J. W. DAVIS DECLARES DEMOCRATIC CAUSE IS GAINING GROUND

Democratic Presidential Candidate Says the Ranks of Republicans are Alarmed at Losses to La Follette

Nashville, Tenn., Oct. 20.—Reports given John W. Davis, Democratic nominee for president during the past 24 hours by Tennessee Democratic leaders here were summarized by Mr. Davis today in a statement declaring that the Democratic National and local tickets in this state would be given an old time plurality in the election two weeks from tomorrow.

"The same enthusiasm and earnest interest that marked my tour through New York, Indiana, Illinois and Missouri has been met with here," declared Mr. Davis. "The cause of Democracy is gaining everywhere. Voters understand the issues and are determined to order a change in the conduct of the government at Washington."

Mr. Davis also reiterated his pronouncement that although he believed the LaFollette-Wheeler Independent ticket would snatch six or eight states from the Republican columns that he saw no reason for the Democrats to fear that result. "That the Republican ranks are frightened at the prospects of LaFollette's success in six or eight states" the candidate said, "does not furnish sufficient reason for alarm in our party circles."

Mr. Davis spent his time today between conferences at his hotel headquarters and two addresses to be delivered before a meeting at Vanderbilt stadium and later at a dinner given under the auspices of the Nashville Chamber of Commerce. His voice which broke several times Saturday night in his address at St. Louis has returned to normal strength and volume.

Senator Ralston, of Indiana, rejoined the Davis party here today and will remain with the candidate probably throughout his return trip through that state.

Everything Ready For South's Greatest Sporting Event Now

Charlotte, Oct. 20.—All is in readiness for the south's greatest sporting event next Saturday, October 25, on the Charlotte speedway. Advance seat reservations indicate that the largest crowd that has ever attended a sport classic in the south, not even excepting the Kentucky derby, will be on hand to cheer the 14 demon drivers who will roar around the board track in the 250-mile speed duels.

All the drivers have arrived from their recent races at Fresno, Calif., and they are indulging in daily workouts on the Charlotte oval.

The drivers who are entered, all of who, expect to start, are Earl Cooper, Fred Comer, Bennett Hill, Harlan Fenger, Tommy Milton, Phil Shafer, Harry Hartz, Jerry Wunderlich, Antoine Mourre, Bob McDonough, Peter DePaolo, R. L. Cairns and Wade Morton. Earl Cooper won the Fresno race and Harlan Fenger was the Los Angeles winner last February. Phil Shafer annexed the first prize at Syracuse in September.

Every driver, as well as Fred Wagner, veteran starter, have pronounced the Charlotte speedway the best "speed factor" yet devised. One of the safety measures is a steel ribbon that circles the top rail, while the safety zones below the apron are double-fenced.

The races will start promptly at 2 o'clock Saturday afternoon, October 25.

Raleigh Man Makes Unusual Record In S. S. Attendance

Raleigh, Oct. 20.—Yesterday marked the one thousandth consecutive Sunday that Edward F. Lewis, 214 South Haywood Street Raleigh, has attended Sunday School, it was announced here today by John D. Berry, president of the Simms Baracca Class of the Baptist Tabernacle. Mr. Lewis in completing his one thousandth attendance at Sunday school without missing a Sunday has set what is said to be one of the best and longest records for such activities in the country. He now has all the certificates, seals, and ribbons that he has been presented during the past fifteen years, framed of which he is a proud possessor. His record covered over a period of 19 years and 12 Sundays and he has been a member of the same class for more than 20 years, it was stated.

The Simms Baracca Class of the Baptist Tabernacle of this city was organized on September 27, 1900, according to Mr. Lewis, who is the class historian, and was the Baracca Class organized outside the state of New York, where the movement began.

R. N. Simms, the founder of the class has been its teacher since the first Sunday of its existence. The present enrollment was given as 250 with an average attendance of 150 members. Three of the original charter members who numbered eight are still active members. These are R. N. Simms, A. M. Moore and T. A. Branham.

The class follows a system of giving the members a gold cross for one year's consecutive attendance and an additional bar for each year kept perfect thereafter. Mr. Lewis has this pin and 14 additional bars. Mr. Berry stated. He explained further that Mr. Lewis had a perfect record of attendance for four years and 12 Sundays prior to the time when the recognition system was inaugurated 15 years ago.

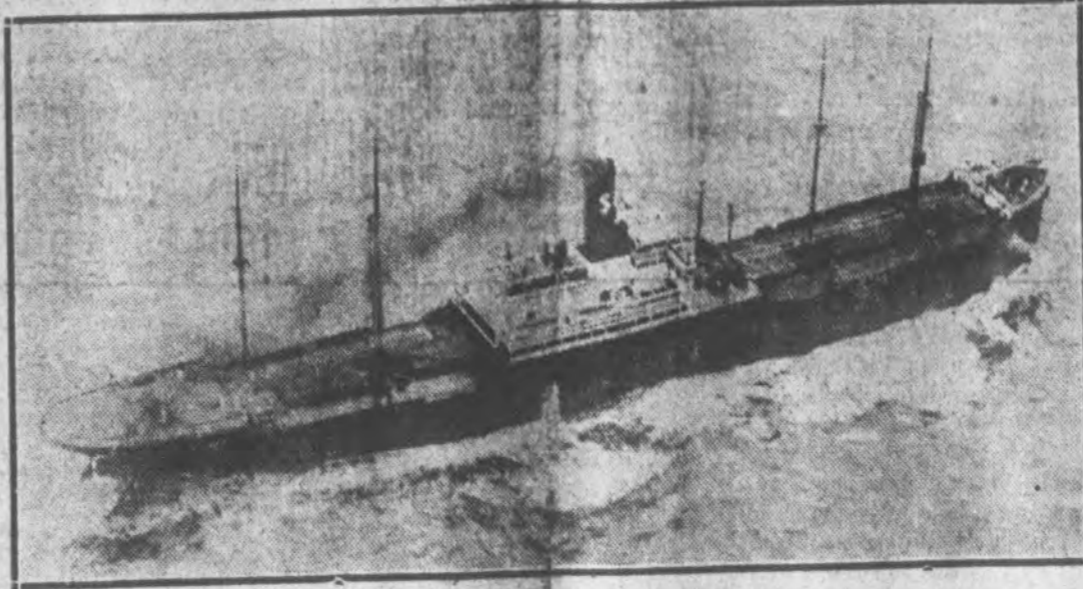

Questioned as to his greatest incentive for attending Sunday School so regularly, Mr. Lewis replied that his was to set a good example for his children though he found his greatest pleasure in attending the class for which he had learned to care so much.

"One Day for the Orphan" Is Slogan Drive Orphanages

Raleigh, Oct. 20.—"One Day for the Orphan" is the slogan adopted for the drive for funds for the benefit of the various orphanages of the state, according to an announcement made public here by Commissioner of Labor and Printing, M. L. Shipman, who is chairman of the public committee.

Approximately 7,000 envelopes for the purpose of returning funds have already been sent out to the state and various counties' officials, and civic organization as the first step in the campaign for this year. Accompanying the envelopes is full explanatory information regarding the purpose of the collection and the plan.

According to Mr. Shipman, the committee is asking that everyone give one full day's income to this cause. This, it is felt by the committee, is practicable with most every one, but in cases where such is not the committee is asking for as much as can be given.

The Sunday just before Thanksgiving has been designated as "Orphanage Sunday" and an effort will be made at that time to complete the collection of the donations.

Participating in the benefit of the fund will be 23 orphanages of every denomination both white and colored situated throughout the state, it was said, and the funds will be divided upon a budget system, according to the needs of the institutions in comparison with each other.

In speaking of the request for one day's income, Mr. Shipman said, "Many persons, men, women, and children, give liberally every year to the cause of the homeless and parentless children in this state and our Thanksgiving season has long been noted for numerous gifts to those in need and especially to the orphans. We feel that our undertaking this year should be only a reminder to the public that there still remain those less fortunate children than their own, who are looking to them for continued support that they may be educated and brought up under Christian surroundings that they may in years to come be worthy citizens of this state. The gifts to some charities is debatable but that to the orphans is not."

ABLE CENTENARIAN IN UTAH STILL PRACTICES MEDICINE

Vernal, Utah, Oct. 20.—This city lays claim to one of the oldest, if not the oldest, practicing physician in the United States in the person of Dr. H. C. Hullinger, who will be 100 years of age on December 8, 1924.

Dr. Hullinger maintains an office here. He is a remarkable well preserved man and, despite his advanced age, does not wear glasses and is hale and hearty. He was born in Champaign county, Ohio, 20 years after Ohio was admitted to the Union as a state and in a recent interview attributed his unusual age to "having lived a righteous life, the practicing of the Golden Rule, and for the past 75 years having taken my own medicine when it was needed."

Dr. Hullinger came to Utah in 1859 and has several children. He has been married three times.

SLUSH FUND PROBE WILL BE RESUMED IN CAPITAL TUESDAY

Borah and Investigating Committee Now Enroute to Washington to Carry On the Investigation

Chicago, Oct. 20.—William E. Borah, chairman and the other members of the special Senate Committee investigating the campaign expenditures were enroute to Washington today after having started their initial inquiry here.

Tomorrow in the Senate office building the committee will resume its investigation of the reports that a huge Republican slush fund is being raised for use in doubtful states through the Democratic National Committee collections, expenditures and proposed budget for the remaining days of the campaign and the expenditures of the La Follette forces will also be brought under the committee's scrutiny.

That the committee will have fresh material is indicated by the statement issued here last night by Chairman Butler, of the Republican National Committee, that 190 La Follette leaders in Milwaukee on September 29 had decided to raise \$500,000 in that state alone to further the presidential candidacy of the Senator and the assertion at Madison, Wisconsin, last night of Eric Onstadt, La Follette leader, that Wisconsin had contributed only \$40,000. Onstadt said there had been announcement that a larger fund would be raised but that it was more enthusiasm than the actual facts justified. His statement as did that of Butler, welcomed the investigation and promised all possible co-operation.

Recognition Service Conducted Y W C A Teachers College

Of all Y. W. C. A. services the most beautiful is the Recognition Service when candles are used to symbolize the eight received by the new members. This service at East Carolina Teachers College on Sunday evening was especially impressive.

As the choir sang the association song, "Follow the Gleam," three hundred girls, dressed in white, marched down the aisles of the dimly lighted hall on to the stage where they lighted their candles from those held by the officers of the association. Then in single file they marched to their seats in the auditorium.

Miss Christine Vick, the president, read a scripture lesson that brought out the idea of service. After this the girls repeated together the purpose.

Last week the devices used for campaigning were very interesting six teams of six members each with a captain at the head of each contested to see which would win the greatest number of members. The leaders were Miss Grace Strassburger, Alda Hamrick, Lucile Creele, Mildred Barnes, Phoebe Trexler and Gladys Kilpatrick. A clever automobile track was on display in the main corridor, each car bearing the name of the leader. Every day crowds gathered around the track to see who was ahead. Miss Lucile Creele won in the race.

WHY "THE BREAKING POINT"? MR. BRENON EXPLAINS THE TITLE

Paramount Director's Latest Production Will Be Shown Here Within a Few Days.

When the mind is taxed to "The Breaking Point," one of two things must happen, according to Herbert Brenon who produced Mary Roberts Rinehart's novel of that name as his latest production for Paramount.

"Suicide is one way," and the other is nature's own way of taking care of the mind. It is a brain revolution that drives all memory of what caused the trouble back into the sub-conscious mind and keeps it there.

In "The Breaking Point," Matt Moore plays the role of a man whose mind gives way when he thinks he has become a murderer. When he recovers his poise, the memory of the murder is lost in the depths of his subconscious mind where it remains for ten years. Only the sight of his former associates, who lead him step by step through the events which led up to the murder, is sufficient to shock him into complete consciousness of the things which caused his mental collapse.

Nita Naldi, Patsy Ruth Miller and George Fawcett are featured with Matt Moore in "The Breaking Point" which will be shown today only at White's Theatre.

LIGGETT & MYERS TOBACCO CO.

FORT WORTH WINNER IN ANNUAL CONTEST FOR BEST RAILWAY

Atlanta City, Oct. 17.—The Northern Texas Traction Company of Fort Worth, Texas, recently was awarded the Charles A. Comm prize for accomplishing more outstanding achievements than any other electric railway in the United States during the last year.

The winner scored heavily in popularizing service, creating good-will and maintaining friendly relations with its employees. It also made notable accomplishments in effecting economies, improving construction, preventing accidents and financing.

"We are always doing something in the public interest," was the succinct statement made by the company summarizing its accomplishments.

Active in causing the building of several hundred new homes along its lines had much to do with the company's victory. In a desire to increase traffic, particularly on short hauls, the company made a survey of all vacant lots within four blocks of its lines and found there were 24,000 of them. It then encouraged the building of homes on many of these lots.

Use of the colloquial "Howdy" also helped gain good-will. Several cars were painted white and the greeting, "Howdy, glad to see you. Ride and save the difference," was painted on the cars. The crews were supplied with special uniforms similar to those worn by yachting captains.

All cars are repainted every nine months and kept scrupulously clean at all times. Company employees participate in all civic affairs. Sessions of a courtesy school are run regularly. Information cards distributed among passengers brought criticism from only 9 per cent. Strenuous efforts are made to eliminate accidents.

Convinced that people would rather ride street cars than buses, the company recently supplanted a bus line with traction service and increased the receipts from \$50 to \$110 a day. A public celebration marked the opening of the line.

The United Railway & Electric Company, of Baltimore, and the Interstate Public Service Company, of Indianapolis, were runners up in the race for the award. Fort Worth winning only by a shade.

Bread Returns from Waters.

Ontario, Cal., Oct. 17.—Bread "cast upon the waters" last winter in the form of a meal to an aged tramp is returning in abundance, according to F. H. Beasley, an Ontario restaurateur.

In gratitude for a meal given him, an old miner told Beasley of the location of a desert mining claim near Randsburg. Beasley investigated and is now exhibiting gold which he says came from the mine on which he field a claim following the tip of the man he befriended.

BISHOP FINDS MORAL TONE

UNITED STATES IMPROVING
Manila, Oct. 17.—Bishop John W. Robinson of the Methodist Episcopal

Over a year in New York and still going. More than eight months in Chicago. Capacity audiences wherever it has played.

Summed up, briefly, that is the record of past performances of "The Bat," the biggest dramatic hit in years which Wagenhals and Kemper present at White's Theatre on Tuesday, Oct. 21.

The astounding success of "The Bat" is not really difficult to understand. In the first place it is a stirring, thrilling, mystery story—the kind of a story that every man, woman or child enjoys. And in the second place, it is every bit as full of laughs as it is of thrills. Thrills and laughs—an unbeatable combination whether in a short story, a novel or a play.

"The Bat" is from the pens of Mary Roberts Rinehart and Avery Hopwood, both pastmasters at the art of writing for the theatre. Produced by Wagenhals and Kemper, its presentation is perfect. The cast, which has been acclaimed for its ex-

Church, with headquarters in Bombay, India, thinks the moral tone of the United States is improving and that it is becoming a better place in which to live. He is returning to India after spending several years lived more than thirty years in the far east.

"Greater charities are being announced," said the bishop, "mankind is more thoughtful of his neighbor, and more hospitals are being erected to care for the sick, making the United States a better place to live in. I visited all of the larger cities of the country, north, south, east and west and saw no drunken men. Christianity is strong throughout the country, greater churches are being built and more progress is being made."

WHAT SECRETARY WEEKS OMITTED TO BROADCAST

Many persons who heard Secretary of War Weeks defend the Republican administration in a talk on the radio from Washington recently were shocked at his brazen untruthfulness toward Senator Wheeler, vice-presidential candidate of the La Follette party, and his apparently deliberate misrepresentation of the facts regarding the indictment of Wheeler in Montana. Secretary Weeks sinned as much by his concealment as by his perversion of the truths which affect corruption among his own associates in the Cabinet.

Secretary Weeks cited Senator Wheeler's indictment, but carefully hid from his hearers the fact that it was admittedly the result of a plot connected by the Republican National Committee and executed by the Department of Justice under Harry Daugherty's regime. Secretary Weeks told his audience that Senator Wheeler "had appealed" to the Federal court to have the trial of his case deferred until after election. It may be that Secretary Weeks does not know the truth, but many of his hearers do, and it is the reverse of what the Secretary of War said.

While on the subject of Wheeler's indictment, Secretary Weeks omitted to mention that Secretary Fall, with whom he was associated in the Cabinet and in Republican councils, is now under indictment for corruption in leasing the naval oil reserves and refused to testify before the Senate committee because his testimony might incriminate him, and on that plea escaped examination. Mr. Weeks expressed fear that the La Follette group, if elected, would take private property and convert it to public ownership, but he said nothing of the fact that Secretary Fall helped take the Government's property—the reservoirs of oil set aside for the use of the Navy—and made private property of it, and that as a coincidence if not as a consequence

of this bartering of the public domain to Sinclair and Doheny, they got \$100,000 from the latter.

Secretary Weeks omitted also any reference to Forbes, Director of the Veterans Bureau, who is under indictment charged with embezzlement of public funds at the expense of sick and disabled soldiers and sailors of the World War; or of a Republican Congressman who stands convicted of bribery in connection with the violation of the prohibition laws; or of the outrageous dismissal of thirty men and women from the Bureau of Engraving and Printing to make room for Republican henchmen—one of them charged with wife-beating and another charged with "book-making" and gambling; or of the Republican spies of the Treasury and Department of Justice by whom the offices of Senators and private citizens have been entered and ransacked; or of the use of the Government's secret telegraphic code on "Ned" McLean's private wire for messages between the latter and White House during the investigation of Fall; or of Secretary Slemp's exposure as a peddler of Federal jobs in Virginia before he became President Coolidge's confidential political agent; or of the little "Green House on K Street" where the "Ohio Gang" met to make plans for getting spoils; or of Jess Smith, Daugherty's associate "without portfolio" in the Department of Justice; or of Burns, the professional "man hunter" who lent his agents to the Republican National Committee to help "frame" Senator Wheeler; or of the exhibition of prize fight pictures in the home of "Ned" McLean in violation of the law—but in the presence and for the entertainment of the highest officials in the Republican administration; or of any of the numerous dishonesties and abuses of which the Republican Administration is rightfully accused and which are issues which the former political partner of the late Murray Crane—John W. Weeks—should have met somewhere in the course of his apology for the Harding-Coolidge regime.

The Democrats—officials of the party or individuals—hold no brief for Senator Wheeler. He is the candidate of another party and the Democrats are opposing his election, which they regard as quite as undesirable as it is impossible. But they are interested in having John W. Weeks and all the Republican apologists state the facts about him and state only facts; for once these defenders of the indefensible be in to tell the truth every charge of indecency, dishonesty, corruption brought by the Democratic party against the present administration at Washington will have been sustained.

But the Republican policy in this campaign is either silence as to what can not be successfully denied or concealed or deliberate misrepresentation as to whatever is capable of that treatment.

Value Points New Big Six

The New Duplex-Phaeton Body—it solves the closed-open car problem.

Genuine Balloon Tires.

New Satin-Lacquer Finish.

Spanish chrome tanned leather upholstery.

New ideas in ease of operation and control.

Vibrationless Engine; forced-oiling system with new idea in oil supply. Full 75 h. p. block test.

Four-wheel Hydraulic Brakes optional—totally unlike any other system on American cars.

THE new Studebaker Duplex models give the comfort and protection of a closed car—with all the advantages of an open car, plus the good looks, riding comfort, interior finish and fittings that no open car could ever give!

Yet the price is no higher than that of an open car.

The appeal of its simplicity, convenience and durability is instant and decisive—with a touch of the hand you draw down the four roller enclosures and in thirty seconds your airy open car is a snug, comfortable enclosed car. With equal ease the enclosing sides can be rolled up into the roof and you have an open car again.

The Duplex body is especially built for the roller side enclosures, the roof is framed and shaped in steel—permanently beautiful and steel-strong to support the rollers, and the upper part of the Duplex is integral with the lower part. It is a unit body which harmonizes perfectly in beauty and function.

There is no other body like it on any other car at any price—because it is exclusively a Studebaker creation, made only by Studebaker. You can buy the Duplex from no other maker.

The new Duplex is available for each of the three new Studebaker chassis—the new STANDARD SIX, the SPECIAL SIX and the BIG SIX.

And these three new chassis are the evolution of the famous chassis of the five preceding years. Each year they have been improved and refined.

But this year the new models are climaxed with every tested and proved betterment that experience and science have thus far developed.

They are paramount exemplars of modern automobile design.

Simply stated, this means that money cannot buy more modernly perfect automobiles than the new Studebakers—we have the Duplex models ready for your inspection. Come in today!

CHRISTMAS CHEER FOR THE SOLDIERS

In three months, when old Santa Claus will be making his rounds again, thousands of American soldiers, sailors and marines on duty in foreign ports will have their Christmas gladdened by bags containing little remembrances from the folks back home.

These Christmas bags, containing little gifts for the soldiers' personal comfort, are prepared by Red Cross volunteer workers and transmitted to the soldiers through National Red Cross Headquarters.

Twenty-five of these bags were prepared by the ladies of Greenville. Mrs. Richard Williams had the work in charge.

COTTON LETTER.
 New Orleans, Oct. 20.—The trend
 of values continued downward to-
 day. Cables were easier than due
 the weather inland over week-end
 was favorable and the disposition
 was to raise crop ideas against due
 to recent climatic conditions in the
 interior. The tropical storm made
 its way into the Gulf of Mexico this
 morning and is expected to pass in-
 land over south Florida this after-
 noon. Advices from Cuba are to ef-
 fect that the effects of the storm was
 limited to rains. Consequently it
 does not seem to be of a destructive
 character.

Return to the Memphis Commr-
 cial Appeal summary of which was
 released this a. m. indicate that
 weather condition throughout belt
 were favorable for plant progress,
 maturing and for harvesting the cot-
 ton crop between Oct. 1st and 15.

The first mid month crop report
 to be issued in advance of next Sat-
 urday's government forecast made
 its appearance today. Returns to
 a leading American cotton firm
 averaging the condition at plant at
 54.7 indicating a yield of 12,672,000.
 On Oct. 8th the government fore-
 cast a crop, 12,499,000 based on a
 condition of 53.5.

As yet there are no signs of kill-
 ing frost and the longer damaging
 low temperature are delayed chances
 for a larger crop improvement as
 every day of such weather as has
 been experienced in the interior of
 the late is undoubtedly adding to
 the size of the crop if only in a small
 way.

Business in the cotton textiles
 shows signs of improving slowly in
 the country but is making more
 rapid recovery abroad as noted by
 the continuance of large exports of
 raw cotton from the United States,
 since Aug. first 1,499,000 bales vs.
 1,348,000 to even date last year.

Meanwhile the pending political
 elections in England and America
 serve as disturbing influences. Re-
 sults in England are expected to be
 beneficial but the outcome in the
 United States is uncertain.

Tribute Paid Discoverer of Australia, Hawaii

Honolulu, Oct. 20.—Creation of
 a British national shrine on the
 shores of Kealakek bay, island of
 Hawaii, where stands the monu-
 ment to Capt. James Cook, discover-
 er of the Hawaiian islands who
 was killed by the inhabitants in a
 fight that occurred on his second
 visit, was proposed here in an ad-
 dress of Sir Joseph Carruthers, pro-
 minent Australian statesman who
 represented Australia at the recent
 Pan-Pacific Food Conservation con-
 ference.

Sir Joseph said that an effort
 would be made on behalf of the
 Australian commonwealth to obtain
 the ownership of a right of way from
 the Kona road to the monument
 where Capt. Cook was slain, which
 is accessible now only by water. He
 added that a shrine at the spot would
 serve as a closer link of friendship
 between the United States and Great
 Britain and between the territory
 and Australia.

Sir Joseph said that he had ob-
 tained the land in Australia where
 Capt. Cook landed in 1770 and that
 100,000 persons annually visit the
 shrine which was created there.

"My principal object in coming
 nearly 6,000 miles from Australia to
 Hawaii," he said in an address, "was
 to pay tribute to the memory of one
 of the greatest men in the world,
 and I feel amply repaid in being
 privileged to visit the sacred spot
 on the shores of the bay where Capt.
 Cook discovered Australia and opened
 the gates to the white race and he
 also discovered Hawaii."

He reviewed the life and achieve-
 ments of the navigator, paying es-
 pecial attention to his feats in the
 Pacific.

Record Golf Score.
 Ogden, Utah, Oct. 17.—The par
 37 nine-hole Ogden Country Club
 golf course here was negotiated in
 30 strokes by Alex Stevenson, club
 professional, in a recent tournament.
 The best previous score was 31.
 Stevenson shot an eagle, five birdies
 and four holes, at par. A card of
 45 to 50 for the average player is
 good golf on the Ogden course.
