## 2 KILLED 4 INJURED AT FORT BRAGG

### Current Kills 2 Soldiers Injures 4

Fort Bragg, N. C., July 11.—Two soldiers were instantly killed and four injured this afternoon when current from a high tension electric power line jumped to a galvanized iron pipe being used in construction work near the power circuit.

The dead are: Corporal Ernest Orynindsen, 25, Oakland, California; and Private Herbert N. Ward, 20, of 207 Statesville Avenue, Charlotte, N. C.

The injured are: Private Weaver J. Farmer, 22, Asheville, back burned; Private John Parce, 20, New Bern, burned about the body; Charles A. Wisnant, 23, Wilmington, arms burned; Sergeant Ira Hinton, slightly shocked.

### DAVIS IS ENGAGED IN PREPARATION FOR CAMPAIGN

#### Nominee Confers Today With Chairman and Party Leaders; Papers Hint at New Party By McAdoo

New York, July 11.—After a night's rest at his home, Locust Valley, John W. Davis, Democratic nominee for president, returned to New York today to give further consideration to the campaign, at the home of his legal associate, Frank L. Polk, where he is making his city headquarters.

All doubt as to the attitude of William Jennings Bryan to the head of the ticket seems dispelled by Bryan's statement that his support would be forthcoming.

Bryan and his brother, Governor Charles W. Bryan, of Nebraska, nominee for vice president, dined last night with Davis at the Polk residence.

There remains some wonder as to the position that W. G. McAdoo will take in the campaign. The New York World today printed a front page story suggesting that Mr. McAdoo may form another party, possibly with the aid of William Randolph Hearst, whose newspapers have indicated that the publisher is far from pleased with the choice of the Democratic convention. McAdoo has maintained silence since the sending of the telegram to Davis limited in effect to "Please accept my congratulations." Some of the friends of McAdoo, who doubt the suggested bolt, point out that Davis has received wireless congratulations of Bernard M. Baruch, a warm McAdoo supporter in the convention fight; of Miss Margaret Wilson, McAdoo's sister-in-law, and other active McAdoo partisans.

New York papers fear the skeptical attitude to the national ticket of Mayor Hylan, who has had the constant support of Hearst, and some even suggest that a Smith-Hylan, who has had the constant support of Hearst, and some even suggest that a Smith-Hylan battle for control of Tammany now looms.

Some political circles except New York to be the center of the Davis campaign. With 266 electoral votes necessary for success and with Davis reasonably assured of the 147 of the Solid South, plus Maryland and Kentucky, they accord the opinion that the 45 of the empire state are vital and next to New York much attention will be paid to Ohio, Illinois and Indiana.

### Cotton Blight Has Appeared Suddenly In North Carolina

Raleigh, July 11.—Within the past few days an unusual disease of cotton has come to the attention of farmers throughout North Carolina, according to Dr. F. A. Wolfe, of the Plant Disease department of the State College and Experiment Station. The disease, which is called "Cotton Blight," has appeared suddenly, and is so destructive that it is causing considerable concern, the Doctor declared. The reports from the farmers show that in some cases over 50 per cent of the plants are affected.

Up to the present time the plant disease laboratories of the Agricultural Experiment Station have received reports of the occurrence from the following counties: Northampton, Wake, Iredell, Davis, Johnson, Union, Hertford, Currituck, Franklin, Mecklenberg, Halifax, Lincoln, Vance, Nash, Cleveland and Chowan. These reports that the blight is of general occurrence throughout the state.

The most noticeable symptom of the disease is the presence of withered leaves or branches, it was explained, and upon closer examination dark brown sunken spots may be found at the bases of the affected leaves and branches. Sometimes these spots appear as brown streaks extending along the main stems. The bases of the leaves are so weakened that the leaves shed off the stems and branches break off. In severe cases, it was said, the plants may become destitute of foliage.

### New York Man Is Hanged in Canada

Montreal, July 11.—Walter Muir, of New York, was hanged at Calley Field, Quebec, early today for the murder of Henri La Violette last September.

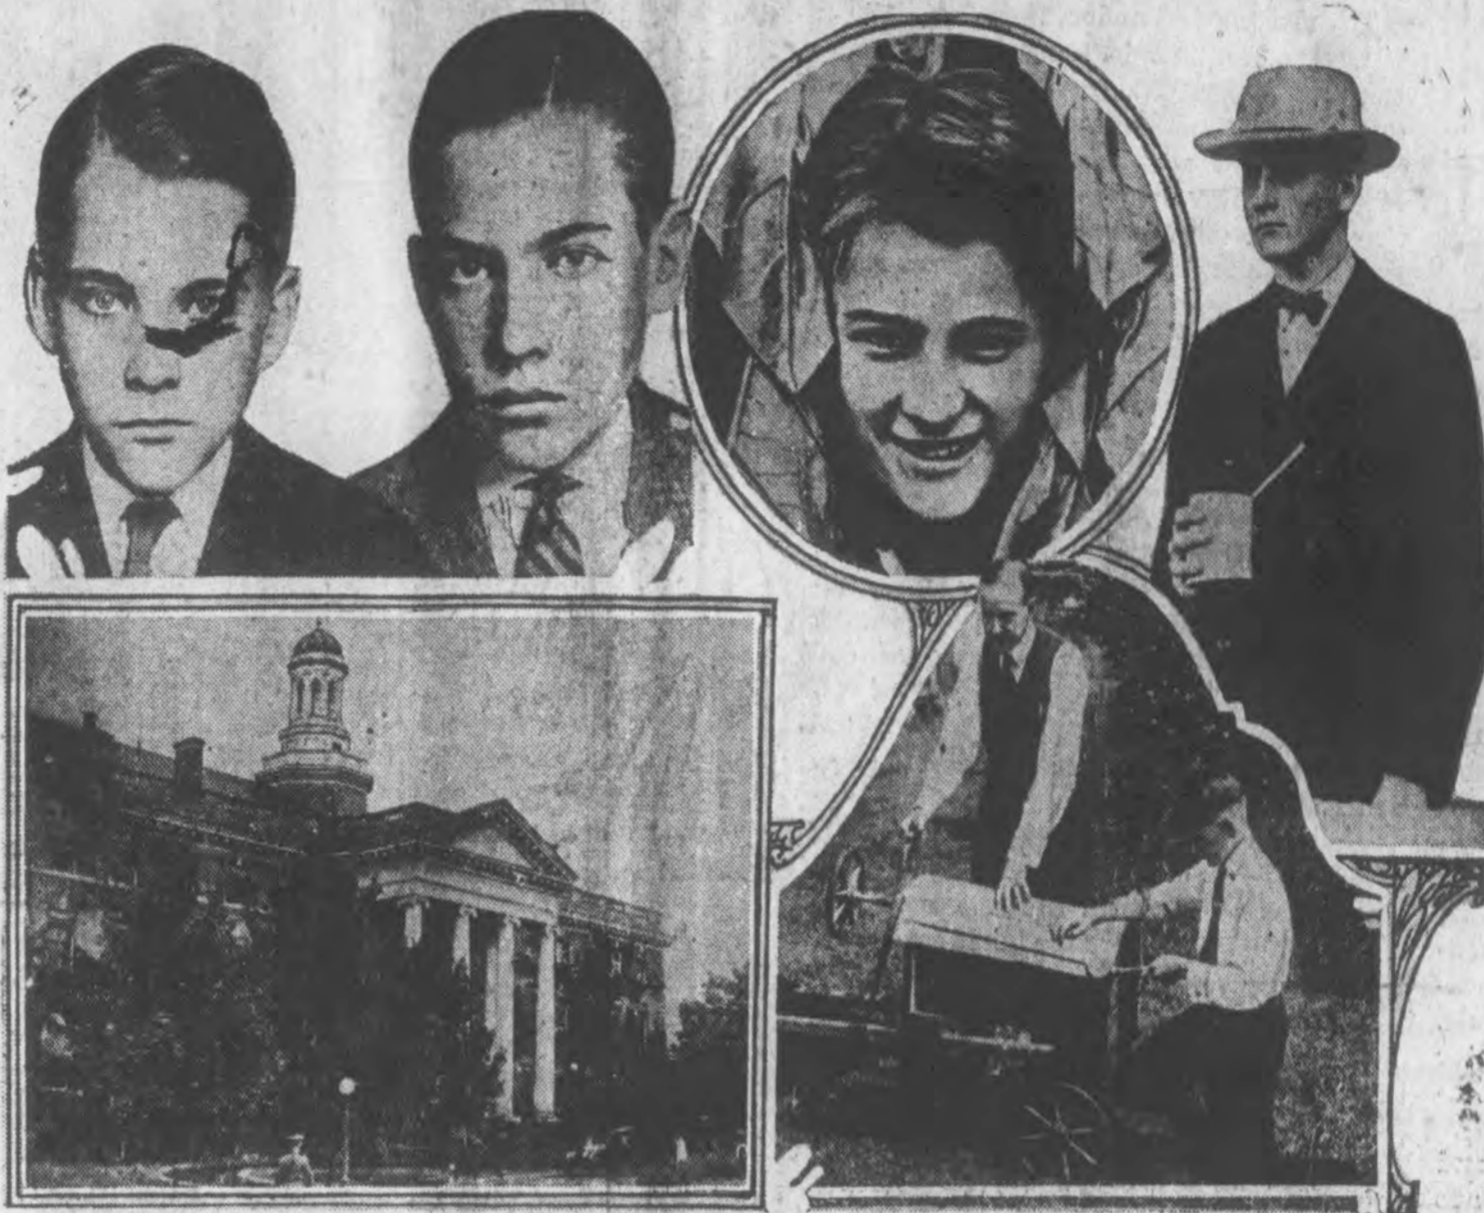

Before he walked to the gallows, Muir wrote a letter to his mother. He was pronounced dead 14 minutes after the springing of the trap. After the inquest the body was claimed by relatives from New York where the burial will take place.

### DR. L. E. M. FREEMAN TO PREACH IN BAPTIST CHURCH NEXT SUNDAY

In the absence of the pastor the Rev. Leland W. Smith, Dr. L. E. M. Freeman, of Raleigh, will occupy the pulpit of the Memorial Baptist church at the 11 o'clock service Sunday. There will be no evening service the members of this church uniting with the other churches in a union service.

Dr. Freeman is a splendid speaker and the public is invited to hear him.

ENTIRE NATION MOURNS WITH PRESIDENT, MRS. COOLIDGE

Above: CALVIN & JOHN COOLIDGE, (Circles) IN HAPPIER DAYS (Right) HIS LAST PHOTOGRAPH. Below: WALTER REED HOSPITAL, & PRESIDENT & CALVIN COOLIDGE, JR.

A nation stands in silent grief with President and Mrs. Calvin Coolidge at the pier of their youngest son, Calvin, Jr., whose gallant battle against deadly blood poisoning aroused the admiration of those who love a fighter. The manly little fellow died in Walter Reed Army Hospital in Washington of poisoning which followed infection from a blister he suffered while playing tennis with his brother, John, on the White House courts. He was a great "pal" of his father, who is shown helping him build a wagon just before Mr. Coolidge became President. The first Summer vacation after his father became ruler of the country Calvin spent on a tobacco farm in Connecticut, earning pocket money. In his last photograph he is pictured in a "seventh inning stretch" in the Washington ball park, only three days before he was stricken with his fatal illness.

### GOV. BRYAN SAYS HE IS A BAPTIST

#### Has Never Joined the Church But Attends Regular With Family

New York, July 11.—Although he is not a member of any church, Governor Charles W. Bryan, vice presidential nominee of the Democratic Party, wishes to be classed as a Baptist, he said last night when questioned as to his religious affiliations. Governor Bryan stated that his wife and children were members of the First Baptist church, of Lincoln and that he attended with them regularly. His parents were Baptists and the governor was brought up in that religion though he has never formally connected himself with any church. The candidate for vice president is a believer in the Christian Religion and believes what the church stands for but he is not a modernist.

### Splendid Program To Be Rendered At Kiwanis Luncheon

A full attendance is expected at the Kiwanis luncheon this evening at 7 as one of the best programs yet rendered is in store for the members. Kiwanian, Wooten is in charge of the program and he has two or more short speeches of unusual interest on file. Col. F. G. James will be present and give an account of the doings at the Democratic Convention. This will be good. Prof. R. C. Deal from the college will give a short talk. A report from the International Kiwanis Convention at Denver will be given. J. B. James who has such a musical treat at the last luncheon has something still better this evening. Kiwanian Wooten in his luncheon notices this week had the following challenge given to Kiwanians: "It isn't a question as to how late you are up at night, but are you awake during the day." Rotary building Friday 7 o'clock.

Mrs. Cullen Pender of Dillon, S. C., is visiting Mrs. C. B. Whichard on Third street.

### GOVERNMENT TO SUSPEND SALE OF TREASURY CERTIFICATES

Washington, July 11.—The Treasury has ordered suspension of all sales of treasury savings certificates and stamps effective July 15. Acting Secretary Winston said that

the present money market did not warrant the Treasury paying 4 1/2 per cent interest on savings funds when necessary money could be obtained at a much lower rate of interest.

### PRAYER SERVICES BE HELD TONIGHT IN M. E. CHURCH

Prayer Services will be held in the Jarvis Memorial Methodist Church this evening at 8 o'clock by the Men's Federation with Mr. R. C. Flanagan leader. The choir will be under the direction of Mr. John Clark.

This is the only prayer service being held tonight by the members of the Federation and a cordial invitation is extended to the public to be present.

### Former Governor of South Carolina is Again On Trial

Allendale, S. C., July 11.—When circuit court opened here today, the defense and state were ready for the second trial of Wilson G. Harvey, former governor of South Carolina, on charges of violating the state banking laws.

The first trial held in Charleston several months ago resulted in a hung jury.

Charges against the former chief executive, who now resides in Greenville, grew out of the failure of the Enterprise Bank, of Charleston, of which he was president. It is alleged by the prosecution that Harvey was guilty of violating the state banking law which prohibits receipt of deposits after a bank is known to be insolvent and also of authorizing loans in excess of the amounts stipulated by law.

### PHILATHEA CLASS OF MEMORIAL BAPTIST TO MEET THIS EVENING

The Philathea Class of the Memorial Baptist Church will hold a business meeting at the home of Mrs. George Woodward this evening at 8 o'clock. Every member is urged to be present.

### BRYAN LEAVES FOR HOME IN NEBRASKA

#### Nominee Will Make No Plans Until After Viewing Conditions in Home State

New York, July 11.—Governor Bryan, Democratic vice presidential nominee, left this morning for Atlantic City for a day's rest before going to Washington, thence to his home in Lincoln, Nebraska.

"I can say nothing definite on my plans until after my arrival in Lincoln and until I have had opportunity to get my work there in shape," Governor Bryan said here today. "All my plans are contingent upon conditions in Nebraska and my fight against the oil trusts there."

Governor Bryan plans to go on to Washington tomorrow and to leave for Lincoln early next week.

### Summary of First 100 Cases Mother's Aid In This State

Raleigh, July 11.—According to a summary of the first 100 cases of Mothers' Aid in North Carolina made public by the State Board of Charities and Public Welfare, the average recipient of Mothers' Aid in this state is a widow and a church member, 35, years old, who has lived all her life in the country or in a small town in North Carolina, and who has three or four young children. She receives \$19.39 per month from the state and county to help her rear her children in her own home.

Complete information in regards to each recipient has been secured by Miss Emeth Tuttle, directors of Mothers' Aid for the State Board of Charities and Public Welfare. Data regarding the first 100 cases granted this aid was recently summarized for the board by George H. Lawrence, who has charge of Mothers' Aid work in Orange and Chatham counties. Mr. Lawrence will summarize the date on the second 100 cases as soon as they are completed.

### ORGANIZATION NEW COMMITTEE NOW UNDER WAY

#### Presidential Nominee Confers With Leaders on Organization and Selection of Chairman

New York, July 11.—After the first good rest since the convention opened John W. Davis arose at eight o'clock this morning and left at 9:30 by motor from his home, Locust Valley, for New York to tackle at once the organization of the national committee and select a chairman to take charge of his campaign for president.

On his arrival at the home of Frank L. Polk, former under Secretary of State, Davis had a long talk with Cordell Hull, national chairman and other party leaders.

The organization of the new national committee will not formally take place until after the notification ceremony after which Davis will make his first public address upon the issues of the election.

The nominee hopes to complete the details of the organization of the party council within the next few days since the prolonged session of the convention has already delayed the opening of the campaign beyond the regular time. He hopes for an early start as possible and if as expected the choice of a chairman is made before the end of next week, Davis will take a vacation of two weeks in New England.

### Pres. Wright Gives Reports of National Educational Ass'n.

Pres. R. H. Wright at two assembly periods this week gave reports of the recent meeting in Washington City of the National Education Association, of which organization he is a director. The North Carolinians had a definite place for their headquarters and had a dinner together.

President Wright explained the representative form of government, each local unit numbering the major part of one hundred sending a delegate, and contrasted this plan with the old form when the N. E. A. was actually local.

He gave an idea of the size and importance of the organization by telling that there were seventeen departments which held thirty-two meetings, and twenty allied associations. There were thirteen general sessions which were held at night, and several business meetings held in the morning. There were eighty-two meetings in all. The various departments, patriotic organizations, and almost every body in Washington it seemed through some organization did all in their power to give the teachers an opportunity to know something about Washington. The National Geographic Magazine gave souvenir photographs. There were endless receptions and teas.

There were a number of patriotic tours to historic places and other points of interest within a day's return trip from the city.

President Coolidge, on July 4, which is his birthday, delivered a strong address to the association taking a firm stand for the Education bill asking for a department of education. President Wright paid high tribute to the President. (He spoke under trying circumstances, as his son at that time was critically ill.)

President Wright said that many of the problems considered at the meeting were those that did not touch North Carolina at all. Many of the discussions centered around class room problems and were those of the class room teacher.

Pleaded Guilty from Weariness. Bakersfield, Cal.—Charles Handy, a negro, charged with a statutory crime, fought his case, but he got tired of waiting for the jury to return a verdict. After the jury had been out fourteen hours and while it was still deliberating, he pleaded guilty.

## SUMMER

If one chose to be pessimistic about seasons in general and Summer in particular: all that is now delightful and alluring in the current season would be overshadowed by real and imaginary discomforts and annoyances. Although Schopenhauer has authoritatively said that "Thinking men find nothing in life worth living," the majority of human beings risk a personal application of the "divine pessimistic" imputation and thoroughly enjoy the warm days and hot nights of summer in spite of their many disadvantages.

It is frequently complained by even the habitual optimist that there is always something cropping up to spoil man's pleasures. Some of the common summer complaints are terrifying electric storms, humid and salty working days, picnic-paralyzing showers, pestiferous insects, wriggling reptiles, congested motor traffic, dusty byways, post-vacation financial shortages and cold meals. Many factors detract from the fun of motor touring, camping in a tent, swimming, vacationing and resort sojourning.

Summer does have many discomforts and annoyances peculiar to itself, but perhaps they exist only to heighten by contrast the many luxuries that are summer's gift to mankind. Man must wrest everything from nature, even his pleasures, and invariably that which is achieved through the greatest effort affords the greatest pleasure.

Nothing is perfection in this universe, so the philosophers say, but this summer with its fair days, its good motor roads, its fascinating resorts, its facilities for camping and swimming and its vacation time is as near summer perfection as mere man can hope for.

## CONQUERING NATURE

Looking upon Niagara Falls one man said "What a view!" and another exclaimed "What a waste!" Which was it to be? In this one instance the stupendous waterfall has been preserved in almost its pristine grandeur while engineers have harnessed its power for the manufacture of commercial power. But many of the world's natural

wonders and primeval panoramas have fared less fortunately in the eternal war with man's science and commercial advance. The conflict between beauty and power in nature is the motive for the calling of a world power conference in London. At this conference the best engineers, chemists and inventors the world has to offer are discussing that old and fascinating subject—how to harness sources of power that have hitherto remained as intractable as the zebra and the electricity of the air. As medieval alchemists toiled to convert base metal into gold so the London conferees are seeking a way to turn the sunray and the billowy sea into a motive agency.

The meeting in London, therefore, is in a measure an indignation meeting of conspirators against Nature who are resolved that she shall no longer defraud mankind of a birthright to certain unutilized sources of power. The plotters are passing in review such uncontrolled mainsprings of energy as "The Valley of a Thousand Smokes" in Alaska, the geysers of Iceland or the Yellowstone, the steam springs of Tuscany. Why, they ask, should volcanoes do nothing but ruin vineyards and villages and bring toppling what man's industry and piety have reared?

The future of civilization rests largely on the use that is made of many substances that have been carelessly labeled "waste" products. As attar of roses is distilled from the garbage of Berlin, there are jewels still discoverable in the innumerable variety of refuse, as well as in the prodigality of natural resources of which we are so heedless or so prodigal.

It will be a long time before New York makes another bid for a Democratic convention. And longer before the bid is accepted.

A man never realizes how little confidence he has in boys until his daughter gets into her teens.

The early bird also gets some remarkably intimate views of people on sleeping porches.

Even with the multitude of time-saving devices, the days are too short to contain all we would like to do.

The convention established many precedents—among them, passing the hat for impetuous delegates.

If you have the right of way, you feel reasonably sure unless the other fellow happens to be driving a truck.

Look up an old chap in Bradstreet's, and you will know whether he is playing golf or pitching horse shoes.

A moratorium is just the highbrow way of admitting that there doesn't seem to be any blood in the turnip.

## OPEN FORUM

Where would we go if today was the last day? Would we go to the show or would we go somewhere to serve the Lord? I wish everybody could know just how I felt last night as I was standing on the court house steps and saw great crowds of young people passing by God's service going to the show. Young people take warning that you don't suffer as I have for such, for you know not the hour when you will be called to answer for what you have done and if you mistreat God what will your answer be?

## MALARIA LEAVES A HEAVY MARK

Malaria, unfortunately, does not end with the breaking of Chills and reducing of Fever. Even after the patient is free from actual illness, the marks on his system are plain to see. Vitality is weak, appetite poor, weight fallen off, spirits low. In such conditions Winter-Smith's Chill Tonic, a reliable anti-malarial prescription is invaluable. Winter-Smith's Chill Tonic builds up and restores what the malarial fever has taken away. It enriches and purifies the blood, aids the appetite, tones up the system, hastens the return of health and strength. Taken as you feel Chills and Fever coming on, Winter-Smith's Chill Tonic gives prompt and certain relief; and a long siege of Malaria can often be avoided. Its beneficial effects have been proved in thousands of cases, over 56 years of continued use. At your drug store. Popular size, 60c; mammoth size, \$1. ### A BIRTHDAY PARTY.

On Saturday evening July 6, a party was given to Miss Margaret Dupree by her parents in honor of her eighth birthday.

The parlors, dining room and porch of their home was beautifully decorated with cut flowers, potted plants and pink and white papers, carrying out a pink and white color scheme. Many games were enjoyed during the evening. The prize winners were Miss Margaret Holland, Mrs. Jack Spain and Mr. John Neal. They were presented dainty little prizes.

Music was rendered during the evening by Mrs. John Neal and the self-player piano.

The guests were invited to the dining room where a pink and white ice course was served by Mrs. J. T. Dupree, Mrs. Ledyard Ross and Mr. John Neal.

Cutting the birthday cake brought about much fun.

At a late hour the guests departed declaring they had spent a delightful evening.

Those present were Misses Margaret and Elizabeth Holland, Miss Maggie Norville, Macclesfield, Anna Spain and Mrs. John Neal and Mrs. Ledyard Ross. Messrs. Charlie R. Pollard; Herman Pickle, Pine Bluff, N. C.; Buse Neal, Jack Spain, Paul Dupree, Ledyard Ross, John Neal. Miss Dupree received many beautiful and useful gifts.

### TEEN AGE GIRLS

#### PRAYER MEETING

Tuesday, July 11, 1924, the Teen Age Girls Prayer meeting met at the home of Miss Inez Vandyke. Esther Wayne was the leader for the night.

The girls organized their group with the hope of keeping up the interest and enthusiasm that the girls have so wonderfully displayed. Marie Hardee was unanimously elected president of the group, Inez Vandyke was elected secretary, Mildred Mangum was elected chairman of the attendance committee. Each girl that goes to the prayer meeting is on this committee and is responsible for bringing another.

Monday the girls are going to meet at the Methodist church at 2:30 p. m. and go out to the county home. Each girl is especially reminded to bring their package for the inmates of the home.

Tuesday, July 15, the girls are to hold prayer meeting at the home of Mrs. Potter on Myrtle street.

All girls of the teen age are cordially invited to attend the meeting Tuesday evening.

## Life Was Continual Nightmare to Ballard

"Eleven years ago," recently said David L. Ballard, well-known resident of Asheville, N. C., "while in the Philippines, I suffered a severe stroke after which asthma, colds, smothering spells, stomach trouble, constipation, sluggish liver, nervousness and sleeplessness all developed, pulling me down 25 pounds in weight and finally making my life a continual nightmare of suffering, dread and despair. I spent money right and left only to get worse and when I took Tanlac, I was on the verge of a complete breakdown.

"I firmly believe Tanlac saved my life. At any rate, Tanlac and the Vegetable Pills wiped out every ailment, increased my weight 18 pounds, and left me in the finest condition of my life. If anybody wants to know more about Tanlac, let them write me."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

## FALKLAND NEWS

Mrs. Abe Pierce and children are away visiting friends and relatives.

Miss Eva Edwards of Weldon, who has been visiting Miss Brownie Fleming has returned home.

Miss Lucy Crisp is attending the C. E. convention in Richmond.

Miss Edith Marslander will accompany her aunt, Mrs. G. V. Smith to Philadelphia for a couple of weeks leaving here Friday.

Miss Georgia Griffin is visiting Mrs. Roy Little and Miss Colleen and Dorothy Little are visiting at Mrs. B. J. Little.

Mrs. Mattie Vines is spending some time with her people here. She will leave in a few days to join her brother, Mr. Cary Mayo at the Beach. The C. E. will assemble at the church on Thursday p. m. to begin work on the improvement of church yard.

There will be a "Big Mass Meeting and Prayer Service by the Men's Federation of Pitt County here Sunday the 13th at 3 o'clock. Everybody is invited to come and take part. Special music.

In spite of the inclement weather there was a right good attendance here Sunday at the church service. Mr. Hart delivered an able discourse direct from the heart as usual. After which Dr. Morrill made a most impressive speech of presentation of a gift, or token of our appreciation of his kindness in coming to us with words of helpfulness and inspiration.

The silver bowl for fruit or flowers was received with words of gratitude and heart-felt thanks by Mr. Hart.

Here are six reasons why Orange-Crush is so utterly delicious:  
(1) The natural fruit oil of oranges—which gives that delicate and distinctive flavor; (2) The natural acid of citrus fruits (oranges, lemons and limes)—which gives the tang; (3) Orange juice; (4) Carbonated water—which gives "zip," sparkle, purity; (5) U. S. Certified food color—which makes it as appealing to the eye as to the taste; (6) Pure cane sugar.

## THE WEATHER

Temperatures are nearly or slightly above normal in most southern districts. Mostly light to moderate showers have fallen in the Atlantic states except for very little rain on the coastal plain south of the Carolinas. Light to moderate local showers have fallen in Alabama and scattering in Mississippi, Louisiana, Southern Arkansas and Northern Texas. Heavy rains of mostly 1 to 2 inches fell in widely scattered eastern and central localities. Heavy rains were reported as follows: Weldon, N. C., 1.24; Eufaula, Ala., 1.16; Tusculumbia, 3.50; Toccoa, Ga., 1.74; Ft. Gaines, 1.04; Evergreen, Miss., 1.66; Kershaw, S. C., 1.69.

Forecast: Entire belt probably thundery showers tonight and Saturday except North Carolina generally fair tonight and Saturday.

## LIVERPOOL SPOT COTTON

Middling 1635; Good middling 1760. Receipts 5,000 of which 3,000 were American. Sales 3,000 of which 2,100 were American. The market closed quiet. Jan. 1888; March 1878; July 1819; Oct. 1427; Dec. 1395.

## DAILY COTTON LETTER.

New Orleans, July 11.—Liverpool as usual showed its tendency to week end weakness at her close yesterday and followed it up today to New York's accompaniment, and our market fell into line. The market has been doing this for some weeks past. Reaction generally lasting to mid-week and then an easing off tendency towards last part.

Nothing of importance in weather overnight, a few scattered showers northwest portion of belt, but no general relief, while the Atlantic, especially the Carolinas, still have rains and showery weather, with no relief in sight overnight, according to today's forecast. The map yesterday showed some decided disturbances over the belt and that could result in some decided weather factors in the cotton belt.

The next five days weather conditions will be important because of the fact that it will give the key to what the mid-month Bureau will be. Comparison this week is with 61,000 decrease in American visible last year. In to eight figures about 20,000 against 42,000 last year.

Cotton goods in more general demand but transactions small, more doing in fine goods for next spring delivery. Worth street wires more business in cloths.

We have some fine accounts from most places in Texas where we already know that the crop is in very

good condition as a whole, on the other hand, the Atlantic are faring pretty badly with numerous complaints of the boll weevil although it is reported from the Agriculture Bureau that both Carolinas, Georgia and Louisiana are poisoning intensively on a greater scale than the balance of the belt.

The market today was dull in the early forenoon with very little outside business in evidence, but rallied some around noon. It is a waiting market and everything seems to be lost sight of outside of the weather which is being closely watched and any indication for better or worse market will likely have a quick break or upturn as conditions point to.

## TRACE OF ANCIENT HAUNTED VILLAGE IS FOUND IN GERMANY

Coblentz. — Traces of what was known 400 years ago as the haunted village of Weinfeld have been unearthed recently in the Weinfeld Moor of the Eifel district north of the Moselle river, which was a part of the territory occupied by American troops immediately after the armistice.

Walls of what had once been a stone house were revealed by a peasant's plow in the center of a great field, and scientific investigators have been flocking to the Weinfeld district to take a peep at the find with the view of continuing research work to uncover the forgotten village.

According to history, Weinfeld in 1512 was a town of some 1,600 inhabitants. There was an epidemic of smallpox which removed all excepting a few of the population. Afterward the town was visited by a fire which destroyed everything excepting the stonks which formed the walls of the houses. Later there were wars and armies swept through these parts and in time the site of the village was covered with earth and shrubbery and trees.

Some years ago the forest was cut down and peasants began tilling the fields over the site of the old village which is supposed to have had

## INDIAN WHO HAD HISTORIC MISSION IN ALASKA DIES

Douglas, Alaska.—Dick Morgan, an Indian who died recently, was a historic character of Alaska. It was recalled by the Rev. A. P. Kasheveroff, of Juneau.

Morgan, whom the United States naval authorities had employed as a policeman nearly 50 years ago, was sent with a message from Captain L. A. Beardslee to settle differences that had arisen between the Kockwon-tahn and Ganaadi tribes north of Sitka. Morgan informed the chiefs of the warring factions that they were to preserve order and to permit the white men to go through the Yukon passes.

Morgan returned February 12, 1880, with word to Captain Beardslee that the Indian factions would remain peaceful and that the white men could enter the country without fear. As a result of this parley the Chilkat country was opened to miners.

## Heads College 30 Years

Walla Walla, Wash., July 9.—When Dr. Stephen B. L. Penrose, who in this summer's commencement celebrated his thirtieth anniversary as president of hitman College here, took over the school, only two students attended it.

The enrollment now is 500, the institution having set that limit two years ago. Dr. Penrose is one of the oldest college presidents in the country in length of service. He was graduated from Williams College at 21 and was elected president of Whitman nine years later.

## A SUPER-CLAY

Brought me beauty and perennial youth  
By Edna Wallace Hopper  
I look back on a glorious career. First, as a famous beauty. Then for 25 years a stage career. And now, at a grandmother's age, a beauty still, playing a beauty's part.

I owe all that to several factors, but the greatest is a new - type clay. Now I have arranged with druggists and toilet counters to Edna Wallace Hopper supply it to every per, Photo 1923 woman. I want it to bring to others what it brought to me—multiplied beauty, decades of added youth.

**My White Youth Clay**  
Old clays were crude and muddy. Old types had one clay—mine has two. There are eleven ingredients embodied in mine, to bring the maximum results.

I owe this clay to men who have given it many years of scientific study. It is a super-clay, amazing in its quick and lasting benefits. I have seen many plain girls become beauties with one application. I have seen older women seem to drop ten years.

Clay is a beauty essential. No girl can look her best without it, no woman keep her youth. Look at France—where girls are all beauties and women all young. That is largely due to clay.

I have no great interest in urging women to use my particular clay. I have found that mine brings multiplied results, but better the old types than none.

## The magical effects

My White Youth Clay purges the skin of all that clogs or mars it. It draws out the causes of black-heads and blemishes. It brings the blood to the skin to nourish and revive it. The result is a rosy afterglow which so amazes and delights. Husbands tell me they hardly know their wives after they use White Youth Clay.

It firms the skin, combats all lines and wrinkles, reduces enlarged pores. It wards off every sign of age. I will gladly mail sample if you mail this coupon.
