# DAVIS WINS THE NOMINATION

## West Virginian Is Nominated On The 103rd Ballot

# WALSH OFFERED V. PRES. NOMINATION

# Convention Decides On J.W. Davis By Acclamation

# Convention Will Likely Nominate Walsh V. Pres.

Madison Square Garden, New York, July 9.—John W. Davis, of West Virginia, was nominated for president today by the Democratic National Convention after the 103rd ballot. Opposition of William Jennings Bryan and an attempt by William Gibbs McAdoo to deliver his strength to E. T. Meredith, of Iowa, failed to stop him.

Beginning with this morning's balloting the movement for Davis gathered momentum that could not be retarded and gradually but surely through the succession of ballots votes flopped over to Davis column as state after state increased its offering to him and turned over its whole quota.

Bryan's opposition to Davis was swept away in the rain of Davis votes which swept over the convention. The attempt of the McAdoo forces to make E. T. Meredith, Iowa, heir to the McAdoo strength commanded a following which made only a small third and when the Davis flood rising so fast that all other candidates were swept away by it, Iowa, Meredith's home state, withdrew him from the contest and voted for Davis.

Wild scenes of disorder swept the convention as everybody clamored to join the winning forces. When the uproar was at its height, Thomas Taggart, Indiana, mounted the platform and moved the nomination of Davis by acclamation. The motion was carried in an uproar and Chairman Walsh shouted into the din before him: "The chair declares Honorable John W. Davis the nominee of the convention."

Immediately the tired worn and weary convention, which had been struggling through a seemingly interminable deadlock for two weeks—with prospects of going through the third broke loose in a wild demonstration of joy and relief.

Immediately all state standards which had previously been carried for other candidates, some in the midst of hard fought partisan disputes, thronged the aisles of the convention. Montana was the last state whose banner appeared in the aisle but only because there was a dispute there as to who should have the honor of carrying it in the procession. The band swung into "Dixie," "The Battle Hymn of the Republic," "Maryland" and other favorite airs which had dinned the convention hall in ceaseless fusilage of music for the last two weeks.

New York, July 9.—John W. Davis, of West Virginia, was informed of his nomination at the home of Franklin Polk, here, where he has been spending much of his time since the convention started. He had been listening in on the radio to the proceedings of the convention.

His first comment was "Apparently I'm nominated, so that's all there is to it."

Davis announced that he would issue a formal statement later.

His wife was with him at the radio when he was chosen Democratic

Presidential nominee. Madison Square Garden, New York, July 9.—Weary and half awake the Democratic National convention reassembled today to gather up the pieces of last night's explosion and attempt to reassemble them into a national ticket. McAdoo supporters are awaiting word of the formal withdrawal from Smith before proceeding to throw their strength elsewhere.

The indications were for a contest between John W. Davis, who was

(Continued on page 4)

JOHN W. DAVIS. INTL

Madison Square Garden, New York, July 9.—After nominating John W. Davis, of West Va., for president today the Democratic National Convention would have nominated Senator Thomas J. Walsh, of Montana, for vice-president had he permitted it to do so. Despite the roar of demand for his immediate nomination, by acclamation, Walsh declared the convention adjourned until 8:30 tonight to give time for consideration of the matter.

Apparently there is no doubt that he will be nominated as soon as the night session convenes.

**SIMPLE SERVICES**  
CALVIN COOLIDGE  
HELD WHITE HOUSE

**INDEPENDENT PARTY**  
WILL NOT ENDORSE  
SEN. LAFOLLETTE

**Interment President's Son Will Take Place Beside Grave of President's Mother, Plymouth, Vt., Tomorrow**

Washington, July 9.—With only the setting of the White House East Room with its profusion of banked flowers might distinguish the simple funeral service there today for Calvin Coolidge, Jr. from that for any other youth of the country. The governments of nations which his own were permitted their wish to pay their respects to the president's son but the desire of the bereaved family for simplicity ruled in every detail of the arrangements.

Prayer by Reverend Jason Noble Pierce, pastor of the First Congregational Church, which President and Mrs. Coolidge attend here, his reading of scripture and singing of favorite hymns by a quartette, were the simple rites of the late afternoon service.

Tonight the body of the youth whose death Monday has cast a shadow over the White House and brought keenest sorrow to those who have grown to know him during the little time he has been there, will be taken by the president's family, now broken for the first time, to his boyhood home in North Hampton, Mass. There amid old friends services will be held tomorrow at the Congregational Church of which Calvin was a member. Later in the day he will be laid to rest beside the grave of the president's mother at Plymouth, Vermont.

Joining the family in attendance at the White House service today were intimate friends, cabinet members, chiefs of diplomatic missions, justices of the supreme court and members of congress now in Washington and high officials of the army, navy and marine corps.

**Nominee for President and Vice-President To Be Announced at Banquet Tonight**

Indianapolis, Ind., July 9.—Candidates for president and vice-president will be nominated by the National Independent party, a political organization said to be the outgrowth of the Committee of 48, which meets here today. A referendum vote was used in choosing the nominee and the ballot will be counted today. The successful candidates will be announced at a banquet this evening.

The Independent Party will not endorse the candidacy of Robert M. LaFollette for president it was said last night.

**DR. JAMES SPRUNT DIES WILMINGTON**

Wilmington, July 9.—Dr. James Sprunt, head of the cotton export firm of Alex Sprunt Sons, Incorporated, died at his home here at 10 o'clock this morning. He was 77 years old.

Dr. Sprunt was born in Scotland in 1846, his parents moving to America when he was a child. He was a Confederate veteran and entered the cotton business immediately following the Civil War.

He is survived by one son, Lawrence Sprunt, and several brothers. Dr. Sprunt has published several volumes dealing with Wilmington and the lower Cape Fear country.

## Senator Couzens Refuses To Pledge Support G. O. P.

Detroit, Mich., July 9.—Senator James Couzens, announcing his candidacy for nomination in the September primary to succeed himself, in a formal statement today refused to pledge his full support to President Coolidge or either the state or national Republican platform. He challenged the right of party bosses to dictate the course of his actions and

zens replied that he could not do so. He made a bid for the vote of the Michigan electors on his past record for which he said he had no apologies to make. Asked by the chairman of the Republican state central committee to sign a pledge to support the party platform and endorse Coolidge, Cou-

## MacDonald, Herriot Confer on Dawes Plan

Paris, July 9.—A joint note to the Allies suggesting how the different questions in connection with application of the Dawes plan might be settled was drawn up at a conference between Prime Minister MacDonald and Premier Herriot, of France, the British Premier announced today.

MacDonald said the document had been drawn up with M. Herriot, explained how the Dawes plan problems might be best settled in the London conference which remains fixed for July 16. He declared that there was no thought to postpone the conference.

The smallest thing on earth is the atom. The biggest thing on earth is the up and atom.

All the world loves a listener.

## Knights of Pythias to Install Officers Thursday Evening

The members of Tar River Lodge K. of P., are anticipating a good

time Thursday night, as the officers will be installed for the next term. Jewels will be presented to several 25 years members and refreshments served. A large attendance is expected.

### THEY KNOW TOO MUCH

This business of searching out facts and arranging them so as to develop theories and conclusions from them; this business of science, in other words, has been a great benefit to mankind.

Sometimes it seems, however, that the scientist goes a little too far in his zeal to carry the torch of reason into hitherto unexplored areas. There is a realm of familiar ideas and phenomena which, in the opinion of some persons, ought to be safeguarded against intrusions on the part of this relentless inquirer.

There is, for instance, a vast body of childhood legerdemain of a therapeutic nature—intricately devised remedies for nose bleeding, toe stubbing, wart removing, and things of that nature, which the scientist can never hope to approach with the respect to which such prescriptions are entitled in view of their ancient origin. These things do not harm, and they furnish infinite delight to the juvenile practitioner. If you have stubbed your toe, the pain is at once eased by rubbing the stubbed toe with a small lump of cobwebs gathered in a barn and wadded up conveniently for the application. To stop nose-bleed, you swing around your head a dead rat on a string securely tied to the tail of the deceased rodent.

Of such is the delightful medical folk-lore of childhood. But what chance does this folk-lore stand against the patient but relentless inquiries of a scientist?

### RADIO FACTS

Few persons need to be told how rapidly radio is interpenetrating every part of our daily life. A writer has contributed to June Century a most comprehensive article.

More than 2,500,000 radio sets have been manufactured and sold in the last three years in this country, with 560 broadcasting stations in operation in our United States, and 16,000 amateur transmitters sending and receiving by radio.

According to engineers of the Radio Corporation, 300 manufacturers are turning out sets or parts of sets, thirty radio magazines have been started, 250 books have been written, 30,000,000 listeners constitute the present (spring of 1924) radio audience, and these spent \$175,000,000 on their hobby last year, giving employment in one way or another to 500,000 persons. There are twelve transoceanic stations, which communicate not only with Europe and Latin America but with 27,000 radio-equipped ships.

Reformers who go to see motion pictures to make sure they will not hurt the public's morals are so often disappointed.

In abandoning his flight over the North Ronald Amundsen appears to have a valid Pole because of lack of sufficient funds. Capt. reason for his action.

Bulgarian courts fine women \$100 each for exhibiting bare shoulders. If those judges could acquire the exclusive fining rights for one day in this country they would be able to pay off the national debt.

Settlement of an estate of a New York man who died less than two years ago cost more than \$300,000, exclusive of taxes paid for administration and commissions. What a lot of fun deceased might have enjoyed if he had distributed that sum during his lifetime.

# Markets

(Furnished by James William Cobb)

### DAILY COTTON LETTER.

Another surprise by Liverpool, opening 10 to 15 points higher than here, thus giving a tip on what it may mean to bear cotton when there is none. The news yesterday from India of a favorable turn in the monsoon, which always means increased trade in that large country of nearly 400,000,000 people, partly accounts for the strength by the English market, and then Manchester has for some time shown eagerness to broaden out and to start active campaign of competition for world-replenishing demand in goods. Liverpool total stock of American only 100,000 bales and total visible European stocks but 170,000 more than last year despite a million bales larger exports from this country and three months more to go before new supply can arrive in telling quantity.

American markets opened 5 to 10 higher and held strong owing to strength in Liverpool and unfavorable weather and crop report issued by the government.

The National Ginners Association estimates June consumption of cotton at 365,000 bales against 414,000 in May and 542,000 in June of last year.

Temperatures were mostly near normal, slightly below normal in the northwest. Cool nights have retarded the crop greatly since issuance of the government condition report.

Texas advices state that cotton in the Rio Grande valley is 25 percent of normal account of too much rain. We advise extreme caution in buying at this level.

Midling 1619; good middling 1734; sales 5,000 of which 3,900 were American. Receipts none. The market closed quiet. Jan. 1393; March 1383; July 1629; Oct. 1483; Dec. 1401.

### The Weather

Temperatures warmer over the belt, light rainfall Eastern belt, mostly in the Carolinas, very light in Oklahoma City district, inch and quarter in New Orleans district.

Forecast entire belt. Mostly part cloudy probably showers except in Louisiana and East Texas, generally fair.

### Weekly Crop and Weather Government Report

Washington, July 9.—A reaction to cool weather checked growth of cotton with weekly progress only fair in most sections though excellent in parts of Southeast. Too much rain for cultivation in more eastern and Northeastern sections. Progress and condition mostly fair in Texas with insect damage generally slight. Cotton needs hot weather in Oklahoma, where growth was poor but general condition mostly fairly good. Dry weather favorable for cotton in Arkansas but nights too cool for good growth though crop well cultivated and of good color, blooming to Northern border. Growth, fruiting, and condition fairly good in Louisiana, weevil damage slight. Advance of crop poor to only fair in Mississippi and Alabama, principally because of cool weather and there was some weevil increase though damage so far slight. Cotton well cultivated in Tennessee, where advance was fairly good. Growth reported excellent in Georgia but rather too much rain for cultivation and fields getting weedy, fruiting less satisfactorily in many localities. Growth fair to very good in much of Florida, but too cloudy and wet in Virginia and the Carolinas, especially in North Carolina and Virginia where much complaint of grass. Considerable increase in weevil activity in more eastern portion of belt with rains unfavorable to effective poisoning.

### Government Report on Grain

Corn conditions 72 per cent indicated 2,516,000,000.  
Summer wheat condition 81.0, indicated 197,000,000.  
Corn yield per acre 23.8.  
Yield per acre on summer wheat 11.7  
Winter wheat condition 77.9, indicated 543,000,000 yield per acre 14.7.  
All wheat 79 indicated 740,000,000 yield per acre 18.8.  
Oats condition 86.9 indicated 1,356,000,000 yield per acre 32.6.  
Barley condition 80.2 yield per 22.5

### LAST MINUTE REPORT ON GRAIN.

Chicago, July 9.—Reports from crop correspondents received since July 1 show for corn condition figures lower even than those received up to July 1st, when the average was 72.4 percent of normal, indicating crop prospect up to present time is only approximately 2,500,000,000 bushels. We have been consuming corn at the rate of 3 billion bushels a year, and even with the reduced pig crop, the normal requirement, if available, would be about 2,800,000,000. We are facing an unusual shortage of corn supplies. Prospects are below average over nearly the entire United States but poorest in Indiana, Illinois and Iowa, the leading corn producing states. Latest reports indicate the condition in Illinois about sixty percent of normal, as compared with our July 1st estimate of 69.

Late wheat and oats reports indicate no material change from our July 1st estimates except that forecast of yield per acre of spring wheat in North Dakota exceed 12 bushels per acre, whereas the government has adopted only 11.3 bushels as the equivalent of 100 percent condition on July 1, suggesting that forecast based upon condition figures is too low as will be shown later.

Late reports from Pacific coast continue to decline indicating that the wheat crop there will be less than half of last year's crop.

# He laughed at Kellogg's Bran!

Now read this letter of thanks from Mr. Kane. It speaks for itself. Remember, it is because Kellogg's Bran is ALL bran that it was so effective in his case—just as it has been in thousands of others. Only ALL bran can produce 100 per cent results.

*My dear friend:*  
Imagine a young man weighing 165 pounds in the course of a few months parked in bed, a weakling weighing 94 pounds. An elderly lady whom I knew since I was a kid paid me what she thought was a last visit. Upon being told of my plight she immediately mentioned your product for such an ailment. Maybe some of us didn't look upon her views very lightly . . . it was to laugh!  
My dear friend, I am still laughing . . . not at your product, but because I am able to. I am telling you and the world at large, "Eat Kellogg's Krumbled Bran!" It should be called "Constipation's worst enemy." I owe you my heartfelt gratitude. I can talk, and whenever the opportunity presents itself, my mouth is always full of bran—Kellogg's Krumbled. Wishing you countless days of progress, I am  
Yours for success,  
John M. Kane,  
228 Salem St., Woburn, Mass.

Eat Kellogg's Bran, cooked and krumbled, regularly to relieve constipation permanently. Two tablespoonfuls daily—in chronic cases, with every meal. It is guaranteed to bring results, or your grocer will return your money. You will like the delicious nut-like flavor. Sold by all grocers.

We are having some of the best meetings this church has ever experienced, and every body is invited to come out and worship with us.

The service begins promptly at 8 o'clock.

**Episcopal Prayer Meeting.**  
Tonight at 8 p. m. the prayer meeting at the St. Paul's Episcopal church will be conducted by E. G. Joyner. A full attendance is desired and a hearty invitation extended to all to come.

## MRS. N. O. WARREN HOSTESS PICNIC SUPPER

Mrs. N. O. Warren was hostess at a picnic supper on Tuesday evening at 7 o'clock at the Country Club in honor of her house guest, Mrs. C. B. Burrus, of Clinton, N. C.

The side veranda of the club house was approximately decorated with hanging baskets filled with daisies. After the guests had arrived a tempting supper was spread.

The out of town guests enjoying the hospitality of Mrs. Warren were Mrs. Jap Suttle, of Shelby, and Mrs. J. O. Hodgkin, of Warrenton, Va.

## SENIOR EPWORTH LEAGUE TO MEET THURSDAY NIGHT

The Senior Epworth League of the Methodist church will meet Thursday evening at which time a business meeting will be held and a social enjoyed. Every member is urged to be present.

## Mayor Warns Public To Lock Doors When Away From Home

Jas. Jones, colored, charged with speeding. Fined \$10 and the cost. Clifton Forbes, colored, charged with giving worthless check, held in jail pending settlement in county court.

Soloman Perry, colored, charged with allowing dog to run at large. Paid the cost.

Jno. Crawford, white, charged with being drunk and committing acts of disorderly conduct, \$10 and cost.

The Mayor stated, that he wishes to warn the public that upon leaving their homes unattended in the after-

noon or evening they would be certain to lock doors and windows. Several cases have been reported to the police where some one has come in the homes in the absence of the occupants and carried off clothing and other articles. While this petty thievery is nothing to be alarmed at, as most of it is evidently done during the day time, yet it is quite annoying to go to look for your Sunday suit and find it missing, or that your best hat has taken possession of your shoes and gone for a stroll. This thievery is evidently done by small boys, or some one acquainted with the plans of the place, and know when the occupants are away from home, hence the best plan is to look up when leaving, as it is hardly probable that any window or door would be forced by this class of robber. It may be that the main one who has been doing this class of robbery was in the person of Walter Goodman, alias Nickodemus, who was apprehended a few nights ago trying to get in the home of F. R. Elmore. Since that time there have been no further reports as to loss of clothing, etc., however it will do no harm to lock up as a measure of precaution.

## Life Insurance Men of Canada and U. S. To Meet Los Angeles

Los Angeles, July 9. — Three thousand delegates and visitors from every state in the Union and a number of Canadian cities will gather here July 22 to 26 for the fifth annual convention of the National Association of Life Underwriters.

Numerous new ideas originated by leaders of the insurance business are expected to be presented at the convention. It also is expected that

some new forms of policies may be adopted for general dispensation. Among the speakers on the opening day will be Dr. S. S. Huebner, of the school of finance and commerce of the University of Pennsylvania. A feature of the convention will be that each day the program will be under the personal direction of some one insurance executive who will be charged with the success of the session.

SERVICE, SATISFACTION, SAFETY

CONVENTION DECIDES ON JOHN W. DAVIS BY ACCLAMATION

(Continued from page 1) riding a rising tide as the session adjourned early this morning, and E. T. Mereworth, of O., former Secretary of Agriculture in the Wilson cabinet, to whom McAdoo leaders were attempting to throw most of the McAdoo strength.

At the beginning of the session today an undercurrent indicated a burst for Oscar W. Underwood, of Alabama, whose supporters expected to draw several states including New York and Illinois.

It was quite a different atmosphere when the convention met today. The marching and singing bands of McAdoo women, waving flags and intermingling that they intended to stay until Christmas, were absent. There were scores of empty chairs in the delegates' and alternates' sections and a canvas of their forces by delegation leaders showed that few delegations were up to full strength.

The convention is running from today onward at the expense of the National Democratic Committee and the hand in the left, although still playing vigorously, are doing so at the expense of the mayor's committee. Apparently the musicians were still on full pay for they tackled William Tell for the forty-first time with enthusiasm and gusto.

Meredith workers were busy on the convention floor carrying the word from McAdoo people and plans were being made for Texas and Georgia, which have been going solidly for McAdoo, to go for Meredith on the first ballot today. There are some votes for Davis in Texas but the delegation is being held together by the unit rule. Georgia, it was said, was ready to break the unit rule but the majority will follow the McAdoo advice for Meredith.

Madison Square Garden, New York, July 9.—Smith leaders decided today to split up their vote and permit delegates to ballot their own preference for president believing that the majority of the votes would go first to Underwood. Governor Smith who was present at the conference today fully approved the plan. George Brennan, Illinois, announced the decision.

Among those present at the conference were Franklin D. Roosevelt, Senator Walsh, of Massachusetts, Norman E. Mack, New York, Joseph K. Guffey, Pennsylvania. The Smith crowd are determined that no eleventh hour movement by the McAdoo forces should nominate Meredith.

"Any time we want to unite on a man the Smith forces can be brought together said Brennan. Madison Square Garden, New York, July 9.—At 4 o'clock this morning, Eastern daylight time, the Democratic national convention adjourned until noon.

Adjournment came at the end of the 100th ballot—the first ballot taken after the announcement by William C. McAdoo that he had released his delegates. The results of the 100th ballot were as follows: McAdoo 190; Smith 351 1-2; Davis of West Virginia 203 1-2; Underwood 41 1-2; Glass 35; Robinson 46; Ritchie 17 1-2; Walsh 52 1-2; Saulsbury 6; Owen 20; Meredith 77 1-2; Houston 9; Bryan 2; Daniels 24; Baker 4; Gerard 10; Berry 1. Total 1,089. Absent 7.

Immediately after the reading of the McAdoo letter an attempt was made to adjourn, which was defeated on a roll call. When the McAdoo letter was read to the convention, he stood almost exactly even with Governor Smith after two weeks of balloting. McAdoo had 353.5 votes and Smith had 353.

Mr. McAdoo's friends and associates in the convention disclaimed that in releasing his delegates he was making any attempt to say where they should go, but some of the prominent McAdoo men were busy attempting to transfer the McAdoo strength to E. T. Meredith, of Iowa, former Secretary of Agriculture in President Wilson's cabinet. There was a report that Mr. McAdoo had declared himself to his lieutenants in favor of Mr. Meredith, but that his campaign manager, David L. Rockwell, wanted the McAdoo strength to go to Thos. J. Walsh, of Montana, permanent chairman of the convention.

One Hundred First Ballot. Underwood 229.5; McAdoo 52; Smith 121; Davis 316; Ritchie 1-2; Glass 50; Walsh 98; Owen 23; Robinson 22.5; Meredith 130; Murphree 4; Berry 1; Houston 9; Cummings 9; Hull 2; Baker 1; Gerrard 16; Daniels 1. The one vote for Daniels was from New York.

One Hundred Second Ballot. Underwood 307; McAdoo 21; Smith 44; Davis 415 2-3; Ritchie 1-2; Glass 67; Walsh 123; Robinson 21; Gov. Bryan 1; Meredith 66.5; Berry 1.5; Hull 1; Gerrard 7; Daniels 2; Thompson 2; General Allen 1.

S. B. Underwood Is Critically Ill In A Baltimore Hospital

Mr. S. B. Underwood recently underwent an operation in John Hopkins Hospital, Baltimore, and his condition is critical. Mrs. Underwood being advised yesterday of the seriousness of his condition left immediately for Baltimore.

Mr. Underwood a member of the faculty of the Eastern Carolina Teachers College is one of the best known educators in this state and adjoining states. For several years he was superintendent of public instruction of Pitt county, giving this position up to accept the superintendency of the Raleigh Graded Schools. After serving in this capacity most efficiently for two or three years, he returned to Greenville to accept a position with the Teachers College.

His health has been failing for several months. He has sought every medical advice possible and has made a brave fight to regain the splendid health which he enjoyed when first coming to Pitt county.

During his stay here he has endeared himself to the hearts of people throughout the county. He is held in high esteem in social, religious and business circles being one of Greenville's most prominent and influential citizens.

It is with keen regret that his friends learn of his critical illness and await most anxiously for news of his improved condition.

Episcopalians Will Enjoy Picnic at Bath Next Wednesday

On Wednesday, July 10th, the Episcopal Sunday School will hold their annual picnic at the historic town of Bath, N. C. All arrangements are being made by Chas. O'H. Horne, assisted superintendent of the school to make this picnic the greatest success. Some 150 to 200 scholars and friends are expected to be present. Provision for their entertainment is being made. A barbecue luncheon will be included. Doc Horne has arranged also for two eminent authorities on the history of Bath to give explanatory talks in answer to the questions young and old will ask. The church at Bath is the oldest in the Diocese and one of the oldest in the United States. The brick of which it is built came, it is said, from England. There are many quaint legends and old folk lore current in the neighborhood which can only be properly heard on the spot. Doc Horne deserves great credit for arranging this picnic which will be a wonderful treat to all who can attend it.

Many New Homes Completed Within Past Few Weeks. That Greenville has recently been under going a great building boom is evidenced by the number of new homes which have completed within the past few weeks. Below we list a few of those who have moved into new homes:

Mr. W. A. Darden has moved from Ninth street to his new home on Jarvis street, in College View, Mr. W. P. Moore has moved into the house which Mr. Darden vacated on Ninth street, Mr. and Mrs. Moore formerly lived in Warsaw and Greenville extends to them a cordial welcome.

Mr. J. K. Young has moved into his new home on Jarvis street. Mrs. Hattie White who formerly lived on Greene street has moved into her new home on Fourth street.

Mr. and Mrs. Daily Laughinghouse since their marriage have been residing with his parents on Fifth street will within the next few days move into their new home on Ninth street.

Mr. W. H. Rogers, Jr., has moved from Ninth street into his new home on Tenth street. Mr. Bruce Warren will occupy the house vacated by Mr. Rogers.

Spain Adopts New Law of Amnesty. Washington, July 9.—The Spanish Embassy has announced receipt of advice stating that the king has signed a law of amnesty which had been proposed to him by the military directorate covering all political, military and common crimes.

It is described as the most ample amnesty ever conceded in Spain and applies not only to those already sentenced but to those now being judged and pardons all sentences of death imposed or under judgment at the present time.

England Defeats Anti-Liquor Bill. London, July 9.—A bill, introduced in the House of Lords by Bishop of Oxford, to restrain the trade in alcoholic beverages by what was termed as popular control to be exercised by periodical voting of the inhabitants of the different boroughs, yesterday was defeated by a vote of 166 to 50 after three days of debate.

NOBLE HANDS SOILED DAILY AS DUKE LABORS IN FIELDS. Inverary, Scotland, July 9.—The idea that Dukes can't and won't do manual labor is dispelled by a visit to Inverary Castle, in the grounds of which the owner, the 52-year-old Duke of Argyll, is working as a stonemason's laborer. He carries heavy stones, takes orders from the foreman, and keeps strict trade union hours.

The duke, who is also keeper of the Great Seal of Scotland, is helping to erect a battery. He wears a kilt and a grey woven shirt, and rolls up his sleeves to tackle his job.
