

## NEW FOUND CREVICE FAILS TO PROVIDE PASSAGEWAY TO IMPRISONED CAVE MAN

### Hope of Rescuing Collins By Noon Today Abandoned When the New Tunnel Was Found to Lead Nowhere; Digging in the Main Shaft Resumed

Cave City, Feb. 13.—Henry T. Carmichael, in charge of the excavation work at Sand Cave and other officials, who went down into the shaft that is being dug towards the cave where Floyd Collins has been imprisoned for two weeks came out of the shaft at one o'clock this afternoon and announced that the hope of rescuing Collins through a tunnel discovered in the shaft 50 feet down, would have to be abandoned. The tunnel exploration failed to disclose a passageway. Digging was resumed in the bottom of the shaft and Mr. Carmichael said it would probably take two or three days to reach the 70 feet level where they planned to begin lateral tunnels in an effort to strike Sand Cave.

Hope for the rescue of Collins by noon today through the new tunnel attracted hundreds of persons to the cave. For a time the crowd including newspapermen were kept away from the operation, but when the crevice failed to develop into anything of a passage to Collins, they were allowed to approach the shaft again.

The failure of this hope raised by the finding of this tunnel noticeably discouraged the officials of the rescue party, but "digging, as usual" began again in a hope of finding a more promising cavern. The drill hole in the center of the shaft had reached the 70 foot distance without penetrating the lime stone roof, but another cavern may be discovered in the side walls as was the case in the one found this morning.

Cave City, Feb. 13.—Henry T. Carmichael and two miners at ten o'clock this morning began exploration of the tunnel discovered early today inside of the cave rescue shaft. All spectators and newspapermen were ordered away from the mouth of the shaft to the top of an adjacent hill, 100 feet distant. Homer Collins, the younger brother of the entombed Floyd Collins, came out of the rescue shaft shortly before Carmichael entered and said, "I have great hopes."

Dr. William Hazlett, of Chicago, in charge medical preparations for attending Floyd Collins, if he is found with even a faint spark of life, at 10 o'clock had completed every possible preparation. Dr. Hazlett is to enter the tunnel just as soon as Collins is located to determine whether he is dead or alive before any attempt is made to remove him.

Cave City, Ky., Feb. 13.—A tunnel, which the rescuers hope may lead to the cavern behind Floyd Collins, was discovered in the Sand Cave shaft early today. Timbers were rushed to the section and re-arranged, made to drive piling into the side walls around and above the tunnel hole so that rescuers could enter with safety. The hole was, unmissably a passageway leading down into a lime stone cave, and miners brought out pieces of lime stone rock to exhibit to those in charge of the operation.

The diggers had uncovered the hole, which seemed to be two or three feet high, extending at a sharp angle. Their lamps were blown out by the down draft when they went into the hole. The bottom of the shaft was hurriedly cleared so that the timbers might be driven in, to make the passageway safe.

The discovery of the new tunnel was closely guarded, the miners refusing to talk about it. However, looking down from the earth surface, the shadow of the hole was clearly evident. The draft had cleared away the mist, which had been in the hole, caused by the miner's breath and the warmth of their bodies. The hole was found at about the 50 foot level. In the original exploration of the diamond core drill mud vein had been indicated at 51 feet, and another was found last night right close to the break layer of limestone. The drill was boring into this, when the new tunnel was discovered. Drilling was stopped to concentrate on the cleaning out of this tunnel.

The new tunnel, as the mouth of break and when coming out said it was further cleared away, was hoped that they would have Collins found large enough to accommodate out by 12 o'clock.

## Made Death Ray

Harry Grindell Matthews, English inventor of the "Death Ray," is in New York for conferences with American scientists. As no disposition has yet been made of Matthews' invention, which is supposed to kill all that is subjected to its light, it is possible that tests looking to its utilization may grow out of the conference.

## VERDICT NOT GUILTY RETURNED TODAY IN BAILEY BROS. TRIAL

### Verdict Favorable to 20 Defendants on the Charges of Mail Fraud Returned By Jury After 40 Minutes

Greensboro, Feb. 13.—A verdict of "not guilty," was returned today in the case of 20 officials and stock salesmen of Bailey Brothers, Inc., former Winston-Salem Tobacco manufacturing concern, charged with fraudulent uses of the mails in connection with a stock selling campaign, by the jury in Federal Court here at two o'clock following a two hour's recess.

A verdict was reached by the jury after deliberating for only 40 minutes of the two hours allowed for the recess.

Greensboro, Feb. 13.—Following an agreement among the counsel to eliminate further argument, Judge Webb, in Federal Court here, shortly before 10 o'clock this morning began his charge to the jury in the case charging 20 officials and stock salesmen of Bailey Bros., Inc., former Winston-Salem Tobacco firm, of using the mails to defraud in connection with the sale of Bailey Bros., Incorporated, stock.

## Belhaven, Washington Championship Game Basketball Tonight

Greenville plays host to two of the leading girls' basketball teams in the Star Warehouse tonight, when Belhaven and Washington meet in the first game of the State championship series.

The two teams are trained to a fine point and being rivals of old standing are contending for the state championship. A bitter fight is expected.

The game will be called in the Star Warehouse promptly at 8 p. m.

A good sized man, and as far as far as could be seen into it, it ran straight away from the North West corner of the shaft to the left, towards the mouth of Sand Cave.

The tunnel was discovered underneath a thick limestone ledge, thus giving officials hope that the new tunnel was, part of the same subterranean passage in which Collins is trapped.

## MEDICAL SOCIETY HOLDS MEETING AT ROTARY HOME

### Program Featured By Address by Doctors Wooten, Skinner and Garrington; Guests of Doctors Garrington and Hemmingway

The Pitt County Medical Society held its regular monthly meeting here last night at the Rotary Club, with Drs. Hemmingway and Garrington, of Bethel, as hosts. An interesting program was presented and the society was delighted to have as guests Dr. Wilson, of the Pitt Community hospital and Dr. Wooten, of the State Board of Health. Dr. M. G. Massey, who has located in Greenville for the practice of dentistry, was welcomed as a new member.

Dr. Wooten, of the State Board of Health, gave a most interesting talk on the Dental Clinics which are being conducted in the county with the school children. He will report at the future meeting on the work accomplished.

A committee appointed at a recent meeting to look after a pure milk supply for Greenville reported that the Board of Aldermen had taken action in the matter and that Greenville citizens are guaranteed the very best grade of milk.

Dr. L. C. Skinner read an interesting paper on "Pyloric Spasms in Infancy." The paper was discussed by Drs. Pace, Smith and Frizzelle.

Dr. Cecil Garrington gave an interesting paper on "Lobar Pneumonia." This paper was discussed by Drs. Hemmingway, Smith, W. H. Dixon and G. G. Dixon.

These papers and discussions were thoroughly enjoyed and proved both instructive and entertaining.

The Medical Association is accomplishing a great work. It is composed of members who are vitally interested in "Better Health Conditions for Pitt County," and who will always strive to do those things which will help to make it a healthy place in which to live.

The March meeting will be held at the Rotary Club with Drs. Cobb Whitfield and C. O'H. Laughinghouse, hosts.

The following members were in attendance: Drs. Cobb Whitfield and W. W. Dawson, Grifton; Drs. Outland, Grady, Laughinghouse, Pace, Skinner, Smith, Nobles, Ellen, Greene, Thompson, Schultz, Greenville; Dr. Hemmingway and Garrington, Bethel; Dr. W. H. and G. G. Dixon and Dr. Frizzelle, of Ayden.

## MR. D. F. THOMAS DIES IN SANFORD

### Former Greenville Resident Dies After Long Illness; Interment This Afternoon

Mr. D. F. Thomas died in the Sanford hospital, Sanford, N. C., yesterday afternoon after an illness of several months. Funeral services were conducted from his late home this afternoon with interment following in the Sanford Cemetery.

Mr. Thomas was well known in Greenville having resided here for several years prior to moving to Sanford. He was held in high esteem by a host of friends who will regret to learn of his death.

Mr. Thomas is survived by his wife, five daughters, Mrs. Ray Tyson and Mrs. W. H. Smith, of this city, Mrs. P. O. Forbes, Misses Marie and Mary Thomas, of Sanford, one son, Mr. Phil Thomas, of Florida.

## Fourteen of Escaped Prisoners Still Free

Raleigh, Feb. 13.—State prison officers, early today, reported that 14 of the 19 prisoners, who escaped Wednesday night from the Caledonia Prison Farm, in Halifax County, still were at large. The four prisoners recaptured were taken into custody early yesterday morning, but are still scouring nearby swamps for the other prisoners. Four murders are still at large.

## Train Blown Off Viaduct

While crossing a trestle over a deep and wide ravine in Donegal, Ireland, a train was blown off the rails and several of the cars fell forty feet to the bottom of the valley, causing the deaths of four persons and serious injury to nine others. The victims lay for hours in the storm before help reached them. Photo shows the wreck of the train and the debris from the shattered Owenarra Viaduct which piled up on the passengers.

## EXECUTION OF GEORGIA YOUTHS SCHEDULED TODAY IS AGAIN POSTPONED

Butler, Ga., Feb. 13.—Filing of a supersedeas granted by Judge Searcy, Jr., prevented the execution of Willie Jones and Gervis Bloodworth in Butler today, for the murder of J. F. Underwood, a traveling salesman in December 1923.

## RICHMOND DISTRICT FAILS IN EFFORT TO GET BRANCH BANK

### Federal Reserve Board Sees No Need for the Establishment of a Branch Bank in Richmond District

Washington, Feb. 13.—Indications were given at the opening today of the hearing before the Federal Reserve Board that the Richmond Federal Reserve District directors faced a difficult task in obtaining approval by the Federal Reserve Board of their application for the establishment of a branch Reserve Bank in the Richmond district. A statement was made by board members that the board has frowned on the establishment of such a branch in recent months, and that there appeared to be no extraordinary business developments in the Richmond District to warrant a change in that position. It was indicated that on the surface, there appeared to be no reason for favorable action by the board on such a petition.

Directors of the bank were understood to have expressed the opinion that the establishment of a branch in either North or South Carolina would result in speeding up collections, and it was understood that Charlotte had been selected as a city where the branch would be established.

## Man Suspected of Being An Escaped Convict Arrested

Bob Johnson, white man, suspected of being one of the convicts who broke prison at the State farm Wednesday night, was arrested here last night.

The man was arrested for vagrancy and when questioned he stated that his home is in Ohio and that he has served time in the State prison of Illinois. After taking the matter into consideration the local officers decided that Johnson was one of the escaped convicts from the state farm. An investigation will be made.

Mrs. N. O. Warren has returned from a visit in Clinton.

## COOPER CASE WILL PROBABLY REACH JURY LATE TODAY

Wilmington, Feb. 13.—The defense rested in Federal Court here this morning in the case of Thomas E. Cooper and his brother, W. B. Cooper, former Lieutenant Governor of North Carolina, on charges of violating the National Banking Laws in connection with the failure of the Commercial National Bank at Wilmington.

The government rested its case a short time later, and at recess for the luncheon hour it was said that the case probably would go to the jury sometime early tonight. At the conclusion of all testimony shortly after mid-day, it was announced by Judge Rose, that he would not press five of the 13 counts in the indictment, leaving only eight counts on which the jury will pass.

Addresses to the jury and the judge's charge are expected to be completed during the afternoon.

## AIRCRAFT HEARING IS STILL UNDER WAY

Washington, Feb. 13.—Brigadier General Mitchell, Assistant Army Air Chief, appeared today for the fourth time before the House Air Craft Committee for further questioning in the air controversy that is up before the committee. Among other witnesses, who appeared today, were Edward Rickenbacker, Army Flying Ace in the World War, and a number of officers of the Naval Air Service, whose appearance was requested by Assistant Secretary of the Navy, Robinson.

Rickenbacker was the first witness and he told the committee that the air craft policies of the War and Navy Departments showed a lack of knowledge. Development of an air program, he said, also had been retarded by selfishness and jealousy, but when asked to name those responsible, he could not do so. He said that he disagreed with the Army and Navy Departments as to the effectiveness of the anti-air craft guns.

## WOMAN ARRESTED HERE CONNECTION BEAMAN MURDER

### Clayton Beaman Found Dead in Automobile Near Wilson Sunday; Woman Says She Will Not "Talk"

Johnnie Stewart, white woman, was arrested in Greenville last night by members of the police department. The woman is wanted in Wilson in connection with the murder of Clayton E. Beaman. When arrested she was drunk and stated that there was no third degree on earth that could make her tell anything.

Clayton E. Beaman who controlled a number of slot machines in Wilson and that vicinity, was found dead in his automobile in the woods about two miles from Wilson late last Sunday afternoon.

At the time of the murder much interest was aroused. An investigation into his personal affairs led to nothing that could be used in solving the mystery. On Saturday night he left Mrs. Beaman at Oettinger's store, promising to return for her. Upon his failure to return, Mrs. Beaman notified the police, who immediately instituted a search for the missing man. Late Sunday afternoon two young white boys, Charlie Russell and Charles Moore, found the automobile of Beaman. He had been shot four times and the body was in a sitting position underneath the steering wheel.

Since the murder a number of clues have been unearthed and several arrests made.

## Auxiliary of Legion Met Here Thursday

The Pitt County Auxiliary of the American Legion held a very enthusiastic meeting on Thursday, Feb. 12 with Miss Henni Whichard, Mrs. L. H. Bowling and Mrs. S. L. Bridgers as hostesses.

The meeting opened with prayer by Mrs. R. L. Humber followed by the minutes of the last meeting and reports of committees. Mrs. Luther Bowling, chairman of the Hospital committee, read a letter from our boys at Oteen thanking us for the Victrola records which were sent in January and requesting that the next "treat" be candy. Twelve pounds of candy and stuffed dates and 30 valentines were sent by the committee.

Mr. W. H. Rogers, Jr., was appointed by the president to serve as representative of the auxiliary on a Child Welfare committee.

The president, Mrs. Charles O'H. Laughinghouse read a number of reports from other chapters in our state and from other states telling of the splendid work being done by the Auxiliary and inspiring us to make 1925 better than any year before. The special work for 1925 the rehabilitation of disabled soldiers and child welfare—makes the strongest appeal to every heart.

It is earnestly hoped that every woman eligible to join the Auxiliary will avail herself of this opportunity to help disabled "buddies" and helpless children.

New record blanks were distributed—these to be filled in and returned at next meeting. These blanks may be obtained from Mrs. Laughinghouse.

At the conclusion of the business discussion, delicious refreshments were served by the hostesses assisted by Master John David Bridgers.

## Diphtheria Epidemic in Nome Has Subsided

Washington, Feb. 13.—Secretary Work has received a report from Dr. Bone, in Alaska, stating that the Nome diphtheria epidemic had abated, and that ample anti-toxin is on hand, for en route, to meet any emergency.

## Maddison Says Nearly Two Millions State Revenues Could Be Raised By Means of Special Sales Tax; Other Important Measures Come Up

Raleigh, Feb. 13.—The House today passed on it, third reading the measure sponsored by Governor McLean to create a Commissioner of Pardons to assist the governor in dealing with executive clemency cases.

Representative Madison created a mild sensation when he sent forward a bill, independent of the revenue act, which would impose a sliding scale sales tax on cigars, cigarettes, candies, lip sticks, beauty clays, lotions and a number of other articles. He stated that between \$1,500,000 and \$2,000,000 would be added to the state's revenue through this tax.

In the Senate, Senator Sams moved for re-consideration of yesterday's second reading vote on the \$20,000,000 Highway bond bill. He stated that there was a doubt as to the legality of its passage on the second reading yesterday, and he wished to have this doubt removed. The measure was brought back before the body and then again passed on its second reading.

Senator Harris, of Wake, introduced a bill designed to limit the employment of children under 16 years of age to 48 hours a week.

A discussion then took place in the Senate on the bill to reduce the personal property tax exemption from \$300 to \$50, which came up today for its final reading. Senator Harris led the discussion against final passage of the measure. He stated that the Democratic party had pledged its support to the \$300 minimum and asserted that to pass the measure would mean a break of faith.

The minority report for favorable passage of the Pool bill designed to prohibit the teaching of Evolution and its kindred subjects, in the state schools came up and was set as a special order for Tuesday night.

The Stat. Constabulary force was favorably disposed of when an unfavorable report was returned this morning. Representative Wade, of New Hanover, had introduced the measure providing for such a force to patrol the state highways following the report of a special committee appointed at the last session to investigate the feasibility of such a proposition.

A mass of local legislation was introduced today in both houses, and these were referred to the committees, while other local bills, which came up on final readings were disposed of in rapid succession.

## Measure Approved By Senate Will End Pullman Surcharge

Washington, Feb. 13.—The present Pullman car surcharge would be prohibited under amendments of the Independent Offices Appropriation bill approved today by the Senate.

## Pitt County Post American Legion To Meet Tuesday

The Pitt County Post of the American Legion will meet Tuesday evening at 7 o'clock at the Rotary Club. The Legion will again assist the ex-service men in filling out their blanks for adjusted compensation. Supper will be served with a small fee for each plate.

The meeting promises to be one of the best held in several months and every ex-service man is cordially invited to attend.

Those who can attend are requested to notify Post Commander S. L. Bridgers so a plate can be reserved. If you haven't had your blanks filled out, attend this meeting and let the Legion assist you. This is an important matter and one that should not be neglected by any ex-service man in the county.

Mr. and Mrs. J. L. Wooten left this morning for Pinehurst.

**URUGUAY GOVERNMENT TO EMBARK IN MEAT BUSINESS ON LARGE SCALE**

Montevideo.—Uruguay, although geographically the smallest South American republic, has always been something of a pioneer in the matter of up-to-date legislation. Having already established several state-owned enterprises, she is now about to build a meat packing plant which will supply meat at cost price to co-operative associations of butchers, and also export it.

The scheme, as recently approved, involve an outlay of \$5,000,000, to be raised by an issue of 6 1/2 per cent. The enterprise will be "an autonomous dependency of the state" to be administered by a board of 12 directors, seven to be named by the government and the rest by the cattle raising interests.

**What Do You Read?**  
 How many of you grab for the comic section of the Sunday paper the first thing when you get the paper? Hands up! I thought so. Now friends you are doing the wrong

thing. The comic section is all lies. The editor is usually a man in touch with public opinions and from him you may see fit to form your own opinions. And your books, "Tom Sawyer," "Peck's Bad Boy," a trashy novel, or some other book of the kind. Is that your choice? If it is you are only ruining your mind for the more serious things in life. A mind filled with foolishness and fantastic ideas cannot absorb real knowledge and concentrate on a real problem. Why not read biographies of great men, history, poetry, good drama, great literary works, and then a good novel once in a while? In this way you gain a very good knowledge of the problems of others, problem of the great and noble and the way in which they solved them. Do not for once think your case so much different from that of others. Your problems may be solved the same way. And now magazines especially. There are hundreds of these on the market today. And as with all other things, some are good, some are bad. Which kind do you pick? Why not read the "Literary Digest," the "Forum," the "Review of Reviews," "What's Who," and for those of a mechanical turn of mind, "Popular Mechanics," and "Popular Science?" Of course there are others, we have not the time or space to mention here. By all means leave alone the trashy and suggestive so-called magazines that flood the market today. Answer the question of "What do you read?" With the answer of "only that which is uplifting and enlightening."

The professor and his wife had been to a social affair one night in mid-summer. When they returned home the wife took off her hat and slammed it on the floor. Then she faced her husband with fire in her eye. "I'll never go to another social affair with you as long as I live," she said. "Why?" Asked the professor, "you asked Mrs. Smith how her husband has been standing the heat." "Well," "Well, her husband has been dead for two months."

Miss James had been giving the sixth grade geography class a talk on how rain is made by evaporation. "Now any body tell me what it is you see rising from the surface of a pond at the end of a hot day," she said after she had finished, silence. Finally one boy hand went creeping up into the air and come to a standstill. "Well, Walter Clayton,

that shows you have been paying close attention, tell us what it is." "Frogs," was the reply. Some say "he who laughs last, laughs longest." But I say "most always, he who laughs last is the dumbest." "A man was on a fishing trip to the mountains. He caught a large trout and in his elation he sent his wife the following telegram: "Have a big one, a beauty, weighs 7 1-2 pounds." Here is the answer he received: "So have I. Weighs 9 pounds. Not pretty a bit. Just like you." Old George was returning home from a visit to a neighboring poultry house. The rooster he carried under his arm was sleeping and tried to get loose. "W-a-l-l-s—w-a-l-l-s—w-a-l-l-s." "No, darn your hide, yo' ain't goin' to walk, I ain't trustin' no chick-

ing; Terry Creigan, Robert J. Mayo; Mr. Archibald Pennywit, Martin L. Carson; Mr. Michael Pepperdine, Henry M. **What one Woman learned 35 Years ago**

Years ago when the first spoonful of Calumet Baking Powder was used, one housewife learned the secret of success on bake-day. She found that what she had thought bad luck in the past was really the fault of inferior leaveners.

Over a third of a century has passed since that housewife experienced the perfect results that came from using

**CALUMET THE WORLD'S GREATEST BAKING POWDER**

Today millions upon millions have realized the same satisfaction that goes with using a perfect baking powder.

Calumet has more friends than any of the other brands on the market today—women who after one trial found that for uniform, wholesome bakings it has no equal.

Don't forget that a few cents worth of unreliable baking powder can ruin several dollars worth of other ingredients used in baking. Use the best and know what the results will be.

EVERY INGREDIENT USED OFFICIALLY APPROVED BY U. S. FOOD AUTHORITIES

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 oz. cans instead of 16 ounce cans. Be sure you get a pound when you want it.

**BEST BY TEST**

**SALES 2 1/2 TIMES THOSE OF ANY OTHER BRAND**

In preparation for the services the Presbyterian have been conducting prayer services each day this week.

A great revival is expected and every body is invited to attend.

**MRS. WALTER HARRINGTON ENTERTAINS.**

**Hostess at Delightful Tea in Beautiful New Home.**

On Thursday afternoon at her beautiful new home in College View, Mrs. Walter Harrington was hostess at a delightful tea.

The rooms, suite, were attractively decorated with potted plants and silver baskets filled with Richmond roses. Other decorations, suggestive of the Valentine season added to effectiveness of the home while the shaded lights cast a mellow glow over the beautiful scene.

Upon arrival the guests were welcomed by Mesdames N. O. Warren and E. G. Flanagan, and invited to the reception hall where they were introduced to the receiving line in which were the hostess, Mrs. Hogan Gaskins, Miss Rosamond Flanagan, Mrs. Lee Hannah, Mrs. John Flanagan, Miss Alice Galloway, Mrs. Dail Laughinghouse, Mrs. Graham Flanagan and Mrs. Larry James.

From the receiving line the guests passed to the dining room and were given a welcome by Mrs. R. D. Harrington and Mrs. Swanson Graves. This room was especially attractive with its beautiful shaded lights and Valentine decorations. The table was decorated with burning tapers, while a large silver basket filled with Richmond roses formed the centerpiece. An ice course in red and white carrying out the Valentine idea, was served by Misses Bet Dixon, Lillian Hooker, Edna Davnport, Mary Blanche Patrick and Anna Long.

In the rear hall Mrs. R. R. Brunson and Miss Ruth Andrews welcomed the guests, and upon entering the drawing room they were received by Mrs. Jack Overman and Mrs. Penn Watson.

Upon arrival in the drawing room the guests were served home made candies, by Mrs. Jesse Moye, Mrs. W. L. Skinner, and Mrs. R. L. Smith.

In the sun parlor Mrs. H. H. Jackson and Miss Iva Shelburn, poured tea, assisted by Miss Emily Moye and Mrs. Julian White who served sandwiches.

In passing from the sun parlor, the guests entered the den where they were asked to register by Mrs. William Bradshir and Miss Jessie Moye.

Victrola music was enjoyed throughout the afternoon.

As the guests passed out they were bid "Au revoir" by Miss Ada James and Mrs. John McKeithan.

This was Mrs. Harrington's first "at home" since moving into her new house and was an outstanding social event of the season.

**WILDCAT PATROL LEADS TROOP TWO DURING THE PAST WEEK**

Billy Brown and his Wildcat Patrol took the lead for the week in Troop Two's contest between the six patrols. The members of the winning patrol are John Maron, assistant Patrol leader, and Scouts Moye, Forbes, Hadley, Askew, Hatem, Beach, Mumford and C. Forbes. According to the rules of the contest, the lowest patrol in the contest has to run the gauntlet and take a paddling. The losing patrol for this week was the Eagle Patrol led by Patrol leader, Perkins, Assistant Patrol Leader Smith and Scouts Roberson, Hearne, C. Deal, Beach, D., Willard, and Sugg.

Troop Two will meet tonight at High School at 7 o'clock. Work in snooding will be offered. Extra points will be allowed only for manuals and flags. No first aid work will be offered. Scouts are to bring what equipment they have secured for the lay which will be stages March 6th.

**T. E. L. CLASS OF BAPTIST S. S. WILL MEET THIS EVENING**

**COTTON**  
Compared with last year, stock on shipboard at Galveston yesterday was 99,000 vs. 37,000; at New Orleans 50,000 vs. 31,000.

Exports likely be large, mid-month shipments. Cables, Texas weather outlook, trade advices, spot news and spinners takings for week etc., have to be reckoned with.

Census report as to consumption in January due shortly, perhaps tomorrow. Returns will run against 532,000 for December of this season and 578,000 for January of last year, about 593,000 to six hundred thousand and expected.

Sentiment apparently more bullish than otherwise again.

Texas weather conditions likely dominate market for the present. South spots yesterday were unchanged to 20 up and while sales were large at Houston 7,707 bales, all told were small owing to holiday at numerous points totals were 13,372 vs. 26,997 Wednesday.

**GRAIN**  
Trading in wheat in the Winnipeg market yesterday was enormous at times but the news was much more in favor of holders and at one time May was 41-2c over the finish of the previous close.

Failure of Liverpool wheat to reflect the sensational decline on Wednesday had considerable influence as it was off only 3-4 to 2 although due 61-2 pence lower and May there closed around 196 or about 18 cents over Chicago. The market's strength in foreign markets led many Chicago traders to buy freely in Winnipeg and there was also heavy buying by a Canadian Mill which is said to have secured a large share of the Russian flour order.

**THE WEATHER**  
Temperatures slightly warmer over the belt. No rainfall reported anywhere. Forecast: Eastern and Central belts generally fair and rising temperatures. Western belt mostly partly cloudy and cold.

Exports so far this season 5,677,942 vs. 3,990,814 last year; exports today 29,000 vs. 20,000.

**SOUTH WALES COMMUNITY**  
Bargoed, South Wales. The natives of Bargoed began a series of prayer service recently with the hope of bringing about the advent of dryer weather which it was believed would arrest the movements of Troedrhifwuch mountain near here which has done great property damage and become a menace to the community.

Fresh fissures have appeared at the foot of the moving mountain and all the nearby highways have been closed to traffic. Water mains supplying more than 100,000 persons in the Plymney valley have been broken by the pressure of the moving earth and several hundred workmen have been employed to make repairs as rapidly as possible.
