PRESIDENT WRIGHT DELIVERS ADDRESS COLLEGE STUDENTS

Speaks With Deep Regret of the Absence of Great Number of Students Turned Away; Pleads for 800,000 Children in the Public Schools of State

President Wright yesterday at the first assembly exercises of the year at East Carolina Teachers College, in his welcome to the 560 students, whose number will increase to 600 before the week is out, spoke with deep regret of the absence of the great number, he had been obliged to turn away, which are as many as have been accepted.

He congratulated those who applied early enough to take advantage of the opportunities offered them and contrasted their fortunate position with that of the great number of boys and girls, eager for education, for whom the colleges have no room. He impressed upon the students the responsibility that rests upon them. He quoted figures showing that it pays to go to school even though parents may think it costs.

He spoke of the ten per cent failures, and gave excellent advice as to how one can keep out of this list. He spoke of the unseen values of college life, the spiritual values that open up vistas ahead, that give one insight into things unknown before, and help one be in good company when alone with books.

He expressed the wish that all could see into the school houses of the state as he does and could realize the need for trained teachers. Only one class room out of every ten has a trained teacher. He urged the young women to use every moment wisely so as to give others far better training than they had had.

He closed with an eloquent plea for the 800,000 children in the public schools of the state, and made the prospective teachers before him realize the great opportunity for them.

Founders Day To Be Observed Chowan College October 16

Mt. Airy, Sept. 27.—Founders Day at Chowan College which is held here annually on October 11, the anniversary of its founding will be held this year on October 16, due to the fact that the eleventh falls on Saturday, it has been announced. This year marks the 76th anniversary of the existence of the college. Chief interest in the day is centered in the plans that the Alumni Association will draw for the completion of the \$15,000 endowment fund which was started two years ago. College officials and Association members have expressed the hope of completing the fund by January 1925. The address of the day will be delivered by Dr. Collier Cobb, professor of geology at the University of North Carolina.

Smith Not Guilty of Allowing Convict to Escape From Camp

Raleigh, Sept. 27.—Judge Lloyd Horton Friday ordered a verdict of not guilty for H. M. Smith, Wake County prison camp supervisor, who was tried for allowing "Sport" Weaver, a convict, to escape. The court held that Smith could not be convicted for he had violated no law or rule as the County Commissioners gave the supervisor of a prison camp absolute control over it and how it should be run. "Under the present system in Wake County the prison camp supervisors have too much power," said Judge Horton, and I think that it is a very bad thing. There has more power than I have, for if a jury convicts any man and I send him to the road, why the supervisor can let him go any day.

THIS MARKET SELLS COLLEGE FACULTY

2,941,038 POUNDS DURING THIS WEEK

Market Has Sold to Date 8,901,242 Pounds for \$1,172,139.13. Average This Week \$20.01

The Greenville tobacco market sold during last week 2,941,038 pounds for \$583,771.21 at an average of \$20.01. The market for the entire season has sold 8,901,242 pounds for \$1,172,139.13.

The offerings last week consisted of much damaged tobacco. The better grades were in evidence at times but taking the offerings as a whole much inferior tobacco was sold. The farmers, however, seemed to be well pleased with prices, considering the quality of the weed.

A few of the companies showed strength during the week and were very anxious for the tobacco. It is estimated that at least one-third of the crop has been sold.

Several factories were in operation all night last night in an effort to have everything in readiness for Monday's sales.

All sales finished at 3:30 o'clock Friday afternoon and the floors are cleared and ready for next week. The sales this week, were largely attended by people from every section of this and adjoining states.

Auto Speedway To Be Inspected by Chairman Auto Asso.

Charlotte, Sept. 27.—Richard Kennard, chairman of the Contest Board of the American Automobile Association, will arrive in Charlotte on or about October 15 to inspect the new automobile speedway now under construction here at a cost of \$300,000. His arrival will be coincident with that of thirteen or more drivers, who will come here from the races at Fresno, Calif., on October 3.

Mr. Kennard has written Charlotte speedway officials that he is very anxious to give the local board track the once over, inasmuch as some new features in auto speedway building are to be inaugurated with the opening of the Charlotte bowl. One of these is a steel band that will be placed on the top rail for the purpose of deflecting any cars that may blow tires and try to go through the top railing. The engineers believe that such a precaution will prevent possible serious accidents.

Fred Wagner, known throughout auto racing circles in the United States as the veteran starter, will reach Charlotte about the time of Mr. Kennard's arrival. Together they will go over the new bowl in every detail.

It is believed by the engineers and the officers of the speedway construction company, owing to the elevation of the turns to 40 degrees, that some speed records for one and one-quarter mile board tracks may be established here during the preliminary trials or during the 250-mile class on October 25.

The big bowl, located on the Columbia highway nine miles South of Charlotte, is more than two-thirds completed. The builders state that it will be ready for the trial tests not later than October 10.

Children of Rural Districts Making Use Of Traveling Library

Durham, Sept. 27.—Children of the rural districts of Durham county are making a great demand upon the traveling library sent out by the public library of this city, it has been announced by the librarian. The first trip of the library on wheels since the opening of school has just been completed. Most of the schools of the county were visited and those in charge reported that they were welcomed heartily everywhere and that the demands for books were numerous and of every class.

The recent bad weather has hindered the traveling of the library on wheels to some extent, it was explained, as the books are carried to every school in the county regardless of its location. Another trip will be made immediately, it was stated.

GET ACQUAINTED AT MEET ROTARY CLUB

Quite a Number of Clever Contests Enjoyed; Place Cards Descriptions of People

The faculty of East Carolina Teachers College met around the dinner table at the Rotary Building last night. It was for the most part a social meeting for the purpose of getting acquainted. Misses Davis, McFadyen and McKinney composed the committee in charge of the entertainment features of the evening. Each new teacher was plotted over by one who knew the way.

The place cards were clever descriptions of the people, the initials of each description fitting the initials of the person. Each one was called on to give his name and read the description. There was another clever contest, in which the victim had to make ten word speeches about the college. At intervals throughout the dinner Mr. J. H. Rose mounted a chair and called on the others to sing.

After the entertainment features a short business session was held, some committees were appointed and President Wright interpreted for the new members of the faculty some things about the college, touched on conditions in the state, and outlined briefly the task of the college, showing the wonderful opportunity there is to serve.

President Wright in his talk to the students this morning told them what a splendid body of people they had to work for them this year.

Mrs. Elsie Sweetin, Takes Food For First Time Since Confession

Salem, Ill., Sept. 27.—Mrs. Elsie Sweetin, who is held in jail here, last night took the first solid food since her confession to the murdering of her husband in order that she might marry Lawrence M. Hight, Methodist Episcopal minister. According to the prison authorities she ate heartily of the meal which consisted of meats and vegetables.

Relatives called on her today to make necessary arrangements for her defense.

MEN AND WOMEN IN NEWS OF THE DAY

Above: Mrs. FLORENCE KNAPP & ANNA GOULD Below: BISHOP T. F. GAILOR & DR. CHARLES W. ELLIOT

Dr. Charles W. Elliot, president emeritus of Harvard University, has accepted the chairmanship of the John W. Davis College League. Returning from a European tour, Bishop T. F. Gailor, of Tennessee, has championed the modern girl as the equal of the girl of the past. Mrs. Florence E. Knapp, of Syracuse, N. Y., has been nominated by the Republican party for Secretary of State. It took Paris dressmakers ten years to collect \$5,500,000 from the Duchess de Talleryand, formerly Anna Gould, daughter of the late Jay Gould and divorced wife of Count Boni de Castellane, her counsel declared in a lawyers' council arranging settlement of the \$22,000,000 Gould estate.

Greenville High Defeat Vanceboro By Score of 13-0

The Local High School Football team swamped the Vanceboro team to the tune of 13-0 yesterday in a hard fought game at the Craven County Farm Life School.

Captain Wesley Harvey of Greenville was easily the star of the game, having scored both the touchdowns. Besides scoring the points he showed signs of developing into a real football player of high calibre.

Douglas West also deserves much credit for today's game as he handled the passes and points excellent for early season form. Others deserving special mention are: Bilbro and Crisp for the locals and H. Lancaster and F. Lancaster of Vanceboro.

The touchdowns came early in fourth quarter when Greenville backed the line for three successive first downs. Finally Capt. Harvey, playing the line for the needed 8 yards on the fourth down. A pass from West to Mayo added the extra point.

The second score came when the ball bounded from McLawhorn's hands into Capt. Harvey's arms and he rushed 20 yards across goal.

Both teams showed signs of making real football teams but the many rough edges must be shorn off before either one perfected into this best form. Lack of interference and team work seemed to be the greatest factors. But both made splendid showings for new inexperienced players.

Table with 3 columns: Greenville, Position, Vanceboro. Rows include G. Gaskins, C. Gaskins, Perkins, Ricks, Jones, Taft, Bilbro, Mayo, Forbes, Harvey, West, Substitutes, Dressback, Referee, Reeves, Cheris.

GOV. ALFRED SMITH IS RENOMINATED TO HEAD DEMOCRATS

Gets Greatest Ovation of His Career; Promises to Wage A Most Vigorous Campaign

Syracuse, N. Y., Sept. 27.—Governor Alfred E. Smith and the entire roster of Democratic state elective officials were re-nominated unanimously by the Democratic state convention yesterday.

The convention, the first in many years that had not been marked by at least one bitter contest was the epitome of harmony.

It was a Smith demonstration all the way, every reference to the governor provoking renewed enthusiasm. When the governor appeared in person the assemblage gave him one of the greatest ovations in his career.

When William Church Osborne, the permanent chairman, concluded his eulogy of Governor Smith by saying "there is only one Al Smith," the delegates and spectators rose as one with a yell that could be heard blocks away. County standards were wrenched from their socks and the cheering, singing delegates, milled around the floor while the band tried to make itself heard above the din with the governor's favorite song, "The Sidewalks of New York," and other old favorites.

The principal seconding speech was made by Mrs. Franklin D. Roosevelt, a cousin of the Republican gubernatorial nominee, Theodore Roosevelt. She raised her voice when she said: "Of course, Al Smith will win. He could not do otherwise when the Republican convention at Rochester yesterday did all it could to help him."

The governor, in his address to the delegates, promised that he would wage a vigorous campaign. Praising John W. Davis, the Democratic Presidential nominee, as the ablest Democrat in the United States, condemnation of the Republican platform adopted at Rochester as the "most dishonest document" he had ever read, and denunciation of the Republican national and state administration brought forth thunderous applause.

"You can not nominate a myth in Washington and a name in New York and get away with it," said the governor.

The convention adjourned sine die soon after the governor's speech.

The only other business transacted at the convention was the adoption of the party platform, which in the main follows closely along the lines of previous state platforms. It openly denounced the Ku Klux Klan, called for modification of the Volstead Act so as to permit the sale of light wines and beer and recommended equal representation of women on party committees.

Huge New Airplane Handled With Ease On First Test Flight

Brough, England, Sept. 25.—Great Britain's dreadnought of the air made its first flight recently from the airfield which was the hopping off field of the American world flyers when they left England for America by way of Iceland and Greenland.
The monster machine is said to be the most powerful single-engine airplane in the world. From wing-tip to wing-tip it measures 88 feet, stands 19 feet from the ground and from nose to tail is 54 feet. The plane was built to take the new 1,000-horsepower Napier Cub engine, claimed to be the most powerful air motor in existence. It has 16 cylinders, yet weighs only 2,200 pounds. A railway locomotive, developing the same power, weighs over 147,000 pounds.
Foreign air attaches came to Brough to see the trial flight of the "Cubaroo," as the plane is called. For a brief space the engine was run, and then with a great roar the plane taxied across the airfield and was away into the air, with Flight Lieutenant Paul Bulman, one of the most daring pilots of the Royal Air Force, in command. When the flight was ended Lieutenant Bulman said the air leviathan had handled as easily as a small plane. The response to the control was wonderful, and on landing there was no suggestion of the enormous size of the machine.
Some idea of the proportions of the plane is indicated by the fact that the single propeller is more than one and one-half times the size of a full-sized English billiard table. The tail alone is as large as an ordinary scouting plane. Two staircases from the central cabin lead to separate parts of the machine. One goes to the pilots' cockpit, which has accommodations for two, and the other gives access to a compartment behind the wings which may be used as a machine-gun tower.
The plane is without armament of any kind, but when being used for military purposes it will carry about three tons of bombs or torpedoes. The machine is ostensibly a three-seater, but there is accommodation in the cabin for a large crew, and stairways make it possible for pilots and gunners alike to be relieved when the machine is in flight or even in action.
When produced in quantities the "Cubaroo" will be used to equip some of the units which have to form part of Great Britain's big home defense scheme, to become operative next year.

ENGINEERS DECLARE 15,000,000 NEEDED TO REPAIR FLEET

Washington, Sept. 23.—Announcement at the Navy Department that the battleship Florida had been placed "in reserve," and that the proposed winter cruise to Australia might be abandoned, has again brought to the front in service circles the serious consequences of curtailed funds for upkeep of ships.
Already working under general orders which limit repairs to 70 per cent of recommended programs, bureau chiefs in Washington recently have held continued conferences in the effort to work out some plan by which vital work on the principal units of the fleet can be accomplished despite the shortage of funds. "Accumulating deterioration" is the nightmare which

ROOSEVELT FOLLOWS IN FATHER'S FOOTSTEPS

THEODORE ROOSEVELT

Just how far will Colonel Theodore Roosevelt follow in the footsteps of his illustrious father? Thus far their lives have been nearly parallel. Both have been colonels in the United States army. Both have been Assistant Secretaries of the Navy. Both have been Republican nominees for the Governorship of New York. Colonel Roosevelt stepped from the Governorship into the Vice-Presidency and then into the Presidency. The younger Colonel Roosevelt still must win the Governorship to continue in his father's footsteps.

such as turquoise, opal, carnel, etc. Some buttons date back 3,000 years before Christ. The flashiest and showiest buttons are those of the 18th century, when Europe seemed to enjoy rare luxury.

The most gruesome buttons, are the so-called poison buttons, containing a tiny pin of poison and surmounted by a sharp stud. In the days of political assassinations it was an easy thing for a man attending a high society function, such as a ball, to approach his adversary and, in a crowd, to brush by him in such a way that the button scratched his skin. Into this rent in the skin the contents of the button would then flow, with fatal consequences.

CONGRESSMAN INDICTED FOR CIDER-MAKING

CONGRESSMAN J.P. HILL

Congressman John Phillip ("Farmer") Hill, of Baltimore, Md., a decided "wet," is shown dispensing 2.75 per cent cider to some of the 1,500 guests who recently visited him in his "back yard farm," where he raised the apples which produced the cider. The cider was dispensed to test the dry laws, but dry agents didn't disturb the party. However, as a result, Congressman Hill has been indicted by a Federal Grand Jury for possessing wine and cider, manufacturing wine and cider, and maintaining a nuisance through the manufacture of the beverages.

NOTORIOUS RESORT IS CONVERTED INTO METHODIST CHURCH

Duango, Col., Sept. 24.—The old Greek saying "out of bad wood good smoke, sometimes comes" was applied here when a "community tabernacle" and its parsonage were built out of timbers and materials taken from a once notorious gambling resort and dance hall and from an erstwhile brewery.

The tabernacle, built by the Free Methodist church, was recently dedicated. Its altar rail was made out of part of the bar against which the lumberjacks, miners, cowpunchers, Mexicans and gamblers of 40 years ago used to lean. The bar's foot-rail was converted into the altar-rail of the steps leading into the church. A Bible now rests on the polished walnut where the liquor of the early days was placed. The window sills and ledges were made from the heavy oak bottoms of huge beer vats.

The building occupies the site of the former brewery. It is situated at the foot of a bluff and is overlooked by the parsonage of the presiding elder of the district. The parsonage once was the office of the brewery and has been made into a modern cottage. It is planned to terrace the bluff and to build winding stairs from the elder's home to the house of worship, using as a hand-rail a coil formerly utilized in making beer.

The two steps that lead to the entrance of the tabernacle were formed of timbers taken from the dance hall. One of the boards carries a bullet fired from a "45" evidence of one of the many shooting scrapes that enlivened the old resort. The heavy timbers comprising the supporting columns and the roof beams were taken from the dance hall. The church seats 700. "I think," said Rev. F. F. Stewart the presiding elder who conceived the idea, "that it was in the nature of an act of Providence that we were able to convert these places of disrepute into a house of worship."

MEN AND WOMEN IN THE NEWS OF THE DAY

Above DUKE OF YORK & ROBERT McALLISTER
Below FRANK TINNEY & WILHELM MARX

The Duke of York, second son of the King of England, has expressed a desire to tour America to study industrial conditions, a question to which he has given great study. Mrs. Frank Tinney, wife of the comedian, who is now playing in London, has communicated to British officials the fact that Imogene Wilson, former Follies beauty, is on her way to England, presumably to join the "cave man." Robert F. McAllister ("Flying Bob"), New York City policeman and sprinting member of the American Olympic team, is to go to trial October 6 on a charge of first degree murder. He killed Vincent Figliera when, he alleged, the latter attacked him after being arrested as an automobile thief. The District Attorney alleges the killing was unjustified. Chancellor Wilhelm Marx in a public speech declared Germany must ask admission into the League of Nations to restore her prestige.

SALE OF REAL PROPERTY

By virtue of a decree of the Superior court made by his Honor J. B. E. Midyette, in that certain civil action, entitled the Farmers and Merchant's National Bank of Ayden vs. G. W. B. Garris and others, the undersigned commissioners will on Monday the 20th day of Oct, 1924, at 12 o'clock, noon, expose to public sale before the courthouse door in Greenville, Pitt County, North Carolina the following described real property, to-wit:

"That certain lot or parcel of land situated in the town of Ayden, North Carolina, beginning at the A. B. Garris corner on Railroad Street and running thence southwardly 110 feet, thence westwardly 113 feet to a ditch, thence with said ditch westwardly 113 feet, thence eastwardly 113 feet to the beginning and being the residence lot and the vacant lot adjacent thereto known as the G. W. B. Garris residence property in the town of Ayden. Said property will be sold subject to the homestead rights of the said G. W. B. Garris who claims his homestead in said property and said property."

This sale will be made upon the following terms: One-third cash and the balance in one and two years, the deferred payments to be secured by mortgage on the land sold.

This the 15th day of Sept., 1924.

SALE OF SAND

By virtue of authority vested in the Bank of Winterville by and through that mortgage deed executed by R. A. Worthington and Mollie Worthington on the 26th day of March, 1921, and delivered to the said Bank of Winterville and duly registered in book U-13, page 66, Pitt county registry, securing a certain note fully set forth therein, and the terms of the said note not having been complied with, the undersigned will, under and by virtue of said mortgage, sell to the highest bidder for cash at the court house door in Greenville, at noon on Monday, October 20th, 1924, that tract of lands in Winterville Township, on which the said R. A. Worthington and Mollie Worthington now reside, described as follows:

On the west side of Greenville-Kinston road, bounded on the north by Will Tripp, on the west by Will Tripp and others, on the south by T. L. Little, on the east by Greenville-Kinston road and C. F. Little and being the tract of land where we now reside and being the identical land bought from David Cannon and Joe Cannon said tract of land containing twenty (20) acres, more or less.

Before reporting the same as made, a ten per cent (10 per cent) cash deposit will be required of such highest bidder. Deposit not being made, a re-sale will immediately be had.

Women Fight to Save Boy from Gallows

Governor Len Small, of Illinois, has granted a respite to nineteen-year-old Bernard Grant, of Chicago, sentenced to hang for participation in the murder of Policeman Souders. The man who fired the shot has declared Grant was not present. In view of the life sentence given Dickie Loeb and Nathan Leopold Chicago club women have begun a fight to save the Grant boy's life.

IMOGENE WILL SAIL TO MEET HER FRANK

The final chapter in the troubles of Imogene Wilson, beautiful dancer of the Ziegfeld Follies, seems about to be written with the announcement that she will sail for France to meet Frank Tinney, whom she recently had arrested and accused of brutal treatment. Mrs. Tinney already has sued for divorce.

TWO OCTOGENARIANS SEEK NOMINATION IN N. JERSEY PRIMARY

Newark, N. J., Sept. 23.—The New Jersey primaries, on Sept. 25, will bring to an end the sharp contest between United States Senator Walter E. Edge and National Committeeman Hamilton F. Kea, for the Republican nomination to the office now held by Senator Edge. The National Non-Partisan Political Campaign committee of the American Federation of Labor and the Anti-Saloon League have opposed Senator Edge.

Upon the outcome of this struggle will depend the number of candidates for United States Senator in the November elections. The Rev. Dr. James K. Shields, for years superintendent of the state Anti-Saloon League, in resigning recently, announced that he did so with the intention of becoming an independent candidate for senator should Kea be eliminated in the primaries.

Mayor F. W. Donnelly, of Trenton, is unopposed for the Democratic nomination, but in the November elections the name of George L. Record, Jersey City attorney, who is supporting the presidential candidacy of Senator La Follette, also will appear as the Progressive candidate.

Seven of New Jersey's 12 representatives in Congress, six Republicans and one Democrat, will be opposed for nomination. Charles F. X. O'Brien, of the twelfth district, will not seek renomination on the Democratic ticket and for his office Mrs. Mary T. Norton, vice-chairman of the Democratic State Committee, is unopposed in the primaries. Representatives Elmer H. Geran, of the third district; Charles E. Browne, of the fourth; Frank J. McNulty, of the 8th; and Daniel F. Minahan, of the ninth; all Democrats, are unopposed for renomination.

Morcer county's octogenarian assemblyman, George O. Vanderhik, who was a member of the Assembly in 1874 and 1875, and who was returned to that body last year, will be a candidate for renomination, while Jacob Klotz, 83, of Somerville, is a candidate for Democratic nomination as assemblyman in Somerset county. Thomas M. Muir, blind assemblyman of Plainfield, is a candidate for renomination on the Republican ticket, and all of the four women who were members of last year's Assembly are seeking another term.

SALE OF VAULABLE REAL ESTATE

By virtue of a judgment of the Superior Court of Pitt county rendered on Monday, the 8th day of September, 1924, in that certain case entitled W. M. Forrest vs. B. D. & O. J. Forrest, the undersigned Commissioner of said court will expose to public sale before the court house door in Greenville on Monday, Oct. 20th, 1924, at twelve o'clock M. the following described tract of land:

"A certain tract or parcel of land lying and being in Winterville township, Pitt county, in the state of North Carolina, and described as follows: Being that portion of T. E. Cannon land this day devised to us by the said J. B. & D. C. Cannon, on the south side of the Cannon road known as the Cannon county road

Cater to Moderate Americans Now

London, Sept. 24.—With the American "invasion" of London in full swing, the manager of a big Oxford Street store has estimated that the visitors from over the Atlantic were spending somewhat more than \$500,000 a week in the English capital.

London shopkeepers have awakened to the fact that by far the greater number of Americans who come to England these days are people of moderate means, who watch their shillings and pence as carefully as does the frugal Briton. There are still visiting millionaires who amaze the English by the profligality with which they scatter money about, but there is only one millionaire where there are a thousand people of relatively small income.

Hence Bond Street shopkeepers are finding it to their advantage to mark the prices on their window displays. This has stimulated trade with the visitors. Ten years ago Bond Street shopkeepers thought it beneath their dignity to have price labels in the windows.

The oddest purchase of the season seems to have been in the shop of an optician. An American, after some hesitation and fitting, selected a monocle and ribbon for half a guinea. When he made his choice he said he wanted half a dozen of them, and explained that he had four boys and a girl at home in Chicago who had all asked to bring them back an eye-glass from London "just like the dukes wear."

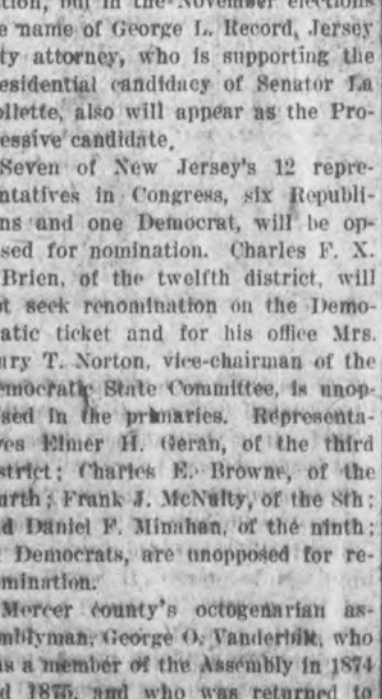

Stage All Set For Bout in Raleigh Saturday Night

Raleigh, Sept. 23.—Everything is "all set" for the ten round bout here Saturday night between W. L. (Young) Stribling, sensational Georgia high school boxer and Vic McLaughlin, who has been advertised as the light heavyweight champion of Canada.

J. Sherwood Upchurch, well known local theatrical man, who is promoting the bout, declares that the early ticket sale indicates that the largest crowd that ever witnessed a boxing match here will be on hand for the scrap.

Mr. Upchurch further asserted that the bout will be one of the most important staged in this state since boxing was legalized in a number of North Carolina cities. Stribling and McLaughlin fought to a draw in Savannah in June 1923, according to Mr. Upchurch and each is fighting to the light heavyweight championship of the world. Both boys have fought Mike McTigue, light heavyweight champion of the world. In the event McLaughlin wins over Stribling, Mr. Upchurch states, he will be in line for a fight with McTigue for the world's championship crown. Under the law no decision can be rendered by the referee.

"Newspapers, particularly the smaller ones, speed American progress," said Harrison Boyce, the inventor of the motorometer and Boyce-ite, a fuel ingredient, which, it is said, is revolutionizing the oil industry by increasing gasoline mileage through carbon prevention.

In a statement made before associates, advertising and newspaper men, Boyce declared that the medium and smaller newspapers collectively have a greater influence on American thought and progress than a few large papers in large cities.

"Together, the medium and smaller newspapers constitute the great mass of important newspaper circulation," said Boyce. "They are generally very carefully read, front to back, and have a strong and intimate personal interest for the reader."

Who Hates A Cold Bath?

The old swimmin' hole is just as popular now as when James Watson's hole and floating round comb lily immortalized it. It doesn't matter whether the hole is a stretch of a million dollar ocean beach or a river or a rock bottom pool, or if it is the good old porcelain tub in the bathroom.

In fact, the old swimmin' hole is it is believed, is the real reason why Americans are the best bathed people in the world. A pleasurable habit acquired young, say psychologists, sticks through life. Therefore it is a delicate Q. E. D. that the same bad boys who en-

The Art of Beauty

By B. M. DOUGLAS

EGYPTIAN WOMEN 4,000 YEARS AGO EXPERTS IN COSMETIC ART

THROUGH the ages woman's chief attention in beauty matters has been centered on her complexion. Even in the Dark Ages, when prepared creams and lotions were unknown, women had their pet recipes, often very primitive, for bleaching, softening, and purifying the skin.

The Gauls, who excited the envy and admiration of the Romans by their clear complexions, bathed in Nile which they looked upon as a sort of dely, was a favorite beauty treatment. The Egyptian woman also mixed certain ingredients in a dish of butter, set this mixture out of doors to melt, and then applied it to her face. Women of the Egyptian nobility, 4000 years ago, even had two kinds of rouge, an orange toned rouge, much like our Mandarine rouge of to-day, for their olive-tinted skin, and a red rouge for their lips. Their eyes were carefully made up with kohl, a mixture made from black oxide of manganese or the black powder of burnt almonds, applied with a bodkin.

As an indication of the importance attributed to the artificial beautifying of the body in those days, it will be noted that even after embalming, the faces of Egyptian women of high rank were painstakingly rodded and their eyebrows painted with antimony.

Coming down farther through the centuries, although the "cosmetics" in favor during the Renaissance were elemental in nature, they were nevertheless, luxurious. Madame de Maintenon, for example, bathed in the juice of crushed strawberries. Plain water bathing was not much thought of as an adjunct to beauty. What Diane de Poitiers, royal mistress of Henry II, kept her skin clear and white by rising at 5 o'clock every morning to take a cold bath. It was considered so unusual that a legend had to be invented to explain it, so it was said that she took a bath in a tub filled with crushed gold.

The ancient Egyptians were believers in the beautifying effects of water, and a bath in the revered *Bourjels Beauty Syndicate*

COOLIDGE AND CHAOS

According to that political acrobat, George B. Harvey—whom many hear but none heed—the issue is "Coolidge or Chaos."

Will Mr. Harvey tell us what we have had other than Coolidge and Chaos during the last fourteen months?

Coolidge and the Republican Congress have been pulling each other's nose so long and often that both have the nose-bleed, and the Government meanwhile has been in a state of chaos.

In the main, sitting Republican Senators and Congressmen are their party's nominees to succeed themselves. With them back in Congress and Coolidge still in the White House, legislation will be in just as chaotic a state for another two years as it has been during the last fourteen months.

So the issue is Coolidge and Chaos, or Davis, Democracy, decency and an honest and efficient administration.

ABOUT BREADLINES

Every once in a while, some damagoue gets up and repeats the falsehood about panics, unemployment, "breadlines" and "soup-houses" under Democratic administrations of days gone by.

Latest figures from the Republican Department of Labor show that there is greater unemployment today and has been every year of the Harding-Coolidge administration than during any one year from 1916-1920, inclusive, and that it is approximately fifteen per cent greater today than it was a year ago.

As for "soup-houses" and "breadlines," the following signed statement by John G. Hallwood, President of the New York Bowery Mission, printed in the New York World of Sunday, Sept. 21, is interesting:

"We know that when the attendance at our meeting and the applications at our Labor Bureau are unusually large, the problem of unemployment is once more confronting us.

At such times men out of work and penniless herd together in the lodging-house section of our great city.

"As evidence of this, during the first week of this month, we had 1,643 men in our meetings, and of this number we found 1,368 had to be fed or housed or clothed. I write these lines in the hope that some of your readers may be able to help us in securing work for these men."

The day before the above statement was printed, The Evening World printed a report from New England showing that 200,000 textile mill workers were out of employment in that section alone, and that an even greater number were employed only part time. This is the situation actually existing under the highest tariff rates ever known, rates that give special protection to the textile manufacturers—yet cannot keep their rooms running—and rates which President Coolidge has said have "raised the wage-earner to a higher standard than he ever occupied before anywhere in the world," and rates he asserts have ended complaints of unemployment.

According to the Republican Campaign Book, "the history of the development of our nation in territory, prosperity and world esteem is the history of the Republican Party."

Why the modesty? Did it not also give us the Decalogue, the Beatitudes, the Magna Carta, the Napoleonic Code, the Declaration of Independence and the Constitution itself?

Upon one page of the Republican Campaign Book appears a quotation from Abraham Lincoln on 'Reverence for Constitution and Law' and one from President Coolidge on "Good Government Without Price." If a copy of the book should fall into the hands of Albert B. Fall or Charley Forbes, they will find the quotation on page 359.

News advices tell of General Smedley Butler's vice squad raiding the Union Republican Club and another club of Philadelphia making fifty-two arrests. The dispatches did not say whether any members of Attorney General Daugherty's famous Department of Justice vice squad assisted in the raid, or were caught in it.

FRANCES HOPKINS, Supt.

ALLIGOOD-JORDAN

The home of Mr. and Mrs. J. E. Jordan was the scene of a simple, but beautiful wedding Tuesday afternoon when their daughter Gladys became the bride of Mr. Claude J. Alligood, of Greenville, N. C.

The rooms were artistically decorated with palms, ferns and cut flowers for the occasion, and the ceremony was performed by the Rev. Mr. Dail, pastor of the bride. The wedding music was played by Miss Long, and before the bridal party entered, O. Promise Me, was impressively sung.

Mr. and Mrs. Alligood left immediately after the ceremony for a trip of northern cities, and at its conclusion they will make their home at 1006 Evans street, Greenville, N. C.

Mrs. Alligood is the second daughter of Mr. and Mrs. J. E. Jordan, Powellsville, N. C., and is a young woman of unusual charm and personality. For the past year she was a student at East Carolina Teacher's College, Greenville, N. C.

Mr. Alligood is the son of Mrs. Emma Alligood, Ayden, N. C., and is a man of sterling qualities, having a host of friends in the county. He has been employed in the Postal Service for the past four years.

Among the out of town guests were Miss Ellis Lee Dudley, of Baltimore, Md., Mr. Whit Harris and Luther Whitehurst, Greenville, N. C., and Mr. and Mrs. D. G. Holloman, Kinston, N. C.

RELEASES TOBACCO HELD BY INJUNCTION

Kinston, Sept. 27.—A temporary injunction preventing sale of a quantity of tobacco on the open market by L. Harvey & Son Co., Dixon Bros., L. O. Pollock, Mrs. M. J. Pollock and others, Kinston and Trenton, merchants and Jones county growers, was dissolved here yesterday by Judge Oliver Allen. The Co-operative Growers' Association was plaintiff.

Judge Allen criticized the association, saying appeared to seek to "hold up and cripple" rather than to be after money, and suggested that the tobacco be sold at once.

An original action was against the growers. When the time merchants stepped in and started to market the tobacco as lien holder, another order was sought by the association and granted by Judge Allen the first of this week. He did not know of all the details or would not have issued the injunction, he said, holding that the merchants should have been included in the original action. A permanent order would tie up money due the men and keep the growers from getting assistance from merchants, he stated. Tobaccoists said the tobacco had been damaged from being withheld from market.

LAND SUIT CONSUMES PRACTICALLY ENTIRE WEEK OF CIVIL COURT

The case of C. L. Tripp vs. T. L. Little, consumed practically the entire session of this week's term of Pitt County Superior Court for the trial of civil cases. A few minor judgments were rendered and two or three divorces granted.

The suit of Tripp vs. Little was the outgrowth of a dispute over a boundary line between two farms. The judgment was rendered in favor of the plaintiff.

PAY REMARKABLE TRIBUTE TO O'NEIL

The remarkable tribute paid to Eugene O'Neill's stage play "Anna Christie" when it was produced in New York, on the road in this country and in London carry positive proof of the tremendous audience appeal of this drama which has been translated with remarkable fidelity to the footlights original by Thomas H. Ince. The picture, a First National release, will be shown at the White's Theatre on Monday only.

According to critics who have witnessed pre-views of the new Ince production, the picture will outstrip in popularity the stage drama which was received both on Broadway and in London as the greatest American play in years.

"Remarkable enthusiasm, unequalled in the London theatre since the war . . . greeted the premiere last night at the Strand Theatre of Eugene O'Neill's 'Anna Christie,'" was the comment of one critic on the London opening of the American success. "The crowded fashionable house was swept off its feet, cheering and shouting for five minutes after the third act, in defiance of British traditions."

"Great success attended the production at the Strand Theatre of Eugene O'Neill's 'Anna Christie,'" commented the London correspondent of the New York Times. "The audience seemed to realize that here was a real bit of life presented to them faithfully. The great triumph came in the third act. Pauline Lord, in a great scene, where she confesses her past and faces her wild Irish lover, simply swept the audience off its feet. Call after call followed the fall of the curtain and she received a literal ovation. There can be no doubt that London will welcome heartily this addition to its rather scanty list of good plays."

Another correspondent cabling to the New York Globe declared: "The 'discovery' of Eugene O'Neill and the American actors who are playing 'Anna Christie' has pleased the London theatrical world to an extent rarely equaled since Augustin Daly's company many years ago astonished England with the revelation that the Yankees could teach her something about the English drama. . . . Hardened dramatic critics have fired a salvo of laudatory adjectives in which no note of disparagement can be found. The audience agreed with them and gave the company twelve curtain calls after the third act."

Blanche Sweet in the dramatic scene which had made Miss Lord's name famous in the theatrical world is said to have done a piece of work that will link her name with that of the legitimate actress as one of the outstanding stars of the day.

Fashion Show Was Great Success Friday Evening

The Fashion Show which was given in White's Theatre last night under the auspices of the Ever Ready Circle of the King's Daughters was largely attended and was one of the most enjoyable events of the season.

The styles shown were the very latest and the dresses, coats, hats and shoes, were beautiful. The displays which represented Bowen's, Blount-Harvey & Company, C. H. Forbes, Curtis Perkins, Batchelor Bros., Misses Manning and Lowe's were very attractive and shown to great advantage in Greenville's beautiful girls and handsome young men.

The stage was decorated to represent a garden being decorated with garden flowers and autumn leaves making an appropriate background for the beautiful gowns and stylish suits.

Misses Helene Higgs and Bessie Brown with Mrs. Ray Tyson at the piano entertained the large audience with several vocal solos, while Mr. Bernice Gardner entertained with a dance.

Mr. C. B. Rowlett interpreted the models and their costumes in poetry.

People attending the Fashion Show were convinced that other style centers have nothing on Greenville when it comes to the latest fashion in both ladies and men's apparel.

U. S. RESIDENTS IN PALESTINE SERVED BY SPECIAL COURT

Jerusalem, Sept. 24.—Citizens of the United States living in Palestine are accorded privileges over and above those of citizens and subjects of states who are members of the League of Nations. This is true, now pending American ratification of the British mandate for Palestine, but will probably cease to be the case after the United States government will have signed the convention recognizing the mandate. The convention, it is believed, will secure for Americans in Palestine the same rights as fall to subjects of states who are League members, but no more. The status of Americans in Palestine will then probably be the same as in Syria, to the French mandate for which the United States was reported recently to have agreed.

For the present Americans here enjoy the rights of capitulations which, before the dismemberment of the Turkish empire, all great powers insisted on maintaining for their citizens. America has not renounced its capitulatory rights in Palestine, and the American consul is the only one holding court and trying cases between American residents.

The position of the American consular court in Jerusalem is a little vague, because it runs parallel with the British system of justice now in force. The British government, however, is not known to have raised any objection to the existence of the consular court. The Palestine authorities have even gone out of their way to effect judgments made by the consular court. An American sentenced to prison by the consular may be looked up in a Palestine jail.

United States Consul Oscar S. Heizer, having received no instructions to the contrary, continues to sit in judgment over American residents who get into trouble, but he is not sure how long this condition will continue.

GORMAN'S MARKET REPORT

The sales have been heavy all the week until Friday when all sales finished soon after dinner. Prices have held up fine on all well handled and proper ordered tobacco. There have been lots of wet and damaged tobacco sold during the week and these have been lower and had some effect on other tobacco; on Friday's sale we could see a weakening on the thin cutters tobacco from 12 to 30c.

We believe prices on all grades are going higher. The flue cured crop is 150 million pounds less than last year and the trade will need this crop. We advise handling your tobacco dry and not be too anxious to get rid of it; take your time; use judgment in selling and it will mean dollars to you.

Gorman's sold this week 553,000 pounds (note our percentage is increasing each week). The reason for this increase is, we protect our customers and send them home drumming for us. If you are not selling in Greenville and at Gorman's come see Gorman's sale, or talk to some of our many satisfied customers and we believe you will sell the balance of your crop with us. We have 2nd sale Monday, 1st sale Tuesday; 1st, 2nd sale Wednesday; 1st sale Thursday and 2nd Friday.

COTTON LETTER

New Orleans, Sept. 27.—Developments of the week, numerous and important, occasioned an advance of about 4 cents per pound or \$20 per bale in cotton from the low of last Monday. Following last Tuesday's Government forecast for a yield of 12,506,000 bales vs. 12,787,000 Sept. 8 and 12,936,000 on August 23 which was the peak of the season. Washington issued pars for October 8 report which were construed bullish probably indicating a crop forecast still by the next Government forecast.

Manwhile unfavorable weather was the rule to the east of the Mississippi River where almost incessant rains occurred, excessive in localities and the close of the week brought rain and cold weather to the southwest. Influenced by the important rise in raw cotton, advices from the good market were distinctly better. Larger sales reported at higher prices for cotton and woolsens, the American Wool Co., having advanced quotations five to 32 one half a yard effective at once.

Indications are for clearing weather for the western half of the belt far for the northern portion where it will be colder with the probability of light frost tonight but there is not much danger of killing frost and it will likely be fair and warmer in the west belt by Monday clearing and cooler east of the Mississippi River.

Under the circumstances we think market high enough for the present as in event of better weather next week market likely ease off again.

Statistics in sight for week 492,000 vs. 467,000; in sight August 1, 1,593,000 vs. 1,310,000. Exports from United States Aug 1, 733,000 vs. 654,000; spinners takings since Aug. 1, 1,132,000 vs. 1,101,000. World's visible supply of American 1,093,000 vs. 1,585,000 worlds visible supply other kinds 929,000 vs. 875,990. World's visible supply of all 2,622,000 vs. 2,440,000.

Twin-City Travelers Aid Society Completes Eleven Years' Service

Winston-Salem, Sept. 27.—The Winston-Salem Travelers Aid Society will complete 11 years of service to the traveling public on October 1, next, it has been announced by Mrs. R. M. Payne, who has been secretary of the organization since 1913. The Society has had a marked growth in the past 11 years for at the beginning the work was all handled by the secretary, but now she has two assistants.

The first month of its operation the Society served or aided 154 persons while during the first 20 days of the present month the society has already aided 700 people.

Direct expenses of the society are handled through the Community Chest but many contributions are received for special purposes at various times, it was said. The society is a member of the National Association of Travelers Aid Societies and makes its reports direct to that body.

The Horace Cox farm and the Rawls farm located fifteen miles from Greenville will be sold at auction by the Atlantic Coast Realty Company on Tuesday, Sept. 30 at 10:30 o'clock.

These farms are well adapted to the growing of all crops, especially tobacco and cotton.

They are adjoining farms and the sale promises to be one of the best and most largely attended ones held in this section in the past several months.

Every body is invited to attend.

League's Library Draws Researchers to Geneva Now

Geneva, Sept. 24.—The League of Nations is becoming an important center of research for American scholars. The library and archives of the league contain a constantly increasing wealth of information, due to the fact that the organization's activities are growing and are taking on ramifications which embrace pertinent modern problems in all parts of the world, civilized and uncivilized. The official registration of all treaties alone constitutes a helpful feature for men and women engaged in serious research.

Among the Americans who have recently conducted research work at the league secretariat is Miss Alzada Comstock, a professor of Mt. Holyoke College, who has specialized in public finance. Professor James Bonbright, of Columbia University, is here studying the economic reconstruction of Europe in general and finds the league library up to date on all questions pertaining to his subject. Professor Mower, of the University of Vermont, is devoting his research activities to a study of reduction of armaments and to a careful survey of the functioning of the league as an international organization.

ADMINISTRATRIX NOTICE. Having qualified as administratrix on the estate of the late Charlie Barron late of Pitt county this is to notify all persons who hold claims against said estate to present them within twelve months from this date, or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment. This August 21, 1924.

MRS. BESSIE BARRON, Administratrix.

North Carolina, County of Pitt, vs. The Superior Court.

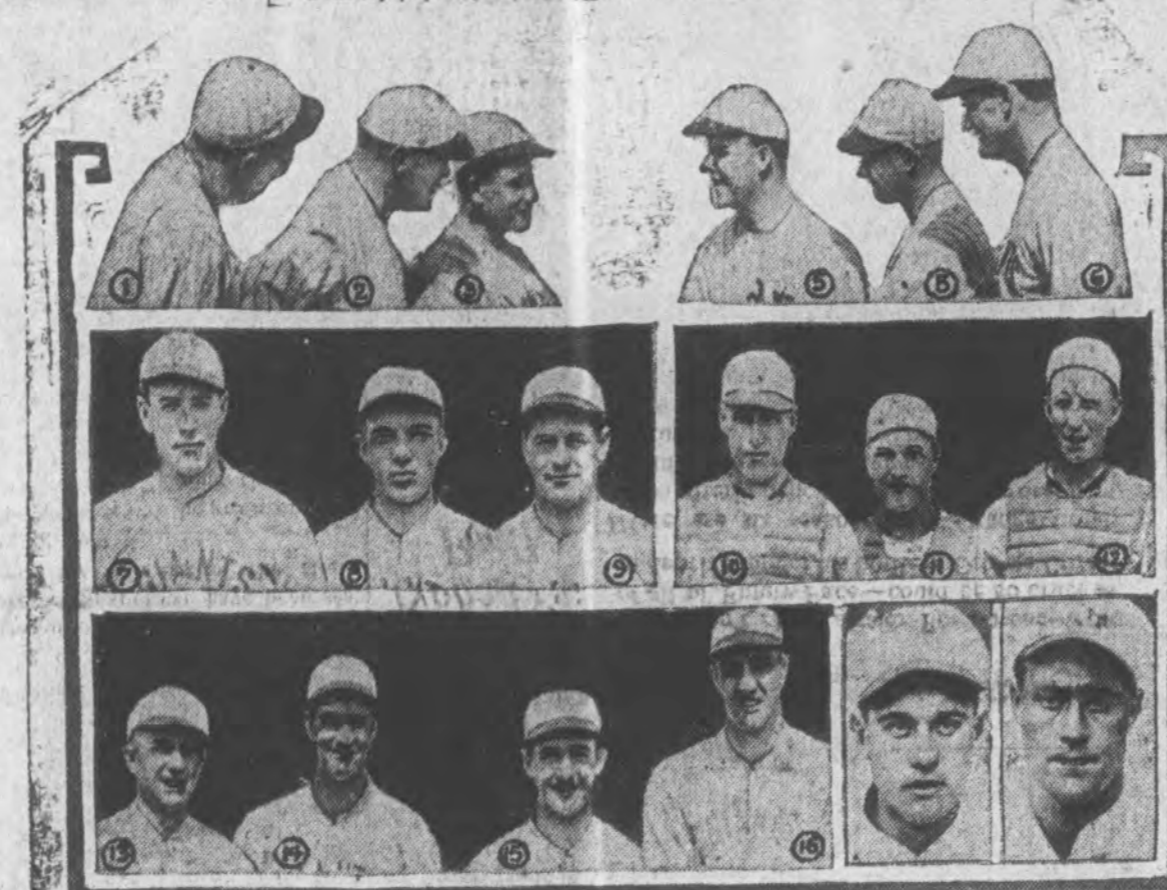

Lossie Belle Latourrette by her next friend, S. O. Worthington.

William McKinley Larourette. The defendant above named will take notice that an action entitled as above has been commenced in the superior court of Pitt county, North Carolina to annul and dissolve the bonds of matrimony existing between the plaintiff and defendant hereto; and the said defendant will further take notice that he is required to appear at the terms of the superior court of said county to be held on the third Monday in August 1924, at the court house of said county in Greenville, North Carolina, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in said complaint.

This the 23rd day of June, 1924. By E. F. TUCKER, W. C. J. F. HARRINGTON, Clerk of Superior Court.

mechanism of constructive endeavor. A special committee selected from the league staff has placed itself at the disposal of visitors who are using the organization to further their knowledge of international problems.

Annapolis Getting Ready to Open the Football Season

Annapolis, Md., Sept. 24.—In order to keep Farragut Field, the Midway gridiron at the Naval Academy, in the pink of condition for this season's games, a separate field has been built up and set aside for use of the Navy football men during practice. The plan was the idea of Rear Admiral Henry B. Wilson, superintendent of the Academy. New soil has been placed on ground that had been hardened through use as tennis courts, and is now covered with fine grass.

Work on the new steel stand on the north side of Farragut Field, and enlargement of the present south stand, has progressed to an extent which assures their readiness for the opening contest with William and Mary, Oct. 4, Rear Admiral Wilson said.

Another improvement made is the placing of a commodious press box at the top of one of the stands. Heretofore newspapermen have been seated directly in front of the Middy cheering section.

The members of the gridiron squad numbering more than 50, reached Annapolis from their summer practice cruise Aug. 19, and went on leave immediately. They will return about Sept. 16, ten days in advance of their comrades, to begin training.

Naval Academy Will Have New Chief

Rear-Admiral Guy H. Burrage, U.S.N., is slated for appointment as superintendent of the U. S. Naval Academy at Annapolis, Md., succeeding Rear-Admiral Henry Wilson.

Black Gold's Trainers Grooming Him Oct. 11

Lafayette, Ky., Sept. 24.—The Latonia International special to be run here Oct. 11 over a mile and a quarter, is the jewel the trainers of Black Gold are pointing him for as a fitting supplement to the crown of four derbies already worn by him. The coal black son of Black Toney and Useit is quartered at the track here where he will remain until the last of a series of three international races in which the famous French race horse Epinard will run, have been staged.

Entrance to the unpretentious stall of the horse is closely guarded by a dog on whose face is unmistakably hung a "Not Welcome" sign. This dog is Black Gold's close companion and wherever the horse goes the dog usually can be found near at hand.

It is considered likely that Black Gold will be entered in one of the races during the Latonia fall meeting. His entry will be merely to sharpen his condition for the big race, which has been given a greater caste by the entrance of Epinard.

Black Gold has become temperamental since he has been in temporary retirement. He has a playful habit of tearing clothes off visitors, and all are cautioned before going anywhere near the part Indian pony to be the alert for some of his pranks.

Nobody's Fool!
Buddy isn't really afraid. For no one—least of all of Funny-Face—could be so cruel as to deprive him of his bottle of Orange-Crush!
Here are six reasons why Orange-Crush is so utterly delicious: (1) The natural fruit oil of oranges—which gives that delicate and distinctive flavor; (2) The natural acid of citrus fruits (oranges, lemons, and limes)—which gives the tang; (3) Orange juice; (4) Carbonated water—which gives zip, sparkle, purity; (5) U. S. Certified food color—which makes it as appealing to the eye as to the taste; (6) Pure cane sugar.
That's all. My, what a drink!

Always insist on the Krinkly Bottle. It protects you against counterfeits.
