ARMISTICE DAY WAS CELEBRATED HERE IN SPLENDID PROGRAM

Parade Composed of Ex-service Men, the Scouts, School Children, Veterans of Civil War, and Floats Feature of Day

Armistice Day was observed in Greenville in a most appropriate manner. Several weeks ago the American Legion sold to the business houses...

The committee on arrangements had their plans perfected several days ago and on Monday, everything was in readiness. The parade which was the feature of the program...

The parade was led by the High School band. It formed at the intersection of Third and Evans street, passed down Evans street, then Seventh street, into Dickinson Avenue...

Several hundred visitors with the ex-service men attended the celebration and the day proved the most enjoyable "Armistice Day" since the memorable event six years ago.

Pres. Wright Makes Armistice Day Speech To College Students

President Wright made the Armistice Day speech to the students of East Carolina Teachers College. He called on them to take stock, to recall the scene six years ago...

He pictured the time just before the signing of the Armistice, and recalled the rejoicing over the news. He reviewed briefly some of the outstanding facts about the war...

He referred to the great advances science has made showing that if there is ever another war how different the fighting will be and how complete the annihilation. He expressed the belief that the next big war some are prophesying will not ever come...

He pointed out dangers and spoke of the falling of the leaders who directed affairs during the war and the transferring of leadership to the younger generation.

There was a spirit of optimism of faith in humanity in his talk, because he believed the young people of today are becoming world citizens.

TEN INMATES ELKS NATIONAL HOME DIE FROM POISON CIDER

Cider Was Served to Aged Inmates From Barrel Which Previously Contained Poison

Lynchburg, Va., Nov. 12.—James K. Collins, New York City Lodge Number 1, B. P. O. E., died today bringing the total number of victims from poisoned cider served at the Elks National Home, Bedford, Va., Monday to 10.

Lynchburg, Va., Nov. 12.—Although most of the 17 members of the Benevolent Order of Elks National Home at Bedford, Va., now in hospitals were improved today, great concern was still felt for five of them. None of them, however, are out of danger.

The death last night of W. H. Hutchinson, of Corry, Pa., brought to nine the number of deaths resulting from members of the home drinking sweet cider Sunday from a barrel used previously to hold a plant spray preparation containing arsenic.

Team of Students From State College Compete Fruit Judging Contest

Raleigh, Nov. 12.—C. D. Matthews, chairman of the Horticulture Department of State College, has gone to Atlantic City with a team of students which will compete in the Intercollegiate Fruit Judging Contest to be held under the direction of the American Pomological Society on Thursday, November 13.

The team was selected from a squad of students who have been training for some time past, it was said, and it was only after three try-outs were held last week that the members were selected.

According to Mr. Matthews, the American Pomological Society started conducting these contests in 1913 and has held one every year since. He states that they have done much to develop interest in horticulture at the leading agricultural schools throughout the country.

This trip is doubly interesting to the agriculturists of North Carolina as it is the first time that the state has ever been represented at one of these contests.

Mrs. Louis C. Arthur, Jr., of Washington, D. C., is the guest of Mr. and Mrs. L. C. Arthur.

FUNERAL SERVICES SEN. HENRY CABOT LODGE HELD TODAY

Simplicity Marks Services Massachusetts Senator Held in Christ Church Cambridge

Cambridge, Mass., Nov. 12.—In the simple rites of the Episcopal Church funeral services were held for Senator Henry Cabot Lodge today in Christ Church, which he attended while a student at Harvard in which his wedding was solemnized and where the funeral services of his wife were held some year ago.

Except for the presence of representatives of the nation, state, judiciary and other branches of public life the funeral services were kept as private as possible in the case of a distinguished man.

The space in front of the altar was banked with flowers some bearing the names of those highest in the official posts of nations. One wreath was sent at the request of Sir Esme Howard, British Ambassador, on behalf of the British Empire.

Members of the family occupied the pews at the right in front and with them were the honorary pall bearers, all friends of the late Senator. On the left side were the official representatives, from Washington headed by Secretaries Hughes and Weeks and including Captain Atolhuus Andrews, naval aide to the president, these as the president's representative.

As the church bell tolled for the opening of the services Bishop Lawrence walked slowly down a side aisle to meet the casket and accompany it to the altar. The casket was plain black design and on top of it were sprinkled a few violets. During the services a guard of representing the Army, Navy and Marine Corps stood at attention beside the casket.

Mrs. Warren G. Harding's Condition Is Much Improved

WILMINGTON MAN MISSING 3 WEEKS HELD IN NEW YORK

Walter Clark, Contractor, Arrested on Indictment for False Pretense

Wilmington, Nov. 12.—Walter Clark, contractor who has been missing from this city for the past three weeks and whose construction concern was placed in the hands of receivers about 10 days ago, was arrested in New York yesterday. He had been indicted by a grand jury here for false pretense.

Sheriff George Jackson, of New Hanover county stated last night that he had received a telegram from the Chief Inspector of the New York Police Department saying Clark had been arrested.

Before Clark left Wilmington he conducted one of the largest contracting businesses in eastern North Carolina and maintained a large force of employees.

Washington, Nov. 12.—A reduction from 19,172 to 17,734 in the personnel of the Interior Department during the past year was announced today by Secretary Work. Of the 15 branches of the department, the number of employees was decreased in eight while seven showed a gain.

Urge Sec'y. Davis As Week's Successor

St. Louis, Nov. 12.—Republican state leaders today awaited answer to letters written to President Coolidge endorsing Dwight F. Davis, Assistant Secretary of War, for Secretary of War in event John W. Weeks should not remain in the cabinet.

The endorsement of Davis was sent to President Coolidge yesterday by Dr. E. Clements, national committeeman of Missouri, and W. W. F. Phare, chairman of the state committee, which their requests on reports that Secretary Weeks would resign.

TRIAL OF T. E. COOPER GETS UNDER WAY IN WILMINGTON TODAY

President and Cashier of Defunct Wilmington Bank Face Charge of Violating Banking Laws

Wilmington, Nov. 12.—Thomas E. Cooper and Joseph C. Rourk, president and cashier respectively of the defunct bank of this city, will go on trial this morning charged with violation of the state banking laws to which they have entered pleas of not guilty.

The selection of a jury from 50 men in which both prosecution and defense exhausted all their allotted challenges, consumed all of yesterday morning and at one o'clock court adjourned for Armistice Day until this morning.

The jury is composed of L. A. Bilbro, harness maker; W. M. Riggs, farmer; J. O. Grimes, farmer; W. M. Collins, farmer; J. E. Jones, collector; D. C. Gore, bookkeeper; E. C. Moore, salesman; J. W. Mintz, naval stores clerk; Jack Carroll, grocer; M. J. Crute, railroad clerk; R. C. Dew, chauffeur and R. O. Topel, gardener.

Cooper and Rourk are charged with procuring and making loans in excess of 25 per cent of the capital stock and permanent surplus of the bank and with making loans when the reserve of the bank was below the amount required by law. These charges have been consolidated by Judge Henry A. Grady on motion of the prosecuting solicitor, Woodus Kellam who is being assisted by I. C. Grant.

The defendants are represented by Herbert McClamy, C. D. Weeks and W. F. Jones.

State Bank Examiners Latham and Little appeared yesterday at the table with the solicitors.

North Carolina to Be Represented At Pomological Society

Raleigh, Nov. 12.—North Carolina will be represented at the American Pomological Society country-wide conference of fruit interests, which opens in Atlantic City, New Jersey on Tuesday, November 11, and continues through Friday, November 14. C. D. Matthews, chairman of the Horticulture Department of State College will be the official representative of the state and will be one of the chief speakers before the conference on Tuesday.

Mr. Matthews, who is a member of the executive committee of the Society and the only such person in the South, will use for his subject "The Success Factors in Safe-guarding Horticultural Industries."

The chief purposes of the conference, it was explained, are to consider factors that have direct bearing on increasing the consumption of American fruit; to outline plans for the more even distribution of continuous use of fresh fruits throughout the entire year; and to formulate definite plans of the needs of each fruit section, which will be based on the information gained by the Pomological Society on a 5,000 mile tour of the orchards of the country in company with extension fruit workers from 17 different states.

One of the features of conference which, it is thought will be of particular interest to the horticulturists in North Carolina, will be the handling of the plan to increase and to develop more extensive local markets, wherever possible. According to officials of the Society, increased local markets do not only tend to stabilize the market but they actually increase the consumption per capita. Full discussion of all problems that are of interest to the fruit grower of every section of the United States and Canada will be carried out, it was said.

Mr. Matthews stated that the American Pomological Society was doing a great service for the country as a whole as well as the fruit grower by seeking ways to build markets and in turn increase general grade, as well as assisting in building up the health of the country by carrying on a campaign of "Eat More Fruit."

Mr. and Mrs. J. C. Waldrop and children, of Hendersonville, are spending several days with Mr. Waldrop's sister, Mrs. Frank Wilson.

THE TEXAS COMPANY PERFECTS LUBRICANT THAT STOPS STUTTERING

The Automotive engineers have long felt the necessity for a special motor oil for Ford cars. They have realized that the jerks and chattering which often occur in pressing on the low gear pedal, or the brake pedal, could be eliminated by a lubricant of particular quality.

In order to produce a Ford lubricant possessing the required characteristics, The Texas Company's chemists and automotive engineers have spent two years in investigating the entire subject for Ford Motor lubrication.

The Company's laboratory at Long Island City was fitted up with a number of Ford engines equipped with delicate measuring apparatus. This apparatus determined the pressure required on the foot pedals to produce chattering and the exact amount of chattering resulting.

Many hundreds of tests with many kinds of oil were made on the Ford engines. The work continued for two years until the engineers nearly determined upon an ideal Texaco Oil for Fords.

This Oil also received long tests under running conditions in many salesmen's cars, in order to see that it was a good in actual use as the laboratory tests indicated it would be.

The non-chattering or "non-stuttering" property of this oil, as it is called by The Texas Company, is not produced by the addition of animal

or vegetable oils of coaps, but by a special process of refining.

The product is unique in that it has a zero pour test, which means that it remains fluid at very low temperatures. This feature is highly desirable as the Ford engine depends on splash lubrication and in cold weather The Texas Company's product will give immediate lubrication.

The elimination of stuttering by the use of this new golden colored oil is expected to save Ford owners great expense as well as furnish added riding comfort. Elimination of vibration increases the life of a car, increases its second-hand value, and lowers up-keep cost.

PARIS MEASURES ROAD DISTANCES FROM TABLE NEAR NOTRE DAME

Paris, Nov. 12.—Henceforth when the tourist automobiling round Paris sees that he is so many kilometers from the city, he will know that that distance is measured to a bronze slab that has been placed on the open space in front of Notre Dame Cathedral.

This slab, weighing 176 pounds, is set flush with the paving and is inscribed with a diagram showing the points of the compass and the arms of Paris, a ship tossed by the waves with the device in Latin to the effect that she will forever float and never be submerged.

Goldfish Kill Mosquitoes

Crockett, Cal., Nov. 10.—Goldfish are becoming useful as well as ornamental. They are killing mosquitoes in this region. Large numbers of the goldfish are being cultivated in a local nursery to be placed in the lakes and ponds around here.

"JUST MARRIED" WHITE'S SOON

Have you ever heard of "Just Married?" If you haven't you must be numbered among the five percent of the population who abhor the printed word. "Just Married" is the title of the famous Adelaid Mathews and Anne Nichols' laughing success which played two years at the Comedy. Shubert and Nora Bayes Theatres in New York, and which will be presented by Jules Hurting and the Messrs. Shubert at White's Nov. 18, with the Broadway production and a notable comedy cast. The locale of the play is the French Line Steamship La Fayette, out of Bordeaux, France, for New York. Aboard this honeymoon ship are several oddly assorted couples, from those grown gray in the state of matrimony to various sets of honeymooners. Through extremely likely misunderstandings these couples become so scrambled and messed up that there is apparently no way of unscrambling them, and for the first twenty-four hours at sea the peace of everyone aboard is threatened. But the complications are straightened out at last and the voyage peacefully proceeds. The play was staged by Clifford Stork.

INQUIRY SHOWS GERMANS DO NOT GENERALLY OBSERVE 8-HOUR DAY
Hanover, Nov. — The eight-hour day, while theoretically guaranteed by the new German constitution, is by no means generally observed among factory workers, according to an investigation just conducted by the Factory Workers' union. Of the 481 locals of the union, 320 turned in reports covering 4,360 concerns employing 481,449 persons. The results show that that only 54 per cent of the employees in the concerns investigated work up to 48 hours per week, while 3.6 per cent work from 48 to 51 hours, 26 per cent from 51 to 54 hours, and 15.9 per cent over 54 hours per week.

GERMAN CHILDREN AS TRUCK GARDENERS PROVE SUCCESS
Berlin, Nov. — A unique harvest festival recently took place in the industrial suburb of Berlin, Neu-Koeln. The International Cash Register Company, a subsidiary of the National Cash Register Company of Dayton, Ohio, has copied the American plan of turning over vacant land

to children of its employes for gardening purposes. The festival marked the end of this year's experiment. Thirty-five and 20 girls had cultivated strips of land each 50 by 10 feet. The average yield per child was: 100 heads of lettuce, 80 pounds tomatoes, 60 pounds cucumbers, 50 pounds cabbage, 30 pounds red beets, 25 pounds string beans, 25 pounds spinach, 25 bunch celery, 25 pounds carrots, 12 pounds peas, 10 pounds each of onions, radishes and kohlrabi.

ON A HIGHER PLANE

The American Legion and officials of this city, as well as all those taking part in and attending the Armistice Day celebration here yesterday, are to be congratulated upon the high plane upon which the affair was conducted.

Despite the holiday crowds gathered here for the celebration their conduct was above reproach and intoxication and boisterousness was unseen during the entire day, not an arrest being necessary.

Such conduct is unusual among such large crowds but it only goes to show the caliber of men who took part and the fact that the realization is becoming more and more prevalent that a good time does not necessarily mean misbehavior.

The pessimist with the long face who is ever proclaiming that the nation is going to the "bow wows" would no doubt have had a change of thought had he been present in Greenville yesterday.

WELL SAID

The stand taken by the New York World with regard to the passing of Senator Lodge is well stated and is a good example that could be followed by thousands who at the passing of a man immediately supplant former criticisms with words of praise or continue their criticism with no result other than offense caused by useless criticism of the dead.

In withholding his comment the editor of The World says:

"In view of the comment on the policies and on the character of Senator Lodge which has appeared on this page in the course of the last few years, The World refrains from comment now. It would be impossible for The World to offer praise without hypocrisy or dispraise without offense."

SUNSHINE AND FRESH AIR PRESCRIBED FOR BAD GIRLS

London, Nov. 11.—The English reformers' idea of making bad girls better is to give them trips to the seaside. According to last year several of the detention institutions for young girls took parties of inmates to various seaside resorts, where

they were given a two weeks' vacation with only the supervision of the two matrons to each party of 25 girls. Last year's outings proved so successful that nearly all similar institutions this year took up the idea and allowed their best behaved girls to have a vacation. The expenses

HOW TO COMPLETE THANKSGIVING

Thanksgiving is just two weeks off tomorrow.

One of the greatest joys in the world is the knowledge of having done something for a less fortunate being.

The Bible teaches kindness, forgiveness, love and charity, but the greatest of these is the latter, and that noble sentiment is implanted in every man's heart.

There is no monopoly on charity, either. The rich and poor alike can indulge, and it is doubtful if there is a more genuine pleasure than that derived from having rendered a helpful service to the man who is down.

There are many in our community who will perhaps require a touch of charitable hands—to whom a good dinner on Thanksgiving day will come as a blessing. It isn't mere money that makes of charity the blessing that it is. It's the spirit back of it. The poor man's quarter will do almost as much good as the rich man's bank note.

The hospitality of Greenville is one of its greatest practical assets as a progressive community. It bubbles over with light heartedness, inspires confidence and hope and imparts to the recipient that indescribable satisfaction which makes him feel like "living again." It will increase energy, multiply productiveness of hand and brain, inspire renewed vigor, confidence and loyalty to future interests and associations.

The characteristics of the good-natured and charitable man with the "glad hand," exercised within their legitimate spheres, are in reality the things that make life worth living, and do more than anything else to promote the "brotherhood of man."

Be sure that when Thanksgiving arrives you have done your part to make it a real Thanksgiving for some less fortunate than yourself.

The political situation in Spain is said to be in an extremely critical condition. The Dictator refuses to accept any responsibility for occurrences in Spain while he is in Morocco, and several members of the directorate have resigned. The formation of another government seems to be inevitable.

Mrs. Miriam A. Ferguson as Governor of Texas and Mrs. Nellie T. Ross as Governor of Wyoming are the first women to be elected to this position. A remarkable coincidence is the fact that the husbands of both were former governors of these states, and both are democrats.

In the United States it is a long, long road to a labor government—a convincing evidence of lack of business ability.

An Alabama bootlegger who served 17 months but was entitled to release for good behavior at 13 months, has brought suit to recover for overtime served. The question involves point of law that will be of interest in other states.

Weak Nervous

"I was weak and nervous and run-down," writes Mrs. Edith Sellers, of 466 N. 21st St., East St. Louis, Ill. "I couldn't sleep nights, I was so restless. I felt tired and not in condition to do my work. I would have such pains in my stomach that I was afraid I would get down in bed. . . My mother came to see me and suggested that I use

CARDUI
The Woman's Tonic

I felt better after my first bottle. I had a better appetite. It seemed to strengthen and build me up. I am so glad to recommend Cardui for what it did for me. I haven't needed any medicine since I took Cardui, and I am feeling fine."

Nervousness, restlessness, sleeplessness—these symptoms so often are the result of a weak, run-down condition, and may develop more seriously if not treated in time.

Take Cardui. Sold everywhere.

END OF CENTURY CLUB TO MEET THURSDAY

The End of the Century Club will meet with Mrs. J. L. Hassell, Thursday afternoon at 3:30 o'clock.

ROUND TABLE MEETS.

On Tuesday afternoon the Round Table held one of the most delightful meetings of the year at the home of Mrs. S. J. Everett on Dickinson Avenue. The members were met at the door by the hostess in her usual cordial manner and invited into the library where the President soon called the meeting to order.

After a brief business session the program "Self-made men" was taken up.

In the absence of Mrs. E. B. Higgs, her daughter, Mrs. Everett by Scotland Neck, gave in a most charming manner extracts from the life of Andrew Carnegie.

Mrs. Fulford then read a number of interesting incidents in the life of Hamlin Garland.

At the conclusion of the program the guests were invited in the dining room where an elaborate buffet luncheon was served by Mrs. Austin, Mrs. J. W. Higgs and Mrs. Everett. Both the dining room and library were very effectively decorated in flags, American Eagles and streamers of Red, White and Blue in keeping with Armistice Day.

Betty Compson to Appear 'The Female,' Benefit Eastern Star

On Thursday and Friday of this week White's Theatre will present Betty Compson in "The Female." The picture is being shown under the auspices of the Eastern Star and a part of the proceeds from the tickets bought from the drug stores and the Eastern Star booth will go to the Eastern Star.

The picture is considered one of the best booked for the local theatre. Betty Compson, the star, needs no introduction to a Greenville audience as she has appeared here in several wonderful productions including the "Miracle Man."

fail to see the picture if you want to spend an enjoyable evening and at the same time help a worthy cause.

The members of the Eastern Star are anxious to make a great success of the evening's entertainment and requests the public to buy their tickets from the booth and the drug stores.

This evening White's Theatre will present Anna Q. Nilsson in "Innocence." This picture answers the question, can love be destroyed by circumstantial evidence? Anna Q. Nilsson is always splendid in her pictures and is quite a favorite with the public.

Young's Mercantile Co., to Occupy New Store Thursday, 20

Young's Mercantile Company will on Thursday, Nov. 20th, occupy their new store building on the corner of Greene street and Dickinson avenue. The building which is being erected at an approximate cost of \$50,000, is nearing completion and will be one of the most modern and up-to-date store buildings in eastern North Carolina.

The building is of building concrete blocks, sponged stucco. It is a beautiful store and adds much to the appearance of that section of the city which is rapidly becoming a business center. The entire rear front consists of display windows, which adds to the attractiveness of the store. The lower floor will be used by the Young Mercantile Company which gives ample space for their large stock of goods to be displayed.

Mr. J. K. Young who has for the past few years been in business on Evans street, is well known throughout Pitt county and his many customers will rejoice with him in learning that he is moving into such a large and handsome building. Every success is wished for the business.

FLAG TOURNAMENT WAS GREATLY ENJOYED AT THE COUNTRY CLUB

Many players participated in the Golf Tournament yesterday. Those carrying their flag through were T. A. Smith, E. B. Ferguson, L. H. Bowling, J. S. Ficklen, J. F. Bowen and J. R. Turnage. Several carried their flag right up to the cup and only needed one more stroke to their score. J. B. James and H. A. White left their flag in the cup.

The winners were presented appropriate prizes and the flag tournament was greatly enjoyed.

SWITZERLAND EXPECTS BUDGET TO BE BALANCED AFTER NEXT YEAR

Berne, Nov. 12. — Switzerland's budget for 1925 shows a deficit of 15,000,000 francs (Swiss). The government believes that this will be the last year that there will be a deficit. Every budget since the war has shown expenditure in excess of receipts.

Swiss exports to America for September increased as compared with the previous month, for the consular district of Berne, the increase being \$120,000, mostly in cheese and watches, for the District of Basle, \$336,000, chiefly silks and chemicals.

Home Coming Day At Trinity College During Today

Trinity College, Nov. 11.—Ministers, lawyers, doctors, business men will mingle as youths again when they meet on the campus of Trinity College, today, November 11 in celebration of "Home-Coming Day" for their Alma Mater. There will be a full program for the day, including campus gatherings, alumni meetings, luncheons, and the chief on interest the football clash between Trinity and Wake Forest. According to reports received at the college many of the former eventful day, and preparations are being made for one of the largest celebrations that the college has ever staged.

The Blue-Devils say that Wake Forest is one of the best teams in the state and that the Demon Deacons will have to fight for every yard they gain, because they themselves are good too. These players have expressed the feeling that they should show up well before the older sons of Trinity, and that they will certainly put the pep into the fights.

from a statistical survey in which averages were taken from 700,000 returns. "In fact, a man can hardly afford not to get married, if statistics mean anything," Mr. Carr added.

The survey of the tax situation here, made with a view of reaching any scientific conclusions on economy and money saving, shows that at 24 years of age the average husband has about five percent less property, money in bank and taxable wealth than the average bachelor of the same age.

"But when both reach the age of 28, the husband will be three percent ahead and will continue to distance the bachelor more each year," said Mr. Carr. "The cost of marriage put him back in the first comparison.

"At 38, the married man will average, in proportion to numbers, 17 percent more taxable wealth and at 48 he will be 20 percent ahead, despite the expense of larger homes, children and heavier wardrobe and living costs. The married man seems to work harder, save more and is more intensive in developing his business ability. There is a greater percentage of shrinkage one year to the next in the taxable property of a bachelor than a husband."

LADY ASTOR REITERATES CONFIDENCE IN OWN SEX

Brighton, Nov. —Lady Astor's confidence in her own sex was voiced again in a speech to delegates attending the annual conference of the National Council of Women of Great Britain and Ireland. She described the younger generation as full of "hope, zeal, confidence and blissful ignorance."

"The only way we can affect youth," Lady Astor said "is not in what we can do for them, but in what we are. I have unbounded faith in my sex. I truly believe that women coming into public life is the greatest spiritual step forward that has happened for generations. The most selfless service comes from women."

She asked girls to think for themselves and make up the kind of minds they wanted.

"It is said that our young people are going back on Christianity. I don't agree with that. I believe the young people who are thinking for themselves, may be far nearer the Kingdom than the young people who accepted the faith of their forefathers blindly. Blind faith is not Christianity. I do not think when so many women are thinking, that they are going to reject Christianity."

OLD-TIME CABBY ACCEPTS MISFORTUNE WITH A SMILE

London, Nov. 7.—London's oldest cab driver is Joe Mindom, who has been 60 years on the box, and whose greatest pride is the fact that the late King Edward was for years one of his regular "fares."

Motorization of the means of transportation in London has left old Joe almost without employment, and he talks jauntily of acquiring a taxicab. Asked for his opinion of the taxi the aged cabby said reflectively:

"They have driven us off the streets in the same way the buses are driving them off. And as for the traffic, we'll soon have to start burrowing underground. Give me the old days with clear streets and a smart horse, and time for a nap on the box if you liked."

Such popularity must be deserved

To convert critics into enthusiasts, whether for a new school of music or for a cigarette, requires something more than luck. There's sound reason for every big swing in popular taste. So, to account for Chesterfield's swift rise, look to the cigarette itself, its tobaccos, its blending—in short, its taste. This one thing alone — its decidedly better taste — explains why thousands of smokers are changing from other cigarettes to Chesterfield.
