GREENVILLE, N. C., THURSDAY AFTER NOON, MARCH 12, 1925

MILLION DOLLAR FIRM SUCCEEDS J. E. HUGHES CO.

W. C. Thomas Heads New Tobacco Corporation Which is to Take Over Holdings of Late John E. Hughes

Danville, Va., March 12 - It has been learned from an authoritative source that a new corporation incidental to the liquidation of the John E. Hughes Company, Inc., provided for under the terms of his will and which will result in the passing into history of this widely known and successful firm, has been formed.

Reports have been rife for several days of a number of impending changes and W. C. Thomas who, with W. D. Powell have operated the John E. Hughes Company since the death of its founder this morning revealed plans which have been made, in order to set at rest a number of conflicting reports.

Under the terms of the Hughes will the tobacco company which he established so successfully must be liquidated. This, Mr. Thomas says, will still take from twelve to eighteen months to accomplish owing to the stocks of tobacco held in various countries and presenting a complex piece of work.

In the meantime, however, Mr. Thomas has organized a succeeding organization to the John E. Hughes Company Inc., which will not bear his name but which will take over all of its eastern plants, as well as those in the Kentucky dark belt and which will be known as the W. C. Thomas Tobacco Company incorporated with a maximum capital stock of \$1,000,000 and a minimum stock of \$500,000.

Perhaps the most grievous part of this announcement will be that the new concern will leave Danville and will be established in Lynchburg where a large plant is to be established and where headquarters will be maintained. The company has already been organized and is ready to operate when the time comes which will be on July 1st, 1925 or one day after the John E. Hughes Company incorporated ceases to exist. At that time all that will remain to be liquidated will be the tobacco stocks held in foreign countries and the fixtures and assets here and elsewhere on hand at that time.

Officers of the new tobacco corporation which will deal in leaf tobacco both in the domestic field and for export are W. C. Thomas, president; A. D. Dickerson of Paducah, Ky., vice president; A. F. Thomas of Lynchburg secretary and treasurer. These gentlemen together with W. E. Murrie, Danville, J. Hughes Roberts, Danville; E. P. Thornhill, Lynchburg; W. R. Thornhill, Lynchburg and Mr. Bell of Lynchburg, will constitute the directorate of the new concern.

The plants long affiliated with the John E. Hughes Company incorporated which will be taken over under the terms of incorporating the succeeding company are at Greenville, Kinston and Robertsonville in North Carolina and at Blackstone, Va. These organizations with those in the Kentucky dark belt, Mr. Thomas says, will remain intact.

Mr. Thomas is a widely known figure in the leaf tobacco world having been associated with the late John E. Hughes from the incipency of his large business which became known wherever tobacco is dealt in. He was in Lynchburg for nine years where he is well known coming here in 1905, being one of the first men employed by Mr. Hughes. After helping to establish the business here Mr. Thomas went into Eastern Carolina where he remained until 1911. Then he again became associated with John E. Hughes having charge of the eastern plants which were operated under the name of the Hughes-Thomas Company Inc. When Mr. Hughes died these branch plants were consolidated with the original company and Mr. Thomas has been here operating the company with W. D. Powell. Others for many years affiliated with the concern are no longer with it. Edward B. Young for several years treasurer and Emmett Magee formerly vice-president of the concern being with the Riance Tobacco Company now.

The proceeds from the liquidation of the John E. Hughes concern with the rest of the valuable estate left

Reject Warren

CHARLES B. WARREN

The two silk mills located in North Carolina have an authorized capital of \$3,060,000. These two mills are located in Anson and Guilford counties, one at High Point and one at Greensboro.

The approximate amount of raw material used by the two silk mills in North Carolina is 208,642 pounds, and they have an estimated year's output of \$2,348,952.

Notice of Assessments On Profits in Motor Co. Be Delivered Couzens

Washington, March 12. - The Treasury has prepared for delivery to Senator Couzens, of Michigan, tomorrow, a notice of the arbitrary assessment so profits alleged to have been made by him in the sale of his minority holdings of stock in the Ford Motor Company in 1919.

WHITE ROADS GIVE DRIVERS VARIETY OF EYE ALIBENTS

London. - The grey or white surfaced roads of England, at which the increasing number of automobile drivers are compelled to gaze intently in guiding their speeding cars, are causing a mass of minor eye troubles, according to Arthur Upson in a recent address before the Institute of Opticians.

White roads reflect the harmful actinic rays, and Mr. Upson recommends that road builders mix green coloring matter with their surfacing material.

by Mr. Hughes will be turned over to the already appointed trustees of the Hughes Orphanage and from this money will be developed the establishment provided for in the will.

NOBODY WANTS JOB HIGH EXECUTIONER AT STATE PRISON

Governor Has Not Intimated How He Will Fill Vacancy Created By General Assembly

Raleigh, March 12. - One State job created by the General Assembly remains vacant because nobody wants it. There has not been a single application filed for the place of Executioner at the State Prison, Superintendent Poy said today. "Although the job is there," continued Mr. Poy, "there was no law passed to make anybody take it. It begins to look as if the place will go begging."

The newly appointed State Prison Board will meet Monday for the purpose of naming a Superintendent, Chief Clerk, and Warden, for the present administration. The custom is for the governor to indicate his choice as to the places now held by George Ross Poy, Hugh Love, and Samuel J. Busbee, respectively. There has been no intimation as to the governor's intention in the way of making nominations to the board.

\$42,420,000 Spent for Autos in State From July Until Feb. 25

Raleigh, March 11. - The people of North Carolina spent approximately \$42,420,000 for new automobiles from July 1, 1924 to Feb. 1, 1925, according to statistics kept in the office of Sirague Silver, title registrar of the North Carolina Title Registration Department. According to these figures the people of the State spent an average of \$202,000 each day during the first seven months of the fiscal year for new automobiles.

The records of the department show that a total of 38,149 new cars purchased each day during the period was 181.

The purchasers of these automobiles, 38,490 in number, paid for automobile licenses a sum of approximately \$500,000, figuring each license at \$12.50. This is an average of \$2,500 per day for automobile licenses for new cars.

The sum expended for automobiles, would, if spent for other purposes, do some of the following things:

Meet the entire appropriation budget of the State of North Carolina during the administration of Governor McLean.

Would pay the operating expenses of 5,891 schools employing six teachers at an average salary of \$200 per month for six months.

Would build approximately 1,000 miles of hard-surfaced highway.

Would enable 14,140 families of six or less to live in comparative comfort for one year.

Would enable 42,420 people to visit London, Paris, Berlin and other European cities.

Would send 2,121,000,000 letters by first class mail from New York to San Francisco.

INVENTORS ENCOURAGED TO SUBMIT GOOD IDEAS

London. - The simple expedient of offering prizes of \$50 has resulted in the discovery that there are 152 amateur inventors in England whose inventions have a commercial value. The Institute of Patentes offered prizes for the best inventions in several classes, and about 500 inventions were submitted from which four major prize winners were selected. The 152 inventions will be submitted to various manufacturers.

The major prizes were awarded to the inventors of a kettle with a lid that will not fall off; a portable fire, a roscope based on the theory of relativity for gauging the speed of machinery, and a machine for bending rods and tubes.

Sir William Grey-Wilson, head of the institute, is an inventor of renown and his house is full of his handiwork. One of the most ingenious is in the chicken house. A few grains of corn are placed in a tin beneath perches. When the chicken wakes and peck at the corn, a spring is released which opens the door of the house.

CHINA'S MAN OF "DESTINY" DIED TODAY

Peking, China, March 12. - Dr. Sun Yat Sen, on whose head the Manchurian Dynasty fixed a price of \$200,000 when Dr. Sen was campaigning for a Republican China, died this morning from a cancer of the liver. He was 63 years old.

He was called "China's man of destiny" by many. Dr. Sen was identified with almost every phase of public life in his country. He was first president of the Republic created in 1912 and in recent years had maintained an administration styled the Southern Government in China, at Peking.

BORGLUM CERTAIN CONTROVERSY WILL RESULT IN VICTORY

Will Confer With Committee From Atlanta With View of Resuming Work on Stone Mountain Memorial

Wilmington, March 12. - Gutzon Borglum, formerly directing sculptor of the Stone Mountain Confederate Memorial, today announced that he would confer tonight or tomorrow with a committee from Atlanta with a view of arranging a resumption of work on the monument.

The sculptor did not give the personnel of the committee, but stated the members did not represent the Stone Mountain Monumental Association, which has charge of the memorial.

Neither did the sculptor state where the conference would take place. He made the announcement just before leaving here this morning for Whiteville, N. C., to deliver an address. He expressed confidence that the controversy would result in victory for him.

British Army '25-'26 Estimates Land Forces At 160,600,000 Men

London, March 12. - The British Army estimate for 1925-26 fixed land forces at 160,600,000 men, a reduction of 1,000, while the amount for maintenance will total 144,000,000 pounds against 45,000,000 pounds last year.

Democrats Agree To Press Early Vote Isle of Pines Treaty

Washington, March 12. - The Senate Democrats meeting today to adopt a policy to be followed in the special session of that body, agreed to press for an early vote on the Isle of Pines treaty, and to insist on making the World Court question a special order in next congress.

JUSTICE SITS UNMOVED DESPITE LARGE FAMILIES

Honolulu. - Establishment of a nursery on the third floor of the federal building here, close to the portals of the United States district court, for infants whose mothers are being tried on prohibition charges, is advocated by Judge William T. Rawlins.

Recently five Japanese women attended court, each with an infant in arms or one hanging on her skirts. They were on'y witnesses, but often court attahes say. Women convicted of bootlegging appear for sentence with five or six young children, claiming parenthood of them all and pushing them forward in a plea for mitigation.

ANDERSON DIES FROM PNEUMONIA TODAY

Pekin, China, March 12. - Roy Anderson, an American, who distinguished himself by negotiations with Chinese bandits for the release of 27 foreigners who were kidnapped for ransom at Sanchi on May 6, 1923, died today from an attack of pneumonia. He was formerly manager of the Standard Oil Company here.

Invents New Echo Depth Sounder

Alexander Behm, noted scientist of Kiel, Germany, has invented a machine for utilizing acoustic properties for measuring depths. The sound waves from an exploded cartridge are recorded in fractional seconds, the apparatus automatically recording the depth of the sea over which a ship is traveling, or the height of an airship over the ground.

Much Improvement Noted in the Labor Situation in State

Raleigh, March 12. - Considerable improvement in the labor situation during the week beginning March 2 and ending March 7 is noted in the weekly report of the State and Federal Employment Service, which was made public here today by Frank D. Grist, Commissioner of Labor and Printing. A total of 665 applicants were given employment during the week through the six employment offices in the State, as compared with 605 for the preceding week.

The report states that more favorable weather conditions have existed during the week and that the demand for unskilled labor was given a boost. Reports from the various offices also show that the prospects for the next few weeks are more favorable than they have been at any time since the beginning of the year.

During the week covered by the report there were a total of 710 registrations, of which number 624 were men and 186 were women. Eight hundred and thirty-five requests for help were received and of this number 725 were referred by the various bureaus.

Wheeler Case to Come to Trial in Federal Court

Great Falls, Montana, March 12. - The case of the United States against Senator Burton K. Wheeler, of Montana, charged in Grand Jury indictment with having accepted employment in a matter in which the United States had interest after his election as United States Senator, was sent down by Judge Spray, this morning for trial in Federal Court here April 16.

Fall's Bank Account Introduced At Trial

Cheyenne, Wyoming, Mar. 12. - Records of the bank account of Albert B. Fall, former Secretary of the Interior, were offered as part of the record in the Teapot Dome case today by Federal Judge Keagy, in serving his ruling as to their admissibility. The figures of the account kept with the First National Bank, of El Paso, were offered by the government in an attempt to show that Liberty Bonds were exchanged between Fall and Harry E. Sinclair, head of the Mammoth Oil Company, which was given the Teapot Dome lease. Testimony regarding the bank records then continued.

MRS. KIRK COREY DIED WEDNESDAY

Funeral Services to Be Conducted Friday Afternoon, Interment at Reedy Branch

Mrs. Kirk Corey, 53, died at her home six miles from Greenville, on Wednesday afternoon at 6:30 o'clock following a stroke of paralysis which she suffered several days ago. Funeral services will be conducted from her late home Friday afternoon at 2 o'clock with interment following at Red Banks.

Mrs. Corey, nee Miss Nora Jane Worthington, was born on March 27, 1872. She possessed a lovely Christian character and was beloved by a host of friends throughout her community.

The deceased is survived by her husband, two daughters, Misses Lena and Oma Corey, and four sons, Messrs. C. Robert, Jack A., Alfred L., William L. Corey. She is also survived by two sisters, Mrs. Needham Askew, of Durham and Mrs. John Davis, Wendell, and one brother, Mr. R. A. Worthington, of Reedy Branch.

PRES. COOLIDGE TO RESUBMIT WARREN FOR NOMINATION

Decides to Fight Issue By Giving Senate Leaders Opportunity to Try for Confirmation

Washington, March 12. - President Coolidge threw down the gauntlet to his opponents in the Senate today by again submitting the nomination of Charles B. Warren to be Attorney General. The Republican leaders, before Mr. Warren's arrival here today, had advised the President that the situation appeared hopeless, but a careful canvass of the outlook today convinced Republican leaders that there was a possibility that the nomination would be confirmed by a narrow margin, if submitted.

Meantime the opposition, which included almost the entire Democratic membership of the Senate, and a group of Republican insurgents, was re-organizing its strength in such a way as to again block Senate approval. It was indicated that the President's decision might result in lengthening the special session of the Senate, which leaders had hoped to end on Saturday.

Upon its resumption, the Warren nomination will have to travel its regular course through the Judiciary Court, which included among its members some of the leading opponents of confirmation.

Without a word of comment, the President sends the nomination back just in time to have it waiting on the Senate floor steps when the day's session began at noon. The decision of the Chief Executive astonished most of the Senators, including the ranking leaders, who had advised the White House that if returned, the name of Mr. Warren would fare no better than it did when the Senate rejected it on Tuesday with a tie vote.

Old timers in the Senate could recall no precedent for the return of the cabinet nomination that already had failed to command a majority. Such a failure, itself, has not occurred since the day of Andrew Johnson, and all told, there have been only five previous occasions on which the Senate withheld its approval of any man chosen by the President to sit in his Official Family.

Washington, March 12. - The nomination of Charles B. Warren, to be Attorney General, will be re-submitted to the Senate today by President Coolidge.

At the conference with Mr. Warren, who had been summoned from Detroit after his name failed for confirmation by a single vote, the President decided to fight the issue by giving the Republican Senate leaders another opportunity to try for the confirmation.

Senator Butler, of Massachusetts, a close personal friend of the President, was present at the White House conference, and said he believed the necessary votes for confirmation could be obtained.

Mitchell Declares He Will Remain in the Army Service

Milwaukee, March 12. - With a view of winning the fight for a "Unified Air Service," an Air Service of 3,500 fighting planes, Brigadier General William Mitchell, will remain in the army, he told friends here last night in denying the rumors that he would seek a new career in congress. "I have not even thought of quitting." "I am going to keep on talking until America wakes up, and I expect to see a unified service within two years. My demotion, oh, that's nothing at all." The General expressed his satisfaction with the interest that congress has taken in the Air problem.

### In Tax Battle

SEN JAMES COUZENS

The United States Treasury Department has demanded ten million dollars in back taxes from Senator James Couzens, of Michigan, on the sale of his holdings in the Ford Motor Company in 1919. The Senator charged the Treasury action was partly in retaliation for his investigation of the Internal Revenue Department, and partly because he had not been strenuous enough in his efforts to eradicate "rottenness in the Government" no matter under what administration.

## NEW DISCOVERY LIMBERS UP STIFF, SORE, SWOLLEN JOINTS

Soaks right into tendons and ligaments of your joints—right where the trouble starts—Then blessed comfort comes quickly

Yes; it's true—the world progresses. All you have to do nowadays to limber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube. Then rub it on the offending part for about a minute or until it soaks through the skin and disappears on its errand of mercy. Then read the evening newspapers and go to bed. The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster. "And in the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your sportiest clothes and

walk briskly down the street just to show the neighbors that you are not as old as they think you are." Joint-Ease they call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint, or reduce the swelling, Joint-Ease succeeds.

It's a good name for a good, clean, penetrating prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint-Ease is for bothersome joints, whether in knee, ankle, arch, hip, shoulder, spine or finger, and for that purpose its sale at 60 cents a tube is immense.

Local drug stores have a big supply of it and druggists everywhere report a big demand.

Always remember, when Joint-Ease gets in joint misery gets out—quick. Mail orders filled, cash or C. O. D., Pope Laboratories, Hallowell, Maine.

### Effective Means Of Reducing Fat

Here is an extraordinary method of reducing weight—extraordinary because no starvation diets or violent exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. They reduce you steadily and easily, with no ill effects. Procure them from your

druggist at one dollar for a box or send price direct to the Marmola Company, General Motors Building, Detroit, Mich. Once you start taking these tablets and losing your fatness, you will be happy again.

**DR. KING'S NEW DISCOVERY FOR COUGHS**  
The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The result is that you usually sleep as soundly as a babe the very first night, and the entire cough condition goes in a very short time.  
The prescription is highly recommended for coughs, chest colds, hoarseness and bronchitis, and is wonderful for children's coughs and spasmodic croup—no harmful drugs. Economical, too, as the dose is only one teaspoonful. It is on sale at all good druggists. Ask for

## THE REV. V. P. SCOVILLE

(A Tribute of Appreciation and Love, By the Rev. J. E. W. Cook, Rector of St. Paul's Episcopal Church.)

The death of my friend and brother, Virgil P. Scoville, came to me, while I lay bedfast, as a SUDDEN and SHOCKING DISASTER. Yet it was neither. He had long been ready and ripe for the life to come; and there should be nothing shocking in the fact that the Master knew it, and had decided to call him to higher, fuller and wider service beyond.

I had known Brother Scoville during his ministry at Trinity M. E. Church, Wilmington; and had learned to love and esteem him there. When I decided to accept the call to St. Paul's Church, one of the happy considerations was that we should be associated in church work here. And that anticipated happiness was realized during the past 15 months.

Of Brother Scoville I can truly say that he was possessed by the PASSION FOR SOULS. It made his life, day by day, grand and noble; and gave him a definite objective, which unified and dignified all his acts. He was never happier than when he was leading a sinner back to love and trust in our Loving Saviour. To this fine purpose all his talents and powers were dedicated. He did not spare himself. Others might be satisfied with lesser ambitions, but, as for him, he would persistently plead: I beseech you,

therefore, brethren, by the mercies of God, be ye "reconciled to God."

That was his life aim, and God wonderfully blessed his efforts.

And now, he has been promoted into the larger and richer service of the life to come. He has inherited the promise—"Thou hast been faithful in few things: I will make thee ruler over many things; Enter thou into the joy of thy Lord."

Let us not sorrow as those who have no hope. Let us rather sing—

"For all the saints, who from their labors rest,  
Who Thee by faith before the world confessed,  
Thy name, O Jesus, be forever blessed,  
Alleluia."

And, as our tears rise to choke our songs, let us offer that age-long prayer of the Church:—

"And we also bless Thy Holy Name for all Thy servants departed this life in Thy faith and fear; beseeching Thee to give us grace so to follow their good examples, that with them we may be partakers of Thy Heavenly Kingdom. Grant this, O Father, for Jesus Christ's sake, our only Mediator and Advocate. Amen."

### WORLD RADIO CONFERENCE

The Government has begun preparations for calling a world conference on radio, to be held at Washington, D. C. This would be a sequel to the London conference of 1912.

At this conference, the strides in radio and communication since the 1912 convention will be taken up along lines demanded by more modern conditions.

When the London meeting was held, only wireless communication between ship and shore stations was considered, but at the forthcoming gathering the radio telephone broadcasting methods and similar improvements will be studied with the idea of adjusting them to international requirements.

If you have money to invest this year, bear in mind the local mills, or banks or any local industry that can employ labor or capital. Why send your money out of your sight, to help build another community, when it ought to be Working at home where it was raised?

Charles Pickle

Knoxville, Tenn. "My grandson (picture above) who is now about eight years old, has always been rather delicate, due to the fact that he has always suffered from constipation and liver trouble, but Dr. Pierce's Pleasant Pellets have relieved him of these conditions, and he is no longer a delicate boy, but is bliking out and getting stronger day by day. He was always under weight but now comes up to all the requirements at school. I do not think there is any medicine that is so harmless, and yet so beneficial, to give children (and grown-ups as well). The Pellets completely regulate the stomach, liver and bowels and keep the system in perfect condition." Mrs. E. M. Madron, of 611 Chamberlain St.

## THE LITERARY SOCIETY ENTERTAINS

On Friday March 6, at the High School the Lowell Literary Society entertained at a circus. Each member invited a friend. The evening started with a hilarious grand march led by Miss Lloyd and a mysterious guest in soldier costume. Several games were played and prizes distributed. The prize for the best costume was won by James Moye, who was fetching arrayed as a young lady. The donkey and ringmaster performed, the fortune teller told fortunes, and an all-star cast presented a burlesque movie. A special jazz quartette which had played before the crowned heads of Europe, according to announcement, also entertained the crowd. Later in the evening refreshments were served. The party took place in the High School library, which was charmingly decorated in the colors orange and yellow. Music was furnished by the High School orchestra.

## DIRECTIONS FOR TREATING SWEET POTATOES BEFORE BEDDING

1. For treating sweet potatoes, use wooden barrels or vases, because bichloride corrodes metal. If two or three barrels are handy use that many, as it makes the work faster.
2. Have the dealer to put the bichloride of mercury (corrosive sublimate) up in four-ounce lots. It is a deadly poison if taken internally and must be kept away from children or animals. It does not injure the hands, however.
3. Dissolve 4 ounces of this material in thirty gallons of water in each barrel that is to be used. A small quantity of warm water may first be used, because the chemical dissolves faster than in cold water.
4. Place sweet potatoes in clean fertilizer (burlap) sacks, or other convenient containers, and dip into the solution for from 5 to 10 minutes—not longer. Dipping can be carried on at the same time in each of the several barrels.
5. Remove sweet potatoes and spread out on clean floor or ground away from wells or springs and allow to dry.
6. Do not dip more than four bags of sweet potatoes in each barrel of solution before making up a new solution, as it grows weaker rapidly from use.
7. Treated sweet potatoes are fit for bedding only, since poison is absorbed by the skin. The potatoes can be bedded any time after they are dry.

sorbed by the skin. The potatoes can be bedded any time after they are dry.

8. When finished with the solution, pour it out immediately where it will sink into the ground quickly and will not collect in puddles (away from springs and wells).

9. The barrels after being thoroughly washed out can be used for other purposes.

(If formaldehyde is used instead of bichloride, use at the rate of 1 pint to 30 gallons of water and dip the potatoes the same length of time as when using bichloride).

## DREADFUL PAINS

Georgia Lady, Who Had Lost Too Much Weight, Was Advised to Take Cardui and Is Now Well.

Columbus, Ga.—Mrs. George S. Hunter, of this city, writes:

"After I married, thirteen months ago, I suffered with dreadful pains in my sides during... My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house.

"I got very thin—I went from 125 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle I began to improve.

"My side hurt less and I began to improve in health... The Cardui acted as a fine tonic and I do not feel like the same person. I am so much better. I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all.

"I wish every suffering woman knew about Cardui." NC-150

friends of Prof. Edward G. Harris, to learn that he has received an appointment as professor of English at Yale University. Mrs. Belle Harris, mother of Prof. Harris received a telegram today advising her of his acceptance of the appointment. This is indeed an honor and his friends predict for him great success in his new field of endeavors.

## MANY WOMEN EXHIBIT AT LONDON DOG SHOW

London—Eight thousand dogs, from comical little pups weighing but a few ounces to massive, moping St. Bernards, were entered this month in Croy's Show, the greatest crowd of canines ever exhibited in England. Almost one-tenth of the entries were Alsatians. The interest in them beginning after the war has increased with unexampled rapidity, until the Alsatian has become the most popular of all show dogs in Great Britain.

Each year the proportion of women exhibitors increases. Most of the kennels scattered over the country are nowadays in feminine care.

The men, however, still are in the majority among the owners of sporting dogs. This year, with King George among the exhibitors, the Labradors seem the most popular of all retrievers. Their smooth coats far outnumber the wavy-haired type of hunting dog. Sportsmen regard them highly, not only because of their surpassing hunting qualities, but with due regard for their good looks, docile disposition, intelligence and affectionate ways. They are both faithful companions and trustworthy guards.
