

S. B. UNDERWOOD DIED TODAY AFTER A LONG ILLNESS

One of State's Leading Educators Dies in Wilson Hospital; Funeral Tomorrow Afternoon in Jarvis Memorial Methodist Church; Interment in Cherry Hill Cemetery

S. B. Underwood died this morning at ten o'clock in the Moore-Herring Hospital in Wilson after months of intense suffering.

The funeral will be conducted at Jarvis Memorial Church tomorrow, Wednesday, at 2 o'clock, and he will be buried in Cherry Hill cemetery.

For two years, he has been a great sufferer, and has repeatedly been in the hospital in Wilson and in Baltimore. Since July 7th, when the news came from Johns Hopkins that no relief could be secured from an operation, and that radium was being used as a last resort, his friends have had little hope of his recovery.

After all had been done that the surgeons in Johns Hopkins could do, he returned to the Wilson hospital to be in the hands of his faithful physician and near his family and friends.

For ten years with a break of two years between Mr. Underwood has been identified with Greenville and Edge county, not only in education, but in everything that touches the life of the community.

He came to Edge county in 1914 as superintendent of the county schools, and as a member of the faculty of East Carolina Teachers College, succeeding Mr. Magdole.

In June 1921, he went to Raleigh to become superintendent of the city schools. In the fall of 1923 he returned to Greenville, as a member of the faculty of East Carolina Teachers College, as the director of practice schools connected with the College.

Mr. Underwood was prepared for college at Trinity Park High School. He was a graduate of Trinity College, in the class of 1906.

He has been for years an outstanding figure in education in North Carolina, serving the children of North Carolina in teaching positions ranging from a one-teacher school to being superintendent of what is perhaps the most important school system in North Carolina.

He began his teaching career before he completed his college course, dropping out one year to take charge of a two-teacher school in Camden county. During one summer he taught a school in Dare county, and while in college he taught a class in English in the Trinity Park High School.

His first position after leaving college was in Southern College, Florida, where he taught English for the years 1906-07. It is significant that this is the only year he spent outside of North Carolina.

He returned to the State to become superintendent of schools in Hertford, where he remained until 1910, when he became headmaster of Trinity Park High School. He returned to the public school work in 1911, becoming superintendent of the Kinston Schools. He came from Kinston to Pitt county in 1914.

He was president of the North Carolina Teachers Assembly, the Educational Association, in the year 1920 after having been vice-president the year preceding. His name frequently appeared on the programs of both State and National Educational meetings.

When Trinity College organized a chapter of the Phi Beta Kappa Society, the National Scholarship Fraternity, and selected from the Alumni those who had maintained a high standard of scholarship and had rendered signal service to the cause of Education, his name was on the list of charter members.

STATE CASTING HEAVIEST VOTE IN ITS HISTORY

More Women Registered Than Men in Some Precincts; Large Number of Boxes Confusing

Raleigh, Nov. 4.—Early indications were that one of the heaviest votes in history of the state would be cast today. The weather generally was reported clear.

Reports received here said that there was confusion at some of the polling places because of the large number of boxes required to handle the referendum measures, constitutional amendments, state, national and county tickets.

The women's vote also was expected to be heavy reports reaching here stating that in many precincts more women voters had registered than men.

With the sun shining brightly most of the polling places in Wake county today were being operated in open air. A few of the ballot boxes were kept in doors, but long lines waited across the front of the building or the yards where the boxes were being held.

Up until noon a comparatively light vote had been cast few precincts reporting more than a third of the registrations having been to the polls. Many women are reported to be voting. In some of the precincts the vote being reported to be about even with the men. In many of the precincts the early vote it was said indicated the Port Terminal bill was running ahead, in a few it was behind and in others officials reported that the voters paid little attention to the referendum measures and constitutional amendments.

LaFollette, according to officials was getting a number of votes in every precinct. One precinct reported that the Wisconsin Senator was running ahead of the Republican ticket.

CANDIDATES TAKE DAY EASY, VOTERS WRESTLE AT POLLS

Coolidge, Davis and LaFollette Spend Day at Respective Homes Awaiting Verdict of People

New York, Nov. 4.—John W. Davis took a holiday today. To the few visitors to Locust Valley Davis appeared gratified that the campaign grind was over. He expressed confidence in the decision the electorate was making at the polls but was equally relieved that his personal role had come to an end. Even the task of the citizen voter rested lightly upon him. He motored to Green Cove early today and cast his ballot. Then within a short time he was put on the golf course at play. To those who greeted him at the club house the candidate remarked that he hoped to prove a better golfer than he had been a campaigner. He admitted the need of physical exercise and recreation and declared he intended to make up in the days ahead of him for the neglect in this respect during the past several months.

Later he returned to his home to spend the remainder of the day with Mrs. Davis and his family. He plans this evening to motor to the home of Frank L. Folk, in New York, to receive election returns in company with a few intimate friends.

Washington, Nov. 4.—President Coolidge expects a vote in the Electoral College of at least 350 and a Republican working majority in the House next session of 20 or more it was said at the White House today.

Washington, Nov. 4.—The usual calm of voteless Washington prevailed today at the White House as the nation went to the polls. President and Mrs. Coolidge made out their votes on absentee ballots and mailed them to Northampton, Mass., their home last week and little was left for the president today except to attend to the routine of his office and await the first returns.

Most of the cabinet officers were out of the city today voting in their home towns. Others had engagements at the White House during the day along with a few other callers.

Madison, Wisconsin, Nov. 4.—Senator Robert M. LaFollette today awaited at his Maple Bluff Farm the verdict of American voters in the presidential campaign.

"There is but one issue before the people," he said in his final statement to the voters. "It is whether the forces of reaction or the forces of progress shall determine the policies of the government. I am confident that progress will win."

Aside from an automobile trip to Madison with members of his family to vote, Senator LaFollette's program called for a day of ease on the farm.

Samuel Bobbit Underwood

With sorrow and grief the community today received the news of the passing of one of its loved ones, Samuel Bobbit Underwood.

While a native son of Stanley county, it might well be said that his home was all over the state of North Carolina for there are few sections in which he has not carried on his work as an educator and few places are there in the state that have not felt the wonderful help of his hand. His entire career has been a continuous line of accomplishments for the children, the teachers and citizenry of North Carolina. To go into detail as to his many deeds is unnecessary as his good works will live long after him and educational history of North Carolina will allot to him no small credit.

As a man Sam Underwood was above reproach so far as it is possible for a human to be and to know him was to love him. Wherever he went he carried an air of good fellowship, love and devotion to the highest ideals

and to be for awhile in his presence was to gain greater happiness. Keeping ever before him as his goal "to be more like the Gallilean" he spent his time on earth overcoming obstacles as they arose, always looking to a bright tomorrow with an effort to make it brighter for someone else.

More words cannot set forth the real heart of "Sam" (as he was known to his closest friends) better than this prayer with which he, on last Christmas, remembered his friends and fellowmen.

"MY PRAYER"

"Give me the strength and the courage to do a man's work in this work-a-day world, never shirking, however great the struggle. I do not pray to be delivered from temptation. When it comes may I meet it in the spirit of a man, calm and unafraid, and conquer because of the strength that is in me. And whether in the rush of the crowd or in the peace of the quiet places, may I never lose touch with the Great Companion. May I find God's word in books and running brooks, and in the laughter of little children. May I look upon life with clear and unfettered vision and get the best that it holds for me and for those dear to me; and may I share somewhat of good with all who touch elbows with me in the lowly walks of life. May I at least kiss the hem of the garment of Truth, and somehow do her some humble service. And at the close of my short day here may I go without a tremor of fear to whatsoever of reward or of punishment may be my final portion.

S. B. UNDERWOOD."

Argentina Shows Pride in Home Manufactures

Buenos Aires, Nov. 1.—An industrial exhibition intended to show the progress attained in manufactures in Argentina, and with the hope of discouraging the practice of putting foreign labels on Argentine made goods, will be held in Buenos Aires in December. It is being organized by the Argentine Industrial Union under the auspices of the government.

The organizers expect to demonstrate the superiority of many Argentine manufactured goods over similar foreign products, and that there is no necessity of pretending they are imported in order to make them saleable. Many manufacturers have complained that they are unable to sell their goods to retailers unless they bear American, English, German, Italian or French labels, and

PATIENT CIRCLE OF THE KING'S DAUGHTERS TO MEET THIS EVENING

The Patient Circle of the King's Daughters will meet this evening at 8 o'clock with Mrs. E. L. Baker on Eighth street. Every member is urged to be present.

NOTICE METHODIST WOMEN.

The third meeting of our annual week of prayer and Thanksgiving, will be held at the home of Mrs. Hortense Moye Wednesday afternoon at 3:30. The program will be in charge of Mrs. W. C. Vincent and Mrs. T. A. Person. A cordial invitation is extended to every Methodist woman in Greenville to meet with us on this occasion. And every member is expected to be there.

The regular meeting at the church Monday was most uplifting. The Spirit of Christ filled the rooms. As we talked of our orphan work at Raleigh, our own sick and distressed members, the carrying of our gospel of healing of body and soul to those who have it not, our hearts were strangely warmed.

Mrs. T. H. Plemons of Immanuel Baptist church brought us a personal message from "The Master Calletth for Thee."

In this message, she emphasized the Master's love for Christ, what is implied, and what it cost the Father and the Son.

The call to service: How and when He calls.

The call to the individual. When obeyed what it leads to, when neglected what the individual misses. This message will linger long with those who heard it.

Let every one come Wednesday praying for Mexico and our work there.

Johnny Dooley, noted stage comedian, has been held in \$500 bail in a Camden, N. J. court on the charge of failing to support his fourteen-year-old son, Robert. George E. Brennan, Democratic leader of Chicago, in an interview in New York City, expressed the belief that the impending Presidential election would be thrown into the House of Representatives for decision.

they welcome any propaganda such as this exhibition to show that Argentine wares are as good as or better than the same class of imported ones.

The organizers believe the public will be surprised to see the enormous strides made in Argentine industries since the last industrial exhibition held in Buenos Aires in 1910, and the variety of goods made.

DEATH TAKES HEAVY TOLL OF PILGRIMS TO MECCA

Batavia, Dutch East Indies, Oct. 25.—Of 50,000 Dutch Indian Mohammedans who made the pilgrimage to Mecca this year, about 5,000 have died on the way back from disease and exhaustion consequent upon the hardship of travel in visiting the holy places of Islam. Moslems believe that by these visits they will gain sanctity here and paradise hereafter.

The death rate of this year's pilgrimage has been higher than usual, and is attributed to so many of the pilgrims being aged and infirm.

Constipation makes bright children dull—give them relief with Kellogg's Bran

Constipation dulls the youthful mind—makes children backward in their studies—makes them listless—and can lead to serious diseases. Constipation is a dangerous disease.

You cannot afford to take chances in getting relief. You cannot afford to experiment or put off. Kellogg's Bran brings relief—permanent relief if eaten regularly. Even in the most chronic cases of constipation it is guaranteed to bring results. If it fails, your grocer will return your money.

Kellogg's Bran, cooked and krumbled, has brought relief to thousands because it is ALL bran. Remember, only ALL bran can be 100 per cent effective. That is why Kellogg's Bran is recommended by doctors. It sweeps, steams and purifies the intestine. It causes regular, healthy, normal action. For it works as nature works. It is ALL bran.

Have your children eat it regularly—two table-spoonfuls daily—in cream, with every meal. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the wonderful recipes on every package.

The flavor is delicious—a crisp, nut-like flavor that delights the taste. Different by far from ordinary bran, which are unpalatable.

Begin serving Kellogg's Bran, cooked and krumbled, to your children to-day. Eat it yourself. The leading hotels and clubs serve it. Made in Battle Creek. It is sold by all grocers.

Tobacco Is Selling Higher In Greenville

Markets

SPECIAL REVIEW OF THE COTTON SITUATION NOV. 4

under consideration, and unless the market advances materially, a reduction in next year's cotton acreage is a foregone conclusion, as the very high prices for grain, especially corn, will be the incentive to increase the grain acreage, particularly of corn, at the expense of the cotton, which is a probability worthy of pondering over, even at this early date.

Incidentally, because of the larger crop this season, more hedging than for the past 3 years will be necessary and as the future business has been created for the purpose, and as we have been identified with this particular line "Futures" for the past half century, and have excellent facilities, financial and otherwise, for the handling of orders, we wish to solicit a share of your hedging in event of your having orders for execution on the New Orleans or New York Cotton Exchanges. We have an extensive private wire system that covers the cotton region, and extends to New York and Chicago and all important intermediate points.

Yours truly,
H. & B. BEER,

GORMAN'S MARKET REPORT. 4

The sales have increased in size and prices have advanced. Friday's sale was the largest we have had in several weeks, however there was no block. Monday's sale was about as large as Friday's and one sale did not quite finish. Today's sale is very light and will finish before dinner. Gorman's sold Monday 127008 pounds and averaged \$32.70 for the entire sale. We had our usual percent of damaged and common tobacco and our percent of these tobacco's is always larger than any other house in town. We had some good and fine tobacco and give below a few sales made. The Imperial is buying on the Greenville market all of their grades the same as they all the season and there has been placed during the past week orders for the good and fine tobacco's with other dealers for several of the better grades. These orders had only been placed in Wilson heretofore and Greenville now having these orders gives us the highest market in N. C. Each day Gorman's has new customers and these are all high in their praise of our salesmanship. In our Monday's sale there were several with good tobacco who had not sold with us before this season and they were delighted with their sales. Bring us a load of your good tobacco and we will send you home happy.
