Artists Colony Will Be In Existence On Outskirts Asheville

ASHEVILLE, June 16.—A colony of the foremost artists in the world will soon be in existence on the outskirts of this city. It will be inhabited by such artists as Gutzon Borglum, Jonas Lie, Henry Hadley, Alfred Kreymborg and Edward Gordon Craig.

The purpose of the colony, it was explained, is to bring together the best in art in the world and through such work and teachings as these artists select to do at the colony, to bring about a renaissance in America. It is said that this plan is unprecedented in the world of art.

Among the arts that will be taught will be painting music the art of theater and literature. The charter for the Chronicle House of Asheville, as the colony will be known, was issued some time ago by the Secretary of State Land has just been purchased totaling 69 acres from the Kaminer estate on the French Broad River. PITT COUNTY NOW ON VERGE TYPHOID FEVER EPIDEMIC

Twenty-Six Cases To Date; Death Rate Is Extremely High

There are 26 cases of typhoid fever in Pitt county today. These cases will cost the county over \$10,000 to say nothing of the loss of time, suffering and possibility of death in families affected. The death rate is exceedingly high, proving that this particular epidemic is extraordinarily severe. The homes in which these cases are confined are not screened.

Not a single sanitary privy at any of the homes. Not a single person suffering with the disease in Pitt county today has ever been vaccinated with the typhoid serum. It costs very little to screen a house. Sanitary privies are inexpensive. The whole time health officer gives the typhoid vaccination free. Two thousand people have taken the treatment this month. There is no excuse for any man, woman or child having typhoid fever in Pitt county and every person who is affected is suffering because of somebody's laziness, procrastination and neglect. Farmers who have tenants should see that every family on their farms from oldest to youngest are vaccinated with typhoid serum. Unless this is done just about the time for housing tobacco we are going to see a horrible epidemic of typhoid fever. It is better to be safe than sorry. Have every one vaccinated immediately.

THREE DIE WHEN AUTO OVERTURNS NEAR PETERSBURG

Prominent Richmond Woman and Two Raleigh Men Dead; Two Others Injured

PETERSBURG, Va., June 16.—Three persons were killed and two injured early today when the automobile in which they were traveling from Richmond to Raleigh left the road and struck a telephone pole at the foot of a 10 foot embankment on the Richmond Petersburg turnpike.

The dead are Mrs. Armelia Heller, of Richmond; Gerson Heller and Morris Rosenthal, of Raleigh. Miss Beulah Hetzler, of Richmond; and Stanley Kahn, of Raleigh, were injured.

Neither Miss Hetzler or Kahn is thought to be seriously injured although at the Petersburg hospital it was announced that Kahn would be kept in the institution for several days. He was severely cut about the head. Miss Hetzler left the hospital after being treated for slight cuts and bruises.

The dead are thought to have been killed almost instantly. The cause of the disaster is still undetermined.

The party left Richmond early today for Raleigh and just as the machine left the brink of the hill near Dutch Gap, a witness declared, it suddenly skidded, swerved to the right and turned over the embankment. Mrs. Heller, Gerson Heller and Rosenthal were dead when taken from the wreck. The injured were brought here for medical attention.

One witness ventured that the brakes of the machine locked when the driver attempted to slacken his speed when he passed a wagon going in the opposite direction, causing the machine to become unmanageable.

Raleigh, June 16.—Gerson Heller, who was killed in an auto accident near Petersburg early today was one of the leading young business men of this city. He had been engaged in the shoe business here for a number of years recently taking over the store of Heller Brothers upon the death of his uncle, Herman Heller.

Morris Rosenthal, also killed, was the son of M. Rosenthal, who has been in the grocery business here for half a century.

Heller and Rosenthal were both prominent in Masonic circles both being Shriners.

SECOND PRIMARY BE HELD JULY 5

Frank Grist Demands Run-Off Race After Other Candidates Agree Give Up Contest

RALEIGH, June 16.—Hopes of party leaders in every section of the State against a second primary to determine three undecided contests in the campaign ending a week ago crumbled yesterday when F. D. Grist, runner up in the contest for the nomination for Commissioner of Labor and Printing telegraphed W. H. Neal, chairman of the Board of Elections making formal request for a run-off.

Conferences here Saturday between the second men in the contest for Attorney General and Commissioner of Agriculture resulted in the announcement that neither would ask for a second primary but would enter in the event the third candidate declined to consent to the agreement. Since the contest has been re-opened, Charles Ross will enter again for Attorney General and Fred P. Latham for Commissioner of Agriculture.

The State Board of Elections will meet today to make a formal canvass of the vote cast in the primary last Saturday week, and at the same time will call the primary demanded by Mr. Grist. Under the primary law a second contest must be held four weeks after the first, which date falls on Saturday, July 5th. Tickets will be ordered printed and distributed to the 100 counties throughout the State.

Nearly 200 Indians Will Be Awarded Land By Gov't.

Mr. Weaver will spend the summer months here, during the recess of Congress.

Under the Indian Bill passed by Congress it was explained, the Indians of the Western North Carolina reservation will receive allotment of lands individually instead of as whole as heretofore. Besides the land allotments, the Indians receive and he states that he expects the full citizenship and will be allowed to vote in the next election, said the Congressman.

Oklahoma

One of the Wealthiest States in the Union
Its Total Income in 1923 Was One Billion and a Half!

Manufacturers—Intensify Sales Efforts Here!

Sell the territory near at home. You save on traveling expenses and you can meet competition better because of advantageous freight rates.

Many Southern manufacturers do not realize the changes that have taken place in the South in the last decade. They do not know that the South is rich and prosperous, and that a concentrated sales drive under the proper advertising and merchandising plan would produce large increase in sales.

Why Oklahoma is a Fertile Field for The Sales Manager

Of course when anybody thinks of Oklahoma, he thinks of oil. The state has ranked first in oil production each year for the past five. But Oklahoma is likewise a great agricultural state.

It ranked fourth in cotton production in 1923, first in broom corn, eighth in wheat, third in grain sorghums.

In 1919, Oklahoma produced \$425,000,000 in manufactured products, according to U. S. Statistical Abstract—including flour and grist mill products, lumber, packing plant products and cotton seed products.

In character of population, Oklahoma has everything favorable to offer. The native-born white population is 89.8%, according to the U. S. Census Bureau. Indian population is 2.8%, and Negroes, 7.4%.

Illiteracy among all classes is only 3.8%—among the lowest in the Southern states.

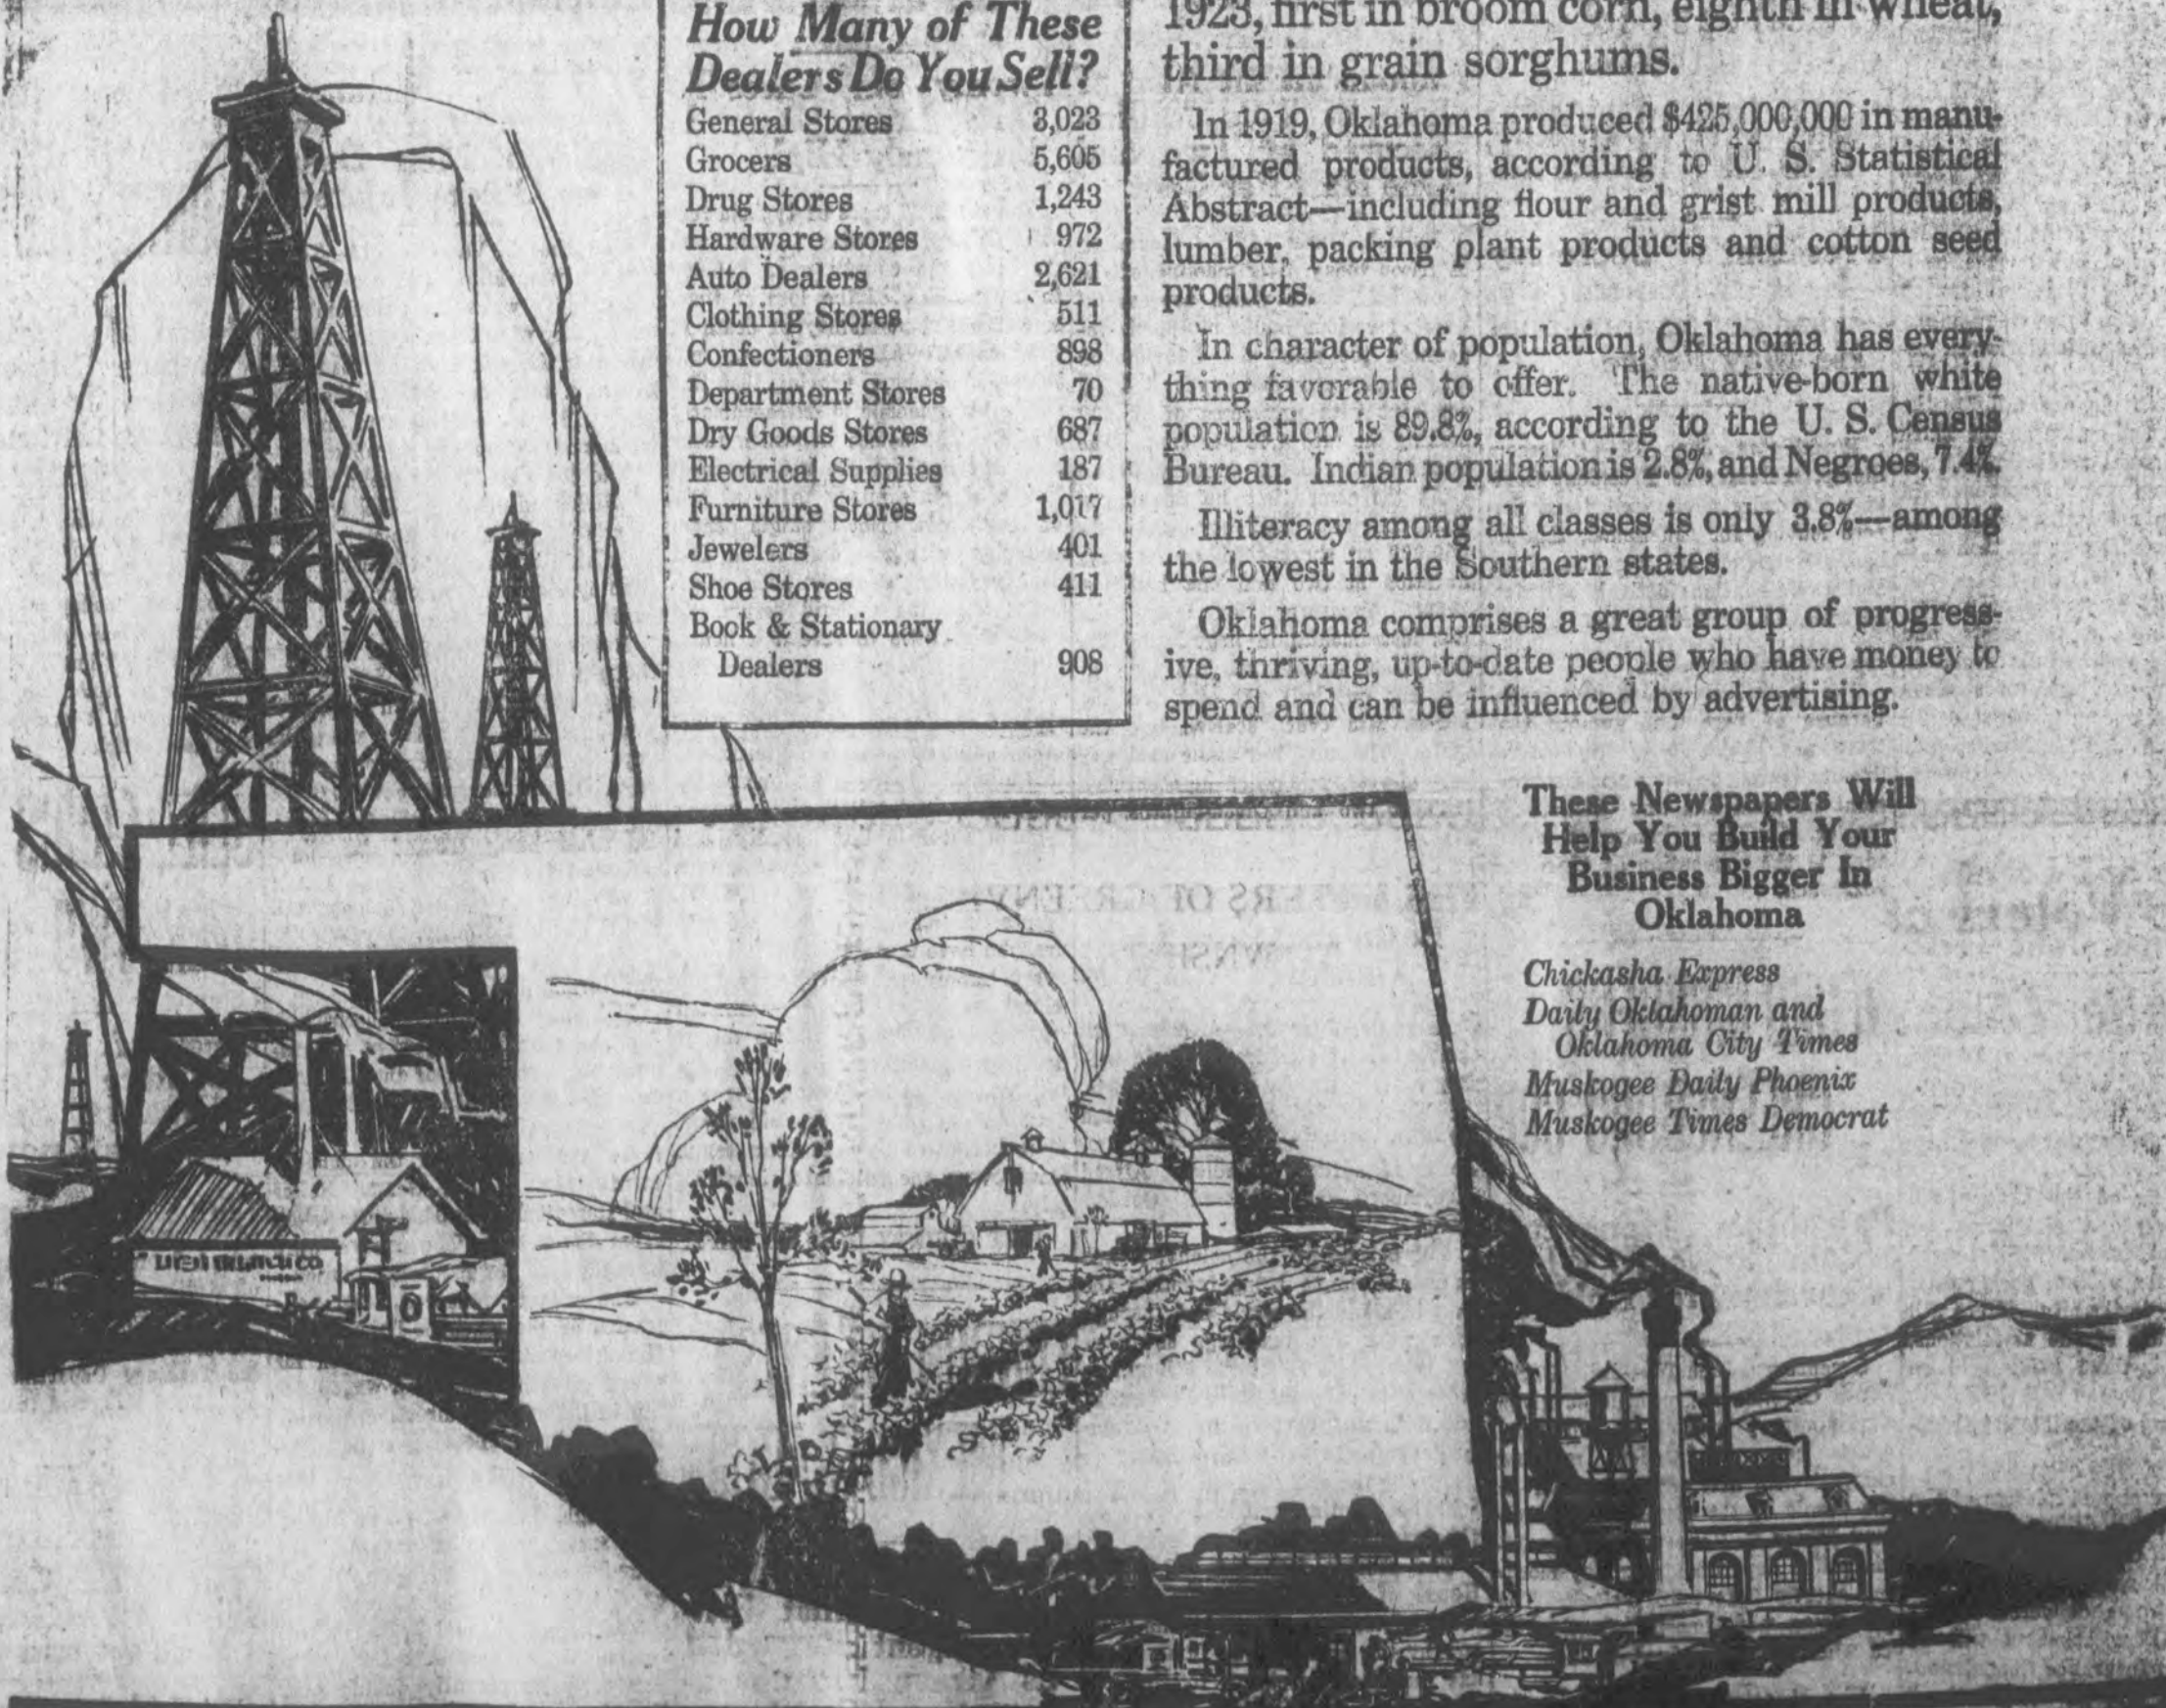

Oklahoma comprises a great group of progressive, thriving, up-to-date people who have money to spend and can be influenced by advertising.

To The Voters of Greenville Township

I feel most grateful for the loyal support given me in the primary on Saturday. Believing that those who know of the efficient and faithful service which I have rendered in the enforcement of the law in the past desire my election, I shall be a candidate for the office of Constable of Greenville Township at the second primary to be held on the First Saturday in July.

I ask the support of every voter who wants the law enforced and the duties of the office faithfully executed, and assure you that if I am the choice of the next primary, I shall worthily perform my trust.

Yours for service,

THAD J. WILLIAMS

TO THE VOTERS OF GREENVILLE TOWNSHIP

I wish to express to the voters of Greenville Township my thanks and appreciation for the support given me in Saturday's primary. To those who supported my opponents I have only the kindest feeling.

In Saturday's primary I was the leading candidate for Constable and as the voters thereby expressed their preference for me over the other candidates, I feel that my opponent should be willing to abide by the result of the first primary. However, Mr. Williams has asked for the second primary and I wish to ask my friends who supported me in the first primary for their continued support of me in the second primary and to my friends who supported my opponents I solicit and ask your support in the second primary.

I feel that having been Constable for only two years after December of this year that I am entitled to the office of Constable for the usual two terms.

If elected I pledge myself to the earnest enforcement of the law and the faithful discharge of the duties incident to the office of Constable.

Thanking you for your support of me in the second primary to be held on the first Saturday in July, I am,

Respectfully yours,

HEBER T. SAVAGE, Constable,

THE CHICAGO MURDER TRIAL

The approaching trial of Chicago's two youthful murderers and kidnapers has so many interesting angles that it has already challenged the attention of all classes of readers. As the trial progresses, lawyers and laymen alike will be interested in the development and character of the defense. The prosecution has already shown its full hand and claims to have a "perfect case," proof against attack from any angle.

There are many thousands of persons who are always attracted by the morbid in our criminal courts. On the present occasion the appeal is to many who ordinarily never follow such proceedings. The medical profession will be interested because the public has already been informed of the intention of both sides to present a phalanx of alienists and experts in mental abnormalities. Without doubt new theories will be advanced and new diagnoses will be presented that will be used in the future by doctors in the treatment of patients who have not entered upon a criminal career, but those symptoms are similar to those ascribed to the defendants in the Chicago court. Then educators, preachers, moralists and parents will follow with absorbing interest what may be developed or sought to be developed as the underlying incentives or fundamental causes leading up to the commission of a crime whose revolting features have shocked the entire country.

Some commentators on the case have expressed regret that there could not be a change of value that would transfer the trial to Old Bailey in London. That tribunal is famous the world over for the celerity with which it administers justice and the completeness with which it suppresses all appeals to mawkish sentimentality. Old Bailey might dis-

pose of this case within the time it will take the Chicago court to select a jury, and that would be the end of it as far as the public is concerned.

However, if it is true that good may sometimes come out of evil, then it is possible that this may be one instance of verification of the adage. At least one of the self-confessed criminals has avowed himself to be an atheist. Perhaps it may be developed that neglect of religious training and hence a lack of sense of personal responsibility to a Supreme Being was one of the factors in cultivating an exaggerated ego in the youthful criminal. Other lay followers of similar cases have ascribed absence of parental discipline as a contributory cause of degeneracy, not specifically in the Chicago case, but in many others that appear in the daily news calendar. Many worthy men and women who recall their own youth feel that too much stress is laid upon the assumed right of so-called self-expression in the children of today. Then the question has been discussed as to whether or not abnormal precocity should be encouraged or discouraged. The proud parent or teacher may unconsciously administer the virus of vanity with the stimulant to greater achievement by a prodigy, and unless the latter is super-human, distressing results may follow. So few of us observe the happy mean.

These are some of the things that the Chicago trial is expected to furnish as food for thought on the part of the serious minded who follow its progress.

London society women are "up to snuff" literally. At least they are reported indulging in pinches.

Gen. Dawes was born in Ohio. We knew Ohio would land somewhere.

If LaFollette happened to become president he would be entirely unhappy because he could not disagree with his policies.

What in other days on the part of youth would have been called "cussedness" is now given a more scientific name by psychiatrists.

We observe that a man writes to say that Bryan is greater than any other 10 living men in America. He appears to admire Bryan.

Gov. Bryan of Nebraska seems to feel that his chances ought to be good since Democratic conventions have had so much experience in nominating.

The French may be speedier in the process of supplanting one president with another, but ours stick tighter.

EVANS WITHDRAWS FROM PITT COUNTY

TO THE VOTERS OF PITT COUNTY: As announced at the beginning of the campaign for County Judge not for mere political order, I render service to the public by bringing to court in which the law would be strictly, fairly administered without fear or favor in accordance with office and in which every lawyer would receive fair treatment in the practice of his profession.

I have made a vigorous and aggressive campaign for principles and the vote in the Primary last Saturday show my efforts were not altogether in vain. The vote was as follows: Darden 2135; Evans 1975 and Cooper 1233, giving Darden lead over me of 180 votes. However, as Darden does not have majority of the votes cast, I have the privilege under the law of calling a second primary against him. As is often the case in human experience, he who does the fighting receives the scars of battle. In this campaign I have received the stabs of the enemy and Darden receives the fruits of victory.

As there was nothing selfish in my fight and as Mr. Darden is willing to try to bring into existence the ideal of a court for which I was fighting and is making his declaration to that effect in today's paper, and as I have no desire when the main objects for which I contended have been accomplished to further engage in a mere scramble for office, I have decided to save the expense and worry of another campaign and have agreed to withdraw from the race and permit Mr. Darden, the leader in the primary, have the nomination.

I consider that I received a splendid vote in the Primary last Saturday and one of which I am very proud; and I wish to personally thank one and all who so loyally stood by me in my fight for the right, and I want all of you to feel that I have in no sense abandoned the fight. In the future you can depend on me to stand for the right as I have done in this campaign. I am now doing what I consider for the best under all the circumstances after mature consideration and I trust that my course will meet with your approval.

TO THE CITIZENS OF PITT COUNTY

I wish to thank the voters of Pitt County for their support of me for Judge of the County Court.

I am advised by my nearest opponent, Mr. Evans, that there will be no second primary. Therefore, being the nominee for this office I shall, on becoming Judge, as before stated, strive and endeavor to the best of my ability to see that all the criminal laws are strictly, fairly and impartially enforced without fear or favor to any person, persons, or sections, and in perfect accord, so far as I am able, with the oath of office and the best interest of the public.

It will be my aim and purpose to accord to each and every attorney, fair and equal opportunities of practice in the County Court and I ask their co-operation in the just administration of the laws.

Men's Federation Conducts Services In Simpson Sunday

The Men's Federation had charge of the services in Simpson Methodist Church Sunday afternoon. Rev. L. L. Smith has been conducting revival services in Simpson for the past week and it was in response to his invitation that the Greenville people attended the services yesterday. Mr. Johnnie Clark had charge of

the services and made a most inspirational talk. Several converts of the Ham-Ramsay meeting testified and several others who are interested in the great work which is being accomplished throughout this county for Christ made splendid talks.

The Men's Federation has come to the conclusion that the devil has had charge of Pitt county long enough and they are mustering their forces and are going to wage a war against the devil and his forces. Their slogan is "Pitt County for Christ." Several ladies accompanied their husbands yesterday and testified, telling of their interest and offering their services in helping make a "clean county."

The citizens of Simpson testified and expressed their pleasure at having so many of the Greenville people attend their services.

The revival will continue through this week and the public is cordially invited to attend. Mr. Smith is a splendid preacher and is delivering strong and forceful sermons.

On next Sunday evening the Men's Federation will have charge of the services in the Methodist church in Bethel. These services are for the public and are most inspiring and enjoyable. Don't fail to attend.

Women Will Hold Prayer Services On Tuesday Afternoon

Some neighborhood prayer meetings among the women of the town have been going on since the McLendon meeting. Several others being during the Ham-Ramsay meeting are still kept up. New ones have been planned within the last few days, so on next Tuesday afternoon June 17, there will be ten of these community prayer meetings in as many different parts of the town. These meetings belong to the women of the town. The hostesses will try to reach their friends and neighbors by telephone but if any one happens to be out at the time that she is called please attend one of the meetings on Tuesday any way without waiting for any further invitation.

At the meetings on Tuesday plans will be made for the summer. The meeting may be discontinued or made permanent. If it is to be kept up a plan may be adopted which will suit the individual groups. Leaders among the women of the different churches have been consulted and have agreed to this arrangement.

At these meetings and through this article, an invitation is extended to every woman who cares to do some real Bible study to attend the Bible class conducted by Mrs. J. F. Brinkley from 10 to 11 o'clock every Wednesday morning at the Presbyterian

church. It is also hoped this meeting may help in preserving the neighborhood prayer meetings and making them a unit.

On Tuesday afternoon at four o'clock there will be meetings at the following places:

- Mrs. Zeb Murphy's, Dickinson Avenue.
- Mrs. G. A. Clapp's, Evans St.
- Mrs. W. D. Pruitt's, Elizabeth St.

This is from a recent book on health: "Many physicians now recommend gum chewing . . . for a better and more complete change of the starches into dextrin."

Your children's food

The foods your children eat today, determine their strength and health in later years.

Remember this; they must have well balanced meals. Their food should contain the right amount of mineral salts. These salts act as bone building material. They furnish the different fluids and juices that help keep the tissues young—the body strong and active.

Bakings that are made of good plain white flour and baking powder contain a large amount of mineral salts. Allow your children to eat hearty of these bakings together with fruits and dairy products. This forms an ideal food balance.

When making quick rising breads and pastries such as: biscuits, muffins, cakes, waffles, etc., don't fail to use Calumet—the economy Baking Powder. It contains more than the ordinary leavening strength—it's the purest and surest leavener made. That's why it helps make your flour foods light and easily digested.

Millions of mothers use Calumet daily because they are interested in their children's welfare—their present and future health.
