EVERYTHING READY FOR THE EVOLUTION TRIAL IN DAYTON

Legal Technicalities Cleared Away and Dayton Buries Herself With Physical Side of Test

Dayton, Tenn., May 23.—Legal technicalities cleared away for a speedy test of the Tennessee law prohibiting the teaching of evolution in public schools, Dayton today buried herself with the purely physical side of the test.

Tents were being set up to augment hotel facilities and amplifiers were to be arranged on the court house grounds to assure the anticipated thousands that they might hear the arguments of the country's leading lawyers, and anti evolutionists as they gave the case its honor boost toward the supreme court.

After two committees busied themselves about these tasks, and third party appointed yesterday by the progressive Dayton Club, appealed to railroad officers to clear all local sidings to furnish parking place for Pullman coaches expected with the influx of visitors and combatants.

Professor John F. Scopes, chosen as the principal in the test case, returned to Dayton several days ago to remain here until the trial. Attorney's appearing in his defense will include Clarence Darrow, noted criminal lawyer, and Dudley Field Malone, while the "silver tongue" William J. Bryan will aid in the defenses.

The last of the legal barriers was cleared away yesterday, announcement by Judge John T. Roston said last night. Attorney's for both sides have agreed, they said, to waive irregularities in order that the case may pass to the supreme court for final decision before the opening of the next school term.

A GIGANTIC PLOT FOR DISTRIBUTING LIQUOR UNEARTHED

Sixteen Persons Under Arrest, Liquor Valued at Nearly \$450,000 Is Seized

Boston, May 23.—A gigantic plot, for distributing liquor as lobsters and herrings, has been unearthed here. Sixteen persons are under arrest, liquor valued at between \$350,000 and \$450,000 has been seized here and in New York and the existence of a new overland route from Canada to Maine sea ports has been revealed. Two million dollar liquor rings are involved. The result, it is stated, will be a federal grand jury investigation. They will involve possibly 1,000 liquor dealers.

1,000 liquor dealers, rum runners and agents in New England, New York, and Canada.

The latest blow delivered by prohibition forces started yesterday with the seizure of \$50,000 worth of liquor on the little steamer, Vann, operated by the Maine Coast and Canada Steamship Company. The contraband was packed in boxes labeled various kinds of fish. Fifteen arrests were made.

A few hours later ale and whiskey valued at between \$300,000 and \$400,000 were seized in New York on the steamers Boston and Hammon Winter, both from Boston. Soon after the seizure of the Vann, two Customs agents opened a safe in a north-end establishment that revealed documents containing names of more than 1,000 liquor dealers. Examination showed that the papers belonged to a ring operating at least three steamers, a fleet of sailing vessels and a flotilla of fast power boats. The papers also disclosed a system of signals to liquor boats telling them how and where to land their loads.

Appeal Bond Has Been Signed But Release is Awaiting Word From Solicitor Gilliam

Raleigh, May 23.—Henry D. Griffin, whose appeal for bond for \$50,000 has been signed by Tom Barnhill, of Bethel, N. C., and others was still confined in the state's prison this afternoon, pending word from Solicitor Don Gilliam, of Tarboro. "Please advise Warden of state prison whether or not Henry D. Griffin has perfected his appeal in accordance with the judgment of the court and if he has given good and such bonds as required by the judge in order that the warden may know whether or not he is justified in releasing him."

The governor stated that he was notified yesterday afternoon that parties had come for Griffin, with a note from Solicitor Gilliam stating that as far as he was concerned the bond was satisfactory. He added that he directed the prison authorities not to release Griffin until the Solicitor had formally notified them that the order of the court had been complied with. CONCERN EXPRESSED OVER NORTH POLE EXPEDITION TODAY

Captain Roald Amundsen and Companions Are Long Over Due on Their Return

Boston, May 23.—All the planes of the Captain Ronald McMillan Arctic Expedition will be subordinated to relief of Roald Amundsen, if not heard from before the McMillan ships Bowdoin and Peary leave this country late in June.

New York, May 23.—Persons familiar with arctic conditions feel concerned today over the safety of Captain Roald Amundsen and his five companions in their North Pole airplane expedition. They left Spitzbergen, Norway, Thursday afternoon in two planes and are long over due on their return, unless they have reached the pole and are spending more time there than was planned in advance.

Latest advices from the North American Newspaper, Alliance, were that no word had been received from the planes. The airship are not equipped with wireless and no information can be obtained until the party returns to its base on some other station. The crew of the mother ships, Farm and Hobby, however, express complete confidence in the safe return of the flyers. Shipping circles in Norway are also optimistic if the weather is favorable.

If favorable landing place was not found at the pole, the journey from King's Day to the pole and return should have occupied about 18 hours, and the party should have arrived at its base yesterday afternoon.

Captain Amundsen's latest danger and fear was that great chunks of ice, half buried in the snow, and invisible from the air, would tear the planes to pieces when they landed. There was also the danger of impending storms, and the possibility that head winds would slow down the flight until the two hour margin of his gasoline supply would be consumed. The gasoline cargo would supply the engines at about 1600 miles normally.

The explorer announced that he would not attempt a landing if bad ice conditions were found, and would wheel about and return to Spitzbergen.

INTER COLLEGIATE ATHLETICS BETHEL COLLEGE AT STAKE

Memorials Say College Being Endangered by Present Program of Athletics

Nashville, May 23.—The Inter Collegiate Athletics of Bethel College at McKenzie, Tenn., was considered at stake as the General Assembly of the Cumberland Presbyterian Church went into session here today.

Memorials from Clarksville and Ozark Presbyterians urged that match games be prohibited at the institutions and that foot ball be forbidden altogether as "brutal and dangerous," were before the General Assembly and action was considering likely today.

The memorial of the Clarksville Presbytery referred to the committee on education expressed a belief that the spiritual and moral life of the students at Bethel College is being endangered by the present program of athletics. The hours for preparing of lessons being subverted and the present program of athletics should not be practiced in a Christian College; also do not believe that a game as brutal and dangerous as foot ball should be permitted in a Christian College at all.

ROAD HOG A MENACE

Summer is the season of motorists and there are always some who mar the pleasure of law-abiding citizens by their recklessness, carelessness and absolute disregard for the law and rights of others.

The heedless and headless are the disciples of danger. Negligent of their own precious lives they thoughtlessly put into jeopardy

the lives of the innocent. No one, we believe, ever intentionally aims to injure others but often injury results from carelessness and thoughtlessness.

With the ever increasing number of automobiles in evidence every one should try to evade and avoid accidents by exercising precaution, bearing in mind the rules of the road, the traffic laws, and the fact that pedestrians have rights as well as motorists.

The dare-devil motorist is always a menace to the public at large and drastic steps should be taken to rid the community of the dare-devil and road hog.

THE LEGION ENDOWMENT FUND

The cause for which the American Legion is endeavoring to raise an endowment fund of \$5,000,000 is one that should be close to the hearts of every true American. The care of the widows and orphans of those who made the supreme sacrifice during the World War now falls upon those who are more fortunate and everyone has an opportunity to lend a hand in this notable work.

While the drive for funds is under the auspices of the American Legion, the cause is no more an obligation on the legionnaires than every other citizen of our country and it is to be hoped that the citizens will respond liberally to the appeal.

ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentina, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught.

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."

Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating, sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NC-164

The plant is equipped with the most modern machinery that can be purchased and according to the management of the new concern no article is so dirty that it cannot be thoroughly cleaned by the new method.

Nearly a year ago the Rainbow Cleaners opened in Washington and since that time have enjoyed an ever growing patronage. The Greenville Branch, said Mr. T. A. Etheridge, the manager, will no doubt meet with the same success for the chief aim of the firm is service and satisfaction both of which are guaranteed to its patrons.

Mr. Etheridge extends a cordial invitation to the public to pay a visit to the plant and see for themselves just how clothes go in dirty and come out spotless.

The following letter has been received by Supt. R. G. Fitzgerald from General A. J. Bowley, which is self-explanatory:

"In view of the records of previous attendance at the Citizen's Military Training Camps from Pitt county, I am writing to ask your assistance in bringing this opportunity before the young men of your county.

Pitt county had nine (9) young men at the Fort Bragg Camp in 1924. Up to date there has been only three (3) acceptances for this camp for 1925. It is felt that this is due to failure in getting the information

about these camps before the young men of the county. We are particularly anxious that Pitt county keep up the good record of last year when it stood in eight (8th.) place out of the 65 counties of North Carolina represented here.

The Camp at Fort Bragg will be held from July 2nd to 31st and will accommodate 1,000 candidates. Already about half this number have been accepted and applications are coming in at a good rate. It is urged that the young men of your county send in applications promptly in order not to lose the opportunity of acceptance.

The educational value of the C. M. T. C. has been very definitely recognized by the Superintendent of Public Instruction of North Carolina who according to a letter received from Corps Headquarters dated April 30, 1925, has announced that quarter credit will be given to all high school students who successfully complete a course in the C. M. T. C.

I am inclosing literature and a number of application blanks and it is hoped that Pitt county may have a good representation at the 1925 camp.

Attention is invited to the fact that the Government pays all necessary expenses of a young man from his home to camp and return to his home."

Douglas Fairbanks in his greatest screen classic "The Thief of Bagdad"

Such popularity must be deserved

THE magic carpet of the Thief of Bagdad! The greater magic of Douglas Fairbanks, whose very name packs theatres to the doors! Mr. Fairbanks has won success in many roles, Chesterfield in but one. Yet both have achieved their immense popularity by the simple process of deserving it. Downright better taste—that's the "magic" of Chesterfield! What else could account for such popularity?
