SCORES DEAD RESULT HEAT AND STORM

McAdoo-Smith Contest Holds Sway In New York

Property Damage Of Three Millions Caused By Storm

Predictions That Ku Klux Klan and Prohibition Issues Will Be Fought Out on Floor of Convention; McAdoo and Smith Make Final Arrangements

Chicago, June 21.—More than a score dead and property damage estimated at \$3,000,000 was the result in three states of the hot wave and storm which yesterday swept through the Mississippi and Ohio Valley.

Five deaths from the storm in Illinois were added to the heat fatalities of other states. Eight were reported prostrated from heat in Chicago and 15 were said to have been bitten by heat crazed dogs.

Although considerable damage was done by the storm in northern Illinois and southeastern Wisconsin, Chicago suffered little.

With 17 deaths reported due to heat in Ohio relief came after a violent storm which swept several sections.

The greatest damage by the storm occurred in Racine county, Wisconsin, where a strip a half mile wide and 12 miles long was swept with property loss estimated at \$2,000,000.

Two persons were reported dead from heat in Detroit.

260 Gallon Still Captured By Officers

Washington, June 21.—The second largest still found in the country during the past two years was captured by Deputy Sheriff George Harris and J. J. Hodges this week near Haw Branch Church in Chocowinity, it has been made known at the office of the sheriff here. The still had a capacity of 260 gallons. The still was warm when it was found by the officers, it was said.

The plant was complete in every way the officers stated, and contained about eight gallons of corn whiskey. At the same time the officers poured out about 800 gallons of beer which they found at the still.

Daniels Calls Upon New Jersey Governor

Trenton, N. J., June 21.—Joseph Daniels, of Raleigh, North Carolina, former Secretary of Navy, enroute to the Democratic convention in New York, called at the office of Governor Silzer, aspirant for Democratic presidential nomination, but found the governor out of town.

Mr. Daniels, delegate at large to the convention, said having formed the habit in 1912 of voting for a New Jersey governor for president, he felt he would like to keep in touch with the New Jersey political atmosphere.

CAPTURED TURKISH SWORD PRESENTED TO QUEEN MARIE

London.—There was an interesting little incident at the Rumanian Legation recently, when Queen Marie, on her visit here, was presented by Captain Locker Lampson with a sword captured in Turkey by the unit of British naval armored cars which served in Russia and subsequently fought in the Dobrudja retreat.

The sword was to have been presented to the Queen when peace was declared, but the ceremony was postponed until she could visit England officially as Queen of a restored Rumania.

NEW YORK MAKING GREAT PLANS FOR DEMOCRATIC MEET

Newspaper People To Play Host To Fellow Craftsmen From All Over Land

New York, June 21.—New York newspaper men and women will play host to fellow craftsmen from all over the land at the Democratic national convention.

Entertainment of the visitors has been undertaken, by authority of the National Democratic and Local Citizens' Committee, by the New York Newspaper Club and the Newspaper Women's Club, which organizations with a combined membership of 1,200, have designated Charles G. Hambridge, chief of all unofficial press arrangements for the 1,000 or more correspondents who will be there.

Mr. Hambridge has made his plans with the view, first of "providing for the working comfort and convenience of the visiting writers," and second, in order that all work and no play may not dull the reporters' wit, "of furnishing entertainment and recreation for them. For," says Mr. Hambridge, political writers attend a convention primarily to work, and the matter of entertainment is secondary to them."

A fully equipped general work-room and clearing house for all "lone dog" reporters who will not have access to the press and syndicate accommodations will be established in the basement of Madison Square Garden, in the convention news dispatching center. A hurry-up lunch service will be maintained, without charge, attendants will supply the clearing house with all records of convention proceedings, provide messenger service, and act as a bureau of information.

There will be such crowds about the Garden and on streets to the principal hotels that Commissioner Enright has agreed to supply the visitors with guest police cards, which will let them through all police lines and expenditure their taxicabs through restricted traffic lines.

Vest pocket booklets crammed with vital information about the convention personnel, delegations, headquarters, rapid services of communication, traffic short cuts between strategic points, etc. have been prepared especially for the visitors. Besides the customary press badges and credentials, two sets of lapel buttons will be distributed, one for local scribes and one for visitors, for purposes of quick mutual identification.

Each member of the local craft will be expected to place himself or herself at the disposal of any visitor, either in facilitating the gathering of news or the search for entertainment. The cut-of-towners also will share in all privileges and courtesies to be extended convention delegate and alternates, in addition to the numerous special in and outdoor diversions being arranged for them. They will receive press tickets giving entree to all golf clubs, ball parks, tennis courts, etc.

THROUGHS CHEER M'ADOO IN NEW YORK CITY.

This photograph shows William Gibbs McAdoo, candidate for the Democratic Presidential nomination, making an impromptu speech to the several thousand persons who greeted him when he arrived in the Pennsylvania Station in New York City to attend the Democratic National Convention.

CHICAGO POLICE ARE CLEANING UP TRAIN ROBBERY

One More Arrest Made Last Night; Only 3 of Alleged Bandits Are Still at Large

Chicago, June 21.—The arrest last night of Bernice Fontana, indicted with nine others for participation in the \$2,075,000 mail robbery of a train near here June 12, narrowed the search to Max Greenberg, alleged master mind. Sam Grant and Blackie Wilcox, escaped convicts from a Texas prison.

Fontana was taken in a raid on a house in which he was concealed. He denied any connection with the robbery and said that he was at home the night it occurred.

Fontana is the brother of Carlo Fontana, who with Willis, Joe and William Newton, was captured last Sunday. Also named in the indictment are James Murry, Chicago politician, Walter McCombs, in whose flat several suspects were arrested, and three still at large.

A warrant was issued last night for Louise Drakof, who posing as the wife of Willis Newton, came from Milwaukee, where she had obtained \$36,000 to buy his release.

Pastor's School Conducted Recently At Trinity College

Trinity College, June 21.—There are too many preachers today, who cannot preach, Bishop H. A. Boaz told the members of the pastors' school here during its closing session its first official term. Bishop Boaz, who is now on a leave of absence from his diocese of the Orient, told the young preachers to prepare themselves for masterful and substantial teaching of the Bible on a fundamental basis.

More than 300 pastors and preachers of the state attended the school which was conducted under the auspices of the two Methodist Conferences. Many of them took class work in undergraduate studies while others were in the graduate classes.

USE OF PRIVATE AIRPLANES MADE EASIER IN ENGLAND

London.—Private airplane flying is to be simplified in Great Britain by the abolishment of the irksome regulations requiring that a plane must be passed as airworthy every day and must land only at a recognized airfield. A plane now will be certified as airworthy in the first place, and then it is up to the owner to keep in condition. Also he may land in a field near his home provided it does not endanger the public.

BOAT COLLIDES WITH AROUND WORLD PLANE

Ragoon, British India, June 21.—A cargo boat last night collided with one of the United States Army around-the-world airplanes and seriously damaged one of the wings. It is hoped however that repairs will be made by Monday when the aviators expect to leave for Calcutta.

Commercial Secretaries To Meet in Morehead During Week "27-28"

Morehead City, June 21.—One of the largest attendances in the history of the association is expected at the meeting of the North Carolina Association of Commercial Secretaries to be held here during June 27 and 28, according to advices received from the Chamber of Commerce here. Many prominent speakers are on the program, it was stated, and one of the most successful meetings ever experienced by the secretaries is expected.

Featuring the program of speakers will be F. D. Courtney of Greensboro, who will speak on "Future Industrial Developments in North Carolina." Brent S. Drane, of the North Carolina Geological and Economic Survey at Chapel Hill, will address the meeting on "Value of Forestry Preservation to North Carolina," and Hugh McRae, of Wilmington, will speak on "Selective Immigration and Its Importance, Agriculturally to North Carolina."

PIONEER FRIEND OF LINCOLN DIES

Elizabeth, N. J., June 21.—Charles E. Cox, father of Mrs. Frank A. Vanderlip, of Scarborough, N. Y., one of the pioneers in the state of Illinois intimate friend of Abraham Lincoln died during the night at the home of his daughter.

BRITISH LABOR GOVERNMENT DENOUNCED BY COMMUNISTS

Salford, England.—The Communist party of Britain does not like the present labor cabinet, and at a recent meeting passed some strongly worded resolution denouncing them as being antagonistic to the working classes.

One such resolution proposed by T. Bell, of Glasgow, referred to the "treachery shown by the Royal and Labor Government of His Majesty King George" to the working class by becoming the willing tool and accomplice of capitalist exploiters.

Mr. Bell said the Labor party leaders were reactionaries, and the vilest creatures in the working class movement. Once mounted to bourgeois office they kicked away the ladder which the working class had raised for them, and went into the camp of the bourgeoisie. The disease of emipirism was running through the whole official Labor movement, he declared.

With a bit of borrowed silver jangling in their pockets Austrians are getting cheery. They need a guardian still.

MRS. HENRY TUCKER DIED YESTERDAY

Interment This Afternoon at 3:30 in Family Burying Ground

Mrs. Sallie Brooks Tucker, 65, died at her home near Greenville yesterday afternoon at 5:30 o'clock. The interment took place this afternoon at 3:30 o'clock in the family burying ground on the farm of Mr. Meekin Tucker.

Mrs. Tucker was the widow of the late Rev. Henry Tucker, and a daughter of the late Mr. and Mrs. William Brooks. She was well known throughout the county and was beloved by a host of friends. She possessed those traits of character which endeared her to the people of her community. She will be greatly missed.

Mrs. Tucker's death is the third to occur in the family within the past four years, Mr. Tucker having died on February 7, 1921, and a daughter, Miss Lula Tucker died on January 9th, 1922.

The deceased is survived by six daughters and two sons, Mesdames Oscar McLawhorn, A. C. Fornes, Jerry Taylor, Misses Stella, Lillian and Myrtle Tucker, Messrs. Oscar and Henry Tucker, all of Pitt county. Two sisters also survive, Mesdames D. V. Tucker, Chicod, and Mrs. Meekin Tucker.

Dive Into Shallow Water Causes Death Of Spencer Youth

Salisbury, June 21.—Carl Lomax, 20 years old Spencer, North Carolina youth, died in a local hospital as the result of a broken neck sustained late yesterday when he dived into shallow water at a bathing resort on Yadkin River near here. Witnesses reported that the youth attempted a double somersault in the air before striking the water. He was reported to once have lived in the Junior Order Orphanage at Tiffin, Ohio.

STATE ASSURES MOTORISTS PURE WATER TO DRINK

Harrisburg, Pa.—Analysis of drinking water along state highways has been begun by officials of the State Department of Health. An ambulance converted into a field laboratory took to the road at the extreme eastern end of the Lincoln highway, opening the movement designed to protect the health of motorists who use wayside drinking water.

As soon as the tests are made, the results will be sent field engineers who will post the drinking places. It is planned to post each source of water supply and where the water is found to be dangerous to the public health, warning signs will be set up.

Dr. Charles H. Miner, secretary of health, declared the movement is the first of its kind on the part of any state to protect motorists from impure water.

Both Candidates Are Confident As Convention Nears

Farm-Labor Meeting Ruled by Foster.

William Z. Foster, Communist leader, rode roughshod over the more conservative element of the Farmer-Labor Progressive Party in session in St. Paul, Minn., and roundly denounced U. S. Senator La Follette, whose Presidential candidacy the meeting had been called to advocate.

Yesterday's Severe Heat Followed By Terrific Storm in 3 States; Many Fatalities and Heavy Property Damage Reported

New York, June 21.—Redoubled efforts to strengthen their positions today occupied the camps of William G. McAdoo and Alfred E. Smith as the Democratic National Committee went into session to complete final arrangements for the opening of the national convention at Madison Square Garden next Tuesday.

The fight between the McAdoo and Smith forces is easily the dominating feature of the pre-convention period but other issues particularly that of the Ku Klux Klan also held prominent places in the discussions among the assembling delegates.

In greater demand from George F. Brennan, of Illinois, and leaders from other states that the platform declare specifically against the Klan added difficulty to the task of the platform builders who are already divided on that point.

Meantime Mr. McAdoo is maintaining silence on this and other planks in the platform. At his headquarters today it was made known that he would not consult party leaders on that and other questions but was more concerned in the greater undertaking of shaping up a general party expression for presentation to the platform committee which will be organized with the meeting of the convention.

Prediction that the Klan issue will find its way to the floor for final decision was made from several quarters. There are also those who regard it possible that the prohibition question will be taken to the floor but the "Drys" confident of strong expression in the platform for law enforcement, are concentrating their fight against wet candidates.

McAdoo and Smith held frequent conferences with delegates and leaders from a number of states. Confidence radiated from both headquarters but strategists on both sides were busy with their preparations and organizations were being perfected and enlarged.

At the McAdoo headquarters a force of 12 to take charge of as many "zones" in the convention floor, was being formed. It is to function under the general supervision of David Ladd Rockwell, McAdoo's campaign manager, and will constitute something of an innovation in national conventions.

Smith's plans regarding the convention workings have been carefully guarded but there has been formal announcement that Franklin D. Roosevelt, former Secretary of Navy and candidate for vice president in 1920, will place Smith's name before the delegates.

Although the McAdoo-Smith contest has somewhat overshadowed their activities, supporters of other candidates for president and "dark horses" were far from idle. Workers here and there in hotels are pressing the claims of their favorite to the incoming delegates. Some of these candidates are already on the ground and others are due in the next few days.

60 GALLON STILL WAS CAPTURED IN GUILFORD CO.

Greensboro, June 21.—A 60 gallon copper still, complete in every detail for operation was found this week on city property near Sdy Fork Creek, by Deputy Otis Apple. The still was considered one of the best ever found in Guilford County. Officers say that it salts running probably made about two days before it was found.

Information obtained by the officers points out that it has been operated frequently has been one of the main sources from which prohibition violators of Greensboro secured their product. The still was brought to the city convict camp.

Judge Conner Takes Supreme Court Post

Raleigh, June 21.—Judge George W. Connor, of Wilson, was sworn in today as Associate Justice of Supreme Court. He was appointed last week to succeed Justice Hoke who was promoted to the position of Chief Justice, recently made vacant by the death of Chief Justice Walter Clark.

SON OF PEER EVICTED BY ORDER OF IRISH COURT

Dublin.—Dublin county has seen the unusual spectacle of the eviction of the son of a peer.

The Hon. Hamon Massey, son and heir of the seventh Baron Massey, occupied a picturesque mansion in the Dublin Hills, one of the beauty spots of Ireland. He was evicted by the suit of a Dublin bank. His illness had postponed the execution of the order, but when the doctors certified he could be moved, he was carried by the sheriff's officers to the public road where he remained for some time, afterwards leaving with his wife in a private motor for a city hotel.

### NOT A JUVENILE CRIME

A fourteen-year-old girl has confessed that she set the fire that resulted in the death of twenty-four girls in a school near Los Angeles. She started the blaze to free her schoolmates. At first thought, the confession may seem another example of juvenile crime, which has figured largely in the news of late. Second thought makes it obvious that the girl is with adults, with society. The California school was one for subnormal children. The girl was subnormal and irresponsible. The danger from fire is always great when the mentally abnormal are gathered together. The obligation of those who assume the care of such individuals includes fire risk. Buildings should be fireproof. Keepers or attendants should be ever on the watch. In this instance the confession seems to be an indictment of those who established a school in a fire-trap.

Some of the "dark horses" in the Democratic convention are likely to turn out to be hobby-horses.

We have our ups and downs. An optimist looks forward to the ups; a pessimist to the downs.

Mussolini is discovering that even a dictator may run against conditions wherein it is difficult to dictate.

New York police, it is announced, will endeavor to prevent the sale of the Brooklyn bridge to any of the convention visitors. Evidently they expect those from the hinter land to be gullible.

### "THE MAN WE WANT"

Advertisements which include these words are appearing frequently in the papers. They are widely distributed, throwing open the avenues of opportunity to the "right man"

wherever he may be. Usually they are addressed to young men, but as ability is sought it is reasonable to conclude that fellows turned 50 who have not lost ambition and possess brains, energy, enthusiasm, ideas and adaptability would not be barred from consideration on account of age. The advertisers seem to want supermen. At any rate they have important work to be done and they announce their readiness to pay generously for the services of those who can qualify.

The significance of these quests for high class men by large business organizations goes beyond their affirming the truth that there "always is room at the top." Not only is there room, but there does not appear to be anyone capable of filling the vacancies and getting the big money. Not only are there highly desirable places "going begging" in this time of general business depression, but the managers of big business envisage the approach of better times and are making preparations to meet increased demands, enlarge their sales and improve their service.

Verily, these are golden days for courageous youth of America who have also the ability of which business is so much in want. Golden days, notwithstanding the dark background which has so many scared into inactivity. "The man we want" exists, of course. But it is for him to reveal himself and go after the big job that beckons. It is for the men who know themselves, have confidence in themselves, possess the courage to attempt new things, to come forth and pick up jobs worth while.

### NOISE IS NOT PATRIOTISM

Fourth of July this year should be a safe and sane and thoroughly patriotic observance of Independence Day. The old-time riot of noise, death, fire and destruction, which was supposed to show patriotism, would be very much out of place under present conditions. The country has had enough of powder-burning bombs, and the maimings and burnings which were inevitable with the old-time celebration. They were discontinued during the war, and should be given up forever.

The sane Fourth movement has made remarkable progress in the past few years, and this year should see the end of the old absurdity of celebrating the nation's birthday with pistols and crackers, with their inevitable accompaniment of racing ambulances and clanging fire engines. The deaths from the Fourth of July casualties, which were 466 in 1903, had been reduced by 1923 to 35, while the injuries, which were 3,983 in the first year, fell last year to 720. Formerly the firemen expected to be kept on the jump all day on the Fourth, but for several years, in Chicago and many other cities where fireworks have been prohibited, the number of alarms has actually been below the daily average. Make the Fourth of July a Festival of Liberty, and not a saturnalia of death, noise and destruction.

### Order of Banishment Arouses British.

H. A. CUNARD CUMMINS

The order of the Oregon government in Mexico City, banishing H. A. Cunard Cummins, charge d'affaires in the British Legation there, has greatly aroused the British Government. Cummins barricaded himself in the Legation and refused to leave.

National Missions Committee, the Salvation Army, and Christian Endeavor movement will each have a representative.

### MONGOLIAN PRINCE OPPOSES INVASION BY CHINESE ARMY

Peking, June 21. In spite of the resentment felt by the Mongolians toward their Russian masters, it is doubtful whether they would welcome release at the hands of the Chinese in the opinion of Prince Na, one of the senior Mongolian nobles who with nine other princes has become an exile rather than submit to Russian rule.

Na is more than 60 years of age. He was one of 24 princes who ruled one of the four provinces of Outer Mongolia before Baron Ungern-Sternberg and his "red" troops took possession of the country some five years ago. At that time the Russian invaders and their following of young Mongols gave the Mongol princes their option of submitting or leaving their country. Ten out of 83 chose exile.

There have been various reports in circulation to the effect that the Chinese military authorities were considering plans for the recovery of Mongolia by means of an armed expedition. Interviewed on the subject Prince Na, who in spite of his long absence appears to have kept in touch with events and conditions in his own country, expressed the opinion that such an effort would be ill advised. In the first place, he said, it is doubtful whether such an expedition could be successful, and in the second place it is an open question whether the Mongols themselves would welcome a Chinese army in their territory.

At present, the prince continued, the Living Buddha or Hutuktu, the head of the Mongol government, is a prisoner in his temple property in Urga. He is totally blind, but in spite of his infirmity he, like all the minor officials throughout the country, is kept under close surveillance by the Russian rulers. Individual Mongols are forced to pay much heavier taxes than under their native princes. The Russian forces are not proportionally large, but their authority pretty thoroughly over all the territory of Outer Mongolia.

Inner Mongolia remains loyal to the Chinese government, being designated as the Three Special Areas, Jehol, Chahar and Suiyuan. Prince Na felt that the present regime in Outer Mongolia could not survive, but he does not anticipate a resumption of authority by the old princes and the Hutuktu. That day has passed, he said. In its place he hoped for an eventual reorganization by the Mongols under the protection of the Chinese government.

Tomorrow being Sunday, the scouts will attend both church and Sunday school somewhere. All the Greenville Sunday schools that have scouts absent on the cruise should count them present tomorrow.

## CREDIT MEN WILL OPEN CONTROL OFFICE IN CHICAGO

Chicago.—Credit matters for the region between the Appalachian and Rocky Mountains will be placed under the control of a newly established office of the National Association of Credit Men here, opening July 1, it is announced by J. Harry Tregoe, secretary-manager. It will be managed by E. B. Moran and E. H. Lothian and its affairs administered by a committee of five.

"Chicago thus becomes the center of credit activities of the country," said Mr. Tregoe. "Several other committees also will make the office their headquarters. A more direct touch with association activities and more responsibility in directing them will be made possible. It will put us in a strong position to wipe out commercial fraud. A corps of investigators will operate out of Chicago under the direction of the investigation and prosecution department."

## TELL 'EM & SELL 'EM

## CHIEF FIGURES IN DAY'S NEWS.

Above: MISS ELIZ WIRTHMANN & CHARLES FORBES Below: GEN. JAN C. SMUTS & MAJ GEN. H. T. ALLEN

Ex-service men have started a boom to have Major-General H. T. Allen, retired, given the Democratic Vice-Presidential nomination. He commanded the 90th Division in the World War and later the American Army of Occupation in Germany. He is chairman of the American Olympic Games Committee and president of the German-American Relief Committee. The government of General Jan Smuts has been overthrown at the polls in South Africa. Colonel Charles R. Forbes, former head of the Veterans Bureau, is seriously ill with stomach trouble in Brookline, Mass. Elizabeth Wirthmann, 24-year-old Jersey City, N. J., school teacher, who was bequeathed \$500,000 by Frederick Lahmeyer, a reclus, has resigned to enjoy her money. Lahmeyer had been an unsuccessful suitor for the hand of the girl's grandmother in Germany.

## POLICE COURT

Thurman Hill, reckless driving an automobile and thereby damaging traffic guide post, paid cost and damages to guide posts.

Pat Foley, speeding on fifth street, \$10 and cost.

Mrs. Luther Herring, speeding on Dickinson avenue, \$10 and cost.

Jasper Cherry, assault, continued to Monday morning.

W. T. Rice, parking an automobile on paved street between one and five a. m. paid cost.

J. J. Jenkins, Higgs Bros., J. H. Coburn, B. J. Pulley, failing to connect premises with sewer after due notice. Continued for one week to give last opportunity to comply with law.

## Jesse L. Lasky Comments Upon 'Big Brother'

Rex Beach's latest novel, "Big Brother," which ran as a serial in "Hearst's International Magazine," has been produced for Paramount by Allan Dwan.

In commenting upon his picture, Jesse L. Lasky said in part: "I consider 'Big Brother' one of the greatest stories of the season. It was told to me by the author before it began appearing in Hearst's magazine, and we lost no time in buying it. It is a story of New York gangdom and the work of the Big Brother movement in protecting and recruiting boys from evil surroundings in our big cities.

"Behind the writing of 'Big Brother' is an appealing human interest story. Mr. Beach was in Washington some time ago during a convention of the Big Brother organization. He became acquainted with several leaders of the movement and from what they told him of the work of their organization he was inspired to write his novel. Neither the novel nor the picture which we have made is in any sense propaganda; it is a powerful, colorful story of dramatic action against a background of a philanthropic movement, which embraces the entire country and includes in its membership men from all walks of life.

"Tom Moore plays the title role and other members of the cast include Raymond Hulton and Edith Roberts, featured with Mr. Moore, Joe King, Mickey Bennett, Charles Henderson, Yvonne Hughes, and many others just as prominent.

"The selection of 'Big Brother' and of Allan Dwan as its director is in line with our policy of getting only the biggest and most popular stories and giving them to directors, who have already proved their worth at the box-office.

## AT THE LOCAL CHURCHES

Immanuel Baptist Church. T. H. Plimmons, pastor. Sunday school 9:45 a. m. H. H. Duncan, Supt. Preaching 11 a. m. "If Not to Christ, to Whom?" Intermediate B. Y. P. U. 7 p. m. COTTON LETTER New Orleans, June 21.—Materializing of rather general light to moderate heavy rains Texas and Oklahoma, excessive in extreme southwest Texas depressed market today. The weather bureau predicts part cloudy for Oklahoma and Texas, rain for South and Central portions of eastern half of state.

Private advices report two to nine inches of rain at points in southwest Texas, the early producing district of that important state. Ordinarily July would rule strong as result of excessive rains in the southwest Texas coast section as such rains are considered detrimental and likely to delay maturity of early cotton and may harden the basis for early new crop deliveries, but July was relatively weaker than distant positions.

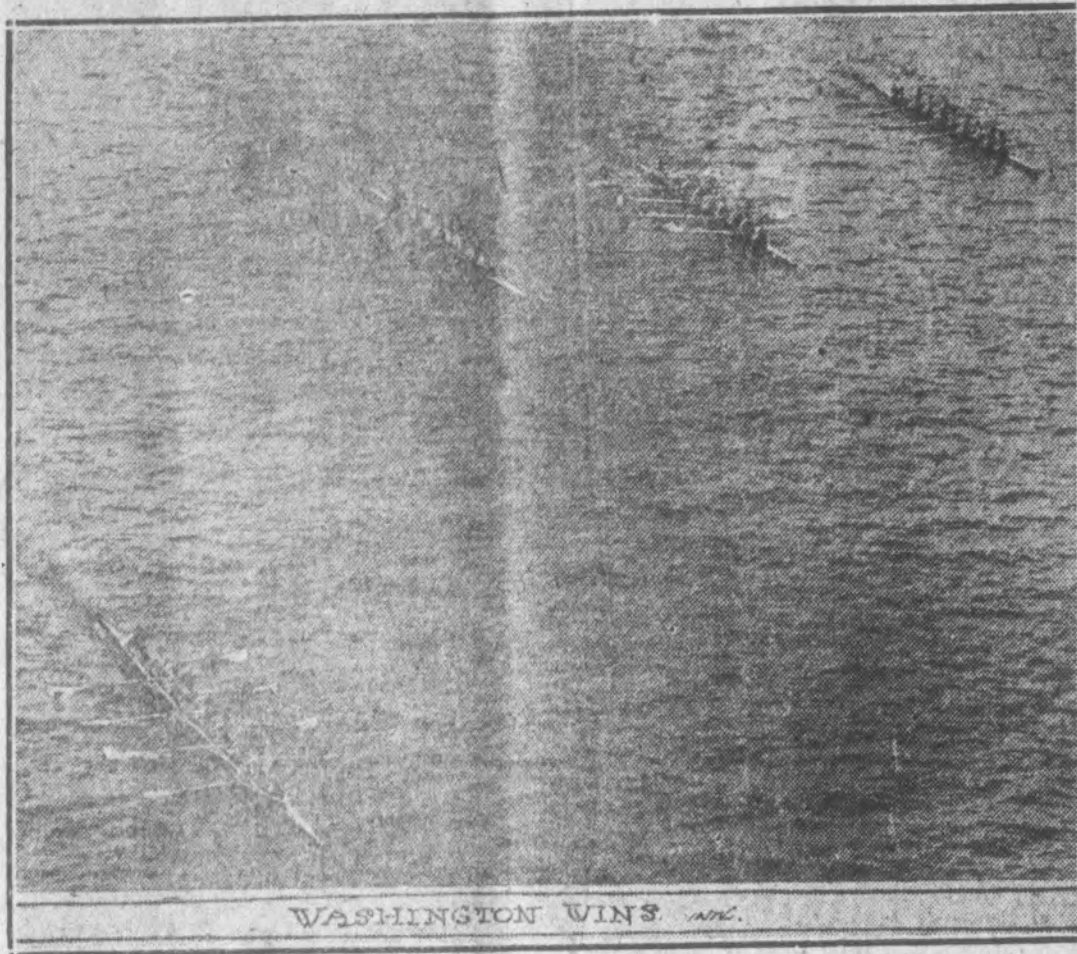

Private advices from Texas and the same conditions probably apply to Oklahoma, are to effect that the rains and lower temperatures saved the corn crop which was commencing to wilt, and while cotton would have gone without rain for a while yet, the moisture will be of benefit to the staple also. Unless more rain is obtained in the Southwest over Sunday especially in Texas, as late advices show good rains in Oklahoma, 7 stations 1 to 2 inches, showers at some other stations, market may continue to be supported on calm of insufficient rain in Texas if outlook is for return of hot, dry weather.

MEANWHILE FAVORABLE CROP WEATHER is the rule of late in the Mississippi Valley and South Atlantic states.

THE WEATHER Scattered showers Central and North Texas and Oklahoma. Heavy rains southwest Texas. Nine inches rain Kingsville; 8 inches Corpus Christi. Heavy storm damage in corn belt of Illinois and Wisconsin.

FORECAST ENTIRE COTTON BELT Louisiana, part cloudy, probably shower southeast portion. Arkansas, part cloudy. Illinois, part cloudy, somewhat warmer. East Texas, part cloudy, extreme north, rain south and central portions West Texas, part cloudy. North Carolina, part cloudy not

WASHINGTON CREW WINS INTERCOLLEGIATE REGATTA.

The University of Washington eight won the intercollegiate regatta for the second consecutive time on the Hudson River at Poughkeepsie, N. Y. This photograph shows the finish, with Washington, at the left a length in front. In left to right order, the other crews are Pennsylvania, which finished fourth; Cornell which finished third, and Columbia, which finished second, and Syracuse which finished fifth, had outside lanes to the right and do not appear in this photograph.

GERM OF HOOF AND MOUTH DISEASE IS REPORTED FOUND

Berlin.—Bacteriologists throughout Europe have been interested in the recent announcement here of the discovery of a bacillus capable of reproducing the hoof and mouth disease in animals. Specialists have come to Berlin to investigate further, while there have been many letters and cablegrams from the United States and England, where there have been epidemics this spring. News of the discovery came from Professor Paul Frosch, of the Royal Veterinary College, who has been working on the problem several years in conjunction with Professor Dalmer.

The new bacillus has not yet been subjected to sufficient confirmatory tests to make it possible to say positively that it is the final solution of the difficulty, but medical journals in Germany and England have written enthusiastic articles about it, and various authorities have ventured to predict that this enthusiasm has not been misplaced.

COLONIAL COTTON EXPECTED TO RELIEVE BRITISH DEFICIT, SAID

London.—In nearly every part of the British empire where cotton is grown conditions were satisfactory last year, according to the annual report of the British Cotton Growing Association.

It is generally admitted, says the report, that 1923 was one of the most unprofitable ever experienced in the history of the cotton milling industry in Great Britain, due to shortage of raw materials. The great bulk of the mills using American cotton worked on short time, and the earning power of the operatives was seriously curtailed. This condition is being overcome by the increased production of the British colonies. After detailing the progress made in cotton growing in various parts of the empire the report concludes: "The increased quantities of cotton produced during the year in many parts of the empire is very gratifying, especially at a time when the prospects for a greater produc-

World's Greatest Airport

London.—The cabinet's decision to establish an imperial airship service and to select Cardington, in Bedfordshire, as the home of airship research and experiment, will make Cardington the world's greatest airport. It was here that the ill-fated R-38, which broke her back at Hull, was built and her sister ship R-37, now stands half completed in the shed.

Practical Nurse Tells

Mrs. N. E. Snow, of Route 1, near Paris, Tenn., tells the story of her experience as follows: "I am 62 years old and I have been a practical nurse for more than 20 years, taking mostly maternity cases. One of my daughters suffered from cramping at ... She would just bend double and have to go to bed."

CARDUI

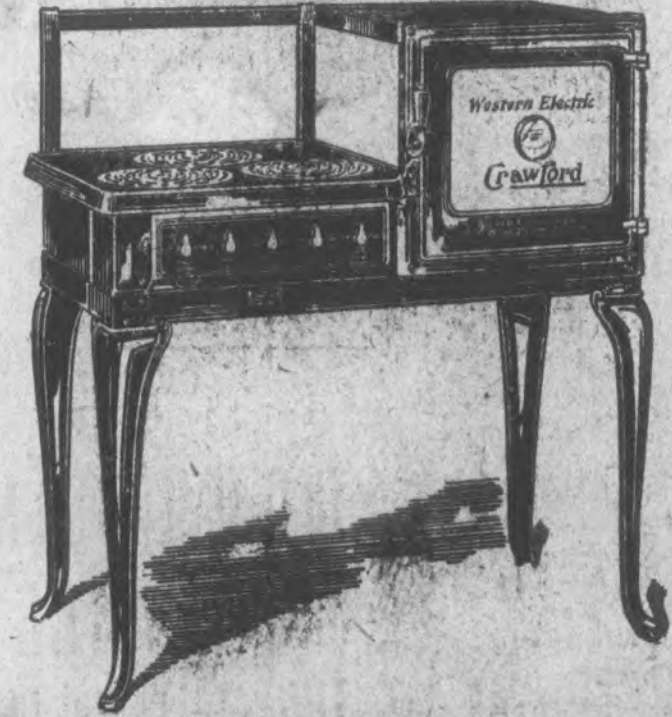

The Woman's Tonic

was recommended to her and she only had to take about two bottles, when she hardly knew that it was ... she suffered so little pain. "My youngest daughter was run-down, weak and nervous ... no appetite and tired all the time. I gave her two bottles of Cardui. It built her up and she began eating and soon gained in weight and has been so well since." Try Cardui. At all druggists. EX-100

Free Range Demonstration

PERFECT ELECTRIC COOKING WITHIN EVERYONE'S REACH HIGH IN QUALITY LOW IN PRICE ECONOMICAL TO USE

Cooking has always demanded more time than any other domestic duty. Every woman that has stood over a hot stove can testify that it is the most unpleasant of her daily tasks.

[Today, Electric Cooking has come to set women free from this great drudgery. For the first time it offers a fuel which is clean and odorless, SAFE, obedient and economical.

No longer need the kitchen walls be soiled with soot and greasy vapors. No longer need the kettles and pots be black after they have been used. No longer need the heat of cooking, nor the dirt of ashes be a nuisance in the kitchen.

Let us bring this great blessing into your home.

Mr. Phillips, Electric Range Expert, will be with us during our free demonstrations on next Tuesday, Wednesday and Thursday afternoons at 3:00 p. m.

A delicious pound cake will be given away at each demonstration.

Water & Light Commission
