LEGISLATURE WILL DO LITTLE BEFORE THE INAUGURATION

Law-Making Body Will Await Recommendations of New Governor Before Enacting Important Legislation

Raleigh, Jan. 12.—Beginning with what is expected to be brief sessions in the House and Senate at eight o'clock tonight the General Assembly will begin the second week of the 1925 biennial session.

The opinion was expressed by many members remaining over in Raleigh for the week-end that the enactment of really important legislation may not be expected before the General Assembly hears the new governor's recommendations.

Several important bills, however, have already been introduced. One that is likely to call forth much debate is the King measure to repeal the tax exemption on foreign stocks and then there has been placed in the hopper a bill designed to regulate commercial motor traffic.

The revenue bill is expected to be ready by Friday of this week. About this bill will center much discussion. The bill will be submitted to the State Budget Commission which after a recess of nearly two weeks will meet again Tuesday.

The inauguration of Governor McLean will be the most important event of the week. Ceremonies incident to this will take up nearly all of Wednesday beginning at noon. Members of the General Assembly will meet in their respective halls and repair to the Raleigh auditorium where the new executive and other newly elected state officials will assume the legal obligations of their respective positions.

There will be a meeting of the House committee on courts and judicial districts tomorrow at which time definite action on the measure to increase the number of Supreme Court judges and increase the number of judicial districts.

There will be a joint session of the House and Senate tomorrow for the purpose of declaring the result of the vote in the 1924 election.

GOVERNOR AND SON ARE BOTH INDICTED BRIBERY CHARGE

Closing Day of Stormy Term of Kansas Marked by Indictment for Accepting Bribe

Topeka, Kas., Jan. 12.—Governor Jonathan M. Davis, of Kansas, personally appeared in court here this morning to answer warrants, sworn out by County Attorney Veale, charging him and his son, Russell, with accepting a bribe.

Governor Davis had not decided whether he would attend the inaugural ceremonies at noon for his successor Governor-Elect Ben S. Paulin. He had prepared a brief address to be delivered as retiring executive but his attorneys differed as to the advisability of his attending the ceremonies.

The warrant charges that "Jonathan M. Davis and Russell Davis did intentionally and knowingly conspire together and did assist and abet with each other in the receiving and accepting of a bribe."

It further says that "Jonathan M. Davis, accepted \$1,250 under a certain agreement between his son, Russell and Fred Pollman, that the said Jonathan M. Davis would grant a pardon to one Fred Pollman who had been committed to the penitentiary and who was then on parole in consideration of the payment of the \$1,250 to the defendant Russell Davis, his agent."

Coming within two hours of the retirement of Mr. Davis as governor the court proceedings brought to a stormy close his two years' term as chief executive.

He was elected in 1922 as the third Democratic governor in the history of Kansas and his administration was at once plunged into a quarrel with the overwhelmingly Republican legislature. The executive sent the legislature some sixty odd vetoes and recommendations and demands for investigation of state officers all of which were under public control.

Two weeks ago the discharge of E. H. Lindley, Chancellor of the University of Kansas, aroused a storm of both protest and approval. For two weeks the governor and the state board of administration battled in court the chancellor seeking an injunction to prevent his dismissal and charging the governor with bad faith in removing him. Last Saturday the court upheld the governor's arbitrary power to discharge the chancellor without a hearing and statement of the case.

LONDON CAN SELL FLATS WITHOUT STEAM HEAT

London.—Despite the rapid modernization of London, the great metropolis is not to have the advantage, most desirable in a climate as uncertain as that of London, of central steam heating in its new houses now being erected by the London County Council for middle-class tenants.

TRIAL OF GASTON MEANS UNDER WAY IN NEW YORK TODAY

Judge Picks Jury to Hear Testimony of Former Department of Justice Agent

New York, Jan. 12.—A judge-picked jury will hear the testimony at the trial of Gaston B. Means, former Department of Justice agent, and his one-time attorney, Thomas B. Felder, on charges of conspiracy to obstruct justice.

The trial began today after many days of delay with Means, in court as the result of a bench warrant served upon him at his Concord, North Carolina, home where he pleaded he was too ill to appear in court.

Federal Judge Walter B. Lindley, of Danville, Illinois, presiding, refused to permit the defendant's attorney to question prospective jurors, undertaking the task himself. At the request of Felder's attorneys, he asked the trustees concerning their attitude toward the Ku Klux Klan.

It was said that the government's star witness would be Means' former secretary, Elmer W. Jarnecke, co-defendant who pleaded guilty a week ago.

The three men were charged with having accepted \$65,000 from a stock selling organization on representation that they would bribe former Attorney General Daugherty and other government officials to prevent prosecution for alleged stock frauds.

MINORITY TO WORK FOR BENEFIT STATE

Republican Leader Says Party Will Vote for Best Interest of State Regardless of Politics

Raleigh, Jan. 12.—"We have no special legislative program but intend to vote for all measures in our opinion that are for the best interest of the state regardless of politics," declared Presley E. Brown, of Wilkes, Republican House leader, in a statement issued here today. This policy, he said, was agreed upon at the Republican caucus.

There are 20 members of the Republican party in the present House and three in the Senate. From among this number Governor McLean will choose the minority member of the State Budget Commission for the next biennial period. No names have been suggested as yet for the position.

Fifty Picture Films Being Sent Weekly To 75 Public Schools

Raleigh, Jan. 12.—Fifty miles of motion picture films are being sent out weekly by the Visual Education Division of the North Carolina Department of Public Instruction to the 75 public schools of the state equipped with motion picture machines, according to James B. Williamson, director of this division.

"These films," said Mr. Williamson, "are sent free of all charges, except those incident to their transportation. They include various subjects. Some of the films are purely educational in their nature. Others are designed to amuse the people who see them. No film of doubtful character is ever purchased by the department or sent out for exhibition. Each is thoroughly censored before we turn it loose. I believe good, wholesome pictures are helpful."

"These programs," continued Mr. Williamson, "go largely to the rural districts. They reach people who otherwise could not enjoy screen productions. We buy many programs already filmed and, on the other hand, we make many films ourselves."

Mr. Williamson is planning to take pictures of the inauguration of Governor McLean. These will be shown in the rural schools equipped with motion picture machines. Also, he recently took pictures of the opening of new inlets in eastern North Carolina.

DEMOCRATS WILL FIGHT APPOINTMENT OF DIAL TO INTERSTATE COMMERCE COM

Washington, Jan. 12.—Aroused by reports that President Coolidge plans to appoint Senator Dial, Democrat, South Carolina, to the Interstate Commerce Commission, Democratic Senators are preparing to wage a fight on the South Carolina Senator should his nomination be sent to the Senate and have conveyed notice of their determination to the president.

DRY AGENTS DO A RECORD BUSINESS

87 Arrests and 179 Indictments Made and \$60,000 Property Seized During December

Salisbury, Jan. 12.—Federal Prohibition Enforcement officers operating under A. B. Coltrane, Director of North Carolina, with headquarters here, did a record business during the month of December as shown in the report forwarded to Washington today. A total of 149 distilleries and stills were captured, 1,007 gallons of manufactured liquor were taken and 133,785 gallons of malt liquors were also captured.

About 800 gallons of wine, cider and mash were destroyed as was a great deal of paraphernalia used in making liquors. One gasoline boat was captured near Wilmington.

The total value of property seized and not destroyed was \$2,812.25 and nearly \$7,900 worth was taken and destroyed. Arrests made numbered 87 and 197 indictments were returned.

LONDON IS AGAIN ENVELOPED IN FOG

Impenetrable Fog in British Capital Causes Many Accidents and Cessation of Traffic

London, Jan. 12.—London is again fogbound. The worst fog for many years yesterday caused a number of street accidents and some deaths. Traffic stopped almost entirely and a number of civilian buses met with accident resulting in injuries to passengers.

In some places the fog was impenetrable for more than two yards and lamps and fares were of little use.

An airplane with passengers left France in bright sunshine but upon nearing London found land invisible. The pilot picked up the airframe by the tops of the radio mast which pierced the fog zone. He landed safely but the passengers were immediately lost as visibility was limited to five yards.

Application For State Policemen Reaching Raleigh

Raleigh, N. C. Jan. 11.—Applications for jobs as state policemen have already begun to come in. The first received at the office of the secretary of state, was from Rosemary. The applicant, knowing that a bill for the establishment of a state constabulary will likely be introduced if a favorable report is made by the commission studying this question, gives his course at a school for detectives as reference. "I am a graduate detective," he writes, "I am now just after today making my inspection with your divisional officers on the farm."

"I can identify any man or anyone anytime he might escape from your farm. I am now employed but will accept a job with you as guard and I will prove my work."

Yours truly, "L. W. E."

"P. S.—In answer kindly refer to the number in upper left hand corner of this letter. Thanks."

QUARTETTE OF ROBBERS HELD UP KANSAS BANK

Kansas City, Mo., Jan. 12.—Four men held up and robbed a bank here today after forcing about 50 customers and officials of the bank to lie on the floor. Two of the robbers guarded the customers while the others scooped up an unestimated sum of money from the tellers' cages and all escaped.

NATIONAL VOTE FRAUD COLLEGE REVEALED.

DR. V. SIROVICH & SMILING GEORGE ROSHEAN

Operations of a national school of ballot fixing have been described to a New York City grand jury by George Rosken, a chauffeur, who confessed that he mutilated ballots in the Eighth Assembly District, and charged he was paid to do so by Nathan D. Perlman, Republican, who defeated Dr. William Irving Sirovich for Congress from the 14th New York District. Philadelphia, Boston, Jersey City and Hoboken were among the cities in which Rosken said his "pupils" in ballot fixing worked. He asserted he turned them loose there after a course of instruction in the use of a "magic ring," which contained a small lead pencil with which they mutilated the ballots after being appointed tellers. He said he charged his pupils \$100 for a course of instruction, and declared boldly: "I am the original ballot fixer." His classes, he said, were so large he had to hire a suite of offices to instruct them. Congressman Perlman denied the charges.

UNIQUE SUIT FILED ASHE COUNTY COURT

Woman Seeks \$5,000 From Railroad Because Overcharge for Ticket Necessitated Trip Without Food

Jefferson, N. C., Jan. 12.—A unique damage suit in which the plaintiff asks \$5,000 damages as a result of having been overcharged for railroad tickets was filed in Ashe County Superior Court here.

Mrs. Nancy Sheets asks damages from the Norfolk-Western Railroad as a result of the agent at Abingdon, Virginia, having charged her \$130, instead of \$80 for tickets from Abingdon, Va., to Linton, Ala., for herself, daughter and four grand children. This, she asserts, took all the money she had and she and her party were three days and nights on the road without money for food and lodging as a result.

The overcharge is said to have been refunded.

GENERAL SHIFTING DIPLOMATIC CORPS IS NOW EXPECTED

Appointment of Kellogg to Succeed Secretary Hughes Creates New Vacancy to Be Filled

Washington, Jan. 12.—While President Coolidge deferred action today on the selection of a new ambassador to London, the Senate moved toward confirmation of two major nominations sent to the Capitol last week.

The selection of Attorney General Harlan F. Stone to a place on the Supreme Court was approved today by the sub-committee to which it had been referred by the Judiciary Committee.

Charles B. Warren's nomination to succeed Stone as head of the Department of Justice was referred to a sub-committee as is the usual custom.

Washington, Jan. 12.—The selection of Ambassador Kellogg, at London, as successor to Secretary of State Hughes whose resignation takes effect March 4, points possibly to a more or less general shifting of important diplomatic posts in line with the promotion policy rigidly followed in this connection.

Ambassador Houghton, at Berlin, was understood today to be uppermost in the mind of President Coolidge for appointment to the Court of St. James. His selection would open the way for other advances in the diplomatic corps should the promotion policy be followed throughout this case. While the Paris Ambassadorship of Mr. Herrick might be considered as placing him next in line for the London appointment, Mr. Herrick is understood here, not only to prefer remaining in Paris but has indicated that he desires an early retirement from the diplomatic corps.

Meanwhile the president is giving attention to the selections in the diplomatic field in addition to other prospective changes before March 4 and his other two important nominations remained in the hands of the Senate.

The appointment of Mr. Stone to Associate Justice of the Supreme Court is expected to receive favorable action there this week to clear way for consideration of Charles B. Warren, of Michigan, to succeed him as Attorney General.

REACH AGREEMENT AMERICA'S SHARE IN REPARATIONS

Tentative Agreement Is Approved by Washington; Final Approval Awaits Full Details of Settlement

Washington, Jan. 12.—The tentative agreement arrived at in Paris between American representatives and Allied Finance Ministers has been accepted by the Washington government. Acceptance of the arrangements was made known today at the State Department where it was emphasized that no departure from the American policy toward the settling of its claims under the Dawes plan from German annuities was involved.

Concurrence of the United States in the plan so far has been given only to the principles upon which the proposed adjustment is based. Details of the plan are lacking here and the State Department, it is understood, limited its approval to the main outline of the structure as made known by its representatives in Paris. When the plan as a whole has been reviewed a decision as to its approval in detail will be reached. It has not been decided whether announcement of the final decision will be made here or by American representatives participating in the Paris conference.

Paris, Jan. 12.—Allocation of two and one quarter per cent from the receipts from Germany under the Dawes plan beginning with the first annuity to payment of the American war damage claims is the first definitely settled point discussed by the Inter-Allied Finance conference.

The other points in which the American delegation are interested are in a fair way toward settlement satisfactory to Washington but considerably more negotiating will be necessary and the chances are that the meeting of the conference postponed from today until tomorrow will be out for another day.

The share which will be reserved to the United States will decrease the percentage of the allies, France being greater part on one and one quarter per cent, but it is pointed out that the extension period over which the occupation expenses were spread under the Wadsworth agreement compensates largely for these concessions as it will take fifty per cent less from the reparations payments.

The decrease in the percentages will be further offset by the fact that within a couple of years after Belgium has been paid her priority claim in full the Belgian percentage will fall from eight to four and one half per cent.

The American delegates are making use of this argument to resist the demands of the Allies that the beginning of payment toward the American Army cost be deferred until 1926.

The American occupation cost, according to British sources, will be repaid in twenty installments of \$13,000,000 annually beginning in 1926.

WEALTH AND TAX BURDEN

North Carolina's rapid rise as an industrial state largely explains the phenomenal increase in the wealth of the state during the last decade or so. North Carolina led all the states of the Union in the increase in wealth per inhabitant during the ten-year period from 1912 to 1922, and in the increase in total wealth only two states made larger percentage gains. The estimated value of the principal wealth in North Carolina in 1912 was \$1,647,781,000 and at the end of 1922 it was \$4,543,110,000, a gain in ten years of \$2,895,329,000, or 175.5 per cent, the greatest gain made by any state in the Union.

In North Carolina property is taxed for local purposes only. The states government levies no taxes on property. The aggregate tax levy for all purposes whatsoever averages \$1.47 per hundred dollars on property listed for taxation in 1922 and the rate averaged

the lowest of any state in the Union. The total tax burden per inhabitant is less in only five other states. The North Carolina taxpayer gets more for his money than does the taxpayer of any other states. The cost of government has increased but it is still cheap in this state. In no other state are the people getting as much in return for what they spend in taxes as in North Carolina.—From Know Your Own State—North Carolina, A Program for Women's Clubs issued by the University Extension Division.

A SENATE FARCE

There was nothing especially creditable to Senator Dial in the famous speech he delivered attacking the Democratic Party, and nothing especially creditable to the Democratic Senators who attacked him on the strength of his remarks. Outside Washington, where politics is an essential industry, it was not a matter to be regarded as of the slightest importance. The Senate has much more serious business to occupy its time.

But under pressure from his Democratic colleagues, under pleadings and reprimands, the Senator from South Carolina has been induced to make a profession of repentance. With the consent of the Senate, at his request, his speech is to be expunged from the record. That is to say, it is to be expunged from the record of the Senate. It has been spread broadcast all over the country in Washington dispatches; it has been reproduced in the Congressional Record, but the record of the Senate, by agreement, will bear no evidence of it. So let it be plainly understood that Senator Dial never delivered the speech that he delivered.

Thus the Senate again brings another of its solemn farces to a glorious climax.—N. Y. World.

Easy Way to Break Severest Cough

No matter how long you have had a persistent, weakening cough—no matter how many remedies you have tried without success—you can usually get relief instantly, and often relieve the entire cough condition in 24 hours, by a very simple method. The method is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The prompt relief seems almost magical, and the quickness with which the whole cough condition disappears is often simply amazing. There is nothing better for coughs, chest colds, bronchitis, bronchial asthma, hoarseness, and almost every throat irritation. Economical, too, as the dose is only one teaspoonful. On sale at all good druggists. Ask for

Kinston, N. C.—A pretty wedding was solemnized at the home of the bride on Washington Avenue Thursday afternoon at half after four, when Miss Lela Odham became the bride of Mr. Thurman Vincent, Rev. C. K. Proctor officiating. Appropriate decorations, consisting of ferns, potted plants and a wedding bell suspended above the bride and groom formed a pretty setting for the taking of the marriage pledge. Miss Victoria Vincent was bridesmaid. She wore an electric blue dress trimmed in fur. Miss Mariza Odham, sister of the bride and maid of honor, wore a blue gown, elaborately beaded. The groom had as best man Mr. Hubert Savage, and Mr. Willi Civil acted as groomsmen. Little Susie LaRoque, clad in an airy frock, sprinkled flowers in the pathway of the bride. Master Lowell Dupre was ring-bearer. The bride and groom entered together, the bride wearing a sleeveless afternoon dress of victoria blue and carrying a lovely bride's bouquet. The groom's mother entertained at a course supper the couple left for Washington, D. C., and other points of interest.

EXPORTS
 Galveston to Europe today 7,000 bales, making 28,000 on board so far against 46,000 from all ports this date last year.

Mid month exports from U. S. this week likely be large. British Board of Trade report for December probably be favorable; due tomorrow or Wednesday when weekly weather and crop Government will be released which likely be bullish owing rains last week all section cotton regions except West-Hexashmdm... except in West Texas, causing further delay in farm work, especially as to plowing in preparation for next crop. Look for most bullish week end statistics of season next Friday, especially as to spinners takings.

Burnett Fixter Injured At Play, Dies In Florida
 The following clipping sent to Mrs. L. H. Smith, Chestnut Street, from Mr. and Mrs. Edward Fixter will be read with regret by their many friends in Greenville. Mr. and Mrs. Fixter, of St. Petersburg, Fla., formerly lived in this city, and their son, Burnett, who died a few days ago, is well remembered by his play mates.

St. Petersburg, Fla. — "I'm all right; look after my newspaper route while I am away. And take care of my bicycle."
 Duty was uppermost in the mind of Burnett Fixter, 115, 2011 Third avenue north, one of the Times carrier boys, to the end of his life. He "went away" early Saturday morning at Faith Memorial hospital where he had been taken after being injured in an accident Thursday afternoon while playing tag at St. Petersburg Beach.

Burnett was injured when he ran into barbed wire stretched between two posts while playing on the beach.
 Suffering excruciating pains from a huge gash cross his abdomen, with internal injuries which no human agency could repair, his most lucid thoughts were of a duty still to be performed. He never expected to "go away" for all time; but the fates decreed otherwise from the moment he ran into a barbed wire fence, the burrs of which inflicted the injury. Doctors said his situation was hopeless from the start.

His death has been a severe shock, not only to his family, but to all of those who knew and loved him for his sunny disposition and his stealing qualities.

His cheerful willingness to go out of his way to serve his customers to the best of his ability was commended upon most favorably all along his route.
 As his immediate superior expressed it: "Burnett was one of the best boys I ever had in my department; I could rely upon him at all times. He was faithful in his work and careful in every detail. We will all miss him very much indeed."
 The entire Times organization is expressing to his parents, Mr. and Mrs. Edward Fixter, 2011 Third avenue north, and to his sisters its deepest sympathy in their bereavement.
 Funeral services were held at St. Peter's Episcopal church, corner Fourth street and Second avenue north, while interment was made in Royal Palm cemetery.
