Grist Today Renews Demand For a Second Primary

Official Vote State Primary Is Announced

McLean's Majority Over Bailey Over 67,000—Grist Demands Second Primary to Determine Race For Commissioner of Labor and Printing Primary to be Held July 5. Warren's Majority For Congress 4,000

Raleigh, June 18.—Angus W. McLean, Lumberton, defeated J. W. Bailey, Raleigh, for Democratic nomination for governor in the primary held June 7 by a majority of 67,627 votes according to official figures announced today by the state Board of Elections. The vote was McLean 151,197; Bailey, 83,573.

The official vote of candidates for other offices follow: Lt. Governor, J. Elmer Long, Durham, 80,231; Captain Robert R. Reynolds, Asheville, 68,676; T. C. Bowie, West Jefferson, 62,096. Auditor, Baxter Durham 119,900; J. P. Cook, Concord, 83,162. Attorney General, Dennis Brummitt, Oxford, 78,411; Charles Ross, Lillington, 70,448; Frank Nash, Raleigh, 56,187.

Commissioner of Agriculture, W. A. Graham, Raleigh, incumbent, 92,501; Fred P. Latham, Beheven, 76,808; T. B. Parker, Raleigh, 37,776. Commissioner of Labor and Printing, M. L. Shipman, incumbent, 81,011; Frank Grist, Lenoir, 69,158; Luther M. Nash, Goldsboro, 19,980; O. J. Peterson, 31,556.

Insurance Commissioner, Stacy Wade, incumbent, 161,463; J. F. Flowers, Charlotte, 41,340. Corporation Commissioner, George P. Pell, incumbent, 123,588; Oscar Carpenter, Kings Mountain, 78,240. Congressman, First District, Lindsey C. Warren, 14,032; E. F. Aylett, 6,675; E. J. Griffin, 1,055; S. M. Mann, 2,303.

Frank Grist runner-up to Shipman in the race for commissioner of Labor and Printing formally renewed his demand for a second primary to determine the winner of that race it was announced by the secretary of the State Board of Elections. As a result of this action a second primary will be held Saturday July 5.

In the recent Democratic primary of June 7 races for state offices are still undetermined as none of the candidates in the three contests received a majority of votes. The offices are Commissioner of Agriculture, Commissioner of Labor and Printing and Attorney General.

Fred P. Latham, runner-up in the race for Commissioner of Agriculture refused to demand second primary and yesterday withdrew from the race conceding the election to W. A. Graham, though Graham did not have a majority.

Charles Ross, runner up to Dennis Brummitt in the contest for Attorney General, stated several days ago that he would not demand a second primary if the other candidates did not do so but he has not stated definitely whether or not he will run since the second primary has been called by another candidate.

Excavation Gas Plant to Begin On Tomorrow

Four car loads of gravel to be used in the construction of the Greenville gas plant arrived today. Excavation will begin Thursday.

Offices in which gas ranges can be displayed will be opened just as soon as possible.

The Western Gas Construction Company of Fort Wayne, Ind., has been given the contract for the building of the gas machines.

WALSH BOOMED FOR PERMANENT HEAD NAT'L CONVENTION

Oil Scandals to be one Chief Issues of Convention. Thousands Great McAdoo Upon Arrival in New York Today.

New York, June 18.—The campaign of William G. McAdoo for the Democratic nomination as president enters its final phase upon his arrival from Los Angeles today to advisory charge of his forces.

Several thousands, it is anticipated, will be at the depot to greet Mr. McAdoo who is being accompanied by his wife and two daughters. The welcoming delegation will form a parade and conduct the former secretary of treasurer to the Hotel Vanderbilt, which will be his home during the convention. He has engaged the suite of rooms formerly occupied by Enrico Caruso.

National committeemen and delegates already in town, are displaying a decided sentiment in favor of Senator Thomas J. Walsh, Montana, leader in the oil investigations, for permanent chairman of the convention. It is generally agreed in as much as the oil scandals are virtually certain to be one of the chief issues of the campaign, it would be a wise move to capitalize the Montana Senator's nationally known connection with the investigations. There is also a feeling that it behooves the party to show Walsh this appreciation for his efforts.

Captured Two Stills In Swift Creek Township Yesterday

Constable D. M. Seymour captured two stills in Swift Creek Township yesterday afternoon and brought them to Greenville. The operators evaded capture.

When Mr. Seymour found the first still it was being bricked up preparatory to being put into operation. The second outfit was located about one quarter mile from the first and in a short while would have been in full operation as the wood was already placed ready for a fire to be started.

Strange Beetle Found. Oakland, Cal.—E. L. Knowlin, a rancher at Hayward Heath, has found a weird beetle that resembles a human skull. Local experts have been unable to classify the beetle and it has been sent to the University of California for further study. It is the size of a man's thumb-nail and in shape as well as in general appearance is like a skull.

Here is the Yale Varsity eight which won the right to represent the United States in the Olympic games in Paris by defeating the U. S. Naval Officers' crew, the Naval Academy crew and the University of Pennsylvania crew at Philadelphia. A new world's record of 5:51.45 for the Olympic distance of one and one-half miles was established. Left to right, the crew is composed of A. L. Lindley, stroke and coxain; B. M. Spook, No. 7; H. T. Kinsbury, No. 6; J. L. Miller, No. 5; J. B. Rockefeller, No. 4; M. Wilson, No. 3; E. P. Sheffield, No. 2, and L. G. Carpenter, bow. Seated is L. B. Stoddard, coxswain.

APPLICATION FOR BONUS TO BE MADE THROUGH AMERICAN LEGION POST

The Pitt County and Farmville Posts of the American Legion last night at 7 o'clock held a joint meeting and enjoyed a delightful barbecue dinner at the farm of Mr. D. L. Turnage with Messrs. Turnage, D. C. Moore and T. W. Rouse as hosts.

Following the barbecue the open air meeting was called to order by W. H. Rogers, commander of Pitt County Post and Mr. John H. Paylor, commander of Farmville Post extended greetings from his post and expressed his appreciation at being present on such an occasion. This talk was followed by a short talk by W. H. Rogers who extended the thanks of Pitt County Post to the hosts for the enjoyable entertainment.

Dr. Charles O'H. Laughinghouse was called upon for a few remarks as to why he joined the American Legion and what the legion meant to the ex-service man and the country. His talk set forth some of the ideals and objectives of the Legion throughout the country and was inspirational and greatly enjoyed.

J. H. Waldrop, former commander of Pitt County Post talked on the bonus and what steps must be taken to obtain same. His talk was supplemented by remarks from Commander Rogers, who stated that he had been advised by the state adjutant that all applications for the bonus by ex-service men must be made through the American Legion if they are to receive attention. He has been advised, he said, that the government will at an early date furnish the legion posts throughout the country proper forms for making application and that authorities had advised that personal correspondence by ex-service men direct with Washington would not be accepted. As soon as the blanks are received, he said, the public will be notified and the Legion Post will be glad to aid any ex-service man whether a member or not in getting his bonus.

AMERICAN REPLY IN HANDS JAPANESE

Document Marked by Spirit of Friendliness and Will be Examined in Same Spirit.

Tokio, Japan, June 18.—The American reply to the Japanese protest against the exclusion of Japanese from the United States is marked by a spirit of friendliness and reasonableness and will be examined and considered in the same spirit, authorities stated here today.

Deciding of the document after its cabled transmission from Washington was completed at the Foreign office late today but official comment was withheld. The government has not decided what further action it will take regarding the exclusion issue.

Hawaiian Sugar Crop. Honolulu.—The 1924 sugar crop of Hawaii will bring the planters slightly more than \$80,000,000. These estimates are made by officials of the sales and statistical agency of the planters' association.

BIGAMIST DRAWS 10 YEAR SENTENCE

Winston Salem Man Given Prison Term Following Plea of Guilty.

Greensboro, June 18.—C. S. Mowrey, of Winston-Salem, was this morning sentenced to serve 10 years in the state prison at Raleigh and wear a felon's stripes, by Judge Henry P. Lane in Superior Court following a plea of guilty to the charge of bigamy.

He married Miss Mary Lewis here September 18, 1918 and on April 4, this year he married Miss Ophelia Brown, of Davidson College. Both the young women testified against him.

NEGRO FACES FOUR CAPITAL OFFENSES

The Alleged Slayer of Greensboro Patrolman Will go on Trial This Week.

Greensboro, June 18.—James Davis, negro who is alleged to have shot and killed Patrolman Elmer E. Honeycutt of the Greensboro police department last Sunday, was today held for the grand jury without bail following arraignment in municipal court. He was arraigned for murder and three burglaries, four capital offenses under the state laws.

This afternoon Solicitor Spruill will make presentation of the case to the grand jury and if true bills are returned the negro will go on trial either Thursday or Friday.

Examination of the uniform coat worn by the officer when he was killed, shows powder burns which is evidence that the negro's pistol was held against the patrolman.

Barbecue Dinner At Country Club This Afternoon

The members of the Greenville Country Club will be hosts to the members of their families at a barbecue dinner at the club this afternoon at 6:30 o'clock. All single members can invite one guest.

PREDICT END OF MAJOR PARTIES

Chairman Third Party Convention Severely Criticises Democrats And Republicans

Saint Paul, Minn., June 17.—Prediction that the Farmer-Labor party will eventually dispose of the two capitalistic parties holding power at this time was made by Charles E. Taylor, Montana state Senator, in his address today formally accepting the chairmanship of the Farmer-Labor-Progressive National Convention. Taylor severely criticized the Democratic and Republican parties and issued an appeal to the farmers and workers to unite more closely in political action and urged a ballot box revolution.

He greeted the delegates in the "name of thousands upon thousands of bankrupt farmers—farmers who during the past few years have lost all—and in the name of numbers of workers and unemployed of this nation.

"Out of this historic meeting is destined to grow a great mass-class farmer-labor party which in a few short years will dispose of the two capitalistic parties that hold power today and take over power in this name of the workers and producers of the realm setting up a government of the workers, for the workers, by the workers."

Richmond, June 18.—Richmond police are today making every effort to locate Walter Jordan Sydnor, (following identity late yesterday of the body of a woman found in the river as that of his wife, Mrs. Violet Worley Sydnor. Nothing has been heard of the husband since he left the home of his wife's parents Saturday evening after talking to Mrs. Sydnor.

Mr. E. M. Raney, step father of the wife, who with her mother identified the body, told of the arrival Saturday of Sydnor from Columbus, Ohio, after he had spent a month in an effort to secure work there, in Roanoke and other places.

Raney said the couple had been unhappy since his life discovered after their marriage in Halifax, North Carolina, that he had another wife in this city.

Immediately after Sydnor's arrival at the Raney home Saturday the couple had a long talk and Mrs. Sydnor said afterward that they had reached an agreement to separate peacefully. (She said she was to meet him outside later for their final talk, Raney said. Raney said he gave Sydnor a change of linen and he left the house followed about seven o'clock by his wife. Neither had been seen afterward until Mrs. Sydnor's body was recovered from the river.

WILL ENFORCE SPITTING LAW

Ordinance Prohibiting Spitting on Side Walks to be Rigidly Enforced

At the request of the Pitt County Health Officer, the ordinance prohibiting spitting on sidewalks in Greenville will in the future be rigidly enforced.

There is an ordinance of long standing, which says that spitting on sidewalks is a violation of the sanitary laws of the town of Greenville, and that a violation of same is subject to the penalty of the law.

For the past few years people have grown negligent and not thinking of the great number of germs lurking in sputum, have spit on the sidewalks and in public places. This habit is not only objectionable to the citizens, but also endangers the lives of the entire community. As the sputum dries the wind takes it and carries it to all parts of the city. Innocent people, little children as well as grown ups, breathe them into their systems and in this way many epidemics of diseases have had their origin.

The mayor and the officers of the town of Greenville, having had their attention called to this violation of one of the city's most important ordinances, as pertaining to health, will see to it that the law is enforced. The co-operation of the public is needed. Let's pull together for a cleaner and more healthy Greenville.

Mr. K. W. Cobb has returned from Suffolk where he has been in the interest of the Atlantic Coast Realty Company.

# MOVIE CENSORSHIP INTRICATE PROBLEM AVER CLUBWOMEN

Los Angeles, June 13.—Censorship and control of the motion picture industry, the betterment of the quality of films and their increased use for educational purposes, these form intricate and perplexing problems, it was stated to the biennial convention of the General Federation of Women's Clubs here yesterday by Mrs. Harry Eddy of New York, chairman of the federation's national division of motion pictures.

"A motion picture is that of censorship," Mrs. Eddy explained. "It is taken for granted that there must be some protection from the exhibition of questionable films, but whether it shall be state control or federal or community pressure upon the local exhibitors, has evoked expressions of sincere differences of opinion. The ordinary citizen, busy with his daily duties, cannot spend his time viewing pictures and it would seem as if the responsibility for compelling productions to adhere to some fixed standards of morality ought to be lodged in the hands of capable persons who have no other claim upon their time and attention.

"Complaints about the filming of books whose popularity as 'best sellers' depends upon the exploitation of the so-called sex problem have been received and passed on to producers, but the pictures as a rule are free from the objectionable features of the books and our protests fall flat."

Mrs. Eddy said the federation's motion picture committee started with a fresh enthusiasm which embraced the immediate solution of the motion picture problem, but as we progressed we became impressed with the intricacies of the situation and began to recognize the fact that the tremendous investment of capital and time which provided this form of entertainment is not to be quickly affected.

"A study of the business side of motion pictures will give one some comprehension of the structure of the industry against which we are pounding and the difficulty of financing the venerable post of attack. It will also show us the necessity of keeping the industry stable enough to attract capital for without improvement in the field will be impossible.

"It was appreciation of this that led our committee to seriously consider some action in regard to the banning of pictures because of the reports of questionable conduct of actors. After due deliberation we declared our endorsement of the policy of believing a person innocent until proven guilty of the offense charged or related to the offense in such a way as to make his appearance distasteful to right-thinking people.

"In addition to trying to hold suitable performances for children and to procure clean films for everybody by a policy of watchful cooperation, we would suggest a thorough study of all sides of the question of censorship. We must continue to strive to make the playhouse decent physically, satisfying mentally, uplifting morally, without sacrificing entertainment values, remembering that the protection of the children and young people is our duty."

## Doctors Who Gave Drinks Scored By Colleagues, Report

against unscrupulous physicians who make illegal prescriptions of alcohol, were urged by Dr. Joseph A. Capps of Chicago, chairman of the section on practice of medicine of the American Medical Association, in an address before its convention here today.

"One of the most flagrant instances of irrational therapeutics is the abuse of the physicians' license to prescribe alcohol," the speaker asserted. "It is well known that most of the liquor dispensed on physicians' prescriptions is not intended for the treatment of the sick. Whatever as individuals we may think of the Volstead law, we are morally bound to restrict prescriptions to medicinal purposes. Selling one's prescription blanks to the druggist is worse than fee splitting, and should be cause for exclusion from membership in this association."

Other insidious tendencies in the practice of medicine cited by Dr. Capps were the rasculous use of vaccines for diseases in which they give no help, the growing use of gland extracts for treating various body functions, and the injecting of medicine into the blood, which is a dangerous practice, even in emergencies. All of these practices owe their being to the fact that in each

field there has been limited work done by true scientists. "A horde of therapeutic promoters and speculators have followed the productive wells drilled by scientists," Dr. Capps declared. "New methods should be tried out by research workers and approved by the association. In much of our so-called specific therapy of today, the general practitioner assumes the role of experimentalist without the clinical facilities, the training, or the experience, to enable him to pass judgment on their worth."

## Epworth League Assembly Morehead City, June 16 - 21

The Epworth League is one of the most vital factors in the life of the church. Leaders of this work are realizing it more and more each year. They are trying to provide for the saving of the youth of the church by helping them understand something of the truth of life. The big work of the year is done at an annual assembly.

The Epworth League board of the

North Carolina Conference this year will hold in assembly at Morehead City, the week of June 16-21. Delegates from each and every chapter in the Conference will be there. They will have a wonderful time. There will be class work, hours for recreation, swimming, hiking, etc., and also big addresses by several big men of the United States. Dr. Dan Brummitt of Chicago, and Bishop Boss of the M. E. Church, South, and also others are some of the speakers.

The church is calling its young men and women to attend this assembly. The only expense will be railroad fare, and hotel room and board which will be only \$2.25 per day.

You are in the New Bern District. New Bern district wants to lead in every thing that happens at the assembly, enrollment and everything. And the district secretary is anxious that there be at least one delegate from each and every chapter in the district registered at the Hotel Atlantic next week. If you are not a member of any chapter, and are interested in the League work, come to Morehead anyway. You shall be welcomed."

To The Voters of Greenville Township I feel most grateful for the loyal support given me in the primary on Saturday. Believing that those who know of the efficient and faithful service which I have rendered in the enforcement of the law in the past desire my election, I shall be a candidate for the office of Constable of Greenville Township at the second primary to be held on the First Saturday in July.

I ask the support of every voter who wants the law enforced and the duties of the office faithfully executed, and assure you that if I am the choice of the next primary, I shall worthily perform my trust.

Yours for service, THAD J. WILLIAMS

TO THE VOTERS OF GREENVILLE TOWNSHIP I wish to express to the voters of Greenville Township my thanks and appreciation for the support given me in Saturday's primary. To those who supported my opponents I have only the kindest feeling. In Saturday's primary I was the leading candidate for Constable and as the voters thereby expressed their preference for me over the other candidates, I feel that my opponent should be willing to abide by the result of the first primary. However, Mr. Williams has asked for the second primary and I wish to ask my friends who supported me in the first primary for their continued support of me in the second primary and to my friends who supported my opponents I solicit and ask your support in the second primary. I feel that having been Constable for only two years after December of this year that I am entitled to the office of Constable for the usual two terms. If elected I pledge myself to the earnest enforcement of the law and the faithful discharge of the duties incident to the office of Constable. Thanking you for your support of me in the second primary to be held on the first Saturday in July, I am, Respectfully yours, HEBER T. SAVAGE, Constable,

PAN STRIVES TO EDUCATE THE YOUNG MEN OF KOREA

Seoul, Korea.—The University of Seoul, founded by the Japanese government of Korea, was opened here recently. The new university, to which it is intended to give a standing equal to that of the Imperial Universities of Japan proper, will admit both Korean and Japanese students. Its purpose, according to the Japanese authorities is to educate Koreans in the higher branches of learning so as to fit them to take part in the administrative, legislative and judicial functions of the government of their own country.

5 Operations—15 years suffering with constipation—Kellogg's Bran restores health Mr. Lansing's case is typical of thousands of others. He found permanent relief from constipation in Kellogg's Bran because it is ALL bran. Nothing but ALL bran can be 100 per cent effective. Read what he says: Dear Sir: I have been afflicted with constipation for the past 15 years, and during that time I have been in four different hospitals and submitted to five different operations that were the result of constipation. I was getting so bad that every meal I ate caused on my stomach. Two months ago I was advised to eat your Kellogg's Bran. I tried it, and I am trying everything I could find of. From that day on I have never taken a physic. My stomach does not sour any more and my bowels move regularly morning and evening. Yours sincerely, Frank Lansing, 1308 Jetties Ave., Marion, Ind. For permanent relief, eat Kellogg's Bran regularly. Two tablespoons daily—in chronic cases, with every meal. It is guaranteed to bring results, or your grocer will return your money. You will like the delicious nut-like flavor of Kellogg's Bran—so different from ordinary bran, which are unpalatable. Eat Kellogg's Bran with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the recipes given on the package. Kellogg's Bran, cooked and krumbled, is served by leading hotels and clubs in individual packages. Made in Battle Creek. Sold by all grocers.

### FRANCE IN LIMELIGHT

Although it seems necessary in connection with any reference to the presidency of France to state that the great man in the Elysee Palace amounts to nothing but a figurehead in the government scheme, there are intimations that Gaston Doumergue will prove something of an exception to the rule. He cannot, of course acquire greater authority than is constitutionally conferred upon him. Millerand thought he might, and see what has become of him. But the very manner of his election has given Mr. Doumergue a political standing which, if he employ it with becoming self-control, may be made to resemble the balance of power possession of which is an asset of almost priceless value.

The selection of Doumergue is not to be accounted for on the ground that the great majority of those, either senators or deputies who voted for him are in any wise concerned with promoting his political future. They took him because this way they administered a sharp blow to the opposing legislators than they could have done otherwise. Mr. Doumergue is not therefore under obligations to the Nationalists. He may play them against the Left, or a part of it or play the Left against the Nationalist bloc, or some of it, as will best serve his purpose. This way he may manage to get more fun out of the presidency than has been the lot of host of his predecessors in the office.

International interest centers on the settlement of the premierships rather than the filling of the presidency. Edourd Herriot lost no time in accepting President Doumergue's invitation to for a ministry. He has his plans made. In a few days he will be in conference with Prime Minister Ramsay MacDonald of Great Britain. He is ready to go ahead with the war time allies of France to establish peace in practical fashion. The prospect is that the Doves plan of settlement with Germany will be operative soon. If Premier Herriot makes good in this connection, it will matter much, outside of France, who is president there or what he does in office, and probably the French will become too busy otherwise to bother about domestic politics for a time.

### MIGRATION TO SOUTH AMERICA

The immigration law recently enacted by congress, cutting down the number of foreigners eligible to admission to the United States to a minor fraction of what it formerly was, seems destined to have a far-reaching effect on the development of South America. Thither the tide of immigration has already turned. Steamship companies operating lines have already booked their third-class accommodations to capacity for the next two months between Europe and South American ports and have announced their intention to place additional ships in the passenger carrying service. The South American countries are welcoming the newcomers. The Uruguayan member of the League of Nations council informed the council last week that his country would be glad to receive Russian refugees.

It is fortunate that there still remains in the world undeveloped territory which may serve as an outlet for Europe's excessive population. The population of Europe was 187 millions in 1800, 266 millions in 1850 and 400 millions in 1900. And it continues to grow. Of the annual addition of from 14 to 16 millions to the world's population a considerable part is in Europe. The yellow and black races are not multiplying like the white China's population of 300 millions is believed to be practically stationary.

As Europe's surplus of people turns to South America, we may expect to witness on that continent much the same sort of phenomenon as occurred in the United States during the past century. The jungle rapidly will give way to farms; railroads will be extended; manufactures will be developed; mineral resources will be exploited; the population will become a blend of many races, which will have a marked effect on customs, traditions and institutions. But the Spanish language probably will remain dominant.

A great future for the Latin American nations seems assured.

### SWEDISH UTILITIES SHOW GOOD RETURNS FOR 1923

Stockholm, June 13.—The four public utilities owned and operated by the Swedish government, together with the productive public domains, earned a surplus of \$24,543,000 last year, representing a return of 4.54 per cent on the total investment, which is \$540,400,000, according to an official announcement by the Swedish department of state accounts.

The utilities referred to are the post office, the telegraphs, the railways, and the water power stations. Each of these, like the crown lands, is administered by a government board, an dis operated as a business concern. The aggregate income in 1923 was about \$108,500,000, while the expenditure was about \$84,040,000. The best return was made by the post office, which earned 47 per cent on the investment, while the crown lands earned only 2.2 per cent. The telegraphs earned 0.4 per cent, the railways 3.4 per cent, and the water works 3.1 on the respective investments.

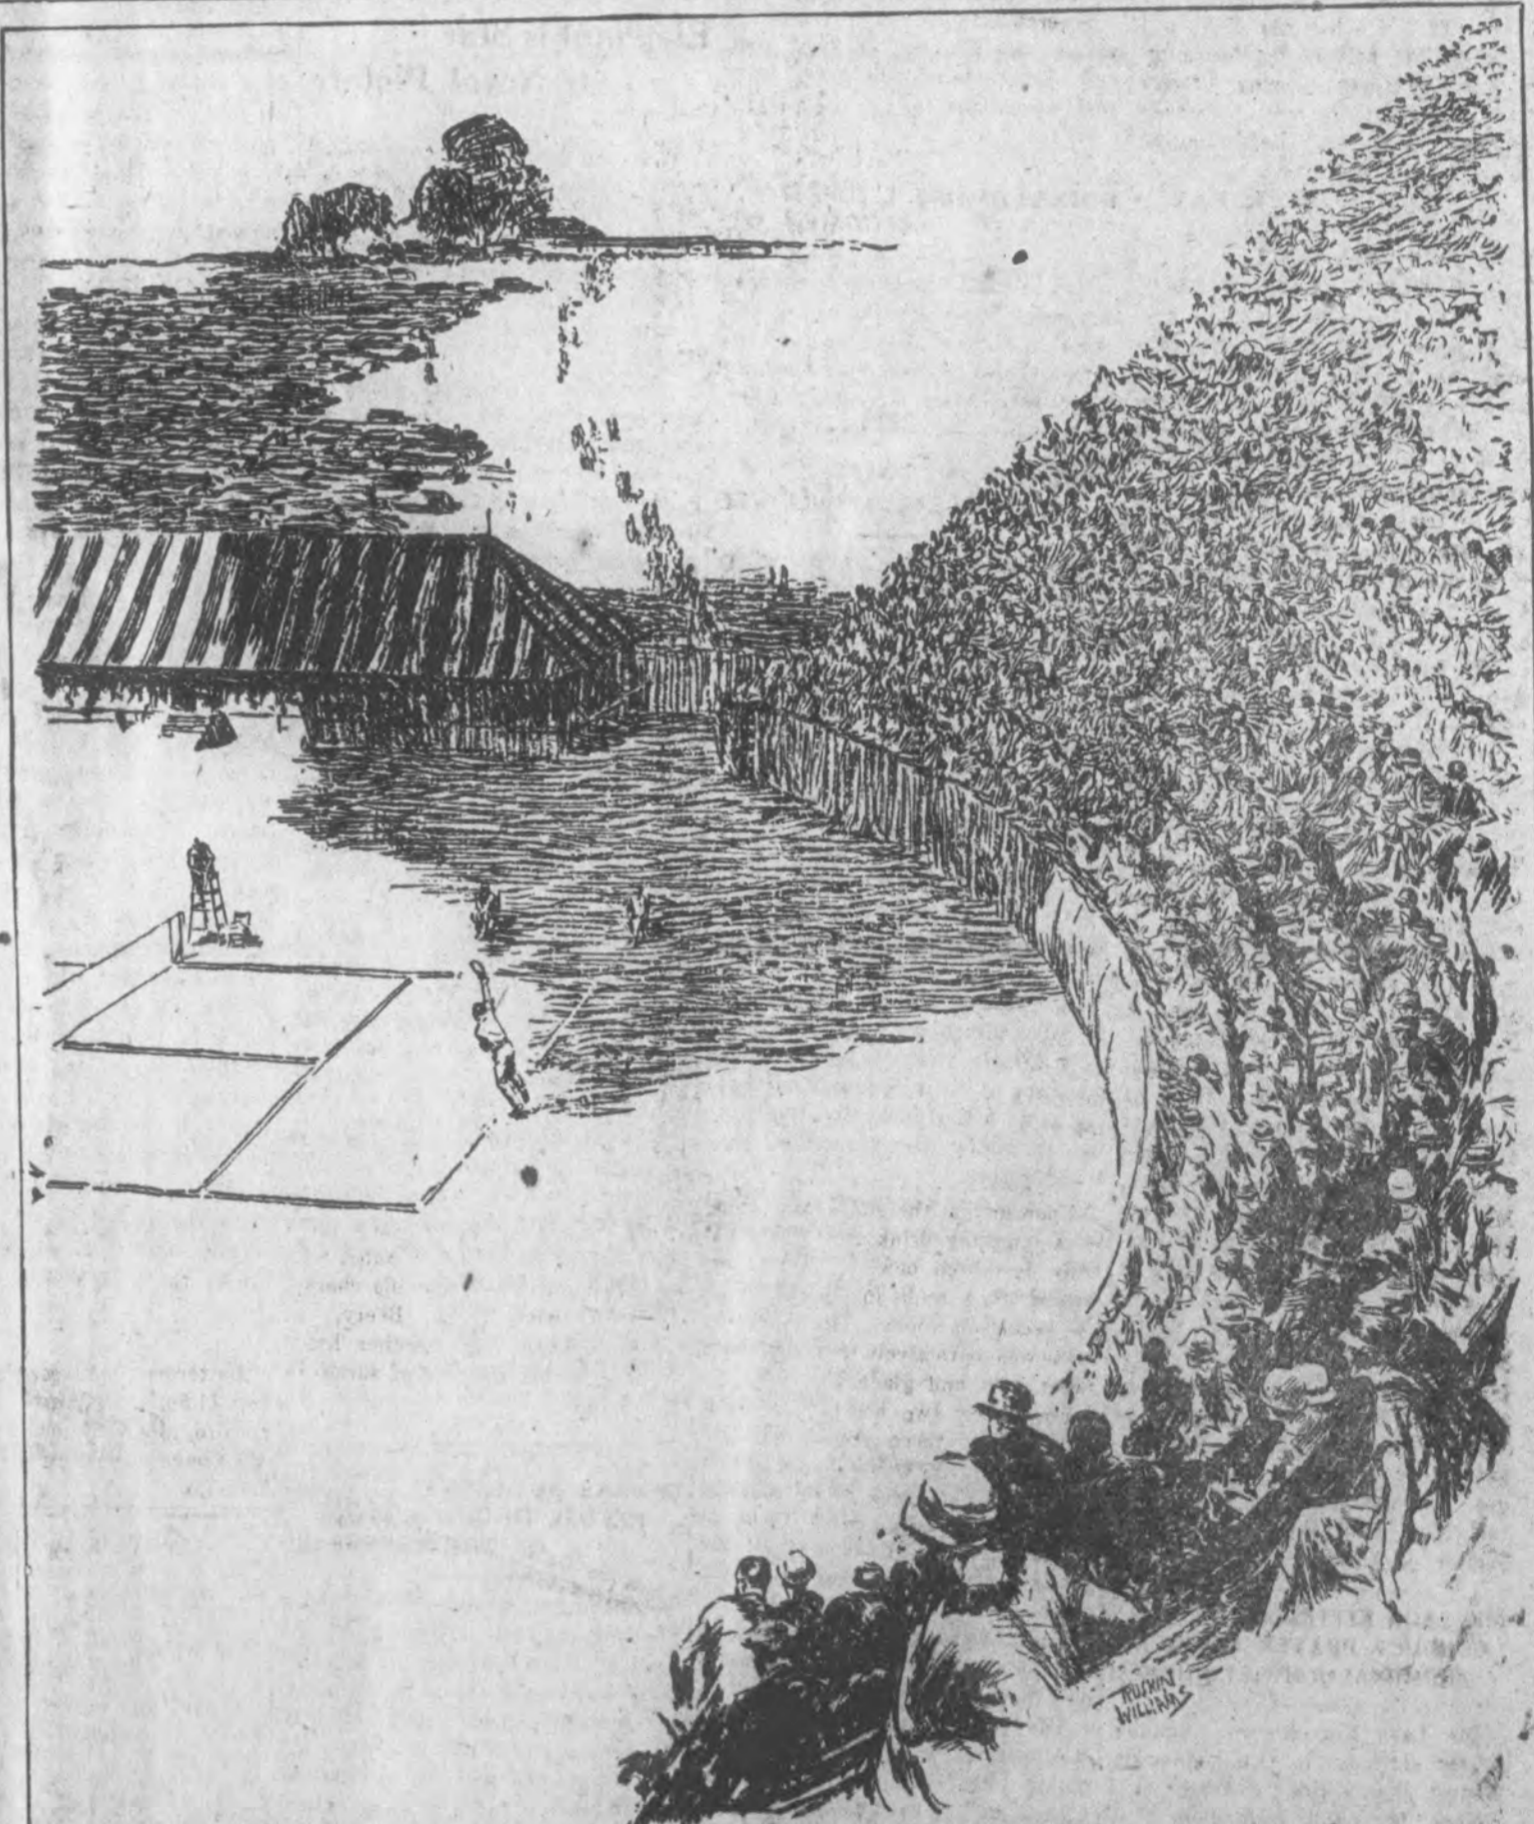

Simultaneously with the publication of these reports it was announced that the Swedish national debt is now calculated to be about \$419,000,000, while the total government assets are valued at about \$801,200,000.

Such popularity must be deserved

WHETHER it's tennis or cigarettes or anything else, popularity is no stroke of luck. No champion ever held his laurels except by making good. No cigarette ever held popular favor except by deserving it.

The popularity of Chesterfields is an outstanding example. For months now they have been drawing over 1000 smokers a day away from other cigarettes. Surely this is proof of their quality and good taste.

## MESDAMES S. T. WHITE AND J. B. JAMES ENTERTAIN SEWING CLUB

Have as Honor Guest, Mr. Jap Suttle, of Shelby. On Tuesday morning at the County Club, Mesdames J. B. James and S. T. White were hostesses to the members of their Sewing Club having as an honor guest, Mrs. Jap Suttle, of Shelby, house guest of Mrs. C. S. Forbes.

Upon arrival the guests were served a tempting drink from a beautifully decorated bowl which was arranged on a table in the center of the reception room. The reception room was attractively decorated with sweet peas and gladiolus.

For nearly two hours the guests divided into three groups, enjoyed sewing and conversation. At half hour intervals they would change chairs which would place them in another group. In this way all the guests became acquainted with each other.

Covers were laid for thirty-two on individual tables and at 1 o'clock a most delightful luncheon was served. The guest of honor, Mrs. Suttle was presented a beautiful crystal basket filled with sweet peas. The highest cut at each table was made by Mesdames E. B. Ficklen, Lewis Gaylord, L. H. Bowling, E. B. Ferguson, W. T. Lipscomb, Jr., L. G. Cooper, Fred Forbes and Mrs. Suttle. Each was presented an attractive prize. The visitors Mrs. Leon Litchenstein, of Richmond, Va. guest of Mrs. L. H. Hocker, Mrs. Alice Corbett, Misses Annie and Reulah Oliver, of Uhrichsville, Ohio, guest of Mrs. Marvin Blount were also remembered with prizes.

The favors, miniature corsages of sweet peas and roses, were given each guest.

The sewing club has held several delightful meetings, the one yesterday proving very enjoyable. Mesdames White and James were ideal hostesses and a most pleasant morning was spent by the large number of guests.

# CLINICS BE HELD TYPHOID VACCINE

## Health Dept. Doing all Possible to Avoid Typhoid Epidemic.

You people who can recall the terrible scourge which typhoid used to be. How that there were hundreds of cases in every section, do you not see the change which has been brought about. We do not have the great numbers now but unless something is done and more people avail themselves of the opportunity to be protected, we may be in just such a position. Will you by indifference, procrastination or laziness run the risk of such days as we have had in the past?

Don't be fooled into thinking that you will never get the disease. Those who have died probably thought the same thing, and those with the disease did not believe they were liable to have it. Experience in the past has shown that one in every eight or ten cases of typhoid dies. Our percentage thus far has been higher. Unless the citizens bestir themselves there is no telling where this will end. Clinics have been arranged as follows:

- Friday, June 20, 8:30 a. m. Christian's Store.
- Friday, June 20, 10, Falkland School building.
- Friday, June 20, 12, Fountain school building.
- Health Department at the Court House every Wednesday and Saturday.

## Elephant is Star Of Novel Picture

With an elephant star to furnish novelty and a delightful human interest plot for a story, "Soul of the Beast," the new Thomas H. Ince production which opened at White's theatre today, is one of the most unusual pictures ever shown on the screen.

"Oscar," the elephant, shows an intelligence in his performance throughout this Metro picture that is uncanny and marks him for a place in the front rank of the screen's most popular animal stars. Madge Bellamy as the forlorn little elephant girl outstrips even her fine emotional work in Maurice Tourneur's "Lorna Doone." The combination of the elephant, the girl and some absolutely novel situations is a knock-out and carries a striking appeal for every member of the family.

"Soul of the Beast" tells the adventures of a little Cinderella of the circus who has centered all her affections in her elephant "Oscar." The motherless girl is the drudge of a moth-eaten troupe and the target of the petty spitefulness of her step-father until one night when a cyclone blows down the big circus tents she and "Oscar" run away into the backwoods of Canada. Some romantic adventures ensue.

Miss Bellamy and "Oscar" had an unusually strong cast. As the crippled boy musician, whose lameness makes him the butt of many cruel jokes played by the town bully, Cullen Landis achieves a splendid characterization, while Neah Beery, as Caesar Darrand, adds another hated "villain" to his long list of successes in this line.

## INDIANS OF ALASKA REFUSE TO QUIT GRAVES OF THE FOREBEARS

Anchorage, Alaska.—The Indians of Knik, an old settlement at the head of Cook Inlet, are in dire distress because of the ancient custom of remaining where their fathers and grandfathers died. The advent of the railroad and the increase of white men's ranches have ruined trapping in the vicinity, the Indians' means of livelihood.

Asked why they do not move to more prolific grounds, the Indians say: "Grandfather, him die here; father, him die here; me, I die here."

## Does Your Make-Up Match Your Costume?

YOU wouldn't wear a sport hat with a lace dress, or high heeled slippers with a knitted suit, but does your facial make-up always harmonize with your costume? It should, and does, says B. M. Douglas, cosmetic fashion expert, with women who are careful about the little details that make up perfection. If you wear sport clothes, says this authority, the assumption is that you "goes in" for the things which sport clothes require, walking, tennis, golf, and so on. If one does all these things, the complexion will naturally have a healthy, warm, tanned appearance, with a touch of pink or red. Therefore a dead white powder would be inappropriate in effect. And, even if one doesn't have the naturally healthy outdoor complexion and still desires to "dress the part," then one must make up to suit it.

So clever chemists have designed, both for the real outdoor girl, and the one who just wants to look the part, richer, warmer tones of make-up. There is Peaches, a cream color powder with a tannish tinge, which gives an out-of-door effect; and Peaches and Cream, which has a pinkish brown tone to blend with sun-burned skin and to give a "healthy, vim and vigor" effect.

## GAS SOLD AUTOMATICALLY TO SWEDISH MOTORISTS

Stockholm, June 13.—Stimulated by the rapid motorizing of Swedish highway traffic, native engineers have patented these inventions for the comfort and safety of motorists. These are an automatic beacon light for giving warnings at railroad crossings, an automatic slot machine for refilling gas tanks, and a device which prevents the accidental running out of batteries.

The crossing beacon consists of a flashing light in a cylindrical lantern with red and white sectors in opposite quadrants. When the railroad is clear the white lights so indicate to the highway traffic, but when a train approaches the lantern rotates automatically showing a red light to the train. This beacon will work under unfavorable conditions of snow and ice.

The automatic gasoline reader can be utilized by the customer at any time of night and day by connecting the tube with the gas tank of the car, dropping a krona in the slot, and operating a lever. The quantity of gasoline received automatically varies according to the market price, which can be quoted at the minimum, owing to the saving of wages for attendants.

The attachment which automatically cuts off the batteries when the engine is stopped fulfills the principles of suction and gravity. It is essentially a switch system which is connected with the gas intake or the lubrication pipes so that the suction actuates a weight that rises and closes the electric circuit. When the suction stops, the weight falls and throws the switch open.

Batteries re-charged in one day for \$1.50. All makes of batteries repaired, all work guaranteed. See Mr. Chandler Greenville Storage Battery Co. 15 5t

## NOTICE!

North Carolina, Pitt County, In the Superior Court, R. D. Whitehurst, W. H. Woodard and M. O. Blount and others, vs.

J. J. Carson and others To the Clerk of the Superior Court of Pitt County:

The Board of Drainage Commissioners of Pitt County Drainage District No. Two respectfully shows unto the court:

(1) That on February 28, 1920, the engineer and board of viewers filed their final report in this proceeding (S. P. 2101); that by some inadvertence or mistake, the final report filed failed to specifically refer to a spring or branch which was to be constructed so as to drain the area Northwest of the Taylor Road and to avoid cutting the canal across the ridges or islands known as Long, Buck, Rum, Rattlesnake and other islands.

(2) That the engineer and board of viewers intended to include the said spur or prong as a part of the drainage scheme; that the same is included and shown on the profiles prepared by the engineer of the district, and perhaps inferentially made a part of their final report, but the same is not specifically referred to in the report signed by the engineer and board of viewers.

(3) That the construction of said branch, canal or prong or spur is necessary to adequately drain the territory intended to be drained, and unless the said prong or spur is constructed there will be a large body of land which was intended to be drained and which is classified on the assumption that this spur is to be constructed, which will receive no benefit whatsoever.

(4) That the Board of Commissioners of the district have fully investigated the matter, that they have caused the superintendent of construction, Mr. H. L. Rivers, who was one of the engineers who designed the system of drainage, to make a further investigation and report to them, and that after such investigation and upon the report made by Mr. Rivers, they have adopted a resolution, copy of which is hereto attached and asked to be taken as a part hereof.

Wherefore, the commissioners pray that an order be made correcting the final report of the engineer and board of viewers and authorizing the Board of Commissioners to proceed to construct said prong or spur in accordance with the intention of the Board of Viewers, and as is necessary to adequately carry out the drainage scheme of system.

The foregoing petition having been filed with this court, notice is hereby given that the court will in the court house on Wednesday, July 9th at 10:00 o'clock a. m. hear such interested parties who desire to be heard in opposition to the order demanded in the foregoing petition. It is ordered, that said petition and this notice be published in some newspaper published in Pitt county once a week for three weeks prior to date of hearings.

Witness my hand, this June 17, 1924. J. F. HARRINGTON, Clerk Superior Court. 10 11w 3wks.

## DAILY COTTON LETTER.

New Orleans, June 13.—The continuance of dry weather and abnormally high temperatures in Texas and Oklahoma and report that the excessive heat was injuring late planted cotton in northwest Texas as sustained market today in the face of a favorable weekly weather and crop government report.

Inasmuch as many fields are reported still grassy and weedy in Texas it would seem that the continuance of dry warm weather in Texas would be more beneficial than otherwise by permitting farmers to clean and cultivate their fields. The feeling in the market is such however that if the dry hot weather continues in that important state that it may be used as a bullish influence on values.

While all eyes are on Texas and Oklahoma the reported more favorable progress of the crop in the Mississippi Valley and south Atlantic states appears to be lost sight of for the present.

The weather bureau predicts partly cloudy probably local showers for north Arkansas, cooler northwest portion tonight. Generally fair for Oklahoma, cooler west portion Thursday. Generally fair and continued warm for Texas except cooler in the panhandle tonight.

Liverpool Spot Cotton. Middling 1693; good middling 1793. Sales 5,000 American 3,000; receipts 4,000, American 3,800. Market closed steady, Jan. 1468; July 1671, Oct. 1516, Dec. 1479.

Weather. Scattered showers and slightly cooler over belt.

Forecast probably scattered showers, slightly cooler western belt.

Government Weekly Crop and Weather Report.

Washington, D. C., June 13.—Temperatures averaged much above normal in the western portion of the belt and above normal in the central portion, but the weather was rather cool in the northeast. Dry weather prevailed in the western half and mostly moderate rainfall in the eastern half of the belt. The weather was mostly favorable for the growth of cotton and cultivation made good progress except for local areas in some eastern portions. In Texas well rooted cotton made very good growth but the dry hot weather injured the late planted in the northwestern portion. Weevil less active, though grasshoppers caused moderate damage locally. The growth of cotton was very good in Oklahoma, Arkansas and Louisiana, though too much rain fell in portions of northern Arkansas with much small cotton and stands irregular in Oklahoma and plants mostly small in Louisiana.

Progress and condition of cotton fair to very good in Tennessee and growth satisfactory in Mississippi due to warm weather and abundant sunshine.

Favorable for cotton in Alabama. Cultivation interrupted by rather frequent rains but there was slight improvement in the general condition. Cotton made rapid growth in Georgia, though the condition remains very irregular with much grass in many fields. Cotton made satisfactory growth in Florida and the Carolinas, though there was too much rain in parts of North Carolina and western Florida. Weevil increasing southeastern portion of the cotton belt.

# SCHOOL TEACHERS NEEDED IN STATE

## Secy. Jule B. Warren Sends Out Call for at Least 100 Teachers Immediately

Raleigh, June 14.—A great scarcity of school teachers of every grade existing in now predominant throughout the State of North Carolina, according to Jule B. Warren, secretary of the North Carolina Education Association.

The Association operates a teachers' placement bureau with a special manager in charge under the direction of Mr. Warren. It was stated that the bureau could use immediately at least 100 teachers of various grades. Demands for teachers are coming in constantly and they far exceed the applications, the bureau manager says.

According to Mr. Warren, the greatest need is for teachers of science in high schools, however, he states that he is anxious to get in touch with teachers for all grades. It is felt by the bureau that perhaps many of the teachers are undecided where they would prefer to teach during next term and are waiting to decide that question before making application. It is requested by the secretary that teachers file as soon as possible in order to put the boards of education in the various communities throughout the state at ease in regard to securing faculties for their schools, as well as to alleviate the great rush of clerical and assignment work at the close of the summer.

The placement bureau of the Association, says Mr. Warren, can look for very little relief from the graduating classes of the different colleges over the state, as these colleges usually maintain their own placement bureau. The demands that come to the office of the Association are in addition to any that might be relieved by those graduates who are entering the teaching profession this year.

The teachers' placement bureau of the North Carolina Education Association, with offices in Raleigh, is at the service of those who need teachers or those qualified persons, who desire to teach, Mr. Warren stated, and will be glad to especially have applicants for teachers places in the science departments of high schools.

## Funeral Services Mrs. Roy M. Sutton Thursday Afternoon

Funeral services for Mrs. Roy N. Sutton who died last Friday will be conducted from the home of her father-in-law, Mr. Elias Sutton, tomorrow afternoon at 3 o'clock by the Rev. J. E. Sawyer. Interment will take place in the Winterville cemetery.

The remains of Mrs. Sutton have been in Mr. S. G. Wilkerson's undertaking parlors since Friday, awaiting the arrival of her only sister, Mrs. J. E. Sanders, of Salt Lake City, Utah, who was on her way at the time of Mrs. Sutton's death. The remains were removed to the home of Mr. Sutton yesterday where they will lie in state until tomorrow.

Mrs. Sutton is survived by her husband, one daughter and two sons, mother and father, Mr. and Mrs. Q. M. Sawyer, one sister, Mrs. J. E. Sanders and one brother, Mr. Willie Sawyer. The deceased was about 37 years of age and one of the most beloved women of her community. She will be greatly missed by a host of sorrowing friends.

## MAMMOTH PARADE TO FEATURE CHRISTIAN ENDEAVOR CONVENTION

Equipped with the regalia of their respective states, thousands of delegates to the All-South Christian Endeavor convention will take part in the mammoth parade which will be featured during the sessions in Richmond, July 10-14.

The parade will be more than a mile long, and will pass through the principle business and theatre section of the city, touching a prominent residential section. Floats will represent various phases of work done in Christian Endeavor, and banners of all kinds used by the societies will be placed on display.

Every division of service in the Christian Endeavor will be represented in the parade which promises to be an outstanding event of the convention.

Arkansas, because of its success in reaching a registration goal ahead of other states, will lead the parade. Other states will follow in order. Governor E. Lee Trinkle and his staff, together with a military unit also will participate.

The parade will represent a novel

## Prima Donna Takes Pine By The Forelock

**G**LADYS AXMAN, well known American prima donna gives an exhibition of versatility as well as virtuosity. She reaches a high note of perfection not only on the stage of the Metropolitan Opera House, but also in the production of such masterpieces of the culinary art as Pineapple Souffle, the first step to which she was taking at the moment the photographer snapped her.

She very graciously consented to give her favorite recipe for this delicacy.

Cream 1 1/2 tablespoons each crisco and flour, add 1 cup grated pineapple and juice. Cook five minutes, remove from fire, add a little salt, 1 tablespoon lemon juice, and 3 beaten egg yolks. Bake in greased dish 20 minutes. Serve with the following sauce: Cook 2 tablespoonfuls creamed crisco in double boiler, add 2 yolks of egg, 1 at a time, beat, and add 4 tablespoonfuls sugar, 2 tablespoonfuls orange juice, 1 teaspoonful of lemon juice, and 1/2 cup of whipped cream. Serve hot.

feature at Southern Endeavor conventions. Floats and other demonstrations will show what the Christian Endeavor movement means to the youth of the nation, its place as one of the vital religious forces of the age.

Charles F. Evans, Southern secretary, states that the registration for the convention is unusually heavy. Several thousand delegates are expected to attend the convention. Prominent speakers have been obtained and the educational features have been provided with a view to equipping the youth of the South in the proper handling of many present day problems. Christian Endeavor has no sectarian policy, but urges loyalty to the church selected by its members. It is represented in 88 different religious bodies and in every country in the world.

## DOCTORS TOLD HOW MEN MAY AVOID LIFE'S ILLS

Chicago, June 13.—A nip of "something strong" before a meal is not one of the habits helpful to growing old successfully because, taken at

such a time, it is an incentive to over-eating which is a "national sin," declared Dr. H. H. Drysdale of Cleveland, in an address today before the American Medical Association.

Dr. Drysdale's subject was how a man at the apex of his achievements may avoid the penalty of years of high pressure living and escape such ailments as apoplexy. Playing golf was among those having a place in the scheme of old age hygiene.

"The 'frenzied finance' habit, which will not allow a patient to rest his body to bear. Alcohol, taken before meals is one of the causes of over-eating. The advent of prohibition, with the attendant disappearance of the chronic alcoholic, will do much to lower the death rate from arteriosclerosis.

"Make no compromises with such patients, or you will fall in your misall, which constitutes an appeal to their reason for a sane and rational mode of living."

Trace Jazz to Germany. Heidelberg, Germany.—Jazz has become such a rage in Germany that musical students have been searching through the works of old masters with the hope of finding inspirations which might be modernized. They contend they have found traces of airs very suggestive of the jazz of today in some gypsy tunes of Robert Alexander Schumann, one of Germany's best known composers of the old school.
