

Partly cloudy tonight. Slightly warmer in west portion Sunday, showers and thunderstorms, moderate southwest winds

## COLBY TO FIGHT ANTI KU-KLUX PLANK

### Boiler Explodes; Negro Dead; White Man Injured

#### Cloud Of Ku Klux Klan Is Hanging Over Convention

Convention Recesses for Several Hours in Response to Request to Give More Time to Platform Committee; Colby Selected to Make the Fight for Anti Ku Klux Plank

New York, June 28.—Bainbridge Colby, of New York, Secretary of State under Woodrow Wilson has been selected to make the fight for the anti Ku Klux Klan plank on the floor of the Democratic convention. Colby was chosen at a conference attended by Norman Mack, of New York; George Brennan, of Illinois; and other Democratic leaders who favor the condemnation of the Klan by name. Mack announced after the conference that New York, Illinois and other delegations favoring the naming of Klan in party platform had decided that a flat issue must be raised before the convention. It is probably that the fight against such a plank will be conducted on the floor by William Jennings Bryan. General Charles H. Cole delegate at large from Massachusetts was chosen to assist Colby in the convention.

New York, June 28.—The cloud of Ku Klux Klan hung so heavily over the Democratic national convention that the platform committee after an all night session was unable to see a rift of light in a last effort to prevent an open rupture on the floor of the convention over the issue. The committee authorized William Jennings Bryan to select as many members as he might deem necessary to enlist the aid of party leaders and various candidates for presidential nomination to remove what was regarded as a serious threat of a split in the party. More-over members of the committee who are under instructions from their delegations to support the plank specifically naming the Klan have volunteered to confer with colleagues and urge that there be reconsideration of the question.

Madison Square Garden, New York, June 28.—Responding to appeals of party leaders to give more time for the platform committee to work on the Ku Klux Klan plank the Democratic national convention after a brief morning session recessed until three o'clock this afternoon, daylight saving time; seemingly hopelessly divided on the issue of whether the Klan is to be named specifically. And surrounded by war clouds loaded with threats of party split the convention managers sent Homer Cummings, chairman of the platform committee, to bat to explain to the convention why the platform was being delayed and to plead for more time. Tired and worn by continuous loss of sleep, since Tuesday, Cummings gave as dramatic a speech as ever has been heard in a national convention explaining deliberations of committee and its inability to reach an agreement. He told amid the dramatic silence how after an all night session committee-man had gathered around their table in breaking dawn of day and recited in unison the Lord's prayer after which William Jennings Bryan had raised his voice and spoken prayer for divine guidance.

**GERMANS TIRED OF OF WAR BOOKS**  
Berlin.—War literature has been thrown into discard as far as has been thrown into discard as far as demand for it on the part of the Berlin reading public is concerned.

#### Dept. Agriculture Wins In Contest

Chicago, Ill., June 28.—The department of agriculture won its contest for right to inspect books and records of packing companies when Federal Judge Cliffe issued a writ of mandamus directing that all such records be opened to department inspectors.

#### Carry the Children On The "Special"

Eight cars have been secured from the Norfolk-Southern by the Men's Federation for the "Gospel Message Special" which will go to Wilson next Tuesday afternoon to attend the Ham-Ramsay services. The Norfolk-Southern officials have notified the Federation that all children under 12 years of age, will be permitted to go for 55 cents. This offer will no doubt be received most gladly by the parents as it will make it possible for them to go and carry the little ones.

Each car will be in charge of one of the groups leaders with his group. They have been arranged as follows: Group 1, leader, L. L. Kittrell; Group 2, leader, Jim Applewhite; Group 3, leader, Henry Renfrew; Group 4, leader, John Clark; Group 5, leader, J. B. Kittrell; Group 6, leader N. O. Warren; Group 7, leader R. C. Flanagan; Group 8, leader E. G. Joyner. Each group leader will have the members of his group in his car. Song services will be conducted enroute to and from Wilson and a great time is in store for all who go.

Don't fail to go on the "Special." You are needed and your attendance is desired.

#### McCormick Checking Magnetic Meridian Markers Over Country

Chapel Hill, June 28.—Ensign John A. McCormick, U. S. N., who since April 1 has been at work in the state checking over, replacing or re-establishing the magnetic meridian markers at all county seats, has thus far occupied about 39 of the 69 stations to be visited. He is now in Winston-Salem and will later visit Raleigh, Smithfield, Louisburg and other points in Eastern North Carolina.

Magnetic meridian markers, established in every county, it was said have fallen into bad condition or have been rendered useless by obstructions. They are being checked over by the United States Coast and Geodetic Survey in co-operation with the North Carolina Geological and Economic Survey. Magnetic stations, it was explained are of great value as establishing magnetic variation and enabling surveyors to compare their instruments. A North Carolina statute requires annual comparison of surveyors' instruments to determine their variation from such a range, but it has been widely disregarded, it was pointed out, largely from ignorance of the existence of the law and in some cases from the essentials relating to magnetic variation.

#### Alaska Delegate Walked 150 Miles.

JOHN D. POWERS

To attend the Democratic National Convention in New York City, John B. Powers, delegate from Alaska, traveled 7,000 miles, 150 of which was on foot to the railhead that took him to the coast.

#### ONE WHITE MAN, 2 NEGROES HELD CHARGED ROBBERY

Ernest Allen, white, and Robert Griffin, Negro, caught after interesting chase; James Merritt, another Negro, arrested in Snow Hill

James Merritt, negro, was arrested in Snow Hill yesterday afternoon, placed in the Snow Hill jail, and later brought to Greenville, charged with being a member of the party which robbed the store of Mr. R. R. Cotten at Bruce yesterday. Ernest Allen, white, and Robert Griffin, negro, were also placed in jail yesterday charged with being members of the robbing party. Two negroes are still at large but officers with bloodhounds are continuing the search.

The robbery which took place yesterday was one of the boldest ever perpetrated in this county. Three negroes, entered the store at Bruce about 8 o'clock ordered Mr. Peele the manager to turn over the cash in the store which amounted to nearly \$100, cut the telephone wires and left, supposedly on foot.

Mr. Peele at once notified Mr. Holland, of Bruce, who, knowing that he was helpless without the aid of an officer went immediately for Officer Pierce, of Falkland, while Mr. Peele came to Greenville to notify Sheriff Jackson.

Mr. Pierce and Mr. Holland learned from two negroes, of the Bruce section, that the robbers had gone toward Farmville, so they went to Farmville and notified Officer Hobgood. After discussing the situation from every angle, the officers in a Ford automobile accompanied by Mr. Holland started to return to Bruce. A short distance from Farmville they met a Buick in which was one white man and four negroes. Having been notified that the negroes were walking and that they were three in number, the officers did not suspect that the car carried the robbers and started to pass it. One of the negroes, however realizing that the Ford carried officers and having a "guilty conscience" jumped on the running board with a pistol. Mr. Hobgood fired at the negro and is confident that he struck him. The driver of the car seeing their predicament put the gas to the car and left for parts "unknown."

Officers Hobgood and Pierce (Continued on page 4)

#### APPEAL MADE BY DR. SMITH TO PROFESSIONAL MEN OF CITY

To the professional class of Greenville physicians, teachers and lawyers, I wish to urge your presence, if not your outward participation in the various religious services now in progress for the saving of souls and the betterment of our community.

The motive of the civic organizations and clubs which is to improve the personnel of the community and build it in a material way. To my mind the work of the Men's Federation, especially the morning prayer service is of equal importance and should be endorsed by every citizen in spirit and action in this community.

I call upon this class of citizenship because you have attained the confidence and acquired the ability to exert a great influence for good if you only permit yourself to follow the dictates of your conscience.

DR. JOE SMITH

#### ELEMENTARY SCHOOL WILL BE ERECTED IN WEST GREENVILLE

Purchases Site From Higgs Brothers For \$5000; Plans to Be Drawn Immediately and Erection of Building to Begin Soon As Possible

Following immediately upon the decision of the North Carolina Supreme Court, validating the recent bond issue of the Greenville Graded Schools, and establishing definitely once and for all time the lines and boundaries of the Greenville Graded School District, the Board of Trustees of the Greenville schools met last night and took the first step towards the enlargement of the school system. This first step consisted of purchasing a site for the new elementary school which is to be erected. The board purchased a block of land in West Greenville comprising something more than two acres. The site was purchased from Higgs Brothers for \$5000, and faces Chestnut street on one side. It is one block off Dickinson avenue. The only other site available in that part of town and offered was that of the American Tobacco Co., storage warehouse block. However, since the price of the Tobacco Company's lot was three times that of the site purchased, it could not be considered. At first glance it might appear that the site purchased is a bit far out, but it is believed that considering the growth of the town and the territory which this school will have to serve, the site is ideally located. The school which will be built there will serve not only West Greenville, but also all that territory outside of the town limits, in the school district; namely, the Cotton Mill section, and all the Allen school district which is now a part of the Greenville school district. It is the purpose of the school board to have plans drawn immediately and to proceed as rapidly as possible with the erection of the building. The building that is to be built will be modern and up-to-date in every particular.

#### Denby Reports That Brotherhood Will Support McAdoo

Cleveland, June 28.—Executives of transportation of Brotherhood have issued formal denials of reports from New York that railroad Brotherhoods were to support William Gibbs McAdoo.

**British Historians Coming.**  
London.—The Senate of the University of London has appointed three representatives to the Anglo-American conference of professors of history to be held in December at Richmond, Va. They are Professors A. F. Pollard, R. W. Seton-Watson and Hubert Hall.

#### KIWANIS CLUB IN SPLENDID MEETING HERE LAST NIGHT

Program in Charge of 'Jew' Cook Thoroughly Enjoyed; J. B. James Reports On Playground

One of the most important and interesting meetings yet held by the local Kiwanis Club was enjoyed last evening at the Rotary building. "Jew" Cook was in charge of the program and it goes without saying that something was doing every minute during the entire hour. A full attendance, merriment and much enthusiasm prevailed.

J. B. James reporting for the committee on the playground stated that the contract for laying the concrete culvert had been let by the town preparatory to leveling the area and that playground equipment was being investigated as to the most suitable to install.

Miss Bessie Brown accompanied by Mrs. J. B. James, sang a number of vocal solos which were greatly enjoyed by the club and visitors. Mr. Gross, music director, assisted by Miss Jennie Long, Messrs. Harold and Holland with Mrs. James at the piano furnished music during the entire dinner.

Dr. Laughinghouse reporting for the committee making an investigation on the possibility of providing hospital facilities for the negroes in the county stated that the Pitt Community Hospital staff had offered their professional services free and that their laboratory and X-ray equipment was free as an incentive to fostering arrangements for the negroes. He mentioned several sites and buildings where facilities could be had. Sadler stressed the necessity for such a movement and promised their support in every possible way.

The meeting closed by singing the regular Kiwanis song.

#### Arkansas First State To Ratify Proposed Child Labor Amend.

Little Rock, June 28.—Arkansas became the first state to ratify proposed child labor amendment to federal constitution when the senate approved the measure. The House voted to ratify the amendment yesterday.

**Adolph Spreckles Sugar Magnate and Manufacturer Dies**  
San Francisco, June 28.—Adolph Spreckles nationally known sugar magnate and manufacturer died at his home here.

#### McDonald Is Radical's Presidential Choice.

DUNCAN McDONALD

Here is the latest picture of Duncan McDonald, miner of Illinois, who was nominated for the Presidency by the ultra-radical element of the Farmer-Labor Convention in St. Paul, Minn., after Senator La Follette had repudiated the party.

#### Dr. Bowling Offers Site to Salvation Army For Home

Durham, June 28.—Dr. E. H. Bowling, of this city, has offered to the national Salvation Army a tract of land on the Eno river at the site of the old Guess mill about five miles from here for the purpose of establishing a home for the superannuated officers and workers of that organization, according to announcement made here by Captain Vivans, of the local post, through whom the offer was made.

The offer was made by Dr. Bowling upon the condition that the national organization of the Salvation Army erect a home of some nature for its officers and workers. Captain Vivans, who has been with Durham post of the Salvation for about five years, has taken the offer up with the head officers at national headquarters and hopes to have secured some definite agreement before he leaves to take up his new duties in Spartanburg, S. C., in the near future.

The site offered by Dr. Bowling is of the Guess estate and is situated on both sides of the river about one mile from Crystal Lake. The place is considered one of the most beautiful in Durham county and is ideally adaptable for summer resort or an institutional home. It has been the delight of campers for a number of years.

Rising on both sides of the river are cliffs covered with thick pines at the end of which has been erected a concrete dam, forming a large lake.

The property, it was said, abounds in beautiful spots and unusual natural geographic terrain. Chief among these is the natural cave hollowed from the rock cliff on the south side of the river, which is known as "Wolf's Den."

#### EVERYBODY'S PRAYER SERVICE ON COURT HOUSE STEPS TONIGHT

Everybody is invited to attend the prayer meeting at the courthouse tonight at 8 o'clock. These night meetings are for everybody and you are especially invited to be there. Bring your unsaved friends.

#### Negro Fireman Dies Few Mours Later; 2 Little Boys Blown Distance of 500 and 100 Feet Without Receiving Injuries

John Perry, negro fireman, was fatally wounded and Mr. F. C. Manning suffered painful injuries yesterday when a boiler in the Shelmerdine Lumber Camp exploded. Manning will recover.

The explosion which is believed was due to the carelessness of the firemen occurred at 12:30 o'clock yesterday and Perry died about 10 o'clock last night.

The explosion was of such a terrific force that part of the boiler, beam, was carried five hundred feet passing through the roof of the Greenville-Shelmerdine depot. Another part was carried about two hundred feet through the roof of the planing mill, while another part was blown as far as four thousand feet.

There are always some miraculous escapes in explosions and cyclones and this was no exception. Two little boys ages 5 and 8 years, who were on the back of the boiler, were blown distances of five hundred and one thousand feet without receiving injuries.

#### Sea-Side Assembly Growing Daily In Numbers, Interest

Morehead City, June 27.—With 39 towns in North Carolina and six other states represented, the Baptist Seaside Assembly, which has been in session in this city since Monday evening, is growing daily in numbers and in interest. Morehead City of course, leads the list of towns with 75 taking the daily lectures; Beaufort comes next with 29; then follows Clinton with 15; Raleigh, 10; Williamston, New Bern, Smithfield, Dunn, Wake Forest, Fairmont, Durham, and Charlotte all have a goodly number of representatives.

Perry Morgan, the director, is expecting scores of new recruits from up-State to come down and take advantage of the special week-end program. Dr. E. C. Dargan, Nashville, Tenn., who has been greatly delighting and inspiring his audience each day on "A Veteran's Gospel," will preach in the morning, and Dr. A. Paul Bagby, Wake Forest, and Dr. J. T. Henderson, Knoxville, Tenn., will speak at the evening hour. Jasper N. Barnett, Dunn, will be in charge of the Assembly Sunday School. In the afternoon the splendid orchestra of the Clinton Baptist church will give a musical program interspersed short stories by Mrs. J. E. Dillard, Birmingham, and by exhibitions of oriental-souvenirs, antiques and curios gathered by Mrs. Dillard in her travels.

On next Tuesday night, when the Assembly closes, Miss Iva Pearson, of Raleigh, will direct a pageant which has been arranged by Mrs. E. B. Earnshaw, of Wake Forest, setting forth the history and achievements of North Carolina Baptists. This will be its first presentation and gives promise of being a brilliant success. Approximately 100 people will take part in it.

A German has invented a means by which grand opera may be transmitted by telephone, providing all the thrill for those not present except seeing how the women are dressed.

### ADVERTISING AND BUSINESS

Advertising and business are close partners. They are responsively sympathetic. In the times of the years ago advertising was good in periods when business was good, and if there was a panic advertising slumped. Now there is less indication that business affects advertising in as great a degree as advertising affects business. In the old times merchants, for example, advertised in the local papers liberally when business was high, spirits high, cash plentiful and when they felt that they could afford to spend money with the newspapers. But that era has passed.

Business men put their first-rank business judgment, sense, skill into their advertising campaigns; for on these advertising campaigns depends the volume of their business. Competition is sharp; if business is good they advertise to keep it so and to get their own share and a little more if possible of what's doing in the trading line; if business is "off" then they realize the absolute necessity for advertising for a number of good reasons. The people, they know are then eagerly looking for the best place and the best prices; the business is not plentiful enough to go around with two or three liberal helpings and they resort to attractive, intense, emphatic advertising to get the largest possible proportion of what there is in sight.

In the old times the business man put advertising into the business system only when he thought the system was strong enough to stand it, nowadays he feeds his business a regular diet of advertising to keep its circulation normal, its strength vigorous, growth steady he gives it the extra treatment when he finds that a tonic or a stimulant is most required.

Business men are coming to the sane view of advertising as an element, a vital, everyday regular, steady element in business.

Naturalist says there are still 200,000 rattlesnakes left in the country. We don't know when he took the census, but presume it is fairly accurate. How's your supply of cure?

One scarcely knows how to regard the girl of today. She gets mad if you stare and she gets sore if you don't. What's the answer, if any?

### HEAT THE SCAPEGOAT.

When it is hot everything is blamed on the heat. "Crazy with the heat" is an old slang phrase which has no more pat application than that by which it is attached to those who make excessive heat responsible for everything from the loss of ball games to the birth of triplets. One cannot doubt that there are numerous cases of heat prostration and that some of them result fatally, but in many of the facts credited to heat the excess of temperature is responsible only in an indirect way. Bather seeks the cooling river and is drowned—heat. Someone goes to sleep in a hammock which breaks and sleeper is perhaps fatally injured—heat. Another suffers an attack of acute indigestion possibly due to eating food that should not be eaten in hot weather—heat again.

Heat brings an abundance of discomforts and it is wise to take precautions to prevent serious results following in its tail, but there is no use becoming alarmed because the temperature hovers around 90 for a week or so. It exceeds that for long periods in the tropics and yet people continue to exist there.

Observe customs of living that all know are suited to hot weather. Somebody has said that heat is a state of mind and it is likely that much of the discomforts is more imaginary than real. Of course, a man with sweat streaming from every pore and his clothing clinging as if it were glued will scarcely subscribe to that sentiment, but if that is the worst one is called upon to suffer on an otherwise glorious day what cause is there for complaint?

The first of the month makes every man feel bilious.

The man who blows his own horn is usually out of tune.

The upkeep is the downfall when the outgo exceeds the income.

Marriage itself isn't a failure. Usually it is the person who engages in it that gives it a black eye.

Missionaries being sent to the Eskimos won't get anywhere by telling how hot it is in hades.

This may be an awful country; but people in China get up 12 hours before we do.

Ordinarily when an automobilist runs a dead heat with an express to the crossing he doesn't live to tell the thrilling details.

It is rather fortunate that some people are bad enough to give people something interesting to talk about.

It is rather fortunate that some people are bad enough to give good people something interesting to talk about.

The reason some men never win a great victory is because they waste too much energy feeling good about a small one.

The trouble is if he has discretion enough to write her letters that can be used in court, he doesn't love her enough to be convincing.

## KATHERINE FANESTOCK MILLER AT THE COLLEGE MONDAY EVENING

The public is cordially invited to attend the entertainment to be given at East Carolina Teachers College on Monday evening June 30, at 8:30, by Katherine Fanestock Miller, reader and impersonator.

The press notices from the cities in which she has appeared are exceedingly complimentary. "She possesses abundant gift for impersonation, and keeps her audience alternating between mirth and pathos."

## REV. T. A. SIKES AT METHODIST CHURCH TOMORROW

Rev. T. A. Sikes of Greensboro, will fill the pulpit in Jarvis Memorial Methodist Church, tomorrow morning and evening.

## PERSONALS and SOCIETY

Mrs. Malissa Tyson and Mrs. Emily Jane Hardee are spending some time at the home of the late Rv. H. B. Tucker.

ately after the ceremony for Virginia Beach where they will spend several days.

Mr. Hines is one of Greenville's most popular business men being connected with the Greenville Supply Company.

## MRS. C. B. ROWLETT AND MRS. R. D. HARRINGTON ENTERTAIN

### Hostess at Delightful Barbecue at Country Club.

On Friday at the Country Club Mesdames C. B. Rowlett and R. D. Harrington were hostesses at a delightful barbecue.

The verandas were beautifully decorated with hanging baskets filled with yellow daisies while the reception rooms were appropriately decorated with cut flowers and ferns.

Upon arrival the guests were welcomed by the hostesses and introduced to the receiving line in which were Mrs. J. B. Warren, of Tarboro, guest of Mrs. Rowlett, Miss Marie Rawl, of Batesburg, S. C., guest of Mrs. Ed. Rawl; Mrs. F. R. Elmore and Mrs. Cecil Cobb, recent brides, Mrs. L. H. Bowling and her guest Mrs. Leon Litchenstein, of Richmond, Mrs. Jap Suttle, of Shelby, guest of Mrs. C. S. Forbes.

After exchanging friendly greetings and a few minutes conversation the guests were invited to the lawn where tables and benches had been arranged. A tempting dinner which consisted of barbecue, pickles, slaw, and bread sticks was served by Mrs. Albion Dunn, Miss Ward Moore, Mrs. Joe Rowlett, Mrs. L. B. McCormick, Miss Estelle Greene, Mrs. E. G. Joyner, Mrs. Alex. Blaw, Mrs. Ed. Rawl, Mrs. Earle Carter, and Mrs. R. Greene. Iced cold drinks were served by Misses Elizabeth Harrington, Edna Davenport, Mary Forbes and her guest, Miss Loula Moore Suttle, of Shelby.

The Country Club is an ideal place for a barbecue and a large number of guests enjoyed the hospitality of Mesdames Rowlett and Harrington.

## MISS MARTHA ADAMS IS MARRIED TO MR. WINSLOW

One of the most impressive weddings ever witnessed in Dunn took place at the Divine Street Methodist church Wednesday evening at 8:30 o'clock when Miss Martha Adams became the bride of Mr. John William Winslow, Jr., of Goldsboro.

Handsomeness pink gladiolus and daisies with an abundance of pink tulle gracefully arranged against a background of palms and ferns made a most beautiful and effective decoration.

Preceding the ceremony Mrs. Edwin B. Cooper played Schubert's Serenade on the organ and Mrs. Harper Holliday sang "O Promise Me," and "Because." After these beautiful musical numbers the bridal party entered to the familiar and inspiring strains of "Wagner's Wedding March," from Lohengrin as follows: Messrs. Hannibal Godwin and Dewey Selocomb as ushers, followed by the bridesmaids, Misses Tillie Nelson Mason, of Durham, and Marian Wilson, of Tarboro and the groomsmen, Messrs. Frank Crech and Byard Yelverton of Goldsboro.

Both bridesmaids wore charming gowns of powder blue French crepe and lace over pink, and carried gorgeous colonial shower bouquets of pink killarney roses and blue shasta daisies.

After these came the maid of honor, Miss Eunice Adams, sister of the bride, wearing orchid French crepe and lace over yellow and carrying colonial bouquet of pink roses and yellow daisies, showered with lavender larkspur.

Master Hugh Prince, Jr., dressed in a white satin suit and carrying the ring in a pink gladiolus and little Miss Ruth Winslow Stearns, niece of the groom daintily dressed as a miniature bride and carrying a tiny shower followed.

The bride entered on the arm of her aunt, Mrs. W. M. McDonald, who wore orchid crepe with a carriage bouquet of pink roses. The bride wore a handsome orange robe of bridal satin with court train. Her veil of tulle was caught with orange blossoms and she carried a shower bouquet of Bride's roses, orange blossoms, and valley lilies. The groom, with his brother, Mr. Warren Wins-

low, as best man, entered from the pastor's study and met her at altar.

The impressive ring ceremony was used, after which Mendelssohn's Wedding march was played as the party left the church.

Mr. and Mrs. Winslow left immediately after their marriage for an extended bridal trip to New York and other northern points of interest. After their return, they will make their home in Goldsboro. Mr. Winslow has an interest in the Goldsboro Book store. He was educated at Bingham Military school, near Asheville, and went overseas during the world war. Mrs. Winslow received her A. B. degree in 1920 from Greensboro College for Women. While a student there she received many high honors, being chief marshal during her senior year and being chosen as the handsomest girl in school. For the past two years she has made her home with her aunt in Greenville, where she was a member of the high school faculty.

Among the out-of-town guests who attended the wedding were: Mr. B. B. Adams of Four Oaks; Mrs. Ernest Adams, Mr. and Mrs. Charlie Adams, of Linden; Mrs. Walter Sutton of Kinston; Mr. and Mrs. J. B. Hooks, Mr. Borden Hooker, Mr. and Mrs. Dewey Selocomb, Mr. Robert Zausser, Mr. Will Creech, Mr. Claude Ezzell, Miss Alma Bizzell, Mrs. Lester Yelverton and daughter, Sarah Hall, and Mr. and Mrs. J. W. Winslow, parents of the groom, of Goldsboro; Mr. and Mrs. W. M. McDonald of Greenville, and Mrs. Robert Michie of Durham; Mr. Claude Bandy of Four Oaks and Mr. and Mrs. John Adams of Linden.

## THE WOMAN'S MISSIONARY SOCIETY

The Woman's Missionary Society of the Immanuel Baptist Church will hold its fifth Monday social meeting next Monday afternoon at 4 o'clock in the Wilson Memorial room of the church. The State W. M. U. Convention in its session at Goldsboro last April passed a resolution calling upon each society to observe Miss Heck's birthday in June with a program and a free will offering for Foreign Missions. In accordance with this action a program on the life of Miss Heck, in charge of Mrs. W. C. Bilhore, will be rendered and a free will offering taken at the meeting Monday. Miss Emma Jackson of Winterville a student in our W. M. Training School at Louisville, Ky., will be with us, also and tell us something of the life in House Beautiful. A business matter of vital importance is to come at this meeting. Every member of the society is expected to be present. All the women of the church and congregation are not only invited but strongly urged to attend. The social half hour following the program will afford a splendid opportunity to greet the new members.

## Leave for Osceola Camp.

Messrs. Bennett Moseley, Stanton Harvey, Albion Dunn, Louis and James Skinner accompanied by Mr. Dink James left this morning for Osceola Camp Hendersonville, N. C. Mr. James will be one of the instructors at the camp this summer.

London.—A frank statement that financial demands upon parliamentary candidates and members of Parliament were becoming too heavy was made by former Premier Stanley Baldwin in a recent address in which he declared that he had expended more than \$15,000 in elections during the last three years.

"Many men are poorer since the war," Mr. Baldwin said. "I myself am one of them. Too many demands for money should not be made upon members of Parliament and candidates."

(Furnished by James William Cobb)

**Holiday Liverpool Saturday.**  
Average of 9 private reports issued so far is: Condition 68.7 ranging from 67.9 to 70, increase in acreage 4.4 percent, acreage 39,106,000 ranging from 38,175,000 to 40,666,000, indicated crop 11,312,000 ranging from 11,042,000 to 11,700,000.

Last year's July Bureau condition was 69.9, acreage 38,287,000 (preliminary), indicated yield 11,412,000. If acreage shows increase of 4 percent this year over revised figures (38,709,000) for last year, this year's acreage would be about 40,257,000 acres.

Sentiment apparently less bullish pending issuance of government crop report next Wednesday.

**Weather.**  
—Memphis, temperatures Texas, Oklahoma average mostly 98 to 102. Light rain reported Chattanooga, Hatteras, Charleston, Jacksonville, Montgomery and New Orleans districts.

Forecast Saturday, Texas generally fair slightly cooler all balance entire belt mostly part cloudy.

### DAILY COTTON LETTER.

New Orleans, June 28.—The trend of values continued downward today in consequence of the depressing influence of larger crop estimates, the continuance of favorable weather inland and predictions for a record acreage this year, probably around 40,000,000 acres against 38,709,000 last year.

Returns to the Southern Products Co., Dallas, Texas, average the condition of cotton at 69.3, increase in acreage 3.8 percent. Texas condition 70.

The Japan Cotton Trading Co., of Texas, Ft. Worth, Texas returns averaged the condition of cotton at 69.1, made acreage 40,800,000 indicating a yield of 11,777,000 bales. Texas condition 69, acreage 15,450,000 acres, indicated crop 4,777,000 bales exclusive of linters.

There was no rain by the map west of the Mississippi river, but scattered light to moderate showers occurred in the eastern half of the belt mostly in the South Atlantic region.

Fears of the possibility of a return of excessively high temperatures in the southwest were removed by the weather bureau prediction for unsettled, cooler weather for north portion over the week end.

The acreage in Texas last year was about 14,077,000. According to returns to the Japan Cotton Trading Co., of Texas, the acreage in Texas this year is 15,450,000 and the indicated crop for Texas is 4,777,000 which is a larger acreage and a larger crop than the whole south had in 1879, when the total acreage for the whole belt was 14,480,000 and the crop 4,347,000 bales.

Whatever the government will estimate next Wednesday as to condition, acreage and yield, the acreage will likely be a fixed feature that have to be reckoned with this year irrespective of future variations in the condition of plant which is worthy of close attention.

Decrease of the reported large acreage this year, it is generally believed that with fairly good weather a good crop will result for the first time in 4 years providing insects, especially if the weevil are not destructive whereas if good weather is the rule during the remainder of the growing and maturing periods a very large crop is possible.

### DO WOMEN EVER FORGET ROMANCE?

Is a woman of 58 entitled to the love of a man 34?

The subject has been much discussed of late, but to Frank Lloyd goes the credit for being the first to bring to the screen a story of the romance of a man whose life had previously been free of romances, and who found himself deeply in love with a woman old enough to be his mother. Adapting his theme from Gertrude Atherton's novel, "Black Oxen" the most popular book of fiction during 1923, and presenting it as a First National Picture under the same title Mr. Lloyd will present his odd modern drama of society life at White's theatre, beginning Monday.

"Black Oxen" makes no attempt to establish which is proper and which is not as concerns marriage of true lovers, but critics who have previewed the film say that it presents a romantic adventure which is likely to be widely discussed in the future.

Madame Zatianny, whose youthful charm has been restored to her by a scientific experiment, and who, though 58, looks to be a woman of 20, is played by Corinne Griffith, regarded as one of filmdom's most beautiful and talented stars.

Conway Tearle is cast as Lee Clavering, the newspaper feature writer and playwright, who after but a glimpse of the charming Zatianny at the theatre, is determined to win her love.

## One White Man, Two Negroes Held Charged Robbery

(Continued from page 1)

knowing that they could never overtake the Buick in a Ford, stopped Mr. Bundy, of Farmville, who was passing in an Essex, and "confiscated" his car.

A chase which hasn't an equal ensued. For thirty-five miles over hills, pavement and through woods the Essex chased Buick. The route covered territory in Pitt, Greene and Lenoir counties. Finally when Griffin was reached the Buick detoured and the Essex keeping to the highway, headed it off. Ernest Allen and Griffin, who were on the front seat were placed under arrest while the other three negroes made for the woods. Officers fired at them but they succeeded in getting away.

In the meantime while this chase was in progress, officers Whitehurst and Whitchard were also conducting a chase. Telephone communication was kept up for hours between Farmville, Kingston and the Sheriff's office in this city, advising officers as to the whereabouts of Allen and the ne-

groes. When passing through Ormondsville, Officer Hobgood had the Sheriff of Greene county advised of the affair, advising him to be on the look out. A short while after receiving the message the Sheriff went to the Snow Hill Station where he arrested Merritt, suspecting him to be one of the missing party. He placed him in jail but could not force him to talk. After due deliberation he used his head and placed an innocent negro in jail for the purpose of picking Merritt. As usual "negro to negro," the guilty man told his "company" all that he knew. Confessed to being a member of the party, told the same story as related by Griffin concerning Allen employ-

ing them to rob the store and further said that the party was the same that had attempted other questionable acts throughout this section.

While awaiting word from Snow Hill, Officers Whitehurst and Whitchard were advised of the get-away of the three negroes, from Officers Hobgood and Pierce and they immediately sent for bloodhounds from the convict camp in Hookerton. At the same time they got in communication with Sheriff Conway of Lenoir county and he with his bloodhounds started on a search.

The whole affair shows splendid detective work on part of the officers and their assistants and it is expected that the other two negroes will be caught during today.

Merritt and Griffin declare that Allen went to New Bern and brought them back to Bruce for the purpose of robbing the store. Allen claims that the four negroes stopped him and with threats, compelled him to carry them to Bruce.

Just as soon as Merritt "talked," Officer Whitehurst was notified and officers from Farmville went to Snow Hill and brought the negro to Greenville and placed him in the Pitt county jail with Allen and Griffin.

## CALIFORNIA TO ASK RULERS OF SPAIN TO CROSS ATLANTIC

San Francisco. — Plans have been made for an international pilgrimage to one of the cradles of civilization on the Pacific Coast of the United States, the spot near Monterey, Cal., where Father Junipero Serra, the first Spanish padre, landed and established the first mission in California in 1770.

The celebration, to be centered in the restored chapel of Carmel Mission, will begin October 12 and last a week. Those to whom special invitations will be issued will include the king and queen of Spain, the Spanish ambassador at Washington, the president of Mexico and a number of other noted Spaniards and Mexicans.

The ancient Spanish mission overlooks the Pacific ocean. The body of Father Serra is buried beside the altar in the chapel, but during the observance the coffin will be removed, in the course of a memorial service, and placed in a beautiful sarcophagus which is being completed by Jo Mora, the sculptor, in his studio at Pebble Beach, Cal. The sarcophagus will be unveiled at an elaborate ceremony on October 19, the Sunday that and Whitchard were also conducting a chase. Telephone communication was kept up for hours between Farmville, Kingston and the Sheriff's office in this city, advising officers as to the whereabouts of Allen and the ne-

groes, dances and entertainment typical of the period represented. The fiestas, fandangoes, barbecues and mission plays that characterized the Spanish occupation of California will be reproduced faithfully.

Father Serra is credited not only with founding a spiritual heritage for his people in the new land, and with administering to many of their secular needs, but also with planting the seeds, brought from Spain, for the first farm in Western America.

During the observance the flags of Spain, Mexico and the United States will fly together over the historic customs house of Monterey. A prevailing note will be the costumes of the old mission days, a period that survives today in the geographical names and type of architecture of California.

Laura Bride Povers, an art critic, is announced as the originator of the pilgrimage and pageant. The details were first made public from San Carlos church in Monterey by Father Ramon M. Mestres.

### FLORIDA MAN PLANS TO HUNT LIONS WITH BOW AND ARROW

Denver, Colo.—E. R. Welch, a Florida niroed, will hunt mountain lions in Colorado this summer armed only with bow and arrow, he has notified Stanley P. Young, in charge of the predatory animal division for the United States biological survey.

"No question about getting mountain lions if I get a shot at them," Welch wrote. "I can put an arrow through a one-inch plank. All I ask is that the lions be treed first. I'll guarantee to knock them off the highest branches."

Young assured Welch he would be welcome to chase mountain lions from one end of the Rockies to the other.

## IMPROVED ELEVATOR MAKES HIGHER BUILDINGS POSSIBLE

Colorado Springs, Col., June.—The possibility of skyscrapers towering 750 feet into the air is becoming more imminent with the perfection of vertical systems of transportation, which surpass the present type of elevator system now employed in office buildings, Arthur Longedye of New York said in a report, submitted today to the convention of the National Association of Building Owners and Managers.

"Plans have been made for elevator cars controlled by a push button sys-

tem to serve a building 60 stories in height, running an express service similar to an express service on a railway," said Mr. Longedye. "Stops at the tenth, twentieth, thirtieth and every ten floors to the top are provided, with a local service for each ten floors. While the plan may not be put in operation in the immediate future, I mention it as an illustration of the possibilities in future buildings of great height."

The push button system will be installed in the new Standard III building in New York, he declared. Under the system, the passenger announces his floor as he steps in the elevator and the operator pushes a button for that floor. The car is not stopped until it reaches the floor for which the button has been pushed, unless prior to reaching that floor it arrives at one where there is a waiting passenger who has pushed a floor button.
