DAUGHERTY REFUSES TO TAKE STAND

Muscle Shoal Consideration Postponed Until Dec. 3

Daugherty Says Committee Acts Held To Be Illegal

Claims Efforts Made by "Certain Members" to Blacken His Reputation; Will Not Be Represented at Further Hearings; Chairman Brookhart Says Statement is "Reflection on Committee"

Washington, June 4.—Former Attorney General Daugherty today notified the Senate committee that has had his official conduct under investigation for nearly four months, that he would neither testify as a witness nor be represented by counsel at any further proceedings.

The committee had asked him to take the stand next Friday as the last witness in the hearing before the partial report was submitted to the Senate. No formal subpoena, however, had been issued and committee members indicated that they would take no steps to compel his appearance.

Paul Howland, attorney for Mr. Daugherty, read to the committee a statement by his client declaring that "certain members of the committee" had made desperate attempts to blacken his reputation and denied he had "profited by any illegal, corrupt or unethical ways from his tenure of office."

Daugherty's statement also declared that the federal court in Ohio in the litigation between the committee and M. S. Daugherty had held the committee to be engaged in illegal proceeding. There he gave notice that his lawyers would withdraw.

Chairman Brookhart declared the statement was a "reflection on the committee" and that he intended to reply to it before letting matters go further. "We have proved the existence of a commercial conspiracy in D. Daugherty's household," Chairman Brookhart said. "We have proved that tax returns show that when Mr. Daugherty took office he had no money but before he left office he had \$75,000 on deposit in his brother's bank."

The chairman added that under the circumstances he would ask the committee to proceed with its plan of making a partial report and then adjourn for some time.

Shenandoah Breaks Through Heavy Fog Returns to Its Base

Lakehurst, N. J. June 4.—The Shenandoah, giant navy dirigible, broke through a heavy fog bank this morning and returned to its base almost 24 hours after it began a 1,400-mile trip over three states during which it crossed the Canadian border at Niagara Falls. During the last few hours of the cruise the giant craft hovered in a dense fog over the home port guided only by radio messages and sirens from the field below. It was nearly three hours after reaching Lakehurst that the ship was put into its hangar.

CHICAGO YOUTHS HAVE NOT SIGNED ANY CONFESSION

State Must Rely Upon Testimony of Witnesses to Obtain Murder Indictments Against the Alleged Confessed Slayers of Chicago Millionaire's Son

Chicago, June 4.—Nathan Leopold, Jr., and Richard Loeb, millionaires' sons, who admitted the kidnapping and slaying of Robert Franks, 13-year old son of a millionaire Chicago manufacturer, have signed no confession of their guilt it became known today and the state which is asking the grand jury for murder indictments against the youths must rely upon the testimony of witnesses who heard the boys' statement.

A double guard has been placed to watch the cells in the county jail where the prisoners are confined day and night until they are tried.

Fearful that they might attempt to carry out their previously expressed suicide plans, all food carried to the boys is rigidly inspected and jail employees have been cautioned to prevent the smuggling in to the boys, any means of self destruction. These precautions were taken after a conference between jail officials and state attorneys when the grand jury completed the first day of its inquiry yesterday.

Robert Cowe, state attorney, said he would not hurry the indictment against Leopold and Loeb and every available witness will be called to testify before the grand jury. Eleven witnesses appeared before the grand jury yesterday and more than a score are yet to be heard.

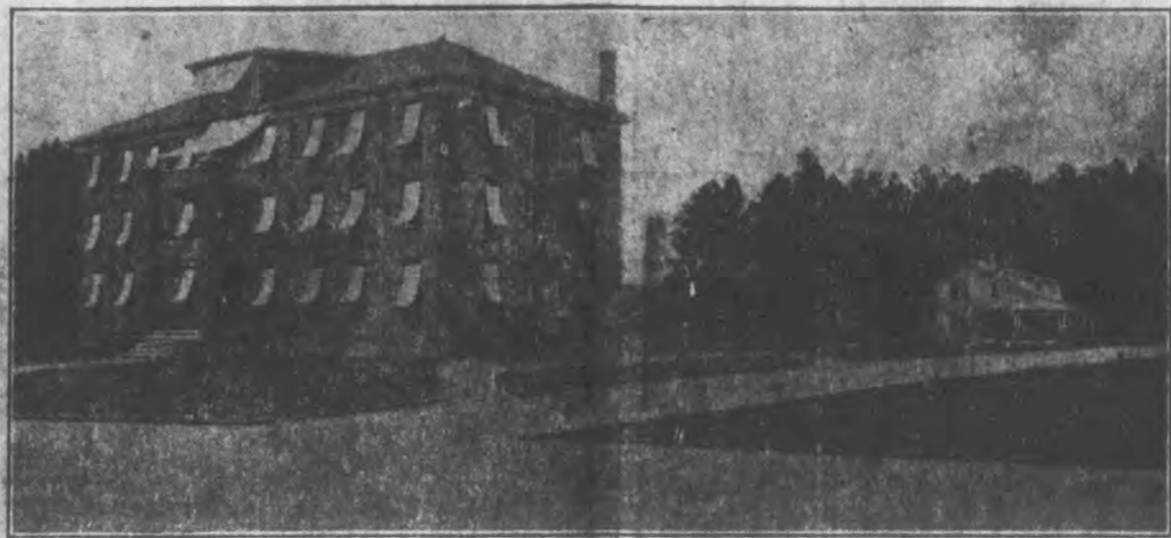

That the defense will be made up of the most brilliant attorneys in the country seems certain because of the reputed \$15,000,000 represented by the parents of the youthful prisoners.

ANNUAL RE-UNION WEARERS OF GREY OPENS IN MEMPHIS

4,000 Veterans in Attendance; Haldeman Delivers Address

Memphis, Tenn., June 4.—Soldiers of the "Old South" warriors in the cause of the Confederacy, formally opened their Thirty Fourth Annual Reunion here today with upward of 4,000 "Wearers of the Grey" on hand to live over again the days of the Sixties.

The Sons of Confederate Veterans and the Southern Confederate Memorial Association, which held preliminary sessions jointly with the veterans yesterday in their Jefferson Davis Memorial services, last night exchanged greetings and today also actively began their sessions.

Memphis, June 4.—Although "today we love and honor another flag, the flag of our country—the bonnie blue flag is, and will ever remain near our hearts," declared General W. B. Haldeman, of Louisville Commander-in-chief of the United Confederate Veterans, in an address prepared for delivery here today at the annual reunion of the Confederate Veterans.

General Haldeman asserted that "the contribution made by the Confederate soldier in the war between the States is a record of valor, endurance and adherence to principle that can but add to the glory of the republic and we have no apology to make that we loved the flag under which we served, and still cherish it with tenderest love."

"The bonnie blue flag is, and will ever remain near our hearts," he said. "Today, we honor and love another flag—the flag of our common country—the flag bespangled with stars of forty-eight states in this American union. To the glory of this flag, the sons and grandsons of the Confederate Veterans have attested their devotion by the giving of their lives. To the honor of this flag, the conservatism of the south is attesting its devotion by the endeavor to perpetuate a republic of freemen."

Pointing out that "our camps grow fewer and our members less," General Haldeman, stated that arrangements must be made to solve the "problem upon which the continued life of this Federation depends."

Henry, chairman of the Pan-American Highway Education Board, responded to the addresses of welcome by The Governor and Mr. Page. Washington, June 4.—By a non-partisan vote of 43 to 36, the Senate late yesterday adopted House resolution fixing 7 o'clock Saturday night for final adjournment of the first session of the 68th Congress.

Republican and Democratic organization leaders joined to put the resolution through, carrying with them 34 of the majority and nineteen Democratic votes. The opposition comprised fourteen Republicans, twenty Democrats and the two Farmer-Labor members, most of whom are interested in reclamation, Muscle Shoals and farm relief.

Conferees preceding the motion of Senator Lodge, the Republican leader, to take up the adjournment resolution resulted agreements looking to action upon farm relief and reclamation legislation before adjournment, but the fate of the Muscle Shoals question remained more uncertain. Led by Senator LaFollette, Re-

GREENVILLIANS GO TO WILSON ATTEND REVIVAL SERVICES

Ham-Ramsay Special 130 Strong, Enjoys Splendid Trip

One hundred and thirty or more of Greenville people attended the Ham-Ramsay revival in Wilson last night. The Norfolk-Southern ran a special train which left Greenville at 6:15 and arrived in Wilson at 7:30. In spite of the fact that a hard rain was falling just at the time for the train to leave, about one hundred and twenty braved the elements to go by train while numbers of others went in cars.

The party was met at the depot in Wilson by Mr. Ramsay and Mr. Rodgers and escorted to the big warehouse. On entering the building the Greenville guests, led by Mr. Ramsay, sang a number of songs with great fervor. Owing to the down-pour of rain in Wilson, the congregation was not so large as it otherwise would have been, but the service was most interesting.

The mayor of Wilson in a few well-chosen remarks welcomed us most cordially and our own Mayor Clark responded. Mr. Clark told the people of Wilson of the wonderful work done in Greenville by the recent Ham-Ramsay revival here and urged the people of Wilson to give their undivided support to the evangelists there. After Mayor Clark had spoken, the three Greenville pastors present, Plemons, Harden and Scoville were each called upon for a word and each spoke with enthusiasm. Following the ministers were brief addresses by several laymen, among them being Henry Renfrew, John Clark, Jack Kilgo and K. W. Cobb.

At the close of a short sermon by Dr. Ham, he asked any who wished to accept Christ to come forward for prayer and several men and women with every evidence of intense earnestness came to the front and after prayer accepted Christ. It was a thrilling moment in a great (Continued on page 6)

The Pitt County Health Department reports sixteen active cases of typhoid fever with two deaths in the county within the past few weeks.

Typhoid fever is one of the most dreadful diseases with which we have to contend. It is also one of the most successfully prevented. There is little excuse for a person having typhoid.

Each citizen of this county has a responsibility resting on their shoulders. Those who know how to prevent the spread of this dreadful disease should encourage others to avail themselves of the valuable protection which they get from their doctor or from the Health Department.

MASONS TO ACQUIRE MILLION DOLLAR HOSPITAL

New York City.—The result of three years of endeavor is seen in the recent acquisition by the Masons of this city of the Broad Street Hospital, valued at over a million dollars. The Masonic Foundation assumed a money obligation of \$260,000 mortgages to the extent of \$310,000. Offers of professional services to be given grants have been received from many physicians and surgeons who are members of the Craft.

The hospital is to be devoted to the care of the sick, without reference to race, creed or color, and is to have emergency facilities.

New York Masons have given an annual Fashion Show since 1922 for the purpose of raising funds for this worthy purpose. Recently the Masons of Brooklyn presented \$6200 to the Grand Master of Masons of New York, to be applied in establishing the hospital.

American Sailors Eager For Athletic Proficiency

San Pedro, Cal.—The value of an athletic personnel, always recognized by military organizations, now is receiving more attention than ever in the Pacific battle fleet.

"Each battleship of the fleet now has, in the course of a year, more than 300 men on various teams and crews, and it is all part of the official routine. A schedule is carried out to determine the fleet championship in each event.

Boat racing is most popular with the bluejackets, and each ship is required to develop 15 boat crews a year. A strenuous training period of several months is necessary for boat crews. Ten years ago boxing and wrestling were by far the most popular navy sports, but in late years other sports have come to the front.

Today the fleet is represented in at least ten major sports—boxing, wrestling, football, baseball, track, soccer, rowing, rifle, swimming and water polo. Basketball is not absent. Lacrosse is just entering and making a strong bid for popularity.

Many obstacles confront the sailor athletes. They have no gymnasium and lack equipment and their hours are irregular. Yet they manage to make an excellent showing in every sport.

BAHAMAS WOULD EXTEND RUM TRADE BY DISTILLING RYE

Washington, June 2.—The fluctuations of the financial fortunes of the governments of neighboring British colonies, for instance of the Bahama Islands, lifted from debt to prosperity since the United States went dry, and of the Bermuda Islands, which have won from the Bahamas much profitable business in exporting liquor to the American coast, is being watched with interest by the prohibition enforcement officers here of the government. Bermuda now has a handsome surplus in its treasury.

The latest development in the Bahamas, a move to start a distillery to manufacture American rye whiskey, all stocks of which, as far as the bootlegging business is concerned, are practically exhausted, has come to the attention of prohibition officers. In the Bahama assembly W. K. Moore recently moved the appointment of a select committee to enquire into and report on the working of the spirits and beer manufacturers' act of 1920. Speaking to the motion, Mr. Moore told his fellow legislators that opportunities were coming to their island. The Bahamas, he declared, had encouraged the liquor traffic, but there was no American rye whiskey available, the enormous supplies exported from the United States to those islands before prohibition having been exhausted by the bootlegging business in the four years since then.

Persons interested in the distillery, Mr. Moore stated, believed the manufacture of rye whiskey and its export to the American coast would be the means of resurrecting the islands

rum running trade and add to Bahama's revenues, now at low ebb, because much of the rum running business was being conducted from Bermuda. A committee of seven members was appointed to report on the working of the spirits and beer manufacturers' act.

Speaking of the proposed rye whiskey distillery, a Bahama newspaper remarks that if the Bahamas can supply the unsatisfied demand for rye whiskey, the colony may once again have a monopoly and attract business with a revenue of \$3 for each proof gallon distilled. Also it may again be able to insist that buyers take Scotch along with the rye. If this happens the paper suggests that the duty on imported whiskeys be raised to \$8 again, and kept there.

A year ago the tariff on liquor was reduced from \$6 to \$3, a case in order to stop the decline in the traffic. Through the reduction it is claimed that the colony lost more than \$500,000 in revenue. A proposal now before the legislature calls for a further reduction to \$1 a case.

L. W. Young, member of the assembly and one of those strongly favoring reduction of the duties, said that when the members of the House realized how much the liquor business had changed the internal affairs of the colony, civic, social and almost religious, it was time they should consider very seriously how they would dispose of the question. Not only had there been an increase in the number of employees and salaries in the colony's civil establishment, but huge sums of money had been spent upon public improvements and utilities, making commitments that were going to involve huge expenditure for many years to come.

In Bermuda the legislature has been debating the question of what to do with a tidy surplus resulting from the liquor traffic. Members of the assembly have cautioned against excessive expenditures and mounting expenses because they profess to foresee a cur-

tailment of the colony's revenues from the liquor traffic. A report to the assembly recently indicated that had it not been for the heavy receipts from liquor import duties, the colony, during the last fiscal year, would have faced a deficit.

DISABLED VETERANS TO MEET IN THE GREAT MORMON TABERNACLE

210 MILES OF JOITLESS PIPE CARRY NATURAL GAS SUPPLY

Kirbyville, Tex.—A continuous steel tube 210 miles long without a coupling or a screw-thread connection will be laid this summer between the Texas-Louisiana natural gas fields near Shreveport, La., and Beaumont, Tex.

When completed, the longest 16-inch diameter pipe line in the world will cross two rivers, innumerable creeks and run underground through four counties to carry the natural gas to Beaumont. Oxy-acetylene welding will seal every joint, replacing the old method of screw couplings, thus reducing the upkeep of the line to the vanishing point, and conserving a great quantity of gas from the leakage which has always been unavoidable with threaded joints.

But the people of this district shall know the truth and pass judgment.

There is now being circulated in this District, as a last minute stab in the back, from Aydlett's office, a letter signed by W. B. Windley a former Sheriff of Beaufort County. This letter contains a bitter, vicious and untrue attack on Lindsay Warren.

But this letter also makes a vicious attack on Hon. Charles F. Warren, (father of Lindsay Warren) who died several years ago. Even the memory of the dead is not free from the slander.

E. F. Aydlett knew Hon. Charles F. Warren, as did everybody else in Eastern North Carolina, and Aydlett knows he was one of the state's greatest lawyers and as honest and honorable a man as God ever made. **LET AYDLETT, TO SERVE HIS OWN AMBITION, THRU W. B. WINDLEY, (whose record is given below) ASSAULTS THE MEMORY OF CHARLES F. WARREN.**

In November, 1918, W. B. Windley, formerly Sheriff of Beaufort County, was indicted by a Grand Jury of Beaufort County, for malfeasance in office.
"North Carolina, Beaufort County.

I, Geo. A. Paul, Clerk Superior Court in and for said County and State, do hereby certify that in the case of State against W. B. Windley, ex-Sheriff of Beaufort County it appears of record in this office as follows:

That said W. B. Windley was tried for malfeasance in office at November Term, 1918, by a Jury, and a verdict of guilty was rendered and the defendant was sentenced to the State prison for a term of Three Years from which the Defendant appealed to the Supreme Court and was given a new trial.

At January Term, 1920 a true bill of indictment was found by the Grand Jury for Embezzlement and mis-application and at said term the two cases were consolidated and the Defendant pleaded guilty of the Misdemeanor charged in the second bill of indictment and not guilty of the Felony charged in either of the Bills which plea was accepted by the State and a verdict of not guilty was entered on the counts charging a Felony in the bills of Indictment.

The prayer for judgment was continued to July term 1920, upon payment of the costs and at said term it appearing that the order heretofore made having been complied with it was ordered that the case go off the docket.

The foregoing is the substance of the entries in said case.
Witness my hand and official seal this the 31st day of May, 1924.

GEO. A. PAUL, Clerk Superior Court.
The Solicitor who prosecuted Windley was Hon. J. C. B. Ehringhaus, and assisting him was the firm Ward & Grimes.

LINDSAY WARREN WAS COUNTY ATTORNEY AND WAS DIRECTED BY THE BOARD OF COUNTY COMMISSIONERS TO ASSIST IN THE PROSECUTION.
From that day, Windley has been Warren's bitter enemy.

Some weeks ago Windley wrote his first letter to H. E. Hodges of Beaufort County, and requested Hodges to have it published. Then it was roughly written and had not been revised.

NOW IT COMES FROM AYDLETT'S OFFICE IN ENVELOPES CARRYING AYDLETT'S POST-OFFICE BOX—"Box 66 Eliz. City, N. C." and has been carefully revised and its language improved!

READ WHAT H. E. HODGES SAYS:
"I am a Socialist and do not participate in Democratic politics. I was the candidate of my party for Governor of North Carolina in 1908. Two months ago I received a letter from W. B. Windley an ex-sheriff of Beaufort county, who has been living in Norfolk, Va., for the last six years. This letter contained an article with a bitter personal attack on Lindsay C. Warren. It was badly expressed and bitter personal references were made in it to Judge Bond, Solicitor Ehringhaus, Col. Bragaw, C. P. Aycock and the late W. E. Swindell. Mr. Windley asked me to have it published. After showing it to two close friends in confidence, I at once returned it to him by mail. I told him that I did not approve of such a thing and that if he wanted to elect Warren, then go ahead and publish it. Since then I have heard nothing further from him. I also knew that the facts recited by him were false and untrue, and that he was mad with Warren because as County Attorney he had to do his duty and help the Solicitor to prosecute him for embezzlement. I also deeply resented his attack on Mr. Warren's dead father, the late Chas. F. Warren, one of the most honorable and cleanest men that the State has produced.

"I have just been shown one of the letters that are being mailed out to people from Box 66 Elizabeth City. I will solemnly swear that this letter is the same in substance as the communication he sent me two months ago. The only difference is that somebody has rewritten it in better English, has put in more material, and has omitted the attacks on Judge Bond, Mr. Ehringhaus and others.

I write this communication because I believe in fairness and a square deal and because I do not believe in a last minute assault on a man like Lindsay Warren, who will do his duty wherever you put him.
Respectfully,
H. E. HODGES

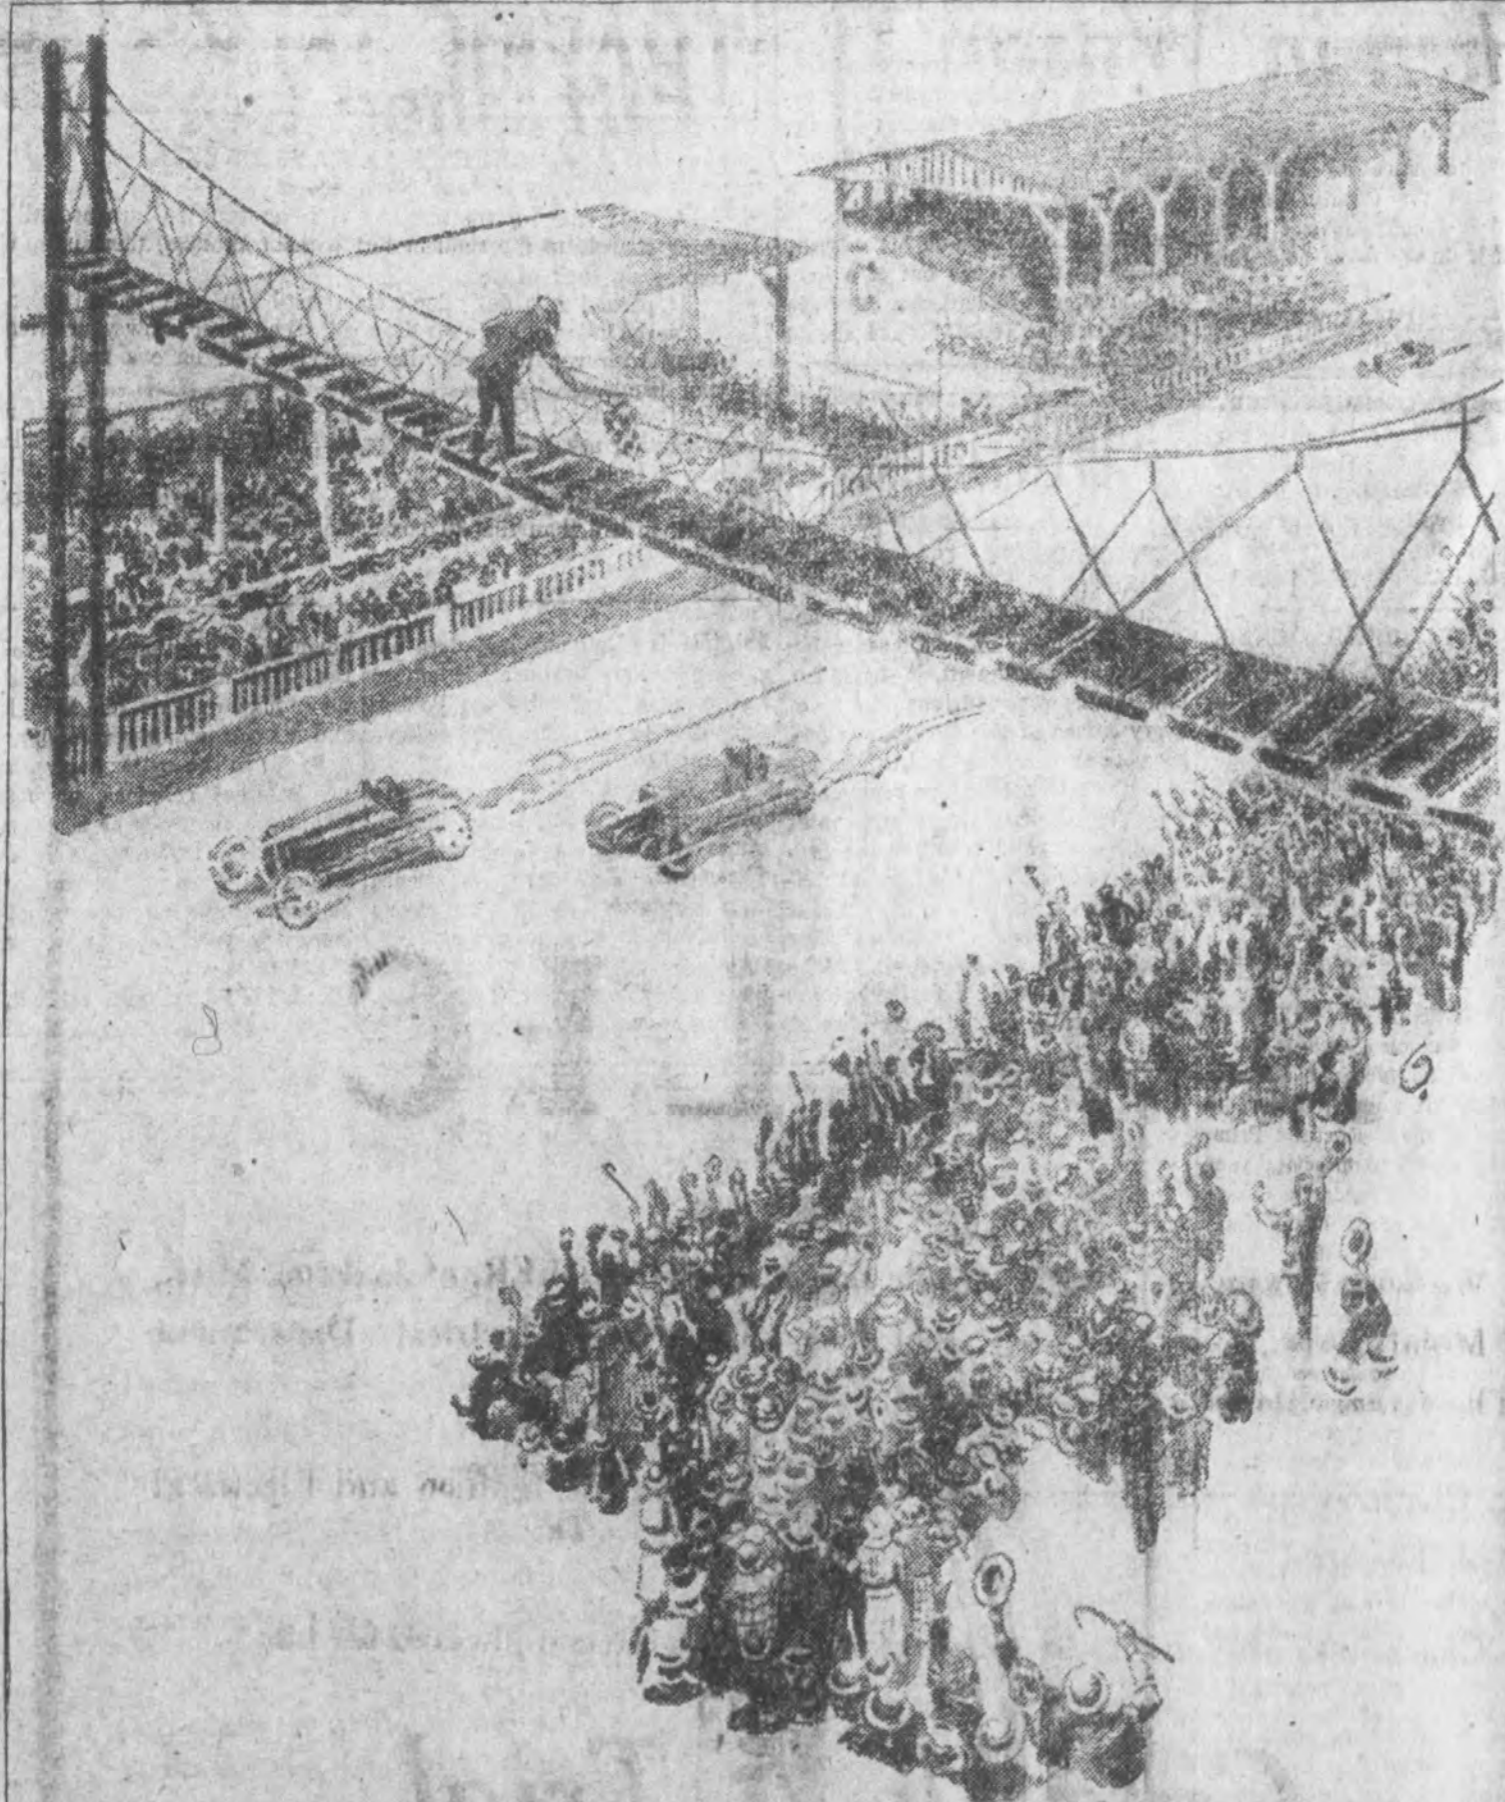

H. E. Hodges would have no part in this attack on Lindsay Warren from an enemy made in discharge of his official duty and this attack on the memory of one of the most honorable men the State has produced.

But E. F. Aydlett, himself a lawyer and former prosecuting Attorney, not only adopts it, with knowledge of the facts, but reserves it until the last minute, so that the true facts cannot be known by the voters before they vote.

Since these facts have become known there is a wave of resentment at such dastardly tactics, and messages denouncing Aydlett's unworthy methods have come from every part of the District.

Men and women who love square dealings condemn it! Men and women who respect the memory of the dead, condemn it! Men and women who see in such method the desperation of one who has lost his fight and his real son are determined to condemn such methods at the polls on June 7th.

Warren is confident that the voters of this District will turn out and by an overwhelming vote declare "WE DO NOT APPROVE OF SUCH LAST MINUTE UNDERHAND ATTACKS."

Such popularity must be deserved

OLD records to break, new ones to make! Grilling tests of speed, stamina, power! And for the winner—popularity, hard-won and deserved.
So with everything else. To win popularity even a cigarette must deserve it. Chesterfield, for example, has long been winning an average of over 1000 smokers a day.
One thing alone—Chesterfield's better taste—can account for such popularity.

OUR PLAYGROUND?

About once every few years there is started in Greenville a movement for the establishing of a playground but after a lot of talk the first burst of enthusiasm wears off and soon the project is forgotten until some other organization runs short of an idea and revives the time worn hobby of a playground for Greenville children. In the meantime the future citizens of our city continue to make our streets their playground at the constant risk of their lives.

Last year the proposition again was brought to light and for awhile it seemed that the playground would be come a reality. The site chosen was the property adjoining the high school on Fifth street. Landscape gardeners and architects visited the scene and made sketches of the proposed amphitheatre, the board of aldermen agreed to build a culvert over the branch running through the site provided the town could procure a title for the property and committee from civic organizations went to work immediately to take necessary steps to have the property transferred to the town.

It was many months ago that all these preliminaries were carried out but since that time there has been no mention of the playground and no action that we know of on the part of the city to carry out its part of the program.

Does this silence mean that once again the Greenville playground is to become one of those good intentions—never enacted?

Are we to have a playground or are we going to allow the children to continue to use our traffic-laden streets as a place for recreation?

YOUR DUTY AS A CITIZEN

As a citizen you are responsible for the management of your town, state and nation. Are you doing your duty?

On next Saturday the people of North Carolina will select those persons to whom are to be entrusted the management of our affairs, both county and state-wide for the next four years. As a citizen it is the duty of every voter to see to it that the proper managers are chosen.

There are at this time many candidates in the field and as usual some are more qualified for the positions which they seek than others.

Every day the public is given the opportunity to hear some of these candidates set forth their views as to how our government should be operated. Do not fail to hear these various men express themselves. Hear them and know them in order that you may more intelligently perform that duty which befalls you as a citizen. Form your opinion as which are best qualified to run our government and on next Saturday go to the polls and express your opinion in the most forcible way BY YOUR BALLOT.

With the coming of vacation days motorists should give thought to the greater necessity this year for the protection of our forests from fire. This year has been a dry one. Last year there were 1,372 fires in our national forests. Fifty per cent of these fires were man-caused, and the area destroyed totaled 145,287 acres.

The 79 American cities having population between 50,000 and 100,000 spend approximately \$91,000,000 annually for educational purposes, other than libraries.

DOING THE BEST YOU CAN

By WICKES WAMBOLDT

The Superintendent of a large corporation was having a conference with one of his branch managers, whom he was taking somewhat to task.

"I'll tell you, sir," said the manager defensively, "I do the very best I can."

"Perhaps," mused the Superintendent, "You would get at the thing better if instead of saying, 'I have done the best I can,' you would ask yourself, 'Have I done the best I can?'"

It is quite soothing to ourselves to declare that we have done the best we can. Then all we have to do is to add the phrase, "Angels could do no more," and our complacency is complete.

The "I've-done-the-best-I-can" that has lulled many a fellow to sleep on the job.

The manager of a tourist bureau was having one of his assistants work up a special industrial tour. A week before the excursion was to leave he sent for the assistant. "How is the tour coming along?" he asked.

"Not very well," replied the man. "We still lack sixty people to fill that chartered train. But I have done the best I could. I have repeatedly circularized all that have been invited."

"Well, you have not done the best that can be done," replied the manager.

OPEN FORUM

RESPONSIBILITY OF GOVERNMENT:

In the light of the shocking scandals which have, of late, been going on in our government, it should be, and is, the conscientious duty of every citizen of this Republic to cast his vote thoughtfully and carefully.
 In the selection of our representatives, in government, every voter should select and vote for the candidate who is best fitted, by experience, ability, and his past record for honesty of purpose, for the office for which he is a candidate—this to be determined according to the opinion and conscience of the voter himself.

but this is "Utopia" and does not exist, yet—but the average citizen and voter is tired of Jingo Politics and wants to see honest and capable men in office.
 Mr. Lindsay C. Warren, candidate for Congress in the first district, comes very near to filling these requirements. He has had experience as a legislator, has a clean record behind him, and has proved his ability, his honesty and his loyalty Mr. Warren is a poor man (financially); He has no wealth to expend on his campaign. All that he has to offer the voters is his record as a legislator in his own state, and as a citizen, and his compelling personality.
 So far as the writer knows, he has no fraternal, religious, or business affiliations on which he is depending to pull him through, he is simply asking the votes of the people upon his past record, his capacity and willingness to serve them as their representative in Congress.

PATIENT CIRCLE KING'S DAUGHTERS HELD INTERESTING MEETING LAST NIGHT

The Patient Circle King's Daughters held one of the most interesting meetings of the year last evening at the home of Mrs. R. L. Smith. Mrs. Smith and Mrs. Claude Grant were hostesses. Eighteen members and two visitors were in attendance.

The devotional services were led by the president, Mrs. N. S. Fulford. The business session was unusually interesting and the various committees made most encouraging reports.

Mrs. W. L. Hall in her usual attractive manner read a paper on the "New Renaissance." Mrs. Hortense Moye who served so efficiently as president last year and who is beloved by every King's Daughter gave a beautiful reading from Gold Dust, "Beneath the Eye of God, God Only." After the readings Mrs. Hall, accompanied by Mrs. R. A. Tyson, sang several hymns.

An interesting feature of the meeting was the reporting of the organization of a new circle which will be composed of the young married ladies and the young girls. Mrs. John McKeithan will be president of the new circle.

With this circle Greenville can boast of four active circles. "The Patient Circle," "The Willing Workers," "The Stonewall Jackson Junior Circle" and New Circle organized yesterday.

The circle was delighted to have as visitors Mrs. W. L. Hall and Mrs. Porter. The hostess served tempting refreshments which consisted of punch and doughnuts.

the happiest of all reunion guests in the city now is an old negro from south Mississippi, "Colonel" Divinity, confederate champion chicken of the Confederate army.

The "Colonel" arrived resplendent in his tattered gray uniform under numerous badges, pins, and pennants. The latter were sewed to his jacket and battered cap and revealed to all who looked there upon that the "Colonel" was from Mississippi.

"Colonel" Divinity has not failed to attend a reunion in many years. His chief delight is to gather about him a group of listeners and regale them with his stories of the war and his individual escapades.

But, great as is his love for Civil War stories, the "Colonel" never fails to include in his narrative a reference to his "Mississippi white folks" as he calls them, meaning Colonel Robert N. Miller of Hazelhurst, Mississippi, on whose place the aged but doughty "Colonel" has lived for many years.

Rural Tragedy in Spain Brings Death to Four

Madrid.—Three persons were killed and one burned to death recently as a result of an attempted burglary

of a lodge occupied by a woman and her family at a remote railway crossing near Monzon.

A gipsy woman armed with a revolver broke into the lodge with the object of robbing it. The crossing-keeper overpowered her, locked her in one of the rooms and then sent her son to fetch his father. The gipsy woman's husband, who had been keeping watch outside, realizing that his wife was a prisoner, caught the son, killed him, and himself got into the lodge to release his wife.

The gatekeeper succeeded in locking him in another room where a big stock of wood was kept and then set fire to it. The man was burned to death.

Meanwhile two policemen attracted by the cries of the tortured gipsy arrived on the scene. As they entered the room in which the gipsy woman was locked, she fired and killed one of them and was herself not dead by the other.

What About County Judge?

TO THE MEN AND WOMEN OF PITT COUNTY:

"No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one and despise the other. Ye cannot serve God and mammon."

Neither can any Judge serve two masters. Our Government is dedicated to God, and our Constitution is the supreme law of the land. He must either stand for law and civilization or for lawlessness and anarchy. No Judge who stands upon the Constitution and upholds the law in accordance with the oath of office can at the same time be the servant of those who violate and defy the law. Neither can any judge, mastered by lawless minds, stand upon the Constitution and carry out his oath of office.

There is a reason why a candidate for County Judge is afraid to come out in the open and tell you publicly on which side he stands. If God and the law are his masters, he is not afraid and ashamed to speak; but if he expects to be influenced and controlled by those who violate the law and trample God and the Constitution under foot, then he must remain silent for fear he will offend his masters.

As a candidate for County Judge I have openly stated and do again repeat that if I am elected, God and the Constitution shall alone be my masters. The other candidates have seen fit to remain silent and seem to be willing to let you think what you will. Men and women of Pitt County, be not deceived! The issues in this campaign for County Judge are not individuals but principles. There is much effort secretly and in the dark to muddy the waters and divert your minds from the facts, but on next Saturday, June 7th, at the ballot box, you will determine how Pitt County stands upon his vital issue.

I have no hired workers, but am depending upon friends of the cause for which I stand, to stand by me and see that the cause we love gets a square deal at the polls, so that there will be no misunderstanding of the real intent and the purpose of the people of Pitt County. You are either for the law or against the law. Vote accordingly.

Sincerely yours

James L. Evans

June 3, 1924.

Warren Replies to the Last Minute Stab in the Back Signed by W. T. Ward

PEOPLE ALL OVER THE DISTRICT RESENTING DIRTY TACTICS NOW BEING USED AND THE ELEVENTH HOUR EFFORT TO DESTROY HIM. TO THE VOTERS OF THE FIRST CONGRESSIONAL DISTRICT:—

One W. T. Ward of Rocky Mount, N. C., has signed his name to an advertisement which has been inserted in the papers by my opponent Mr. Aydlett making a dirty, untruthful, malicious and eleventh hour attack on me. I call the attention of the voters to the fact that this man Ward does not live in the First Congressional District and therefore can not vote in this primary. He is an imported paid political hireling brought down here to defeat me. Every citizen in Martin county who knows Ward, knows that he did not write the article to which his name was signed, but that he is the mere tool of the opposition to me.

My friends and I were told seven weeks ago that this article would appear one week before the primary; that the stage had been carefully set to make this attack on men when I would not have a chance to get my reply to it before all the people of the District.

This paid tool behind whom another is hiding says that I was a paid lobbyist in 1921 of the Southern Power Co., when I was not a member of the General Assembly. I denounce this as an infamous, slanderous lie. In 1921, during the closing days of the Legislature, the Cotton Mill Trust of Western North Carolina, composed of over one hundred cotton mills, representing a total capital of over Four Hundred Million Dollars, appeared before the Legislature with a bill to upset by a law decisions that our highest court had already decided against them. In other words when they lost their case in the Court they tried to get the Legislature to win their case for them. This Mill Trust had over forty lawyers representing them from every part of North Carolina. They tried to employ me, and I refused their employment because I believed that their cause was wrong. With five other lawyers I did represent the Southern Power Co. One of these five was Hon. J. C. B. Ehringhaus of Elizabeth City who is supporting his fellow townsman, Mr. Aydlett. As a lawyer representing my client I made a fifteen minute talk before the committee hearing the matter. Not one member of the General Assembly can say that I ever discussed the matter with him or approached him in any way. Mr. Ehringhaus and I represented our client together with our three associates, as any other lawyer would do, and we won our case. The statement signed by Ward that this matter caused the poorer people of the State to pay more for power is a deliberate and unqualified falsehood, and Mr. Aydlett who is causing this statement to be circulated throughout the district knows that it is a deliberate falsehood.

This paid tool behind whom another is hiding says that I accepted large sums of money from the Moving Picture Trust to lobby against a bill for a State Censorship of moving pictures. I denounce this as an unqualified lie.

This paid tool behind whom another is hiding says that I served as a lobbyist for the banks of the State when they wanted special legislation to reduce their taxes. I denounce this as an unqualified lie. In 1921, when the Revenue Bill was drawn a clerical error was made in the paragraph taxing banks. My friend Mr. A. M. Dumay of my town was President of the State Bankers Association. He employed me to appear before the Committee as his attorney to point out his mistake. Hon. R. A. Doughton, now State Revenue Commissioner, who drew every Revenue Bill in this State for over twenty years told the committee that a mistake had been made, and the Legislature at once corrected it. Ask any banker in North Carolina and he will tell you that this statement is correct.

This paid tool behind whom another is hiding says that I was the lobbyist of the hotels of the State against a bill to protect the health of the traveling men. I denounce this as an unqualified lie.

The foregoing accusations are made against me at a time when I was not a member of the General Assembly. Now this same paid tool says that I was the bitterest foe in 1923, when I was a member, of a bill to create a State-owned ship and water transportation system. The Legislature was asked to at once vote Two Million Dollars of the people's money to buy steam boats and build docks. I did oppose such a proposition, together with the large majority of the General Assembly. I took the position that before North Carolina should enter into this scheme that the matter ought first to be investigated. My fellow members agreed with me on this proposition, and followed my leadership, and we ordered an investigation. The leader in favor of the investigation in the Senate was Senator P. H. Williams of Elizabeth City, who is supporting his townsman Mr. Aydlett. The complete and absolute soundness of my stand is shown by the report of this Investigation Committee issued just a few days ago, when they said the bill could not be put in effect by an expenditure of Two Million Dollars, but that it would require Seven Million Dollars or even more. Since this report has been filed public spirited citizens from every section of North Carolina have voluntarily written me congratulating me upon the vision that I showed in this matter. I have never represented a railroad company in my life and have always appeared against them.

This paid tool behind whom another is hiding makes a vicious appeal to a great church denomination of which he is not a member. Lindsay Warren has more members of the great Baptist Church supporting him than any candidate in this race for they bitterly resent the type of campaign that has been waged against him.

This dirty, carefully planned, false and malicious attack on me at the eleventh hour when I can not reply to it all over the district has created a wave of resentment. Telegrams and letters from men who were supporting Mr. Aydlett are coming in from all sections denouncing this submarine attack and this last minute stab in the back.

I have made a clean, honorable campaign without the aid of funds to even permit me to write a personal letter to the voters. It is a matter of common knowledge that more money has been spent to defeat me by this rich and powerful man than has ever been spent in this district. My speeches, as everyone knows who has heard me, have been free from attack of him. In my personal conversations I have said nothing but of respect for him. I have always said that if I can not go there clean, then I do not desire to go at all.

As every one in his section knows, Mr. Aydlett has been one of the foremost corporation lawyers in North Carolina. He has appeared before the Legislature in his capacity as an attorney time after time in behalf of his rich and powerful clients, and when I was a member has solicited me to vote in behalf of the measure he was interested in. This attempt to try to make me appear in his same light makes people laugh who know us both. I was the man who led the fight in the General Assembly against exempting from taxation stocks in foreign corporations. Mr. Aydlett's business associate and supporter Senator Williams of Elizabeth City was one of the leaders in exempting these stocks from taxation.

THE PEOPLE IN THIS DISTRICT WILL CONDEMN IN NO UNCERTAIN TONES THIS DIRTY LAST HOUR ASSAULT ON ME. THEY ARE GOING TO THE POLLS WITH MORE DETERMINATION THAN THEY EVER HAD. THIS THING WILL RISE UP TO STRIKE IN THE FACE THE ONES WHO INSPIRED IT. IT WILL GIVE ME A LARGER MAJORITY THAN I EVER EXPECTED FOR THE PEOPLE ARE FAIR AND DESIRE TO SEE A MAN EVEN IF HE IS POOR, GET A SQUARE DEAL.

Summary of Government Weekly Weather and Crop Report.

Washington, D. C., June 4.—Cool rainy weather in northern cotton districts east of Mississippi river and quite generally in western portion of belt, decidedly unfavorable for cotton but reasonable temperatures somewhat more favorable in south-east. Cotton deteriorated in Texas where considerable washing occurred in flooded bottom lands and general condition is mostly rather poor, with insects increasing but damage so far slight. Cotton stands irregular in Oklahoma, general condition averages rather poor with planting and replanting still in progress. Rains in parts of Arkansas hindered cultivation but benefited late cotton and stands of early cotton very good in most places though size irregular. Deterioration to only fair progress occurred in Louisiana, while frequent rains unfavorable for cultivation in Mississippi with complaints of weedy fields. Progress mostly to fair in Alabama where heavy rains prevented needed cultivation and stands are irregular. Warm nights beneficial in Georgia, though still too wet in northern portion where chopping hindered and stands irregular. Condition fairly satisfactory for cotton in Florida and South Carolina, the nights rather cool in parts of latter state and crop generally backward. Some improvement reported in North Carolina the still rather too cool and rainy while continued cold wet weather decidedly unfavorable in Virginia, Tennessee and farther north in the Mississippi valley.

Daily Cotton Letter.

New Orleans, June 4.—Today's weekly weather and crop government report, the first issued since monthly crop returns were made to the government on May 25th, which showed the lowest condition on record for this time of the year with the single exception of 1920, indicated no improvement in the condition of the crop, perhaps if anything so deterioration was without effect on values, the better weather outlook for the interior having more influence on sentiment and the market, resulting in a further sharp reaction downward.

GREENVILLIANS GO TO WILSON ATTEND REVIVAL SERVICES

(Continued from page 1)
The train left Wilson for the return trip at ten o'clock. Such religious joy and enthusiasm is seldom seen as was participated in by all on board during the return trip. Song, prayer and testimony was the order of the day. How it thrilled the hearts of the older Christians to see the shining faces and hear the happy testimonies of the recent converts.

Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui."
At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life.
If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others. At all druggists. EX-98

Renfrew, John Clark, J. B. Kittrell, Jim Starkey and many others were so happy that their happiness was contagious to that extent that every member of this party will bear witness today that no more delightful time was ever enjoyed than was this.

Mrs. Ada Cherry, the oldest member of the Greenville Methodist church, added no little to the pleasure of the trip by singing several of the old negro melodies. Though past her three score and ten birthday, Mrs. Cherry still retains to a remarkable degree the sweet, mellow voice which in her younger days thrilled many hearts with religious emotion and led many souls to accept Christ.

The writer could not but think as he noted and shared in the holy joy and enthusiasm so evident to all what a liar the devil is, for it is one of his stock arguments against religion in dealing with young people, that if you fare a Christian you can never have a good time in this world. Our Lord said of him that he is a liar and the father of lies. The truth of the business is the only source of pure unadulterated happiness in this life is in the consciousness of being at peace with God.

Already another special train is being planned for and if suitable arrangements can be made doubtless a much larger number will go next week to enjoy the meeting in Wilson.

GERMANS AGAIN TO EXPLAIN WHY THEY SANK THE LUSITANIA

Berlin.—The German account of the sinking of the Lusitania is to appear shortly in a new volume of the German official naval history of the war.

The account as given in the book is based on the log of Commander Schweiger, of the U-20, and the torpedoing of the Lusitania is justified by the German author on the statement of a customs officer of New York, who contended that the steamship carried ammunition. The same arguments as advanced after the sinking, in which the British were held responsible for the lives lost because they insisted upon carrying ammunition on a passenger steamer, are set forth in great detail in the book.

To The Democratic Voters OF THE First Congressional District

I am writing this letter without the knowledge or procurement of my friend Lindsey C. Warren. I was intimately associated with him during two sessions of the General Assembly of North Carolina. In all of his acts as a legislator he was strong, able clean and clear cut. I consider him an able leader of character and integrity, and I commend him to the Democratic voters of the First Congressional District
