NORTH EASTERN DIVISION EDUCATION ASSO. HERE FRIDAY AND SATURDAY

First Session to Be Held in College Auditorium at 2: O'clock Tomorrow; Election of Officers Saturday;

The North Eastern Division of North Carolina Education Association will meet in Greenville, at East Carolina Teachers College, tomorrow and next day, Nov. 14-15.

The public is invited to all general meetings and those interested to departmental meetings.

The officers are: T. B. Attmore Vandemere, chairman; H. B. Smith, New Bern, Vice-Chairman; Minnie Lou Kelly, Washington, Secretary.

The first session will be held in the college auditorium at 2 o'clock. The chairman, T. B. Attmore, of Pamlico county will have charge of the organization. Supt. Rose will lead the singing.

At this meeting State Supt. A. T. Allen will give the Legislative Program.

Mr. N. C. Newbold will talk on "Are we Educating all the Children in North Carolina?"

At 8 o'clock in the evening Dr. Thomas Alexander of Teachers College, Columbia University will speak on "Problems on Public Education in the South."

Two other addresses will be "Financing an Adequate School System," H. A. Townsend, and "The Economy of Supervision," John C. Lockhart.

A final general session will be held at 12 o'clock Saturday.

Leon R. Meadows will talk on "What Shall We Do With the Non-Standard Teacher?"

The election of officers, reports of committees and other business will be attended to at this meeting.

The Departmental meetings will convene at 8 o'clock on Friday afternoon.

The Primary Association will meet in the High School Auditorium. All others will meet in the College Administration Building.

Program for Friday afternoon of each Association is as follows: Association of Grammar Grade Teachers.

Practical use of Tests and Measure ments in the Grammar Grades—Dr. M. R. Trabue, University of North Carolina.

Results of the use of Tests and Measurements in Halifax County—Miss Annie Cherry, Supervisor Halifax County.

Demonstration Physical Education and Health—Model School, E. C. T. C.

Agnes Whiteside, Chairman, Greenville; Ruth Lowder, Secretary, Wilson.

Singing, led by Miss Gussie Kuykendall, East Carolina Teachers College, Greenville.

Demonstration: "The Milk Fairies"—Ruth Hillhouse, Model School, Greenville.

Discussion — The Values of a Health Project — Myrtle Brogden, Supervisor Pitt County Schools; Emma Robertson, City Schools, Williamston, N. C.; Ruth Townsend, Supervisor Carteret County Schools.

Demonstration: Health Songs—Children of Primary Grade—Kinston.

Demonstration: Moving Picture Show, "The Pig Brother"—Bertha Hart, Grimesland, N. C.

Recreation Period: Mary Field, E. C. T. C. Greenville, N. C.

Music Teachers Association. Nell B. McHugh, Vanceboro, chairman; Mary Willis, Secretary.

Music. Metic—A Community Asset, Prof. J. Henri Bourdelais, New Bern.

Talk and Demonstration, Dunning Method, Mrs. H. E. Barlow and class, New Bern.

Topics for Round Table Discussion. Teaching Fundamentals, Ear Training, Sign Reading, Rhythm, Charles S. Strange, Meege.

Technic and its place in Pupils' development, Addie Clare Griffin, Oriental.

Class Teaching vs. Private Lessons. The Kinsella Method, Evelyn Howell, Greenville.

Grading Methods and Tests, Lucy Crisp, Faulkner.

Contests and Prizes, Mrs. E. B. Search 25 gallons of whiskey were found buried in the field.

Injunction Prevents Warship Sinking.

W.D. SHEARER

William Baldwin Shearer, noted New York marine expert, has secured a temporary injunction against Secretary of the Navy Willard, halting the destruction of the partially completed \$70,000,000 battleship Washington, which was to have been used as a target under the terms of the naval disarmament pact. Shearer insists the other Powers have not sunk their ships, as agreed.

SEN. BORAH URGES SPECIAL SESSION OF NEW CONGRESS

Idaho Senator Believes Farm Measures and World Court Should Have Early Attention

Washington, Nov. 13.—An extra session of the new Congress soon after next March 4 was urged today by Senator Borah, Republican, Idaho, who declared he thought farm and railroad measures as well as the world court proposal and perhaps tax relief should be taken up at that time.

The Idaho Senator voiced the opinion after calling on the President. Administration officials close to the president yesterday indicated that he had no present plans to call a special session.

Senator Borah believes that little in the way of general legislation will be accomplished at the coming short session which is to be devoted largely to work on appropriations. He regards delay in the meeting of the new Congress until December next year as unnecessary and unwarranted. As a result of the death of Senator Lodge, Senator Borah is in line for chairman of the Foreign Relations Committee which is charged chiefly with responsibility for action on the world court proposal. He said today he had no specific plans for such action but he thought the question should be brought up and disposed of one way or another.

An opinion contrary to that of Mr. Borah was expressed by Representative Burton, of Ohio, another caller at the White House, who said he saw no necessity for an extra session and he believed in addition to appropriation bills such farm measures as are necessary can be passed at the short session. Mr. Burton discussed the question with the president.

A. R. Stepp Arrested For Having Too Much "Armistice Fluid"

Mr. A. R. Stepp, was placed under a cash bond of \$250 Tuesday on a charge of having too much "Armistice fluid." Upon failure to appear for trial yesterday his bond was forfeited. Mr. Stepp was caught with the liquor by Officer Whitehurst and Nobles. When arrested he was carrying five gallons of whiskey from the house to the barn. The officers were in hiding and Stepp was not aware of their presence. After a long search 25 gallons of whiskey were found buried in the field.

EXPLOSION WRECKS POST OFFICE, KILLS TWO, HURTS MANY

Federal Officers Investigating Mysterious Explosion at Grand Rapids Yesterday

Grand Rapids, Mich., Nov. 13.—Post office inspectors from Chicago arrived early today to aid in investigation of the explosion which wrecked the loading platform and receiving room of the main post office here late yesterday killing two men, critically injuring one and 12 others receiving lesser injuries. Herman Petterch, clerk, succumbed after having both legs blown off and Ernest Roth, truck driver, died three hours after the blast from a splinter driven into his body by the force of the explosion. Dale Newhouse is in a hospital in a critical condition with possibly a fractured skull.

The theory that the blast was caused by the premature explosion of a bomb sent through the mail was advanced by postal authorities. Police and firemen by the aid of searchlights, worked throughout the night in search of clues but no fragment of any bomb or other explosive was found among the wreckage.

The explosion was felt all over the city, windows for several blocks were shattered, fragments of the loading platform were hurled a hundred feet into the air, a loading truck was thrown upon the roof of the federal building and five automobiles nearby were wrecked. Lorain Garrington, who was seated in an auto across the road from the post office escaped with minor injuries while the dog in his automobile was killed.

The two men killed and Newhouse, who was seriously hurt, were on the loading platform at the time of the explosion. Newhouse was leaving the post office after purchasing stamps.

COOLIDGE TO MAKE ADDRESS TONIGHT

Tonight's Address Will Be First Public Appearance Since Election

Washington, Nov. 13.—President Coolidge will speak tonight before the annual meeting of the Association of Land Grant Colleges.

This will be Mr. Coolidge's first public address since his re-election and he expects to devote his remarks chiefly to the subject of agriculture which will also be the principal plans to go even more explicitly into his views on farming conditions in opening the conference here next Monday of the Agriculture Commission which he recently appointed to investigate farming conditions with a view of outlining a program from permanent stabilization of this industry.

The meeting of the commission composed of eight men will be held with the cooperation of the Department of Agriculture.

Pythians of Eleventh District Will Hold Meet Here Tonight

The Pythians of the Eleventh District will be the guests of the members of Tar River Lodge 93 this evening at 7:30 o'clock. At this time special degree work will be given and refreshments served.

The members of the local lodge are urged to be present and help give the visitors a cordial welcome.

The Eleventh District is composed of lodges from New Bern, Elizabeth City, Ayden, Kinston, Washington, Plymouth, Scotland Neck, and Greenville. Short talks will be made by representatives from the various lodges.

THANKSGIVING SERVICES WILL BE HELD AT SWEET GUM GROVE CHURCH

There will be services at the Sweet Gum Grove Church Thanksgiving Day at 11 o'clock. The Free Will Baptist Orphans will furnish the musical program. Everyone is cordially invited to attend.

WILLIAM M. BUTLER APPOINTED SENATOR TO SUCCEED LODGE

President Coolidge Receives Word of Appointment of Campaign Leader With Approval

Boston, Nov. 13.—William M. Butler, lawyer, manufacturer and chairman of the Republican National committee, today was appointed by Governor Cox to succeed the late Henry Cabot Lodge as United States Senator from Massachusetts. The governor it was said asserted that Mr. Butler would accept.

The appointment is for approximately two years as a seat cannot be filled by election until the next general election in 1926. This is in accord with a law enacted two years ago giving governors authority to appoint successors to fill such vacancies as may develop between elections. Senator Lodge's term would have expired in 1928 therefore the winner of the election two years hence will serve only until that time.

Mr. Butler will qualify in Washington in time to take his seat when Congress convenes next December.

Washington, Nov. 13.—Word of the appointment of William M. B. Butler as Senator was received with undisguised approval today at the White House.

Throughout his service as field marshal during the Republican campaign Mr. Butler has worked in close co-operation with President Coolidge and his selection to the Senate is regarded as adding to the membership of that body an unfailing ally of the administration and an advisor to whom the president can turn when seeking conference on major questions of legislation.

CONDITIONS OF MEN POISONED BY CIDER ARE MUCH IMPROVED

Hope for Recovery of Aged Inmates of Elks National Home Expressed by Physicians

Yynchburg, Nov. 13.—Although four of the 17 aged residents of the Benevolent Protective Order of Elks National Home at Bedford, Va., are acutely poisoned by cider containing arsenic are still in a critical condition attending physicians were more optimistic this morning on the outcome.

Charles Mosby, superintendent of the home, said the conditions of all those in the sick ward of the home from effects of the cider which had been put into a keg that previously held a plant spray preparation containing arsenic, were decidedly more hopeful but four were still in such bad shape as the preclude forecast of their recovery. The greatly improved condition of the others, however, gave rise to the hope that despite their age the victims would be able to stand the ravages of the poison.

The 1st who have died from the poison remained at 10 today.

OFFICIAL VOTE FOR PITT COUNTY TICKET

Below is the official vote for the Pitt County ticket in the election of November 4, as tabulated by the County Board of Elections. Register of Deeds—J. C. Gaskins (Democrat) 3,468. Coroner—S. G. Wilkerson (Democrat) 3,452. Sheriff—A. C. Jackson, (Democrat) 3,428; J. H. Burney (Republican) 368. County Surveyor—W. C. Dresbach (Democrat) 3,453. Treasurer—A. T. Moore (Democrat) 3,466. County Commissioners (Democrats) W. W. Dawson 3,430; S. T. White 3,429; W. J. Smith 3,443.

TREASURY AGENTS UNCOVER JEWEL SMUGGLING RING

Death of Mrs. Mors in Los Angeles, Furnishes First Lead to Operations of Conspiracy

Washington, Nov. 13.—A jewel smuggling conspiracy of various dimensions has been uncovered by customs service agents working in half a dozen sections of the country since the killing last August of Mrs. Threasa Mors of Los Angeles. Smuggled jewels valued at more than \$250,000 have already been seized and a man known as Medianski, who is said to have left the country, is being sought as the active if not the actual head of the conspiracy in which he is alleged to have had dozens or more of aides.

The killing of Mrs. Mors, with which "Kid" McCoy is charged served in so far as the conspiracy is concerned it is said, merely to provide the first definite lead into the smuggling maze, some of her jewelry having been identified as a part of the illicit imports. A similar lead was opened in Los Angeles Monday with the killing of Harry I. Katz and officials estimate that several hundred persons scattered widely throughout the country have recently come into possession of some of the smuggled goods about half of which they think will never be identified.

Although much work remains for the customs officials in searching details of the conspiracy their success thus far the Treasury Department felt justified making public part of the story as reported by service officials in New York. The smugglers are said to have maintained headquarters in New York but they also had Pacific Coast centers in Los Angeles and San Francisco to furnish a market for their goods judging from the amount of the jewelry recovered there. Most of the jewels are said to have been purchased in Austria and Germany with the depreciated currency of those nations after some of it had found its way out of Russia.

Swindell Draws 30 Years, While Farrior Gets One to Three

Elizabeth City, Nov. 13.—Nothing an appeal in open court from the sentence of a minimum of one and a maximum of three years in State prison imposed by Judge N. A. Sinclair this afternoon, J. D. Farrior, of Wilson, who entered a plea of guilty last Friday of assault with intent to kill upon Joe Swindell and who has since that time been in the Pasquotank jail, was released under an appeal bond in the sum of \$15,000.

Joe Swindell, sentenced just prior to the pronouncement of sentence upon Farrior to a term of thirty years in prison, is expected to note an appeal before the adjournment of the present term of court.

Dry Agent Confirms Suspicion San Pedro, Cal., Nov. 10.—A San Pedro fisherman selling state dog fish, a species of shark not especially tasty, at \$5 each aroused the curiosity of George Contreras, county dry agent. Purchasing one, Contreras slit it open and pulled out a quart of alleged Scotch whiskey.

LENOIR COUNTY FARMER SHOOTS WIFE TO DEATH THEN TAKES OWN LIFE

Steck Will Contest Brookhart's Seat.

DANIEL F. STECK

Daniel F. Steck, Democratic candidate for Senator from Iowa, who was defeated by U. S. Senator Smith W. Brookhart by less than 1,000 votes, will contest the election, it is reported from Des Moines.

JURY ACQUITS HILL CHARGE VIOLATION PROHIBITION LAW

Maryland Congressman Victorious in Test Case of Certain Provisions of Volstead Act

Baltimore, Nov. 13.—Representative John Hill, of Baltimore, was acquitted by the jury in United States court today, of the charge of violating the Volstead Act by manufacturing intoxicating wines and ciders at his home 3 West Franklin Street.

The fifth and sixth counts in the indictment charging Colonel Hill with maintaining a common nuisance at his home were dismissed under instructions of Judge Morris A. Soper who presided over the trial. The trial was the result of a test case forced by Colonel Hill who maintained that the Volstead law gave the farmer a right to manufacture cider and wine on the farm but withheld from the city man the right to manufacture beer.

The trial brought from Judge Soper the opinion that the clause of the Volstead Act defining beverages of more than one half of one per cent alcoholic content as illegal did not apply to home made wines and ciders providing the product is not intoxicating "in fact."

Judge Soper also indicated by his ruling and charge to the jury that the burden rested upon the government to show such home products intoxicating in fact and in violation of the law.

Ramsey MacDonald To Visit America

London, Nov. 13.—Ramsay MacDonald is contemplating a visit to America on a holiday after his hard grind of nearly a year as Great Britain's first Labor Premier, the Evening Star today says, it is understood. Nothing definite has been decided about the trip, but it is expected an announcement will be made shortly according to the Star, which adds, while the ex-premier has received a number of tempting offers he does not intend to lecture or make public speeches.

MRS. HARDING'S CONDITION REPORTED SLIGHTLY WORSE

Marion, O., Nov. 13.—Mrs. Warren G. Harding who is critically ill with kidney trouble is reported today as not so well in a bulletin issued early this morning by Dr. Sawyer.

Heavy Drinking by the Husband Said to Have Caused Tragedy; 4 Children Survive the Dead Couple

Kinston, Nov. 13.—Raymond Jackson, 35, white farmer, living four miles north of Kinston, early this morning shot to death his wife, Mrs. Mary Casey Jackson, 28, as she lay asleep in bed. He then turned the weapon, a shot gun, to his own head and killed himself. Mr. and Mrs. Jackson are survived by four small children, the oldest being a boy of nine years.

Details of the fatal double shooting are meagre there being no eye witnesses to the tragedy. The oldest boy, however, told officers who were later called to the scene, that it was shortly after four o'clock this morning when he heard his father call his mother and when she failed to answer he heard his father say, "You won't answer then, will you?" The boy stated that he then heard the report of a gun, but fearing his father would do him harm, he remained in bed. A few minutes later, the boy said, he heard another shot and then heard his father groaning.

The boy, according to his statement, then dropped off to sleep and was awakened about six o'clock by a neighbor who had come to see about some tobacco. At this time the boy and the neighbor went into the room and found the bodies of the husband and wife. The heads of both Mr. and Mrs. Jackson were literally blown away, police who saw the bodies, said.

Jackson was said to be a heavy drinker—at times and according to his son's story he was drinking last night and had not been to bed all night.

Following an inquest in the bedroom this morning the bodies were brought to Kinston and prepared for burial.

Contract Awarded For 304,000 Tags For Autos, Trucks

Raleigh, Nov. 13.—Secretary of State Everett plans quite a profitable business for the state on automobile tags, this year. He has just awarded a contract for 304,000 tags for automobiles, trucks and motorcycles for use in 1925 at considerably less than ten cents each and will sell them to the automobile owners of the state at from \$12.50 up varying with the horsepower of the car which they will adorn.

The color has not been determined. The contract went to the Western Display and Manufacturing Company of St. Paul, Minn. There will be 360,000 plates for private automobiles; 30,000 for trucks; 12,000 dealers plates and 2,000 for motorcycles.

The automobile, truck and dealer plates will cost 7.07607 cents each and the motorcycle plates 6.5 cents each.

Contract Completed for Swarthmore Chautauqua in June

The Swarthmore Chautauqua Association through their representative, Miss Blanche Raymond, yesterday completed the contract for the 1925 Chautauqua to be given in Greenville next June. The following public-spirited men are responsible for bringing the Chautauqua back to Greenville and it is hoped that they will receive the cooperation of the entire community:

Guy V. Smith, Higgs Brothers, R. Williams, J. O. Duval, B. F. Tyson, W. Hill Horne, L. C. Arthur, K. E. Pace, J. C. Gaskins, J. E. Winslow, Arthur B. Corey, E. E. Rawls, A. M. Schultz, J. H. Manning, C. Washington, H. A. White, Chas. O.H. Laughinghouse, James L. Evans, C. J. Ellen, A. C. Jackson, S. J. Everett, C. L. Outland, J. C. Lanier, James Brown, F. M. Wooten, J. H. Phelps, J. M. Taft, C. S. Graves, Ralph Garrett, C. B. Rowlett, E. B. Ficklen, Wiley Brown, S. L. Bridgers, H. R. Munford, J. F. Harrington, C. S. Forbes, F. J. Diener, W. E. Bradsher, Sam O. Worthington, D. M. Clark, Taft & Van Dyke (By E. H. Taft), R. T. Cox, Geo. A. Clark.

# AIR OFFICIALS LOOK FOR INCREASE IN U. S. COM. AVIATION

Washington, Nov. 7.—Commercial aviation in the United States will forge ahead during the coming year if plans of the National Aeronautic Association can effect it. Godfrey Lowell Cabot, president of the organization, who has taken up the task of directing its activities from its headquarters here, is advocating more landing fields with gas, oil and mechanics throughout the country as an aid to the greater development of commercial aviation.

With the projected plan of making the ZR-3 a pioneer in the field of commercial aviation in this country, by demonstrating the practicability of air routes, interest in placing aviation on a business basis is believed by Mr. Cabot to be growing rapidly. At present there are not more than half a dozen commercial air routes in the United States.

Promotion of an air service from Pensacola to Tampa, Florida, to obviate the present roundabout land travel skirting the Florida coast, and to insure speedier delivery of mail "as the crow flies," will be one of the aims of the National Aeronautic Association in the immediate future. Government and inter-city flying generally will be encouraged.

"The makers of the ZR-3 have said that it is practicable to build an airship of five million cubic feet—more than twice the cubic capacity of the ZR-2," said Mr. Cabot. "They also feel that the chief development in the near future is going to be trans-oceanic service for mail, high-class freight, and passengers."

"The chief danger to Zeppelins is from storms. Usually it is possible to avoid a storm by keeping in constant touch with the meteorological stations over a wide area, on either side of the route to be traversed, and either avoiding the center of the disturbance or passing through it at maximum speed. Our storms in the northern hemisphere revolve around a center in a direction contrary to the hands of a clock. On its flight from Friedrichshafen to Lakeland, N. J., the ZR-3 avoided two such disturbances with meteorological observations made over

a wide area. "There has been from year to year an increase in commercial air transportation, both here and in Europe. The large percentage increase is in freight, and the smaller percentage increase in passengers. The relative expense of air transportation is extraordinarily low in Europe. In central Europe it is but little more than railroad transportation.

"They have regular air service between such centers as London, Paris, Brussels, Berlin, Moscow, Prague, Warsaw, Manchester and Bucharest, and recently to Constantinople; also between Cairo and Bagdad, and the English air patrol can be seen every pleasant day flying from Lud over Jerusalem to Transjordania."

## TACOMA BUYS ARGENTINE CORN CHEAPER THAN IOWA PRODUCT

Tacoma, Wash., Oct. 28.—A shipment of 3,000 tons of corn from Argentina, received here recently, revealed that corn from the South American republic could be laid down here cheaper than corn from Iowa.

The British tramp freighter Ashworth brought the corn around the Horn, and the rate charged was \$6.75 a ton for the 8,000-mile sea voyage. The duty paid was \$5.40 a ton, making the total cost, in addition to the price paid in Argentina, \$12.15 a ton. The rate on corn from Iowa is 71 cents a hundred pounds, or \$14.20 a ton.

The South American corn was delivered to two milling companies here. The price paid in Argentina for the consignment was not disclosed.

## GERMAN INTER-ALLIED DELEGATION GENEROUS TO TWO HOTEL STAFFS

London, Nov. 12.—Waiters and other employes of two London hotels will have pleasant memories of the visit to London in August last of the German delegation to the Inter-Allied Conference on the Dawes report, for they left behind a tip of \$2,500 to the staff of one hotel and \$500 for the staff at another.

The Caterer and Hotel Keepers Gazette says that the whole of the cost of the visit of the delegation, about \$25,000, was discharged by the German government.

## SWEDEN TO STAGE AMATEUR BOXING TITLES

Stockholm, Nov. 12.—European amateur boxing titles in six classes will be fought for at Stockholm in April 1925. The International Boxing Federation authorized Sweden to hold this

sticuff carnival after England had declined a similar invitation tendered to her, as the mother of boxing, during the Olympic Games at Paris.

Teams are expected to enter the championships from Great Britain, France, Belgium, Denmark, Norway and Italy.

In Sweden boxing is a comparatively young sport, but it is among the most popular. It was not until after the war that the sport was organized in this country, but 150 clubs already belong to the national governing body. Most of the mhave British or Danish trainers.

improvements adopted in Japan, it was stated here by T. Ogawara of Tokyo, assistant director of the government railway engineering bureau.

Ogawara heads a group of five Japanese railway officials in this country to purchase electrical equipment for the new system. During their stay they will inspect hydro-electric plants, electric railways and the establishments of the leading manufacturers of electric equipment.

## SPLENDID CAPITAL FOR INDIA'S MILLIONS NEARS COMPLETION

London, Nov. 13.—Despite unforeseen obstacles and many delays incident to the great war, the works of rearing the new Indian capital at Delhi has gone steadily on, and latest reports to the India Office indicate that the first of the new buildings will be occupied by the end of next year.

This will be realized one of the greatest building achievements of modern times. The new Indian capital is rising from a desolate and barren waste. The present English monarch, as king emperor at his coronation durbar in 1912, announced the decision to transfer the capital of India from Calcutta to Delhi, not the old city of that name, but an entirely new municipality to rise from a reclaimed desert outside and beyond the older settlement.

It was in 1914 that the town planning committee reported in favor of the so-called Raisini site, beyond old Delhi. Although the intervening years of war and reconstruction have doubled the expense of the original project, which will cost at least \$45,000,000 and many more millions in years to come, the work has never once been suspended since it was started.

The principal architect of the new Delhi is Sir Edwin Lutyens, who plans to make it his crowning achievement. Associated with Sir Edwin is Herbert Baker and a score of lesser famous architects.

Sir Edwin Lutyens himself is the architect of the government house, the central building of the whole scheme, which will contain among other official quarters the state residence of the viceroy. It is now promised that

this building will be ready for occupancy late in 1926.

Sir Edwin Lutyens and his associates are engaged in a work unlike that which Major L'Enfant achieved in laying out the city of Washington. Each was given the task of preparing plans for a city to be built from the very beginning. In the scheme for the Indian capital, the government house will occupy a pivotal position in the municipality not unlike that which the capitol holds in Washington.

The parliament buildings at Delhi will be less ambitious. Present expectations are that they will be ready for occupancy early in 1926. Brick and white marble are the materials used in constructing the new Delhi. Architecturally the style is classical, with skillful blending and adaptation of oriental domes, minarets and arcades.

The governmental buildings constitute only part of the new city. Included in the original plans are some 1,000 houses for governmental officers of all ranks and 1,100 more for clerks. This of course is only the beginning. Complete systems of streets and highways, with the necessary public utilities, are being constructed with ample provision for recreation grounds such as cricket and football fields.

Churches and public assembly halls are contemplated and ultimately, but this may be far in the future, a fully equipped university plant, will serve as the capstone of the great undertaking. The rate at which all these schemes can be realized depends wholly upon financial exigencies.

### E. S. Couplings for English Roads

London, Nov. 10.—English railroads are to adopt the automatic couplings as used in the United States and throw over their present system of coupling with heavy iron chains which have fastened together English cars since Victoria's youth. Installation of automatic couplings will cost the English railroads about \$1,250,000.

You can get the most food value out of wheat by eating bakings that are made from good plain flour. A dependable baking powder must be employed or you do not get the full nutritious value of the wheat—nor will your bakings be as palatable and easily digested.

The same results cannot be had if you use Self Rising Flours, which are improperly packed in porous sacks or bags, thus allowing absorption of moisture from the air. Food authorities and physicians agree that bakings that do not raise properly are bad for health. Such foods are hard to digest and in time cause stomach trouble.

Mothers who are interested in the proper growth and health of their children (and all mothers are) should never use anything but a good brand of plain flour and a time-tested leavener such as Calumet—the economy Baking Powder.

Calumet has more than the ordinary leavening strength. It raises every baking to its height of nutritious value. It is pure and dependable—do not look for a substitute—there is none.

Use Calumet and be positive of wholesome nutritious and economical foods.

# The Don Little Farm

ON OLD WASHINGTON-TARBORO ROAD, BETWEEN PACTOLUS & STOKES

SUBDIVIDED INTO SMALL FARMS

## AT AUCTION SATURDAY, NOV. 15th

10:30 A. M.

LOCATION:—The Don Little Farm is located on the Old Washington-Tarboro Road, between Pactolus and Stokes, 2 1-2 miles Pactolus, 2 miles Whichards, 12 miles Greenville.

DESCRIPTION:—This farm contains about 700 acres, about 200 acres cleared, the balance in woods land. The soil is a sandy loam with clay subsoil, suitable to the cultivation of tobacco, cotton, corn and other crops grown in this section. There is considerable cord wood on the woods land and a scattered amount of timber.

Buildings on the place consist of one 6-room house, one 5-room house, pack houses, 2 complete tobacco barns and 2 partially completed, stables and other necessary farm buildings. The main residence on the home place is located in a nice oak grove, and all the buildings are in fair condition.

This farm has a long frontage on the road, and is being subdivided into a large number of tracts. We are offering at this sale a number of very desirable woods land tracts, which offers to the tobacco farmer the opportunity of buying the woods land that so many need.

PERSONAL PROPERTY TO BE SOLD:—Immediately after the sale of the farm, all personal property on the place will be offered. Our representative, Mr. H. C. Carter at the Proctor Hotel in Greenville, will be glad to furnish you with a list of the personal property that is being offered.

SPECIAL NOTICE:—The sale will be conducted on the property regardless of weather conditions. If the weather is inclement we will hold the sale in one of the farm buildings.

Sale Conducted for Mr. R. S. Atkinson of Greenville, N. C., by

### Commission to Seek Data on Electrified Railroads, Report

Washington, Nov. 13.—In its annual report form, to be sent out to all railroads about December 1 and returned by March, 1925, the Interstate Commerce Commission will request data on the use of the trucks by the companies as supplementing regular service. Some of the country's railroads, including the Pennsylvania, utilize motor trucks on short hauls. Information regarding gasoline-propelled railroad cars and electrification of parts of roadsh, will also be sought.

The longest stretch of electrified road that has come to the attention of the Commission is that of the

Chicago, Milwaukee and Saint Paul, has 69. Most of the big railroads from Hartlowton, Montana, to Avery, Idaho, a distance of 440 miles, across the Rocky Mountains. Over 600 miles of track of the Long Island, N. Y. Railroad are traversed by electric engines and in the downtown section of New York City, this type of locomotive is used soely. The New York, New Haven & Hartford road operates electric trains between New York and Stamford, Conn., and the New York Central between the Grand Central Terminal in New York City and Harmon, N. Y.

The most recently available figures of the commission show that the eastern part of the country has 286 electric locomotives in operation; the south has 17 and the west

### TELL 'EM & SELL 'EM

Will young Casey share that bottle of Orange-Crush with three thirsty kids? Say—they haven't a chance! Try a bottle today, icy cold, and you'll know why!  
Here are six reasons why the real Orange-Crush is so utterly delicious:  
(1) The natural fruit oil of oranges;  
(2) The natural acid of citrus fruits (oranges, lemons and limes);  
(3) Orange juice;  
(4) Pure carbonated water;  
(5) U. S. Certified food color;  
(6) Pure cane sugar. That's all. My, what a drink!

### THE RED CROSS

The greatest charitable organization in the world today is appealing to the people of this nation to enroll under its banner for the coming year that the great work of lending a hand to suffering humanity might continue.

The organization knows no national boundary lines or no color lines. In time of conflict the first behind the battle line is the Red Cross administering to the suffering. In time of peace the Red Cross is first upon the scene of disaster there to bring comfort to unfortunate humanity. The part played by the organization during the great world war is one that will never be forgotten by those who received comfort through it and since the close of the war the organization has continued its fight for humanity throughout the world. During the past few years thousands of homeless have been sheltered and hungry have been clothed and fed.

In our own vicinity on the occasion of the New Bern fire and the Robersonville cyclone we had opportunity to observe the workings of the organization and to realize just what it meant in time of disaster. Aside from its emergency work the organization at all times maintains in various communities workers who not only administer to those in need but wage an educational campaign for better health and living conditions for all.

The American Red Cross like all organizations that accomplish things cannot operate without funds and these funds are raised through memberships in the organization. The drive for memberships for the coming year is now on. Everyone has an opportunity to join and by so doing you are lending a helping hand to someone less fortunate than yourself and the real joy of giving will be

realized by you. If you have not answered the call do so at once.

### WHY THE LACK OF INTEREST?

The Reflector is today carrying the official vote of the county in the election held on Tuesday, November 4, a week and a half ago. Daily an effort has been made to procure a copy of these returns for publication and it was only yesterday that the County Board of Elections were in position to furnish the official vote because of the slowness with which returns from the various precincts in the county were received.

Back in the days of bad roads, stage coach travel and no telephone or wire communications a week's delay in the tabulation of the official vote of an election might have been countenanced but with the facilities of the 20th Century there is no excuse for such undue delay other than that somebody through lack of interest in the affairs of their government is falling down on the job.

### RAIN MADE TO ORDER

For hundreds of years mankind has longed to control or regulate the rainfall. The rainmaker has resorted to incantations, to the use of so-called charms, and to what, in the estimation of the superstitious have been cruder and no less ineffective material methods in his effort to wring moisture from obdurate clouds. An industriously, though perhaps less persistently, have others sought ways by which fair weather might be procured. Now comes the "cloud-shooter," who instead of attacking from beneath, as formerly, utilizes the modern devices which have been provided to aid him and claim to be able to "shoot down" moisture from the skies or to dispel and scatter hovering banks of will.

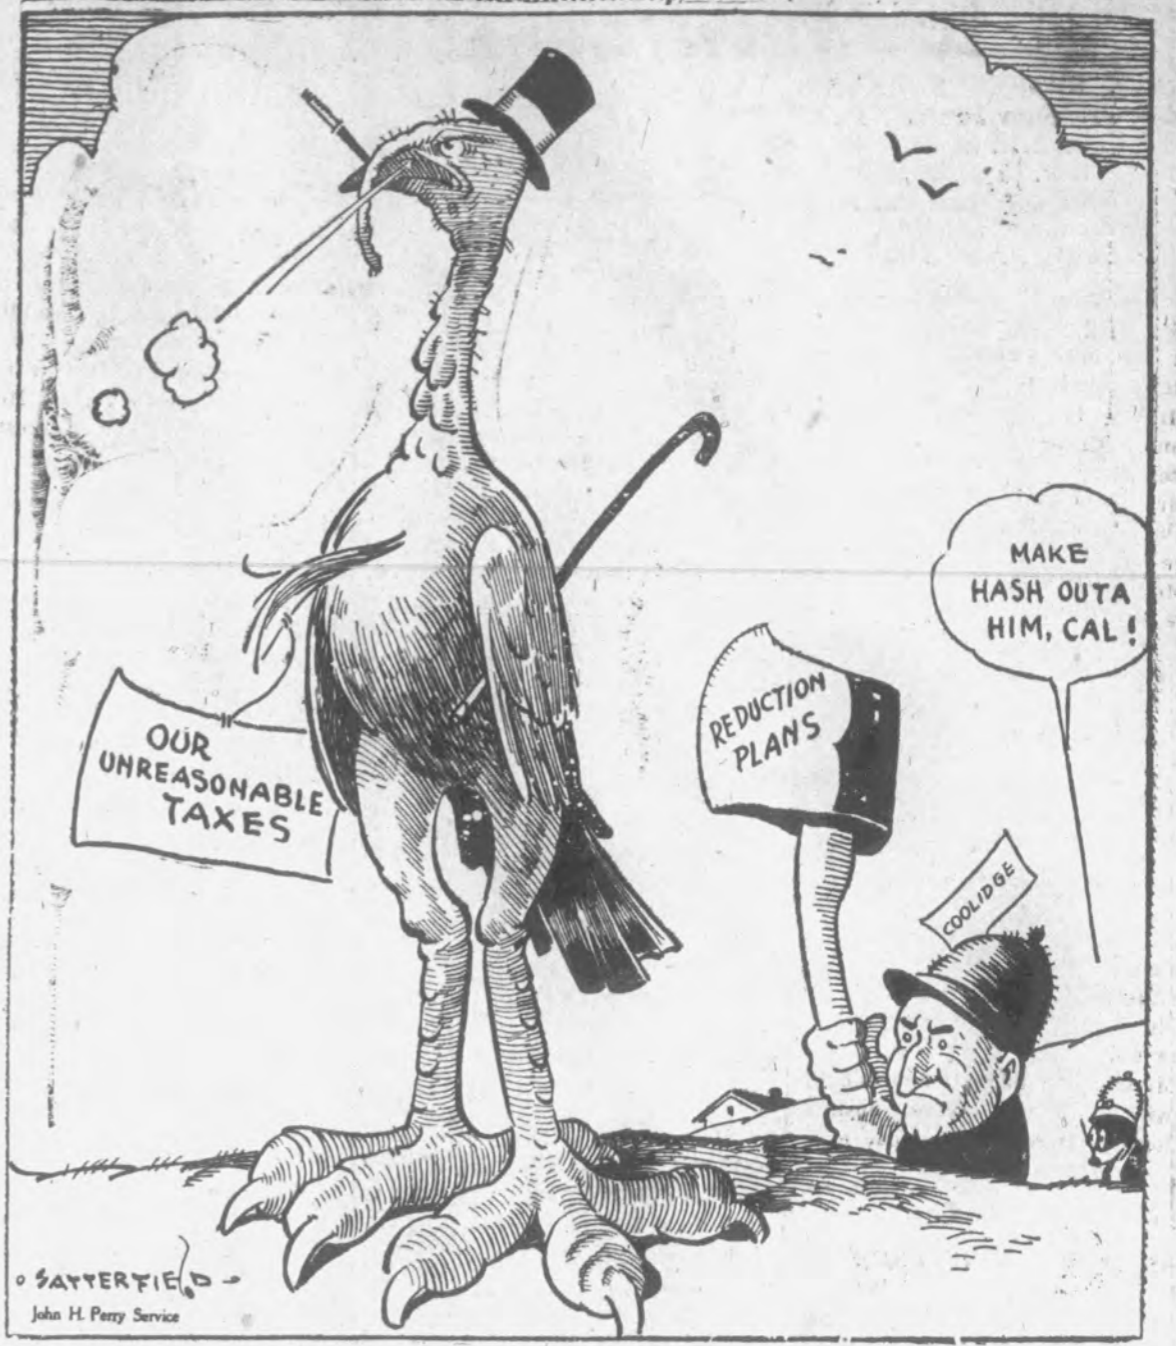

Dr. L. Francis Warren of Harvard University, who devised the process employed at the recent successful experiments over Bolling Field, Washington, D. C., asserts that; "Commercial rainmaking now lies within the grasp of man and he can employ to this end one of nature's cheapest commodities, namely common or garden silica, at a cost of about \$3 a ton, which, outside of maintaining the equipment and operating the planes, will be the only charge.

So now, it may be, there will be divisions and blocs, composed on one side of those who want rain for their corn, and on the other side of those who want fair weather for their hay. In the city there will be those, perhaps, who will be known as the Picknickers' League, or Fair Weather Party, demanding that fog and rain clouds be dispersed, while those comprising the League of Back-Yard Gardeners insist that the clouds be "shot" for rain. Who shall decide?

### Unprecedented Demand in Iredell for Travelling Libraries

Raleigh, Nov. 13.—There is an unprecedented demand in Iredell county for travelling libraries, it was announced today at the state library commission.

In last Wednesday's mail a total of 55 requests for libraries were received from the county in one mail.

While the state has more than 400 traveling libraries in operation, it will be impossible to fill all of the Iredell requests, it was stated. The county school supervisor will be asked, it was stated, to determine which of the schools in the county among those asking for libraries, need them worst. Then the available 25 will be sent out.

State Library officials said they could not account for the unprecedented demand from Iredell county. This is the largest number of requests for libraries ever received on any one day, it was said.

### CHARTERS GRANTED

Raleigh, Nov. 13.—The following certificates of incorporation have been issued by the Secretary of State:

Gardner Brothers, Incorporated, Washington, a general dry goods store. Authorized capital \$25,000. Five thousand dollars subscribed by George A. Spencer, C. G. Gardner and L. W. Gardner, all of Washington.

### Bad Coughs Ended Quickly by Double-Action Remedy

Remarkable results in quickly clearing up the severest coughs have been obtained with a prescription by a well-known specialist that does two things at once. It not only soothes and heals the soreness and irritation, but it very quickly loosens and removes the phlegm and congestion which are the real cause of the coughing. It is often astonishing how speedily the cough stops. The prescription is known as Dr. King's New Discovery for Coughs. It is particularly valuable for night coughing. To promptly end this annoying and weakening scourge, simply before retiring take one teaspoonful of Dr. King's New Discovery and hold it in your throat 15 or 20 seconds before swallowing. People who have been unable to rest on account of continual coughing have often gotten their full 8 or 9 hours' sleep by this simple method.

Dr. King's is excellent, too, for children's spasmodic croup, bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for

## BOX PARTY AT COX'S SCHOOL HOUSE

A box party was given at Cox's School House, Friday night, Nov. 7, which every visitor seemed to enjoy very much. There were visitors from Farmville, Greenville, Ayden, Simpson, and several near-by villages.

First, the fish pond was made ready for everybody to go fishing. Then ice cream was sold. In the meantime Miss Nannie Peacock played the piano.

About 8:30 Miss Beulah Tripp, a young lady of Ayden, appeared dressed as a Gypsy fortune teller. Several of the visitors visited the Gypsy's tent and had their fortunes told. This afforded much fun.

A contest was given for the prettiest girl. Five cents was charged for each vote. The girl who received the most votes was to be given a box of candy. After several moments of suspense Miss Grace Hardee, a charming young lady living near this school, was presented the box of candy.

Another contest was given the corn grain contest. There was a jar of corn with a dollar bill inside. The one guessing nearest the number of corn grains was given the dollar bill. Mr. Fountain Evans won this prize.

Several boxes were brought to the party by the pupils and friends of the teachers. The ones who brought boxes were: Misses Helen Brooks, Nannie Peacock, Mary Hoover Boyd, Geneva Pope, Mary Dudley, Grace Dudley, Ruberta Hardee, Annie Ruth Edwards, Lillian Stokes, Novella Evans, Margaret Murriner, and Mrs. John Barrett.

The young men who bought the

boxes were: Messrs. Kid Tyson, Raymond Tyson, A. C. Jackson, Wesley Moore, Layd Allen, Van Carroll Nyror Hardee, Leon Evans, Hubert Evans, Dewey Brooks and John Barrett.

Mr. Frank Stocks, an elderly gentleman, auctioneered the boxes in a very pleasing manner.

After the boxes were sold a contest was given for the ugliest man present. Mr. Lee Corbett, of Farmville, was the lucky man to receive the prize—a cake of soap.

About eleven o'clock the successful party came to a close, leaving the pupils and teachers of Cox's school very much pleased for they had taken in \$94 for the use of their school.

MISS MARGARET MARRINER, MRS. JOHN BARRETT.

## ATTENTION, TEACHERS!

A tempting luncheon will be served in the basement of the Jarvis Memorial Methodist Church, Friday and Saturday, to the visiting teachers and all others who wish to come.

Christmas Sale and Baby Show Conducted by Circles No. 5 and 9 of Methodist Church, Tuesday, Nov. 18, in basement of the church.

10 O'clock—Sale of articles opens. Beautiful gifts for Xmas; all kinds of handwork.

11 O'clock—On through the day, lunch served.

Chicken salad, rolls, pickles and coffee Fried Oysters, Waters, Pickles and Coffee

3:30 to 4 O'clock—Short program and awarding of prize to Greenville's most popular baby.

One vote will be given with every 25c worth purchased. A beautiful

prize will be given to the baby under 2 years, receiving most votes. Buy early so your vote will count.

DR. J. H. HIGHSMITH TO ADDRESS KIWANIS HERE FRIDAY EVENING

The Kiwanians will meet tomorrow evening at 8:30 o'clock at the Rotary Club. They will be addressed by Dr. J. Henry Highsmith, State

High School Inspector and Mr. W. M. Marr, Regional Scout Executive. Several educators here attending the North Eastern Division North Carolina Education Association will be present.

# Appearance Too Is a Mark of Success

A good appearance is frequently responsible for the background in which to demonstrate ability!

It is the open sesame to the inner shrine of big business—a better card of admission than a letter of credit!

Clothes don't make character. They represent it. It is a sane assumption that a man wouldn't be a careless dresser if he weren't a careless thinker.

Clothes don't make the man, but clothes do make other people's impression of him!

Men at the top can afford to look careless, but men on the way up must dress to impress!

Dress well! Change your clothes frequently. They'll wear better. You'll look better.

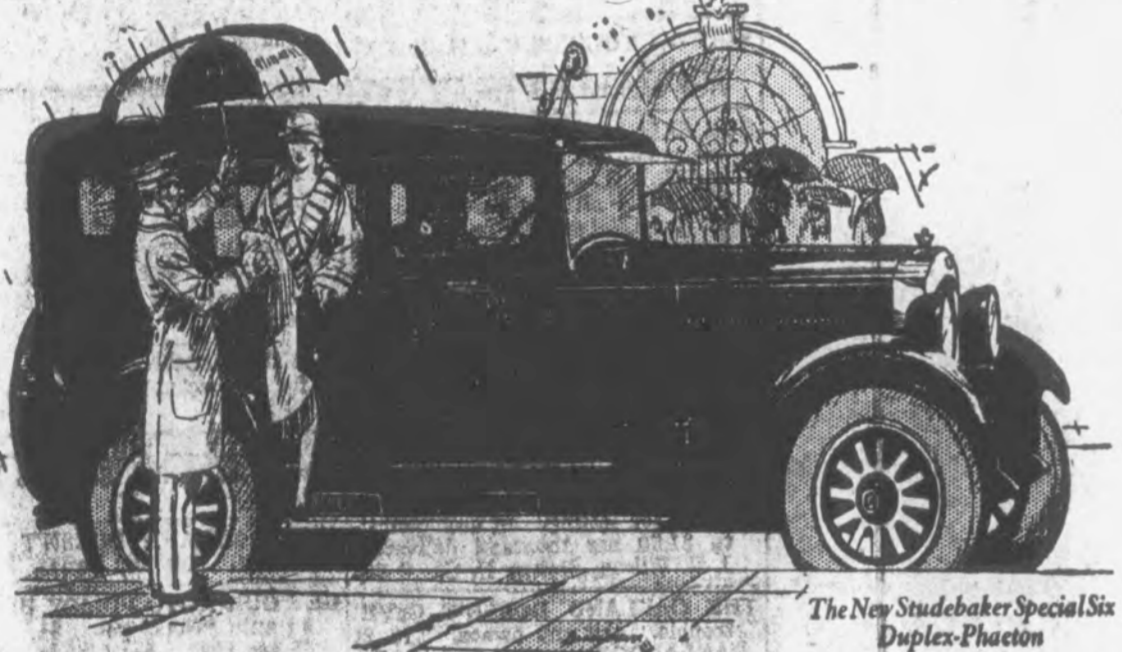

Remember "careless" and "clean" are far apart—even in the dictionary!

You can now dress well at a very low cost, because I have bought a large assortment of late Fall styles at a big reduction in price.

Sale begins tomorrow morning—BE THERE.

The New Studebaker Special Six Duplex-Phaeton

## Open car when you want it —an enclosed car in 30 seconds

WITH the new-type Studebaker Duplex you may take your choice—ride in an open car if you like—enjoy the cool, fresh air and healthful sunshine.

Then in 30 seconds—without even leaving your seat—it can be changed to a deeply cushioned, richly appointed, fully protected enclosed car. It's no fuss or bother at all—simply lower the roller enclosures—it's so easy a child can do it.

No more hurried efforts to put up curtains in the wind and rain.

No more hunting for the right one while the storm beats in.

No more exposure through holes torn in

them while trying to obtain for the emergency the protection given by a closed car.

For in the Duplex the side enclosures are instantly accessible—yet rolled up safely out of the way when not in use.

If this two-fold utility were the only feature of the new Studebaker cars they would still be a sensational value—but there are many others.

New body lines—new beauty—more powerful engines—new ease of gear shifting—genuine balloon tires—and the easiest steering car you ever drove.

In justice to yourself—see this car today.

#### Don Little Farm to Be Sold at Public Auction On Nov. 15

The Don Little farm located on the old Washington-Tarboro Road between Pactolus and Stokes, has been sub-divided into small farms, and will be sold at auction by the Atlantic Coast Realty Company on Saturday, November 15th, at 10:30 o'clock.

The farm contains about 700 acres, 200 acres cleared, the balance in woodland. The soil is a sandy loam with clay subsoil, and is suitable to the cultivation of tobacco, cotton, corn and other crops grown in this section. The building on the place consist of one 6 room house, one 5 room house, pack houses, 2 complete tobacco barns and 2 partially completed stables, and other necessary farm buildings.

Immediately after the sale of the farm, all personal property on the place will be offered for sale.

The sale will be conducted on the property regardless of weather conditions. If the weather is inclement the sale will be held in one of the are A. F. Powell, 81, Whiteville; W. farm buildings.

#### Confederate Veteran Looking for Comrades During Attack Ft. Fish.

Wilmington, Nov. 13.—Lewis H. Noe, of Sayville, Long Island, N. Y., has written a letter to Postmaster Warren G. Elliott of this city asking aid in locating Confederate Veterans who participated in the defense of Fort Fisher during the three days siege by the Union Army during the Civil War. Mr. Noe states that he was in the attackers and was at that time only 15 years old.

Captain Edgar Williams, who has been instrumental in beautifying the park has sent Mr. Noe a list of the survivors of the fight. They are A. F. Powell, 81, Whiteville; W. farm buildings.

# Granger Rough Cut

#### A Pointer on Tobacco

The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.
