SMITH---McADOO STILL IN DEADLOCK

William Jennings Bryan Assails John W. Davis

J.W. DAVIS MAKES SLIGHT GAINS IN LATE BALLOTING

Mississippi and Missouri Switch to Column of West Virginia Causing Floor Demonstration; Both McAdoo and Smith Show Slight Losses on Late Ballots; North Carolina Among Those States Taking Canvass of Delegations.

Madison Square Garden, New York, July 1.—Missouri deserted the McAdoo camp on the twentieth ballot in the Democratic National Convention today casting its 36 votes for John W. Davis, of West Virginia. The result of this ballot was McAdoo 432, a loss of 42, and Smith 307.5, a loss of 4; Davis 122 a gain of 37; Underwood 45.5, a gain of 6.

This ballot again failed however to furnish a nominee. Before the official announcement of the result of the poll of the Missouri delegation, Chairman Walsh and officials on the platform, examined precedents, the Missouri delegates milled around the floor in front of the speakers stand and McAdoo floor managers skirmished around in an effort to hold their lines in the face of the drift to the West Virginian.

North Carolina began the canvass of her delegation which has been solid for McAdoo from the start, to see if they should stick to McAdoo. The delegation decided to continue to vote for McAdoo. Announcement that the entire Missouri vote was cast for Davis started a demonstration but it was short lived, the chairman banging for order so that he could announce the result of the ballot.

There was another Davis cheer, however, when the result was announced as 122, which groans from the Smith and McAdoo groups greeted the announcement showing slight losses for the two candidates.

Several other delegations who have been backing candidates since the

start are showing signs of weakening. North Carolina took a canvass to see if McAdoo could still command a majority. Kansas was also reported to be inclined to break some of the votes to go to E. T. Meredith, former Secretary of Agriculture, and some to Davis, of West Virginia.

Madison Square Garden, N. Y., July 1.—The taking of the nineteenth ballot in the Democratic National Convention although not producing a nominee was marked by the slide of the Mississippi delegation to J. W. Davis, of West Virginia and an open attack upon Davis by William Jennings Bryan before the delegation. Bryan argued that Davis' professional connections would cost the party the west.

Madison Square Garden, New York, July 1.—The Democratic National Convention went into its second day of balloting giving no outward indication of a break in the logjam of contending opinions that are preventing the selection of a nominee for the presidency.

Over night conferences among the captains of the rival candidates' camps resulted in a few minor shifts which were to become apparent later as the balloting progressed but nothing had materially changed the positions of the two leaders in the field with favorite sons and dark horses lagging behind them but the

GOLDSBORO MAN DROWNS IN POND NEAR KINSTON

Kinston, July 1.—The body of J. G. Whitfield, electrician of Goldsboro, was found yesterday afternoon at 2 o'clock in Walter's Mill pond, the other side of LaGrange, when the pond was drained and a thorough search made following the man's disappearance late Sunday. Whitfield is reported to have been with a party from Goldsboro and when he failed to rejoin them, apprehension for his safety was aroused and a final search revealed his dead body at the bottom of the lake. Whitfield is the son of Thomas W. Whitfield, of Goldsboro. Stories to the effect that he was advised not to go in swimming were current in LaGrange, it is reported here. No one saw him in difficulty and how or why he drowned is a mystery.

Three Negroes Killed By Train Near Shelby

Shelby, July 1.—A verdict that Roderick Scrubbs, Jim Degree and Kirt Mitchell, negroes, whose bodies were found on the Southern Railway tracks near here, were killed by a train while asleep on the track was returned by a coroner's jury here late yesterday.

The negroes bodies badly mangled were found on the tracks yesterday morning. It is not known whether the accident occurred late Sunday night or early yesterday.

Moss Exonerated Conspiracy Charge

Washington, July 1.—Ernest C. Moss, former director of sales for the War Department, was exonerated today by Judge Bailey in District of Columbia Supreme Court, in the case of John L. Phillips, of Georgia, and others on trial in connection with the sale of government surplus lumber.

Ross Files Report Campaign Expenses

Raleigh, July 1.—Charles Ross, runner-up to Dennis Brummitt for the office of Attorney General in the Democratic primary of June 7 has filed his final statement of his campaign expenses with the office of Secretary of State. His total expenses were given as 773.

U. S. Senator Edward I. Edwards, former Governor of New Jersey, is shown doing his stuff in support of Governor George Silzer, of New Jersey, when the latter was placed in nomination for the Democratic Presidential nomination.

REV. FRANK LOVE ADDRESSES THE LOCAL ROTARIANS

Prominent Member of Wilson Rotary Club Delivers Inspiring Address on the Meaning of Rotary

An address by Rev. Frank Love, member of the Wilson Rotary Club, was the feature of last night's Rotary meeting here.

Taking as his subject the "Real Meaning of Rotary" the speaker urged that each Rotarian put into practice in his daily life the motto of Rotary, "He profits most who serves best" and "Service above self." Only in this way the speaker said can one obtain the real benefits for which Rotary was founded and it is only through the practice of such mottoes by all mankind that we can hope for a lasting international peace.

J. E. Winslow, who represented the local club at the recent conference of Rotary International, in Toronto, told the club of his trip and the workings of the convention.

Several of the members who attended the Inter-City meet at Wrightsville Beach last Friday made reports to the club on the meeting.

Mrs. LeRoy Springs Be Entered in Race for Vice-Presidency

New York, July 1.—The South Carolina delegation, at a caucus yesterday, decided definitely to place Mrs. LeRoy Springs, of Lancaster, a delegate at large, in nomination for the Vice-Presidency. A steering committee of six was appointed to handle her candidacy on the floor.

Mrs. Springs, formerly a school teacher, is national committeewoman from her state and was chairman of the credentials committee of the national convention. Her name will be the first of a woman to be placed in nomination for a place on the national ticket.

Bryan Says Davis Has Never Helped In Party Battles

William Jennings Bryan Pleads With Mississippi Delegation Not to Throw Strength to West Virginia; Says it is Throwing Democratic Chances to Winds

Madison Square Garden, New York, July 1.—William Jennings Bryan launched an open fight on the floor against John W. Davis, of West Virginia, during the taking of the 19th ballot.

Hearing that the Mississippi delegation was planning to go over to Davis, Bryan left his seat in the Florida delegation and went over to talk to the Mississippians.

"I tell you that LaPollette will take more votes from Davis than he will from the Republicans," Bryan said, as he pleaded with the delegates not to get behind the West Virginian. The Mississippi delegates argued against his stand but he was determined. He stood in the center and pleaded strongly. Davis partisans in the delegation argued with Bryan that no Democratic candidate ever from the east has been elected during the past half century.

"I have been in the battles of the party for more than a quarter of a century and I have never had much help from John W. Davis," Bryan answered emphatically.

A vigorous discussion ensued in which a number of the McAdoo men on the delegation demanded from the chairman that the delegation be polled again before the next roll call.

Bryan continued his broadside against the West Virginian. "I know the temperament of the Northwest and I offer my opinion to this delegation that you are throwing the Democratic chances to the winds by voting for Davis. His clients and connections in the east make him desirable there but he can command no following in the northwest where the election will be decided.

Some of the women delegates brought up the subject of McAdoo's oil connections. "McAdoo never got

close enough to Doheng to get the friendship of Wall Street," Bryan countered.

Later Bryan said he merely went over to see the delegation about the rumor that they were going to switch over to Davis.

"I am interested in this fight, I want my party to win," he said.

Bryan did not insist on a decision by the Mississippi delegation. When he had his remarks finished about Davis he walked away while various delegates answered Bryan. The discussion was calm throughout.

72 DEAD, IS TOTAL OF OHIO STORM; 10 VICTIMS BURIED

Lorain, Ohio, July 1.—Despite belief of city officials and military officers that all the rain and storm victims have not yet been accounted for the number of dead remained this morning a total of 72.

The Red Cross in checking up the dead and injured found that 17 persons are still unaccounted for since the city was struck by the storm Saturday.

The work of clearing up the wreckage of the State Theatre, under which officials believed there were a number of bodies, was halted last night because of the danger of an adjoining four story brick wall falling.

Forty of the storm victims were buried today. Because the town had already suffered grief enough, Mayor George Hoffman forbade public funerals.

Baltimore Holds Record Democratic Conventions

Raleigh, July 1.—A review of the history of the Democratic National Conventions that have occurred since 1832 shows that Baltimore has been the convention city more times than any other place, leading the list with 9 conventions since 1832. Chicago and St. Louis are second with four such conventions each, while Cincinnati and New York are third with two conventions (the present convention being the second time in New York) Kansas City, San Francisco, Denver and Charleston have each had one convention. However in the case of Charleston, the convention was not completed at Charleston but it was adjourned to Baltimore where the work was completed.

The following is a list of the convention cities and the party nominees since 1832.

- 1832—Baltimore: Andrew Jackson, Tennessee, by acclamation.
1835—Baltimore: Martin Van Buren, New York, on first ballot.
1840—Baltimore: Martin Van Buren, New York, by acclamation.
1844—Baltimore: James K. Polk, Tennessee, ninth ballot.
1848—Baltimore: Lewis Cass, Michigan, fourth ballot.
1852—Baltimore: Franklin Pierce, New Hampshire, ninth ballot.
1856—Cincinnati: James Buchanan, Pennsylvania, seventeenth ballot.

1860—Charleston: Winfield S. Hancock, Illinois, led on 57th ballot, convention then adjourned to Baltimore where Douglas was nominated on second ballot.

1864—Chicago: George B. McClelland, New Jersey, first ballot.

1868—New York: Horatio Seymour, New York, 22nd ballot.

1872—Baltimore: Horace Greeley, New York, first ballot.

1876—St. Louis: Samuel Tilden, New York, second ballot.

1880—Cincinnati: Winfield S. Hancock, second ballot.

1884—Chicago: Grover Cleveland, New York, second ballot.

1888—St. Louis: Grover Cleveland, by acclamation.

1892—Chicago: Grover Cleveland, first ballot.
1896—Chicago: William Jennings Bryan, Nebraska, fifth ballot.
1900—Kansas City, W. J. Bryan, by acclamation.
1904—St. Louis: Alton B. Parker, New York, first ballot.
1908—Denver, W. J. Bryan, first ballot.
1912—Baltimore: Woodrow Wilson, New Jersey, 46th ballot.
1916—St. Louis: Woodrow Wilson, by acclamation.
1920—San Francisco: James M. Cox, Ohio, 44th ballot.

ARE WE LOSING THE HOME?

Much has been said with tongue on the subject of home life in America. There are untold volumes of printed matter setting forth the fact that today the home is not doing either for children or grownups the thing for which it was designed—the providing of opportunities for a wholesome family life. And in these volumes there probably may be found some suggestions on how it is possible to make the modern home yield these opportunities.

But unless we address ourselves actively to the task of putting into practice our voluminous preaching on this subject we shall not advance greatly toward a solution of the problem.

It would be folly to regard this thing lightly and to hold that it will remedy itself. No permanently wholesome life either in the community or for the nation can be built on a substantial basis unless home life and home training play a great part in this process. The situation is not to be taken lightly. Nor will it remedy itself in the course of time, if as this educator maintains, we are going in a direction away from it.

The obvious conclusion is that if we cherish ideals that make for desirable manhood and womanhood and for a more efficient citizenship, we cannot afford to lose sight of the fact that these ideals are best maintained in the home. Other institutions may help in this process; but they can only help, they can not supplant the home. It may be that the writing of many books on this subject and the delivering of many lectures will help us to realize this; and to that end they serve a good purpose.

But the real remedy for the waning influence of the home lies in a thorough recognition of what we are losing when home and family become less important with us, and in a resolute determination to prevent this at all cost.

Street cars still refuse to pull over to the curb to dodge reckless auto drivers.

A TRAFFIC NUISANCE

Without advocating an addition to our already too voluminous statute books, one can express his abhorrence of, and disgust with, those poor impatient motorists who immediately traffic is held up cause a deafening din with their electric horns.

There is nothing more futile than trying to untangle a traffic jam by the honk of a horn. In fact the confusion thus arising can not but increase the congestion and cause further unnecessary delay to "hangers" themselves.

If some motorists enjoy displaying in this way their bad tempers and childish lack of patience there are innumerable pedestrians, brother motorists, residents and workers who are annoyed almost beyond endurance by this wholly unnecessary addition to the noises of the street. The necessary and unavoidable traffic noises call for no assistance from the unthinking.

Traffic policemen and crossing watchmen are not accustomed to deliberately block traffic and increase the congestion. The driver of the stalled automobile is not going to be calmed into a mechanical and trouble-finding turn of mind by a bedlam of horns. And the driver of the car ahead is just as anxious to be on the move as the termagant fellow at the end of the line of traffic.

The fellow who blows his horn in a traffic tie-up is the same undesirable citizen who forces his way to the head of the line at the ticket office, who crowds his way into the street car and doesn't want to be a gentleman because of the responsibility involved.

You can estimate the size of a town by the size of the scandal required to make its tongue wag.

A professor says the great American romance is yet to come. So every young girl believes.

Some people are so absent minded they forget themselves.

It took six days to make the world and you can't change it in one.

Cheer up. Think of the money you save on overcoats in hot weather.

Scientists investigated and classified 6,000 new insects last year, it is stated. And the insects did a full share of investigating, also.

WALTER P. CHRYSLER'S TRAFFIC TALKS

EXAMINE BRAKES
Be sure your brakes are in good working order. Investigation by police departments in numerous cities has shown that from 15 to 40 per cent of the motor cars examined had defective brakes.
Automobile clubs and dealers and motor car owners should see to it for their own safety and that of pedestrians that their respective states have adequate laws affecting brakes on motor vehicles.
When a car is running twenty miles an hour it should be possible to stop it within 37 feet, otherwise the brakes are defective. When brakes are applied the marks on the pavement should be about even, otherwise the brakes are inefficient.

Race Going Costly in Ireland.
Dublin.—Irish racing is experiencing a slump, and a conference is to be held in Dublin to examine into the causes and find a remedy.

The officials of the Irish National Hunt Club and of the Turf Club have been invited to attend. The three chief causes of the slump are described as too many officials, the increase in the number of weight-for-races, and the heavy expenses of race-goers.

Seal Catch Is Light.
Ketchikan, Alaska.—Sealing operations of Indians in southeastern Alaska this year were the lightest in the history of the Sitka division and netted only eight seal skins, according to Fisheries Warden M. J. O'Connor on his return from the division where he was in charge of the seal patrol maintained annually by the Bureau of Fisheries. Stormy weather prevailing during the early months of the year and low prices offered for sea skins caused the lightness of the operations.

NOTICE!
North Carolina, Pitt County, In the Superior Court.
R. D. Whitehurst, W. H. Woolard and M. O. Blount and others vs. J. J. Carson and others.

To the Clerk of the Superior Court of Pitt County:
The Board of Drainage Commissioners of Pitt County Drainage District No. Two respectfully shows unto the court:

(1) That on February 28, 1920, the engineer and board of viewers filed their final report in this proceeding (S. P. 2101); that by some inadvertence or mistake, the final report failed to specifically refer to a spring or branch which was to be constructed so as to drain the area Northwest of the Taylor Road and to avoid cutting the canal across the ridges or islands known as Long Buck, Rum, Rattlesnake and other islands.

(2) That the engineer and board of viewers intended to include the said spur or prong as a part of the drainage scheme; that the same is included and shown on the profiles prepared by the engineer of the district, and perhaps inferentially made a part of their final report, but the same is not specifically referred to in the report signed by the engineer and board of viewers.

(3) That the construction of said branch, canal or prong or spur is necessary to adequately drain the territory intended to be drained, and unless the said prong or spur is constructed there will be a large body of land which was intended to be drained and which is classified on the assumption that this spur is to be constructed, which will receive no benefit whatsoever.

(4) That the Board of Commissioners of the district have fully investigated the matter, that they have caused the superintendent of construction, Mr. H. L. Rivers, who was

one of the engineers who designed the system of drainage, to make a further investigation and report to them, and that after such investigation and upon the report made by Mr. Rivers, they have adopted a resolution, copy of which is hereto attached and asked to be taken as a part hereof.

Wherefore, the commissioners pray that an order be made correcting the final report of the engineer and board of viewers and authorizing the Board of Commissioners to proceed to construct said prong or spur in accordance with the intention of the Board of Viewers, and as is necessary to adequately carry out the drainage scheme or system.

The foregoing petition having been filed with this court, notice is hereby given that the court will in the court house on Wednesday, July 3rd at 10:00 o'clock a. m. hear such interested parties who desire to be heard in opposition to the order demanded in the foregoing petition. It is ordered that said petition and this notice be published in some newspaper published in Pitt county once a week for three weeks prior to date of hearings.

Witness my hand, this June 17, 1924.

Nat. Guardsmen Now Entraining for Camp Bragg

Raleigh, June 30 — National Guardsmen of the 105th Engineers are entraining from various points throughout the state today for Fort Bragg, North Carolina, where they will under go a training period until July 15, it was announced at the office of the Adjutant General by Major Smith, United States Property and Disbursing Officer, and assistant to the Adjutant General J. B. Van Mettes. Included in the camp will be companies A, B, and C, and the Regimental and First Battalion headquarters.

The encampment of the 105th Engineers marks the opening of the different National Guard camps that will be held in the state during the summer. Other will be held at various times until August 30. Each encampment will be for a period of two weeks.

Approximately 3,100 officers and men will attend the camps of the National Guard this summer which is the largest number that has ever attended these since 1916 and perhaps longer, asserted Major Smith.

In addition to the camps that will be held in the state two camps will be held outside of the state at which North Carolina units will be engaged. These are Camp McClelland, Alabama which runs from August 4 to 18 and where the Second Squadron 109th Cavalry will go for training; and Fort Monroe, Virginia, where the 262 Coast Artillery Corps Regiment and Company G. of 200th Artillery will be encamped from August 16 to 30.

Other camps that were stated as being held in this state will be the encampment at Camp Glenn during July 6 to 20, which will be the largest of the North Carolina units, including 120th Infantry, 30th Sig-

Radical Changes Planned For Swedish Railroads, Is Said

Stockholm.—The socializing of all Swedish government railroads, and their operation as an independent business corporation, has been planned by the government socialization committee in a voluminous report just published, which is arousing nation-wide discussion.

The committee recommends that the roads continue to be owned by the government, which is to supply the working capital and to reserve the right of inspection, but that the actual business be continued in general as it is done by private corporations. Thus the wages and salaries of employees would no longer be decreed by the government, but would be agreed upon after bargaining by both sides. The workmen would, naturally, have the right to strike.

The program under the new scheme would be to conduct only such traffic as proves financially profitable, while at the same time only the covering of costs will be aimed at instead of high profits.

The administration of the railroads under the new plan is to be done partly by an assembly of 29 members, and partly by a board of seven directors. Nine members of the assembly are to be chosen by the government, eight by the riksdag, six by the employees, and six by various outside corporations which represent public traffic interest.

Student Repays College For Cost Of Education

Cambridge, Mass.—Should a college student pay the full cost of his education when it is demonstrated that it cost the institution more money than he has paid in tuition fees? There is one senior at the Massachusetts Institute of Technology who thinks so, and he has backed up his belief by sending the institute hushar a check for \$1,052.50. His name is withheld.

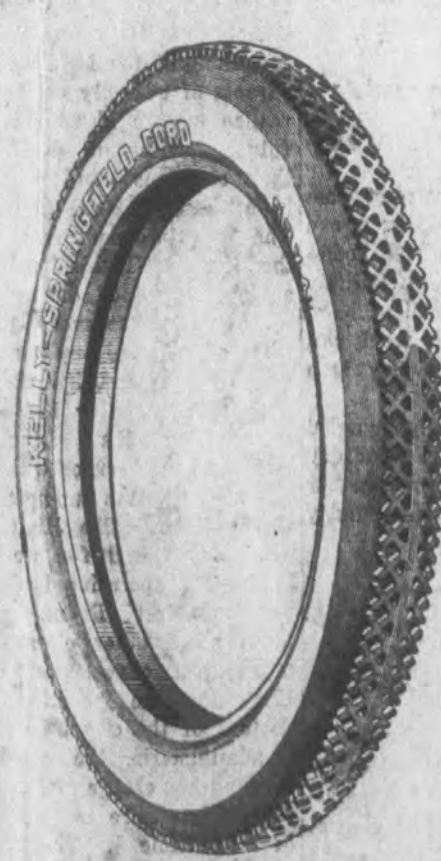

Impressed by a suggestion made some months ago by Gerard Swape, president of the General Electric company and a member of the Technology corporation, that the tuition be raised to cover the full cost of education, the student asked the hushar to figure out the actual costs. The hushar complied and in a letter accompanying his check the student wrote:

"Current discussion regarding the 'Swape Plan' of tuition has opened my eyes to a moral obligation incurred when I accepted an education costing the institute about \$2,200 and paid but \$1,200 for it. Being fortunately in a position to do so, I am enclosing a check for \$1,052.50 which I trust you will accept in repayment of this debt."

He asked that the sum be invested and after 25 years the principal and accrued income be turned over as part of the class of 1924 endowment fund.

"I realize," he concluded, "that there remains an unmeasurable obligation to those who have made sacrifices so that the high educational standards of the institute might be available to the greatest number, but this cannot be pecuniarily repaid."

It Cost No More To Buy a Kelly

This is not an empty catch-phrase, but a cleancut statement of fact. IN DOLLARS AND CENTS Kelly-Springfield Tires cost no more than you are asked to pay for brands that have never borne the Kelly reputation. In some cases Kellys cost you less than you are asked to pay for unknown makes.

We are constantly having calls for second-hand used Tires and would suggest that you come by our store and let us make you a LIBERAL price to apply on a new set of Kellys before you take that summer trip.

FAMILY REUNION.

Children and Grand-Children of Mrs. Laura Carr Enjoy Barbecue Dinner.

The home of Mrs. Laura Carr of Greene county, was the scene of a happy gathering Sunday, when her children and grand children enjoyed a barbecue dinner with her.

It was the first time that the family had been together since the death of the father, the late Mr. Frank Carr, four years ago.

Covers were laid for twenty-five and a most tempting dinner was served. After dinner the guests wandered about the farm reminiscing over the days of childhood, visiting spots which were dear to them. Several kodak pictures were also taken and it proved one of the most delightful days ever spent at the "old home place."

The following were present:

Mr. and Mrs. Wilky Parker, Greenville; Mr. and Mrs. Enoch Ludford and children, of Elizabeth City; Dr. and Mrs. J. H. Hudson, Grimesland; Mr. and Mrs. J. C. Dail and children, Goldsboro; Mr. and Mrs. P. M. Murphy, Snow Hill; Mr. George Darden and family, Greene county; Mr. and Mrs. Sidney Carr and family who reside at the home plate with Mrs. Carr.

Miss Talmadge At Zenith of Her Art

A new Norma! Those who watched the making of the love scenes between Norma Talmadge and Joseph Schildkraut witnessed a cinematic sensation.

Norma, as a half-barbaric Arabian girl of primitive emotions, fairly swept the fiery Schildkraut off his feet with the intensity of her dramatic work. Norma revealed a hitherto unsuspected range of emotions. The casting of Norma Talmadge and Schildkraut together was a master stroke on the part of Producer Joseph M. Schenck, for without a doubt they complement each other with perfection seen in few other screen combinations.

"The Song of Love," the Sahara romance, will reveal Norma at the zenith of her art. She has the role of a passionate little dancer of the Algerian Sahara who dares all for the man she loves. This is Miss Talmadge's first picture since she appeared in "Ashes of Vengeance." It was directed by Chester Franklin for release by Joseph M. Schenck through First National. Norma has the role of an Ouled Nail dancing girl. The picture will be shown at White's theatre on July 4.

Joseph Schildkraut, idol of feminine theatregoers of two continents, heads the supporting cast, which also includes Arthur Edmund Carewe, the "Svengali" of "Trilby," Maude Wayne, Hector V. Sarno, Laurence Wheat, Mario Carillo, James Cooley, Albert Price and Earl Schenck.

CAPTURE 7 GALLON STILL NEAR VENTERS

Officer Heber Savage and Julian Ross visited the Ayden section near Venters X Roads yesterday and located a 7 gallon copper still, to the rear of Mr. Sam Hardee's farm.

The still was not in operation, but showed signs of "recent activity." It was brought to Greenville, while 300 gallons of beer were poured out.

Katherine Miller Delights Audience Splendid Recital

In the entertainment at East Carolina Teachers College last night Katherine Fahnestock Miller delighted her audience by giving a most artistic entertainment in three parts, the first part composed of readings and impersonations, the second, of parts from a play, and the third, of folk songs.

The first number "Creation," supposed to be an old Sanskrit legend of the creation of woman, was exceedingly clever. In the Irish Mother and in the French story, "Remembrance," Mrs. Miller's impersonations were fine. As Peter Paul she captivated her audience.

The most distinctive feature of the entertainment was perhaps the last part when she appeared in a quaint 18th century costume of red brocade, wearing red heeled slippers, and sang French, American and English folk-songs. She has made an enviable reputation as a "disease" or dramatic singer of folk songs.

Mrs. Miller left this morning for her home in Harrisburg, Pennsylvania.

"My Children Just Love Liv-o-lax"

"For some time, I have been giving the children Liv-o-lax for the condition which I used to think called for calomel and castor oil," said a Charlotte mother.

"I think there is nothing more terrible than to have to give children those awful doses, which I wouldn't think of taking myself."

"Dr. Hand told me, in his drug store, how he worked up the formula of Liv-o-lax, just to do away with this unpleasant necessity, how Liv-o-lax, though a pleasant-tasting liquid remedy, acts on the liver in just the way required. Since I gave it one trial, I have been happy to have it in house, because the children just love to take it."

"And Liv-o-lax is an all-round family laxative. It is just as good for the grown-ups as it is for the children."

Get Liv-o-lax at your drug store—30c. Just one trial will convince.

To The Voters of Greenville Township

I feel most grateful for the loyal support given me in the primary on Saturday. Believing that those who know of the efficient and faithful service which I have rendered in the enforcement of the law in the past desire my election, I shall be a candidate for the office of Constable of Greenville Township at the second primary to be held on the first Saturday in July.

I ask the support of every voter who wants the law enforced and the duties of the office faithfully executed, and assure you that if I am the choice of the next primary, I shall worthily perform my trust.

Yours for service,
THAD J. WILLIAMS

Markets

(Furnished by James William Cobb)

The Weather. Temperatures developed much cooler over entire belt running 74 to 85 in all sections.

Forecast Tuesday central belt generally fair. Eastern and western belt mostly part cloudy slightly warmer western belt.

DAILY COTTON LETTER

New Orleans, July 1.—Owing to the uncertainty attending tomorrow's monthly crop government report, which will be issued at 11:30 a. m. New Orleans time, the market ruled steadier and somewhat higher today.

The last of monthly private crop reports, in advance of the Bureau report, were released this morning. Returns to the American Cotton Association averaged the condition of the growing crop at 68.1, the increase in acreage at 3.5 percent.

Returns to a prominent New York commission house averaged the condition of the crop at 68.5. According to returns to the New Orleans Times Picayune the average condition of the crop is 69, increase in acreage 4 percent, indicated crop 11,725,000 bales.

The average guess of 91 members of the New York Cotton Exchange is 69. Tabulation of all private reports averages the condition of the crop at 68.4 increase in acreage 4.1 percent, indicated crop 11,435,000 bales exclusive of linters.

It is likely that the indicated crop, to be reported by the Government tomorrow will have more influence on the market than any other feature of the report.

Since June 25th or since returns were made to the government, the weather has been generally favorable for progress of the crop except in localities of the eastern belt, where there is complaint of too much rain, and of weevil increasing.

Ballots Bring Little Change Among Leaders

(Continued from page 1) McAdoo and Smith forces are preparing to draw out their reserves during the day. Many observers expect tonight to find both the leaders at the peak of their plied strength and are positive that each hopes to start a stampede to break the delegates loose from the favorite

sons and secure enough votes to nominate.

Sixteenth Ballot. The result of the sixteenth ballot as announced from the platform was as follows:

Underwood 41.5; Robinson 46; McAdoo 47.8; Smith 306.5; Davis 63; Ralston 31; Ritchie 17.5; Cox 60; Glass 25; Brown 1; Bryan 11; Saulsbury 6; Governor Davis 11; Walsh 1; Copeland 1-2.

Seventeenth Ballot. The result of the seventeenth ballot was as follows:

Underwood 42; McAdoo 47.1; Robinson 28; Smith 312.5; Davis 64; Ritchie 17.5; Cox 60; Bryan 11; Governor Davis 10; Glass 44; Saulsbury 30; Copeland 1-2; Walsh 1.

Eighteenth Ballot. Underwood 39.5; McAdoo 471.5; Robinson 22; Smith 311.5; Davis 63; Ritchie 18.5; Cox 60; Bryan 11; Governor Davis 10; Glass 30; Saulsbury 6; Ralston 30; Walsh 2; Hull 20.

Nineteenth Ballot. The result of the nineteenth ballot was as follows:

Underwood 39.5; McAdoo 474; Robinson 22; Smith 311.5; Davis 64.5; Ritchie 17.5; Cox 60; Bryan 10; Governor Davis 9; Glass 30; Saulsbury 6; Ralston 31; Copeland 1; Walsh 2. Total 1098.

Twentieth Ballot. The result of the twentieth ballot was as follows:

Underwood 45.5; McAdoo 432; Robinson 21; Smith 307.5; Davis 122; Ritchie 17.5; Cox 60; Bryan 11; Governor Davis 10; Glass 25; Saulsbury 6; Ralston 30; Walsh 8; Hitchcock 1; Baker 1; Deaver 1-2.

Twenty-First Ballot. Robinson The totals of the twenty first ballot were:

Underwood 45.5; McAdoo 439; Robinson 22; Smith 307.5; Davis 148; Ritchie 17.5; Cox 60; Governor Davis 5; Glass 24; Saulsbury 6; Ralston 30; Walsh 8; Hitchcock 1; Mrs. Miller 1-2; one vote absent. Total 1097.

Twenty-Second Ballot. The unofficial totals for the twenty second ballot were:

Underwood 45.5; McAdoo 438.5; Robinson 22; Smith 307.5; Davis 123.5; Cox 60; Governor Davis 5; Glass 25; Ralston 32; Saulsbury 122; Walsh 8.5; Ritchie 17.5; one absent. Total 1097.

Madison Square Garden, New York, July 1.—As midnight approached, last night Democratic National Convention had completed its 15th ballot and a nominee still was being sought.

Twelve hours of balloting had served merely to advance McAdoo and Smith in a steady, gradual movement and to bring neither one within striking distance of a nomination. If it established anything, it established that each of them has a one-third veto on the other.

John W. Davis, of West Virginia starting at 31 on the first ballot, had advanced to 64.5 and was in third place at the finish with 61. The result was announced this way for the 15th ballot.

At the conclusion of the announcement of the 15th ballot Chairman Kremer, of the Montana delegation, McAdoo floor leader, moved an adjournment until 10:30 this morning. The convention didn't even wait for the motion to be put and carried. It merely piled out while it was being done. The band struck up "Home Sweet Home," and the convention hall was emptied quicker than it would have been if a troupe of the elephants while often sojourn there had suddenly cut loose.

Interest Growing In Business Men's Prayer Meeting

Interest in the Business Men's Prayer meeting is growing daily. For two or three days the attendance dropped of a little but during the past week renewed interest is seen from the increased attendance. New faces are seen every morning and the average attendance now is about two hundred. A special appeal is made to the larger business men. Men your influence will be a great power in winning souls to Christ and you should make a sacrifice to attend these meetings. You will receive a great blessing and others will receive blessings from you. It is gratifying to note the interest recently taken by the Merchants. Several have been present during the past week, and if every merchant in town will attend and permit as many clerks and helpers as possible to attend great blessings will be received. A business man of Greenville recently stated that one of his employes surrendered his life to Christ a few weeks ago and has been very active in the Lord's work since taking this stand and he has noted that he does more work with greater

easy than he did before. Men recently have noted with anxiety that you will give a part of your time to the work of the Lord your daily tasks will be easier and you will be much happier.

Below is a list of the leaders for the morning prayer service held in the Pythian hall every morning during the week at 8:15 and Sunday's at 8:45:

Wednesday, July 2nd, C. C. Coppage.

Thursday, July 3rd, B. S. Warren.

Friday, July 4th, D. J. Whichard.

Saturday, July 5th, T. A. Person.

Sunday, July 6th, J. L. Little.

Monday, 7th, C. L. Outland.

Tuesday, July 8th, T. R. Moore.

Baracca Class Memorial Baptist Elects Officers

The Baracca Class of the Memorial Baptist Church had a regular business meeting Sunday, July 30th and elected officers for the coming term. The meeting was full of enthusiasm and the entire membership voted to support the new officers 100 per cent. The class has shown continuous growth under the leadership of the retiring officers and a much larger growth is anticipated during the next term. All the members of this class are members of the Christian Layman's Federation and are taking a very active part in the great work this organization is carrying on throughout Pitt county.

The following officers were elected:

L. L. Kittrell, president.

W. W. Lee, vice-president.

S. L. Ragsdale, secretary.

J. J. White, treasurer.

W. M. Meyer, the regular teacher was re-elected, with the following assistants; R. T. Burnette, first assistant; H. D. Carson, second assistant. Mr. Meyer has been out of town for the past three Sunday's but his able assistant R. T. Burnette has given the class something exceptionally good each Sunday during his absence.

If you are not a member of any Sunday school or Baracca class and wish to unite with a real live-wire organization we extend you a most cordial invitation to meet with us every Sunday morning at 9:45. A great blessing awaits you and we will be very glad to have you.

J. B. KITTRELL, Reporter Baracca Class, Memorial Baptist Church.

Largest Crowd in History Visited At Pamlico Beach

The largest crowd in the history of Pamlico Beach visited this popular resort during the past week-end. The hotel was crowded to its capacity, and on Sunday a crowd, estimated at over eight hundred people, gathered from all parts of this section to participate in the delightful pleasures of the Beach.

A brisk ocean breeze all day and night swept from across the waters, giving the best surf bathing seen there during the season. The hotel is being patronized more and more by people who desire a quiet, restful place for a real vacation, and reservations are coming in increasing numbers for the months of July and August. Fishing continues to be good, with trout beginning to bite.

Among those registered at the hotel for the week-end were Bob Ross, Hal Tankard, D. S. "That knock's way back here!"

"YOU can't always tell where the knock is from the seat," says the old-time Fleet Boss. "We traced this one back to the rear axle. There's a tooth chipped off and every time it passes the pinion you hear a knock up front. A differential or transmission gear that isn't hardened right will often shed a tooth, especially if you don't keep it well lubricated. Your motor isn't the only place where oil or grease kills noise. And remember, noise usually means trouble."

There are hundreds of car models and almost every one has a spot or two at which experience says to watch lubrication with particular care. You'll have less to watch if you standardize on "Standard" Polarine Motor oils and greases. Fifty-four years of lubricating experience have made the "Standard" Polarine line the last word in quality. You can be sure of the finest lubrication all around—at a very reasonable price—by insisting on "Standard" products.

TO THE VOTERS OF GREENVILLE TOWNSHIP

I wish to express to the voters of Greenville Township my thanks and appreciation for the support given me in Saturday's primary. To those who supported my opponents I have only the kindest feeling.

In Saturday's primary I was the leading candidate for Constable and as the voters thereby expressed their preference for me over the other candidates, I feel that my opponent should be willing to abide by the result of the first primary. However, Mr. Williams has asked for the second primary and I wish to ask my friends who supported me in the first primary for their continued support of me in the second primary and to my friends who supported my opponents I solicit and ask your support in the second primary.

I feel that having been Constable for only two years after December of this year that I am entitled to the office of Constable for the usual two terms.

If elected I pledge myself to the earnest enforcement of the law and the faithful discharge of the duties incident to the office of Constable.

Thanking you for your support of me in the second primary to be held on the first Saturday in July, I am,

Respectfully yours, HEBER T. SAVAGE, Constable,
