MR. J. N. THOMAS ADDRESSES U. D. C. AT FRIDAY MEET

Visitor From Washington and Lee University Presents Lee Memorial Movement to Local Chapter

The George B. Singletary Chapter of the United Daughters of the Confederacy held its regular monthly meeting Friday afternoon at the home of Mrs. J. L. Hassell. The regular meeting day is on Thursday but on account of Thanksgiving it was postponed one day.

The meeting was called to order by the president and opened by repeating the Lord's Prayer in concert. On account of the absence of our secretary, Mrs. I. F. Lee, we had no roll call but 20 members were present.

As it was the first meeting of the year, there were several committees to be appointed, the first, a Ways and Means Committee which was composed of Mrs. J. L. Fleming, Mrs. Charlie Forbes and Mrs. Mamie B. Cobb.

The chapter has donated the following books to the City Schools. These are to be presented during this month by Mrs. T. A. Person, "Service Afloat," by Admiral Raphael Semmes, "Recollections of a Confederate Officer," by General Moxley Sorrell, "Confederate Poetry," by Gamaliel Bradford.

The program committee for the year is composed of Mrs. T. A. Person, Mrs. R. C. Deal and Mrs. C. A. Bowen.

At the suggestion of Mrs. J. L. Hassell we took as a part of our work for this year the marking of the graves of our Confederate dead in Pitt county. Mrs. Hassell was appointed to count the graves, so that the chapter for each grave, so there would not be lost to the coming generations.

At the close of our business session, Mr. J. N. Thomas from Washington and Lee University, presented to us the Lee Memorial Movement which he says is an inspiring evidence of a sincere and widespread awakening from this era of forgetfulness and neglect.

The five years work of Lee, the Educator, fitting crowns and supplements the five stormy year of Lee the soldier. And undoubtedly, when the long roll is finally called and his contribution to the uplift and betterment of the human race is finally assessed and determined, his work at Lexington will outshine and outweigh all the more transient glories of his military career.

Above the battle smoke and dust of conflict of that stormy era of war and reconstruction his majestic figure has been steadily rising in the eyes of the world as the purest and loftiest and most symmetrical character yet evolved by our christian civilization. Yet till now the South has strangely neglected to rear to her greatest hero an adequate memorial.

The third object of this movement as presented to us was to re-establish a School of Journalism founded by him in 1869 a half century ahead of his age. Unfortunately the increasing poverty of the institution and the loss of its grinding spirit led to the discontinuance of the enterprise eight years after General Lee's death in 1870.

Mr. Thomas is appealing to the entire South and our chapter voted unanimously to send a very generous amount and that this he sent in immediately after our next meeting.

All members who were present made a free will offering. Those who were not will please make yours to Mrs. T. T. Hollingsworth, treasurer. For any information you desire on this movement, any member present at this meeting will be glad to give you same.

The chapter was asked for a donation of \$1 to be sent to the Fort Macon chapter in Beaufort, to help erect a monument to their Confederate dead. This was readily responded to.

This closed our business and the meeting adjourned to meet the 26th of December, the hostesses are to be appointed later and will appear in this paper. We were glad to have Mrs. Julian Timberlake with us. She

MASTER MINDS OF \$2,000,000 ROBBERY ARE SENTENCED 177 YEARS

Chicago Prison sentences aggregating 177 years, the limit of legal punishment, were imposed by Federal Judge Cliffe today, on William Fahy, former Post Office Inspector and James Murray, local politician, convicted of plotting the \$2,000,000 mail train robbery at Rondout. The judge stipulated, however, that the sentences should run concurrently so that the maximum actually served by each of the men would be 25 years.

WILSON FIRE CAUSES DAMAGE \$100,000 EARLY THIS MORNING

Stables of Live Stock Concern Together With 55 Horses and Mules Completely Destroyed

Wilson, Nov. 29.—The building of the Wilson Live Stock Company together with 55 horses and mules were burned early today with a loss estimated at \$100,000 partially covered with insurance.

The fire spread to the Clark Livestock Company's building which adjoins the Wilson Live Stock Company but only slight damage was done there.

Fifty-two of the horses and mules were placed in the stables last night and no insurance had been placed on them.

A grocery store operated by the Wilson Live Stock Company, in the building next to the stables, was also destroyed with a loss of approximately \$7,000.

The blaze was discovered shortly after two o'clock this morning. The origin of the fire has not been determined.

PONZI ARRESTED IN BOSTON TODAY

Manipulator of Get-Rich-Quick Schemes Arrested for Being in This Country Illegally

Boston, Nov. 29.—Charles Ponzi, promoter of the get rich quick schemes of four years ago which attracted the investment of many millions, was arrested today by immigration authorities on a warrant charging that he was in this country illegally. Deportation proceedings will begin immediately it was said by Immigration Commissioner John P. Johnson.

Whether deportation will be to Canada or Italy in event the charges against Ponzi are sustained can be determined only by the Secretary of Labor. Ponzi came to this country from Canada after being convicted of banking irregularities in Montreal but if Canada objects to deportation to the Dominion, officials of this country may order his sent to Italy of which he is still considered a citizen.

Young Man Shoots Himself and Girl Companion in Auto

Shreveport, Nov. 29.—Miss Myrtle Ogden, young business college student and J. J. Bass, aged 25, were found dead in an automobile in a prominent residential section this morning shortly after the firing of three shots two of which struck the head. The other killed Bass who the police believe fired all the shots.

is a member of our chapter but cannot always attend as she lives in Raleigh. Mrs. R. R. Cotton was with us also. She always is an inspiration and a joy. We want every member to be present at our next meeting on December 26th, and share with us the real joy and pleasure of doing something for those who gave their life for us and the cause for which they fought.

Let us again get the spirit of South Carolina when we followed her as she raised on high, the Bonnie Blue Flag that bore a Single Star.

SCIENCE INVOKED IN OHIO FURNACE MYSTERY.

DR. H. M. BRUDAGE, PROSECUTOR KING & CHARLES F. LONG.

Legal and scientific investigation into the mysterious death of Mrs. Addie Sheatsley, wife of Rev. Dr. C. V. Sheatsley, pastor of the Christ Lutheran Church, in Hoxley, a suburb of Columbus, O., who was found burned to death in the furnace of the parsonage, has not cleared up the case. Dr. H. M. Brudage, expert pathologist, is shown making a chemical analysis of the woman's blood, in an effort to determine if she was dead or alive when her body got into the furnace. Prosecutor King is in charge of the investigation. Charles F. Long, city chemist of Columbus, Ohio, is shown making glucose pig tests that led him to believe Mrs. Sheatsley was dead before her body was placed in the furnace.

MORRISON DECLINES HONOR REQUISITION PENNSYLVANIA GOV.

Convinced Fred Foltz is Suffering From Tuberculosis and Will Not Return Him to Pennsylvania

Raleigh, Nov. 29.—After seeing the negatives showing the condition of the lungs of Fred Foltz, of Philadelphia, Governor Morrison this morning declined to honor requisition papers of Governor Pincho for the return of Foltz to Pennsylvania to stand trial on charges of non support and abandonment of his wife and family.

Governor Morrison said the negatives and the representations made to him by physicians convinced him that Foltz was suffering with tuberculosis in virulent form. The executive said he thought it not only unjust to Foltz not to allow him to remain in this state in his present condition but that it would also be unfair to his family in Pennsylvania to compel his return.

In declining to honor the requisition Governor Morrison mailed the negatives showing the condition of Foltz's lungs to Governor Pincho.

DEMOCRATS NOT TO HINDER CONGRESS

Robinson Says Democrat Will Not Obstruct Legislation of Importance at Coming Session

Washington, Nov. 29.—Senate Democrats have no disposition to obstruct action in the coming short session of Congress on any measures of general importance that can be fairly considered, Senator Robinson, Arkansas, minority leader declared today upon his arrival here from his home state. He added that the Democratic organization would cooperate in the passage of the appropriation bills.

Senator Robinson said it was incumbent upon the Republican majority to formulate the legislative program and that the Democrats would not assume the initiative unless public necessity required it. The minority leader added that he expected many measures of general importance to be enacted at the coming short session.

Death Results From Falling Into Tub of Scalding Water

LOCAL RADIO FANS HEAR PARIS, FRANCE

Radio Broadcast Magazine Wires Verification of Program and Extends Congratulations

During the present week an international radio test has been in progress and between the hours of 11 and 12 each night most of the American broadcasting stations have remained silent in order to permit radio enthusiasts to endeavor to pick up the European stations which at that hour broadcast for the benefit of their American friends.

Shortly after 11 o'clock Monday night, D. J. Whichard, Editor of The Reflector, began his efforts to pick up the signal from across the sea and within a few minutes his efforts were rewarded by strains of music from a distance.

While the signal was not as powerful as that of the American stations the program was easily heard on the loud speaker and members of the family in the room were able to enjoy the program which consisted of selections from the opera Aida, piano selections and a soprano solo. No announcements were made in English and the fans were at a loss as to what station or country was being heard.

On Tuesday a telegram giving details of the program received was sent to the Radio Broadcast Magazine, Garden City, N. Y., under whose direction the international test was being made, with a request that information as to what station broadcast such a program at the hour of the reception here be furnished.

This morning the following reply to the telegram was received: D. J. Whichard, Jr., Greenville, N. C.,

Congratulations. Your reception evening 24th station ESP PARIST. (Signed) RADIO BROADCAST. In addition to the Paris station other distant stations heard by Mr. Whichard during the past few days include Los Angeles, and Hollywood, California, Mexico City, Mexico and Plymouth, England.

LOCAL MARKET SELLS 1,464,830 POUNDS TOBACCO DURING THIS WEEK

Mr. K. W. Cobb, secretary and treasurer of the Greenville Tobacco Board of Trade makes the following report for this week's sales: 1,464,830 pounds were sold for \$32,587.17, averaging \$22.80.

For the season 23,655,440 pounds have been sold for \$5,892,206.45, averaging \$24.52.

DEBT COMMISSION TO DISCUSS FRENCH OBLIGATION SOON

Following Conversations With French Ambassador, Secretary Mellon Calls Meeting for December 1

Washington, Nov. 29.—An informal exchange looking toward the funding settlement of the French debt to the United States, has progressed to a point where the matter will be laid before the full membership of the American Debt Commission for discussion at a meeting called here for December 1.

Secretary Mellon called the meeting yesterday shortly after it became known that the Treasury had held a series of conferences with Ambassador Jusserand on the subject of his government's war time obligation to the United States which ranks second in amount to that of Great Britain which has a ready been funded.

Paris, Nov. 29.—With regard to the conversations in Washington between Ambassador Jusserand and Secretary Mellon on the subject of the French debt it was stated in official quarters today that Premier Herriot ever since he took office had believed that some arrangement for settlement with the United States should be reached. The difficulty in his mind and the minds of his associates was largely the method by which the subject could be approached.

It was decided at one time that Finance Minister Clement should go to Washington next spring to deal with negotiations himself, but the idea was abandoned about two weeks ago. The principal reason for change in the plans was on account of the belief that it would be better for the Finance Minister to remain in Paris where he could consult with the Premier and other colleagues as the different phases developed instead of going to Washington where he might be expected to make an instant decision. It is also thought that the question could be opened most conveniently by the American Debt Funding Commission through diplomatic channels.

SERVICES TO BE CONDUCTED IN COURT HOUSE TONIGHT

Services will be conducted in the court house this evening at 7:30. Mr. Earle Rogers, a member of the Ham-Ramsay party, who is spending a few days in Greenville, will be present. The services will be in charge of members of the Laymen's Christian Federation.

On Sunday morning at 8:45 o'clock, the usual services will be conducted by the Federation in the Woodmen's Hall. Mr. Rogers will also be present at this meeting.

The public is extended a cordial invitation to attend both services.

NEW BID FOR MUSCLE WILL BE PRESENTED IN SENATE NEXT WEEK

Washington, Nov. 29.—A new bid for operation of Muscle Shoals has been prepared by Howard Sutherland, former Senator of West Virginia, on behalf of Hambleton Company, New York bankers and it is expected to be introduced next week in the senate.

The bill would authorize acceptance of the offer and provision for organization of the Federal Power and Fuel Corporation capitalized at \$5,000,000 to complete, lease and operate Muscle Shoals property for the manufacture of fertilizers, chemicals for explosives and distribute power throughout the southern territory.

GOVERNOR TO HEAR COMMUTATION PLEA THIS AFTERNOON

Austin Carter Sentenced to Die in Chair for Murder of Wife Seeks Commutation

Raleigh, Nov. 29.—Governor Cameron Morrison this afternoon will hold a hearing on the appeal for commutation in the case of Austin Carter, under sentence to be electrocuted December 20 for killing his wife. P. G. Gildeveld, of Roldsville, will represent Carter in the hearing.

Carter was tried and convicted of the murder of his wife in the May term of Rockingham county criminal court. He was sentenced to die in the electric chair on September 26, but a respite until November 15 and another until December were granted in order for the governor to review the case.

Carter gave notice of an appeal from the verdict of the lower court but it was later announced that he would not take an appeal, his lawyers having decided to appeal to the governor for commutation of the sentence.

SITUATION IN EGYPT NOW WELL IN HAND

Surviving Mutineers Have Surrendered to British; Further Outbreaks Not Anticipated

Cairo, Egypt, Nov. 29.—The surviving mutineers at Khartoum have given in to the British according to an official announcement this afternoon.

The mutiny among the troops was the Eleventh Sudanese and the mutineers, who survived after the bombardment of the compound of the Egyptian army hospital in which two British officers were killed and eight men wounded.

Official announcements stated that the situation in Khartoum was well in hand. Description from Khartoum of yesterday's mutiny received here today differ in no material respects from those made public through official sources in London yesterday according to officials here.

The main body of the mutineers, accounts say, took refuge in a building in the hospital compound which was shelled and demolished by artillery fire. The remaining mutineers surrendered with the exception of a small number who are being rounded up by police.

Behavior of other Arab and Sudanese troops was characterized as excellent.

London, Nov. 29.—The Egyptian situation as a result of the latest messages was described in official quarters in London this afternoon as serious but not critical. Interest centered in the Sudan uprising which appeared to have been quieted.

London, Nov. 29.—While the mutiny of the Sudanese troops at Khartoum are not taken necessarily as heralding serious trouble in Sudan that the situation is grave cannot be overlooked and an undercurrent of anxiety is seen in this morn-

MAYOR D. M. CLARK TO HEAD MUNICIPAL ASS'N. THIS YEAR

Interesting Session Is Held in Raleigh; Local Mayor Delivers Splendid Address

The North Carolina Municipal Association convened in Raleigh during this week, at which time Mayor D. M. Clark, of this city, who for the past six months has been filling out an unexpired term as President, was unanimously elected President for the ensuing year. Details of the meeting follow:

The meeting was called to order by the President, Mayor D. M. Clark, of this city. The address of welcome was delivered by Mayor E. E. Culbreth of Raleigh, and responded to by the president, who also addressed the association for about thirty minutes on the needs of municipal cooperation for the mutual protection of the cities and towns of the state from unjust legislative discrimination. In his address Mayor Clark dwelt on the many things that the association had accomplished by fostering favorable legislation and opposing unfavorable legislation. He called attention to thirty-five separate and distinct discriminations in the Revenue Act, in which the state collects a franchise tax on local enterprises, but prohibits or limits the towns' authority to do likewise, yet for this tax the state furnishes only a slip of paper in the form of a receipt, while the towns bear all of the burden. He emphasized the fact that these discriminations force the towns to levy more and more ad-valorem taxes on the property of its citizenship to take the place of the Franchise tax money that should go to maintain the expense of Municipal government, but which is by reason of this unjust legislation diverted into the state treasury. Among other things he advocated, was a constitutional amendment, similar to one introduced by the association at the last session of the General Assembly, whereby Police Court fines could be applied to the city schools instead of the county schools, as is the present case.

Secretary Dowell read his report and brought in five recommendations, all of which were adopted. At the conclusion of the morning sessions, Mayor Culbreth of Raleigh entertained all of the officers of the association at the Yarrowborough hotel.

The afternoon session was devoted largely to general discussion of the needs of cities and towns for proper development and for proper legislation by the General Assembly, and much proposed legislation was discussed.

At the conclusion of the business the association elected the following officers:

President, D. M. Clark, Mayor of Greenville; 1st Vice-Pres., J. H. Cathey, Mayor of Asheville; 2nd Vice-Pres., E. E. Culbreth, Mayor of Raleigh; 3rd Vice-Pres., R. W. Rigbee, City Manager, Durham; Sec'y-Treas., W. O. Dowell, City Clerk, Raleigh.

To supplement the foregoing officers, the following committee was elected: J. O. Walker, Mayor of Asheville; W. H. Holcomb, Com. of Finance, of Winston-Salem; Silas Lucas, Mayor of Wilson.

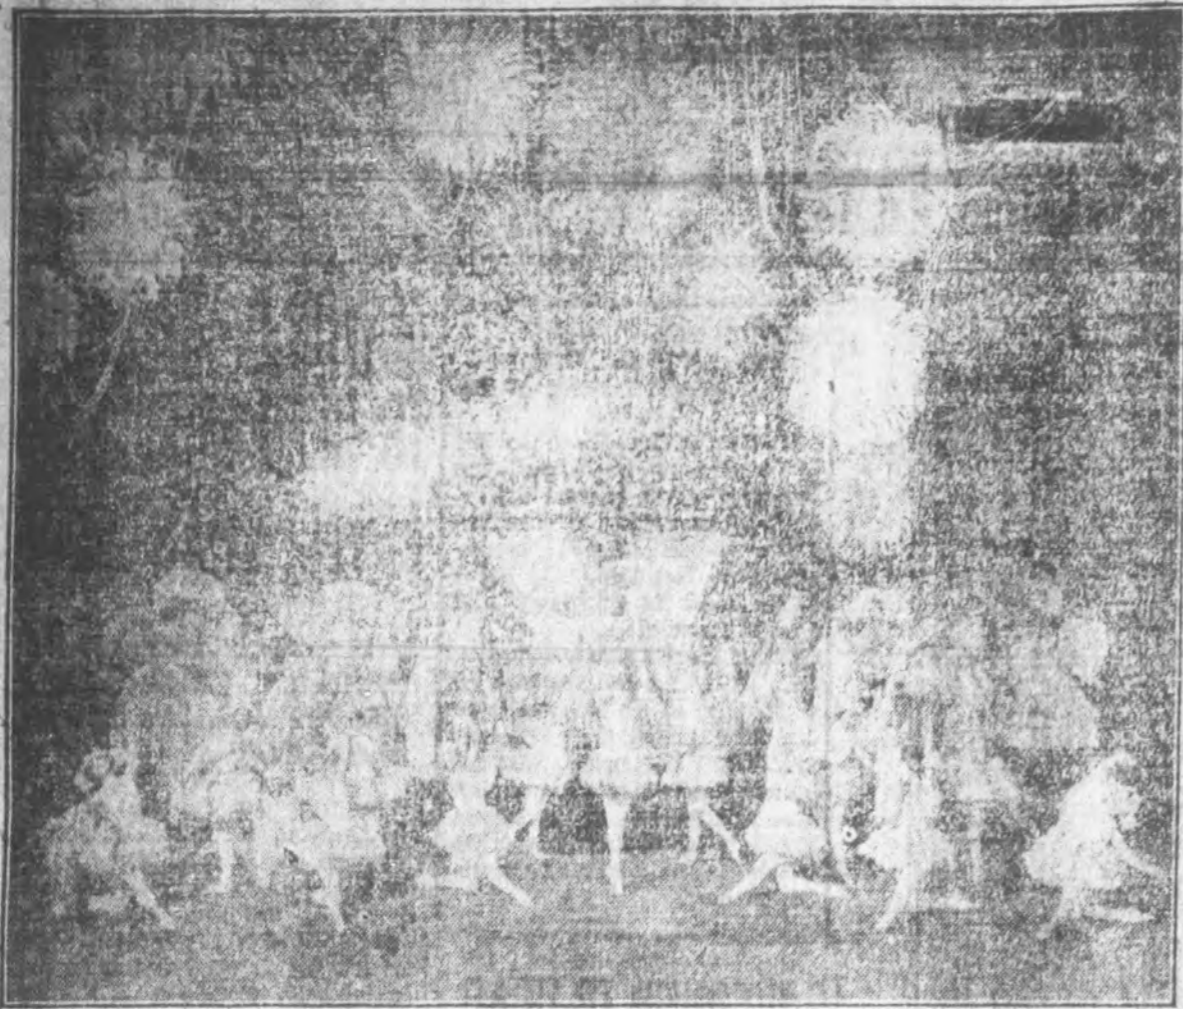

Mayor Clark then appointed the following Legislative Committee to cooperate with the Executive Committee during the session of the General Assembly:

F. L. Condon, Com. Finance, Asheville; P. C. Painter, City Manager, Greensboro; T. D. Meares, Com. Finance, Wilmington; R. W. Rigbee, City Manager, Durham; C. H. Scaring, Mayor of Washington; E. W. Knox, City Manager, Chapel Hill; P. A. Lee, Mayor of Dunn.

The meeting adjourned subject to a call of the president for some time in January, between the 15th and 20th.

ing's press comments. Since the British conquered the Sudan and established order in the country together with development of the resources which President Roosevelt so warmly praised, it has been axiomatic here that the Sudanese had grown attached to the British rule while they despised the Egyptians. According to recent reports Egyptian propaganda in favor of independence has had some success in the Sudan and uncertainty regarding the extent of that success is the cause of disquiet here. It is rumored that there are signs of disaffection for the British are evident in other Sudanese regiments.

Trinity Alumni Peeved at Young Local Cartoonist

Aroused by the jeers of local Carolina, Wake Forest and State men, Trinity Alumni living in Greenville have appealed to High School authorities to destroy one of the posters advertising Trinity Musical Club which appears here on Monday evening. This poster, the work of Lawrence Smith the local High's clever cartoonist, is on display at Horne Staton's drug store where it has caused considerable comment. Evidently young Smith has little respect for the type of beauty possessed by Trinity men as his cartoon, at least in the opinion of those who have attended the Methodist institution, does not do justice to the rone birds from Durham, Carolina and Wake Forest men contend that as the High School boy is from the north and so not interested in any of the State schools his cartoon is a fair representation of the Trinity aggregation. Smith claims that his picture was drawn straight from photographs of the Glee Club as furnished him by the college authorities. Some who have seen the pictures of the Trinity men are of the opinion that the cartoon flatters them.

There has been so much good natured joking among local collegians that it is now assured that a record crowd will be in the High School auditorium Monday night at 8:15 when the curtain goes up and the Trinity Musical Club begins its performance. The club members are versatile and have a varied program of instrumental and vocal music. A percentage of the proceeds from the performance will go to the High School Annual, consequently the Seniors of the Greenville High school are making an united effort to sell every seat in the house.

Turkey Growers Should Find Supply Market in State

Raleigh, Nov. 29.—Turkey growers in North Carolina should find a ready market within the state at better prices than can be had on the eastern market for their birds, says the Division of Markets. It is reported that are about 15 per cent less turkeys in cold storage this year than there was in 1923, but the amount of birds in cold storage now is estimated to be twice as much as the average for the next five years. The division heads point to the likings of the North Carolinian for his turkey as the reason for the slump and does not expect a great slump in turkey prices to follow Thanksgiving as did last year.

Sweden Takes No Chances With Careless Car Pilots

Stockholm. — The extraordinary strictness of government control of commercial automobile traffic, including motor trucks, motor buses, and jitneys, is revealed by a report from a supervisor of public roads in the province of Stockholm. The supervision applies to the condition and equipment of the car, its operation, the personal responsibility of the driver, and regularity in the conduct of business. Inspection of cars takes place four times a year and without warning. Cars are even stopped in the middle of the road, and inspectors take the wheels in order to test steering gear and brakes. At the same time the lights also are inspected. There is constant checking of speed, the size of loads, wheel pressure, the conformity to published schedules of trips, and the general order and neatness of the cars. Every passenger must be provided with a ticket, and even this is subject to inspection in order to avoid counterfeits. The drivers must not only be sober and provided with licenses and traffic papers but must also exhibit safety papers or other guarantees that any fines or damages assessed on the car can actually be collected.

ENGLAND TURNS TO TIDES TO SUPPLY ELECTRICITY

London. — A \$150,000,000 project to use the tidal rise in the River Severn for the production of electrical power will be undertaken by the British government in the spring. A committee of electrical experts appointed to investigate the possibilities of harnessing the Severn to furnish power for the surrounding district has completed a report in which they recommended that the work be undertaken. The project has been favored by British engineers for several years and it is expected will lead to the erection of hydro-electric plants on most of the rivers of England affected by the tides.

Sav Boy Babies Predominate With Mothers Riper Age
Dresden, Germany, Nov. 29.—That the age of the mother has an important relation to the sex of the child is asserted by Doctor Feischer of this city, who has made this topic the subject of special studies. He found that mothers up to 25 years gave birth to just as many boys as girls. With the mothers between 25 and 30 years, the ratio of boys to girls was 111 to 100, while mothers of 35 and more years gave birth to 121 boys and 100 girls.
The exact cause of the phenomenon of the sudden increase of boys born as compared to girls, in the years after the war, has not yet been ascertained.

CHIEF FIGURES IN DAYS DEVELOPMENTS.

Above: REV. COUNT AUGUSTINE GALEN & ETHEL LEGINSKA
Below: JOHN L. LEWIS & SAMUEL GOMPERS

John L. Lewis, president of the United Mine Workers of America, is being urged upon President Coolidge as next Secretary of Labor to succeed James J. Davis. Samuel Gompers, veteran head of the American Federation of Labor, has been elected president of the El Paso, Tex., convention of the organization. Ethel Leginska, pianist and composer, has returned to America from Europe to direct the New York Symphony Orchestra, the only woman who ever enjoyed that distinction. Rev. Count Augustine Galen, former chaplain to the late Empress of Austria, has reached New York for an American tour.

STEAMSHIP CO'S. OFFER CHEAP RATES ATHLETIC TRAVEL
Bremen—New York society women who travel with maids and porties and countless wardrobe trunks are no longer besieged by agents for steamship lines as they used to be in days when there were plenty of steerage passengers.
The lux steamers and the lux passengers were once a great means of advertising, and the third class passengers were the source of profits. But times have changed. American immigration laws have made it impossible for passenger agents to fill the holds of steamers with European emigrants bound for America, and the resourceful agents have been forced to find passengers of another type to fill the space which emigrants used to monopolize.
The cabin ship, that is the ship in which the first and second-class accommodations were all thrown together and sold at second-class rates, was the first overture to the tourists of limited means, and now the steamship lines are offering still greater bargains to persons who want to see Europe economically. Third-class accommodations on many of the liners have been improved so they are as good as the old second-class rooms, and special sections of the steerage are set aside for students, teachers, professional men and other cultured persons who prefer to economize on steamship fare and spend their money in travel or study on the continent.
Educators, students and soldiers who fought in Europe during the war have made up a considerable percentage of the steerage travel on shipping board boats this past season, and the campaign to promote economical tours to Europe has only begun. Special rates are being offered for Christmas tours, which will include visits to the Italian Riviera, and elaborate plans are in preparation to attract patrons of the economy tours next summer.
Many tourist agencies in Germany are working to develop tourist travel in the United States, and several parties have gone this year on inexpensive tours which extended as far as the Pacific Coast. Individualists are especially interested in the American tours, and it is expected that many German scientists and engineers will leave in the next few months to study up in American and Canadian factories during and after the war. Most of these persons, however, will travel on the cabin ships rather than in the steerage.

Seeking to Remove Illinois Governor
Illinois is watching its Executive Mansion with considerable interest, since Governor Len Small may be removed from office if charges against him be sustained. Master in Chancery Briggie has alleged that the Governor improperly used \$2,000,000 while he was State Treasurer. The charges were aired in the Circuit Court of Sangamon County.

Christiania to Join List of Cities With New Names, Said
Christiania, Nov. 29.—The Norwegian parliament having voted to change the name of this capital city of Norway to Oslo, all mail telegrams from all parts of the world should, beginning Jan. 1, 1925, be addressed to the new name. The name Oslo is the revival of an old appellation. Christiania used to be called Oslo (previous to 1924). The city was founded in 1048. During the last hundred years Christiania, with a population today of 250,000, has developed into a commercial city on a European scale, and holds a leading position in the industrial life of the country.

Chicago to Join List of Cities With New Names, Said
Chicago, Nov. 29.—The Chicago city council has voted to change the name of this city to Chicago, effective Jan. 1, 1925. The name Chicago is the revival of an old appellation. Chicago used to be called Chicago (previous to 1924). The city was founded in 1837. During the last hundred years Chicago, with a population today of 2,500,000, has developed into a commercial city on a European scale, and holds a leading position in the industrial life of the country.

CHIEF FIGURES IN NEWS OF THE DAY.

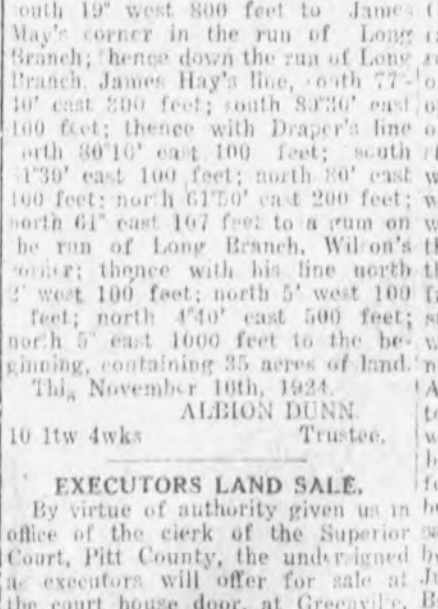

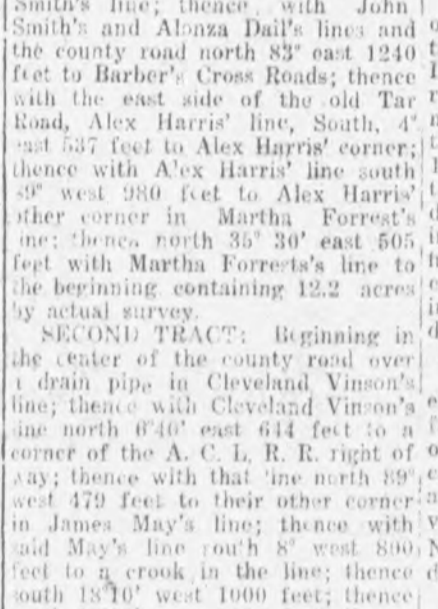

Governor Frank O. Lowden, of Illinois, who refused the Republican nomination for the Vice-Presidency, severely injured his knee by a fall on a train en route from Atlanta to Savannah, Ga. Admiral Lord David Beatty, who commanded the combined British and American Grand Fleets during the World War, is expected to retire shortly as First Sea Lord of the British Admiralty. Joseph Callaux, ex-Premier of France, found guilty in 1912 of "having impeded the progress of the war," has been voted amnesty by the French Senate, the Chamber of Deputies having already acted. Clem Shaver, of West Virginia, chairman of the Democratic National Committee, is expected shortly to announce his retirement.

King Fuad, sultan of the Egyptian army, has accepted the resignation of the cabinet of Zaki, following the presentation of Great Britain's demands after the murder in Cairo of Sir Lee Stack, sirdar of the Egyptian army.

Illinois is watching its Executive Mansion with considerable interest, since Governor Len Small may be removed from office if charges against him be sustained. Master in Chancery Briggie has alleged that the Governor improperly used \$2,000,000 while he was State Treasurer. The charges were aired in the Circuit Court of Sangamon County.

PREDICT STARS ABOVE

In naming the ZR-3 the Los Angeles rather than San Francisco, Seattle or Portland has caused open criticism of Secretary Wilbur from those cities west of the Rockies.

The Secretary is just plain "provincial" according to the Portland Oregonian, which predicts that if the Government handed the secretary a whole fleet of Zeppelins he would exhaust the name of every Los Angeles suburb before he found out that Portland was too proud to hint.

Some of the slighted ones have hinted that the next dirigible will be the Hollywood and those to follow will bear the names of movie stars known to the secretary.

MR. WHEELER AND HIS PARTY

Siding with Senator Wheeler and his followers that he is still a Democrat despite the fact that he bolted his party for the sake of a principle, the New York World editorially says:

"Senator Burton K. Wheeler, who accompanied Mr. LaFollette on the third-party venture, makes this statement on his return to Washington: 'I am a Democrat and never ceased to be a Democrat.'"

"That will be disputed, of course, by some

of Mr. Wheeler's colleagues. For ourselves, we see no sin in bolting a party if one cannot agree with it, and no permanent barrier thereby created against returning to the party later. If Senator Wheeler finds in any campaign that his party's platform and his party's candidates are unacceptable to him, it seems to us his privilege to disagree and to work for the success of his own theories. If when the campaign is over and his effort fails he believes that ours is a two-party system and hopes to make of his own party such a liberal or conservative organization as would meet his own convictions, then it seems to us also his privilege to return and make that effort. It is enough of a measure of any man's Republicanism or Democracy that he is working inside its ranks to make it what he thinks it ought to be and not fighting it from the outside with a rival party.

"Whether Mr. Wheeler's statement will be enough to satisfy his Democratic colleagues, that he is 'regular' again, and insures his ranking in the Senate, is of course a matter for those colleagues to decide. In our own opinion, the Democratic Senators will take no stock in the theory of hanging heretics to the sour apple-tree unless they think that party membership is an honor to be reserved exclusively for party hacks."

They may talk about their Powells and their Woods and their Karl Lehmans, and who ever else they darn please, but there isn't a more useful commercial secretary to the square inch in Florida than Horace L. Smith of the Marion County Chamber of Commerce.—Ocala (Fla.) Evening Star.

Now that full feeling following the Thanksgiving turkey is a thing of the past it is time to begin thinking about your Christmas shopping.

With its recent threatened lynching and new reports that the Chinese Tong war has spread to its doors the capital of Craven is beginning to come into the limelight.

PITTSBURGH'S LOFTY COLLEGE CATHEDRAL SIGN ACHIEVEMENT

Pittsburgh.—A building of great height "to express the spirit of Pittsburgh achievement with such force and such grasp of its sublimity that the whole world will understand" is the underlying idea of the University of Pittsburgh's 52 story "Cathedral of Learning" to be erected at the entrance to Schenley Park and near the site of present facilities of the institution. The cathedral will cost \$10,000,000.

Chancellor J. C. Bowman expresses this idea as the principal purpose of the trustees in planning this radical departure in university building construction, pointing out that most educational buildings were long and low, modeled after the structures of ancient Greece and Rome. They suggest calmness and repose, he said, whereas the building planned for Pittsburgh will suggest achievement and ambition for further achievement. Repose, he said, is a reward for labor performed and is not the atmosphere in which youth should prepare for the struggles of life.

"The Cathedral of Learning," Chancellor Bowman said, "is to be the greatest structure ever erected by any community to fulfill its own living will, the Washington Monument and the Lincoln Memorial in Washington are the expression of a nation, not of the city of Washington, but this building will be an expression of the spirit of Pittsburgh. The building is to be high, not for the sake of being high, but for the power of inspiration and for the sublimity which great height, together with right proportions, mass, lines, carvings, friezes and pointed Gothic arches can give. By its architecture and by its purpose the building is to record in an atmosphere of worship the effort of those who made Pittsburgh what it is and to inspire to still higher achievement those who are to come. It is for this reason that there will be no tower on the building.

14 acre plot facing Schenley Park, in the heart of Pittsburgh's "Billion Dollar Educational Section." It will accommodate 12,000 students, and virtually all departments of the university will be housed within its high walls except the colleges of Medicine and Dentistry which will occupy the present buildings of the university.

Three years were required to draw the plans, which call for Gothic style architecture in white Kentucky limestone. It will be 680 feet high, 330 feet long and 290 feet wide. Four main doorways, 30 feet high, will provide entrances to the building and 16 high-speed elevators will carry students to the classrooms on the upper floors. Charles Z. Klunder of Philadelphia drew the plans.

The cost of construction per cubic foot in a high building is somewhat higher than the corresponding cost in a low building. Chancellor Bowman said, but added that this greater cost "is largely offset by a greater percentage of effective area obtainable in the high building. High construction of, for obviously better ventilation, better light, less noise, less dust. The cost of heat, of upkeep and of janitorial service favors high construction. The foundation of the building would require about one and three-fourths acres taken near the center of the quadrangle. This would leave more than 12 of the 14 acres for other buildings in the future. If the space needed by the university were created in four story buildings, these buildings would cover the 14 acres. The savings, in land, by the high construction, amounts to about \$2,000,000. The cost of operating elevators is largely offset by the savings in heat, upkeep and janitor service."

State Literary and Historic Ass'n. Will Meet Raleigh Dec.

Raleigh, Nov. 28.—When the State Literary and Historical Association of North Carolina holds its business meeting at the Woman Club in this city on Friday, December 5, it will have four committees of importance to the state as a whole to organize, according to the plans of the meeting announced by R. REVEAL PLOT TO GET \$1,500,000 FROM INDIAN PRINCE.

RAJAH HURRI SINGH, PRINCESS JAMMU-KASHMIR & MAHARAJAH DRABHAPORA

Although for reasons of state the name of the Indian potentate who signed two checks, each for \$750,000, when trapped by blackmailers in a Paris hotel room with Mrs. Maude Robinson, wife of an English bookmaker, has been suppressed, it is openly reported in London he is the Rajah Hurri Singh, son and heir of Sir Partab Singh, Maharajah of Jammu-Kashmir, India's wealthiest ruler. One check for \$750,000 was cashed, but he stopped payment on the other. The young Rajah, who was said to have had \$8,000,000 in cash in the bank at the time, was recently married to his present wife, the Princess Jammu-Kashmir, daughter of the Maharajah of Drabhapora, another of the wealthiest rulers of India.

FRENCH MODE OF QUIZZING REVERSED BY U. S. TEACHERS

Paris.—The psychology of asking school children questions is a point on which American teachers take issue with most French instructors. "Jean," says the French teacher in most schools, "stand up!" Then the question is asked. In American schools the process is reversed. The question is put fully, then some pupil is asked to answer it. "The difference is," said a recent visitor to Paris lycées, "that in the French school the whole class knows instantly that 'Jean' is the one to answer and the rest have no need to do any hard thinking. In the American school everyone in the class is compelled to search his wits for an answer because he or she may be called upon to rise. In that way the whole class answers the question, or tries to, although only one recites."

B. Y. P. C. ENJOYS OYSTER-WEINIE ROAST LAST NIGHT

Members of the B. Y. P. C., of the Immanuel Baptist Church, and a few friends, enjoyed to the fullest extent an oyster-weinie roast last night at the boat landing. Everything was in readiness when we arrived on the scene, and Dr. Plenum said he never saw such a busy bunch of people, and staying busy for such a long time, before. The oysters and wienies were fine. Every body declared they had a most enjoyable evening.

Attendance of All Classes Mem. Baptist S. S. Is Increasing

The attendance of our Sunday School last Sunday showed an increase over Sunday two weeks ago. Everyone continues to show enthusiasm in the growth of our Sunday school and the result of personal work is seen each Sunday. Prayer, personal work and continued cooperation is what it will take for us to reach our goal for regular attendance. I have the utmost confidence in everyone of our number, and I am sure all are just as anxious to reach the goal as I am. Continue the good and we will receive more blessings and joy from day to day. If we will follow closely the teachings of our Saviour, Jesus Christ, and make a portion of our efforts each day count for his cause he will aid us to a successful end in anything we undertake.

The attendance of the Philathea class last Sunday was very noticeable. These young ladies are doing fine work, which is shown by the growth of their class. They furnished us special music last Sunday, which was a great addition to our regular program. They have agreed to help us out on a later date.

The membership of the Baraca class has been divided into several teams, which has proven to be a membership-getter. Each captain is busy, with his members, during the week looking up new members and this bids fair to be a lively race.

Several classes were on the honor roll last Sunday, and we hope to see this number increase from time to time.

Don't forget the hour we begin promptly at 9:45. Come on time and bring a friend. We cordially invite all visitors to meet with us. J. B. KITTRELL, Supt.

MISSIONARY SOCIETY OF CHRISTIAN CHURCH MEETS MONDAY

\$6,175.82 Profits of Curb Market in Richmond Co.

Rockingham, Nov. 29.—More than six thousand dollars was taken in at the local curb market for the surplus produce of small farmers of Richmond County during past year, it was announced here today by the managers. To be exact \$6,175.82 was the amount taken in by the farmers.

Three thousand dollars of this amount paid for two tons of butter, two and one half tons of poultry, 2,000 gallons of buttermilk and 1,604 dozen eggs, the report shows. In all there was handled 25 tons of produce of 73 varieties ranging from ham to honey, peanuts to poultry, cakes to cabbage and beans to brooms, so stated W. H. Barton, County Agent.

One of the outstanding women who bring their produce to the curb market here is Mrs. W. B. Covington of Rockingham Route 3, who is now president of the Federation of Home Demonstration Clubs in Richmond County, says the County Home Agent.

Mrs. Covington, it was said, comes regularly to the market and has built up a fine trade, averaging more than \$15 per week during the past year and going as high as \$60 one week. Her success, she explains by the agent with the fact that she never sells a fowl of which she makes a specialty unless it has been cooperated.

The president also won four first prizes and three second prizes at the State Fair canning contest in October, it was said.

SECRET CLOSETS GIVE HOUSE TO CONFRONT UP EARLY HISTORY OF CONTROVERSIAL BILL ANCIENT ENGLISH INN FROM LAST SESSION

London, Nov.—An old posting inn of the ancient village of Much Hadham in Hertfordshire, once a favorite resort of Queen Elizabeth, has been declared to be the oldest hostelry in England. It was recently ascertained that the old building, venerated because of its royal associations, had been a landmark for several hundred years when the Tudor Queen visited it. In the time of William the Rufus, late eleventh century, parts of the old inn were then outposts of a neighboring castle and used to house the travelers who passed through the district.

When a new proprietor came to the inn a short time ago, in making repairs to the walls, he was found to be covered with canvas which hid a wealth of rich old panelling and carved work. Behind a section of papered canvas in the dining room a secret staircase was found which led to an apparently secret room. A collection of bones lay in a dusty heap at the foot of the stairs. In this room, in peeling of the 30 layers of paper and canvas which covered the wall, several old cupboards and small closets were found in which old records and papers were piled. It was in deciphering these that the early history of place became known.

The papers made frequent references to Queen Elizabeth, sometimes recording her arrival there with party of friends, sometimes with her court and occasionally with only one or two companions. As Sir Walter Raleigh also is known to have frequented the place, it is supposed that the queen's companion on some occasions was her sailor favorite.

Opposite the inn is an old place of the Bishops of London, which was also visited by Queen Elizabeth, and the village is surrounded by a grove of lime trees, some planted by the queen.

The inn is being restored as nearly as possible to its Elizabethan condition and many of the rooms will be used as museums.

Lower Cost of Living Aim of Government in Germany Now

Berlin, Nov. 29.—With the view of reducing the high cost of living in Germany the government has taken the lead in enacting measures designed to give an impetus to business generally throughout the country and to decrease the cost of various every day necessities to the consumers. The first move on the part of the Berlin officials was a decrease of ten percent in the freight rates on the state owned railroads. The price of coal has also been reduced from eight to ten percent.

The next reduction scheduled is in the charges made by the post office department for the transmission of money. Changes in the banking regulations as contemplated include the cost of reduction of credit facilities extended by the banks, governmental and municipal financial institutions, and the lifting of numerous restrictions in the matter of handling of foreign exchange.

Bill Would Abolish Railroad Labor Board and Set Up A Series of Regional Adjustment Boards

Washington.—Disposal of the much debated Howell-Barkley bill is one of the first tasks that will confront the House when it convenes next Monday.

This measure, which would abolish the Railroad Labor Board and set up a series of regional adjustment boards, was one of the most controversial pieces of legislation taken up by the House last session, and it is indicated that the fight will be continued with renewed vigor this winter.

When Representative Barkley, of Kentucky, ranking Democrat on the House Commerce Committee, introduced the bill it was referred to that committee. Later its friends charged that an attempt was being made to kill it in committee, and circulated a petition to bring it before the House by discharge of the committee, which was done. This action placed the bill on the suspension calendar and made it in order, under the rules, on the first and third Mondays of each month.

In the closing weeks of the last session, each day that the bill was in order, friends of the measure sought desperately to bring it over the parliamentary highway to where a vote might be secured. This effort was opposed with equal vigor, and each time the session was carried late into the night.

As Congress convenes the first Monday in December, it is pointed out the bill would be in order immediately after the fall of the gavel. However, it is likely that after convening, the House will adjourn, according to custom, out of respect to the members who have died during the summer recess. Should this be done, the bill would be in order on the third Monday.

Markets

(Furnished by J. W. Cobb)

THE COTTON LETTER

New Orleans, Nov. 29.—The trend of values continued downward today in the face of better cables than due. The easier tendency of market is attributed to larger crop estimates and the steady increase in the world's visible supply of American cotton. Last year the world's visible supply of American cotton did not begin to decrease until the first week in January. This season it will likely be at a later date before the visible starts to decline. All ready world's visible supply of American is much larger than the one a year ago, 4,100,000 vs. 3,087,000.

Since this year's crop is about three million bales larger than last year's and as only 1,287,000 more than to even date last has been marketed, there remains nearly 2,000,000 more than one year ago to be marketed.

The only encouraging feature at present is the improvement in general trade, especially in the textile department with prospects for a further expansion in business at home and abroad, otherwise the market would probably be lower.

At any rate there appears to be more than ample supplies of raw cotton, present and prospective for this season's requirements, for while it is possible for the world to consume about 18,000,000 bales of American including linters this season indications are for a crop of nearly 14,000,000 increase linters.

Under the circumstances the market seems to be in process of liquidation pending the issuance of the Government annual cotton crop estimate as the previous government forecast was a yield of 12,992,000 exclusive of linters, and the consensus of opinion is that the government final crop estimates due December 8, will show in excess of 13,000,000 bales.

In support of the market, the one thing to consider is the outlook for next year's crops. Just now preparations are generally backward due to the long drought making plowing impossible the ground being too hard to work. When the rains do set in, they may continue through the winter and enter the spring which is usually wet, which would delay farm work all the more, and the weevil will have to be reckoned with.—H. & B. BEER.

Turkish Pride Brings Trouble to The Travellers

Bucharest, Rumania, Nov. 29.—Turkish nationalists have gone to extreme measures, according to information current in this city, in their endeavors to bar all foreign languages out of the country. In preparing new passports for the Angora government Turkish officials insist that not a word of any foreign language be used, and print all the documents in Turkish script.

When the bearers of these passports tried to leave Turkish territory, their troubles began. No official could read the Turkish script; they could not tell whether the paper was a legitimate passport or a bill for groceries, and the bearers were refused permission to cross the border.

An Extraordinary Attraction

TO THE THEATREGOERS OF THIS CITY AND ENVIRONS:

It is with mingled pride and pleasure that I am able to announce the advent of what I firmly believe to be the real red letter event in the theatrical history of this city. I have booked FLASHES OF THE GREAT WHITE WAY, at White's Theatre, Wednesday, December 10.

This attraction is designed for Broadway. So successful was the brief tour on the road readying the production for its metropolitan premiere that its owners decided to allot a few additional weeks to the cities in this section before inaugurating the New York run. The Manhattan engagement is set for early next month and this city will be one of the few in the country that sees FLASHES OF THE GREAT WHITE WAY before Gotham flashes it. This is the only time within ken that a genuine New York bound musical revue has been booked in this city.

Press and confidential trade reports that have reached me are of such a laudatory nature that I have no hesitancy in placing MY PERSONAL GUARANTEE behind every ticket sold.

PRICES will range from Two Dollars downward plus tax. MAIL ORDERS accompanied by remittance in full, including tax, and self addressed, stamped envelope will be filled in rotation.

Sincerely yours,

H. H. JACKSON
