oklahoma and Texas Panhandle.

Weimar, Texas wires heavy rains, too cold. Unless have dry, warm weather, may become serious.

Austin, Texas, nights continue entirely too cool this section. Cotton standing still. Some complaints of lice.

Waco, Texas, rains considered unfavorable, delaying planting; too cold; warm, dry, weather essential.

Temperatures continue mostly below normal with minimum 44 to 64 degrees. Mostly light to moderate showers have fallen in the cotton region except for little or no rain in the northwestern districts and heavy rains of 1 to 2.20 inches in southeastern Texas.

Waco steady 50 up middling 3085.

New Orleans, La., May 15—Except for the continuance of low temperatures in the cotton region, and light to moderate showers in nearly all sections of the belt, with some heavy rains in Southeastern Texas, which sustained market, the session was featureless, until afternoon, when it judged on bad crop reports. Generally fair weather is indicated for the major portion of the belt, except probably showers on the Tex-

as coast and on the Carolina coast and in Florida, but frost is predicted tonight for Northern Oklahoma and the Texas Panhandle.

While planting is reported as making progress in the interior, much replanting remains to be done, especially in Oklahoma and the continuance of low temperatures is preventing satisfactory germination of the late planted and hindering the growth of young cotton.

The cool weather has tendency also to increase the number and activity of insects and their presence are likely to be complained of as long as the weather remains cool, as it will require the return of hot dry weather to run them to cover. The coming of generally fair

weather over the major portion of the belt will probably be of short duration for just as soon as temperature rise, again rains are likely to set in again. The last half of May is usually the wettest part of the month, often being noted for torrential rains.

Government crop condition report will be issued June 2nd at 10 a. m. The government Bureau crop condition for May 25th, last year was 71; year before last 69.6 in 1921 it was 66 and the ten year average was 72.8.

Meanwhile exports from the United States continue free, since Friday 60,000 against 22,000.

HAM-RAMSAY

Continued from page 1)
The scriptural text of the sermon of Mr. Ham last night was John 5:40, "And ye will not come to me that ye might have life." The minister pointed out in clear terms just what such wanton negligence meant to Christ and how the Savior regarded such actions. "For the facts are as Jesus stated them at various times that a large majority of the people that have lived are going to eternal damnation rather than to eternal salvation. It is terrible to think that to many of the people in this very audience will never reap the reward of a Christ-filled life, and that even before tomorrow dawns, they may be in Hell looking up toward Heaven and crying for a drop of water to cool their parched tongue. "God did not make Hell for man. He made it for the Devil and his angels. Men go there as imposters and trespassers, in regions in which they do not belong. If Hell was not made for man why do men go there? It is certainly not because there is not salvation for them because God's salvation is open to every man who will repent and turn to Him. Jesus' death on the cross brought salvation to all men as a free gift from God.

"Salvation is not merely for believers, as a class, for it is particularly intended to draw men to Christ that is, those men who now do not profess Christ. And man will not find himself in Hell because of Adam's sin. It is true that because Adam sinned, all men are capable of sin, but those who go to Hell will not go there because they themselves have sinned since they came to this earth. Sin has prevailed on the earth for a long time, and it prevailed for a long time before it became a transgression. Death has prevailed too, and is evidence of sin itself. Jesus Christ paid the death penalty that made man possible to salvation and salvation possible to man. You may wonder why it is then that God saves a child that is not of accountable age. That is simply the child has never sinned with in itself and the Lord forgives it of Adam's sin.

"There is no doubt in the fact that man's own sin is responsible for his own destruction. Man is not to be held responsible for heritage or parentage, for there are some cases in which the parents of men have to a large extent influenced the lives of their children spiritually. And at the same time the sins of the parents are not to prevent any man from being saved although it is true the sins of the parents will be visited upon the children even unto the third or the fourth generation.

"And it is not sins that send men to Hell, it is the refusal of men to repent of these sins. Heaven is full of men who have sinned but these same sinners have been regenerated and have gotten right with the Lord. At the same time men cannot give an excuse for getting into Hell that there were so many hypocrites in the world, for often it is the case that these men are so critical that they have developed the inability to see any men other than in the light of a hypocrite. Their vision is impaired.

"Man may say that, he did not know what to do to be saved but that will be a falsehood on the face of it, for the Lord has made it plainly simple in His word that if men turn to Him they shall be saved, and the man that makes excuses of this type is merely endeavoring to find a loophole whereby he may avoid the real issue of life and not give his energy in service to the Lord."

The last part of the evangelist's sermon was replete with incidents in his own experiences in which he had seen remarkable conversions and heard remarkable testimonies of the power of Christ to save men. He said that he had experienced such expressions to some extent in this campaign but not as much as in some others which he has held.

Fire Will Wipe Out Relics of the Boom Days in Montana

Great Falls, Mont.—Half a dozen mansions of 40 years ago, paneled still with the chipped and marred remnants of expensive woods, with bits of stained glass adhering to the windows and the lines of old landscape gardening merging into the surrounding prairie two miles from this city, are to be burned by order of the state fire marshal.

These decaying relics of finance and romance of the early days in Montana will be destroyed at the same time that the stack of the old silver smelter which was the excuse for their existence is dynamited.

Since 1893, when silver ore from Canada, northern Idaho and the long worked out silver mines of Montana ceased to flow to the prairie smelter, the mansions have been deserted.

The old three-story brick buildings in exterior and interior the equal of the most elegant clubs of the Atlantic seaboard in those days, were erected

MEN WHO FIGURE IN NEWS OF THE DAY.

Above: LIEUT. LOWELL H. SMITH & OSCAR UNDERWOOD. Below: MARQUIS DE CHAMBRUN & "BILLY" SUNDAY.

An honorary American citizen has been made a member of the French Chamber of Deputies. He is Marquis de Chambrun, French war hero, elected from the Department of Lozere. The Marquis is a direct descendant of Marquis de LaFayette, all of whose descendants have been made "honorary American citizens" by special act of Congress. U. S. Senator Oscar W. Underwood, of Alabama, candidate for the Democratic nomination for the Presidency, will seek to force through the Democratic National Convention in New York a plank opposing secret political organizations, aimed at the Ku Klux Klan. "Billy" Sunday, famous evangelist, is suffering from ptomaine poisoning in Memphis, Tenn. Lieutenant Lowell H. Smith, senior of the U. S. Air Service officers left with the "round-the-world fliers, will command the flight of Major Frederick L. Martin, with a new "ship," can reach them, somewhere in the Balkans.

by the promoters of Montana's first smelter. In them were entertained capitalists of New York and Boston, brought to the west over the newly built railroads. On the polished floors of their ball rooms danced officers from Fort Assiniboine and other frontier army posts which now are nothing but names.

PACIFIC COAST OBSERVER REPORTS SCARCITY THUNDER STORMS

San Francisco.—A strip of the Pacific coast between British Columbia and Lower California, taking in the cities of Seattle, Tacoma, Portland, San Francisco, Los Angeles and San Diego, has fewer thunder storms than any other section of the United States, according to officials of the Weather Bureau.

E. A. Beals, United States meteorologist here, pointed out that the reason for this, roughly speaking, is that the rains along the coast come mostly in winter, when atmospheric conditions are less favorable for the generation of electricity. The thunder storms of the interior states and along the Atlantic coast happen largely in spring and summer, he explained, when there are warm rains.

TOBACCO FLUES

I am now engaged in manufacturing tobacco flues for the coming season. Our flues are of the best material and properly made. Prices always right.

A. H. CRITCHER At Centre Brick Warehouse

When the sun rises and the cock crows, everybody starts life afresh. Human beings eat, wear out shoes, play, make love, work and spend money. The wiser people save some money.

These things happen each day. There's plenty to do for everybody and each man will get out of the day, the week, the month and the year, exactly what he puts into it.

It's up to you. You can save if you want to. You can be fixed ten years from now or you can be foolish and broke.

This is sure: If you invest your savings here, they will be notably safe because we are organized under a secure, time-tested plan and are subject to State supervision and inspection.

Since we operate on a non-profit basis your money earns more here.

Both Serial and Paid-Up Shares are on sale at all times.

THE HOME BLDG. & LOAN ASSOCIATION

Phone 49 405 Evans St.

representatives of the public on the board, and a general discussion of wage and working conditions as they now affect the switchmen on the railroads of the country, are some of the matters to be touched upon by the delegates to the triennial convention of the Switchmen's Union of North America here this week.

No formal program for the convention has been prepared and none will be, according to W. J. Trust, vice-president, who is in Denver assisting in the completion of the arrangements for the entertainment of the 3,000 delegates expected to attend.

TO THE PUBLIC

I have purchased the City Tailoring Co., originally known as the Adams Tailoring Co., and will appreciate your business. We shall try to give the very best service possible.

Pee Gee MASTIC PAINT

Paint Stops Decay Reduces Repair Bills

It is a pretty well known fact that paint is a preservative. What science has preached, experience has confirmed. Paint used at regular intervals, is a relentless foe of decay, which, if unopposed, is certain. It lessens the upkeep of your property and reduces repairs to a minimum.

Pee Gee Mastic Paint has been on the firing line over half a century protecting homes, barns, and outbuildings. Its great covering capacity and long years of service have become a proverb—"Wear like Mastic." You hear it whenever good paint is talked of. Retains its luster long after ordinary paints have "gone dead."

Other Pee Gee Products

- Pee Gee Barn Paint
- Pee Gee Shingle Stain
- Pee Gee Invincible Spar Varnish
- Pee Gee Silo Paint
- Pee Gee Screen Enamel
