LEGION COMPLETES PLANS ARMISTICE DAY CELEBRATION

All Business Houses Arc Requested Close; Parade to Feature the Day's Program

The American Legion has completed its plans for a Big Day Tuesday, November 11, Armistice Day. In order to make the day a success, all of the business houses of the town are urged to close for the day and allow their employees an opportunity to observe the day.

The flags for the street decorations will all be distributed by Monday evening and all merchants that have them are requested to display them in front of their stores.

The homes of the town are requested to display the National Flag from their premises and all of the families, churches and other organizations that have Service flags are requested to display them or participate in the parade with the Ex-Service men.

The order of the parade will be announced in Monday's paper. Watch out for it. All organizations of the town are expected to have a float in the parade and to participate with us in this feature of the day.

No individual invitations have been extended to the organizations to participate but all are wanted and expected. The Confederate and Spanish American War Veterans are invited to assemble at the court house and participate in this parade with the Ex-Service men of the World War. They are also invited to have dinner with them.

The parade will form on Second street with the head at the corner of Second and Evans street. The ex-service men will gather at the court house and then join the parade as it passes.

The line of march of the parade will be down Evans street to Five Points and then down Dickinson Avenue to the Atlantic Coast Line Depot, there it will disband and all will be expected to go to the Fair Grounds where the public exercises will be held and a dinner will be served to all Veterans of the past wars.

The American Legion is expecting between five and six hundred ex-service men here that day and it will be impossible with this crowd to serve dinner to any but the ex-service men along with the special guests that have been invited.

Remember every one display your American flag and your service flag with the same pride that you did during the days of 1917 and 1918.

Let's make this a day of patriotism long to be remembered in Pitt county.

COOLIDGE RECEIVES CONGRATULATIONS.

PRES. COOLIDGE, SECY. SLEMP & SECY. CLARK

North East Division Of North Carolina Educational Asso. To Meet Here November 14-15

The Northeast Division of the North Carolina Education Association will hold its annual meeting in Greenville November 14-15.

Every available room in the hotels has been taken. Applications are on file for more rooms than have been turned in to Mrs. Alex Viola Supt. Fitzgerald reports that a large number are writing him daily requesting that he secure rooms for them for Friday night, November 14. We hope every citizen in Greenville who can will make the necessary sacrifices to take some of these visiting teachers. It is understood that each teacher will pay \$1 for the use of the room. If you have a spare bed in your house, please call telephone No. 29. This is the office phone of Supt. R. G. Fitzgerald.

The success of the meeting is going to be determined, in a large measure, by the number of available places in Greenville for visiting teachers.

President Wright tells us that he could bring a number of meetings of various kinds to the town of Greenville if it was possible to accommodate those who come. If the school people are not able to secure sufficient rooms to accommodate those who wish to attend the meeting this year, it is probable that the meeting will go to some other town a year from now.

If it is possible for you to take a teacher in your home on Friday night the 14th, please let Mrs. Alex Viola or Supt. Fitzgerald know at once. It is to be hoped that you will make some sacrifice to accommodate the visiting teachers. It will mean much to our town to have these people come here for a meeting.

The Reflector is informed that some of the meetings will be open to the public. Do not wait but call telephone 29 and tell how many teachers you can take.

Four Boys Confess to Hiding Body of Chum After He Was Killed

New York, Nov. 8.—Four young boys have confessed that they hid the body of their chum, Ernest Scher, Jr., thirteen, after he was accidentally shot and killed by a gun with which they were playing ten days ago.

After two of them had been trapped in contradictory stories last night the four boys broke down and led detectives to an Ash Dump in Richmond Hills, where the body of the Scher boy was found behind a pile bush with a bullet hole in his temple. During ten days, while the search for the missing boy was being conducted, his companions stuck to the story that they had last seen him in a swamp hunting muskrats.

Seven Airplanes Destroyed By Fire

Second Annual Fall Golf Tournament Be Held in Rocky Mount

The second annual fall tournament of the Eastern Carolina Golf Association, carrying with it the title of amateur champion of Eastern Carolina, will be held on the course of the Benvenue Country Club at Rocky Mount, Thursday, Friday and Saturday, November 13th, 14th, and 15th. Many entries have already been received by the tournament committee, and indications are that there will be a greater number of participants in this event than in the first fall tournament held last year.

Many golfers from all parts of Eastern Carolina will be on hand Thursday morning to tee off for the qualifying round, and make their bid for the handsome trophy which will be awarded to the player making the low score. There will also be trophies and prizes for the low net score, the winner of each flight, the runner up of each flight, and the winner of each defeated eight.

The tournament will be held in the same manner as it was last year, selecting the greatest possible number of sixteens from the total number of entries. The first day will be devoted to a qualifying round of eighteen holes to determine the flight; and the second day will consist of match play for all contestants who qualify. Saturday will be the most interesting day for spectators, as the semi-finals will be played in the morning and the finals in the afternoon. The tournament committee expects to arrange a professional match also to be held Saturday afternoon. This event was such a success last year that a large following is expected this year.

Members of the Greenville Country Club are eligible to enter this tournament and it is anticipated that Greenville golfers will be well represented. Mr. Newham, manager of the local club has a supply of entry blanks for the Rocky Mount tournament, and will be glad to handle entries for the members.

MRS. J. S. FICKLEN WINS LOVING CUP, GOLF TOURNAMENT

Mrs. J. Knott Proctor and Mrs. L. H. Bowling Presented Second and Third Prizes; Tournament Proves Most Enjoyable

The finals of the Women's Golf Tournament took place Friday afternoon at the Country Club under ideal weather conditions.

The contestants were Mrs. J. S. Ficklen and Mrs. Knott Proctor. The score stood 104 to 115 in favor of Mrs. Ficklen.

After the winner had received the congratulations of the "gallery," an alfresco tea was served. The president of the club, Mr. H. A. White, then introduced the Rev. James E. W. Cook, who presented the magnificent silver loving cup, donated by the governors of the club, to Mrs. Ficklen. In the course of his remarks, Mr. Cook said that no out-door game has more exacting rules than golf, and none is played with greater formality. It is a royal game, calling for skill, self-control and concentration of mind. It not only provides recreation and exercise, but is the avenue to freedom from domestic and commercial cares. It brings the best people of a community together, and reveals them at their best. If the ladies would confine their playing, in a little while they would find they had gained in health, grace, suppleness and beauty.

Mr. Cook highly complimented Mrs. Proctor on the score she had made and said it ought to be a satisfaction to know that it took the best player to beat her.

Mrs. Ficklen gracefully responded to the presentation, and paid a high compliment to her opponent, from whom, she said, she had, by chance, rather than by skill, after the cup had been admired by the friends present, Mr. Newham, club manager, presented Mrs. Knott Proctor and Mrs. L. H. Bowling with boxes of golf balls; and a very happy afternoon was brought to a close.

There were 16 contestants in this tournament, and it is expected that at least 32 will participate in the next contest in the spring. The ownership of the trophy will rest in the player winning it three times.

The golf course has been recently much improved. A new drive-way to the club house has been laid out, and a large section of ground has been graded and seeded. This will add some 400 yards to the length of the course, and will greatly increase the interest in the play. The president and governors of the club are sparing no trouble or expense to make it one of the most attractive links in the state.

THE NEW NORTH CAROLINA

The story of the new North Carolina as told by French Strother in *The World's Work* draws the imagination like a magnet, so fascinating are his pictures of the progress of its people in the last quarter of a century. Many a man looking at a map of North Carolina, with Pamlico Sound and the Atlantic Ocean on the east and the towering Appalachian range in the west, so that it is blessed with every climate of the temperate zone, has envied its inhabitants their natural advantages. What a State to be born in and to work and play in, where the Summer heats can always be escaped by hiking to the mountain forests, where the Winters are mild and short, and where the soil yields of its abundance and the sea and its lagoons of their teeming fish and game! But to North Carolina's natural wealth the energy and industry of its people have added taxable material wealth, with the result that cities have sprung up from backwoods settlements, straggling villages have become handsome towns, modern highways have been constructed from sea to mountains, and where were poverty and privation not many years ago are now plenty and luxury. In brief, North Carolina has risen from the ruins of the Civil

War to an almost incredible prosperity. Her people owe much to the inspired leadership of Charles B. Aycock, who served them as Governor and died full of honors twelve years ago. He had been "a plowboy" on a red-clay farm, his family "of no consequence." His first passion when he grew to manhood was schools. He "dropped dead in the middle of a sentence in a famous speech on 'universal education.'"

Mr. Strother speaks of Aycock as "perhaps the greatest orator North Carolina has produced, as well as one of its sweetest spirits and bravest men." No man's epigrams were more stimulating. He declared that "a democracy cannot be built on the backs of ignorant men." Others who helped North Carolina to see "her dreams come true" were Edwin A. Alderman, and Walter Hines Page. The latter's inspirational speech on "The Forgotten Man" was read and is treasured by thousands of North Carolinians. Well known also is his book, "The Rebuilding of Old Commonwealths." Such cultivators of natural resources as the Dukes contributed powerfully to the progress of the state. The road builders brought the people of the highlands and the plains into such intimate touch that no farmer now lives far from a metal highway. There are no more isolated mountaineers. The poor white as a type has vanished.

The further North Carolina goes on the road of progress the faster she seems to move. Seven years ago she spent \$1,000,000 a year on school maintenance. Last year the amount was \$23,000,000. In 1900 the value of her school buildings was \$1,000,000. Today it is \$48,000,000. In three years she has spent \$76,000,000 on concrete and macadam roads to connect the seats of her 100 counties. Her wealth has been multiplied by ten in twenty years. In 1900 her bank deposits were \$16,000,000. By 1923 they had risen to \$345,000,000. She has practically no immigration. Her fortunes have been piled up by the brains and sinews of a native stock that is not afraid of work. So she has become one of the richest per capita States in the Union. Her death rate is "the lowest in the country."

BIG SAFE ROBBERY FOILED

Burglar Captured and Sentenced to Twenty Years At Hard Labor. Old Mother Dies Heart-broken.

The authorities have captured the burglar responsible for a long list of unsolved robberies recently which have netted rich hauls.

Contrary to general opinion, the thief is a mere lad of about twenty-five years whose name is withheld at the request of his old mother who died of a broken heart at the home of Mr. Danie Corvan yesterday. It will be remembered that Corvan turned his home over to be used while the Fairfield poorhouse was undergoing repairs.

The old lady, an inmate of the institution, on her death-bed handed over to Corvan a considerable sum of money, the result of her son's hauls, saying that she was sure that she could trust Corvan to see that the money was returned to its rightful owners. She also added that she had known all the time that the money her boy was giving her was stolen and that she had asked him time and again to tell her where he got it—but he wouldn't.

Anyone knowing of a person who has lost a considerable sum of money within the past few weeks will find it to their advantage to go to White's Theatre on either Monday or Tuesday. They will discover something of great interest to them.

department. She announced that on December 20th in the High School Building, Miss Elliott, of N. C. C. W. Greensboro, would deliver an address. Mrs. Griffin is vitally interested in her department and is making an efficient chairman.

Mrs. R. L. Carr, chairman of the Library Commission, gave an interesting report on the Library, announcing that Mrs. W. L. Hall would succeed Mrs. Belle Hodges, as Librarian, assuming duties on January first. Mrs. Hodges, who for the past several years has served the Library so untiringly and efficiently has resigned. She will leave Greenville Christmas for Mexico.

The Woman's Club and the Library Commission are indeed grateful to the Smith Electric Company for their contribution in the wiring of the Library rooms. Mrs. Carr also announced that a children's story telling hour would be held on Saturday afternoon, November 15th.

Children's Book Week will be observed during next week. The Club will again decorate Blount-Harvey's window by placing in it, suitable books for children. The window was very attractive last year—and promises to be more so this year. During the week the Woman's Club will give prizes to children in the Model and Evans Street Schools, from the Third to Seventh grades, for the best story pertaining to books, the subjects to be given by the club. Mrs. E. B. Ficklen, president, introduced Mrs. Lillian B. Grigg, Secretary of the State Library Commission, Raleigh, who spoke most interestingly on Library work in the State, its purposes, accomplishments, and its splendid work in general. She told of the plan for Library extension, telling of the great work which is being accomplished by the "Traveling Library." Mrs. Grigg wants the great state of North Carolina balanced along all lines for the good of the state. She emphasized the importance of reading. She is endeavoring to impress upon the people the spirit of the Library so that it will exist in every part of the State. She congratulated the local library on its work and urged them to carry the message of the Library to the rural districts. Mrs. Grigg's talk was greatly enjoyed.

After a few reports and suggestions the meeting adjourned after a most interesting and successful session.

The Woman's Missionary Society of the Immanuel Baptist church will hold its regular monthly meeting Monday afternoon at 3:30 o'clock in the Wilson room of the church. An interesting program has been arranged and a full attendance of the membership is urged.

Here are six reasons why it is so utterly delicious:

- (1) The natural fruit oil of oranges—which gives that delicate and distinctive flavor;
- (2) The natural acid of citrus fruits (Oranges, lemons and limes) which gives the tang;
- (3) Orange juice;
- (4) Carbonated water—which gives "zip," sparkle, purity;
- (5) U. S. Certified food color—which makes it as appealing to the eye as to the taste;
- (6) Pure cane sugar. That's all. My, what a drink!

Markets

COTTON LETTER

New Orleans, Nov. 8.—That trade interests are disposed to be bullish on cotton, grain and securities, is indicated by the strength of late displayed by the speculative markets due to the belief that owing to the recent results of the elections in England and The United States, there will be no Government interference with big business for a long time to come. This feature of the situation was forcibly demonstrated today by the market after taking a dip with release of the Government forecast, but quickly and sharply in consequence of the general buying. According to returns to the Government as of Nov. 1 the crop condition is 55.9 vs. 47.8 on Oct. 25 last year indicating a production of 12,816,000 against 10,140,000 last year of which 9,695,000 were ginned to Nov. 1 vs. 7,556,000 last year.

Since the crop is much larger than last year and nearer in size to the previous big crop of 1920 it will be best to compare ginnings in the future with returns after this date in 1920. The following shows the quantity of cotton remaining to be ginned on the basis of today's Government during the balance of the season compared with the previous big crop year of 1920.

Ginned to Nov. 1, 1924, 9,695,000. Ginned after Nov. 1 estimated at 3,121,000 vs. 5,763,000. Total crop estimate 12,816,000 vs. 15,271,000. Per cent ginned to Nov. 1 estimated 75.6 vs. 56.6.

Of all big crop years this year's pickings has been the most rapid and as the bulk of the crop has already been ginned it is only reasonable to look for a marked falling off in ginnings by periods from now on this year compared with the season of 1920.

The market may be high enough for the present since much of the unmarketed portion of the crop has yet to be disposed of but buying on important depression is recommended as the trade will likely buy extensively on important reactions.

General trade conditions on both sides of the Atlantic are gradually improving and the world will probably take much more cotton than it took last season.

GORMAN'S MARKET REPORT

The sales have been larger this week, however, they have finished each day except on Monday and Friday around the dinner hour. Prices have advanced on all grades. The Imperial is buying freely of all their grades (we are advised they let up on some of the smaller markets) and there has been placed with some of our independent dealers, orders which heretofore have only been placed in Wilson, this gives us one of the strongest markets in the state. Monday's sale was the highest of the season. Tuesday and until midday Wednesday prices were some easier than on Monday, but on Thursday's sale at Gorman's was the highest of the year. Our Friday's sale of 104,546 pounds was very satisfactory to our customers. There is more in salesmanship than a lot of people think. Gorman's house shows your tobacco better than it looks at home. We know tobacco and buy when necessary to protect our customers. You do not hear our customers telling their friends "the market is off." Get your tobacco in shape and send it to Gorman's and we will send you home satisfied with the top of the market. We have 1st sale Monday, Tuesday Armistice Day, no sale, 1st sale on Wednesday, 2nd on Thursday and 1st sale Friday. Below we give you a few of many good sales made during the week:

Sick Headache

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, . . . and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

Theford's

BLACK-DRAUGHT

but it did the work. It just seemed to cleanse the liver. Very soon I felt like new.

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Theford's Black-Draught. It will stimulate the liver and help to drive out the poisons.

Sold by all dealers. Costs only one cent a dose.
