Coolidge Spurns Adherence U.S. To World Court

In Memorial Address at Arlington President Says That Plan Set Forward by Committee is Unworthy of American Principles and Traditions

Washington, May 30.—The proposal for American adherence to the world court contingent upon its disassociation from the League of Nations was spurned by President Coolidge in his Memorial Day address, at Arlington today, as unworthy of American principles and traditions.

"If we are to receive anything we must surrender something," said the president, speaking of the world court and the question of American membership in it. "We may as well state the question candidly and if we are willing to assume these new duties in exchange for the benefits which will accrue to us let us say so. If we are not willing let us say that. We can accomplish nothing by taking a doubtful or ambiguous position."

The president did not refer directly to the plan, advanced by the majority of the Senate Foreign Relations Committee, for America's membership in the permanent Court of International Justice providing the signatory nations would agree to disassociation of the court from the League of Nations, but his declaration was taken generally to apply to that proposal. He renewed his endorsement of the Harding-Hughes world court plan and said that he did not oppose other reservations but at the same time he asserted that any material change would be impractical.

Warning was given by the president against leaving the country undefended because victory has shown that there have been and always will be the tendency of one nation to encroach on another.

SCHURMAN MAY BE NEW AMBASSADOR TO JAPAN

Tokio, Japan, May 30.—There is reason to believe that the Japanese Foreign Office has been asked by the American government whether Jacob Schurman, now Minister to China, would be acceptable as Ambassador to Japan to succeed Cyrus E. Woods, recently resigned.

OIL COMMITTEE TO REPORT NEXT WEEK

Washington, May 30.—The formal report of the long inquiry conducted by the Senator oil committee will be submitted to the Senate next week.

Senator Walsh, Democrat, Montana, committee prosecutor, is now putting the finishing touches on the document which will be a very lengthy one revealing details of events preceding and following the leasing of naval oil reserves to Harry F. Sinclair and E. L. Doheny.

Senator Spencer, Republican, Missouri, may submit the minority views although he said today that he hoped he could sign the report that Senator Walsh was drafting for the majority.

Prominent Georgia Industrial Head Died Early Today

Augusta, Ga., May 30.—Jacob Phinizy, 66, president of the Augusta Railroad Bank, the Georgia Banking Company and also head of a number of cotton mills and other industries, died at his country home near here at 6:30 this morning. His death was not unexpected.

Perrin Addresses Boys Of Graduating Class At Rotary Luncheon

Appeals to Boys to Take Advantage of Better Things of Life; Declares That All is "Not Gold That Glitters;" Emphasizes Importance of Real Friendship

Dividing life into two parts, good and evil and urging enrollment under the banner of the forces of right, Hon. Lewis W. "Buck" Perrin, mayor of Spartanburg, S. C., and former governor of the Seventh District of International Rotary, today addressed the boys of the graduating class of the Greenville High School and members of the local Rotary Club at a midday luncheon given in honor of the speaker and the boys of the graduating class.

Addressing his remarks principally to the boys of the graduating class the speaker said: "There are ever at work throughout the course of a man's life two forces those of good and evil or right and wrong. You have reached the point in life where you must now decide under which of these banners you will enroll. Will you take up the banner of righteousness and fight your way or will you take the easier course of falling in with the seekers of temporary pleasure and evil?"

EARL COOPER ESTABLISHES SPEED RECORD FOR 250 MILES

Indianapolis, Ind., May 29.—Earl Cooper, riding as if the luck charms supplied him by race fans all over the country had brought forth fruits was leading when the halfway mark was passed in the twelfth annual 500 mile race at the speedway here today. Cooper was being pressed close by Bennett Hill and Jimmy Murphy who were both in the same lap with him in second and third positions respectively.

Cooper's time for the 250 miles was 2 hours, 31 minutes 51.53 seconds an average of 98.78 miles per hour. The best previous average time for 250 miles was made in 1921 when a record of 94.02 miles per hour was maintained.

Speedway managers announced that between 135,000 and 140,000 persons were in the grounds. This breaks last year's record attendance of 125,000.

Negro Veterans Observe Memorial Day in Wilmington

Wilmington, May 30.—Negro veterans of the world war paid tribute to their brothers in arms here today with special exercises and ceremonies, under the auspices of the Thomas J. Bullock Post No. 1, of the American Legion. The negro schools took part in the parade and had special floats which were symbolic of perpetual monuments to the memory of those negroes who gave their lives for their country.

Mellon to Appear Before Committee During Next Week

LAFOLLETTE BOOM IS STARTED IN CHICAGO

Chicago, May 30.—Petitions asking Senator Robert M. LaFollette to be a candidate for the presidency are being circulated by the national LaFollette-for-President club, it was learned today.

Funeral Services Walter S. Alexander Be Held Tomorrow

Charlotte, May 30.—Funeral services of Walter S. Alexander, one of the best known financiers and real estate men in the state, who died in a Battle Creek sanatorium yesterday, will be held here tomorrow. Full funeral arrangements, however, had not been announced this morning.

Mr. Alexander, who was 65 years old, had been in the hospital for several weeks.

He was born in Union county in 1858.

Senator McCain to Speak in Ayden Saturday Afternoon

Senator R. S. McCain of Henderson will speak at the Free Will Baptist Seminary in Ayden, N. C., Saturday afternoon at 3 o'clock. Senator McCain has made several speeches in the eastern part of the state in behalf of the candidacy of A. W. McLean for governor, all of which have been well attended and which have tended to clear up some of the issues in the present race. McCain happened to be in the senate in 1919 and will address his remarks principally to the work done in the legislature at that session.

The people of the county are cordially invited to hear Senator McCain. He will be glad to answer any questions any one may see fit to ask him touching the various issues in the present race for governor.

Interesting Meeting Held on the Pamlico

New Bern, May 30.—Officers of the Service Battery of the 117th Field Artillery and the military committee of the Chamber of Commerce of this city met Thursday night at a special meeting, called by Captain H. G. Fisher, who is chairman of the committee. The meeting was held on the revenue cutter Pamlico and for the purpose of discussing plans for the new organization with regards to getting it into operation as quickly as possible. Equipment for the service battery has already been ordered, it was said, and is expected to arrive here very shortly.

Included in the equipment are instruments for a 40 piece band, the captain stated, and as soon as the instruments arrive an intensive practice will be begun. Professor J. H. Bourdelais will be the director of the band and will instruct the musicians.

Treasury Secretary To Be Given Opportunity to Answer Charges Made Before Senate Committee by Gaston Means

Washington, May 30.—Secretary Mellon will be given opportunity as soon as is practical to answer before the Senate Daugherty committee the testimony of Gaston B. Means it was announced today by Senator Wheeler, Democrat, Montana, committee prosecutor.

Means will be recalled tomorrow for cross examination by counsel for the former Attorney General and then the committee will resume its inquiry into certain matters touching on the Alien Property Custodian's office which were taken up during the early part of the week.

Senator Wheeler said he hoped to call Mr. Mellon after that line of investigation was completed.

ALLIES WILL KEEP FIRM HAND GERMAN MILITARY CONTROL

London, May 30.—The Allies intend to keep a firm hand on military control in Germany by maintaining the commission for control in full operation until the disarrangement demands made in the Treaty of Versailles are fully executed, according to a long note of the Council of Ambassadors sent to Berlin from Paris today.

The Ambassadors' communication was in reply to the German note of March 31 in which the Berlin government maintained that the time has arrived for the League of Nations to take over supervision.

The Ambassadors' note reaffirms the contention that it is the legal right of the Allies to decide for themselves when the time has arrived for transfer of the duty of control of German armaments to the League of Nations after the time limit clauses have been executed. "It would be hardly possible to contend that this condition has been fulfilled today," the note said.

American Legion Refused Privilege To Exhibit Carnival

High Point, May 30.—A special session of the city council here has refused the Andrew Jackson Post of the American Legion the privilege of bringing a carnival here to be exhibited under canvass for one week, despite the fact that the Post has a contract with the show that the Post will have the privilege to close any show considered indecent. The Post plans to take the matter up again.

To these our brave comrades we do on this Memorial Day, the sixth Memorial day since the close of the war stop from our daily task to pay tribute. No tribute too great no honor to suffice the great debt of gratitude and love that we owe these our comrades in arms who gave their all on the altar of liberty for us and our loved ones.

comrades and there pay them what homage we may. Every city, every town and every village in this land of ours is today sending flowers as a silent mark of respect and honor to the loved one who gave their all for their home and country. This is the day when we recall the men who have died, their wives, and the ideals for which they gave themselves.

Memorial Day is here again and it is only just that we the members of the Pitt County Post of the American Legion should make a pilgrimage to the graves of these brave

In like manner also we recall our heroes of the two preceding wars, the Civil War and the Spanish-American War.

Finals Of Greenville Graded School Will Come To Close Tonight

Annual Address to the Graduating Class to be Delivered by Hon. Lewis W. Perrin; Seventh Grade Graduating Exercises Held This Morning; Jake Skinner Presented Ecout Trophy

With the annual address to graduating class by Hon. Lewis W. Perrin of Spartanburg, S. C., in the college auditorium tonight, the Greenville schools will come to a close for the 1923-24 session.

of boys and girls who knew nothing about music, and make them into a group who can produce the music which they did this morning. Following the orchestra number there was a short, worthwhile talk by Mr. S. B. Underwood. His remarks to the graduates were timely and to be remembered.

On yesterday afternoon in the high school library, there was an exhibit of the work of the Home Economics Department. This morning at 10 o'clock was held graduating exercises of the 7th grade, at which time they were received into the high school. The class was a very large one. The parents and friends of the children were present in large numbers and the High School auditorium again was unable to take care of more than half of those who desired to be present. The program was opened by the singing of America by the audience. This was followed by a number by the High School band and orchestra. This orchestra is one of the marvels of the town, in that Mr. Roberson in six months time has been able to take a group

The certificates were then presented to graduates. The Model School pupils received their certificates from Misses McClelland and Dowell. The certificates of the Evans Street graduates were presented by Misses Reid and Tomlinson. At the conclusion of the certificate presentation, Mr. Davis awarded the Frank Wilson Scout trophy. This trophy is given each year by Mr. Frank Wilson to that Scout who has made the most advancement during the year. The Scouts themselves named the winner. They selected Jake Skinner. At this point Mr. Thornton of the High School faculty

UNITED WE STAND! DIVIDED WE FALL! AWAY WITH BICKERINGS

Of the fourteen counties in the First Congressional District, Currituck, Camden, Pasquotank, Perquimans, Chowan, Gates and Hertford are north of the Albemarle Sound.

Dare, Tyrrell, Washington, Martin, Hyde, Beaufort and Pitt are south of it.

The Northern group has a population of 78,954.

The Southern group has a population of 127,052.

These 200,000 people have a common heritage, common ideals and aspirations and common interests. They are a great, harmonious, happy family living in peace and brotherly love. To disturb this beautiful relationship by stirring up jealousies between these two great groups of counties would be exceedingly unfortunate. The people do not care on which side of the sound a representative happens to live, just so he is HONEST, CAPABLE and IMPARTIAL.

The hungry office seeker alone is willing to forment discord and engender strife hoping thereby to advance his own selfish interests. "Pie! Give me Pie! even over the bleeding body of Harmony!" he cries.

We have enjoyed Constitutional Government for 145 years. During this period the northern group of counties have had representatives in 44 congresses, senators in 3 congresses covering approximately 88 years.

REMOVING SILLY BANS

The Methodist Church has removed its ban against dancing and for the first time will admit into its folds the folks of the stage. The deciding conference vote was five to one.

It is believed that the majority of the lay members of the church are in accord with the action of the conference and the public in general will look upon it as a reform not, like the Texas delegate, as "a retreat against the social evils of the day." Far more people, both of the old and the new schools, will commend rather than condemn the conference.

America long ago outlived church bans, against dancing just as it arose above the other rigid disciplines of the New England Puritans. Those who opposed dancing are those who oppose amusements of many other harmless sorts. The world no longer finds pleasure sacrilegious and counts dancing a pleasure.

Opponents of the lifting of the dancing ban argued that when the church condemns dancing in its innocent forms it must accept it in its entirety not excepting the immoral. They erred because they overlooked the fact that public dance halls keep their patrons within bounds which the pro-ban forces sought. The ban on dancing had become one of those laws which "are more honored in the breach than in the observance." Removal of the ban will not promote dancing because for more than a generation the ban has not curbed dancing.

There have been many Methodists who have long lamented that the doors of their church should be closed to anyone. The custom of excommunicating the theatrical world from the church originated with the Cromwellian belief that it was blasphemy and sacrilege to imitate or mimic. The theatre has become an honored institution of modern civilization. Acting has become a profession aspired to by genius and admired by the public. The church and the theatre need each other.

Washington—Warning that matches and other inflammable materials are prohibited transportation in the mails, is being given by postmasters throughout the country at the direction of the Post Office Department. The warning resulted from complaints of the German postal authorities that two fires in the Bremen post office, and a fire in a postal car at Leipzig, were due to matches enclosed in parcel post packages mailed in the United States.

Candidate for GOVERNOR

will address the voters at the Court House in GREENVILLE, at 11:00 O'CLOCK ON SATURDAY, the 31st, on the issues in the present campaign.

And at FARMVILLE on the same day at 3:30, the public is invited to hear him.

Southern Presbyterians Educate, Give Relief

San Antonio. — Presbyteries of the General Assembly of the Presbyterian church in the United States have under their care 646 candidates for the ministry and mission service, exclusive of women candidates for mission service, said the report of the executive committee of Christian Education and Ministerial Relief, made today before the assembly in session here.

The committee aided 452 candidates for the ministry and mission service in the year just closed, 29 more than in the previous year, the report stated, and in this connection spent \$77,962.

"In our campaigns for equipment and endowment funds for schools and colleges of the church, the \$1,350,000 sought for schools in Texas is becoming a reality," continued the report. "Collections amounting to more than \$8,000,000 in other synods are reported."

The endowment fund for ministerial relief is now more than \$1,470,000, and in keeping with the request of the assembly, effort is being made to increase this fund to \$2,500,000. The total amount received from the endowment fund the past year was \$21,621, which is \$34,141 less than the amount received the year before.

"Total receipts from all sources were \$351,159, a decrease of \$44,730."

SWEDISH EMIGRATION SHOWS CHANGE IN VOCATIONAL TREND

Stockholm. — Striking changes in the vocational trend and a shift to new points of destination in America appear in the stream of Swedish emigrants, as revealed by an investigation ordered by the Riksdag and just published.

Those who intend to take up farming in the United States are no longer in the majority, their number having decreased in proportion to the increase of industrial workers.

Stinnes' Hobby Was Books.

Berlin. — The late Hugo Stinnes had but one hobby outside of his devotion to his broadly scattered business interests. That was the collection of rare books.

Mr. Stinnes was especially fond of having "number one" in limited and luxurious editions of famous works

and would pay almost any price for such a volume. He left a rare collection of books of this character which now falls to his oldest son, Dr. Edmund Stinnes, who is also a book-lover.

Five Zoos Robbed of Parrots.

Stuttgart, Germany. — Thieves have recently made a specialty of parrots which speak. The local zoological garden and the zoos in Berlin, Frankfurt, Nuremberg and Dresden have reported thefts of birds, and in all cases valuable parrots were taken. Shipping agencies and shipping lines have been advised of the thefts and the zoos hope to prevent the exportation of the birds.

BIG SPECULATION IN PEARLS CAUSED ARGENTINE DEMAND

Papeete, Tahiti. — There has been much speculation in pearls here since the close of the diving season in Hikueru, where an extraordinarily large number of pearls were taken. Besides unusually high prices for pearls of quality, there has been a quick market for seed pearls at figures unheard of in past years. The heavy increase in the demand comes it is said, from Argentina.

8 HOUR LAW IN SWEDEN BRINGS WORKERS CULTURE

Stockholm. — Less jazz dancing and more reading of good books, less drunkenness and more interest in private gardens, less gambling and greater excellence in athletics, are some of the conditions among Swedish laborers directly traceable to the reduction of the working day to eight hours, according to a report of the Workmen's Culture Association.

Replying to a questionnaire sent out by the main office of the association, 95 societies distributed throughout Sweden reported on the benefits of the added leisure obtained by laborers since the enactment of the eight-hour law in 1919.

One of the arguments advanced against the law was that the employees would probably use their extra free hours for piece work or other money-making occupation. But that prediction was not fulfilled. Although many centers reported that the men did, indeed, find recreation

Below: ANGELO M. ELLISON & ROYAL H. WELLER

The House of Representatives has confirmed the right of Royal H. Weller, Democrat, of New York City, to a seat in Congress, which was contested by Martin C. Ansorge, Republican. Angelo Milton Ellison, Greek ex-elevator boy, has filed suit in New York courts for the entire \$17,000,000 estate of his alleged foster father, Edward E. Searles, millionaire recluse of Methuen, Mass., which was inherited by Arthur T. Walker, Searles' secretary. Henry Morgenthau, millionaire New York philanthropist, has been officially thanked by the Greek Government from his relief work among Greek refugees from the Turks in Macedonia. Adolph Stern, of New York City, has been unanimously elected Grand Master of the Independent Order B'nai Abraham, in session at Saratoga, N. Y. The order has 500 lodges in America.

In turning to other forms of physical work, the new occupations were such innocent things as planting and tending gardens, or making furniture and experimenting with the art of interior decoration. In the town of Bofors they have even undertaken to build their own cottages, more than 500 home-made homes having been built since 1920.

For Crews of Submarines.
Tokio. — The Japanese navy, seeking to minimize the dangers of its

submarine service, recently demonstrated with terrible vividness by the loss of two submarines with their crews, plans to purchase safety suits, resembling divers' garb, for its submarine crews.

It is believed these suits will enable some of the men to save themselves by opening the submarine and fighting their way to the surface. The American navy, according to word here, has been successful in the manufacture of such safety uniforms.

END OF CENTURY CLUB IN INTERESTING MEET

The End of the Century Club held its last meeting of the year on Wednesday at the home of Mrs. J. L. Wooten. Upon the arrival of the guests, Mrs. Wooten assisted by her sister, Mrs. Flanagan served fruit punch and delicious sandwiches.

At the close of the program, ginger cream and elegant homemade cake were served. Mrs. Wooten presented each guest with a lovely bouquet of sweet peas and roses.

Mrs. Ficklen presided at the meeting. After a report of the program for the following year by Mrs. Wright, the club elected Mrs. T. E. Hooker as president for next year. Mrs. R. L. Carr and Miss Davis of the college were elected as honorary members. Mrs. Timberlake, daughter of Mrs. Cotton and Miss Davis and Mrs. Flanagan were Mrs. Wooten's guests. The program consisted of two very interesting papers, one by Mrs. Charles O'Hagan Laughinghouse on the life of Charles B. Aycock and the other on the part that Governor Jarvis played in the rebuilding of the state after the civil war, by Miss Davis.

The club has done a very profitable piece of work this year in North Carolina History. The programs have been largely biographical, and the members have on the whole presented papers that should be turned into the Public Library for reference. It is interesting to note that Mrs. Carr reported that the material for the program for next year could be furnished by the library.

GREENVILLE AND NEW BERN SCOUTS PLAY TO TIE

Troop Two came back yesterday after Troop Six of New Bern had run up a score of 7 to 0, and succeeded in tying the score at 10 to 10 when the game was called at the end of the ninth. The feature of the game was the fielding of Tripp and the pitching of Curry and Forbes. Dunn was credited with a home run when he laid one where the New Bern fielders could not pick it out of the weeds.

New Bern comes to Greenville for the next game on Friday, May 6th. Box score for Greenville:

Asheville Lady Gives Tanlac Full Credit

"Tanlac And Tanlac Alone Has Kept Me Well The Last Five Years," Says Mrs. Tilson

"If my statement for Tanlac will be instrumental in helping others to regain their health, it will give me much happiness for it was through the statement of those who had taken Tanlac that I, too, came to know the medicine," recently said Mrs. R. P. Tilson, 148 Charlotte, St., Asheville, N. C., one of the city's best known and most highly esteemed residents. "For years, until I took Tanlac in 1919, I suffered from stomach trouble, kidney disorders, lack of ap-

petite, nervousness, headaches and dizzy spells and most of the time, was in a frail, run-down condition.

"Tanlac, and Tanlac alone, has given me relief and kept me on my feet, feeling well and strong, the past five years. Tanlac always helps my appetite. Regulates my digestion, soothes my nerves and strengthens me, and in that way cheers me up and makes me feel the joy of living. I never feel quite safe without Tanlac in the house."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Grant's St. Louis Home to Become a Memorial

St. Louis.—Dilapidated its occasional green shutters milled tight, its front and side walls spattered with glaring signs, such is the present condition of the quaint old red brick building here in which Ulysses S. Grant, commander-in-chief of the federal forces in the civil war, and later president of the United States, spent several happy years of his life.

In this building the great military leader, then a lieutenant, married Miss Julia T. Dent 1848, and here he lived for several years following his graduation from West Point, when assigned to Jefferson Barracks.

Here is planned a shrine, in the full sense of the word, to St. Louis' humble but great son, a home for mementoes of his life and a headquarters for patriotic societies and organizations that care to use it.

Solicitation of relics of pre-civil war days and later years, which will remind visitors of Grant's greatness, already has begun in St. Louis and throughout the country.

The property, acquired at auction by John H. Gundlach of St. Louis, president of the Grant-Dent memorial association, was turned over by him to the association and a campaign has been launched by commercial and patriotic organizations to raise \$10,000, that the old house may be restored.

BREEDERS OF HOLSTEIN CATTLE TO MEET NEXT IN VIRGINIA

Chicago.—Seventy-nine Holstein cows have made yearly records of more than 1,000 pounds butterfat, and 54 cows of the same breed have in one year produced 30,000 pounds and more of milk, it will be shown in reports to be made at the convention of the Holstein-Friesian Association of America, to be held July 4 at Richmond, Va.

In an announcement from headquarters here, made by President Frank O. Lowden, the business of the association for the last fiscal year shows an increase and a sound financial basis, "although decreases in business were shown for the previous successive three years."

"Since 1885, when the association was organized, more than 1,200,000 cows and bulls have been registered in the Herd Book. Creditable records for production of milk and butterfat have been made by more than 100,000 cows under the supervision of agricultural colleges and recorded in the Advanced Registry."

A national sale of 120 purebred Holsteins will follow the meeting.

MUCH PORTO RICAN MOLASSES COMING TO THE UNITED STATES

San Juan, Porto Rico.—Four million gallons of molasses, approximately one-quarter of the estimated production of the island this year, will go into "home consumption" according to reports from centrals. The centrals will produce something like 16,000,000 gallons of black-strap molasses, it is estimated, of which probably 12,000,000 gallons will be exported chiefly to the United States for manufacturing purposes, principally stock feed and alcohol.

Of the 4,000,000 gallons left for "home consumption" it is likely that about one-half will be fed to cattle leaving 2,000,000 gallons to go to bootleggers. Four gallons of molasses will, properly persuaded, produce one gallon of alcohol. On this basis the alcohol production will be in the neighborhood of a half million gallons.

SWEDISH AIRMEN SET UP STRIKING RECORD SAFETY

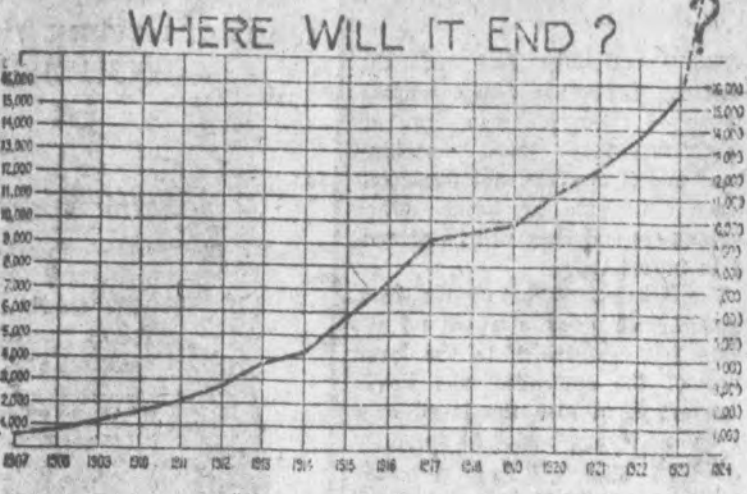

Stockholm.—Swedish airmen, anxious to prove to the public there is remarkably small margin of danger in their occupation, have just figured out that the aviators of Sweden have actually flown a distance equal to encircling the globe 14 1/2 times for every fatality.

This record of safety surpasses that of the United States, according to Col. E. C. Erikson of the Swedish Army, who says deaths in airplane accidents in that country are more than three times as frequent for the same unit flown. Stated in terms of time, the Swedes fly 3,800 hours without a fatal accident, as against the Americans 1,170 hours.

Commercial flying in Sweden has been given a new impetus by the decision of the Postal Department to support and utilize the new air service between Malmo and Hamburg. The flying time to London will now be only six hours.

Flight Around Australia.—Wing-Commander Goble and Flying Officer McIntyre have stated to circumnavigate Australia. They will go by way of Sydney, Brisbane, Thursday Island and Darwin, continuing round the coast to Melbourne, a distance of 9,000 miles.

PRIZES OFFERED FOR SOLUTION OF AUTO ACCIDENT PROBLEM

In 1907 there were 595 deaths from automobile accidents in the United States. In 1923 there were 15,700 such deaths. These figures do not include grade crossing accidents.

How can the ever-mounting number of automobile accidents in the United States be reduced? This question is being asked of every licensed insurance agent and broker in the country.

Not only is it being asked, but one of the largest indemnity companies has brought together startling figures showing the steady increase in deaths from automobile accidents and, in a determined effort to get an answer to the question, has proposed a prize contest.

Pointing out that high automobile liability insurance rates of any insurance company cannot be reduced unless the number of accidents is reduced, Charles H. Holland, president of the Independence Indemnity Company of Philadelphia, is offering \$1,750 in cash prizes for the three best solutions of the problem.

Judges, who will be nationally known authorities in automobile traffic matters, are now being chosen to consider the suggestions and award the prizes. The first prize is \$1,000; the second, \$500, and the third, \$250. The contest will close June 30. Suggestions must not exceed 500 words in length and must be practical.

"There is a growing conviction," Mr. Holland says in his announcement, "that some way must be found for reducing the appalling number of automobile accidents. We do not know how this can be done, but we believe it can be done. Further-

CHARLES H. HOLLAND Who Offers the Prizes

more, we believe that if the creative brain power of the 150,000 agents and brokers can be mobilized, a real solution will be discovered."

According to statistics furnished to Mr. Holland by the Automobile Department of the National Bureau of Casualty and Surety Underwriters, deaths resulting from automobile accidents, not including those caused by trains hitting machines at grade crossings, have steadily increased from 595 in 1907 to 15,700 in 1923. In addition to these deaths it is estimated that about 400,000 persons were seriously injured in automobile accidents in 1923.

of Mrs. Solomon," and has compiled a list of rather snappy sayings apropos of doubling wives and doubtful husbands that is worthy of quoting:

"All quarrels can be avoided if your husband will do just as you say."

"Jealousy and doubt don't get you anywhere—but they keep you going."

"What you can't hear hubby say, or see him do—you can imagine!"

"It's queer men don't become doctors—they've such a good excuse to get out at night."

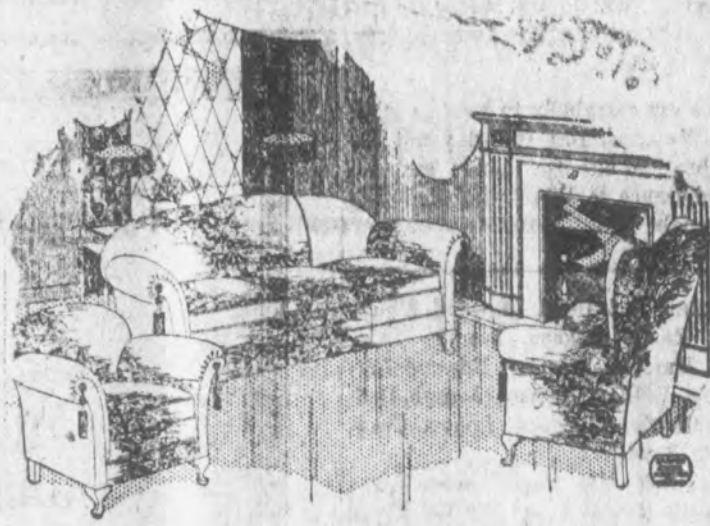

"A man would never waste time for anything if he lived up to a jealous wife's idea of him."

"Never apologize to the woman who's trying to break up your home—your husband will do it for you."

But Miss Dana, in her friendly, girlish manner, can be equally as serious as she is flippant about the subject of matrimony.

"A suspicious woman will always find something to be worrying about and to be jealous of. Women who trust their husbands usually instill in them a feeling of self-respect which they do not care to lose. Many men are so harassed by suspicious wives that they are driven to many things they themselves would never have thought of—until their wives put the idea into their heads. Mutual trust and kindness are the only sure ways of avoiding unhappiness in married life, and I think that if nothing else will convince a suspicious wife, the picture will. Of course, one naturally thinks about things of this nature, but it's actually living the part that makes you realize how serious a drawback to happiness suspicion can be."

Constipation is ruinous to children—keep yours healthy with Kellogg's Bran

Constipation undermines a child's health. It saps his energy and makes him listless. It can lead to more than 40 other serious diseases. Mothers should take immediate steps to remove, safely and surely, the dangerous poisons from his system.

Kellogg's Bran—because it is ALL bran—brings permanent relief. Nothing but ALL bran can be 100 per cent effective. That is why Kellogg's Bran, cooked and krombled, is universally recommended by doctors. They know it brings results.

If eaten regularly, Kellogg's Bran is guaranteed to give permanent relief in the most chronic cases of constipation, or your grocer returns your money. Kellogg's Bran acts on the intestines exactly as nature acts. It sweeps and cleans and purifies them. It makes them function naturally and

regularly. It allows you to discontinue forever the use of harmful, habit-forming drugs and pills.

Kellogg's Bran, cooked and krombled, is a delightful surprise to the taste—particularly if one has tried ordinary unpalatable bran. Kellogg's Bran has a delicious, crisp, nut-like flavor—an exclusive flavor. It is most enjoyable with milk or cream, sprinkled over other cereals or cooked with hot cereals. Try it in bread, muffins, griddle cakes and other recipes given on every package.

Have your children eat it regularly—two tablespoonfuls daily—in chronic cases, with every meal. Kellogg's Bran is made at Battle Creek and sold at all grocers. It is served in individual packages by the leading hotels and clubs. Ask for it at your restaurant.

New Orleans, La., May 30.—Cli-
matic developments inland dominat-
ed market today. Rather general
rains occurred in Texas, heavy in
many sections of the state. Ex-
cessive in localities of south portion
and there was more rain indicated
for the Mississippi Valley states but
less moisture in the south Atlantic
region.

Accordingly Liverpool advance as
did New Orleans due to shorts cover-
ing on the unfavorable weather but
the easing tendency of values was
checked by spinners takings of
American cotton for the weeks show-
ing less than last year 158,000 bales
against 197,000.

As yet the weather inland appar-
ently remains unsettled, especially
to the west of the Mississippi River,
but fair weather is predicted for the
south Atlantic states.

While the trade is disposed to con-
sider a condition of the crop of about
67, about discounted, the further
unfavorable weather in the south-
west and in the central portion of the
belt has served to create the impres-
sion that the crop has deteriorated
since May 25th, or since the date
reports from the interior were for-
warded to Washington, and if more
rain of consequence is had over the
week-end traders may be disposed to
support market even if next Mon-
day government condition report
shows an average condition 67,
which would compare with 71 last
year and the 10 year average of 72.8,
on the other hand, if better weather
prevails over Sunday and if the out-
look on Monday is for good weather,
is position may be to realize on long
contracts pending further climatic
development in the cotton region.

As to the future of the market, it
is too early in the season to take
a decided stand, as with good weath-
er from now on a marked improve-
ment in the condition of the crop
could take place, whereas the con-
tinuance of unfavorable weather
would be decidedly detrimental as
to crop prospects.

Therefore much will depend on
weather condition during June as
result generally a good crop month.
Sometime however, it is not as good
as it should be, causing in some in-
stances slight deterioration.

All that can be said of the present
situation is that the acreage will
likely be large, perhaps the largest on
record that the plant has a late start
and that possible damage by insects
has to be reckoned with.

KEEPING MEMORIAL DAY

When May has called her flowers for the Summer waiting long.
And the breath of early jasimm wows the hedges into song.
Comes the throb of martial music and the banners in the street.
And the marching of the people, bearing garlands fair and sweet—
'Tis the Sabbath of the Nation, 'tis the floral feast of May!
In remembrance of our heroes
We keep Memorial Day.
They are sleeping in the valleys, they are sleeping 'neath the sea.
They are sleeping by the thousands 'till the Royal Reveille.
Let us know them. Let us name them. Let us honor one and all.
For they served us and they saved us. Springing at the bugle call.
Let us sound the song and cymbal: wreath the immortels and bay.
In the fervor of thanksgiving
Just to keep Memorial Day.

Memorial day is nothing more nor
less than a patriotic Easter. Not a
patriotic Christmas. Our patriotic
Christmas is the Fourth of July,
when we celebrate the birth of our
nation.

Memorial day is set apart to do
honor to those who died for their
country. Those heroes, men and
women who gave their lives that
America might be safe.

The old men who fought in '61
and '65 know what it means. The
men of middle age who fought
against Spain know what it means.
The world war has taught five mil-
lions or more of us that Memorial
Day is something more than a mere
holiday. Something more than first
a day off. Those who came to the
colors in world war service are
younger and greater in numbers than
the soldiers of the civil war and
Spanish war and because this is so

the younger generation should do
their utmost toward spreading the
message of Americanism all over our
land. Let us here in Greenville not
shirk our christian duty in this res-
pect. Pitt County Post American
Legion is decorating the graves of
all the world war dead that rest in
Pitt county today. Legion Posts all
over the United States are doing
the same thing.

We are not asking that the com-
munity go into mourning today but
we do ask every one to take Mem-
orial Day as a day of patriotic
thought. We do ask every father
and every mother to tell our children
what it means.

We ask everybody to bear in mind
that Memorial Day is a day not for
celebration but for honor and re-
membrance to those who died that
we might live.

IN MEMORIAM

rican War and in like manner we
step to pay them our respects and
love.

Along with these other comrades
we recall one other Buddy, who
though he did not die in actual serv-
ice he did die from wounds and dis-
abilities received in the noble service
he rendered his country. This Buddy
is our war time president, the great
and noble Woodrow Wilson. He was
our comrade and our leader in the
time of war and his death was a di-
rect result of his labors and suffering
trying to preserve the ideals for
which these other comrades of ours
died.

Last but not least we remember
the mothers and loved ones of these
our brave heroes and we would pay
to them every mark of respect and
reverence that they are due. It is
they who are still suffering the hard-

ships and pains of the war and it is
they to whom we extend our heart
felt sympathies and love. May we
be able to be ever mindful of the
great sacrifice that these loved ones
have made that we might live and
enjoy freedom.

The Pitt County Post of the
American Legion is today sending
groups of ex-service men to all
graves that they know anything
about and if any are not decorated
please notify me or some other
Legionnaire and they will be attend-
ed to immediately.

The Pitt County Post of the Amer-
ican Legion does also extend it's
heart felt sympathies to the loved
ones of the comrades who lie in
Flanders Field also the loved ones
of those who are buried at home.

We call on every ex-service man
in the community to hold sacred and
dear the Memories of these brave
buddies and to ever see that their
graves are not neglected or forgot-
ten. Let us also endeavor to live
and practice a life such that the
coming generation will never have to
go to war and that peace on earth
good will to men will reign forever.

winds and pointed out that the only
lasting achievement was that of liv-
ing righteously and doing one's duty
to his fellowman, his country and
his Maker. As an illustration of the
futility of seeking worldly gain the
speaker reviewed briefly recent re-
velations of corruption in our govern-
ment and to the disgrace to which
they have led, pointing out that "All
is not gold that glitters" and wealth
and power is of naught if compared
to truth and Godliness.
In closing, he emphasized the

friends and to live so that the love
of their friends should ever be de-

GRIMESLAND NEWS

Lee Roy Cambell fell from the
car he was riding in on last Wednes-
day afternoon and was very serious-
ly hurt. So far Mr. Cambell has
not revived enough to tell how the
accident occurred and those who were
with him know of no reason why he
should have fallen. However, it is
thought that he was crowded out of
the back seat and was at the time
standing on the running board and
while the car was going at rapid rate
he lost his balance and fell to the
pavement. While Mr. Cambell is
seriously hurt, it is thought, that
unless other complications set in
that he will recover.

Mr. and Mrs. S. A. Porter, and
their little daughter, Mary Jewell,
left Thursday afternoon for Pine-
tops, where Mrs. Porter is going to
spend a few days with her parents,
Mr. and Mrs. J. R. Moore.

Mr. Johnnie Proctor who has been
attending school at the Carolina
Military Academy, Hendersonville,
North Carolina has returned to
Grimesland to spend the summer
months with his parents, Mr. and
Mrs. W. E. Proctor.

Misses Mary and Anne Ruth Jones
have returned to their home here
after spending the past year in
school at Wilson.

Mr. G. T. Ilock, of Tuscarora, is
visiting his brother Raymond of this
town.

The Grimesland school has ordered
its first play ground equipment. A
steel slide with a wave coaster chute
thirty feet long has been ordered and
is expected to be installed during the
coming week. Many of the citizens
of the town contributed toward the
purchasing of the slide but Dr. Jones
was the most liberal, his gift being
\$25.

Mr. A. O. Clark, of Greenville, was
here on business Wednesday night of
this week.
