JAPAN VOICES PROTEST EXCLUSION ACT**LaFollette to Seek Presidency On Independent Ticket****Formal Protest To Immigration Bill Is Cabled Washington****Deep Regret Expressed by Japanese Foreign Office; Newspapermen Urged to Use Moderation and to Restrain Their Comments**

Tokio, May 28.—Deep regret that the United States has enacted the immigration bill including a clause barring Japanese was voiced in the official statement issued late today by the Foreign Office.

Tokio, May 28.—Foreign Minister Matsui today asked and obtained consent of the Prince Regent to forward to the United States the Japanese protest against American enactment of the immigration bill barring Japanese. The proceeding was extraordinary and interest in it indicates unusual importance attached to the document.

The Foreign Minister went to the Imperial Palace immediately after the extraordinary Cabinet session, called yesterday to give final approval to the protest, had ended. The Prince Regent sanctioned the protest.

The protest was placed upon the cable and transmitted to Ambassador Hanihara, at Washington, shortly after the Foreign Minister left the Imperial Palace. The Ambassador will deliver it to Secretary of State Hughes.

The Foreign Office announced that it would issue a statement at 5:30 p. m.

Foreign Minister Matsui, after the protest had been dispatched, received Japanese newspaper men and urged them to exercise moderation and restraint in their accounts and comments regarding the exclusion matter.

Make Arrangements For Travelers Not to Be Inconvenienced

Raleigh, May 28.—Officials of the State Highway Department have made arrangements so that no one will be inconvenienced in securing lodging at the various points at which the more important parts of the North Carolina Road Building and Maintenance show will be staged, it has been announced at the office of the commission. Arrangements have been made in Greensboro, where the greater part of the demonstrations and features of the show as well as the exhibits will be held at the Fair Grounds, for the accommodation of 600 persons at the North Carolina College for Women, it was explained. New beds and repair work that was found necessary has been done and every convenience has been supplied for the comfort of those who will occupy the dormitories.

Hotels all along the route of the trip have already reported that they have been reserved for the entire time during the show and the officials took this step, it was said, in order to insure the comfort of all who desired to attend the show and exhibits.

Everything is reported now in readiness, except for a few minor details which will be completed within the next few days, it was said.

CONVENTION "KEYNOTERS" SHAKE HANDS

This is an unusual photograph to be taken on the eve of national conventions of the two major political parties. Representative Theodore E. Burton, of Ohio, who will be temporary chairman and deliver the keynote address before the Republican National Convention in Cleveland, O., is shown shaking hands with U. S. Senator Pat Harrison, of Mississippi, who will occupy an exactly similar position in the Democratic National Convention in New York City.

Health Department To Conduct Tonsil Adenoid Clinics

All parents who have children needing operation and who are unable to pay can arrange to have this done by applying in person to the Health Department.

We are going to arrange a temporary hospital at the High School building. Every child will be re-examined by a physician as to his general health and by a throat specialist before operation. The anesthetic will be given and the operation performed by the local specialists and doctors. To those unable to pay full price, the charge will be \$15 for the complete operation. Those unable to pay anything will be looked out for. Make your arrangements with the Health Department. We propose to hold the first clinic of June 10th.

Annual Encampment of 120th Infantry In Morehead City

Durham, May 28.—Machine Gun Company D, 120th Infantry led the entire National Guard of North Carolina during the month of April in attendance with a percentage of 85, according to Captain Luther H. Barbour, commander of the company. Added to this record the receipt of new equipment has greatly increased the interest taken in the organization by outsiders, it was stated.

The annual encampment will be held at Morehead City and the company in working to duplicate its record of last year when it took first honors in the machine gun contest, the captain said.

RUM RUNNERS WRECKING TRANS ATLANTIC CABLES

New York, May 28.—Rum fleets anchored off Jersey and Long Island coasts are playing havoc with the submarine cables to such an extent that two of the Trans-Atlantic cable companies are said to have protested to the Treasury Department at Washington. Another company is contemplating similar action was said.

Steps Inaugurated to Frame Compromise Farm Relief Measure

Washington, May 28.—Steps were inaugurated today to bring forth some compromise farm relief measure to be passed before adjournment of Congress.

MARX WILL FORM NEW GOVERNMENT

Berlin, May 28.—Chancellor Marx today accepted the president's commission to form a new government.

DAILY PRACTICE WITH RIFLE PROPOSED FOR THE RUSSIAN MEN

Riga.—A proposal to provide every member of the proletariat and every peasant citizen, especially the young men, with facilities for daily practice in rifle and machine gun shooting and experimental chemical warfare is being considered by the army leaders, the Bolshevik organ Izvestia states. The exercises will be made interesting by means of lectures and moving pictures, and awards will be made to those showing aptitude.

RESOLUTION WOULD PROHIBIT GIBBONS CARPENTIER FIGHT

Grand Rapids, Mich., May 28.—The governor of Indiana will be urged to use the full authority of his office to prevent the Gibbons-Carpentier 'boxing' match scheduled to be held in Michigan City, Indiana next Saturday night, under a resolution unanimously adopted by today's session of the 136th Presbyterian General Assembly which is in session here.

COMMITTEE ORDERS INVESTIGATION OF LIQUOR SITUATION**House Alcoholic Traffic Committee Orders Sweeping Investigation in First Meeting in Five Years**

Washington, May 28.—A brand new Congressional investigation directed at prohibition enforcement was determined upon today by the House Alcoholic Liquor Traffic committee which had not previously held a meeting in five years.

Acting under its general authority the committee designated a sub-committee with instructions to go into all phases of the liquor law situation including rum smuggling and charges of abuse of the permit system.

Bill Before Congress Expected to be Passed Before Cong. Adjourns

Raleigh, May 28.—Reserve officers of North Carolina who attend camp this summer will in all probability have the opportunity of serving under the new regulations of the Army as now proposed in a bill before Congress, according to information received at the office of Major Pascual Lopez, executive officer of the 321st Reserve Infantry. Major Lopez stated that those interested in the passage bill had been informed by Chairman Wadsworth of the Senate committee, that the bill would be passed by Congress in its present form and signed by the president. It is thought, he said, that the bill will be passed before Congress adjourns in June.

"For some time young reserve officers of this state have been complaining because of the compulsory rule that officers hold the same rank three years, before being promoted to the next highest grade," said Maj. Lopez, "Under the proposed change in regulations, this will be abolished and officers may be promoted whenever there is an opening, upon presentation of qualifying certificate which he must have gained before hand by certain prescribed examinations and tests. This certificate of qualification is a new feature to the regulation and I feel sure that the many young officers of North Carolina will be pleased to learn that promotion will not be held up by a time requirement."

Explanation was made that the new regulations appealed to the officers of the North Carolina National Guard as well as to the United States Reserve officers. These provide for the "single commission" idea, it was said, that is the National Guard officers will be entitled to hold reserve commissions as long as they are recognized Federally.

SENATOR'S LETTER IS REGARDED AS NOTICE OF HIS CANDIDACY**CHICAGO BANKER APPOINTED ASS'T. SEC'Y TREASURY**

Washington, May 28.—Charles S. Dewey, vice-president of the Northern Trust Company, of Chicago, was appointed by President Coolidge today as Assistant Secretary of Treasury.

FREIGHTER, TANKER COLLIDE AT SEA**Reports From Coast Guard Headquarters State Vessels Are Proceeding to Hampton Roads**

Norfolk, Va., May 28.—The Coast Guard cutter Manning was dispatched to the assistance of the British Steamship Manchurian Prince upon receipt of distress calls today stating that it collided at sea last night with the American tanker Hoxbar.

The Manchurian Prince and the Hoxbar are slowly proceeding toward Hampton Roads. The Hoxbar, the Coast Guard office understands, is the less seriously damaged and is being assisted by the steamer Carabelle which picked up the distress calls of the two vessels shortly after the crash.

The Manchurian Prince, the message to Coast Guard headquarters said, had its bow stove in and the Hoxbar received damage to its fore-peak and foreholds.

No details of the cause of the accident which occurred 80 miles southeast of Cape Henry were contained in the message.

Baltimore, May 28.—Reports have been current in maritime circles here today that the oil laden tanker Hoxbar and a freight steamer Manchurian Prince collided last night off Cape Hatteras and that the tanker Carabelle was proceeding to their assistance in response to wireless calls for help.

GIANT REDWOOD FORESTS SAVED BY LAND DONATIONS

San Francisco.—Redwood trees with a value of approximately \$1,000,000 have been saved for all time in central and northern California through the efforts of the Save-the-Redwoods League, it was announced here recently by Dr. William F. Bade, counsellor for the organization.

The league was organized less than four years ago. Its membership is made up of free lovers who are fighting to save the giant trees for posterity. Individuals and lumber companies have donated lands valued at \$500,000 to the movement. The state, Humboldt county and citizens have contributed \$475,000 in money to the movement for purchasing other lands.

LaFollette In Letter Declares Communists Trying to Dominate Farmer-Labor Convention to Further Their Own Interest; Says He Will Devote His Life in An Effort to Reclaim the Control of Government for the American People

Senator F. M. LaFollette

Washington, May 28.—Senator LaFollette today virtually announced that he would run for president on the Independent ticket unless the Democratic and Republican conventions demonstrated to the people whether either of the parties can and will purge itself of the evil influences that have long dominated them.

"If this is not done," he wrote to Attorney General Ekers, of Wisconsin, "the long suffering righteously independent people will find in the coming campaign effective means, independent of both these old parties, to take back control of the government and make it truly representative." At the same time he openly denounced the Communists and openly charged that they were seeking to take control of the Farm-Labor Progressive convention called to meet in St. Paul June 17.

"In my judgment," he wrote, "the convention will not command the support of farmer workers or other progressives because those who have had charge of the arrangements for this convention have committed the fatal error of making communism an integral part of the organization. The Communists admittedly entered this political movement not for the purpose of curing by means of the ballot the evils which are afflicting the American people but only to divide and confuse the progressives and make chaos in the ranks. Their real purpose is the establishment by revolutionary action a dictatorship proletariat which is absolutely repugnant to American ideals and all American aspirations.

In his letter Senator LaFollette quoted an official statement of the central executive committee of Workers Party of America and a cablegram from Communists International in Moscow respecting plans for the St. Paul convention which he declared show clearly that they are seeking to use the Farmer-Labor party in Minnesota and other progressive organizations that have lent their names to this convention as a means of advancing their own end.

"I have devoted many years of my life in an effort to solve the problems confronting the American people by the ballot and not by force," wrote the Wisconsin Senator. "I believe that the people through the ballot can completely control their government in every branch and compel it to serve them effectively. I have fought steadfastly to achieve this end and I shall not abandon this fight as long as I live. I believe that all progressives will refuse to participate in any movement which makes accord with any Communist organization."

Senator LaFollette's letter closed with a declaration with respect to the Republican and Democratic conventions which is acknowledged by his close friends as announcement of his candidacy should action on the platform of the two major parties fail to accomplish the changes he regards as necessary.

A prominent professional and business man, who lives within a rifle shot distance of three adjoining counties, stated to a Greenville citizen recently that the town of Greenville within the next five to ten years ought to become one of the largest and best all round towns in eastern North Carolina...

He regarded the tobacco market of Greenville, although not the largest in the state, as the best farmers' market for bright tobacco and with co-operation among the tobacco warehousemen, tobacco buyers and the business men of Greenville, it could be made the largest in the center of the best bright tobacco section market.

The recent Bond issue of \$200,000.00 for additions to its present equipment for local schools and the appropriation by the State of a million dollars for the enlargement of the Teachers College with the promise and prospects of another million for equipment, made Greenville an educational center unequalled by any town or city East of Raleigh.

He observed the conduct, attitude and spiritual growth of Greenville, during the Ham-Ramsay meeting and what it had accomplished and meant to the citizenship of Greenville and the County, was the full assurance to all Christian people who desired church influence that Greenville could not be surpassed.

He says that he had recently examined the financial condition of Pitt County and found that while a large expenditure of money has been made for permanent roads in Pitt County a million and half dollars came from the State and Federal Government, which meant more than that amount in actual property values, to the County, and that he found a reserve of nearly \$200,000.00 had been set aside by the board of Commissioners and on interest to take care of the Bonds now outstanding for the Teachers College, township road and County road bonds when they fall due and that a sufficient sum has already been put on interest to take care of and pay off the \$50,000.00 bond issue for the Teachers College.

He believed that the tax is low for a County that has undertaken so many great improvements, but there might be an equalization and revaluation of land values for tax purposes as a matter of satisfaction and justice to all the people. The spirit of citizenship of Pitt County, in its willingness to pay a large tax in progressive movements, was unsurpassed anywhere.

NOT LESS THAN A MIRACLE

The story told by Lieut. Lowell H. Smith, the present commander of the American around-the-world flight, impresses the fact that three planes which negotiated the trip around the Aleutian Islands and into Japan performed a feat little short of the impossible. Flying in fog, snow and rain, buffeted by the Arctic winds, yet meeting with no insuperable obstacle to their further progress, the outcome is not less than a miracle.

That the planes were able to withstand the buffeting to which they were subjected is evidence of the stability of their construction and proof that great dependability has been gained in such craft. It is evident that tremendous progress has been made in staunchness compared with the fragile character of the earlier planes. Yet there must have been a high class of airmanship—if such word coinage is permissible—on the part of the men, for every moment must have presented problems of flight which had to be decided on the instant. There would be no time for consultation on the course to be pursued, it had to be done at once.

The element of good fortune must also be reckoned. They flew through fog but did not hit any mountains. Major Martin did. The three may not have been more capable fliers than their unlucky first leader. They had many troubles but they triumphed over them. They were attended by a more kindly destiny. May it continue until the planes finally alight at Santa Monica.

Taxation without representation riled the colonists but then they didn't foresee what taxation with representation would finally become.

The Spaniards are better informed about "fillum" stars than the Danes, and the King and Queen will shake hands with Mary and Doug.

It must be a strain on the college girl when she begins her dutiful effort not to feel superior to her husband who dropped out at the eighth grade.

I am a Candidate For Sheriff of Pitt County

In offering myself to the voters as a candidate for Sheriff, I realize the fact that I am a comparatively young man, and not so well known throughout the county as the other candidates. I have permission and am pleased to refer to the gentlemen whose names appear below as to my moral character and fitness for the office. The office of Sheriff at this particular time is a highly important one. The law gives the Sheriff an exceptional power to enforce the law, and, if conscientiously and diligently employed, the Sheriff can put down much of lawlessness and prevent crime. If elected, I shall faithfully discharge the duties to the best of my ability with all the power vested in me. Any officer or member of faculty of E. C. T. C., M. O. BLOUNT, J. H. BLOUNT, R. L. BETTER AND CLEANER ICEMEN IS GOAL OF DEALER'S ASSOCIATION

Chicago.—The making of an efficient salesman as well as an example of service out of the ice man is the task to which members of the National Association of Ice Industries are now directing their attention. Company schools for drivers have been established and courses include lectures on modern business methods. Cleanliness, punctuality and courtesy are other virtues taught.
 "Members of the association, pledged to purity of ice and good service, are anxious to render greater public service," said an announcement. "We realize that such ends are possible only through the co-operation of the great army of drivers who make up a large part of the 175,000 persons now employed in the manufacture and distribution of ice.
 "Progress is shown in service now rendered, which contrasts sharply with that of the old days when the ice man with a pail of water doused the ice and then threw it on the walk in front of the house. We want the ice man of today to render a home service of genuine efficiency.

ROUND TABLE CLUB ENTERTAINED AT COUNTRY CLUB ON TUESDAY

The members of the Round Table Club enjoyed a most delightful meeting at the Country Club on Tuesday afternoon.

The reception room was appropriately decorated for the occasion with spring flowers. Upon arrival the guests were served punch by the hostesses and Mrs. E. W. Griffin.

After a most interesting business session in which many matters of vital importance were disposed of the program for the afternoon was rendered.

The topic, "Watchers of the Sky," by Alfred Noyes was presented with the reading of the "Life and Work of Galileo," by Mrs. Luther Herring and a paper, "Noyes' Idea of the Harmony Between Scientific Discovery and Religious Belief," by Mrs. E. B. Higgs. Both papers were splendid and enjoyed by the large number of members and guests present.

A letter was read from the Club's Adopted Soldier at Oteen expressing his appreciation for the Easter cake and the subscription to the "Field and Stream" magazine.

Mrs. R. L. Smith in her usual attractive manner gave a report on the State Federation meeting which was recently held in Raleigh. Her report contained much valuable information and showed the wonderful work which the club women are accomplishing throughout the state. Mrs. Austin also spoke interestingly on the meeting telling about the reception at the Governor's mansion.

The subject for next year will be "Biographies."

The club was delighted to have as guests, Mesdames J. C. Wooters, R. G. Fitzgerald, Charles Schuff and Miss May McCurry. Miss McCurry, a former teacher in the Greenville Graded Schools, is the guest of Mrs. Luther Herring.

After the program the hostesses served tempting refreshments which consisted of Pineapple salad, Pimento sandwiches and iced tea.

DON'T FAIL TO ATTEND PRAYER SERVICES TONIGHT

Prayer services will be held in the different churches of Greenville, this evening. At the services the doors of each church will be opened and those who desire to do so will be given an opportunity to unite with the church of their choice.

If ever a people have had the right to be thankful it is the citizens of Greenville and Pitt county. The harvest has indeed been great and now there should be a rejoicing. God has certainly been with us and will continue to be with us if we live right.

It is the duty of every christian man and woman to attend prayer services. They are inspirational and keeps the Christian in touch with the better things of life.

Don't fail to attend your prayer services tonight. Testimonies will be given, some churches will have baptismal services, and a great time is expected.

Methodist Prayer Meeting. At 8 o'clock tonight the pastor

wishes all members of the church who can, to attend. The names of 75 applicants for membership will be read. Opportunity will be given all others to apply who wish to do so.

FLOWERS DECORATE GRAVES EX-SERVICE MEN REQUESTED BY AMERICAN LEGION

The Pitt County Post of the American Legion will on Friday morning send a committee to each of the graves of the ex-service men that have been located and decorate them. In order that they might have a sufficient amount of flowers the public is requested to send any flowers that they might have that they will give for this purpose to Mrs. C. O'H. Laughinghouse's residence on Fifth street. Please get these flowers to the house either Thursday evening or by 9 o'clock Friday morning as some of the committees have a long ways to go. These flowers will be arranged by the Ladies of the Auxiliary and will be placed on the graves of all ex-service men that can be located.

It is requested that a large amount of flowers be given for this cause as we have about 15 graves to decorate.

BAILEY PLEADS FOR REDUCED LAND TAXES LOWER FREIGHT RATES AND SECRET BALLOT

JUNE 7TH IS THE TIME TO DECIDE THESE GREAT QUESTIONS OF PUBLIC POLICY.

TOO LATE AFTER JUNE 7TH

Mr. Bailey Asks the Voters to Make Their Approval of Causes Represented by Him Overwhelmingly Emphatic by Getting Every Democrat to Vote in the Primary, Saturday, June 7th.

To the Democratic Voters of North Carolina.

This is a campaign of issues. The Primary June 7th will settle certain questions of public policy—questions of real importance.

1. The first of these is the question of taxes.

Land taxes have been steadily rising in this State for ten years. The increase amounts to thirty per cent a year every year for eleven years. And under the present system there is certainty that they will continue to rise. I hold that land is bearing more than its just share of the burden of taxes, and that we must change the system as to shift the burden. My opponent frankly defends the present system.

I am opposed to any taxes on land, or property, for State purposes.

I hold that when the State exempted from taxation more than \$10,000,000 worth of stocks in foreign corporations it did a great wrong. On this subject my opponent says nothing. THIS ONE ACT ADDED MORE THAN A MILLION AND A HALF OF DOLLARS TO TAXES ON LANDS. It took that much from the taxes of the wealthy and put it on property—mainly land.

The election June 7th will determine whether or not land taxes will continue to increase.

2. The second big question before us is the question of political control.

So long as we have machine control, we will have control by and for specially favored interests.

The people can manage the Democratic party, and they can take care of it.

All the progress that ever was made was made in spite of the ruling powers.

Machines operate in politics by means of money; and they pay the money back at the public expense.

Machines are maintained for the benefit of a few. They give the people only what they dare not refuse.

We must put an end to this sort of thing or the people will lose confidence in the Democratic Party. Officers holders have no right to dictate to voters of the State by secretly nominating candidates for office for two, three and four terms in advance.

I am in favor of the Australian Ballot and of court review of election returns. The Australian Ballot will give the voters secrecy in voting and will make the purchase of votes difficult and will tend to put an end to the power of money in politics.

My opponent is defending our present election primary laws.

This question also will be settled June 7th.

3. The third big question before us is the question of freight-rates.

I propose to resist to the fullest extent the discriminations against North Carolina in favor of Virginia, and also to resist the proposed increase of freight-rates. I hold, that since the ATLANTIC COAST LINE is now making more than twenty per cent on its capital, and the SOUTHERN RAILWAY is paying dividends at the rate of five per cent a year on \$120,000,000 of watered common stock, there is no necessity for increasing freight rates; and I remind all our people that increased freight charges will increase the cost of living. My opponent is silent on the question of lower freight rates.

It is the Primary, June 7th, vote that will decide all of these issues. Vote early and then stand by and see the votes counted and certified.

JOSIAH W. BAILEY, Raleigh, May 24, 1924.

A LAST WORD TO THE VOTERS. This is your fight. If you want lower taxes on land and small homes; lower freight rates, and the secret ballot, Saturday, June 7th, is the day to get them.

We are depending on you. We have no money to pay hired workers, and would not employ them if we had. It is your fight. Go to the polls Saturday, June 7th, and see that your friends go also.

Remember, if you get relief any time within the next four years, you will get it in the Primary June 7th. Make it overwhelming for Josiah W. Bailey, the people's candidate for nomination for Governor.

HIGH INTEREST AND SMALL CREDITS HIT GERMAN BUSINESS

Berlin.—Interest rates in Germany under the present uncertain financial condition vary from 2 to 3 per cent monthly. Furthermore, the amount of credit available for manufacturers and agriculturists is greatly limited by the restricted circulation of rentenmarks, which must be kept low to prevent the rentenmark from collapsing as did the paper mark.

So all in all the German manufacturer, farmer or merchant who is in need of a loan to carry on his operations, finds himself in great difficulty.

Few manufacturers can purchase raw materials, make them up, market and collect on the product in less than two months. Money borrowed for such an operation adds tremendously to the cost. Merchants everywhere are marking up their stocks and making the public bear the burden, even on stocks obtained before the rentenmark was placed on a solid basis.

The shoe industry in Germany is especially handicapped by the high interest rates. During the period when the paper mark was making its spectacular fall, dealers stocked up with shoes at very low prices. Warehouses were filled with them and the markets were glutted. Consequently the manufacturers had to shut down. Now there is a demand for reasonable shoes of late style to freshen up the accumulated stocks of shoe dealers, but money is so dear that manufacturers cannot finance their operations.

Interest rates, high taxes and uncertainty of the financial situation are advanced by merchants as the reasons for the extremely high prices asked for almost all manufactured articles in Germany. Dr. Schacht, president of the Reichsbank and directors of currency, fully realize the great handicap imposed on industries by the strict limitation of credits. But he says the rentenmark cannot be kept stable if credits are not carefully restricted, and he believes the republic as a whole will do better with stable money and restricted credits than it would with a falling currency.

Fine Western Picture At White's Thursday

In "The Heritage of the Desert," we have another slashing Western story by the most popular writer in America today.

Zane Grey never penned a more thrilling tale than this story of the Utah desert. It is packed full of all that which makes a good Western: rides, fights, a romantic love story, a sense of the lighness of the outdoors. In type, it is close to the story of "To the Last Man." There is the same sense of inevitable conflict which must be fought and settled somehow. There is a similar, formidable gang of outlaws with the odds all in their favor. The hero fights an uphill battle all the way through, and wins out by sheer manhood.

The theme of the story is the coming of law and civilization to the desert, and deals with that part of

American pioneering of about forty years ago when the deserts of Utah and Arizona were being transformed into tillable ground. Powerful drama and gripping love interest are incorporated in the tale.

You'll see Navajo Indians by the hundreds, western ranch life as it was in the days of the late twenties and the most spectacular seven battle ever waged in which an entire town is wiped out.

Something Unusual.

But there is this which even "To the Last Man" did not have—a wonderful horse story. The outlaw stallion, Silvermane, leading a pack of wild horses, is one of the principal characters in the story. John Mare, the hero, captures Silvermane and tames him. The horse takes up his master's battle and his charge upon the outlaw Dene is one of the most thrilling and unusual encounters ever portrayed upon the screen.

Theatre To Reopen During Next Month

The Strand Theatre, on Dickinson Avenue, which has been closed for several weeks, has been leased by the Capital Theatre Corporation, Henderson, and will re-open for business about the middle of June. The concern is operating a chain of popular price theatres throughout the eastern part of the state and the theatre here will be the latest addition to their chain.

Mr. George E. Stevenson, of Henderson, is here looking after the work of remodeling the movie house and says that when completed it will be up to date in every respect. The house will be operated under the name of Everybody's Theatre.

WOMEN STUDENTS IN GERMANY TURN TO TECHNICAL COURSES

Heidelberg.—The number of women students in the German universities the last ten years. Recent statistics show that in 1914 there were 4,100 women students, while today there are 9,531.

Medicine, jurisprudence and studies designed to fit the students to

become teachers are the most popular classes, notwithstanding the fact that these professions already are very much over-crowded.

German women this year have taken a greater interest in agricultural subjects than at any other time, and all of the universities report enlarged classes also in architecture, engineering, and other technical studies.

The Evening Cotton Letter.
New Orleans, La., May 28. — Market was higher this morning, good cables and unfavorable weather in eastern half of belt; with prospects for more rain in nearly all sections of belt, but eased later because of the weekly weather and crop government report being less bullish than generally expected.

Next Friday and Saturday will be holiday in New York, May 30th being federal memorial day and traders seem to be inclined to even up accounts in advance of the long holiday period in the northern market. New Orleans and Liverpool will open Friday and Saturday.

In weekly summary moderate to heavy rains occurred over cotton region with temperatures continuing decided below normal in central and northern portions but somewhat warmer in more southern districts. Weeks fairly favorable for cotton in Gulf coast sections but continued cool weather decidedly unfavorable in northern portion of belt.

Liverpool cabled "Market very firm with scattered trade calling of July. Further short covering on bullish private crop estimates now very nervous. A wire from New York is to effect that brokers who usually trade for a large operator liquidated by selling about 40,000 bales of July and Oct. today, considering the extensive liquidation market help up very well.

Returns to a prominent New York commission house average the condition of the crop at 66.2 and the increase in acreage at 3 percent.

The wakings bureau condition 67.5 increase in acreage 4.7 percent.

Southern products Co., condition 65.5.

Average 12 private condition reports 67, highest 69.6 to 65.5.

Averages guess of 88 members New York cotton exchange 67.3 which gives an idea as to what the trade is expecting of the government crop report next Monday.

As yet the weather inland remains unsettled with the probability of showers in nearly all sections of the cotton region, cooler north west portion where dry warm weather is desired everywhere.

Weather in Cotton Belt.

Progress was very good in central and southern Texas but poor to only fair in north, general condition very good in southern part. Fairly good in central and rather poor in northern Texas. Growth was poor in Oklahoma. With stands irregular, while late planted cotton is germinating poorly in Arkansas. Warmer weather latter part of week favorable in Louisiana, though cotton generally backward and stands poor in north. Progress was poor in Mississippi, poor to only fair in Alabama and growth and condition generally poor in Tennessee. Condition of the crop somewhat more favorable in Georgia. Where very well cultivated and stands range from poor in north to very good in south. Noights too cool for satisfaction growth in South Carolina where stands generally only fair with considerable replanting, while cool weather and heavy rains were decidedly unfavorably in North Carolina and Virginia with plants small and off color.

Forecast for Cotton Region.

Louisiana unsettled probably local showers and thunderstorms. Cooler tonight northwest portion, cooler Thursday except southeast portion. Arkansas unsettled, probably local thunderstorms colder.

Oklahoma unsettled probably thunderstorms cooler tonight east portion.

East Texas unsettled, probably local showers and thunderstorms, cooler tonight, West Texas part cloudy probably showers southwest portion cooler tonight southeast portion.

North Carolina, South Carolina and Georgia cloudy, probably showers, no change in temperatures.

Florida, part cloudy except probably showers extreme north portion no change in temperatures.

Extreme northwest Florida, Alabama and Mississippi part cloudy, probably local showers and thunder-

HOMESICK EX-KING MANUEL SECRETLY REVISITS PORTUGAL
Lisbon.—If a story that is being

whispered among royalists and scowled at by republicans is true, Dom Manuel of Braganza, ex-king of Portugal, recently broke his exile and

paid a clandestine visit to his favorite old country place of Villa Visosa. Manuel was exiled when the republic was declared in 1910 and forbidden to re-enter the country.

His brief return, however, was not to conspire against the republic, but was impelled by an irresistible homesickness, according to reports, to revisit the scenes of his happy youth in this beautiful palace and park.

While there he is said to have received two personal friends and to

have made close inquiries as to the administration of the Braganza estates.
