

SHIP BILL TO BE INTRODUCED TOMORROW

Mrs. Albert Loeb To Appear As Witness For Defense

Three Score Of Bills Introduced Into Legislature

Ship and Water Transportation Bill Will be Introduced in Senate Tomorrow. House Receives Bill to Repeal Highway Sinking Fund Amendment. Effort to Limit Action on Statewide Measures to the two for which Sessions was Called is Defeated in House.

Raleigh, Aug. 8.—The first two measures by which the North Carolina General Assembly was called extra session to pass, made their appearance in the House today. Representative N. E. Townsend, Harnett county, introduced two measures dealing with the highway sinking fund situation. Both branches of the assembly made their sessions short today. Both were called to order shortly after eleven o'clock and at 11.45, when the House had adjourned until ten o'clock tomorrow morning, the work for the day was over.

JOHNNIE MOORE BEING HELD WITHOUT BOND ON SERIOUS CHARGE

White Man Charged with Attempt to Commit Rape and Assault Upon Brother's Wife.

Mayor Clark at a special session of court today heard the case against Johnnie Moore, white, charged with breaking into and entering the home of Mrs. Eula Lee Moore during the night with intent to commit rape and assault upon Mrs. Moore. The defendant was placed in Pitt county jail to be held without bond for capital offense, to be given hearing in Superior Court.

Evidence produced showed that on the night of August 6th at 12 o'clock in the absence of Mrs. Moore's husband, Giot Moore, Johnnie Moore a brother of Giot Moore, entered the bedroom of Mrs. Moore who was partly undressed awaiting the arrival of her husband. After making requests of Mrs. Moore which met with flat and indignant denial on the part of Mrs. Moore, he proceeded to assault her. In the scuffle Mrs. Moore received bruises about her body and limbs. A little child in the room hearing her mother's cries tried to aid her and was knocked down by Moore. Mrs. Moore's screams and the child's cries became so alarming to Moore that he feared they would bring help so he left the house.

Just as soon as Mrs. Moore could replace her clothes and dress the child she went to the home of a colored man who lived on the place, and who carried her to the home of Mr. Sam Dudley, about three hundred yards distance. Mr. Dudley stated that Mrs. Moore arrived at his house at 12:20 o'clock and remained until 4:30 o'clock with Mr. and Mrs. Dudley giving her all the protection possible until the arrival of Mr. Moore.

On the night of the assault Mr. Giot Moore being called to Bethel to repair an automobile sent for his brother, who had at various times visited in his home, and asked him to go and stay with Mrs. Moore. Thinking that his brother had complied with his request he went on to Bethel to attend to his work. Instead of going to the Moore home and asking to be let in, the defendant wanted until 12 o'clock broke in the door and entered Mrs. Moore's room unannounced. His shoes had been removed and Mrs. Moore did not hear him come in.

Moore will be held without bond and will be given a hearing at an early date.

Mr. James Cromartie, of Dunn, is visiting his aunt, Mrs. I. F. Lee.

MAY ABANDON WORLD FLIGHT

BARON PLANS HIS WEDDING BY RADIO.

BARON VON GONTARD & BARONESS VON SCHILLING

When the liner George Washington was nearing New York Captain Harold Cunningham received a wireless message, asking if he would officiate at a wedding at Quarantine. The message was from Baron Adelbert von Gontard, grandson of Adolphus Buseh, millionaire St. Louis brewer, who boarded the liner from a customs boat to greet his fiancée, Baroness Susanne von Schilling. As the liner was in territorial waters a license was necessary, so the wedding was delayed. Then the Baron wirelessed the New York City Marriage License Bureau to keep open until the ship docked. This was done, the license issued, and the wedding solemnized. The Baron intends to become an American citizen.

Greenville -- Washington Road Be Opened Aug. 24

According to announcement made today by Mr. J. D. Miller, head of the State Highway Department here, the Greenville Washington road will be opened to the public on or about August 24. It was announced a few days ago that a portion of the road just outside of Greenville would remain closed until completion of the bridge over Smith's mill run, but

Mr. Miller, in his statement this morning, said that a detour bridge had been erected over the stream and that the road would be opened by the above date.

People of this and adjoining counties will welcome this information that the travel between Greenville and Washington can be made entirely by hard surfaced road.

Sisters From Hickory Have Two Children Each Foreign Field

Hickory, Aug. 8.—Mrs. J. A. Linn, of Rockwell, and Mrs. M. V. Powlas, of Hickory, sisters, who attended the convention of the Woman's Missionary Society of the North Carolina Lutheran Synod here, each has two children in the foreign mission field. Mrs. Linn's two sons, J. Arthur Linn and John K. Linn, are missionaries in Japan as are Mrs. Powlas' daughters, Misses Maud and Annie Powlas, who are at home on furlough.

Former City Clerk Fined for Failure In Performance of Duties

Stateville, Aug. 8.—Submitting to a plea of negligence and failure in performance of duties as a public officer, George W. Long, former City Clerk and Treasurer of this city, was fined \$1,000 by Judge A. M. Stack in Ireddell county superior court here.

True bills of indictment were returned against him by the grand jury recently charging embezzlement, the amount in one bill being specified as \$2,500 and \$104 as the other. Long pleaded not guilty to the embezzlement charge.

Former Greenville Boy Visits Coolidge

Mr. Robert E. Lee, formerly of this city, a nephew of Mrs. C. T. Munford, and a world war veteran, recently paid respects to President Coolidge. The following story which gives an account of his visit will be read with interest by his friends in Greenville.

Washington, Aug. 7.—Robert E. Lee, the young North Carolina world war veteran now in Washington waiting to get affairs straight as to the compensation due him by the Veterans Bureau, was received today by President Coolidge. Young Lee says he did not ask the President to aid him in his case, but did tell him that he was receiving better treatment from the Veterans Bureau here than from the sub-office in Los Angeles. Mr. Lee says President Coolidge asked him a number of questions as to his service, and condition, and expressed his pleasure at the treatment he received at the White House. "Just think" he said. "The President gave ten minutes of his time to talking with me, while he had so many matters of business on hand. It was fine to be given such treatment."

Long has paid into the city treasury all of the alleged shortage. Mr. John Thorne, of Farnville, spent today in Greenville.

ICE CONDITIONS CAUSE OF CONCERN TO WORLD FLIERS

Flight may be Called off if Suitable Landing Place on Greenland Coast Cannot be Found

Reykjavik, Iceland, Aug. 8.—At a conference today called by Admiral Thomas Magruder aboard the flagship Richmond it was decided to make a final effort to find a feasible landing place for the American army fliers on the eastern coast of Greenland before reaching a final decision as to whether the remainder of the around the world flight should be called off.

Reykjavik, Iceland, Aug. 8.—A conference was summoned today by Rear Admiral Thomas Magruder, of the cruiser Raleigh, Lieutenant Lowell H. Smith, leader of the flight, and Major Clarence E. Crumlin, of the Army Air Service, after receipt of further discouraging news from the Danish government steamer Gertrude Rask, with supplies for the airmen off the east Greenland port of Angmagalik.

The report that a safe landing place for the fliers on the east coast of Greenland had been found was declared to be without foundation and the advancing season makes continuation of the flight dangerous.

The fliers have declared a willingness to remain here until September 1 but refuse to consider the possibility of fuelling at sea from a cruiser.

TAXI DRIVER VICTIM OF BRUTAL MURDER

Lexington Taxi Man Alleged to have been Murdered and Robbed by One of his Passengers.

Lexington, Aug. 8.—Jim Miller, negro, was arrested here early today and is being held in jail in connection with the investigation into the slaying last night of Charles Garwood, automobile transfer driver, whose body was found near the roadside near here early this morning.

Garwood's head was battered with an iron pipe. A local blacksmith identified the pipe as having been stolen from his shop.

Garwood's blood stained automobile was found in Greensboro early today.

Miller, according to authorities, was arrested Wednesday night when Garwood had reported him for alleged drunkenness while a passenger in Garwood's automobile. Police say that Miller is reported to have made threats against Garwood.

Miller declared he was at his home here last night.

Sheriff Talbert and other county officers are working on clues which they believe will lead to the arrest of the guilty persons thought by officers to be two negroes whom Garwood is declared to have taken out on the Mocksville road last night.

Mother To Take Stand In Effort To Save Her Son

Mrs. Albert Loeb Testifies in Behalf of her Son Despite Warnings of Physicians. Father of Nathan Leopold will also Testify in Behalf of Confessed Kidnappers and Slayers of Robert Franks.

LAFOLLETTE VOICES HIS OPPOSITION TO THE KU KLUX KLAN

Senator Declares that organization embodies seeds for its own death

Washington, Aug. 8.—Senator LaFollette, of Wisconsin, independent candidate for president, in a letter made public today declared he was unalterably opposed to the evident purpose of the secret organization known as the Ku Klux Klan, as disclosed by its public acts.

It cannot long survive, continued the Senator. Replying upon the sound judgment and good sense of the American people, such a movement in my opinion is foredoomed: It has within its own boundary the seeds of its death.

The letter addressed to Robert Scripps, newspaper publisher, and given out for publication at Senator LaFollette's office declares that it is unfair that questions of religion and questions unrelated to the vital questions of restoration of the government to the people should have been raised in this as in other critical years of national history. Controversy feeds upon prejudice and passion to the exclusion of issues involving the very life of the government itself, the letter added.

Senator LaFollette declared at the outset in the letter that the one dominant all embracing issue of the campaign was to break the combined

Chicago, Aug. 8.—Mrs. Albert Loeb, mother of Richard Loeb, will take the stand in an effort to gain mitigation in the penalty that her son and Nathan Leopold, Jr., must pay for the kidnapping and killing of Robert Franks, according to defense plans.

Nathan Leopold, Sr., millionaire box manufacturer, will also testify, it was stated.

Since his incarceration in the county jail on May 30 after confessing the crime for which Judge John E. Caverly will fix the punishment, Loeb has been visited only one time by his mother. She has insisted on testifying at the hearing despite physicians' warnings against her leaving the Loeb summer home where she is attending her invalid husband.

Men's Federation To Conduct Services In Methodist Church

People of this city and throughout the county are expected to attend and take part in the regular Sunday evening prayer service which will be held in the Methodist church next Sunday at 8 o'clock. In the absence of the Rev. T. H. Plemmons who was to conduct the services the Men's Federation will have charge with Mr. John Clark as leader. These union services have been in progress during the summer months with a pastor from one of the local churches in charge.

The Federation is arranging a splendid program for the services and is very anxious for a large crowd to be in attendance. Every body is invited.

power of the privileged monopolistic systems over the political and economic life of the American people.

"Blue Sunday" Law Defeated By Alderman By Vote Of 4-3

The Board of Aldermen met in Mr. Foley as manager of the malaria eradication work was also accepted mayor and seven members present, and Mr. T. R. Moore was appointed Alderman George Clark was in Raleigh and could not attend.

Many matters of vital importance fruit stand, pop corn stand and other were disposed of. The sewer committee was authorized to act on laying sewerage on Clark Street and the city.

Bonner Lane, Evans street from Second street to the river; First street from Cotanch to Washington, Washington street from Second street to the river.

Just as soon as bids can be advertised Ridgeway street from Dickin Avenue, to the right away of the Norfolk-Southern will be paved. The taken up and defeated in its entirety. Fertilizer people will pay \$750.00 of the total cost. A sewer is now being laid on this street.

The board accepted the resignation of Mr. E. H. Foley as fire chief hours on Sunday. This will be rigidly enforced and if violated the matter Haskins to take his place. Mr. Haskins accepted. The resignation of of the aldermen,

Would Appoint Body to Study School Financing

Raleigh, Aug. 8.—Public school financing methods in North Carolina will be studied by a committee of five members of the General Assembly, three from the House and two from the Senate if a bill introduced by Representative N. A. Townsend, of Harnett county, is passed.

The committee would make a thorough investigation into financing systems throughout the state and recommend improvements if it finds them necessary and desirable.

New State Office Building Proposed In Senate Today

Raleigh, Aug. 8.—The erection of a \$500,000 state office building is provided in a bill introduced in the senate today by Senator Harrison, of Rockingham county. The building would house a number of state departments now occupying rented offices.

CHIEF FIGURES IN NEWS OF THE DAY.

Above: CANON CHASE & MYRON T. HERRICK
 Below: EUGENE CRIQUI & SAMUEL GOMPERS.

Samuel Gompers, veteran president of the American Federation of Labor, has issued a statement that organized labor will pursue its usual non-partisan course in the Presidential campaign. Canon Chase, well-known New York cleric, has demanded that the Department of Labor deport Luis Angel Firpo, heavyweight fighter, for bringing Blanca Lourdes to the United States. She was not permitted to land since T. Herrick, of Cleveland, O., American Ambassador to France, since 1921, will resign shortly because of ill health. Eugene Criqui, famous French featherweight, has been injured, though not severely, in an automobile accident near Bourges, France.

for the record of marriage of J. H. McHale and Jane Cathcart. The story appeared in a local paper and was read by A. V. Little who remembered that he had had a cousin to be kidnapped from Lincoln county many years ago. He wrote to McHale and it was found that McHale was Julius Dellinger who born in Catawba county November, 30, 1870.

Henderson Men to Take Part in Int. Rifle Match
 Henderson, Aug. 7.—Marvin D. Watkins and Harold Nixon, of the Henderson military company, qualified at the rifle matches held at Fort Bragg for places in the group of men

who will go to Camp Perry, Ohio, to take part in the International Rifle matches there next month, it has been learned here. Raleigh, Aug. 7.—“Has anybody seen Simey?” That question, asked by legislators, was heard often about the hotels here just before the General Assembly convened in extraordinary session. Simey Oneal, of Ocracoke Island, was the man about whom the inquiries were being made. Mr. Oneal was one of the employees of the House of Representatives during the last session of legislature. He was prevailed upon by a party of legislators, who visited Ocracoke a year or so ago to accept a position in the house during the 1923 session. He

has a reputation of being one of the best story tellers in the state. Several years ago a party of visitors to Ocracoke proclaimed him champion “story” teller of the world. A gold medal was presented to him by members of the party, Carl Gersch, publisher of the Wilson Mirror delivering the presentation speech. The medal which was engraved, did not exactly say Oneal was the champion “story” teller, but it meant about the same thing. Simey’s friends were not sure he would be with them this session.

NUMEROUS SOVIET WARSHIPS CRUISE GULF OF FINLAND
 Helsinki, Finland. Surprise has been expressed in the smaller states about the Baltic Sea at the number of ships participating in the cruise of the Russian Soviet fleet in the Gulf of Finland, which began a few days ago. Two dreadnaughts, six submarines, five light cruisers, ten destroyers, ten torpedo boats of French type and a number of repair ships have been sighted, a greater number of vessels than it was thought possible could be commissioned. All the ships appeared to be in a good state of repair. The fleet was recently sighted close to the Esthonian coast, but so far none of the vessels have appeared in Finnish waters. As the Soviet authorities are said to be anxious to make a demonstration of the efficiency of their reorganized navy, it is expected that the cruise will be extended to Danish and German waters.

SALE OF REAL PROPERTY
 North Carolina, Pitt County. By virtue of a decree of the Superior court of Pitt county, made by Hon. J. F. Harrington, clerk, in that certain special proceeding entitled A. M. Allen et al. Ex-Parte, the undersigned commissioner will on Monday the 8th day of September 1924 expose to public sale before the court house door in Greenville to the highest bidder for cash, at 12 o'clock noon, the following described real property to wit: Lying and being situated in Greenville township, Pitt county, North Carolina adjoining the lands of Henry Allen, Joseph Moya, N. W. Tyson, and others and containing 108 acres more or less and known as the Japhet Tyson Home Place, situated on the Erick road leading from Greenville to Farmville, this sale will be made for the purpose of making division among tenants in common, this the 6th day of August 1924.
 F. C. HARDING,
 Commissioner.

Life Was Continual Nightmare To Ballard

“Eleven years ago,” recently said David L. Ballard, well-known resident of Asheville, N. C., “while in the Philippines, I suffered a severe sunstroke, after which asthma, colds, smothering spells, stomach trouble, constipation, sluggish liver, nervousness and sleeplessness all developed, pulling me down 25 pounds in weight and finally making my life a continual nightmare of suffering dread and despair. I spent money right and left only to get worse and when I took Tanlac, I was on the verge of complete breakdown.”

“I firmly believe Tanlac saved my life. At any rate, Tanlac and the Vegetable Pills wiped out every ailment, increased my weight 18 pounds, and left me in the finest condition of my life. If anybody wants to know more about Tanlac, let them write me.”

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

Tanlac Vegetable Pills, for constipation made and recommended by the manufacturers of Tanlac.

The Ford Battery \$16⁵⁰

Greater Capacity, Easier Starting and Longer Life at a Lower Price

Buying a Ford Battery is just as sound business judgment as the purchase of the car for which this battery was designed and built. It is standard equipment on all new Ford cars.

The Ford Battery has 13 plates instead of the usual 11. This gives greater capacity. And as starting ability is entirely dependent on capacity, naturally it will turn your car over faster and for a longer time. The life of a battery is measured by both its capacity and starting ability, deterioration being most rapid in batteries of low capacity which are in discharged state a greater part of the time.

You can buy the Ford Battery with confidence. It is backed by the reputation of the Ford Motor Company and service facilities of over 9000 dealers.

Over 5,000,000 Ford Batteries in Use

We have established in connection with our Ford Business, an up-to-date Battery Service Station. And have in charge of this department a first class man, one who will charge and repair your battery in a first class manner. We guarantee our work and earnestly request you to call to see us when you need your battery charged or repaired. Our prices are the lowest

Airplane Speed of 1,200 Miles Hour Predicted

Stockholm.—Flights between Europe and America in two hours at an altitude of 10 miles and with 2,000 horsepower motors, are forecast by S. Lindequist, a well-known Swedish airplane constructor, in a statement published by a leading Stockholm paper. One of the greatest aims in aviation in the immediate future should be to cut down the flying time between continents, says Mr. Lindequist and this probably can be done by flying at extremely high altitudes. The effect of gravitation decreases with the increase in altitude, and it has been estimated, he says, that a plane which has a speed of 100 miles an hour near the surface of the earth can attain a speed of 1,200 miles an hour at an altitude of about 10 miles.

At such a height the rarity of the atmosphere would constitute a disadvantage both to the ordinary motor and the ordinary propeller. But this difficulty can be overcome, declares Mr. Lindequist, by using a propeller with adjustable blades, so that the pitch of the blades could be altered with the density of the air, and by using special compressors for the motor which would compensate for the decrease in barometric pressure at high altitudes. Such a motor would probably have to develop about 2,000 horsepower. Mr. Lindequist declares that the problems of the adjustable propeller and aerial compressor motor can be solved.

NEW MATERIAL LESSENS BUILDING COST IN RUSSIA

Moscow, Aug. 6.—Russia's scarcity of living accommodations and the high cost of building material have forced the Soviet authorities to experiment in the construction of what are termed “thermolite” houses, the invention of a Russian engineer named Peter Galakhoff. A thermolite house has the conventional frame work of wood, but a liquid material of heavy consistency (thermolite), composed of sawdust, straw and common tree leaves, mixed with lime, plaster and antiseptic solution, is interposed between the outer and inner boards.

When this mixture becomes hard, the house is rendered moisture-proof, resists decay, and is impervious to certain insects. With a coating of special paint containing the same ingredients as “thermolite,” the house is also rendered fireproof. Houses of this type, according to the inventor, can be erected for 25 percent less than the ordinary house and can be completed within less than six weeks.

After 45 Years Learns Real Name

Charlotte, Aug. 6.—A man came here yesterday who has been living as William McHale of Braden town Florida for the past 45 years and who has just learned that his real name is Julius C. Dellinger, according to his own statements. McHale had searched all his life, he said, to find out just who he was and finally wrote to the Charlotte police to look

Efforts Being Made Have Apples Shipped England This Year

Asheville, Aug. 5. — Efforts are now being made to have Western Carolina apple growers make the first shipment of that fruit to England this year. This is the plan as set forth by the Farmers' Federation here. The officials for this organization have expressed the belief that they can succeed in getting a shipment to London 10 days before the Virginia producers can get their crops to the ports.

James K. McClure, Federation executive said that it would greatly enhance the value of the Carolina apple crops and their standing in the future, if Western Carolina producers could beat the Virginians to London with their apples. It was pointed out by the executive that in addition to this standing and rating of the future that it would relieve the market and give the orchardists immediate money. He added that the apple crop in England this year is reported to be 75 per cent short, making room for a large marketing place.

At least 50 carlots on the water and headed for England by the latter part of August, is the plan now proposed as explained by the officials.

The price on export apples will remain high until October is the expressed prophecy of the officials. This means, they say, that if the Federation succeeds in getting the apples in large quantities to the market by the end of August, there will be big prices for them.

As the Stark Delicious and the Winesap mature late, it was stated, that the officials planned to ship on the first boat such varieties as the Ben Davis, Hoover, Bonum, Black Ben, York and Old Stark.

Surplus of Labor Reported From One Place Last Week

Raleigh, Aug. 6. — For the first time in many weeks the reports of the various branch offices of the State-Federal Employment Service did not state a shortage of farm help but on the other hand one place reported a surplus of such labor, according to the reports made to the Director M. L. Shipman, Commissioner of Labor and Printing, for the period week ending Saturday, August 2.

Most of the offices stated that supply and demand of labor was about balanced. Wilmington however stated that the demand for common labor had fallen off to some extent due to the road projects not employing as many men as usual on account of the weather.

Greensboro reported that on the whole labor conditions were generally improved over that of last week, despite the fact that the textile mills were still operating on half time and that there was a shortage of common labor.

Placements for week just ended total 610 of which 441 were men and 169 were women. There were 818 registrations, of which 614 were men and 199 women, while the requests for help numbered 637 and the department referred 707.

Classification of placements follows: Skilled, 97; unskilled, 315; clerical and professional 50; industrial 8; and domestic, 140.

Asheville led all then other points with a total placement of 132; Greensboro was second with 103 and Charlotte came third with 101. Other offices were in order Wilmington, 98; Winston-Salem, 97; and Raleigh 79.

DISBURSEMENTS BY PITT COUNTY BOARD OF COMMISSIONERS FOR THE MONTH OF JULY, 1924.

Labor Councils To Celebrate Labor Day, September 1

Winston-Salem, Aug. 5.—The Central Labor Council of this city will unite with the councils of High Point and Greensboro in celebrating Labor Day, Monday, September 1 at the latter city. It has been announced here. The union workers and their families from the three cities will spend the day at a general picnicking and picnic to be followed by a program of varied forms of pleasure and entertainment. The program will include prominent speakers.

NOTICE OF SALE OF PERSONAL PROPERTY.

By virtue of an order of the Superior Court of Pitt county, the undersigned executrix of the estate of G. E. Harris, will on Monday the 21st day of July, 1924, at 12 o'clock noon, expose to public sale before the courthouse door in Greenville to the highest bidder for cash the following described personal property of the estate of G. E. Harris, deceased to wit:

6 shares of capital stock of Corosa Chemical Co., of Wilson, N. C. of the par value of \$50.00 per share

20 shares of the capital stock of the Jefferson Standard Life Insurance Company of the par value of \$100.00 per share.

60 shares of the common stock of the Greenville Cotton Mills of the par value of \$100.00 per share.

24 shares of the preferred stock of the Greenville Cotton Mills of the par value of \$100.00 per share.

5 shares of the common stock of the Greenville Storage Warehouse Company of the par value of \$100.00 per share.

10 shares of the capital stock of the National Bank of Greenville of the par value of \$100.00 per share.

This sale will be made for the purpose of converting the above personal property into assets to be applied to the payment of the indebtedness of the estate of G. E. Harris.

This the 7th day of July 1924.

BELLE HARRIS, Executrix Estate of G. E. Harris.

Under and by virtue of power of sale contained in that certain mortgage, executed and delivered by J. P. Barwick and wife Mamie Barwick to L. C. Gardner, bearing the date of January 5, 1924, and recorded in Book U-13 page 184, default having been made in the payment of the indebtedness secured therein, the undersigned will on Friday the 29th day of August, 1924 at 12 noon, before the courthouse door in the town of Greenville, Pitt county, sell to the highest bidder for cash the following described real estate to-wit: "Lying and being in South Ayden, Pitt county, N. C. bounded as follows: Beginning at the Ayden Lumber Company's corner, on Public road and runs with said road to J. J. Edwards' corner, thence an easterly course with his line to his back corner, thence a southerly course to J. J. Smith's line, thence with her line to the Ayden Lumber Company's line, thence with their line to the beginning, about four acres more or less."

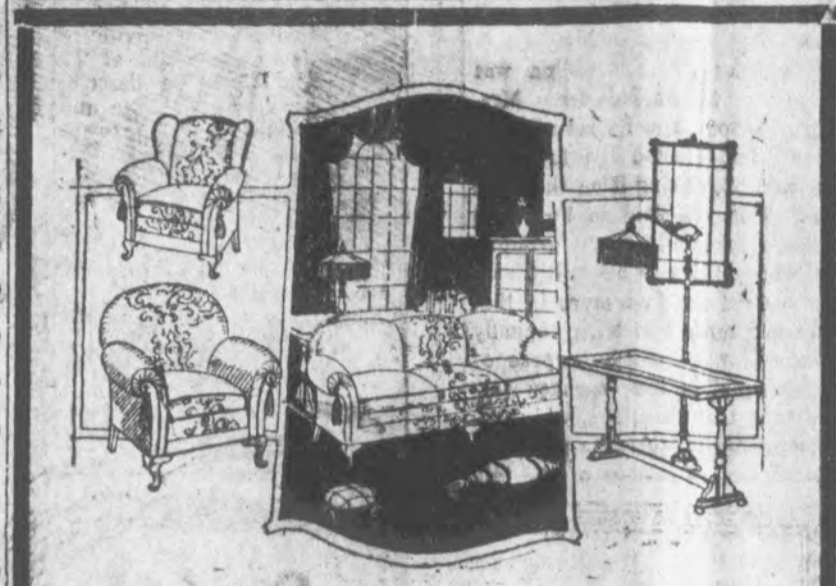

Exceptions are made to the following lots which are embraced in the above description to-wit: Lots now owned by Will Austin, Nat Williams, Emanuel Chapman, Edward Blount and W. H. Harper. This the 29th day of July, 1924.

MALARIA LEAVES A HEAVY MARK

Malaria, unfortunately, does not end with the breaking of Chills and reducing of Fever. Even after the patient is free from actual illness, the marks on his system are plain to see. Vitality is weak, appetite poor, weight fallen off, spirits low. In such conditions Wintersmith's Chill Tonic, a reliable anti-malaria prescription is invaluable.

Wintersmith's Chill Tonic builds up and restores what the malarial fever has taken away. It enriches and purifies the blood, aids the appetite, tones up the system, hastens the return of health and strength.

Taken as you feel Chills and Fever coming on, Wintersmith's Chill Tonic gives prompt and certain relief; and a long stage of Malaria can often be avoided. Its beneficial effects have been proved in thousands of cases, over 56 years of continued use. At your drug store. Popular size, 60c; mammoth size, \$1. Made only by the Wintersmith Chemical Co., Inc., Louisville, Ky.

Every 1925

embodies the same design of 6 cylinder, valve-in-head engine, clutch, transmission, rear axle, spring suspension, low pressure tires, 4-wheel brakes, and body lines

A delicious preserve is made from the rind, having much the same flavor as citron, and when eaten with hot biscuits, this preserve is most delicious. In some parts of the South vinegar is distilled from the pulp of the watermelon. Orientals consider the seed of the watermelon a delicacy, so that in the Chinese districts in New York City and San Francisco and other large American cities there is a regular market for such seeds.

All this is for the watermelon merely a side-issue, an avocation, so to speak. It's real business in life is something much more substantial than that. There is nothing that grows underground or on the ground or on trees or bushes that can boast of so large a following. No product of soil and rain and sunshine is more eagerly sought and more thoroughly relished than the watermelon.

With Americans the watermelon is something more than a necessity and luxury. It is an institution. It has found its way into our literature; there is many a short story which would have been no story at all except for the part played in it by the watermelon. Over many a song and poem has it shed its luscious flavor and rosy tint. Many of the adventures of boyhood cluster around the watermelon patch. Does not one slice of watermelon make all America kin?

By all means let us fight this pest that is endangering the outlook for watermelons. Let us bring science and hard work to bear on its eradication. We shall all be much the poorer if the watermelon is taken from us.

You don't have to know a girl to see lots of her.

A small bank balance is a true sign of a hard winter.

The worst habit is the habit of forming bad habits.

Distance doesn't lend much enchantment to prosperity.

Lots of society buds become blooming wall flowers.

If all our wishes were granted, who would build the autos?

Some girls think they have got to be fast to catch a husband.

The line of least resistance is sometimes the waist line.

The modern girl's hope chest contains an alimony receipt.

Having been born naked, they naturally hate to wear clothes.

One look at those wide-bottomed pants has taken all the fun out of kidding the girls.

Strange no chap accused of breach of promise has as yet offered the defense of temporary insanity.

Dixon - Thompson Families Annual Reunion Snow Camp

High Point, Aug. 7.—More than 400 members of the Dixon-Thompson and allied families were present at the annual reunion of those families at Snow Camp in Alamance county on Tuesday. Mrs. Rixey Dixon White, sister of the present Governor of Montana, was the principal speaker. Her subject was the Dixon family and the origin of its name.

Simon Dixon, according to Mrs. White, was the first pioneer settler to come to North Carolina. He settled around Camp Snow. There he remained for about three years, said Mrs. White and then became discouraged and went back to Pennsylvania.

The call of North Carolina was too great for him, however. Mrs. White pointed out, and he returned to the state and erected the first mill in this section, placing it on the Cane Creek. This was said to be North Carolina's first mill for grinding grain. In addition to his mill Simon Dixon opened the first store in that section and made two trips annually to Pennsylvania for the purpose of securing supplies, the speaker asserted. At that time, she said, calico was selling at 60 cents per yard.

An interesting feature of the talk of Mrs. White was the assertion that Simon Dixon conducted the first monthly meeting of the Old Quaker Church in 1751.

MONTE CRISTO

HOW CANADIANS DO IT

That the lumber industry in British Columbia is experiencing a phenomenal boom is good news; but still more gratifying is it that while the saw mills are working overtime cutting timber for shipment to all parts of the world foresters are on guard to see that the woodlands of the province are not recklessly devastated. For the first time in the history of lumbering in North America conservation is being practiced while there is still time to make it effective. It is true that conservation of timber resources is also being practiced in Alaska, but the situation there is somewhat different from what it is in British Columbia. In the Canadian province lumbering is an important business while in Alaska the forests are in the possession of the government and there has been comparatively little cutting of the timber.

The lumbermen of British Columbia are treating the forests as a crop, which, after having been harvested, is to be replanted. Heretofore lumbermen have handled the forests as if they were a mine; they took the position that the timber should be removed as quickly as possible, just as one removes the minerals from a mine with the least delay, and that once the woodland was exhausted of its tree growth its usefulness as a producer of timber was over. The consequence of this practice has been that forest lands have been swept bare and the saw mills dependent on them have gone out of business.

In British Columbia they are proceeding with the assumption that there is always to be a timber supply and that lumbering is to be a permanent business. Eventually all countries will have to preserve their forests in the same manner if they hope to escape a timber famine.

CARVE THAT WASHINGTON

Government reports call attention to the fact that the watermelon is not holding its own. Increased activity of the pests which prey on the plant and the fruit is playing havoc with the crop, so there will presently be a considerable decrease in the total output in this country.

Not many people are familiar with all the uses to which the watermelon is put. The sugared peel of the watermelon is a delicacy.

Local News

Misses Lillian Cockrell, of Rocky Mount, and Marion Newby, of Hertford, are visiting Mrs. Wade Holmes.

Mr. Julius Fleming of Pictolus spent today in this city.

Mr. McD. Horton, of Farmville was a business visitor here today.

Mr. and Mrs. Claude Grant have returned from an extended visit to Jackson Springs and Buffalo Springs, Va.

Mr. W. H. Ellison of Washington was here today.

Mr. and Mrs. S. Jasper Corey, of St. Petersburg, Fla., are spending some time with Mr. Corey's mother, Mrs. Suddie D. Corey.

Mrs. James Coleman, Mr. and Mrs. H. H. Swinson and child left this morning for Norfolk, Va., they made the trip in Mrs. Coleman's car.

Miss Dorothy Perry, of Wilson who has been visiting Miss Ada Jones returned home yesterday.

Mr. J. N. Gorman has returned from Beaufort where he has been spending several weeks.

Mr. and Mrs. William Dupree and children have returned from a visit in Duke.

Mr. and Mrs. W. M. Moore returned yesterday from Swansboro.

Mr. H. S. Ragsdale spent yesterday in Swansboro.

Mr. and Mrs. P. G. Luper and children spent today in Rocky Mount and Wilson.

Mr. G. A. Clark is spending a few days in Raleigh.

INTERESTING "FISH STORY" TOLD BY LOCAL MAN

Mr. H. S. Ragsdale, of this city, accompanied by Mr. D. H. Bland, Sr., and David Bland, Jr., of Goldsboro, and Mr. Oliver, of Mount Clive, who have been spending a few days at Swansboro went out fishing yesterday morning and in one hour's time caught 102 Mackerel.

This is rather a big catch and makes a most interesting "Fish Story." Mr. Ragsdale, however, is considered truthful on all occasions and this fact makes this story authentic.

RETURNS FROM WEDDING IN RED SPRINGS

Messrs. H. H. Duncan and C. W. Hearne and Miss Elizabeth Tyson, have returned from Red Springs where they attended the wedding of Mr. J. L. Duncan, brother of Mr. H. H. Duncan to Miss Sallie Pearl. Mr. Duncan was best man.

MR. OWEN SMITH ILL AT HOME IN KINSTON

Mr. W. E. Smith left yesterday afternoon for Kinston in response to a message announcing the critical illness of his father, Mr. Owen Smith, who recently suffered a stroke of paralysis.

His many friends will regret to learn of his father's illness and wish for him a speedy recovery.

MISS P. W. BROOKS ENTERTAINS

Hostess at Bridge Luncheon in Honor of House Guest.

Gilston, N. C. August 8—At eleven o'clock Wednesday morning Mrs. P. W. Brooks entertained at a bridge luncheon in honor of her guest Miss Virginia Boone from Rich Square, North Carolina. As the guests arrived they were met by the hostess and directed to the drawing room which was artistically decorated with potted plants and summer flowers. Here they drew their place cards from little Paul and Elizabeth Brooks. After four interesting progression a delicious two course luncheon was served consisting of a salad course and cantaloupe a la mode. The color scheme was very attractively carried out with dainty pink baskets filled with mints.

The honor guest was presented a beautiful hand embroidered handkerchief of Irish Linen. The top score prize, a lovely dornie, was won by Miss Marie Chapman. The consolation prize a deck of cards, went to Miss Joyce Gardner.

Those enjoying Mrs. Brooks hospitality beside the honor guest were: Mrs. Cecil Cobb, Greenville, N. C.; Mesdames Jack Chapman and Griffin Patrick; Misses Bertha Johnson, Elia Wheeler, Tucker, Marie Chapman, Murlie and Jean Harvey, Nannie Pearl Quinerly, Lucile McCotter, Lenore Stone, Doris Brooks, Raye Dawson, Joyce and Dorothy Gardner, Marjorie and Hazel Patrick, Estelle Gardner, Rachel and Winnie Barwick.

GROUP SIX WILL HAVE CHARGE OF THE PRAYER MEETING THIS EVENING

This evening's prayer service on the steps of the court house will be in charge of group six of the Men's Federation. There being only one other federation service in the county, and that at Stokes, the members are expected support the city meeting tonight.

MARRIAGE LICENSES

The following marriage licenses have been issued since last report: Edward F. Gunter, of Raleigh, to Miss Louise Whitchard, of Whitehills, N. C.; Minton C. Williamson to Miss Henrietta Louise Moye, both of Farmville. Amos Weaver to Novella Highsmith, of Bethel. Vick Sheppard to Lacia Morris, both of Pictolus.

MR. J. H. ROSE RETURNS FROM BALTIMORE

Mr. J. H. Rose has returned from a visit in Baltimore, while there he visited Mr. S. B. Underwood who recently underwent an operation in Johns Hopkins hospital. He reports that Mr. Underwood is getting along nicely and his physicians stated that he would be allowed to sit up today.

MR. LELAND HARDEE ABLE TO BE OUT

The friends of Mr. Leland Hardee who has been confined to his home for the past few days suffering from a slight injury to his foot will be glad to know that he is able to be out again.

MRS. H. L. HODGES AND MISS MARY WARREN ENTERTAIN

Hostesses at Bridge Luncheon in Honor of Mesdames Smith, Sharpe and Wilson. Mrs. H. L. Hodges and Miss Mary Warren were hostesses at a bridge luncheon Thursday morning at the attractive home of Mrs. Hodges on Fourth street, having as honor guests their sisters, Mrs. Harry Smith, of Weldon and Mrs. George Sharpe of Burlington, and their cousin, Mrs. W. R. Wilson, of Los Angeles, Cal. The home was decorated with golden glow, snapdragons, and nasturtiums. The tables were arranged in the exception hall, drawing room and sun parlor and several interesting and spirited progressions were enjoyed.

The honor guests Mesdames Sharpe, Smith and Wilson were remembered with double decks of cards. Miss Ernestine Forbes making the top score was presented a bottle of perfume while Miss Snoddy Moore was given the low score prize, a bottle of perfume.

After the games the hostesses served a tempting luncheon.

TENTSHUN!

The Old Hickory Reunion, the Thirtieth Division will meet in Charleston, S. C., on August 12-13 inclusive.

The invading force will bask in the shade of Charleston's palm trees, cool themselves in the thundering surf of its two adjacent seaside resorts, and taste of that hospitality for which Charleston is so justly famous. An invitation is extended to all veterans and friends to attend Old Hickory's Reunion.

An unusual and interesting program is being prepared and Charleston is all set to do itself proud.

Mae Murray Says Gay Hues Attract

"Wear blue if you would lead a young man on to propose," is the advice handed out to business girls taking the course in etiquette at the Chicago Y. W. C. A.

"Wear the color which brings out all your good points—be it red, green, brown or blue," says Mae Murray, starring at present in "Fashion Row," a Metro picture, presented by Robert Z. Leonard, which comes to White's theatre on Monday and Tuesday.

The Y. W. course strongly advises against wearing red on a "date night" as it may bring on a quarrel; green makes the man suspect mercenary ideas in its feminine wearer; brown is practical and does not call out the protective instincts of the male; but blue—that's the color! So soothing and disarming.

But Mae Murray disagrees with this viewpoint, and it is likely that the feminine portion of young America will take the word and advice of a charming actress against the practical viewpoint of an etiquette course. "While blue may make a blonde

girl look very attractive," says Miss Murray, "there are girls with certain colorings to whom other shades are more becoming. For example, a very dark girl with a dark complexion would be more apt to attract a man if she wore yellow or white—off-creamy white—ivory white—or pale yellow.

"Besides," and Miss Murray shook her own golden head emphatically, "it isn't reasonable to limit the girls to only one color. Red or auburn haired girls look well in blue but in pale green they are usually irresistible. It makes their white skin almost pearly, the soft pink in their cheeks turns wild-rose in color, and their blue eyes (for they are usually blue-eyed) become violet.

Rocky Mount Boys Paddling their Way Down Tar River

Messrs. Joe and Bill Bobbitt, Rocky Mount, enroute to Pamlico and Baufort, "paddling their own canoe" spent last night in Greenville and left early this morning for Washington.

Due to the fact that the river was so low between Rocky Mount and Tarboro and in order to save time Messrs. Bobbitt carried their canoe to Tarboro and started from there yesterday morning about 7 o'clock reaching Greenville at 3 o'clock after an uneventful journey.

The young men will go to Camp Leach and from there to Pamlico. If weather conditions permit they will go to Beaufort.

MRS. CHARLES EVANS DIES IN AYDEN

Mrs. Charles Evans, 26, died at her home in Ayden Wednesday evening after an illness of several years. The interment took place Thursday afternoon in the family burying ground near Ayden.

Mrs. Evans nee Miss Rena Wilson, of Macedonia was beloved by her entire community. She had been an invalid for eight years during which time she won many friends by her lovely Christian character.

She is survived by her husband and one little daughter.

MRS. MOLLIE FLEMING'S CONDITION IMPROVED

The friends of Mrs. Mollie Fleming who a few days ago suffered a broken shoulder bone in an automobile accident will be glad to learn that her condition is improved and that she is getting along nicely. Mrs. Fleming was riding with her daughter

ter Mrs. Sam Flake and Mr. Flake at the time of the accident. Mr. Flake backed down a hill near Smoke, N. C., to get out of the way of a wagon and his car overturned. Mrs. Fleming was the only occupant of the car to suffer injuries.

Taxi Driver Victim Brutal Murder

(Continued from page 1) just before the slaying is thought to have occurred.

Dennis Smith, negro farmer who lives about two hundred yards from where Garwood's body was found, told authorities that he heard cries near the spot about 10 o'clock last night and that afterward an automobile drove by the place several times and then came toward Lexington Tracks in the woods near the spot in which that car had been turned around several times here.

Garwood is reported to have had about one \$150 on his person. When the body was found his left hand trousers pocket was turned out, but in his right hand pocket was a purse containing three dollars and a pocket knife. There were eight ugly wounds on Garwood's head and right temple and his skull was crushed in several places.

Garwood leaves a widow and four small children.

Greensboro, Aug. 8.—The touring car belonging to Charlie Garwood, Lexington taxi driver, slain yesterday near Lexington and robbed, was found near the center of the business section of Greensboro early today. The car was very bloody and apparently indicated that Garwood was struck over the head and killed by a passenger in the rear seat.

Late yesterday, according to information from Lexington, an unknown white man went to a blacksmith's shop and purchased a bar of iron. The bar was found beside the body of the victim. It was the instrument of death.

Garwood, it is said, had been carrying a roll of money which he showed when he went to make change for fares.

Finger prints on the car are being studied by authorities today.

FLATULENCE
Severe indigestion, gassy pains that crowd the heart, distress after eating, relieved and
Good digestion restored by CHAMBERLAIN'S TABLETS
Acceptable to sensitive stomachs. 25c

Club Wages Fight Protect Motorists

Greensboro, Aug. 8.—"Motorists over the Carolinas are watching with interest the results of our efforts in connection with the case of Hege and Baker, two prohibition enforcement agents who wrecked the car of H. O. Carpenter with pistol bullets and a nail-studded plank near Yadkinville, recently," stated G. W. Roberts, vice president of the Carolina Motor Club, yesterday. Mr. Roberts exhibited a number of letters from members of his organization commenting on the legal work of the club to the end of the highways of North Carolina "be free from this type of outrage."

Three Scores of Bills Introduced Legislature

(Continued from page 1)

for reconsideration of the measure and this was unanimously done. The House sat down on an effort to limit its work on state-wide measures to the two measures for which the special session was called. Representative Davis, of Cleveland county, introduced a resolution limiting the session to action upon the ship and water transportation bill and the highway sinking fund measure, so far as state-wide bills were concerned. He asked for suspension of the rules placing the measure for immediate passage, declaring that if no curb were placed upon the legislature hundreds of state-wide bills would be introduced and that the legislature might act too hastily on them. Representative Murphy, of Rowan county, objected to suspension of the rules, declaring that he had attended several special sessions and that a similar resolution had been introduced in each of them. Every member has a constitutional right to ask for a bill's consideration and to request suspension of the rules, therefore the resolution would avail nothing, said Mr. Murphy.

Public Objected to Vermin.

London.—Because it was believed the public objected to the word "Vermin" the Incorporated Vermin Repression Society has announced a change in its name to the "College of Pestology."

Tell Girls

And Women What I Do For You By Edna Wallace Hopper.

My office sends me countless letters which thank me for new beauty and new youth. Please don't do that. Just tell to other girls and women what you've found.

.....I am simply passing on to others what great science gave me. The helps that made me a famous beauty, then kept my youth and beauty to my grand old age.

Those helps number 52, but I have had them combined in four preparations. When you use any one of them you apply quite a number of the best beauty helps in existence.

One is cold cream which I call my Youth Cream. It combines products of both lemon and strawberry. Also all the best that science knows to foster, feed and protect the skin. I use it as a night cream, also day-times as a powder base. Never is my skin without it. I have never heard of a cream which brings anything like its results.

.....New I am placing my Youth Cream—just as I use it—at every woman's call. All druggists and toilet counters supply it at 60c per jar. Also in 35c tubes. Just ask for Edna Wallace Hoppers Youth Cream. I promise you that as long as you live you'll be very glad you know it, and I shall be for you. I will send you a sample to try, if you wish. Also my Beauty Book. Just mail this coupon. For beauty's sake, do it now.

Take Calotabs for the liver

Beware of imitations. Demand the genuine in 10c and 35c packages bearing above trade mark.

in the Senate tomorrow morning, it was announced today. There will be two bills, one for the creation of a port commission to create terminals at the coast cities and the other will relate to the east and west railroad situation.

A bill appealing the section of the Blue Sky law providing for one-fifth of one percent of certain collections to go to the insurance commissioner and also repeal of the extra tax on insurance and securities companies was introduced in the senate by Senator Mendenhall, of Guilford county.

Senator Boyette, Stanley county, introduced a bill to amend the charter of the graded schools of the town of Albermarle, authorizing the board of school commissioners of that town to exert the power of eminent domain.

Higgs Roanoke institute would be incorporated under a bill introduced by Senator Everett, of Pitt county.

Criminal jurisdiction would be conferred upon September civil term of 1924 Roberson county Superior court by a bill introduced by Senator Varsar.

Duties of coroners would be specifically defined and enlarged and chapter 20 of the Consolidated statutes would be amended and reinserted under a bill by Senator Varsar.

Senator Long introduced a bill amending Section 1456 of the Consolidated statutes to include Halifax county.

Senator Woodson offered a bill incorporating the Carolina Congressional conference.

R. L. Dorsett, of Chatham county, will be given permission to remove and reinter certain dead bodies buried on his farm by a bill introduced by Senator Griffin.

Amendment to Section 80 of the Consolidated statutes relating to the sale of land as assets was sought in a bill offered by Senator Johnson, of Duplin county.
