GIANTS TAKE LEAD IN SERIES BY DEFEATING SENATORS SIX TO TWO

Washington Unable to Overcome Lead Caused by Bentley's Home Run With Gowdy On Base

New York, Oct. 8.—Walter Johnson, pitching ace for the Washington Senators suffered his second world series game defeat this afternoon when the New York Giants piled up a score of six to the visitors two.

A home run by Bentley for the Giants with Gowdy on base ahead of him in the fifth frame turned the tide in favor of the home team with a lead which the Senators were unable to overcome.

In the eighth inning, Goslin for the Senators hit his third home run for the series equaling the record made by Babe Ruth in last year's series.

The batteries for the game were: Washington—Johnson and Ruel. New York, Bentley, McQuillan and Gowdy.

The game in detail follows:

First Inning.

Washington—McNeely hits line drive to Lindstrom who made wonder full catch by jumping into air; Harris hits out to left field; Rice flies out to first. No runs, no hits, no errors.

New York—Lindstrom singles to left field on first ball pitched; Frisch fouls out to third base; Young flies out to center field; Lindstrom out stealing Ruel to Harris. No runs, one hit, no errors.

Second Inning.

Washington—Goslin beats out an infield hit; Judge flies out to left field; Bluege hits fly to Terry who drops ball but Goslin is caught out at second; Ruel gets base on balls; Miller out second to first. No runs, one hit, no errors.

New York—Kelly fouls out to third base; Terry out at first by Judge unassisted; Wilson fouls out to first base; Judge making nice catch near the stands. No runs, no hits, no errors.

Third Inning.

Washington—Johnson singles in to left field and is thrown out trying to stretch it to two bases; McNeely beats out bunt to third base; Harris scratched hit to second, McNeely advancing to second base; Rice pops out to catcher; Goslin out second to first. No runs, three hits, no errors.

New York—Jackson scratched infield hit; Gowdy strikes out; Bentley singles to right field, Jackson going to third base; Lindstrom scratched hit to third scoring Jackson. Bentley going to second base; Bluege took Frisch's grounder tossed it to third base to Miller but umpire called Bentley safe; Young lines out to Rice and Bentley doubled at the plate, play Rice to Johnson to Ruel. One run, three hits, no errors.

Fourth Inning.

Washington—Judge singles to right field; Bluege sacrificed pitcher to first; Judge going to second base; Ruel out short stop to first; Judge scored on Miller's single to right field; Miller tried to stretch hit went out at second base. One run, two hits, no errors.

New York—Kelly strikes out; Terry triples to right field; Johnson took Wilson's grounder and Terry is run down between third base and home plate; Wilson going to second on the play; Jackson flied out to right field. No runs, one hit, no errors.

Fifth Inning.

Washington—Johnson, out short stop to first base; McNeely pops out to first base; Harris strikes out. No runs, no hits, no errors.

New York—Gowdy singles past base; Bentley hits home run to right field stands scoring Gowdy ahead of him; Lindstrom fouls out to catcher; Frisch gets two base hit when wind blew ball away from McNeely; Young hit by pitched ball; Kelly hit into double play Bluege to Harris Judge. Two runs, three hits, no errors.

NAVY DIRIGIBLE COMPLETES FIRST DAY TEST CRUISE

Shennandoah Will Arrive at Fort Worth, Texas About 7 O'clock This Evening

On Board the Shenandoah over the Mississippi-Alabama boundary, October 8.—The Shenandoah appeared over the Alabama-Mississippi boundary flying at a speed of 66 miles an hour and 3,500 feet above the wooded hills and valleys completing the first 24 hours of its 9,000 miles test voyage at 9 a. m. Central Standard Time today.

The airship sailed over the upper strata of Mississippi and laid its course directly west across the state to reach the Mississippi River at Greenville at noon.

Atlanta was passed at 4 a. m. just as day was breaking and the Georgia metropolis was beginning to awake. A salvo of locomotive whistles echoed up into the clouds to the wonder of the ship. Carrollton, Ga., was passed at 5:32 a. m. The sun, a golden ball was peering over the eastern horizon of the Blue foothills at 6 a. m.

Starkville, Miss., Oct. 8.—The Shenandoah passed over Starkville at 9:17 this morning, sailing in a westerly direction.

Fort Worth, Texas, Oct. 8.—According to navy officials and air navigators here awaiting the arrival of the Shenandoah, the big airship should arrive here about 7 o'clock this evening at her present speed.

Sixth Inning.

Washington—Rice strikes out; Goslin strikes out; Judge singles past second base; Bluege strikes out. No runs, one hit, no errors.

New York—Terry gets base on balls; Wilson strikes out; Jackson hits to left field, Rice recovers ball throwing him out at first. Gowdy out at first. No runs, no hits, no errors.

Seventh Inning.

Washington—Ruel gets base on balls; Miller out at first unassisted; Ruel going to second base; Johnson flies out to center field; McNeely gets base on balls; Harris flies out to right field to Young who caught ball near concrete wall. No runs, no hits, no errors.

New York—Bentley out second to first, Lindstrom singles over second; Frisch pops to Harris; on hit and run play Young singles to right, Lindstrom going to third; on attempted double steal Lindstrom out at plate. No runs, two hits, no errors.

Eighth Inning.

Washington—Rice out second to first; Goslin hits home run into right field stands (Goslin's hit tied Babe Ruth's hitting record in last year's series); Judge singles right field; (Bentley taken out of box and replaced by McQuillan); Bluege out second to first; Judge going to second base; Ruel out third to first. One run, two hits, no errors.

New York—Kelly singles to right field; Terry gets base on balls; Johnson juggled Wilson's sacrifice bunt and the bases were filled; Kelly scored on Jackson's sacrifice fly to left field; Terry held second; Gowdy forced Wilson out at second; Terry going to third base; Terry scored on McQuillan's Texas Leaguer; Gowdy halted at second; Gowdy scored on Lindstrom's sharp single to left field; McQuillan halted at second; Frisch forced Lindstrom out at second. Three runs, three hits, one error.

Ninth Inning.

Washington—Liebold (batting for Miller) flies out to center field; Tate (batting for Johnson) gets base on balls; (Taylor runs for Tate); McNeely strikes out; Harris flies out center field. No runs, no hits, no errors.

DENIES CONNECTION WITH SLUSH FUND

W. L. Mellon Declares La Follette Statement is "Lie and Needs No Answer"

Pittsburgh, Pa., Oct. 8.—Senator Robert M. La Follette's charge that a slush fund was being raised in Pennsylvania for use elsewhere in the Republican presidential campaign by a committee including W. L. Mellon, brother of Secretary of Treasury Mellon, was characterized as a "pure fabrication" today by Mr. W. L. Mellon here today.

Seventy-Five Counties To Have Exhibits at Fair in Raleigh

Raleigh, Oct. 9.—More than seventy-five of the one hundred counties in North Carolina will be represented by exhibits at the State Fair in this city during October 13 to 17, according to Mrs. Edith Vanderbilt, president of the Fair and member of the State Board of Agriculture from the tenth district, who expresses herself as being very much gratified over the outlook.

LAFOLLETTE CHARGES FUND COLLECTED TO BUY ELECTION OF COOLIDGE

CHARLOTTE FOLKS FAIL TO GLIMPSE THE SHENNANDOAH

Sleepy Eyed City Goes to Work This Morning With Keen Disappointment at Missing Giant Ship

Charlotte, Oct. 8.—Thousands of persons arose today sleepy-eyed from a brief nap after staying up practically the entire night in hope of getting a glimpse of the United States Navy battle ship of the air, the Shenandoah. From night until long after midnight the city was agog in the hope of catching a glimpse of the huge silver fish or at least a glimpse of her navigation light. It was a beautiful moonlight night the sky being clear of all clouds and it was on this that the hopes of many for a glimpse of the ship was based.

On the tops of the taller buildings people by the scores waited and gazed skyward for hours and every report regarding the movements of the vessel was eagerly received. For two hours after the ship was reported as having passed Salisbury the crowds remained up hoping that the ship would follow the road bed of the Southern Railway via Charlotte to Atlanta. It was with keen disappointment that they received definite information that the vessel had passed south of Charlotte avoiding the sweeping curve of the Southern Railroad between Salisbury and Gastonia, and they went off to bed to snatch up a few moments of sleep before going to work today.

Labor Conditions Continue Good in State Says Report

Raleigh, Oct. 9.—Labor conditions in the State of North Carolina continue to be good with the employe having a slight favor, according to the weekly compiled report of the State-Federal Employment Service issued here today by its director, M. L. Shipman, Commissioner of Labor and Printing.

Branch Offices of the Service Located Over the State Reported that during the weeks end October 4 th supply and demand of most kinds of labor were about equally balanced as a rule, only a slight shortage of brick masons and domestic help were reported from two offices.

For the third consecutive week the service kept the number of placements above the 700 mark. According to the report, there were 708 placements of which 550 were men and 158 were women, while the registrations numbered 883 of which 683 were men and 200 were women, and the requests for help totaled 780 of which 587 were for men and 193 were for women. There 777 applicants referred to employers.

Unskilled labor placements numbered 415, say the report, and the other classifications were skilled 118 clerical and professional 39; domestic 136 while there were no placements in the industrial class.

Placements by cities were given to be: Asheville 129; Charlotte 161; Greensboro 118; Raleigh 59; Wilmington 132 and Winston-Salem 109.

Independent Presidential Candidate Demands Immediate Investigation Into Alleged Slush Fund

Hoboken, N. J., Oct. 8.—Determined to press his demand for a Senate investigation to establish whether or not a slush fund is being collected to buy the election for Coolidge in the doubtful states as charged in his address last night at Scranton, Pa., Senator Robert M. La Follette invaded New Jersey today for a speech at Newark before turning westward for his tour to the Pacific coast.

Upon reaching Hoboken the Senator in a statement reiterated his charges as to the existence of a slush fund. "I intend to follow up vigorously my demand for an investigation into the special slush fund being collected under direction of W. T. Mellon, of Pittsburgh, brother of Secretary Mellon, and Edward Stokesbury, of Philadelphia, partner of J. Pierpont Morgan, for alleged purpose of buying the election of Coolidge in the doubtful states. Evidently this is a repetition of the tactics used by Mark Hannah in the campaign of 1896 when the famous message was sent to Colonel Dudley, of Indiana, instructing him to 'Vote them in blocks of five.'"

Senator La Follette is awaiting a reply today from his telegram to Senator Borah, chairman of the Senate Committee on Campaign Expenditures, in which he demanded an immediate investigation of the alleged slush fund.

JAPANESE NAVY TO HOLD MIMIC WAR ON BIG SCALE

Tokio, Oct. 7.—For three weeks in October Japan will undergo "invasion" from the Pacific ocean. The empire, from the Kuriles in the north to Formosa in the south, will be threatened by an "enemy" fleet from the east. It will be the first major maneuvers to be held by the Japanese navy since the Washington armament conference.

One hundred and eighty-eight vessels of war will take part in the mimic naval conflict, which is designed to test the defensibility of Japan against attack from the east. The cost of the maneuvers will be 5,000,000 yen, and of this 3,500,000 yen will be spent for fuel alone.

All the Japanese navy's air forces will take part in the operations, including about 100 airplanes and the new Astra dirigible of the Kasumigaura corps. This will be the first time that aircraft have taken part in Japanese naval maneuvers.

SLEMP'S POSTMASTERS VIOLATE CIVIL SERVICE

C. Bascom Slemph's army of postmasters is charged by Thomas P. Flaherty, Executive Secretary of the Federation of Post Office Clerks, with defying Civil Service by attempting to "bully" postal clerks into voting for Coolidge and Dawes.

"Word has reached us," said Secretary Flaherty, that certain postmasters who are political appointees are trying to intimidate their clerks, threatening them with dismissal if they are found to be active against the party, at the polls or even in conversation with friends or fellow-workers who are working for other than the Republican party.

"One 8,000 a year postmaster who has been showing up for work but three hours a day and working at politics the rest of the time told his clerks they would be dismissed at once if they even expressed a favorable view toward La Follette or Davis. This sort of thing is being reported to us from every angle. Most of the postmasters are using favorites in the service to spread the word for them. These same men are violating the Civil Service law in trying to dismiss clerks without a hearing and without cause.

"We are informing all of the 300,000 postal employes that it will be no crime to vote as they please, that the efforts of the postmasters are as unlawful as was the effort some time back of the President's Secretary, Bascom Slemph, to collect money for campaign purposes from postmasters. The difference in this case is that our organization will fight against those who violate the law. We are letting the employes know that their political bosses can't get away with their threats.

"Postal employes are not unmindful of the restrictions placed on their political activity. If you are for the administration, you can hire a hall, but if against it, the Department tries to throttle you.

"Postmaster General New, the avowed enemy of the Civil Service and advocate of the 'spoils system' is aiding and abetting the postmasters. He has failed to bring any to task for their unlawful political activity. This is to be expected, however, from New. He it was who urged Coolidge to veto our pay bill and then 30 days afterward gave an increase of 400 a year to supervisors in the Department."

The supervisors receive from \$2,600 to \$4,000 a year; the employes whose increase was denied get \$1,800 a year or less.

This is the same C. Bascom Slemph who

wrote the postoffice patronage referee in Virginia, when complaints were made about collecting money from postoffice appointees, as follows: "I have letters in regard to the collection of money for postoffices. One must be very careful about this. It will bring the party into disrepute, which would be bad for every one. We must preserve our standing with the people and with the administration."

A postal employee who lifts his voice for Coolidge and Dawes, or will contribute to their campaign fund, gets promotion and a salary raise; but one who says he is going to vote for one of the other candidates gets "canned."

BOOZE AND AUTO WRECKS

No newspaper reader who follows the shocking increase in automobile accidents can escape the conviction that a very large proportion is due to liquor in one way or another. The liquor may be in the driver or in the machine which is wrecked or the wrecked machine may be the result of liquor in the car which did the damage.

The accident may be a skid or a collision with a post. It may be the result of heedless approach to a railroad or trolley crossing which ends in death or injury, but no matter what form the accident or casualty should make, the amazing thing is that liquor figures in such a high proportion of cases.

Many times the newspapers at the moment fail to learn that booze has been a contributing factor in the smash-up, but inquiry shows a surprisingly larger number of automobile misfortunes due to drink.

To all motorists and to all pedestrians who use the highways this is a condition that may well cause apprehension. Wife-beating, industrial inefficiency, pauperism, crime, are among the causes that prompted this nation to establish prohibition. Reckless autoists provide still another reason. Bad as the situation is, can the melee of auto accidents be conceived if the old grog shops were running as they once were?

al Air Force, and particularly among squadron officers. In this year's report they note with satisfaction that the Air Council agrees with them.

"But a general raising of the standard of technical knowledge," the committee's report declares, "must take time. Meanwhile accidents which, in the view of the committee are primarily due to the absence of this knowledge to occur. Many machines are destroyed while in some cases lives are lost. The committee has felt it to be within their province to urge any steps that might reduce such losses."

Aeronautical experts are prompt to suggest, as the real remedy for present defects, as the real remedy for present defects, that the Royal Air Force be equipped with machines that will not stall, machines which when they get to the stalling point, will simply glide forward and sink flat.

"To provide the remedy may mean the expenditure of money," said one observer, "but you have either to supply an elementary training machine that is foolproof, or go on with the present method with its loss of life."

Official Ballots Mailed to Eighty-One Counties

Raleigh, Oct. 7.—After a week of labor under difficult conditions, the all the official ballots, except the LaFollette-Wheeler ticket which was not permitted on the official ballot until Friday, have been mailed to the 81 counties in the state not having the Australian ballot, according to an announcement made at the State Board of Elections.

Some idea of the large number of ballots handled may be gotten from the statements showing the requirements for handling the 18,000,000 ballots that were mailed out. At required 12 large postal trucks to carry the ballots from the office of the board to the post office. There were approximately 500 bags of the mail from the board which cost about \$600 postage for its delivery, it was stated.

The board it was asserted, work under very difficult conditions in handling the large number of ballots, due, it was said to the lack of large enough and permanent quarters. These handling the mail were compelled to work in the basement of the building because of the scarcity of space and many files, it was said, are now kept in out of the way places because of inadequate offices.

Emphasis was laid by those handling the details of the work that much more progress could have been made had the quarters been more ample and permanent so that there could always be a specified place for certain files and necessary stores of papers instead of having to "borrow" space from one department and another.

Baptist Students Will Hold State Conference Greensboro

Baptist students of North Carolina will be the guest of Forest Avenue Baptist Church, Greensboro, for their first State Student Conference which opens next Friday. Forest Avenue Church adjoins the campus of the North Carolina College for women and is the home of Baptist Students Activities for the girls of the College.

The conference is promoted by the Interboard Commission of the Southern Baptist Convention with Mr. Frank H. Leavell as Executive Secretary and a state committee of which Rev. Eugene Olive is chairman. The plan is to have every school in the state send a delegation for inspiration, information and preparation for a definite Christian life and program. The aim is to provide a unified religious student program for each denominational school and for churches near State colleges.

Great interest has been shown among Baptist students since the first conference in Greensboro two years ago. There are about 6000 Baptist students in North Carolina many of whom are in State Institutions. The denomination is seeking to give to every Baptist student the incentive and preparation to become religious leaders of the future.

It is very fitting that Forest Ave. Church should be the home of the first state conference. The first department of Student Activities for state schools to be organized in North Carolina was at Forest Avenue. The first money given for the building was by students of the College and the first pastor was Dr. Chas. E. Maddy who is now the secretary of the Mission Board and the moving spirit in student work. Under the leadership of the pastor E. E. White and director of Student Activities, Mrs. C. A. Williams, the church is serving in a great way the religious life of North Carolina and has now outgrown its present facilities.

Due to present limited accommodations of the church permission has been given by Dr. Foust, the president, for the use of the college dining hall and the auditorium for the Sunday sessions.

ENERGETIC MEASURES SAVE THOUSANDS OF THE ISLAND FISH

New Orleans, Oct. 9.—The Louisiana Conservation Commission, with the assistance of the Federal Bureau of Fisheries, saved 775,300 fish from death in St. Martin parish alone from Aug. 9 to Sept. 6, according to a report of the commission for its work in overflow pools which

were drying up because of the drought.

Game fish to the number of 157,025 were transferred to streams in East Carroll parish, in the northeastern part of the state, and in Calcasieu parish, in the southwest. Commercial fish numbering 617,275 were planted in running streams in the vicinity where they were rescued. The commission is continuing the rescue work in other parts of the state.

England Concerned Over Many Deaths Among Her Aviators

London, Oct. 4.—Since the beginning of the present year there have been 58 deaths among officers, and men of the Royal Air Force directly due to accidents to machines. Considerable anxiety is occasioned by such a large number of fatalities to the personnel of the youngest arm of national defence, and the Aeronautical Research committee is urging that steps be taken immediately to lessen the losses due to lack of technical knowledge among members of the force. All of the experts declare the skill of British pilots can not be questioned.

The Aeronautical Research Committee last year emphasized the need for a higher standard of technical space from one department and another.

ON THE ANXIOUS SEAT

Sweeden Happy Over Tourists.

Stockholm, Oct. 2.—Visitors from about 60 different countries, three international congresses and special tourist parties of all descriptions, have made this year's travel season in Sweden the most varied and lively one on record.

Swedish traffic interests report that even the delegates who came to the country on special missions found time for general sight-seeing, and that Visby, Gotha Canal, Dalecarlia, Lapland, etc., have been crowded with foreign visitors.

PRAYER SERVICES AT THE METHODIST CHURCH TONIGHT

The pastor takes great pleasure in announcing that John Clark, whom all Greenville knows and loves as a leader of the Men's Federation work, will have charge of the mid-week prayer service at the Methodist church tonight.

Ever since the revival services in the warehouse last spring, the mid-week prayer services have been largely attended and greatly enjoyed. We are hoping for the best attendance we have had at all, tonight. Let our people come out and show their appreciation of the splendid work being done for our Lord's kingdom in Pitt county by this noble young Baptist layman.

Our third quarterly conference will be held immediately after prayer meeting.

DOUGLAS MACLEAN GETS A REAL BLACKJACKING

Actor Forgets Pad For Head and "Thug" Lambasts Him Soundly

Douglas MacLean got a real blackjacking during the filming of Thomas H. Ince's mystery comedy, "A Man of Action." The star had a thick pad made to wear under his hat so that when a thug in the play hit him over the head the blow would not hurt.

MacLean rehearsed the scene several times, without any mishap. Just before it was actually shot he removed the heavy pad to let his perspiring head cool off. A distracting argument between the director, James W. Horne, and the cameraman followed about the thug's make-up.

Then—"Action!" shouted the director. MacLean jumped into place. The thug crept forward and brought down his blackjack in approved style. MacLean fell to the ground with an anguished moan.

"Great stuff," yelled the director, "Keep it up, 'Doug.'"

"Doug" rolled around in pain.

"That's enough of that faking," shouted the director.

MacLean staggered to his feet. "Fake nothing," he moaned, lifting his hat, "Just feel that bump. I forgot my head pad."—At White's Theatre today.

QUARTERLY CONFERENCE BE HELD AT METHODIST CHURCH THIS EVENING

The postponed session of the third quarterly conference will be held at the Methodist church tonight immediately after prayer meeting. Let every official member be present.

Markets

(Furnished by James William Cobb)

COTTON-LETTER.

New Orleans, Oct. 8.—The government for a larger crop than generally expected, and heavier ginnings than generally looked for, occasioned a sharp decline in market today.

Comparatives—Condition of crop 53.5 vs. 49.5 Sept. 25. Indicated yield per acre 148 pounds vs. 137.7. Crop forecast 12,499,000 vs. 11,015,000.

Ginned 4,525,320 vs. 3,232,000. Final ginnings question vs. 10,140,000. The trade was expecting about 12.4 as to the indicated crop and was looking for ginnings of around 4,000,000 bales. Since both were larger than generally expected, generally liquidation followed, causing values to decline sharply.

After all is said and done, the fact remains, that the indicated crop is nearly 100,000 smaller than 2 weeks ago nearly 300,000 less than one month ago and nearly 500,000 smaller than the peak estimate of Aug. 23 when a production of 12,956,000 bales was forecast. Large ginning at so early in the season are no criterion as to ultimate size of the crop. In 1922, ginnings to Oct. 1st were 4,600 but final ginnings amounted to only 9,770,000.

There is said to be much late cotton this year subject to damage by frost. If damaging frosts make their appearance at an average much less an early date the present prospective yield may demand small perhaps much smaller. On the hand if damaging frosts are late in materializing the present indicated yield may be sustained, perhaps made some what larger.

For immediate future there are no prospects of rain, followed by colder for the southwest probably frost tonight in extreme northwest Oklahoma and Texas Pan Handle. Since it will likely be colder tomorrow than it will be tonight may have a frost scare tomorrow or Friday. Under the circumstances we favor buying on this important decline.
