ENGLAND AWAITS ACTION OF THE NEW EGYPTIAN CABINET

Cairo, Egypt, Nov. 25.—The Egyptian parliament was adjourned by royal decree today until December 25.

London, Nov. 25.—The British government is going to withhold further action in Egypt to allow the new cabinet there to reconsider the demand a part of which was agreed not by the Zaqioui ministry, and to communicate with London regarding them.

It was stated in official circles, today that Great Britain hoped that the cabinet of Zivar Pasha would be able to agree to the demands of Great Britain in which case the British government will consider the incident of the sidar's assassination closed so far as diplomatic relations between Great Britain and Egypt are concerned.

The new cabinet is expected here to take a broader outlook in the matter of the demands as regarding the future co-operation with the English government, officials said this morning.

Cairo, Nov. 25.—An improved atmosphere prevailed in Cairo today following yesterday's political developments resulting from the course taken by Great Britain, in consequence of the assassination last week of Sirdar, Major General Lee Stack.

British troops paraded the streets again today but otherwise, there were few outward signs. Students of the educational institutions who struck because of the British demands returned to their school, but so far have refused to take up their work.

BUDGET FOR NEXT YEAR IS SMALLER THAN EXPECTED

Washington, Nov. 25.—Despite last minute additions to meet the wishes of cabinet officials the national budget for the next fiscal year as completed today at a conference between President Coolidge and Budget Director Lord, the limit of ordinary expenditures of the government is at a figure well under the \$1,800,000,000 fixed by President Coolidge in his talk last June to government officials.

Mr. Lord declined to reveal the precise total of disbursements of the budget but said that previous estimates as to governmental economy had been more than realized. For one thing the original estimated cost of the Soldiers' Bonus law had proved too high he said.

Other cases on the docket were continued on account of failure of witnesses to appear and other things which made trial impossible.

GREENVILLE ONLY TOWN IN CAROLINA BEHIND IN QUOTA

A drive for membership in the Eighth Annual Red Cross Roll Call was launched in Greenville last Friday and will close on Thanksgiving Day. According to reports received today only \$143.50 has been raised in Greenville for this worthy cause. Nothing less than ten per cent is considered a fair collection and if Greenville should reach even ten per cent of its quota that would be \$600.00.

Our city is the first in Eastern Carolina that has failed to go over the top since the world war.

The local Red Cross as well as the National Red Cross is greatly concerned regarding the apparent failure of the drive in this territory. Greenville has always done its part and great things have been accomplished for every worthy cause, therefore the terrible disappointment when the announcement is made that Greenville, in its failure to respond, is the only town in the eastern section of the state which has failed to raise its quota.

The drive will continue through today and tomorrow coming to a close on Thanksgiving Day. A canvasser will be made both days in an effort to raise Greenville's quota and everybody is requested to respond.

William Fahy, P. O. Inspector and James Murray, Convicted in Connection With \$2,000,000 Holdup

Chicago, Nov. 25.—William J. Fahy, former postal inspector, and James Murray, politician, were found guilty on five charges of robbing the mails and on five charges of conspiracy to rob the mails, each in connection with the Roundout mail robbery, by a federal jury here today.

The case was given to the jury at eight o'clock last night and the verdict was returned after one o'clock.

For years Fahy had been called the Ace of Chicago inspectors.

The gigantic mail robbery was staged at Roundout last June. Murray, a big politician, is credited with being the brains behind the holdup.

MANY CANDIDATES SEEK TO SUCCEED CONNOR AS JUDGE

Sewell, Meekins, Tucker and Eutler Most Likely Candidates; Parker Also Mentioned

Raleigh, Nov. 25.—The names of a number of Republicans high in the ranks of the party in the state are being mentioned for appointment as successor to Judge Groves Connor, United States District Court of eastern North Carolina, who died at his home in Wilton Sunday.

The men whose names are mentioned most prominently in connection with the judgeship include Herbert Sewell, Carthage; Col. Isaac M. Meekins, Elizabeth City; Irvin B. Tucker, Whiteville and Major Butler, of Clinton. The name of J. J. Parker, of Monroe, has also been brought into discussion but the fact that he does not reside in the district seems to eliminate him from serious consideration in connection with the judgeship.

Friends of Mr. Sewell point to the fact that he was nominated for the judgeship by President Roosevelt near the close of the latter's administration in 1909. For some reason the nomination never got beyond the Senate Judiciary Committee. Shortly after his inauguration President Taft appointed Judge Connor to succeed Thomas R. Purnell and appointed Sewell as district attorney. Sewell is reputed to be a very brilliant lawyer and friends declare he would make an excellent judge.

Isaac M. Meekins has been declared a possible successor to Judge Connor since the latter reached the retirement age several years ago. Politicians believe the fact that Meekins had been identified with the Coolidge administration as attorney for the Altes Property Custodian, and Republican candidate for governor in the recent election, gives him a good chance for the appointment.

District Attorney Tucker is also among the names prominently discussed. Members of the local bar express opinion that Tucker's popularity in the district would cause his endorsement. While it is believed endorsements for the judgeship will be divided among all the candidates, Tucker will receive the majority from the local attorneys.

Major Butler is the brother of former Senator Marion Butler and when Judge Connor reached the age of retirement a few years ago he received a number of endorsements over the district for the judgeship. Major Butler for years has been high in the councils of the Republican party of North Carolina.

On account of the congested docket it is believed that President Coolidge will appoint a successor for the office without delay.

What My Neighbor Says

Is of Interest to Greenville Folks

When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ills—and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of many thousands, but it is that of a Greenville resident. Who could ask for a better example?

Mrs. J. C. Savage, 1018 Evans street, says: "I had a dull ache in my back and couldn't rest well at night. Mornings I was sore and stiff. When I stooped and then straightened my head would swim with dizziness and I was blinded for a while. My kidneys acted irregular. Doan's Pills relieved all the symptoms."

Seven years later, Mrs. Savage said: "I think Doan's are a splendid kidney medicine, although I haven't needed them for a year."

What Did That Meal Cost?

Several dollars—not counting your time and labor—and it might have been ruined, all because of heavy bread or a soggy cake. You may have saved a fraction of a cent by using an unreliable baking powder—but you took the chance of ruining your baking—making a failure of your meal. Do you call that economy?

CALUMET THE WORLD'S GREATEST BAKING POWDER

will make a success of any meal because it always produces perfect bakings—and that's what counts in the success or failure of a meal. No other baking powder is any better—regardless of the price you pay—none is any more economical in use; for Calumet has far greater leavening strength—it goes farther—lasts longer. The last spoonful is as good as the first. Millions of housewives use Calumet—so do the leading hotels, big railroads, renowned restaurants and good bakers.

London.—Officials of the ministry of health declare that they have set up a silent barrage against plague, typhus fever and cholera which costs the country only \$500,000 yearly, "probably the cheapest insurance premium in the world."

An official stated that the whole of

the coastline of Great Britain and the shores of navigable rivers are included in a sanitary district, the council of which is responsible for leading with many sea borne infectious disease that may be introduced into the districts.

The work of medical port officers never ceases, it is going on day and night, and is a "silent" service, the ministry asserts.

Five Doorways, Like This, Lead To The "Christmas Shopping Center"

Once across their thresholds, the seeker of useful, unique Gifts will be amazed at the beauty and completeness of the Merchandise displays. They contain not only the best things made in America but products of the skilled artisans of practically every Nation of Europe and the Orient. They comprise the unusual and distinctive to a degree never before attained by any Southern store. And all of these articles were especially chosen by our representatives to serve as Gifts—for you and your friends.

Miller & Rhoads' Christmas Gift to Christmas Gift Buyers, this year, is a greatly enlarged, much improved and more beautiful store in which to do your Christmas shopping.

Our chief aim has been to provide for our patrons such conveniences and facilities for service as would make every moment of their visits here enjoyable as well as profitable. In its accomplishment, months—even years—of careful planning and energetic effort have been necessary. And yet even a casual review of the store as it is today must reveal the source of the pride we feel in so successful an achievement.

That it will pay you both in satisfaction and dollars to Christmas-shop in Richmond—at Miller & Rhoads—there can be no doubt. If you are unable to do this in person, our organization of experienced Mail Shoppers will gladly shop for you without extra charge. Also, we prepay delivery charges on all parcels sent to you by freight, express or parcel post.

RUSSIAN FAMILIES SPLIT OVER RELIGION CHILDREN

Moscow.—The question of the religious education of children is one of the great problems of the Russian people. Frequently it is the cause of dissension between father and mother, leading to divorce and separation. In many cases the state has been called upon to settle disputes arising out of this question. A unique case recently came before a Moscow judge. A wife complained that her husband had objected to the Christianizing of their children, for which reason she left him.

She demanded from her husband sufficient money to rear and educate the children, which the husband refused to pay, arguing that his wife intended to give religious instruction to the children. The father then took the case into court and asked the judge to place the children in a children's home in order to save them from the influence of their mother. The judge, who was a Communist, evaded both points, but ordered that the children be returned to the father without any payment to the mother.

German Film Extra's Pay Fixed

Berlin, Nov.—The character of the clothes required for their work forms the basis for the pay demanded by the supernumeraries in the German films, who have recently formed a union. The lowest rate of pay is fixed for those who appear in street and mob scenes, in which the most ordinary clothing is required.

The highest rate provided by the union scale is for the ballroom and cabaret scenes in which the women and girls are obliged to appear in fancy costumes and the men in formal evening dress. The supernumeraries are obliged to furnish their own apparel.

PARISIANS IRRITATED BY TRAFFIC CONGESTION WHICH GROWS DAILY

Paris.—Like most large cities Paris is having its traffic difficulties and they are becoming more acute daily. Despite mounted police and traffic regulations, automobiles and taxicabs crawl with irritating slowness past the Madeleine and the Opera along the boulevards.

To help relieve the congestion a recent police order placed 30 additional thoroughfares under the regulation of one-way traffic.

M. Moran, the prefect of police, has suggested underground garages for vehicles which now have to park by the sidewalks.

MEETING DECIDES TO ORGANIZE AN INTERNATIONAL FARM BLOC

BRUGG, Switzerland.—Politicians the world over will be struggling with an international farm bloc, known as the Green Internationale, if the plans recently worked out here under the leadership of Professor Lauer are carried into execution. Representatives of the United States, England, Germany, France, Czechoslovakia, Switzerland, Holland and Hungary attended the meeting. It was decided to open a permanent secretarial office immediately with a view to launching the organization at a convention to be held next year in Warsaw.

Children make constipation a habit—relieve them with Kellogg's Bran

Children punish themselves terribly by ignoring nature's demands. They bring constipation upon themselves. They invite the many other diseases which can be traced to constipation. Immediate steps should be taken to rid them and keep them free from this disease.

It takes ALL bran to be 100 per cent effective. That's what Kellogg's is—ALL bran. That is why doctors everywhere recommend Kellogg's. That is why Kellogg's Bran carries a money-back guarantee to bring permanent relief, if eaten regularly, in the most chronic cases of constipation. That is why Kellogg's Bran, cooked and krumbled, has brought glorious, glowing health to thousands—because it is ALL bran.

No matter how long one has suffered with constipation, Kellogg's Bran will bring permanent relief IF EATEN EVERY DAY—at least two tablespoonfuls—in chronic cases, with every meal.

Kellogg's Bran is delicious. It has a crisp, nut-like flavor that simply delights the taste. It is a wonderful surprise if one has been used to ordinary, unpalatable bran.

There are many ways to serve Kellogg's Bran. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Look for the recipes on every package and try it in muffins, bread, griddle cakes, etc.

Kellogg's Bran, cooked and krumbled, is made in Battle Creek and is sold by grocers everywhere. It is served by the leading hotels and clubs.

Know what's underneath the paint before you buy

YOU wouldn't think of buying a house without first knowing how it is built and the quality of materials used. In selecting a piece of furniture you are sure to find out whether it is solid wood or veneer.

Yet many people who exercise care in most purchases buy automobiles without even lifting the hood or knowing about the hidden qualities of body and chassis construction that really determine one's satisfaction with a closed car.

We want you to know about the unseen qualities of the new Studebaker Standard Six Sedan.

Down underneath its superb body finish is a sturdy framework of carefully selected ash, glued together and fastened in place by screws—not nailed. Ash is scarce and expensive, but Studebaker uses it because it best combines proper weight and strength.

Upholstery is genuine mohair of high quality. Various grades of mohair look much alike—the big difference is in the quality.

Beneath this mohair covering are many nests of cushion springs, padded with heavy

burlap, upholstery cotton and curled hair. Almost any car seems comfortable on the showroom floor, but it's quality such as this that makes the Studebaker Standard Six remain comfortable after years of service.

The same standards of excellence are maintained throughout the body and chassis. In the engine, for example, the crankshaft is completely machined on all surfaces, a practice that results in the smooth, quiet, vibrationless performance that characterizes all Studebaker cars.

Judged solely on what your eye can see—in beauty of line and finish and exterior refinements—the Studebaker Standard Six Sedan will command your instant approval.

But go deeper than that. Compare its hidden, vital qualities—its design, materials and workmanship—with cars selling for hundreds of dollars more.

Studebaker never compromises—never uses a substitute for genuine quality. Studebaker has been building quality vehicles for 72 years.

Come in and let us tell you the "inside story" of the Studebaker Standard Six Sedan.

100 Lucky Strikes TAX FREE

We invite every smoker in this city to take advantage of this startling offer.

We've told you about Lucky Strike superiority.

Your friends have told you. Now know for yourself the value of the toasting process.

We make this proposition to win more friends:

The regular price of a tin of 100 Lucky Strikes is 75c

You pay the dealer only 45c

We pay the Government Tax of 30c

Act quickly, as the dealer's allotment at this price is limited.

Get one tin [only one to a person] for home or for office.

The regular price will be in effect when the dealer's supply on this offer is sold.

Cleanliness and Care in Manufacture

Every Lucky Strike factory is a model of sanitation. Read how Alfred W. McCahn, the noted food expert, describes one of our factories: "White walls and ceilings, floors as clean as freshly chiseled marble, cutting machines and wrapping machines that take away from the human hand all detail and leave nothing to the human supervision but the watchfulness of trained eyes."

Smoke these 100 Lucky Strikes. Then you'll know how the 45-minute toasting process adds to the flavor and improves the taste.

LUCKY STRIKE

Facts About Taxes on Cigarettes

We call particular attention to the statements made in the advertisement adjoining this editorial column.

This advertisement, the purpose of which is to win new friends for Lucky Strike cigarettes, incidentally emphasizes the matter of high taxes on cigarettes.

To those who are intimate with such matters there is, of course, no surprising statement made.

To the general public, though, we believe it will be surprising to learn that nearly half of what they pay for cigarettes goes to the government for taxes.

The internal revenue stamp on a package of twenty Lucky Strike cigarettes costs you six cents. On a tin of one hundred the revenue stamp costs you thirty cents.

So nearly fifty cents out of every dollar you spend for cigarettes is spent by you for taxes.

This is certainly the heaviest burden on an article of daily and universal consumption.

The Tobacco Industry and Taxes

The aggregate tax paid by the tobacco business is with one exception, income taxes, the largest item of internal revenue the federal government receives. Last (fiscal) year it amounted to \$399,050,824.

Of this enormous amount of money the cigarette industry paid \$182,714,735.03, or nearly two-thirds of the total tax paid by the entire tobacco business.

The immediately important portion of the foregoing is the following: We believe you will appreciate that when nearly fifty cents of every dollar paid by you for cigarettes goes to the government, you must receive in cigarettes a value in return for your money that is rarely given in any commodity.

That the public generally appreciates this great value is shown by the enormous increase in the consumption of cigarettes.

Our reasons for this tax free offer

We know this offer induces men to try Lucky Strikes—it "Wins New Friends."

We know that a large percentage of those who get acquainted with Lucky Strikes adopt them.

This isn't philanthropy nor propaganda—just good business, as you'll agree.

The offer is limited. We cannot afford to keep it up.

We make it sensationally generous so as to attract attention.

We are not giving money away for the offer; it accomplishes its purpose—Lucky Strike "Wins New Friends." Our volume increases.

Super-quality

It is only by immense volume that we can produce such an aristocratic cigarette as Lucky Strike at such a democratic price.

Its quality is supreme because it has that costly, extra process, toasting, which improves the flavor and adds to the taste of even the finest tobaccos that are used in Lucky Strikes.

We urge you to participate in this offer—we want you to get acquainted with Lucky Strikes.

We know a trial will make you a permanent customer of ours.
