DELEGATES RELEASED FROM PLEDGES

All Hope Abandoned For Young Coolidge's Recovery

Convention After 83rd Ballot Still Deadlocked

Still Deadlocked After 83 Ballots the Convention Adjourned Until 8:30 Tonight; Adoption of Resolution Releasing Delegations From Pledges and Instructions May Develop Changes Balloting; State of Exhaustion Prevails Throughout Convention

Madison Square Garden, New York, July 7.—Action of the Democratic National Convention today released all delegations of its pledges and instructions for any presidential candidate.

The text of the resolution adopted on the motion of former Governor Gilchrist, of Florida, was:

"Resolved: That the time has arrived when it is the opinion of this Democratic Convention that all delegates should be hereby released from any and all pledges and instructions of any kind whatsoever, touching upon any candidacy for the nomination as president."

McAdoo people passed the word around that McAdoo wanted all his people to vote for the resolution as he did not wish to appear an obstructionist. The result was that the vote in favor of the motion tumbled in so fast that passage was assured before the roll call of states was half over.

Between the 80th and 81st ballot the motion to adjourn until 7:30 tonight was voted down and the clerk went on with the next call.

That the state of mind and state of exhaustion is affecting almost everybody in the convention was illustrated on the 81st ballot when the Michigan delegation announced 32 votes, two more than they had when they started.

"You have cast too many votes," said the clerk.

"Then take two away from Senator Ferris," replied the delegate, "I am so groggy I cannot count them."

Then former Governor Gilchrist of Florida moved for suspension of the rules and adoption of the resolution releasing all delegations from their pledges. This did not include the proposal of the McAdoo forces.

Following the eighty-third ballot the convention adjourned to 8 o'clock tonight.

Madison Square Garden, New York, July 7.—Still divided into non majority groups the Democratic National Convention returned today to its task of selecting a presidential nominee with its course undecided.

The first business was to receive the report permanent Chairman Walsh and National Chairman Hull on the conference with representatives of the 16 aspirants for the presidential nomination. The reports as drafted containing declarations signed by all the candidates with the exception of William G. McAdoo releasing their delegates unconditionally and also the declaration of McAdoo releasing his delegates conditionally upon abrogation of the unit and two-thirds rules and on agreement for progressive elimination of the minor candidates.

The report was the sole accomplishment of the week-end confer-

ence conducted by Chairmans Walsh and Hull and opinions differ as to whether it represents any accomplishment at all.

Madison Square Garden, New York, July 7.—Brushing aside pending proposals for suspension of rules and relieving delegations the Democratic National Convention today went back to its dreary business of balloting for a presidential candidate.

The proposal of 15 minority candidates including Governor Smith and counter proposals by McAdoo forces were reported. An attempt to refer the proposals to the rules committee led by the McAdoo forces was defeated by a large vote.

With that the convention went back to its tussle with apparent demonstrations on all sides to be just as stubborn and unyielding on Monday as on Saturday night.

The convention started as usual with: "Alabama 24 votes for Underwood."

There was no change in the voting until Colorado was reached on the roll call. There McAdoo gained half a vote; Smith lost one and Davis lost one-half.

In Florida Smith lost one. In Illinois Smith gained 5 and McAdoo was unchanged. McAdoo lost half a vote in Maine. Michigan rearranged her vote in entirety going back to Ferris with 17, giving Underwood 3, taking 8.5 from McAdoo and 5.5 from Smith. Robinson got 2 from Minnesota.

It was obvious through the first ballot today—the 78th of the session—that if delegations were looking for a place to go they were still looking around for it. Nebraska quit Governor Bryan entering the vote of two for Walsh of Montana which had been hanging for him there. Walsh also picked up three in New Hampshire from Smith and McAdoo. Ohio made slight changes in her vote; scattering it over seven candidates with Smith getting about half of them.

Seventy-Eighth Ballot

The result of the 78th ballot was: Underwood 49; McAdoo 511; Smith 363.5; Davis 73.5; Ritchie 16.5; Glass 21; Salisbury 6; Ralston 5; Walsh 6; Bryan 3; Gerard 1; Roosevelt 1; Ferris 17.

Seventy-Ninth Ballot

The 7th ballot was: Underwood 50; McAdoo 507.5; Smith 366.5; Davis 71; Ritchie 16.5; Glass 17; Saulsbury 6; Ralston 4; Walsh 6; Robinson 28; Gerard 1; Roosevelt 1; Ferris 18.

Eightieth Ballot

Underwood 46.5; McAdoo 454.5; Smith 367.5; Davis 73.5; Ritchie 16.5; Glass 68; Saulsbury 6; Ralston 5; Walsh 5; Owen 1; Robinson 29.5; Bryan 4.5; Roosevelt 1; Ferris 17.5; Josephus Daniels 1.

Eighty-First Ballot

Underwood 48; McAdoo 433; Smith 365; Davis 70.5; Ritchie 16.5; Glass 73; Saulsbury 6; Ralston 4; Walsh 8; Owen 21; Robinson 29.5; Gov. Bryan 4.5; Roosevelt 1; Ferris 16; Jos. Daniels 1; Barnett 1.

Eighty-Second Ballot

Underwood 49; McAdoo 413.5; Smith 366; Davis 71; Ritchie 16.5; Glass 78; Saulsbury 6; Ralston 24; Walsh 4; Owen 21; Robinson 28.5;

SPAIN TO BE WITH STAR WAREHOUSE

Veteran Tobacconist to Be With Firm of Smith and Sugg During Coming Season

Announcement has been made that Mr. D. S. Spain, until recently one of the owners of the Centre Brick Warehouse, will be connected with the firm of Smith and Sugg at the Star Warehouse during the coming season.

Mr. Spain (Bud as he is known) has been connected with the Greenville tobacco market for more than thirty years which is probably the longest period served continuously on the market by any man. During this time he has made hundreds of friends in this and surrounding counties who will wish him success in his new association.

Former Officers Are Sentenced to Federal Prison At Atlanta

Mobile, Ala., July 7.—Former Chief of Police J. O'Shaughnessy, ex-Deputy Sheriff George L. Donahue and Percy M. Kearns, attorney, were each sentenced to two years in federal prison at Atlanta in federal court this morning as a result of their conviction last spring in the rum ring case of conspiracy to violate the national prohibition act.

Baring Committed To Mattewan By Order of the Court

White Plains, N. Y., July 7.— Clarence O. Baring, accused of trying to murder his wife by putting disease germs and poison in her food was today committed to Mattewan state hospital for insane by circuit Judge Bleawly.

MR. THAD WILLIAMS WINS IN RACE FOR CONSTABLE THIS TOWNSHIP

In the second Pitt county primary which was held Saturday for constable for Greenville township, Mr. Thad Williams defeated Mr. Heber Savage by a vote of 294-258.

This was the only office requiring a second primary, Mr. James Evans and Mr. W. A. Darden, who were running for judge decided that they would not call for a second primary. Mr. Evans withdrawing in favor of Mr. Darden.

Gov. Bryan 4.5; Roosevelt 1; Daniels 1; Ferris 12.

Underwood 58.5; McAdoo 418; Smith 368; Davis 72.5; Ritchie 16.5; Glass 76; Saulsbury 6; Ralston 24; Walsh 4; Iwen 20; Robinson 27.5; Gov. Bryan 5.5; Roosevelt 1; Ferris 7.5; Wheeler 1.

Club Buys Whole Town.

San Francisco.—Instead of a club's house, the Delevan Club has bought a whole town. It is the village of Delevan, in Colusa county, in the rice fields. The purchase includes 72 acres of buildings and town lots and 2,000 acres of rice fields, which have been flooded for duck hunting. The town includes a hotel, a number of bungalows, a water works and a mile of streets and sidewalks. Golf links will be built. The club's activities will consist of sports and diversions the year around.

MEN AND WOMEN IN NEWS OF THE DAY.

Above: MRS. CHARLES B. DILLINGHAM & MADISEN MCKANE Below: CALVIN COOLIDGE, JR. & ALICE MURIEL ASTOR

Calvin Coolidge, Jr., 16, eldest son of President Coolidge, is seriously ill in Washington of blood poisoning, caused by a blister he suffered while playing tennis. It is reported that Mrs. Charles B. Dillingham, wife of New York's noted theatrical producer, has obtained a Paris divorce. Miss Kathleen McKane, famous British tennis player, won the Wimbledon, Eng., tennis tournament by defeating Miss Helen Wills, of California, American woman champion. Miss Alice Muriel Astor, daughter of the late Colonel John Jacob Astor, who was drowned on the Titanic, and of the present Lady Ribblesdale, of England, has announced her engagement in London to Prince Obolensky, Noleidinsky-Meletsky, one of the oldest of Russian titled families.

Physicians Claim Presidents Son Is Sinking Fast

PRAYER SERVICE AT POSTOFFICE TONIGHT

There will be a prayer meeting tonight at eight o'clock on the steps of the postoffice facing the Proctor Hotel. The ladies and children, men and young men, and everybody else in town are especially urged to attend this service. Norman Warren will lead this meeting.

American Flag Is Taken From Leader Minstrel Parade

Fayetteville, July 7.—The American flag must be given the proper recognition and respect and used in the most sacred ways in the town where Mayor Robinson of this city has any jurisdiction. He not only says so but he shows that he means it, for issues orders and then carries them out himself. This was evidenced the other day when a negro minstrel was parading through the streets of Fayetteville with an American flag at the head of its column, which the mayor promptly took away from them on the grounds that it was being used as an advertisement which is an unpatriotic purpose.

The minstrel had just started on its noon day parade which was to bring attendance at the night performance when the mayor saw the flag. He went to the leader and told him that the flag must be given up. An argument ensued in which the mayor came out the victor and walk away with the flag properly folded under his arm. The parade continued on its course without the aid of the symbol of American liberty.

Union Services At Baptist Church Largely Attended

The Union Service at the Memorial Baptist Church last night over taxed the capacity of the building, and an over-flow meeting was held in the church basement at which some 150 people were addressed by the Rev. James E. W. Cook. It was an unusual thing for Greenville—two services with two preachers going on in the same church at the same time.

Next Sunday evening the service was to have been held in the Episcopal Church, but, for the convenience and comfort of the large number attending, Mr. Cook has requested that it be held in the Methodist church. The Rev. Mr. Seville and his people have very kindly consented to the use of their building.

We want everyone to know that eleven hundred seats will be available next Sunday night, and everyone will be comfortably accommodated. A special invitation is extended by Mr. Cook to the young ladies of the Teachers Training College. The preacher next Sunday evening will be the Rev. Marion Brinson of the Christian Church.

LADIES' AID SOCIETY.

The Ladies' Aid Society of Immanuel Baptist Church will meet Monday afternoon at 4 o'clock in the Wilson room of the church. This is a very important meeting as plans will be made for entertaining the State authorities, who pointed out Pitt County W. M. U. next Thursday so a full attendance of the membership is urged.

Efforts of Best Medical Science Prove Futile, and Life of Calvin Coolidge, Jr., Slowly Ebbing Out

Washington, July 7.—The last gravity point was reached this afternoon in the condition of Calvin Coolidge, Jr., son of the president, who is suffering from blood poisoning at the Walter Reed Hospital.

He is clinging to life with wonderful tenacity but little hope is held out for his recovery. All medical attendants remaining close by are marveled at the stamina exhibited by the boy.

Washington, July 7.—After a night during which the patient was said to have been near death in three separate sinking spells, Calvin Coolidge, Jr., son of the president, was still fighting bravely for his life early today his safe passage through the early morning hours giving slightly increased hope for his recovery.

One of the physicians who remained in attendance throughout the night described his survival of the night as a miracle, adding that now the boy had a "bare fighting chance for recovery."

American Ass'n. Agricultural College Editors Meet 8 - 10

Raleigh, July 7.—F. H. Jeter, Agriculture Editor of the State College Agriculture Extension Division, left the city Saturday night for Brookings, South Dakota, where he will attend the annual conference of the Association, Mr. Jeter will represent the North Carolina State College of Agriculture.

According to the program sent out by the Association, Mr. Jeter will be one of the principal speakers before the conference. He is on the program for two addresses. In one address he will tell of the "Use of Photographs in Agricultural Educational Work." In the other he will discuss the "Work being done in North Carolina in Disseminating Agricultural Information."

Mr. Jeter was formerly president of the American Association of Agricultural College Editors and is reputed to have much influence with that organization. He will extend to the Association the formal invitation of Dr. E. C. Brooks, president of State College. Dean B. W. Kilgore, of State College and Director I. O. Schaub, of the Extension Division, to have the Association meet in Raleigh in 1925.

Practically all of the Southern States have pledged Mr. Jeter their support in getting the 1925 conference for Raleigh, it was said, and a number of Mid-Western States have also indicated that they would vote for the conference to be held in this city.

Before leaving the city Mr. Jeter expressed the confident belief that the invitation of North Carolina State College would be accepted.

Irish Trade Disappointing.

Dublin.—Trade reports covering the commerce of the Irish Free State for the first quarter of 1924 were described as disappointing by Free State authorities, who pointed out that imports totaled \$15,948,961 in value, while exports were worth only \$10,965,069.

F. D. GRIST DEFEATS SHIPMAN FOR CON. LABOR - PRINTING

Indications From Saturday's Primary That Incumbent Loses Post by More Than 20,000 Votes

Raleigh, July 7.—With returns from Saturday's run-off primary still coming in Frank D. Grist, of Lenoir, late last night continued to increase his lead over Commissioner M. L. Shipman for Democratic nominee as Commissioner of Labor and Printing. At the time of tabulation 566 precincts out of the state's 1710 had been heard from giving Grist 39,146 and Shipman 19,351. Several of the 43 counties reported were complete.

John Hall Manning, campaign manager for Grist in a statement issued early today declared that according to the returns indications were that Grist would win by a much greater majority than had been expected. Commissioner Shipman this morning declined to make a statement.

YOUNG WOMEN'S CHRISTIAN ASSO. BE ORGANIZED

Fayetteville, July 7.—The local organization of the business and professional women's league has started a campaign for the organization of a young Women's Christian Association. The women are being assisted by the directors and officer of the Young Men's Christian Association.

Tuesday night and Wednesday mornings will be women's hours at the Y. W. C. A. and those taking advantage of these courtesies must be members of the Y. W. C. A., it was explained, there being no open house held at all.

Officers have been elected for the Y. W. C. A. and it is hoped that the campaign can be pushed fast enough to carry campaign over by the middle of July.

WOMEN OF SOUTH SUFFER INSULTS FROM GALLERIES

Morrison Asserts Members of Democratic Delegation Subjected to Jeers and Language of Insulting Nature

New York, July 7.—The delegates from the southern states appeared more exercised over the treatment accorded them by the galleries in the Democratic National Convention than over the increased expenses.

Governor Cameron Morrison, of North Carolina, is particularly concerned over the matter. "The south will not soon forget the New York people for insulting them in the Democratic Convention" the New York World quotes him as saying. "The southern people have bought millions of dollars worth of goods from New York merchants year after year. We never expected to have our women jeered at because they are from the south. Our delegation is on one of the back tiers of seats and the language hurled from the galleries cannot come from any other except a tough element. The New York delegation has had no part in this."

Four New Cases of Typhoid Fever Reported in County

The reports for today show four more cases of typhoid fever with one death. The Health Department has called the fact, that the disease seems very severe this year, to your attention a number of times. Will you who own large farms and who have a number of employees not wake up to this serious situation. You who know and understand use your influence to have your friends, neighbors and any and everyone with whom you may come in contact with to take the typhoid treatment.

The Health Department appeals to every one, everywhere in our county to help us announce these facts as they are.

**KEEPING TO RIGHT SIDE**  
 Back in the old days when motor chivalry and courtesy were part of the unwritten code it would not have been necessary to call the attention of "road hogs" to their annoying and unlawful practices. Today it is. Every holiday and every week end emphasizes the need for some strong-arm squad to keep on the right side of the highways the thoughtless and deliberate driver who regards the entire road as his.

There is a species of mania, akin to that of speeding, that prompts some drivers to "hog" the road in such fashion that the lawfully regulated vehicle in the rear cannot possibly pass. This privilege is guaranteed the trailing car by law and the refusal to make way for it, is a violation of the motor statutes.

Drivers of courtesy need only a horn toot to make way for the car behind. The other style of driver needs the traffic cop and the sooner the cop gets into action the more regular will driving become.

**GOOD RIDDANCE**  
 The public will benefit richly from the employment of the radio for the broadcasting of political speeches, the public is hopeful following the first radio conventions. When the microphone supplants the stump the old style of political spell-binding will pass with the gnarled relic.

With the impersonal radio personal magnetism and impressive presence are of no advantage to the campaign orator. Grammatical perfection, a reverberating voice and the ability to say something concisely and interestingly will bring fame and votes to the radio orator.

The spellbinder who depended upon the whipping of Old Glory out of his coat pocket and the swinging of a heavy fist and long arm for his effect, will have to study up on his verbs, adjectives and grammar before facing the microphone. The stump speakers will have to be taught new tricks.

Extermination of the old flag-waving political haranguer is a distinct achievement for the radio and a boon to the haranguer's own "great country and intelligent countrymen and voters."

**VOLUMES OF NEW LAWS**

Americans are a-unit in agreeing that the country is being burdened to death with useless laws. No one denies that all departments of government have hundreds of unnecessary employees. No one could possibly doubt that taxation is exorbitant and mounting higher every day.

Practically every candidate for public office denounces extravagance in government, demands early relief, and pledges his services to a policy of reduction. Every election is a paper victory for the forces of economy and retrenchment.

Yet, in spite of it all, the public sees each succeeding administration spend more money than its predecessor, create more offices and bureaus, enact more statutes (an average of 10,000 new laws annually), and lead the country deeper into the wilderness of copulation and profligacy.

Only those men holding public office who, when casting their votes, oppose extravagance, should be re-elected. Unless the people pick men whose record of honesty and sincerity is unimpeachable, unless they elect the best men to serve them, we shall have more and more extravagance and bureaucratic government.

Unless the people show sufficient interest and sufficient energy to select better congressional and legislative material, then the people will have no relief and will deserve none.

**AN INDIVIDUAL HANDICAP**

State Fire Marshal G. W. Tilley, of Texas, states the public's case against fire wastage in these crisp paragraphs:

"Fire, the Red Plague, is a far more serious menace to the nation as a whole than would be the theft of a million dollars a day. Stolen money presumably remains in circulation, but a dollar, or its property equivalent, burned, is a flat loss—the wasted toil of men and women who labor day in and day out to produce the things upon which the progress of the world depends.

"There can be no question in the mind of any thinking American that America's annual bonfire places a handicap upon the nation as a whole.

"Certainly the destruction of raw materials alone, and its effect upon the markets in which the manufacturer must seek such materials, is enough of a burden for any industry to bear. But the destructive power of fire goes beyond that and reduces the value of the output of every man and woman in the country."

Seven parts of popularity are derived from the ability to tickle the other fellow's vanity.

Vacations would be rather nice if we had sense enough to stay at home and enjoy them.

The reason so many young people are skeptics is because faith is the product of thought.

We would know when the first cuss word was invented if we knew when the first fly was domesticated.

**"Good Queen Bess" Toasted By Grays In Barristers**

London.—To the pious, glorious and immortal memory of Good Queen Bess." This was the toast which was drunk at the recent banquet at Grays Inn by the Prince of Wales, the benchers, barristers, students and guests. The famous great loving cup of the Inn was filled and passed round. There were 150 present in the hall, where the Prince of Wales dined as the guest of the evening, and as the loving cup was passed to each in turn the toast took a long time in the drinking.

Queen Elizabeth was a patron of the Inn and, according to tradition, she once dined with the benchers. When the prince arrived he was led to the high table by Lord Brikenshead and the grace cup, another of the precious and almost sacred treasures of the Inn, was filled with sweet wines and spices and handed to him together with the customary bit of bread. In former days this bread would have been dipped in the cup, now it is eaten separately after the cup has been tasted. As in the case of the loving cup the grace cup has to go the round of the hall.

**Southern Court Upholds Plea For Wife's Obedience**

Montgomery, Ala.—The age-old marriage vow containing the word "obey," fast tending toward obsolescence, was given an interpretation with "teeth" by the Alabama court of appeals when it upheld, in effect, the right of a husband to object to his wife's employment of adventitious aids to her supposedly natural beauty.

It is the imperative duty of a man's wife to obey, the court held. The wife in question had curled her hair against the expressed wish of her husband.

In rendering the opinion, the court also decided it not only was the right but the duty of the husband, in absence of proof of bad character, to fix the domicile of his children, irrespective of the mother's wishes. The ruling was made in reversing a lower court which had issued a writ of habeas corpus to Mrs. Macon Sparkman to recover custody of her daughter.

**Disquieting, To Say The Least**

Following domestic incompatibility as a result of his wife's curled hair, it was said, Mrs. Sparkman left her husband, taking the child. Later Sparkman recovered the daughter and placed her in his mother's home. Mr. Sparkman filed petition for a writ of habeas corpus and the lower court ordered Sparkman to produce the child. This order met reversal in the appellate tribunal.

**NEW PHILIPPINE HIGHWAY STARTS NATIVE EMIGRATION**

Manila.—The days of the prairie schooner in the United States have been recalled by the constant stream of Filipino emigrants now moving across the newly constructed highway from the west coast provinces of Luzon into the fertile Cagayan Valley, on the Pacific coast side, noted for its production of tobacco.

Until recently the Cagayan Valley was virtually inaccessible, except by a circuitous water route and a narrow trail over which pack horses travelled with great difficulty. The completion of a good wagon highway across the mountain range has started the emigrants, especially from the Ilocos provinces which are thickly populated, to seek the more fertile lands in the Cagayan. Dozens of "prairie schooners" drawn by caribao or Indian cattle can be seen daily journeying across the divide, each wagon being accompanied by from five to ten people.

**Boy Scout Climbing Record.**

Pasadena, Cal.—A new Boy Scouts world's record for wall-scaling in 10.7 seconds was established here recently when Troop No. 1 of South Pasadena shattered the previous record of 12.6 seconds held by a North Carolina troop.

The event consists of a sixty-foot run with an intervening wall nine feet high that must be scaled by the eight boys comprising the team.

**NOTICE!**  
 North Carolina, Pitt County.  
 In the Superior Court.  
 R. D. Whitehurst, W. H. Woolard and M. O. Blount and others.  
 vs.  
 J. J. Carson and others  
 To the Clerk of the Superior Court of Pitt County:  
 The Board of Drainage Commissioners of Pitt County Drainage District No. Two respectfully shows unto the court:  
 (1) That on February 28, 1920, the engineer and board of viewers filed their final report in this proceeding (S. P. 2101); that by some inadvertence or mistake, the final report filed failed to specifically refer to a spring or branch which was to be constructed so as to drain the area Northwest of the Taylor Road and to avoid cutting the canal across the ridges or islands known as Long Buck, Ram, Rattlesnake and other islands.  
 (2) That the engineer and board of viewers intended to include the said spur or prong as a part of the drainage scheme; that the same is included and shown on the profiles prepared by the engineer of the district, and perhaps inferentially made a part of their final report, but the same is not specifically referred to in the report signed by the engineer and board of viewers.  
 (3) That the construction of said branch, canal or prong or spur is necessary to adequately drain the territory intended to be drained, and unless the said prong or spur is constructed there will be a large body of land which was intended to be drained and which is classified on the assumption that this spur is to be constructed, which will receive no benefit whatsoever.  
 (4) That the Board of Commissioners of the district have fully investigated the matter; that they have caused the superintendent of construction, Mr. H. L. Rivers, who was one of the engineers who designed the system of drainage, to make a further investigation and report to them, and that after such investigation and upon the report made by Mr. Rivers, they have adopted a resolution, copy of which is hereto at-

tached and asked to be taken as a part hereof.  
 Wherefore, the commissioners pray that an order be made correcting the final report of the engineer and board of viewers and authorizing the Board of Commissioners to proceed to construct said prong or spur in accordance with the intention of the Board of Viewers, and as is necessary to adequately carry out the drainage scheme or system.  
 The foregoing petition having been filed with this court, notice is hereby given that the court will in the court house on Wednesday, July 9th at 10:00 o'clock a. m. hear such interested parties who desire to be heard in opposition to the order demanded in the foregoing petition. It is ordered that said petition and its contents be published in some newspaper published in Pitt County once a week for three weeks prior to date of hearings.  
 Witness my hand this June 17, 1924.

 Clerk Superior Court.

**NOTICE.**  
 By virtue of an order of re-sale made by J. F. Harrington, clerk of the superior court of Pitt county on the 25th day of June 1924, I will resell to the highest bidder for cash on Thursday the 14th day of July, 1924, at the court house door in the Town of Greenville, N. C., the land and lots conveyed by mortgage from M. V. Horton and W. B. Willis to B. E. Albritton and duly recorded in book 6-13, page 372 of the public registry of Pitt county, being lots 6, 7 and 8 on plat of property formerly owned by Addie G. DeVisconti and known as the DeVisconti property and surveyed and platted by Sherman Clodfelder, C. E. which said plat or map is recorded in map book, No. one, page 99 of the public registry of Pitt county, being the same lots conveyed to said M. V. Horton and W. B. Willis and this V. Horton and W. B. Willis as part of the purchase price of said lots.

This the 28th day of June, 1924.

### NEW OFFICERS TO BE INSTALLED IN B. Y. P. U. AT 8:00 O'CLOCK TONIGHT

Everybody is invited to be present at the Immanuel Baptist Church tonight at eight o'clock to witness the installation of new officers in the B. Y. P. U. for the ensuing year.

There has been a general change in the B. Y. P. U. since the Ham-Ramsay meeting here. There were several members who were not active in church work or the B. Y. P. U. either, before the revival, but now they are hunting something to do for Christ. We are going to start and keep this a live-a-wake organization.

Every person in the church who should be in the B. Y. P. U. is urged to come out and help us train the young converts for Jesus Christ.

### ENGAGEMENT ANNOUNCED

The Rev. and Mrs. James E. W. Cook announce the engagement of their daughter Alyce Brichmiller Cook to Mr. C. Roger Morse, son of Captain and Mrs. Thomas M. Morse, of Wilmington, N. C.

The wedding will take place in Greenville, N. C. in the early fall.

### HINES-SMITH.

A marriage that came as a complete surprise to their many friends here and throughout the state was that of Miss Pauline Smith and Mr. P. R. Hines, as their marriage was planned for the early fall.

Mrs. Hines is the only daughter of Mr. A. W. Smith of Fayetteville, and is a woman of unusual charm and personality. She is an alumnae of the North Carolina College for Women, Greensboro, N. C., and for the past year was a student at East Carolina Teachers' College.

Mr. Hines is a member of the bar of this city, and is popular throughout the county, being one of the most prominent families of this county. He studied law at Wake Forest College and was admitted to the bar 1916.

Mr. and Mrs. Hines will make their home for the present with Mr. and Mrs. Carter, sister of the groom, 210 Eighth street.

### Torrence Sticks To Guns and Wins

Ernest Torrence, who has raised himself into the front rank of character actors on the screen in the brief space of a year's time, is an interesting example of what perseverance will do in any profession. For years a good comedian on the stage, motion picture producers would not consider him because they thought him too tall. Then one day he was cast as a brute heavy in "Tolable David" and made such a success that everybody predicted that he was destined to play villainia all the rest of his screen career.

But Torrence hadn't been on the stage for twenty years for nothing and he knew the wise ones had not reckoned rightly on his ability. After "Broken Chains" in which he plays another heavy role, came "Bill Covered Wagon." His work as "Bill Jackson" in this epic film skyrocketed him into fame. At that he was a comic heavy, but not as brutal as in "Tolable David." Then came "Singed Wings" in which he acted the part of a pathetic half-witted clown and following this he was Jud Tolliver in "The Train of the Lonesome Pine." His next picture provided him with a comedy role, that of Cousin Egbert in "Ruggles of Red Gap." After this production was shown there was no denying that Torrence could be a comedian as well as a villain.

In "West of the Water Tower," Glenn Hunter's first Paramount production which comes to White's theatre today for two days. Mr. Torrence adds another great character study to his already vast list. As Adrian Plummer, the repressed orthodox minister in the story, he gives an exceptionally fine performance.

### The Talbert Show Comes Here Highly Recommended

The Milt Tolbert Show, located across the courthouse on the Billy Sunday lot opened last night to a large and most enthusiastic audience. The play, "Saintly Hypocrites and Honest Sinners," was one of the cleanest and one of the most forceful plays ever presented in Greenville. Each and every member in the cast brought out their parts superbly, and the result was a well-balanced show. Too much cannot be said about the play itself, because it is one of the greatest sermons and stories ever told. It is endorsed by the press, the public, and last, but not least by the pulpit. Mr. Hallway, manager and leading man, has surrounded himself with some of the best artists that can be had, who will uphold the high ideals set by the company. This is something new like good clean, wholesome shows are expected to take advantage of this opportunity to see each and every show while in the city.

The concert after the show proved to be a great success and also a feature, of the comedy was that of Mr. Lewis Childre, who with his educated feet can make them talk and do just what he says. The company will give the same show tonight. Ladies will be admitted free tonight.

"Anderson S. C., April 28.

Manager Milt Tolbert Show, Spartanburg, S.C.

"Dear Manager: Your show has made a wonderful hit with the people of Anderson. I have talked with a great many of them who saw your show and they say it was the best and cleanest show they had seen in years, and that is saying a lot, I think.

"I have been asked to write you and see if you would be so kind as to tell us when you get your plays; they were so enjoyed that the people want to get up something to play in the schools.

"Hope to see you again in Anderson, and thanking you in advance for the information.

### Dodge Brothers Policy Effects Substantial Savings for Users

Local Dealer: Say Public Appreciates Significance of Policy.

Continuing Buying Without Fear of Sudden Depreciation Through Obsolescence.

It is quite evident from the comments of buyers, according to R. T. Burnette, local Dodge Brothers Dealer, that the public appreciates the significance of Dodge Brothers policy of making constant improvements in their motor cars instead of changing models every year.

Magazines, newspapers and bulletin boards everywhere are reminding the people this month that this policy continues to prevail and that they may buy Dodge Brothers cars without fear of seeing a new and entirely different model put on the market soon after they take possession of the present type car.

"Coming just at this time," said Mr. Burnette, "when many manufacturers are preparing to issue new models, in keeping with their annual custom, this advertisement is having a striking effect. It serves as a wholesome reassurance to prospective buyers. They dislike the idea of buying a car today and finding a month or so later that it is an obsolete model. And it is only natural that they should. The depreciation that is out of proportion for a few months' use. Moreover, most people like to be up-to-date in their motor equipment and if they wish to follow their desire in this respect they must accept this sharp depreciation loss.

"Dodge Brothers Motor Car owners who buy new cars every year—and there are many of them—have a big advantage here. A one-year-

old Dodge Brothers car is modern in appearance and mechanical design. That fact is conceded by every one. Equally important to its resale value, however, is the fact that it is substantially the same car that Dodge Brothers will manufacture a year later. In other words, there is no danger that this one-year-old car will suffer an undue depreciation loss, simply because an entirely different model is about to make its appearance. We charge off only for the normal rate of depreciation for one year. And the used car buyer in turn appreciates the fact that the price represents full value and that he can buy the car with full assurance of many years of satisfactory service.

"Another factor enters into this policy which is also of considerable importance to buyers. A change in models involves a complete change of dies and production schedules. It shuts a factory completely and often means a virtual stoppage of production. This naturally means a loss to the manufacturer and his only recourse is to get it back in the price of his product. The saving

effected by Dodge Brothers, through their policy of constant, gradual refinement instead of radical annual changes of models, is faithfully returned to the buyer in the form of surplus value. Every dollar saved, of course, enables the factory to give that much more for the money.

"The practice of bringing out new models every year is also responsible for a slow-up of sales during the summer months. People hold off, waiting to see what the new models are like. The fact that Dodge Brothers sales are continuing at the normal volume is another indication of the confidence engendered by the practice of not issuing annual models. Many buyers have said to us, 'Dodge Brothers cars couldn't be finer than they are today, either in appearance or riding comfort. I am not afraid of a change. There is certainly no occasion for it.'

"Also although most owners do not realize it, the cost of replacement parts is greatly affected by bringing out yearly models. One reason for the extremely low price for Dodge Brothers parts is the fact that parts stay standard for years."

## DAILY COTTON LETTER

New Orleans, July 7.—Liverpool was unchanged to the dot on July this morning but about 14 lower than due on October. Spots 2 higher than last Thursday, sales 4,000 Friday and 5,000 today. In the whole the market showed very little change for the three days interruption of business, evidently awaiting further developments from this side.

The general feeling is that the crop is doing well on the whole and existing circumstances are favorable for a low market, which will give trade speculators a stronghold on its future course. The ultimate idea of a strong demand owing to depleted stocks is still intact with correspondingly higher prices in view. The weather is being closely watched and any news in regard to the growing crop of real authenticity is eagerly sought.

Texas seems to be doing pretty well as the following from our Austin correspondent will show: "After looking over thousands of acres of cotton in Central Texas, I am fully convinced that the Texas crop has tremendous possibilities. The rain in west Texas was very beneficial over a large area. North Texas is in fine shape and south Texas only needs dry weather."

Ketchikan, Juneau and Anchorage have baseball leagues which are composed of city teams. Because of the great distance separating these cities it has been impossible to play match games.  
Ketchikan, which lies 75 miles from the international boundary line, plays games every year in Canada on Dominion Day, and the Fourth of July. Games this year have been scheduled with Anyox, a British Columbia smelter community.

## PAINTING ON A SPIDER'S WEB

**FOUND BY GERMAN COLLECTOR**  
Berlin.—What is regarded as one of the most singular works of art in existence is now in the possession of a Berlin dealer. It is a painting, 6 x 4 inches, executed on a spider web and preserved by being clamped between two plates of glass, so that one can examine it on both sides. The scene depicted is that of a happy family sitting together.  
As an interesting side-piece to the painting the artist also preserved a spider web on which he had completed part of the picture when it tore. This second web shows traces of his having tried in vain to patch up the tear.  
There is nothing to tell yhenwk

## King Boris Sells Farm to Please Villagers

Ploviv, Bulgaria.—A quarrel between the royal house of Bulgaria and the villagers of Methkur, near this city, has been settled after a quarter of a century, and King Boris has been bombarded with telegrams from the villagers thanking him for his generosity in settling the dispute.

Methkur is an island in the Moritsa, close to the village of the same name. Ex-King Ferdinand, King Boris's father, acquired it by purchase and used it first as a game preserve and later as a model farm. It is about a square mile in area.

The villagers never have reconciled themselves to ownership of the island by the king. When Boris ascended the throne after the abdication of Ferdinand at the end of the world war, they approached him with a proposal that he sell it to their community.

The last phase of the negotiations was reached the other day when the king fixed the price on a purely nominal basis, and the deed was transferred to the mayor and village council.

It is understood that the villagers will maintain the island as a model farm.

## MAILS NOW MOVE WEEKLY INTO REMOTE ALASKA

Anchorage, Alaska.—Residents of the Yupon River are receiving a weekly mail service for the first time since 1898, during the great gold of the Yukon. The Alaska Railroad has made this possible.

A train leaves Seward, on the Gulf of Alaska of the Pacific Ocean, and winds its way to Nenana, 400 miles north in the interior. At Nenana the mail is transferred to government steamers which run on a weekly schedule down the Tanana River to Fort Gibbon on the Yukon River. From there the boats ply the Yukon to Holy Cross, 400 miles from the river's mouth.

From Holy Cross the Northern Commercial company operates a fleet of launches to Nome and St. Michael on the Bering Sea coast, and Innok and Oditard on the Innok and Iditarod rivers in the interior.

## Astounding Attenuation Possible With Drug

Baltimore.—A drug of such tremendous power that it is used in a ratio of one part to 18,750,000,000 of solution has been produced by Dr. John J. Abel, Professor of Pharmacology at the Medical School of Johns Hopkins University, it was announced today. It is a tartrate compound extracted from the pituitary gland of cattle and is used in obstetrics and as a specific for diabetes insipidus. One ounce of this tartrate, it is said, would turn all the water in a one-foot pipe line running from New York to San Francisco, into pituitary extract.

The pituitary gland lies in a bony cavity at the base of the brain and controls functions of growth. Its disorders are regarded as the cause of such human abnormalities as those of the circus giants. Dr. Abel is endeavoring to isolate the absolutely pure principle of the pituitary organ so that its effects can be studied with exactness. He was the first to do this, according to the university, in the case of epinephrine (adrenalin), the product of the adrenal glands.

## Would Inspire Youth to Civic Betterment No w

New York.—Graduates of New York City high schools throughout the United States are being considered for the first award of the Alfred C. Bosson gold medalion, to be given annually for distinguished civic service, according to an announcement made yesterday by the Co-operation in government committee, of this city.

Public officials, leaders in welfare movements, soldiers, military aviators, actors and actresses are among those whose names have been forwarded to the committee.

The gold medalion is similar in design to the Bosson silver medal, which for the last two years has been given to undergraduates of the New York City high schools who have distinguished themselves in the practical application of their studies of government in terms of service.

Candidates for the gold medalion, which will be formally awarded next fall, may live in any part of the country.

The committee which will make the award, realizing that within a few years the boys and girls of today will hold the reins of government throughout the world, seeks in this way of the younger generation for participation in government.

Howard Carter, co-discoverer with the late Earl of Carnarvon of the tomb of King Tut-ank-Amen in the Valley of the Kings, near Luxor, Egypt, has sailed from New York to continue the work of exploring the tomb. Gaston B. Means, formerly special agent in the Bureau of Investigation in the United States Department of Justice, where he was called the "right hand man" of William J. is said at Western Division headquarters.

Recently 46 men of the regiment went to the rifle range at Fort Barry with automatic rifles. The qualification of "expert marksman," the highest grade awarded for marksmanship, was given to 44 and the other two won the rank of "sharpshooter," the next highest grade. The automatic rifle, a light, air-cooled machine gun, is carried and fired like an ordinary rifle and requires expert handling.

Out of 90 automatic gunners of the regiment, 85 have qualified as expert riflemen this year and the other five rank as sharpshooters.

## PEONS DRIVEN OVER BORDER BY MEXICAN LAND ALLOTMENTS

Mexico City.—Paradoxical as it may seem, the first effect of the national agrarian program, intended to provide a bit of land for each of Mexico's long downtrodden peons, is to swell the tide of emigrants to the United States, according to Caesar Cordoba, general secretary of the National Agrarian Commission.

This emigration, says Mr. Cordoba, results from the fact that wealthy landowners, when they learn that

## To The Voters of Greenville Township

I beg to express my gratitude to those who made it possible for me to receive the nomination for Township Constable in Saturday's primary. To those, who supported my opponent I have none but the kindest of feelings.

It is my purpose to enforce the law without fear or favor, and I bespeak the cooperation of all law abiding citizens.

Respectfully,  
**Thad J. Williams**
